As Western roads decline to publish through rates on Sand from Missouri Pits to points in C. F. A. Territory, it will be necessary for interested roads to publish individual tariffs on this traffic in line with action of members, St. Louis Eastbound Freight Committee, shown in proceedings No. 100, Sept. 30th, and Circular Letter No. 258, Oct. 12, 1904, unless this office is instructed to amend Joint Proportional Tariff I. C. C. B-41, naming rate on sand, all kinds, (when from Missouri pits) C. L., minimum 40,000 lbs. unless capacity of car is less, but not less than 30,000 lbs. $1.30 per net ton, East St. Louis to Cincinnati, Louisville, etc. In the absence of instruction from two thirds of the members to amend Joint Proportional Tariff, as explained above, I will understand that through rates will be established by individual tariffs and copy sent me.

CIRCULAR LETTER NO. 155.

To the Freight Committee.

Gentlemen:—A member of both the St. Louis Eastbound and St. Louis-Cincinnati-Louisville Committees, writes me regarding reduction in rates on Scrap Iron, East St. Louis to Terre Haute, in which he says:

"It is our understanding that the lines from East St. Louis to Louisville and Cincinnati were not especially averse to advancing the rate on Scrap Iron, effective Jan. 1st. Will you kindly advise if this is the case? If the Louisville and Cincinnati rate is to be advanced on that date, we are willing to allow our rate to stand as it is."

The subject of rate on Scrap Iron, East St. Louis to Cincinnati and Louisville was transmitted to members by Circular Letters No. B-136, B-138, B-140 and B-145.

Please advise whether you will restore rate of $1.70 per ton on Scrap Iron, C. L., East St. Louis to Cincinnati-Louisville and Points taking same rates, effective Jan. 1st, 1905, or name an early date therafter on which you will restore rate.

Prompt reply requested. On receipt of answer from all members result will be comunicated by Circular Letter.

Respectfully,
R. M. Fraser, Chairman."

To the Freight Committee.

Gentlemen:—As instructed at meeting of the St. Louis Eastbound Freight Committee, Dec. 2nd, I give below copy of letter to and from Chairman, Official Class'n Committee, regarding rule 27, Official Class'n No. 25.

"St. Louis, Oct. 31, 1904.
4313.

Mr. C. E. Gill,
Chairman, New York, N. Y.

Dear Sir:—At meeting of the Committee 28th the subject of Rule 27, Official Class'n not being enforced, was under consideration in connection with letter Oct. 19th, file A-14671 from Chief Inspector Rainer, and it was

Moved, That attention of Chairman, Official Class'n Committee be called to the fact that opinion expressed by members of this Committee is to the effect that the minimum for cars, provided under Rule 27, cannot be enforced under law, when a short car is ordered and a longer car furnished and it is demonstrated that the shipment can be actually loaded on a car of the size ordered, and request that the Official Class'n Committee give the matter consideration with the view of remedying the situation.

Please have this matter given early attention and oblige. Yours respectfully,

(Signed) R. M. Fraser, Chairman."

"New York, Nov. 2nd, 1904.

SUBJECT: Rule 27 Official Class'n No. 25.

Mr. R. M. Fraser,
Chairman, St. Louis, Mo.

Dear Sir:—I have your favor of October 31st, file 4313, in reference to resolution adopted at meeting of the St. Louis Eastbound Frt. Committee on Oct. 28th, relative to this subject.

As you are doubtless aware, it is a common practice for shippers to order short cars when they know same cannot be furnished and when they actually cannot use them, with the view of securing a longer car at the lower minimum, and unless Rule 27 is strictly observed, which is generally the case throughout the territory using the Official Class'n, it will of course demoralize the large benefits received by the carriers in the

way of increased minimum weights upon cars in excess of standard lengths. Our Committee have frequently considered the phase of the situation referred to in the resolution in question, and are unanimous in the opinion that we can legally enforce the prescribed minimum carload weight upon any car that is accepted by the shipper and loaded by him, irrespective of the length of car ordered; therefore, I see no reason why they would view the subject differently if again represented for consideration, which, however, I will arrange to do at our next regular meeting.

Yours truly,
(Signed) C. E. Gill, Chairman."

CIRCULAR LETTER NO. B-153.

To the Freight Committee.

Gentlemen:—I am in receipt of letter from a member as follows:

"Dear Sir:—My attention has been called to Supplement No. 7 to Western Trunk Line tariff No. 621, providing for rate on Sand, carloads, Illinois pits, viz: Millington, Ottawa, Utica and Wedron, Ill., to Cincinnati, $1.80 per ton.

The present rate from East St. Louis to Louisville on glass sand is $1.50 per ton, which added to rate from the pits to East St. Louis, viz: 50 cents per ton, makes a through rate of $2.00 per ton, placing those pits at a disadvantage of 20 cents per ton. We therefore suggest establishment of through rates of $1.80

per ton on sand, all kinds, from Missouri pits to Cincinnati, Louisville and Committee points taking those rates, divided, pits to East St. Louis 50 cents, East St. Louis to Cincinnati, Louisville, etc., $1.30, minimum marked capacty of car; or if it is preferred, proportional rate of $1.30 per ton from East St. Louis to Cincinnati, Louisville, etc., same minimum.

Please submit this to interested lines for their views advising result."

Please answer promptly giving your views.

As the Western Roads have recently declined to publish Tariffs naming through rates on Sand from Missouri Pits to C. F. A. points, they will probably decline issuing them on this traffic.

Respectfully,

R. M. Fraser, Chairman."

In order to keep Cincinnati gateway in line we find it necessary to establish same proportional rate from Cincinnati to East St. Louis as in effect from Louis-

ville and we have therefore issued special tariff to cover rate of 10 cts. per 100 lbs. on unmanufactured tobacco in hhds. any quantity, from Cincinnati and also Louisville to East St. Louis, same to become effective on legal notice and to apply only as proportional rate on shipments originating at Kentucky points or at Ohio River landings.

Gentlemen: Referring to Circular Letters No. B-139

and B-142, regarding establishing rate of $1.60 per net ton, on Cast Iron Pipe, carloads, Louisville to East St. Louis.

I am in receipt of letter 2nd from A. G. F. A., Southern Ry., as follows:

"I am in receipt of copy of Mr. J. B. Hill's letter to you on this subject under date of the 19th ult. in which Mr. Hill states the rate from Columbus, Cleveland, Massillon and New Comerstown was made $2.00 per ton to the Mississippi River on account of this rate being effective from Cincinnati, and I assume that the same reason would be given for the adjustment on account of the $2.00 rate being effective from Louisville.

Mr. Hill's position is inconsistent in the extreme. The distance from Cleveland to East St. Louis is 545 miles, Columbus 452 miles, Massillon 573 miles, New Comerstown 535 miles, as against our distance of 271 miles from Louisville. The distance from the former mentioned points you will note is double that from Louisville.

Until the lines operating from Columbus, Cleveland, Massillon and New Comerstown advance the rate to basis of $2.50 per ton to the Mississippi River, we shall insist upon the rate from Louisville to East St. Louis being made $1.60 per ton, and this is to advise that effective Sept. 10th, our rate on Cast Iron Pipe from Louisville to East St. Louis will be $1.60 per ton, and, as we cannot maintain a proportional rate to East St. Louis on business destined beyond less than the rate to East St. Louis proper, this rate will apply to East St. Louis proper as well as when destined beyond."

C. F. A. Information No. 4962, Feb. 20th, 1904, is the authority for the $2.00 rate referred to above.

This for your information.

Please refer to your file D-445 regarding rate 25 cents per hundred on broom corn, carloads, E. St. Louis to Louisville, as proportion of through rate from points west where through tariffs have been issued by

Western Lines. I find that a number of the Western Lines are unwilling to publish through rates to Louisville and feel that it is necessary to arrange publication of the 25 cent rate East St. Louis to Louisville on proportional tariff as applying only on shipments originating at points west of the Mississippi River.

In addition to failure of Western Lines to publish through tariffs, I find that the rate referred to will be necessary in order to meet rates on Memphis combination and also to keep rates to Louisville in line with rates to other points, particularly to Evansville, Ind., to which point tariff from East St. Louis is 14½ cents.

Will you please submit to interested lines, members of the Committee, proposition to embody this rate in proportional tariff and if adopted, arrange publication of same at the earliest possible date.

"RATE ADJUSTMENT—Rate on Pipe from Louisville to East St. Louis.

The present rate on cast iron pipe from Louisville to East St. Louis is $2.00 per ton—from Cleveland and New Comerstown, Ohio, the rate is $2.35 per ton, but the lines leading from the latter mentioned points are making a rate of $2.00 per ton on Trans-Mississippi River business. I have positive evidence of this. On account of the action of lines leading from New Comerstown and Cleveland we should not hold a higher

rate than $1.60 per ton from Louisville to East St. Louis; but I doubt the advisability of making a proportional rate on business destined beyond, less than the rate to East St. Louis proper.

This is to advise of our intention of making effective a rate of $1.60 per ton from Louisville to East St. Louis, but before final action I will be pleased to have the views of other members of your committee."

To the Freight Committee.

Gentlemen:—I am in receipt of the following letter:

"The Southern Railway has under consideration, the adoption via its line of the following rate, viz.: Wrapping Paper, C. L., minimum 40,000 lbs., from Evansville, Ind., to Louisville, Ky., 6 cents per 100 lbs.

Based on this information, please gain the views of the other lines interested.

Present rate, 6th class basis, via Rail 10 cents, via Boat 8 cents per 100 lbs., C. L., minimum weight as per Official Class'n.

Kindly advise your views as to whether Joint Freight Tariff ICC. No. 8 shall be amended naming rate of 6 cents via Rail and 5 cents via Boat per 100 lbs. on Wrapping Paper, C. L., minimum 40,000 lbs., from Evansville to Louisville.

Prompt reply requested.

Yours respectfully,

To the Freight Committee.

Gentlemen:—I am in receipt of the following letter from a member:

"RATE ADJUSTMENT—Kitchen Safes, Louisville to East St. Louis.

The Southern Ry, has under consideration adoption by its line of the following rates: Kitchen safes, K. D., C. L., minimum 24,000 lbs., from Louisville to East St. Louis, 17 cents per hundred.

Will advise that from Evansville to East St. Louis, on the same class of business, the rate is 11 cents hundred, minimum 24,000 lbs. The Louisville manufacturer cannot compete with any greater difference.

Based on this information, please gain views of the other lines, advising."

Present rate, Official Class'n basis, viz: 2nd class, 34 cents per 100 lbs., C. L., minimum 10,000 lbs., subject to rule 27.

Kindly advise your views as to whether Joint Freight Tariff ICC. No. B-40 shall be amended naming rate of 17 cents per 100 lbs. on Kitchen Safes, K D., C. L., minimum 24,000 lbs. from Louisville to East St. Louis.

To the Freight Committee.

Gentlemen:—I am in receipt of the following letter from a member:

"Present classification makes rate on wool in grease, East St. Louis to Louisville 34 cents per 100 lbs. and scoured wool 40 cents per 100 lbs. There is a commodity rate in effect from East St. Louis to Western Termini Points on wool in grease of 33½ cents per 100 lbs. or ½ cent lower than the rate to Louisville. This very great difference in the rate tends to throw the wool from Louisville, and we must ask for reinstatement of the former rate of 25 cents per 100 lbs. from East St. Louis to Louisville, applicable only on wool in grease.

Please submit this for the views of other members of the Committee."

Present rate, East St. Louis to Louisville 34 cents, Official Class'n basis and East St. Louis to Western Termini 33½ cents as per C. F. A. Info. No. 5066.

Kindly advise your view as to whether Joint Freight Tariff ICC. No. B-40 shall be amended naming rate of 25 cents per 100 lbs. on Wool in Grease, any quanitity from East St. Louis to Cincinnati and Louisville.

To the Freight Committee.

Gentlemen:—I am in receipt of the following letter from a member:

"My attention has been called to question of minimum weight on Potatoes, from Texas points to Cincinnati and Louisville. A claim is made that when the traffic moves via Memphis the minimum weight of 20,000 lbs. is protected through. As you are aware, the minimum north of Cairo and east of East St. Louis is 30,000 lbs.

The maintenance of this minimum weight via this gateway will naturally force the traffic via Memphis, in as much as the traffic will not load to the required weight of 30,000 lbs.

We would like to have you place before the Committee the advisability of participation in the through rate from Texas points to Cincinnati and Louisville, based on minimum of 20,000 lbs. As business is moving at the present time, we would ask that this matter be taken up by letter vote, in order to obtain as speedy action as possible."

Please advise your views by wire as to whether Joint Proportional Tariff ICC. B-39 shall be amended making minimum weight of Potatoes, C. L., 20,000 lbs. when from Texas points.

Rate on Talc, C. L., Between E. St. Louis, Cincinnati and Louisville.

To the Freight Committee.

Gentlemen:—I am in receipt of the following letter from a member:

"I am in receipt of the following information from Mr. G. P. Biles:

"We have it in mind to issue rate of 10 cents per cwt. on talc, C. L., from Cincinnati to East St. Louis. This is same rate as applied on kaolin and ground clay, C. L., the present class rates on talc being too high to move the business. Please immediately advise if you have any objection to the proposed rate."

As this matter should be handled by the St. Louis-Cincinnati-Louisville Committee, we have so advised Mr. Biles. Will you please submit the proposition by Advice Letter and advise results?"

Please advise your views as to whether Joint Freight Tariff ICC. No. B-38 shall be amended establishing rate of 10 cents per 100 lbs. on Talc, C. L., minimum weight 40,000 lbs., except that when the marked capacity of car furnished is less than the minimum weight above prescribed, the marked capacity of car shall be the minimum weight, between East St. Louis, Cincinnati and Louisville.

Gentlemen:

Rates on Dressed Meats and Packing House Products.

Referring to proceedings No. B-25, Feb. 3rd, and Circular Letter No. B-115, Feb. 17th, 1904. I am in receipt of letter from a member as follows:

"It was ruled by the C. F. A. that on packing house products, in cars with dressed meats, the P. H. P. to make up the minimum would be charged for on official Class'n. basis at actual weight.

We are now in receipt of C. & O. R. Committee Circular Letter No. 353, authorizing, effective April 5th, 1904, the application of P. H. P. rate on the excess to make up the deficiency in weight. Inasmuch as this rule governs between Chicago and Ohio River points proper, I have to request that a similar arrangement be immediately made effective between East St. Louis and Cincinnati, Louisville, etc."

Please advise whether Joint Freight Tariff I. C. C. N-38 shall be amended cancelling Packing House Product Rules governing C. L. shipments on pages 4 and 5, which are in line with C. F. A. Info. 3835 and 4649 and substitute therefore the Rules governing shipments of P. H. P., Fresh Meats, etc., as published in C. & O. R. Committee Circular Letter No. 353, April 5th, 1904.

CIRCULAR LETTER NO. B-125.

To the Freight Committee.

Gentlemen:

Rate on Scrap Iron, Carloads.

I give below copy of letter from a member:

"Prior to Jan. 1st, 1903, the rate on Scrap Iron, C. L., East St. Louis to Louisville, Jeffersonville and New

Albany was $1.60 per gross ton. On Jan. 1st. 1903, rates on Iron between all points in C. F. A. territory were advanced approximately 10 per cent, but in the instance of the Scrap Iron rate from E. St. Louis to Louisville, the advance was 25 per cent, as the rate effective Jan. 1st, 1903, was fixed at $2.00 per gross ton, which rate is still in effect.

Under the former rate of $1.60 per ton there was a fair movement from E. St. Louis to Louisville, Jeffersonville and New Albany, but since the rate of $2.00 has been established the Scrap Iron consumers have found it unprofitable to obtain Scrap Iron from E. St. Louis and are at present obtaining their supply of Scrap Iron from other points, the greater quantity now moving from points south of the Ohio River.

The rate of $2.00 now charged is the same as applied on the manufactured product, i. e., Bar Iron, which is a condition that exists between but very few points in C. F. A. territory. In our opinion the present rate of $2.00 on Scrap Iron, E. St. Louis to Louisville, Jeffersonville and New Albany is out of line with the usual line of Scrap Iron rates into consuming points and we therefore recommend the establishment of a rate of $1.70 per ton on this traffic to apply from East St. Louis to Louisville, Jeffersonville and New Albany. This rate is on a relative basis with the rates charged on Scrap Iron from East St. Louis and other shipping points to points where Scrap Iron is utilized in the manufacture of Bar Iron, etc., as may be noted by reference to the rates current from various points to Terre Haute, Muncie, Ft. Wayne, etc. Kindly submit this suggestion by Advice Letter and if your views are concurred in by others interested arrange for necessary amendment to Tariff I. C. C. B-33 to cover."

Please favor me with immediate reply, giving your views on the proposition.

Rates on Railroad Ties Between Points in C. F. A. Territory.

To the Freight Committee.

Gentlemen: I give below copy of letter from a member as follows:

"Dear Sir: Referring to your tariff B-38. On page 7 of this tariff is item covering rate of 10 cts. per tie on hewed railroad ties from Cincinnati and Louisville to East St. Louis.

This rate being published without restriction from Cincinnati and Louisville, etc., naturally forces the application of the 10 cent per tie rate from directly intermediate local points in Indiana to East St. Louis. It is not our desire to apply this special Commodity rate from our interior points to East St. Louis, neither do we believe that any other lines interested desire to use 10 cent rate from their interior territory. We beg therefore to suggest that an amendment be issued to this item providing that rate of 10 cts. per tie shall apply only on shipments received from connections or from off the River at Cincinnati, Louisville, Jeffersonville and New

Albany, thus leaving it open to us to charge such rates as we may see fit from our intermediate local territory. Will you kindly submit this suggestion to other lines interested and if concurred in arrange for necessary amendment to Tariff B-38.

Please favor me with your views on the proposition to amend the Tariff making the rate on Ties, hewed, Railroad, to apply only on shipments from connections or from off the river.

Gentlemen:—In accordance with action at meeting Feb. 3rd, Proceedings No. B-25, as follows:

Moved, That the Chairman ascertain from the Mo. Pac. what rate they propose to make from De Soto to East St. Louis, information to be submitted to members by Circular Letter.

I give below copy of letter 25th, file D-7-4251 from A. G. F. A., Missouri Pacific Railway:

"Dear Sir:—Referring to yours of the 6th inst., file B-471, relative to rate on Artesian Well Water, De Soto, Mo., to Louisville, Ky.

This matter has been delayed by my absence from the City, and also in taking up with the Terminal R. R. Ass'n relative to transfer rate to East St. Louis.

What we hope to be able to arrange for is a rate of 5 cents per 100 lbs. from De Soto, Mo., to East St. Louis. This will require the Iron Mountain to absorb 1¼ cents per 100 lbs.

The tank cars that will be used in handling this water are of 7400 to 7600 gallon capacity, making the average weight 60,000 lbs. which at 5 cents per 100 lbs. from East St. Louis to Louisville would allow lines fairly good revenue, and it will require a through rate on this basis to enable the water to move.

Will appreciate as prompt information as to final conclusion as possible.

Please favor me with your views on the application and oblige.

Gentlemen:

Rate on Mixed Carloads Dressed Meat and Packing House Products, East St. Louis to Louisville.

As instructed at meeting 3rd inst., I wrote (8th) to Chief Inspector for information and have his reply as follows:

"Dear Sir:—I have your favor of the 8th inst., file B-462 and in response thereto beg to state that all lines from Chicago and other points are observing the terms of C. F. A. issues on shipments of Packing House Products and Dressed Meats.

Furthermore, the contention that the St. Louis-Cincinnati-Louisville Freight Committee's Freight Tariff No. ICC. B-36 justifies the use of the 12 cent rate is untenable. On the contrary, the use of this rate is in direct violation of said tariff, because it contains Rule 3 of C. F. A. Info. Circular No. 3835, which prohibits the use of less than 5th class rate."

This was communicated (10th) to A. G. F. A. Southern Ry. and have his reply 16th, file C-80, as follows:

"Dear Sir:—Yours 10th inst., file B-462 relative to handling Packing House Products in cars with dressed meat. I have changed my instructions to Agent, East St. Louis, directing him to charge on the P. H. P., actual weight, C. L., rate of 15 cents per cwt. when destination is Louisville.

The rule will be strictly enforced in the future."

CIRCULAR LETTER NO. B-114.

To the Freight Committee.

Gentlemen:—I give below copy of letter from a member regarding,

Transportation for Attendants in Charge of Live Stock Shipments from Illinois Territory to Cincinnati, Indianapolis and Louisville.

"Dear Sir:—Referring to Circular Letter No. B-104, and proceedings of St. Louis-Cincinnati-Louisville Frt. Committee, B-23, Sept. 23rd, having particular reference to the issuance of return transportation account live stock attendants. The question of discontinuing the issuance of return transportation to live stock attendants was also discussed at meeting of the Committee, held at Louisville, Feb. 3rd, when it was explained that, inasmuch as the position of Indianapolis lines had not been fully determined, lines members of the St. Louis-Cincinnati-Louisville Committee were not prepared to take definite action looking towards the elimination of our present rules, which provide for return transportation from both Louisville and Cincinnati to East St. Louis and Illinois points.

We have since ascertained that Indianpolis lines, following the action taken by the lines leading to Chicago, have discontinued granting return transportation to live stock attendants from Illinois points, and we now believe that all roads, members of the St. Louis-Cincinnati-Louisville Committee, are ready to adopt similar measures regarding the issuance of return

transportation from Louisville and Cincinnati. I would request, therefore, that you issue at once, advice letter to the members of your Committee, asking that the practice of granting return transportation from Louisville and Cincinnati be discontinued, effective March 1st, and that on and after that date, provisions of Official Class'n will govern; circulars being issued by all lines accordingly. I will be obliged if you will arrange accordingly and advise result.

In this connection would say that, as far as East St. Louis-Louisville lines are concerned, we have come to an understanding with the Southern Ry. and L. H. & St. L. R. R., and both of these lines are agreeable to adopting in full, effective March 1st, proposition as above outlined."

Please favor me with prompt reply stating your views on the proposition, to become effective March 1st, 1904. The result will be communicated by Circular Letter when answers from all members are received.

To the Freight Committee.

Gentlemen:—Referring to Circular Letter No. B-103, Oct. 12th and Proceedings No. B-24, Nov. 25th, 1903, regarding rate on Broom Corn, C. L., Indian and Oklahoma Territories via East St. Louis to Louisville.

I am in receipt of Mo. Pac. Joint Freight Tariff No. I. S.-11811, in connection with Kansas City, Mexico & Orient Ry., dated January 27th, effective February 2nd, 1904, applying on Broom Corn, C. L., minimum weight 16,000 lbs. naming through rates of 72½ and 73½ cents per 100 pounds from points on K. C. M. & O. Ry. via east St. Louis to Louisville, Ky.

I also have Mo. Pac. Division Sheet No. 1 in connection with the above named Tariff dated January 28th, effective February 2nd, 1904, which allows lines east of East St. Louis 25 cents per 100 pounds.

Have not as yet received tariff from any of the other Western Roads.

This for your information.

Respectfully,

R. M. Fraser, Chairman."

To the Freight Committee.

Gentlemen: I give below copy of letter from G. F. A. L. H. & St. L. Ry.:

"Referring to your announcement of the next regular meeting of the Committee, to be held at the Louisville Hotel, Louisville, Wednesday, January 27th.

It will not be possible for me to attend this meeting on account of the American Association of General Passenger Agents holding a meeting in St. Louis on that date to discuss very important matters respecting the Louisiana Purchase Exposition. There are one or two subjects on the docket that I should like to hear discussed, but I do not know that I can consistently ask that the meeting be postponed until February. None of the subjects docketed appear to be urgent, and if it should meet with the concurrence of other members of the Committee, I would be glad to have the meeting postponed until some day in February, to be decided by yourself.

Please favor me with your views, by wire, as to whether the meeting called for Louisville, January 27th, shall be postponed until Wednesday, February 3rd, at Louisville, Ky.

If two-thirds of the members advise me by Monday, 25th inst., favoring postponement, notice to that effect will be issued, otherwise meeting will be held on January 27th.

Respectfully,
R. M. Fraser, Chairman."

To the Freight Committee.

Gentlemen: I give below copy of letter from G. F. A. B. & O. S. W. R. R.

"Cincinnati, Ohio, Dec. 23, 1903.
67052.

Subject: Basis for division of rates on Government freight to points west of Mississippi River.

Dear Sir: The following notice dated St. Louis, November 25th, has just reached us bearing the signatures of Mr. W. Gray, for the Burlington Route, J. C. Lincoln for the Mo. Pac., W. B. Groseclose, for M. K. & T., F. A. Wann, for the C. & A.

"File E.—In view of your notice to various Western Lines, that effective with August 1st, 1903, on shipments of Government freight from Jeffersonville to points west of the Mississippi River on which the lowest through land grant rate is figured by use of the duly authorized and published rates from Jeffersonville to Upper Miss. River Crossings applicable on Trans-Mississippi River traffic, you would require in final settlement 92½ per cent of the full local rate to East St. Louis, this is to advise for account of our respective lines as follows:

We consider that divisions through East St. Louis for land grant rates figured via Chicago and East Hannibal should in all fairness be made by applying a prorate per rate to the net through rate, using as factors tariff rates from Jeffersonville to East St. Louis and from East St. Louis to destination.

This is to notify you that effective January 1st, we will require divisions on this basis on shipments handled in connection with your line."

Our notice "To the various Western Lines" to which reference is made, was addressed to Mr. Gray of the Burlington Route and Mr. Lincoln of the Mo. Pac. Ry., reading as follows:

"This is to advise you that effective with August 1st, 1903, on shipments of Government freight from Jeffersonville, Ind., to points west of the Mississippi River on which the lowest through land grant rate is figured by use of the duly authorized and published rate from Jeffersonville to Upper Mississippi River Crossings, applicable on Trans-Mississippi River traf-

fic, this Company will, on business handled via our line from Jeffersonville to E. St. Louis, accept in final settlement, 7½ per cent less than full local rate to E. St. Louis, this reduction being made to put our route through East St. Louis in line with the net rates available from Jeffersonville to Upper Mississippi River Crossings, via Chicago, by reason of the land grant haul over the I. C. R. R., Kankakee to Chicago and available on shipments via that route."

Our views as to the basis for dividing the land grant rates from Jeffersonville to destinations subject to the Trans-Mississippi River rate basis we believe are shared by all other lines east of the Mississippi River participating in this traffic. We beg to ask therefore that you please submit this communication to all lines members of the St. Louis-Cincinnati-Louisville Committee for an expression of their views and if it should develop that all lines are of the opinion that lines east of the river should not be requested to participate in the equalization of any land grant deduction existing west of the Mississippi River, that you then address a communication to the representatives of the western roads above mentioned notifying them to the effect that the lines from Jeffersonville to E. St. Louis will not recognize any basis of divisions other than that as outlined in the notice individually served by the B. & O. S. W. as effective August 1st, 1903."

Please favor me with your views and instructions on the subject.

Respectfully,

R. M. Fraser, Chairman."

CIRCULAR LETTER NO. B-108.

To the Freight Committee.

Gentlemen: I am in receipt of letter from a member as follows:

"Our attention is called to the fact that C. & O. R. Tariff naming rate on soapstock, etc., provides for a minimum of 35,000 lbs., whereas St. Louis, Louisville & Cincinnati Committee tariff carries minimum of 40,000 lbs., thus throwing the St. Louis gateway out of line on soapstock coming from the west, as compared with Chicago.

I wish you would take the matter up at once with members of your Committee, with a view to having the minimum via East St. Louis put in line with Chicago."

Supplement No. 13 to C. & O. R. C. Through Freight Tariff No. 46 names C. L. minimum 35,000 lbs., except where marked capacity of car is less, in which case the marked capacity of car will be the minimum weight.

Joint Freight Tariff I. C. C. No. B-36 names C. L. minimum 40,000 lbs., or capacity of car if less.

In connection with the above your attention is called to Proceedings No. B-24, Nov. 25th, 1903, page 2 and Circular Letter No. B-10 Dec. 16th, which authorizes on Cotton Seed Products, viz. Oil, etc., minimum C. L. weight, in wood 30,000 lbs. in tanks, capacity of tank as shown in Amendment No. 4 to Joint Proportional Tariff I. C. C. No. B-37 effective Jan. 1st, 1904.

Please favor me with your views as to whether an amendment shall be issued to Joint Freight Tariff I. C. C. No. B-36 naming C. L. minimum on Soap Stock, Cotton Seed Foots and Settlings, Grease, Tallow and Spent Lye to conform with C. & O. R. C. Tariff

viz. 35,000 lbs., or capacity of car if less, or shall amendment be issued to conform to Amendment No. 4 Joint Proportional Tariff I. C. C. No. B-37, viz. minimum C. L. weight in wood, 30,000 lbs., in tanks, capacity of tank.

Prompt and specific reply requested.

Gentlemen: Referring to Circular Letter No. 102, dated Oct. 7th, regarding rate on Portland Cement, C. L. from East St. Louis to Louisville, Ky.

After further investigation, roads interested individually advise that it has been decided not to make effective the proposition in Circular Letter above referred to.

Individual statements are to the effect that to reduce rate on Portland Cement from East St. Louis will force reduction from other points covered by C. F. A. Info. 3845 and amendment No. 2 (Info. 3998). It is also stated that the westbound rate was established to cover shipments of Natural Cement.

This subject will be on the docket for consideration at next meeting.

On and after October 10th, 1903, the following rules will govern:

Attendants Accompanying Shipments of Live Stock from East St. Louis to Louisville and Cincinnati.

1. One attendant accompanying one or two cars belonging to one person and going to the same destination will be carried free.

POOR COPY

2. Two attendants accompanying two to ten cars of Horses and Mules, or three to ten cars of other kinds of Live Stock belonging to one person and going to the same destination will be carried free.

3. Three attendants accompanying eleven or more cars belonging to one person and going to the same destination will be carried free.

4. Attendants will be required to travel on the train carrying their shipments and will not be transported free on train preceding or following the same.

5. More than three attendants will not be carried free with any one shipment.

6. Women will not be passed in charge of Live Stock.

Return Transportation for Attendants Who Have Accompanied Shipments of Live Stock, Horses and Mules.

1. Return transportation will be issued for one attendant who has accompanied one carload shipped by one owner to one consignee and destination.

2. Return transportation will be issued for two attendants who have accompanied two to ten cars shipped on the same day by one owner to one consignee and destination.

3. Return transportation will be issued for three attendants who have accompanied eleven or more cars shipped on the same day by one owner to one consignee and destination.

4. This transportation is to be used within seven (7) days from time of arrival of shipments at destination.

Other Kinds of Live Stock.

1. No return transportation will be issued to shipper or attendant of one carload or less.

2. Return transportation will be issued for one attendant who has accompanied two cars shipped on the same day by one owner to one consignee and destination.

3. Return transportation will be issued for two attendants who have accompanied three to ten cars

shipped on the same day by one owner to one consignee and destination.

4. Return transportation will be issued for three attendants who have accompanied eleven or more cars shipped on the same day by one owner to one consignee and destination.

5. This transportation is to be issued within three (3) days from time of arrival of shipments at destination.

All return transportation to be limited for continuous passage on trains of the date of issue.

No return transportation will be issued to parties who have not accompanied the shipments.

No free or reduced rate transportation will be furnished dealers or prospective shippers traveling to market to purchase or ship stock of any kind.

Rules as per Official Class'n. will govern transportation for attendants of Live Stock shipped from Cincinati or Louisville to East St. Louis.

CIRCULAR LETTER NO. B-103.

To the Freight Committee.

Gentlemen: I am in receipt of the following letter from a member:

"Referring to action of St. Louis-Cincinnati-Louisville Freight Committee at meeting on the 23rd ult. as outlined in Proceedings No. B-23, when it was decided

to make no change in the current rates on Broom Corn from East St. Louis to Louisville.

I find all the Memphis lines are accepting 25 cts. per 100 lbs. on Broom Corn carloads, minimum weight 16,000 lbs. per car, out of through rates published by the Choctaw, Oklahoma & Gulf Ry. from all points on that road. As the same rates are usually carried from Indian & Oklahoma Territory points to East St. Louis as to Memphis, this gateway is out of line on that traffic to the extent of the difference between the Memphis and the East St. Louis rates to Louisville, viz. 9 cts. per 100 lbs.

Realizing that the publication of a rate of 25 cts. per 100 lbs. from East St. Louis would not meet with the approval of the majority of the members of your Committee, on account of its effect on intermediate points, it occurs to me that the proper plan will be to arrange for publication of through rates by Indian and Oklahoma Territory lines on the same basis as is now in effect via Memphis, Lines East of East St. Louis to be allowed same revenue as accrues to lines north of Memphis.

Will you kindly submit this to interested members by Adice Letter, as the Committee will not meet again for nearly two months and immediate relief is desired."

The present rate is 34 cts. per 100 lbs., Official Class'n. basis. Please favor me with your views on the above proposition.

This is the rate now in effect in the opposite direction. When the rate Westbound was established, there appeared no necessity for similar basis Eastbound, but now that Portland Cement is manufactured in St. Louis, we consider the Commodity is entitled to same rate Eastbound as in effect Westbound.

Please obtain the views of other lines based on this information and let me hear from you promptly."

Rates at present as per Joint Freight Tariff I. C. C. B-36, Oct. 1st, 1903, as follows:

CIRCULAR LETTER NO. B-98.

To the Freight Committee.

Gentlemen: I am in receipt of letter from a member, as follows:

"Dear Sir: We have an application from the St. Louis & San Francisco R. R. for publication of 17½ cents per 100 pounds on Cement, Carloads, minimum 40,000 pounds from Marlow, Indian Territory, to Cincinnati, Louisville and New Albany, the rate to divide 11½ cents per 100 pounds to East St. Louis and six cents East St. Louis to Cincinnati, Louisville and New Albany. They will publish through tariff and division sheet, same as is now done from Acme, Texas, to same points. As this allows the same proportion east of East St. Louis as is now carried on the Acme traffic I would ask that you submit the question to the Committee by letter vote, obtaining authority for the above application.

If consistent we would like to have the votes recorded by wire, as I understand there is a large movement practically arranged as soon as the rate and divisions are authorized."

Circular Letter January 11th, 1901, and Circular Letter B-28, July 15th, 1902, gives the authority for a through rate on Cement Plaster, C. L. Acme, Texas, and Marlow, I. T., via East St. Louis to Cincinnati and Cincinnati Points and Louisville and Louisville Points of 24 cents per 100 pounds, dividing 18 cents west of East St. Louis and 6 cents east of East St. Louis.

Dear Sir: Referring to Proceedings No. B-22, St. Louis-Cincinnati-Louisville Freight Committee, Louisville, July 22nd and with reference in particular to the issuance of transportation in favor of attendants in charge of Live Stock. I do not understand the question of issuance of return transportation to attendants accompanying Live Stock shipments was considered, and the intent was only to discontinue the issuance of transportation on passenger trains to Live Stock shippers or attendants.

However, that there may be no misunderstanding so far as the attitude of this company is concerned, this is to advise you that we cannot comply with this resolution adopted insofar as pertains to return trans-

portation involving Cincinnati shipments. We are obliged to take this stand owing to conditions prevailing at such points as Chicago and Indianapolis."

Cypress Lumber and Shingles, Lake Providence, La., via East St. Louis to Cincinnati, Ohio.

To the Freight Committee.

Gentlemen: I give below copy of letter 8th inst., file B-3-C18247, from G. F. A. Mo. Pac., I. M. & S. Ry.

"Dear Sir: Our line is now complete to Lake Providence, La., at which point there is located a large mill manufacturing Cypress Lumber and Shingles.

Prior to the advent of our line they have been using the river in the marketing of their products. Upon making a comparison of rates I find that the rate from Greenville, Miss., to Cincinnati, is 17 cents per 100 pounds and from Vicksburg to Cincinnati 18 cents per 100 pounds. Our Lake Providence people are compelled to meet this competition and while they feel we should give them the benefit of no higher rate than 18 cents from Lake Providence to Cincinnati, I do not feel that we can make so low a rate.

I therefore suggest a through rate from Lake Providence to Cincinnati, upon Cypress Lumber and Shingles, of 21 cents per 100 pounds, which should divide

15 cents per 100 pounds to East St. Louis and 6 cents beyond.

Will you please submit to the members of your Committee for approval?

Please favor me with your views on the above and if approved, say if rate shall apply to more than Cincinnati.

This is in my opinion a similar proposition to the one covered by Circular Letter No. B-83, May 26th and disposed of by Circular Letter No. B-85, June 8th, 1903.

If members approve the proposition, I will, unless otherwise instructed, require the Mo. Pac., I. M. & S. Ry. to issue through tariff and Special division Sheet, so as to avoid publishing a proportional rate from East St. Louis.

Respectfully,
R. M. Fraser, Chairman."

"Cincinnati, O., Aug. 10, 1903.

Dear Sir: Referring to Proceedings No. B-22 of the St. Louis-Cincinnati-Louisville Freight Committee, as promulgated at Louisville, Ky., July 22nd, having particular reference to the issuance of transportation to attendants in charge of Live Stock shipments.

By reference to the above proceedings we note it was decided that, effective August 1st, all lines inter-

ested would apply Official Classification rules in regard to the issuance of free transportation to attenddants accompanying Live Stock shipments between points under the jurisdiction of the above committee.

Our representative at this meeting, in voting in the affirmative on this proposition, did so without authority. This is to give you notice, therefore, that we cannot comply with the resolution as adopted, in so far as Cincinnati is concerned; this for the reason that free return transportation to attendants in charge of Live Stock Shipments is given to such attendants carrying stock from St. Louis to Chicago and St. Louis to Indianapolis, and until an agreement is reached covering these two points, providing for the application of Official Class'n rules, we cannot consistently apply these rules, as far as Cincinnati is concerned. In this connection, will also say it is our understanding that the Big Four have advised you in line with the above."

Please advise whether Tariff shall be amended restricting the return at one half rates on shipments from

points in Arkansas, Oklahoma and Indian Territories and Texas.

July 29, 1903.

"R. M. F.

Dear Sir: Referring to proceedings of meeting of the St. Louis-Cincinnati-Louisville Freight Committee, on the 22nd inst., covering action on this subject.

It is our understanding that this legislation should be restricted to shipments returned from points in Arkansas, Oklahoma and Indian Territories, and Texas, which shipments could be handled by Memphis to Louisville, thereby obtaining the benefit of rule in Southern and Western Classifications, which provide for return of shipments at half rates. We do not understand that it was the intention to apply half rates on returned shipments between St. Louis and Louisville proper. If you are not certain as to the proper understanding, kindly submit this letter to the roads in the Committee by Advice Letter, asking their views on the proposition.

We would state further that to put in half rates on returned shipments between St. Louis and Louisville proper would not fail to bring about similar conditions between other points in Central Freight Ass'n. Territory, which we understand is not desired."

St. Louis, July 31, 1903.

"Dear Sir: Yours 29th, file 53520 (received this a. m.) The record as shown in proceedings is correct, both as to the Stenographers notes and the discussing. The resolution having been offered by A. G. F. A., Southern Ry. I conferred with him today regarding the matter and he stated that our record is correct and the tariff should be issued in accordance therewith. In fact the tariff of Amendment No. 8, has already been printed and mailed today."

Respectfully,

R. M. F.

"R. M. F.

Dear Sir: Referring to our letter of July 29th and your reply of the 31st, your file B-370.

While it may be true that the record shows action as stated, and it was the intention of Mr. Campbell that the action should also apply to shipments between St. Louis and Louisville and Cincinnati proper, we are still of the opinion that such action will have a very serious effect upon legislation between points in Central Freight Ass'n. territory and may result in the extension of this practice between other points.

We believe that if the resolution of the St. Louis-Cincinati-Louisville Freight Committee is confined to shipments returned from Arkansas, Oklahoma and Indian Territories, and Texas Points, all of which traffic is strictly competitive with the New Orleans and Memphis gateways through which the half rate rule on returned shipments is in effect, it should answer every purpose, and we sincerely hope that the lines in your Committee, after further consideration of this subject, will agree to such amendment to their legislation.

Please submit the correspondence to the lines by Advice Letter."

To the Freight Committee.

Gentlemen: I am in receipt of letter from a member as follows:

"Dear Sir: There are in effect at present the following rates as per your I. C. C. B-34:

Chatts Ballast, car loads, minimum 20 tons $1.75 net ton
Phosphate Rock, (crude lump) in bulk minimum 20 gross tons ..... 1.60 gr. ton
Sand and Gravel, all kinds, except glass sand, minimum marked capacity of car ..... 1.35 net ton
Sand, Glass, minimum marked capacity.. 1.50 net ton

It is obvious that these rates are not properly lined up with one another, and that rate of $1.75 on chatts ballast is unreasonable in comparison with rate of $1.35 on sand and gravel, which can be, and are used for the same purpose, Chatts, moreover, have no greater value. It is suggested, therefore, that the rate on chatts ballast be made the same as that on sand and gravel, unless the rates on these commodities can be advanced to $1.50 per ton, when rate on both sand and gravel and chatts could be established at the same figure, viz. $1.50 per ton.

Will you kindly submit this proposition to interested lines by advice letter, advising result?"

CIRCULAR LETTER NO. B-83.

To the Freight Committee.

Gentlemen: As instructed at meeting 27th, I give below copy of letter from a member regarding rate and divisions on "Staves," from points in Southeastern Arkansas to Cincinnati.

"There is a prospective movement of very large quantity of staves to Cincinnati from Lake Village, Luna Island and other points in Arkansas on the Mississippi River, Hamburg & Western Railway.

These points are all adjacent to Mississippi River and on account of a close proximity of the staves to the Mississippi River, it is possible to barge same to Cincinnati at a very low rate, but it has been figured that the business could be moved all rail on basis of a through rate of about 18 cts. per 100 lbs. The present tariff rate is 25 cts. per 100 lbs., which is made up as follows:

South of Cairo, 14 cents.

Cairo to Cincinnati, 11 cents.

In the division of the 11 cent rate from Cairo the lines from East St. Louis to Cincinnati earn 8c per 100 lbs., this making the divisions of the 25 cent rate as follows:

South of East St. Louis, 17 cents.

East St. Louis to Cincinnati, 8 cents.

Using these divisions as factors to determine percentages to use in dividing a rate of 18 cents, would make divisions as follows :

South of E. St. Louis, 68 per cent—12.2 cts. per 100 lbs.

East of E. St. Louis, 32 per cent—5.28 cts. per 100 lbs.

We believe it could be arranged with the Iron Mountain to accept south of E. St. Louis 12 cts. per 100 lbs., which would leave 6c per 100 lbs. for the lines, E. St. Louis to Cincinnati. As a further argument in support of the proposed rate of 18 cts. per 100 lbs., would state that the 18 cent rate is now in effect from Greenville, Miss., and other points on the east bank of the Mississippi River opposite the Arkansas points above mentioned. We would like you to docket this subject for consideration at the next meeting of the St. Louis-Cincinnati-Louisville Freight Committee. Our suggestion is that a through rate of 18c per 100 lbs. be concurred in, same to divide, Iron Mountain 12 cts., East of East St. Louis, 6 cts., the Iron Mountain to issue through tariff to cover the through rate and special division sheet to take care of the divisions; this so as to avoid the necessity of establishing a special proportional rate to apply east of E. St. Louis, as it is only desired that the 6c division be applied on the particular business mentioned, which is, as stated above, subject to River competition."

Please let me have your views on the proposition.

Respectfully,

R. M. Fraser, Chairman."

If you refer to proceedings of meeting held at Chicago on December 11th and 12th, 1902, as issued by Mr. C. E. Fulton, you will notice that notice was then given by us that we would hold to a proportional rate of 7 cents per 100 pounds, East St. Louis to Cincinnati and Louisville on Grain coming from the West. We did not, however, put the 7 cent rate in effect at the time and have been operating the local rate of 10 cents on Grain originating in the west. Cement Plaster, C. L. Minimum 30,000 lbs.

"Refer to C. F. A. Information No. 3886. Prior to January 1st, you carried Proportional rate of 8 cents per 100 pounds on this commodity, East St. Louis to Louisville, New Albany, Jeffersonville, and Cincinnati, but that rate was eliminated effective January 1st, I believe in error. Since the rate to Dayton is 9 cents

per 100 pounds, and we cannot hold higher than that figure to Cincinnati under any circumstances, I wish you would submit the matter by Advice Letter, so that if it is decided to restore the former proportional rate of 8 cents per 100 pounds to the points in question, it can be incorporated in the next issue of your Proportional Tariff."

The proportional rates to points named were authorized by C. F. A. Information No. 2063, February 19, 1900, and reissued in Information No. 3886, December 26th, 1902. These rates were carried in Joint Proportional Tariff I. C. C. B-30, until the tariff was cancelled, effective December 31st, 1902, by I. C. C. B-32 as authorized at meeting in Chicago, December 12th, 1902.

CIRCULAR LETTER NOS. 136 & B-77.

To the Freight Committee.
Gentlemen:

Proportional Rates from Upper Mississippi River Crossings vs Rates from East St. Louis to Points in C. F. A. Territory.

At meeting of St. Louis-Cincinnati-Louisville Freight Committee, March 25th and at meeting St.

Louis Eastbound Freight Committee April 17th the above subject was under consideration and resolution adopted as follows:

March 25th:

"Resolved, That the Chairman urge upon Secretary Rainer the importance of having the proper proportional rates maintained from Upper Mississippi River in accordance with Joint Rate Committee Middle Division Circular No. 20 of subsequent issues."

April 17th:

"Moved, That Chairman C. F. A. be advised that this Committee is willing to attend meeting with the understanding that the discrepencies as obtained by Secretary Joint Rate Committee shall be presented to the meeting for discussion."

I am in receipt of letter 24th, file 10307 from Chairman C. F. A. as follows:

"Relative to conference between St. Louis Eastbound Freight Committee, St. Louis-Cincinnati-Louisville Freight Committee and representatives Western roads from East Bank Mississippi River Points north thereof to consider the question of rates to Central Freight Association Territory.

The Western Lines inform us that they will be represented at this Association rooms on Thursday, May 7th, at 10:30 a. m., to take up this question. Will you, therefore, kindly arrange with the members of the St. Louis Eastbound and Cincinnati-Louisville Freight Committees to be on hand without fail?"

Please do not fail to attend the meeting in C. F. A. rooms, Chicago, May 7th, 10:30 a. m.

Respectfully,

R. M. Fraser, Chairman."

CIRCULAR LETTER NO. B-76.

To the Freight Committee:

Gentlemen: I give below copy of letter 28th inst. from a member:

Crude Oil, Louisville to Evansville.

I am asked to name rate on Crude Oil in tank cars, Louisville to Evansville, and in as much as the present rate from Louisville to Owensboro and Henderson is 8 cents per 100 pounds, I do not see how we can consistently charge in excess of this rate to Evansville.

We would therefore thank you to submit to interested lines by Circular Letter, the proposition to apply rate of 8 cents per 100 pounds, Louisville to Evansville on Crude Oil, C. L. in Tank Cars, minimum weight capacity of tanks, and in barrels, minimum weight 30,000 pounds per car.

Please advise views of individual roads on this proposition as soon as possible and if same is favored, name date effective."

The rates, as per I. C. C. B-34, between East St. Louis, Cincinnati and Louisville, etc., is 11 cents per 100 pounds, C. L. minimum in barrels, 24,000 pounds; in tanks, capacity of tank.

Please favor me with your views on the proposition both as to rate and minimum weight.

Respectfully,

R. M. Fraser, Chairman."

In the division of these rates the Missouri Pacific propose to allow the line east of East St. Louis the same earnings as accrue on similar traffic from Texas Common Points, on which basis the line from East St. Louis to Louisville received 6.6 cts. or 20 per cent of the 33 cent rate. I wish you would please ascertain what lines are participating, or would participate, in this traffic on the basis named. An early answer will be appreciated."

that you failed to publish C. F. A. exceptions as carried on East St. Louis Tariff I. C. C. B-34.

I know of no reason why rates between Evansville and Louisville and Cincinnati should not be subject to the same exceptions as between East St. Louis and Louisville and Cincinnati and would thank you to submit to interested lines the proposition to establish the same exceptions as at present carried in tariff naming rates to and from East St. Louis."

The Exceptions to Official Class'n. printed in Joint Tariff I. C. C. B-34 and Amendment No. 3 cover 3 pages. Should all be printed in the two (2) Evansville Tariffs. Shall Tariffs, I. C. C. Please make careful examination of the Evansville Tariffs and advise what other changes or additions are desired.

Rates on Cotton Seed Oil.

To the Freight Committee.

Gentlemen: For your information I give below copies of letters as follows:

From G. F. A., B. & O. S. W. R. R., April 9th, 1903, file 47223.

"This is to advise you that we will issue individual tariff making same effective 15th inst. to cover rate of 5c per 100 lbs. on Cotton Seed Oil, in tank cars, minimum weight capacity of tank, from E. St. Louis to Louisville, Cincinnati and Ivorydale, same to apply on shipments originating at points beyond E. St. Louis.

As you are aware, Southern Ry., sometime ago, issued rate of 5 cts. per 100 lbs. from E. St. Louis to Louisville and as it is customary, under the rules of the St. Louis-Cincinnati-Louisville Freight Committee, that rates from E. St. Louis to Cincinnati and Louisville should be uniform, we are obliged to take this action.

It is not desired that this rate be incorporated in the joint tariff, issued by you as Chairman of the St. Louis-Cincinnati-Louisville Freight Committee.

Will you kindly notify members of the St. Louis-Cincinnati-Louisville Committee of our action."

From G. F. A., C. C. C. & St. L. Ry., April 9th, 1903.

"The B. & O. S. W. and ourselves have found it necessary, on account of the rates held by the Southern Ry. on Cotton Seed Oil, to publish a rate of 5c per cwt. from E. St. Louis to Cincinnati and Ivorydale.

We have issued independent tariff and do not care to have it embodied in your tariff."

To the Freight Committee.

Gentlemen: The following is a copy of letter 6th file R-448 from G. F. A., L. H. & St. L. Ry.

Broom Corn, East St. Louis to Louisville and Frankfort.

"I have just secured the concurrence of the L. & N., B. & O. S. W. and Southern Ry., to the withdrawal of rate 25 cts. per 100 lbs. on Broom Corn, East St. Louis to Frankfort, and have suggested that correction be made effective May 1st, on and after which date, rate will not be less than 34 cts. per 100 lbs., which is 2nd class East St. Louis to Louisville and Cincinnati and in as much as the lines referred to have concurred in the advance to Frankfort, there is nothing to prevent our concurrence in the proposition to withdraw commodity rate of 25 cts. East St. Louis to Louisville and restore rate to Official Class'n. basis and we are accordingly in favor of this proposition and would like to have the rate made effective on May 1st same date as the advance East St. Louis to Frankfort goes into effect."

This for your information. In absence of instructions to the contrary, amendment will be issued effective May 1st, eliminating from Joint Proportional Tariff I. C. C. B-35, Broom Corn, C. L. minimum 15,000 lbs. (to Louisville, only) 25 cts. per 100 lbs. This will have the effect of making rate on Official Class'n. basis.

Referring to meeting held in Chicago, November 25th and 26th jointly with the Chicago & Ohio River Committee, and my announcement to the effect that our road would apply Classification basis on Whiskey shipments from Louisville, effective December 15th, we reserving the right to reinstate the carload rate as any quantity rate if our competitors did not maintain the Classification basis and operate under the rules adopted for the carrying out of his basis:

Beg to advise that we are not satisfied with the action of other lines in handling less-car-load shipments at the carload rate, ignoring the ruling of the Inspector, etc., at Louisville, and feel that our interest can only be protected by again establishing the carload rate as any quantity rate, but before taking final action in this matter, I will be pleased if you will communicate with the other lines, members of the St. Louis-Cincinnati-Louisville Freight Committee, and get expression of their views. Furthermore, I will not establish any quantity rate until notice has been given to you of my intention to do so. The Classification basis is not being maintained either at Louisville or Cincinnati."

CIRCULAR LETTER NO. B-62.

To the Freight Committee:

Gentlemen: I give below copy of a letter from the St. Louis Traffic Bureau:

"St. Louis, Mo., Feb. 12, 1903.

Mr. R. M. Fraser, Chairman St. L. S. L. Frt. Committee, City.

Dear Sir: The rate on Grain Products from East St. Louis to Louisville, Ky., as shown in your Tariff No. B-33 of January 1st, 1903, is 10 cents per 100 lbs., while the grain is being handled from East St. Louis to Louisville at 4 cents per 100 pounds. The high rate on the Grain Products prevents practically any sale and movement to Louisville, or to territory beyond where the rates are based on the combination of the locals. The miller at Louisville buys much of his grain at St. Louis, and at points beyond and in the territory west of the Mississippi River, this grain pays the same rates as published on the product, but from East St. Louis to Louisville he gets the grain handled at 6 cents per 100 pounds less than the rate on the product, which gives him an advantage of 12 cents per barrel on the output of his mill, as he can manufacture his goods as cheaply as the miller on the Mississippi or Missouri River.

With a rate on the Grain Products, East St. Louis to Louisville even 1 cent per 100 pounds higher than the rate on the grain the St. Louis Miller would have to deduct 2 cents per barrel or more from his profits to meet the price of the Louisville miller, as they can mill the grain as cheaply and are in much closer touch with the trade. When this difference is increased to 6 cents per 100 pounds or 12 cents per barrel it more than consumes the miller's profits.

In the Central Freight Association Territory, reached by lines, members of your Committee, grain and grain products are, as a rule, handled at the same rate, for example, to Indianapolis, just north of Louisville, the rate on both the grain and grain products is 7 cents per 100 pounds.

The cars can be given as heavy loading with the grain product as with the grain and as the product is loaded and unloaded by the owners, the carriers are not put to any greater cost in handling the grain products than in handling the grain, and we see no good

reason why a 25 ton car of grain product should be charged $50.00 when the charge on a 25 ton car of grain is only $20.00. The mills in St. Louis have a combined capacity of over 10,000 barrels per day and we think are entitled to some consideration from the members of your association. We believe that in charging a rate of 4 cents on the grain and a rate of 10 cents on the product, between the points named, the interested lines are unjustly discriminating against the grain products and we, therefore, respectfully request that they arrange to accept the grain products at the same rate as charged on the grain—4 cents per 100 pounds from E. St. Louis to Louisville, Ky.

Yours respectfully,

(Signed) E. S. Tompkins, Commissioner."

Whiskey from Points in Defined Territory to Arkansas Points.

"With further reference to your communication of the 26th ult., (your file B-450), to which I replied under date of November 28th (our file D-383).

As advised you in the communication referred to that the subject would be docketed for consideration at the next meeting of the Arkansas Freight Committee, beg to advise that the Committee, in session yesterday, took action which resulted in instructions to the Chairman to communicate to you, that while the Committee should very much regret the cancellation of divisions from territory named, on account of the action complained of (i. e. the action of the Arkansas Freight Committee regarding the manner of publishing through rates on Whiskey and the basis for dividing same, as announced in Rate Notice I. C. B-470 and Circular No. 53) E, both issued October 6th, 1902, it was the unanimous opinion of the Arkansas Freight Committee lines that they found such action necessary for their own protection and they do not feel that they can make any change in the manner of establishing the through rates and the dividing of same, and further, they do not feel that they can withdraw from the position taken with reference to this particular traffic.

The foregoing is quoted for your information, with the understanding that it will be imparted to the members of your Committee interested."

Whiskey, Highwines, etc., in Wood.

To the Freight Committee:

Gentlemen: This is to advise that effective December 15th, Joint Freight Tariff No. 3 between Evansville, Ind., and Louisville, Ky., New Albany and Jeffersonville, Ind., will be amended as follows:

Eliminate: Rate on Whiskey, Alcohol, Highwines and spirits, in wood, L. C. L., via rail 15 cents, via boat 13 cents per 100 pounds.

Also Joint Freight Tariff No. A-3 between Evansville, Ind., and Cincinnati, Ohio, will be amended as follows:

Eliminate: Rate on Whiskey, Alcohol, Highwines and spirits, in wood, L. C. L. (to Evansville, only), via rail 17 cents, via boat, 15 cents per 100 pounds.

The above in line with amendment No. 3 to Joint Freight Tariff, I. C. C. No. B-31, between East St. Louis-Cincinnati-Louisville, etc., effective December 15th, issued on instruction of individual roads. See proceedings No. 18, November 25th, page 3.

Gentlemen:

Whiskey from Points in Defined Territory to Arkansas Points.

As instructed at meeting Nov. 25th (See Proceedings No. 18, page 2) I give below copy of correspondence and notices issued by Chairman, Arkansas Freight Committee:

"St. Louis, Mo., Nov. 26, 1902.

Mr. Geo. W. Cale, Chairman, City.

Dear Sir: Your letter Oct. 16th, file D-383 and copy of proceedings Conference Meeting, Louisville, Ky., May 6th, 1898 regarding whiskey from points in defined territory to Arkansas Points was submitted at meeting Oct. 22nd and laid over for investigation by the members.

At meeting 25th inst. the subject was given further consideration and action taken as follows:

"We recommend, That the Chairman be instructed to reply to Chairman Cale of the Arkansas Frt. Com., that if the lines, members of his Committee, persist in the position outlined in his communication of October 16th, file D-383 to Mr. Fraser, it will necessitate the cancellation of divisions on all traffic from Cincinnati and Louisville to Arkansas Common Points, as it is not considered fair to operate divisions that are now in effect on some Commodities to the exclusion of others.

Please endeavor to have this matter considered without delay advising conclusions. Also please advise me at once whether the basis named has been made effective, if so, on what date and mail me under personal cover a copy of the tariff.

Regretting delay in answering your letter and awaiting your reply, I am,

Yours respectfully,

Traffic, Louisville to Oklahoma and Indian Territories.

To the Freight Committee.

Gentlemen: As instructed at meeting 25th I give below copy of proceedings of Conference Meeting Nov.

10th and report of Sub-Committee appointed at meeting Oct. 22nd.

Proceedings of Conference of Sub-Committee appointed by the St. Louis-Cincinnati-Louisville Freight Committee, with representatives of Indian and Oklahoma Territory lines, to consider the question of Rate adjustment on classes and Commodities from Louisville, Ky., to Indian and Oklahoma Territories, versus Moline and Rock Island, and basis for dividing the same.

Present:

Members of the Sub-Committee of the St. Louis-Cincinnati-Louisville Freight Committee, viz:

N. W. Taylor, G. W. F. A., Vandalia Line.
Walter Nichols, D. F. A., C. C. C. & St. L. Ry.
R. A. Campbell, A. F. A., Southern Ry.
L. J. Irwin, G. F. A., L. H. & St. L. Ry., (represented by C. W. Lindsay, Genl. Agt.)
Ed. Hart, Jr., A. G. F. A., B. & O. S. W. R. R.
Representatives of Western Lines:
W. B. Knight, A. G. F. A., Mo. Pac. Ry.
Chas. Hall, A. G. F. A., St. L. & S. F. R. R.
F. A. Leland, A. G. F. A., M. K. & T. Ry.

Meeting convened Monday, November 10th, at 3:15 p. m., and Mr. Hart, acting as Chairman of the Sub-Committee, explained that the conference was held in an endeavor to place Louisville on a parity with Moline and Rock Island and other Upper Mississippi River Points, particularly on Agricultural Implements, the manufacturers at Louisville being in direct competition with those at Moline and Rock Island on that Commodity and were discriminated against, in that rates from Louisville to Indian and Oklahoma Territories are made on combination of locals or differential basis over St. Louis rates; whereas, Moline and Rock Island manufacturers enjoy the same rates that are in effect from St. Louis; and that if a satisfactory rate adjustment could be reached, Louisville-St. Louis lines would be prepared to agree to a fair and equitable basis of divisions.

It was pointed out by Mr. Leland that, until recently the Indian and Oklahoma Territory lines had received very little encouragement in the matter of putting Louisville on a more favorable basis, in that there was, until lately, no basis for dividing rates in effect via this gateway, except by allowing lines East of East St. Louis their locals, and that any reduction in rates from Louisville to Indian and Oklahoma Territories was necessarily out of the proportion of Western roads; that the matter had been under consideration on the part of the St. Louis-Cincinnati-Louisville Freight Committee for many months and no action had been taken to provide divisions by lines, members of that Committee, until the Southern Railway recently arbitrarily established divisions on basis of twenty and eighty per cent east and west of East St. Louis, respectively.

The representatives of western lines were of the opinion that Louisville should be placed on a parity with Rock Island and Moline, not by reducing rates from Louisville but by advancing rates from Moline and Rock Island to the same differential above East St. Louis as is now established from Louisville and they individually suggested that, if the St. Louis-Louisville Lines would establish divisions on basis of twenty and eighty per cent, respectively, east and west of East St. Louis, on which to divide rates that were now in effect or those that might be established later on, it might lead to Louisville being placed on a parity with Moline and Rock Island.

On motion, the meeting then adjourned.

Edward Hart, Jr., Chairman."

"St. Louis, Mo., Nov. 14, 1902.

Gentlemen: Supplementing my letter 11th inst., enclosing copies of proceedings of conference between our Sub-Committee and representatives of Western Lines.

I am today in receipt of letter from Mr. F. A. Leland, A. G. F. A., M. K. & T. Ry., reading as follows:

"I note copy of proceedings of meeting of Sub-Committee with representatives of Indian and Oklahoma Territory lines, on Monday, the 10th inst.

The last sentence is not quite in line with my idea of what is desired. I think it should read, "and they individually suggested that, if the St. Louis-Louisville Lines established divisions on basis of twenty and eighty per cent respectively east and west of St. Louis, on which to divide rates that are now in effect, or those that may hereafter be established, it would have a beneficial effect on the proposition under discussion."

This for your information.

Very truly,

Ed. Hart, Jr., Chairman."

Note.—The Committee referred to is Messrs. Hart (Chairman), Nichols, Irwin, Campbell and Taylor.

In accordance with the above I give below copy of papers referred to.

ARKANSAS FREIGHT COMMITTEE.

St. Louis, Mo., Oct. 16, 1902.
D-383.

Mr. R. M. Fraser, Chairman, City.

Dear Sir: At meeting of Arkansas Freight Committee on the 15th inst. it was recommended that rates on Whiskey from points in defined territories to Arkansas Points be made on differential basis except where combination of locals through Mississippi River Crossings make less and rates made on combination through Mississippi River Crossings will divide by allowing lines west thereof full locals.

It was understood that the above was in line with Section 2 of the Louisville Agreement of May 6th, 1898, such paragraph reading, as follows:

"That the defined territories are to be the same as on Texas Traffic with such exceptions as it may be necessary to adopt in order to properly line up the rates."

I would be pleased to have you advise at your earliest convenience if concurrence in above recommendation is had by members of your Committee, in order that lines, members of this Committee, may be advised prior to the effectiveness of basis referred to.

Yours truly,
(Signed) G. W. Cale, Chairman."

At a conference held at Louisville Hotel, Louisville, Ky., May 6th, 1898, the following gentlemen were present:

W. C. Stith, G. F. A., St. L. I. M. & So. Ry.
A. R. Bragg, D. F. A., St. L. I. M. & So. Ry.
A. S. Dodge, G. T. M., St. L. S. W. Ry.

W. D. Hurlbut, G. F. A., Ill. Cent. R. R.
J. S. Weitzell, A. G. F. A., Ill. Cent. R. R.
Mr. A. S. Dodge was elected Chairman.

After discussion the following agreement was reached, covering rates from points east of the Mississippi River to Arkansas Territory:

Resolved, That through rates from Cincinnati, Louisville, Evansville, Cairo and Paducah and from points north of the Ohio River and east of the Mississippi River and west of the so-called Seaboard Territory, be established to Arkansas Common Points, using the same scale of differentials from the various territories with respect to rates from St. Louis as made by Arkansas Lines, as applicable on business from same points to Texas territory.

2nd. That the defined territories are to be the same as on Texas traffic with such exceptions as it may be necessary to adopt in order to properly line up the rates.

3rd. That Arkansas points herein referred to are understood to be as follows:

Little Rock, Argenta, Pine Bluff, Newport, Ft. Smith, Van Buren, Brinkley and Forrest City.

4th. That the through rates so established be divided as follows:

To Little Rock, Argenta, Newport, Forrest City, Brinkley and Pine Bluff.

From.	East of Memp.	West of Memp.
Louisville.		
Henderson	50%	50%
Evansville		
Owensboro		
Cincinnati:		
Newport	55%	45%
Covington		
Lexington.		
St. Louis:		
E. St. Louis	45%	55%
Belleville		
Paducah.		
Cairo	40%	60%

To Ft. Smith and Van Buren:

From.	East of Memp.	West of Memp.
Louisville.		
Henderson	42%	58%
Evansville		
Owensboro.		
Cincinnati:		
Newport	47%	55%

Lexington.		
St. Louis:		
E. St. Louis		
Belleville	35%	65%
Paducah.		
Cairo	30%	70%

On business originating north of the Ohio River and East of the Mississippi River, the local rates or lower obtainable arbitraries or percentage divisions from points of origin to the Ohio River Crossings through which the traffic moves to be deducted and the remainder prorates on the percentages mentioned in the foregoing.

That through rates from the Ohio River and other River Crossings named, and from points north of the Ohio and east of the Mississippi Rivers and their respective territories, to points in the State of Arkansas not mentioned in the foregoing to be made on the same differential scale as that applied on traffic to Arkansas Common Points herein enumerated; that in dividing such rates the lines west of Memphis to be allowed their full locals.

This agreement to take effect June 1st, 1898."

Please do not fail to advise Mr. Ed. Hart, Jr., Chairman, your views on the subject before November 10th.

Respectfully,

R. M. Fraser, Chairman."

Gentlemen: I am in receipt of the following letter from a member:

"It is our desire that you submit to the Committee proposition for Amendment to be issued to our St. Louis-Cincinnati-Louisville Tariff, including among articles taking Lumber rate, Vehicle Stock or Stuff, including felloes and Spokes in the white; also hubs and spokes, sawed and turned into shape, also tennoned spokes and hubs, not further finished than bored, mortised and primed (which under Official Classification takes 5th class or lower) minimum weight 30,000 lbs.

We make the above application for the reason that the individual lines publish Lumber rates on these articles to Cincinnati, Ohio, and other central freight Association territory. The rate to Cincinnati would fix the rate to Louisville and points taking the same basis. Will you please submit the matter promptly."

The list of "Articles upon which Lumber rates will apply" as printed in Joint Freight Tariff I. C. C. No. B-31 is same as authorized by C. F. A. Information No. 1878, December 5th, 1899.

Gentlemen: I am in receipt of the following letter from a member:

"The rate on acid, sulphuric or muriatic, in tank cars, minimum 30,000 pounds, from Chicago to Jeffersonville, New Albany and Cincinnati is 10 cents per hundred. It is, I believe, customary to apply the same rates from East St. Louis to Louisville and Cincinnati as are in effect from Chicago to the North bank of the Ohio river, and we therefore propose the establishment of rate of 10 cents per hundred on sulphuric acid, in tank cars, from East St. Louis to Louisville and Cincinnati and points usually taking the same rates.

Will you please ask other lines interested, to express their views on the subject, advising result.

Prompt action is necessary."

The present rate on Sulphuric Acid, (when from Iola, Kans.) East St. Louis to Louisville is 10½ cents per 100 lbs. C. L. minimum weight 50,000 lbs. (See Circular Letter No. 19, May 20 and 22 and June 2, 1902.

CIRCULAR LETTER NO. B-XXXVI.

To the Freight Committee.

Gentlemen: I give below copy of letter in reply to Circular Letter No. 23, July 28th.

"Louisville, Ky., July 30, 1902.

File I-2549.

Dear Sir: Please refer to Circular Letter 32, July

28th, file B-397, transmitting notice from A. G. F. A. Campbell that the Southern Ry. would, independently, establish Texas Common Point percentages from Louisville to Indian and Oklahoma Territories.

The subject of Mr. Campbell's Letter reads: Rate Adjustment: Rates and Divisions to Indian and Oklahoma Territories," and he refers to your file B-397 and makes the statement that the question was continued on the docket at last meeting of your Committee, but, to date, the Chairman of the Sub-Committee has made no request for a meeting and that he is justified in his action, not only account of delay on part of the Sub-Committee in calling conferences, but on account of divisions being in effect through other Gateways. As Chairman of the Sub-Committee, to which the subject covered by your file B-397 was referred, I desire to call attention to the fact that the question submitted to the Sub-Committee was: "Rate Adjustment on Agricultural Implements, C. L., Louisville to Indian and Oklahoma Territories vs. Moline and Rock Island," and has, absolutely, no reference to the general subject of percentages to be applied from Louisville to the territory described.

We are opposed to applying Texas Common Point percentage to Oklahoma and Indian Territory, for the reason that the mileages do not justify it as you will observe from percentages to the following points based on short line mileage east and west of East St. Louis.

So.McAllister, I. T., to E. St. Louis	.271	34.3
So. McAllister, I. T., West	.520	65.7
Hendersonville, I. T., to E. St Louis	.271	34.0
Hendersonville, I. T., west	.525	66.0
Oklahoma City, O. T., to E. St. Louis	.271	33.3
Oklahoma City, O. T., West	.543	66.7
El Reno, O. T., to East St. Louis	.271	35.2
El Reno, O. T., West	.570	67.8

We believe Mr. Campbell should have brought the subject before the St. L. C. L. Freight Commission before taking independent action. As to rates on Agricultural Implements, Louisville to Oklahoma and In-

dian Territories: I have been unable to get the subject in shape to submit to the Committee, the Louisville Lines operating through Memphis having published from Louisville the Moline rates, which are the same as East St. Louis, while the lines west of East St. Louis require that through rates be made differentials over East St. Louis. I had suggested to the St. Louis Lines that, in consideration of their applying Moline rates from Louisville, I would, as Chairman of a Sub-Committee, recommend that Texas Common Point Divisions be allowed. Yours truly,

(Signed) L. J. Irwin, G. F. A.

The subject that was referred to the Sub-Committee was Rate Adjustment on Agricultural Implements to Indian and Oklahoma Territories, vs. Moline and Rock Island, and did not cover a General Percentage arrangement.

The statement made by this office in Circular Letter No. 32, to the effect that the subject of "Percentages" was referred to the Sub-Committee was in error.

This for your information.

Yours respectfully,

R. M. Fraser, Chairman."

Gentlemen: I am in receipt of C. F. A. Informations which name rates as follows:

C. F. A. Information No. 3504, Proportional Rates on Asphalt Rock (originating south of the Ohio River) from Cincinnati, Ohio, Jeffersonville, Ind., Louisville, Ky., and New Albany, Ind., to East St. Louis, C. L., minimum weight as per Official Classification, 10 cts. per 100 lbs. (83.33 per cent of 6th class.)

C. F. A. Information No. 3571, Rate of 25 cts. per 100 lbs. (3rd class) on Grapes in boxes, kegs, half-barrels, barrels, crates and baskets, in Carloads, minimum 24,000 lbs. between East St. Louis, Cincinnati and Louisville, forwarded via Freight Train service only and to expire with current season.

C. F. A. Information 3577. Rate 9 cts. per 100 lbs. on Bones, C. L. minimum weight as per Official Classification from East St. Louis, Ill., to Cincinnati, Ohio, to expire Dec. 31st, 1902.

Please let me have your views as to the foregoing propositions being published in the next issue of the Committee Tariffs.

Gentlemen: I am in receipt of the following letter from a member:

C. C. B-28 and in order to have tariffs to cover the application of this rate, I would request that you submit to the members of the St. Louis-Cincinnati-Louisville Freight Committee proposition to apply Commodity Rate of 25 cts. per 100 lbs on Domestics, L. C. L. East St. Louis to Louisville, Ky."

To the Freight Committee.

Gentlemen: I give below a copy of letter from a member:

"Amendment 9 to Joint Commodity Tariff, Wab.-

22640, carries rate 11 cts. cwt. on Sublimed Lead, C. L., from East St. Louis to Cincinnati, Ohio, and Louisville, Ky. Your letter March 22nd, file 4122-E, as Chairman of the St. Louis Eastbound Freight Committee practically authorizes our publishing same, but it seems to me, so far as the two points mentioned are concerned, the question is one for you to act upon and if the rate is approved by the lines interested to correct our joint tariff to correspond."

At meeting March 4th, the St. Louis Eastbound Freight Committee requested authority from the Central Committee to publish the rate in Wabash Tariff.

On March 13th the Central Committee recommended that Tariffs should be issued covering the specific rates from East St. Louis to specific points named only; each individual road to issue the tariff, filing it with the I. C. C. and sending it only to those roads interested.

Printer now has the copy for revised tariff covering changes, etc., authorized at meeting 26th and I will include Sublimed Lead, C. L., East St. Louis to Cincinnati and Louisville, unless vote to the contrary is received from four (4) or more members, not later than Wednesday, 5th inst.

Please give this immediate attention and vote on the proposition.

Respectfully,

Mr. R. M. Fraser, Chr., St. Louis-Cincinnati-Louisville Frt. Com., Union Station, City.

Rate Adjustment:—Rates and divisions to Indian and Oklahoma Territories.

Dear Sir: Please refer to your file B-397.

This question was continued on the docket at last meeting of St. Louis-Cincinnati-Louisville Freight Committee, but to date, the Chairman of the Sub-Committee has made no request for a meeting.

Beg to advise the Southern Railway gives notice of its intention to establish percentages from Louisville to Points in Indian and Oklahoma Territories, of rates published as per Indian & Oklahoma Territory Tariff No. 90, effective at once, basis to be the same as now in effect on traffic to Texas Common Points, viz: twenty per cent.

We are justified in this action, not only account of delay on part of the Sub-Committee in calling conference, but account of divisions being now in effect through other gateways.

Yours truly.

(Signed.) R. A. Campbell, A. G. F. A."

At meeting Jan. 22nd, 1902, this subject was referred to Sub-Committee and was brought up at meeting March 26th and May 28th, and it was

CIRCULAR LETTER NO. B-XXXI.

To the Freight Committee.

Gentlemen: Referring to Circular Letter No. B-XXVII, July 14th, regarding Missouri Pacific Division Sheet No. 1, to Arkansas Freight Committee Tariff No. 3, etc., rates and divisions on traffic from Arkansas via East St. Louis to Cincinnati-Louisville, etc.

For your information I give below copy of the replies received in answer to Circular Letter XXVII, as follows:

B. O. S. W. R. R.—

"For your information will state that a copy of Mo. Pac. Division Sheet One to Arkansas Freight Committee Tariff 3-A was sent to us some weeks ago for checking and was returned to G. F. A., Lincoln under date of May 17th with letter as per copy attached. Later we received a further communication from Mr. Lincoln calling attention to Mo. Pac. Percentage Sheet No. 465 covering percentages between Cincinnati and Louisville and Arkansas Common Points and we replied to this further communication of Mr. Lincoln's stating that notwithstanding the existence of Northbound percentages as per Mo. Pac. issue we could not handle the business on any basis other than to require full local rates, East of East St. Louis, excepting on Cotton Seed Products. This is the last we have heard from Mo. Pac. regarding the matter and you will note from this that we are strictly adhering to the legislation of the Committee in this matter."

Mr. J. C. Lincoln, G. F. A., Mo. Pac. Ry., St. Louis, Mo.

"Dear Sir: Referring to your Circular Letter of May 9th your file Y-8 with which was enclosed proof of pro-

posed Division Sheet to apply in connection with Arkansas Freight Committee Tariff 3-A.

In determining the division of through rates to Cincinnati and Louisville you have apparently figured same on some percentage basis.

In this connection will state that we are not aware of any percentages in effect at present from Arkansas points to Cincinnati and Louisville on traffic other than Cotton Seed Products, consequently on all of the business covered by the proposed Division Sheet, lines from East St. Louis to Cincinnati and Louisville should be allowed full local rates. Will you please revise your proof to this basis?"

C. H. & D. Ry.—

At date of receipt of this communication we had not been favored with Mo. Pac. Division Sheet No. 1 to Arkansas Committee Tariff No. 3.

"I wrote Mr. Lincoln for copy and have received copy and have notified Mr. Lincoln that we could not be party to the Division Sheet, except those authorized on Cotton Seed Products, St. Louis-Cincinnati-Louisville Proceedings, Feb. 27th, 1931."

C. C. C. & St. L. Ry.—

"Would state that we are not protecting divisions referred to on northbound traffic from Louisville and Arkansas Points."

I. C. R. R.—

"So far as the Illinois Central is concerned, we do not participate in the divisions shown in miscellaneous commodities between Cincinnati-Louisville, etc. and Arkansas Common Points, via East St. Louis, as per Mo. Pac. Division Sheet No. 1 to Arkansas Freight Committee Tariff No. 3-A. Our understanding regarding these northbound divisions is the same as outlined in your Circular. Before taking independent action in a matter of this kind we would have advised the Committee."

I. D. & W. Ry.—

"We know nothing about Mo. Pac. Division Sheet No.

1 applying on Arkansas Freight but will be governed by the action of the roads intermediate between us and the River."

L. H. & St. L. Ry.—

"I would refer you to my letter August 8th, 1901, enclosing copy of letter to Mr. Lincoln, regarding division of rates from Arkansas points Northbound. In this letter we informed Mr. Lincoln that we could not accept divisions shown on his Division Sheet No. 1 allowing 40 per cent east of East St. Louis, and furthermore, that on account seed products, we would not accept less than full tariff rate from East St. Louis.

We have made no change in our position regarding this matter since letter referred to was written."

P. C. C. & St. L. Ry.—

"So far as we know we are adhering to the agreed basis. This, however, is largely an eastbound matter the St. Louis lines should advise what they are doing."

Southern Ry.—

"Beg to advise the only Arkansas Divisions we have in effect are covered by Percents C-89. There is one exception to this rule—it contemplates allowing lines east of East St. Louis 40 per cent of the current authorized rates on cotton seed products."

Note:—The Southern Percent sheet C-89, May 1st, 1902, does not conflict with action of the Committee on Arkansas Traffic.

T. H. & I. R. R.—

"Beg to advise that this Company has never authorized the Mo. Pac. or the Cotton Belt Ry. to publish the divisions referred to, as applying over our line.

Yours respectfully,

R. M. Fraser, Chairman."

Note:—The minimum weight 30,000 lbs. named in

CIRCULAR LETTER NO. B-XXVII.

To the Freight Committee.

Gentlemen: I am in receipt of letter from a member, as follows:

"Attention is called to Mo. Pac. Division Sheet No. 1 to Arkansas Freight Committee Tariff No. 3—a proof of which was submitted to your company for check. A great many rates are carried therein from Arkansas points to Cincinnati and Louisville in the division of which lines east of East St. Louis have been allowed 40 per cent of the Little Rock rate. After further investigation it developes that Mo. Pac. Percentage Sheet No. 465 of May 10th, 1901, covers this arrangement, but in accordance with action of the St. Louis-Cincinnati-Louisville Freight Committee, see Proceedings of February 27th and April 24th, 1901, it is evident that these divisions are unauthorized. The matter was gone into more fully in proceedings of meeting dated October 23rd, 1901, which indicates that beyond a doubt all northbound percentage arrange-

ments were cancelled excepting those authorized on Cotton Seed Products. See Proceedings of February 27th, 1901.

I am also informed that individual lines have given Mo. Pac. notice that they will participate in the above mentioned divisions on class and commodities, that is, accept 40 per cent of the Little Rock Rate, East of East St. Louis on the traffic in question. As it is apparent that there is some misunderstanding in this matter, the subject is therefore referred to you for attention so that a uniform understanding may be arrived at."

By reference to Proceedings No. IV, page 2, Feb. 27th; No. V, page 1, April 24th; No. VII, pages 1 and 2, September 25th, and No. VIII, pages 1 and 2, October 23rd, 1901, you will see that all through rates, divisions and percentages on northbound traffic were cancelled, except on Cotton Seed Products as named in Proceedings No. IV and accepted as stated in No. V.

Please advise me whether or not you are adhering strictly to the legislation referred to above, if not, will you explain your reasons for doing otherwise. Prompt reply requested.

Respectfully,
R. M. Fraser, Chairman."

To the Freight Committee.

Gentlemen: As instructed at meeting 25th inst., I give below copy of correspondence with Chairman Southwestern Tariff Committee, referred to in Pro-

Mr. G. W. Cale, Chairman, City.

Dear Sir: I am in receipt of wire from member of this Committee, calling attention to the percentage divisions named in Southwestern Tariff Committee Division Sheet No. 15, effective July 15th, on traffic between Cincinnati, Louisville, etc., and Texas Common Points, on page 8, Items No. 45, 46, 47, etc.

As the above divisions have not been authorized by this Committee, will you please advise me by whom said divisions are authorized with such additional information as may be necessary to enable the Committee to take action making same applicable by all lines, or otherwise as they deem proper. The Committee will meet in Louisville, Wednesday, June 25th, and I should therefore have reply early tomorrow, 24th.

Committee Division Sheet 15.

Mr. R. M. Fraser, Chairman, City.

Dear Sir: I have yours even date, file B-310, wherein you refer to Southwestern Tariff Committee Division Sheet No. 15, effective July 15th, 1902. You call specific attention to items 45, 46, 47, etc., page 8, of said Division Sheet.

Replying to your query as to "by whom such divisions are authorized," will say that the Southwestern Tariff Committee Lines have for a long time past been of the opinion that the divisions as now operative between Southwestern Tariff Committee Lines and Lines members of your Committee were unsatisfactory; and you no doubt recall the joint conference had between lines, members Southwestern Tariff Committee and

lines, members of your Committee, which was held in your office in the early part of the year, and at which time no satisfactory proposition was offered for changing divisions now in effect. But after numerous conferences among ourselves, Southwestern Tariff Committee members reached a conclusion as to divisions they felt would be fair and equitable to be accorded lines, members of your Committee, east of Mississippi River Crossings. In view of their failure in joint conference and having reached conclusions satisfactory to themselves, they were of the opinion that all that was necessary for them to do to change divisions now in effect was to give lines, members of your Committee 30 days' notice, which they have done by issuing Division Sheet 15, which sets out the divisions that Southwestern Tariff Committee lines are willing to accord lines members of your committee. They feel that under the agreement establishing the present divisions they have the right to do this.

I trust this is the information you desire and that it will prove entirely satisfactory.

Yours truly,

(Signed) Geo. W. Cale, Chairman."

Will state that my reference to the Joint Conference in your office the early part of the year was from memory as I did not refer to the papers; and as I was not present at the conference was of the opinion that it was a Southwestern Tariff Committee affair, but since you have called attention to the fact that it was an Arkansas matter, I beg to stand corrected.

However, this would not alter the other views expressed in my letter as to the Southwestern Tariff Committee Lines being dissatisfied with the divisions that have been operative for some time past and which will continue in effect until those named in Division Sheet 15 become effective.

Will you kindly submit this proposition to the members of your Committee, requesting their vote by letter and advise result?"

Please let me have your vote on the above proposition. If two-thirds of the members vote in the affirmative, amendment to Joint Proportional Tariff No. B-29 will be issued.

The present rate is Official Classification basis, viz: 5th class, 15 cents per 100 pounds, carload, minimum weight 20,000 pounds.

This subject was last considered at meeting June 25th, 1901, when application was made for Proportional Rate of 11 cents per 100 pounds carload, minimum weight 30,000 pounds and was declined.

Respectfully,

R. M. Fraser, Chairman."

CIRCULAR LETTER NO. B-XXIII.

To the Freight Committee.

Gentlemen: At meeting held in this Office April 17th, the "Articles of Organization" of this Committee were revised and printed copies sent April 18th to representatives of each line for signature.

A signed copy of the paper has been returned to me by all members, except two. One is delayed by absence of an official, whom it is deemed necessary to consult—the other is the Ill. Cent. R. R., who have returned the paper to me with the following letter from their General Counsel:—

"Chicago, May 24, 1902.

St. Louis-Cincinnati-Louisville Freight Committee.
Mr. T. J. Hudson, Traffic Manager.

Dear Sir: In reply to yours of May 17th, 1902, in the above matter, with enclosures which I herewith return, I have to say that while I cannot say that the articles are unlawful, yet they appear to me to be open to criticism.

The first article provides for a conference in regard to divisions of through rates, statistics, classifications, rules, regulations, etc. Under classifications very serious changes are made in rates.

Any articles of association providing for a vote upon any question which may result in an unlawful agreement are at present dangerous. Although the parties reserve the right to individual action, if they actually agree by a vote then and there to do something which is in violation of the Sherman Act, the offense might be complete. The reservation of the right to depart from the agreement would not remove the

objection to the fact that there was an agreement. If you take article I, above referred to in connection with Article V, what I have said becomes apparent to you. I therefore suggest that Article V, be changed so as to read as follows:

ARTICLE V.

"Section A. Each road, member of the Committee, shall be allowed one vote upon all questions as an expression of opinion.

Section B. All propositions receiving the votes of two-thirds of the members present shall be regarded as a recommendation to the several roads which are members of the Committee, to be followed by them or not, respectively, as each road may determine, it being understood that nothing herein shall be construed as binding any member to follow such recommendations."

Section E, Article VI, should also be changed so as to have added to it the following:

"Provided, however, that no such construction shall be in conflict with Article V."

Yours truly,

(Signed) J. M. Dickinson,
General Counsel.

For ready reference I give below copy of Article I, also Article V, Sections A and B, and Article VI, Sec. E. (mentioned in letter), as now printed and changed recommended:

ARTICLE I.

The purposes of this Committee are:

To enable members to confer with each other and with other Railroads and similar committees in regard to divisions of through rates, statistics, classifications, rules, regulations and inspections and to secure to the members the interchanges and promulgation of authentic information in regard to the freight traffic and tariffs of the respective parties, and to aid in securing compliance with the laws of the states and of the

United States relating to and regulating commerce, as between the following points and territories, viz:

ARTICLE V.

Now reads—

Section A. Each Road, member of the Committee, shall be allowed one vote in the expression of its opinion or decision.

Section B. All propositions receiving the votes of two-thirds of the members present shall be regarded as approved, and regarded as rejected if receiving less than two-thirds; but nothing herein shall be construed as depriving any member of the right of individual action if it chooses to exercise such right.

Changed to read—

Section A. Each road, member of the Committee, shall be allowed one vote upon all questions as an expression of opinion.

Section B. All propositions receiving the votes of two-thirds of the members present shall be regarded as a recommendation to the several roads, which are members of the Committee, to be followed by them or not, respectively, as each road may determine, it being understood that nothing herein shall be construed as binding any member to follow such recommendations.

ARTICLE VI.

Now reads—

Section E. The Chairman shall construe these Articles of Organization and the proceedings taken thereunder, and his decisions shall be final until the same are decided adversely by this Committee.

Changed to read—

Section E. The Chairman shall construe these Articles of Organization and the proceedings taken thereunder, and his decisions shall be final until the same are decided adversely by this Committee, provided, however, that no such construction shall be in conflict with Article V.

Will you please give this subject due consideration and advise me of your conclusions or be prepared to

take necessary action at meeting to be called for Louisville Hotel, Louisville, Ky., June 25th, 10:00 a. m., as provided for at meeting May 28th, see proceedings No. XIV, page 4.

R. M. Fraser, Chairman."

CIRCULAR LETTER NO. B-XXI.

To the Freight Committee.

Gentlemen: At meeting 28th inst., a member sta-

ted that he had information that some of the roads were carrying Asphaltum and Tar Paving Cement, Jeffersonville to East St. Louis, at rate of 7 cents per 100 pounds and suggested that the roll be called to ascertain if any of the Louisville-Jeffersonville Lines are applying less rate than 11 cents per 100 pounds on Asphaltum or Tar Paving Cement.

In accordance with the above roll was called and all lines stated that they were demanding 11 cents per 100 pounds on the Commodities in question. It was suggested that the rate may be applied via some of the lines without the knowledge of the General Frt. Agt. and in view of this, it was

Recommended, That the Chairman be instructed to make an investigation and report at next meeting.

In accordance with the above please investigate and advise me whether the Commodities named have been transported in C. L. by your line at less than 11 cents per 100 pounds from Louisville, Jeffersonville or New Albany to East St. Louis. If so, will the rate of 11 cents be adhered to on future shipments,

Prompt reply requested.

CIRCULAR LETTER NO. B-XVII.

To the Freight Committee.

Gentlemen: I am in receipt of the following letter from a member:

"On reference to Official Classification, I notice that

the present rating on Wooden Packing Drugs, carloads, minimum weight 10,000 lbs., and loaded in cars not exceeding 36 feet in length, is third class as against fourth class rating on barrels, half-barrels, etc., same minimum weight and length of cars. Also the rating on Packing Drums, less than carloads, not nested, is double first class, while rating on barrels is first class.

The object of this letter is to make application for the publication of Commodity Rates on Empty Packing Drums, carloads and less, to basis of the same rates as in effect on empty barrels, on business between East St. Louis and Louisville and Cincinnati. Will you kindly submit this to interested lines and advise quickly as possible?"

Please let me have your vote on the above proposition. If two-thirds of the members vote in the affirmative, amendment to Joint Tariff No. B-28 will be issued.

CIRCULAR LETTER NO B-XVI.

To the Freight Committee.

Gentlemen: I am in receipt of the following letter, May 9th, file 46433 from G. F. A., B. & O. S. W. R. R.

In order to equalize through rates on turpentine from South Atlantic Ports to Colorado and Utah Common Points, via Louisville, with through rates that can be made via other gateways, a proportional rate of 5 cts. per 100 lbs. is necessary from Louisville to East

St. Louis, present rate being 10 cts. per 100 lbs., and we would ask that you kindly consider this as application for authority to use proportional rate of 6 cts. per 100 lbs. on this business.

This rate is concurred in by the L. H. & St. L. and Southern Ry., but views of other lines have not as yet been obtained on the proposition.

Will you kindly submit for vote in the usual manner?

Please let me have your vote on the above proposition. If two-thirds of the members vote in the affirmative, amendment to Joint Proportional Tariff No. B-29 will be issued naming rate on Turpentine, C. L., in tanks or barrels, minimum weight in wood, 30,000 lbs., in tanks, capacity of tank, 8 cts. per 100 lbs., Louisville to East St. Louis.

I am advised that there is a prospective movement of Crushed Granite from East St. Louis to Louisville, Ky., in very large quantities. The present rate is $1.75 per ton. We feel that the traffic should not be

more than is authorized on Chatts, $1.50 per ton; in fact, the traffic is no more valuable and loads to just as good advantage as sand, on which we have rate of $1.35 per ton. CIRCULAR LETTER NO. B-VII.

To the Freight Committee.

Gentlemen: At the meeting held in this office yesterday to consider changes in the "Articles of Organization" (See Circular Letter B-304, April 11th), all roads being represented, it was decided that the Addenda, as shown in Proceedings No. XII, March 26th, page 4, should not be made a part of the "Articles of Organization" but that the individual statement of the members should appear in the proceedings issued after May 1st, 1902, the date named for the New Articles of Organization to become effective.

The statement referred to is as follows:

"Roads, members of this Committee individually advise, that this Committee has no jurisdiction over traffic between interior points in Kentucky, Tennessee or the Southeast and East St. Louis or East St. Louis Points, or traffic beyond through these points, where through rates are not based on combination of locals through Louisville or Cincinnati, but are established by Southern Lines having their own rails to the Mississippi River.

Gentlemen: You are hereby urgently requested to attend a meeting of the Committee at this office on Thursday, April 17th, at 10:30 a. m., to consider and act upon changes in Articles of Organization of this Committee, dated December 28th, 1898, in accordance with the following letter:

"Pittsburg, Pa., April 9, 1902.
2344.

Mr. R. M. Fraser, Chairman, St. L. C. L. Frt. Com.,
St. Louis, Mo.

Dear Sir: Referring to the Articles of Organization of the St. Louis-Cincinnati-Louisville Freight Committee, comprising the B. & O. S. W., C. C. C. & St. L, C. H. & D., I. C. R. R., I. D. & W., L. E. & St. L. C. (now Southern Ry.) L. H. & St. L., P. C. C. & St. L., T. H. & I. and T. St. L. & K. C. (now T. St. L. & W.), which became effective as of December 28, 1898; I would suggest, under advice of Counsel, the following modification in the Articles or Organization, viz.:

ARTICLE V.

Now reads:

Sec. A. Each road, member of the Committee, shall be entitled to one vote.

Change to read:

Each road, member of the Committee, shall be allowed one vote in the expression of its opinion or decision.

Now reads:

Section B. All questions receiving the affirmative

votes of two-thirds or more of all members present, shall be declared adopted, if less than two-thirds lost.

Change to read:

All propositions receiving the votes of two-thirds of the members present shall be regarded as approved, and regarded as rejected if receiving less than two-thirds; but nothing herein shall be construed as depriving any member of the right of individual action if he chooses to exercise such right.

ARTICLE VI.

Now reads:

Sec. B. All parties to this agreement.

Change to read:

All members of this Committee.

Now reads:

Sec. C. The Chairman shall keep a full and accurate account of all traffic covered by this Agreement.

Change to read:

The Chairman shall keep a full and accurate account of all traffic pertaining to the business of this Committee.

Now reads:

Sec. D. The Chairman shall have access to all books, papers, and accounts of the parties hereto, relating to the freight traffic carried hereunder.

Change to read:

The Chairman shall have access to all books, papers and accounts of the parties hereto, relating to the freight traffic pertaining to the business of this Committee.

Now reads:

Sec. E. The Chairman shall construe this Agreement and the resolutions adopted thereunder.

Change to read:

The Chairman shall construe these Articles of Organization and the proceedings taken thereunder.

ARTICLE VIII.

Now reads:

It shall be the duty of any member of this Committee having knowledge of any alleged violation of these Articles or Rules, to report the same to the Chairman who is empowered and directed to employ such means as he may elect to ascertain the facts; and if in his judgment the allegations are reasonably sustained and he cannot secure a cessation of the causes of complaint, he shall convene the Committee to consider and act upon the same.

Change to read:

It shall be the duty of any member of this Committee having knowledge of any alleged departure from these Articles or Rules, to report the same to the Chairman, who is empowered and directed to employ such means as he may elect to ascertain the facts; and if in his judgment the allegations are reasonably sustained and he cannot secure a compliance with the Articles of Organization, he shall convene the Committee to consider and act upon the same.

ARTICLE X.

Now reads:

Amendments to these Articles shall be submitted in writing to the Chairman, who shall immediately submit copies thereof to the members of the Committee. Such proposed changes or additions shall be acted upon at the first regular meeting thereafter, and can only be adopted by the unanimous vote of members, parties hereto.

Change to read:

Amendments to these articles shall be submitted in writing to the Chairman, who shall immediately submit copies thereof to the members of the Committee. Such proposed changes or additions shall be acted upon at the first regular meeting thereafter, and can only be adopted by the unanimous concurrence of members, parties hereto.

Will you please convene your Committee and submit foregoing for their consideration. We feel that these amendments are necessary in order to enable the P. C. C. St. L. Ry. Company to retain its membership in the Committee.

Yours truly,

(Signed.) D. T. McCabe,
Freight Traffic Manager."

It is also desirable that the Special Committee should be prepared to complete their report, see proceedings No. XII, March 26th, 1902, regarding Louisiana Traffic and make any other changes so that the Articles of Organization may be printed complete.

CIRCULAR LETTER NO. B-VI.

To the Freight Committee.

Gentlemen: I am in receipt of letter 7th from a member as follows:

"Sulphuric Acid in Tank Cars, Iola, Kas., To Louisville, Ky."

The rate on this Commodity from La Salle, Ill., to Louisville is 10½ cents per cwt., same from Chicago. To meet this competition we are asked to join in rate of 19 cents from Iola, Kas., to Louisville, dividing: Lines West of the Mississippi River 50 per cent, lines east 50 per cent. Deduct Louisville and St. Louis bridge before prorating.

Please submit this proposition to members of the St. Louis-Cincinnati-Louisville Freight Committee and secure wire vote as quickly as possible."

This subject was considered by the Committee last year (See proceedings June 26th, September 25th, and October 23rd.)

The Tariff rate at present East St. Louis to Louisville is 5th class, 15 cents per 100 pounds.

Please vote whether you approve of the through rate and divisions 19 cents, if so, whether the Traffic shall be handled by through tariff issued by originating road or shall an Amendment be issued by this Committee to Proportional Tariff I. C. B-26 naming rate from E. St. Louis which I understand will be 9 cts. per 100 pounds capacity of tanks.

If two-thirds of the members vote in the affirmative on either proposition, action will be taken accordingly.

CIRCULAR LETTER NO. III.

Rates on Bulk Salted Meats and Packing House Products, Carloads, Missouri River to C. F. A. Points.

To the Freight Committee.

Gentlemen: At meeting February 14th, letter from a member was submitted calling attention to changes necessary to equalize rates via East St. Louis Gateway. Let. February 22nd, file 8866, also received

from Chairman C. F. A. regarding discrepancies and at meeting March 11th (See proceedings March 22nd, page 3), it was

Resolved, That the matter be referred back to Mr. Tucker with the suggestion that he have prepared a statement showing rates through the various gateways to the points affected with the end in view to having a joint meeting of interested Committees, including the C. & O. R. Committee, Peoria Committee, Chicago Committee, St. Louis Committee, and the St. Louis-Cincinnati-Louisville Freight Committee for the consideration of this subject.

Meeting has been called by Chairman Central Freight Association (See C. M. No. 4), at the Association Rooms, Chicago, Tuesday, April 8th, 2:30 p. m., to consider the above subject.

In case you cannot attend the meeting please notify Mr. J. F. Tucker at once so that he will be able to notify the other members that meeting will not take place.

Respectfully,

Rate on Whiskey in Wood.

To the Freight Committee.

Gentlemen: For your information I give below copy of letter March 31st, file 9007, from Chairman C. F. A., in answer to letter authorized at meeting 26th ult. (See Proceedings XII, page 2.)

"Dear Sir: I am in receipt of your letter of the 28th inst., your file B-314, on the subject of rates on Whiskey, in wood, any quantity.

This matter received the attention of the Central Committee and is yet upon its docket for final recommendation. It was deemed impossible (during this year at any rate) to advance the rate on Whiskey in carloads, on account of arrangements that forced the 30 cent rate you mention in your letter. It was further considered by the Central Committee that earnest, combined efforts by all the initial roads where this consolidation was going on would evolve some plan by which the consolidation could be put a stop to.

Personally, I feel that it is not a wise move to put carloads and less than carloads at the same rate, for all those matters are sympathetic in their nature, and should we adopt such a rule it would, in my judgment be a bad precedent. Please have the St. Louis Committee earnestly consider this matter again to see if some action cannot be taken different from the one the St. Louis Committee recommends and advise me further.

Should the Cincinnati and Louisville Committee's reports reach me before Thursday, it will be considered by the Central Committee on that date."

If the Cincinnati or Louisville Committees see proper to take any further action on the subject I will transmit same to Chairman Tucker.

Yours respectfully,

R. M. Fraser, Chairman."

CIRCULAR LETTER B-I.

Rates on Articles of Iron and Steel Manufacture.

To the Freight Committee.

Gentlemen: For your information I give below copy of report from Special Committee, provided for in Resolution on Page 5, Proceedings No. XII, March 26th, also letter from G. F. A., L. & N. R. R.

"Louisville, Ky., March 31, 1902.

Mr. R. M. Fraser, Chairman, St. Louis-Cincinnati-Louisville Freight Committee, St. Louis, Mo.

Dear Sir: See your letter of March 28th, your file B-419, advising of appointment of a Special Committee to confer with General Freight Agent Goodwyn, as provided for in the resolution adopted at the meeting of the St. Louis-Cincinnati-Louisville Freight Committee, held in Cincinnati on Wednesday, March 26th.

As requested, Messrs. Ryan, Connelly and self called upon Mr. D. M. Goodwyn, General Freight Agent of the L. & N. R. R., on Saturday, March 29th, giving that gentleman the information as to the action taken at meeting referred to, in regard to restoring rates on iron articles and steel articles from Cincinnati and Newport and from New Albany, Louisville and Jeffersonville to East St. Louis, with the assurance that full published tariff rates will be carried by all other lines if the L. & N. R. R. would take similar action. Attached I hand you a letter addressed to me by Mr. Goodwyn, in which he agrees to maintain the old rate of 12 cts. per cwt. on iron and steel articles from Cincinnati and group to East St. Louis, on business to East St. Louis and beyond. It is the understanding of our special committee that Mr. Goodwyn would make this 12 cent rate effective on April 14th.

Your Committee also called on Mr. L. J. Irwin of L. H. & St. L. Ry. and requested that he cancel the special rate now carried on Iron and Steel Articles from Louisville to East St. Louis. Mr. Irwin declined to make any change in the rate that he is carrying from Louisville.

As your Special Committee has carried out all that the resolution of Wednesday, March 26th, covered, it would respectfully request to be relieved of any further action upon its part.

Yours very truly,

(Signed) M. S. Connelly.

Mr. Homer F. Frost, A. G. F. A., Louisville, Ky.
Dear Sir:

Iron Articles from Cincinnati and Group.

Recalling our conference today when a sub-committee from the Cincinnati-St. Louis-Louisville Freight Committee called on me in regard to the rate on Iron and Steel Articles from Cincinnati and Group to East St. Louis, the sub-committee, consisting of yourself, Mr. Connelly and Mr. Ryan, with you as Chairman.

I stated in our conversation that the Louisville and Nashville Railroad was willing to restore the old rate of 12 cts. per cwt. and would honestly maintain it from Cincinnati, Newport and Covington to East St. Louis, just so long as its competitors maintain the same rate on business to East St. Louis and beyond. I am prepared to withdraw our 9 cent rate on legal notice, accepting your verbal assurance that all the Cincinnati lines have agreed to absolutely maintain the 12 cent rate.

As a matter of course, what our action in the future

may be must necessarily depend upon the integrity with which the agreement is maintained.

Yours truly,
(Signed) D. M. Goodwyn, G. F. A.

Please give this subject immediate attention.

Yours respectfully,

Mr. R. M. Fraser, Chairman St. L. C. L. Frt. Committee, St. Louis.

Gentlemen: At meeting of the Louisville Committee, March 11th, the following was adopted:

Resolved, That it is the sense of this Committee that the only practical way in which the consolidation of L. C. L. shipments of Whiskey, in wood, into carloads, can be prevented, will be the adoption of one class to apply, regardless of quantity:

Resolved, That this Committee recommend to the Central Freight Association the application of Third Class rate on Whiskey in wood, any quantity."

The foregoing has been submitted to the C. & O. R. Committee for concurrence so far as it pertains to application of 3rd class rates any quantity from Ohio River Crossings to C. & O. R. Committee Points. Won't you kindly submit the same to your respective Committees for vote and advise me the result as early as practicable?

Mr. R. M. Fraser, Chairman St. Louis-Cincinnati-Louisville Freight Committee, St. Louis, Mo.

Dear Sir:

Rate Adjustment: Rate and Weight on Tobacco Stems, East St. Louis to Louisville. Please refer to your I. C. C. B-27.

We gave you notice that we would not be a party to any change in the rate or weight on Tobacco Stems.

It seems very strange to me in the face of such notice, that you made us a party to the tariff mentioned.

Will you please issue a cancellation notice immediately so far as our road is concerned.

Yours truly,
(Signed) R. A. Campbell, A. G. F. A."

In accordance with the above Amendment No. 1 to B-27 will be issued at once, eliminating rate on Tobacco Stems, named therein and the following rate will be published, Tobacco Stems, C. L., minimum weight 30,000 pounds, 7 cents, East St. Louis to Louisville.

CIRCULAR LETTER NO. B-XXX.

To the Freight Committee.

Gentlemen: I am in receipt of the following letter from a member:

"There is a movement of Mules from points in Missouri to local points on the L. & N. in Kentucky. There is also considerable business from Missouri Points to New Orleans, a portion of which could be moved through Louisville, provided we would accept East St. Louis to Louisville, about $30.00 per car. As the business would be billed to Louisville (proper) I find it necessary to make application for this rate.

The L. & N. publish from East St. Louis to points on their main stem, between Louisville and Bowling Green, and to points on their Cincinnati and Lexington divisions, much less rates than our present rates to Louisville, for instance: their rate East St. Louis to all points on the Cincinnati division between Louisville and Worthville, Ky., is $40.00 per car, and to points on their main stem is, in no case, higher than $48.00 per car. When this business is routed through Louisville we are compelled to accept these through rates, and allow the L. & N. their locals from Louisville, which, in many cases, pays is much less than $30.00 per car.

If we can establish a rate of $30.00 per car, East St. Louis to Louisville, the Mules would be shipped to Louisville, assorted, and reconsigned to L. & N. local stations, and to New Orleans, yielding us more revenue than we are now receiving, as well as increasing the traffic. Will you please, therefore, submit by letter proposition to apply same rate on Mules as on Cattle; namely, 15 cents per hundred pounds, mini-

mum as per Official Classification? This will have the effect of making a distributing point out of Louisville rather than having the shipments billed through as at present."

Present rate, 25 cents per 100 pounds. Please let me have your views as to the foregoing proposition and oblige

Yours respectfully,
R. M. Fraser, Chairman."

Rates on Pig Lead, Spelter, Etc., from East St. Louis.

This subject was last considered at Special Meeting Dec. 27th, (See proceedings 1st page.) The resolution adopted 27th ult., was submitted to the Central Freight Ass'n, asking that, vote be taken on the proposition. A request being received from Chairman Tucker, that, the subject have further consideration by this Committee, a Special Meeting was held this afternoon and after due consideration of the subject, generally, it was

Resolved, That, at a meeting of the St. Louis East-

bound Freight Committee, today, it was the unanimous opinion, that, rates on Pig Lead, Spelter, etc., on basis of 20 3-10 cts., East St. Louis to Boston; 18 9-10 cts., to New York; 17 cts. to Philadelphia and 16 cts. to Baltimore, be established as local rates, from East St. Louis, with the understanding that the rates to Seaboard Basing Points, be the Minimum Rates to Interior Points east of the Western Termini of the Trunk Lines. All agree the loss of revenue is unfortunate, but the conditions are the result of Chicago Lines protecting unauthorized rates, and St. Louis Lines feel this discrimination, against East St. Louis, cannot longer be tolerated."

Rates on Pig Iron, Billets, Etc., East St. Louis to C. F. A. Territory.

Resolved, That, the Chairman issue an Amendment to Joint Tariff No. 108, restoring Joint Tariff No. 97, effective at the earliest possible date, it being understood that it is a temporary measure to provide for rates until such time as interested parties can check in proper rates, from East St. Louis and the Ohio River Crossings.

Meeting convened at 2:00 p. m.

Switching Schedule Number 2.

This subject was laid over at meeting Dec. 22nd, and after further consideration today, it was

"Resolved, That, the roads, members of this Committee be authorized to recognize the L. H. & St. L. Ry., L. & N. R. R. and M. & O. R. R. as competitors, with the privilege of equalizing their charge for switching at East St. Louis and that, the Chairman call a meeting, of the East St. Louis Agents to check in Switching Schedule No. 2 on that basis.

Rates on Pig Lead, Ore, Blister Copper, Etc.

Correspondence was submitted from Chairman Tucker relative to eliminating Blister Copper from the list of Commodities, named in C. F. A. Information No. 297, Series-A, as follows:

Blister Copper, Base Bullion, Ore and Pig Lead, C. L., Minimum Weight 30,000 Lbs.

From all points in Central Freight Association territory, to points east of the Trunk Line western termini, on basis of 20 cents per 100 lbs., Chicago to New York.

And after a general discussion of the subject, it was

Resolved, That, it is the sense of the St. Louis Eastbound Freight Committee, that as the reduced rates on Blister Copper were established by the Missouri River Lines, through the Chicago gateway, the lines leading via East St. Louis simply followed. The Chairman write Mr. Tucker and say, that, if he can induce the roads via Chicago Junctions to withdraw the rate on Blister Copper, the roads leading to East St. Louis, will, without a doubt, take similar action and that,

the members of this Committee will so recommend and will also agree to its elimination from Information No. 297, Series A."

Note.—This Committee's recommendation of January 3rd, (See Proceedings) was not approved by C. F. A., rates being authorized as above.

Rates on Pig Iron, Billets, Etc., East St. Louis to Central Freight Association Territory.

Resolved, That this subject was laid over until after meeting called by Chairman Tucker, for the 18th inst., at Indianapolis, Ind.

Rate on Beauxite Ore, C. L., to Detroit, Western Termini and Trunk Line Territory.

This subject was considered at meeting Dec. 22nd and recommended forwarded to the Central Freight Association. Mr. Tucker referred the matter back for further information, and it was

"Resolved, That, Chairman write Mr. Tucker for information as to the through rate on this traffic, from the producing points in Georgia, to Detroit, Western Termini and Eastern Cities, via the Ohio River Crossings, requesting that the rate to and from the Ohio River Crossings be named, that make the through rate from Georgia."

Proportional Rate on Sand, C. L., East St. Louis to Sheridan, Ind., Byesville, Marietta, Etc.

This subject was considered at meeting the 22nd ult., and recommendation referred to Central Freight Association. Further correspondence on the matter, from Chairman Tucker, was submitted, and it was

"Resolved, That, the Chairman write Mr. Tucker, and explain that, the Sand, forwarded from East St. Louis, originates beyond, therefore must pay the cost of transportation and Bridge Toll to East St. Louis, and under these circumstances it is not possible for

the traffic to stand a higher rate, from East St. Louis, than is charged from Ottawa."

Rates on Packing House Products, Including Green Hides, C. L., to Dayton, Ohio.

Chairman read telegram 11th inst., from Mr. Tucker, advising that the Chicago Lines were applying 12 cents per 100 lbs. on this traffic, from Chicago to Dayton, and it was

"Resolved, That the roads, members of this Committee individually recommend that, rate of 12 cents per 100 lbs. be authorized from East St. Louis, Ill., to Dayton, O., on Packing House Products, C. L., (which includes Green Hides) effective at once and the Chairman issue a Special Notice accordingly."

Proportional Rate of 41 Cents Per 100 Lbs. on Dressed Beef, Mutton and Pork, C. L., East St. Louis to Syracuse, N. Y.

The above subject was considered at meeting Dec. 22nd, and referred back to the Central Freight Association for further information.

The Chairman submitted reply from Mr. Tucker, and it was

"Resolved, That, the individual members of this Committee, recommend to the Central Freight Association that, the proportional rate of 41 cts. per 100 lbs., named in this Committee's Joint Tariff No. 71, Sept. 20th, 1894, on Dressed Beef, Mutton and Pork, C. L., minimum weight as per Official Classification, from East St. Louis, Ill., on shipments originating on or west of the Missouri River, to Syracuse, N. Y., be continued in effect, this rate being necessary to equalize against the Chicago gateway on like traffic.

Rules Governing Shipments of Horses and Mules to Points in the Virginias.

This subject was considered at meeting Dec. 22nd, 1899, and referred back to Mr. Tucker for further information.

After further consideration of the subject, with the additional information received from Mr. Tucker, it was

"Resolved, That, as C. F. A. Information No. 95, Series A, this Committee's Special Notice No. 779, are still in effect no action is necessary, subject be laid on the table and Mr. Tucker advised accordingly.

Rates on Dried Fruit, North Pacific Coast Points, via East St. Louis and Eastern Cities to European Ports.

Resolved, That, this subject be laid over until next meeting, awaiting information from Central Freight Association asked for at meeting Dec. 22nd."

Commodity Rates in Effect from East St. Louis to Central Freight Association Territory on and After Jan. 1, 1900.

The Chairman stated that, he had received a letter from one of its members, requesting this office to ascertain if all roads, members of this Committee, had cancelled rates in effect previous to Jan. 1, 1900 and reissued rates, in line with C. F. A. Information effective on and after Jan. 1, 1900.

Roll being called all members advised that they were being governed by the issues of the Central Freight Association, and it was

Resolved, That, the subject be laid on the table."

Traffic via Brooklyn and East St. Louis to Eastern Cities.

The Chairman read letter from Chief Inspector Rainer in which he requests to be advised if traffic from Paducah, Ky., via Brooklyn and East St. Louis was considered as coming from the South, etc.

A. G. F. A. Becker being present stated that, the Ill. Cent. R. R. had no divisions in effect at present from Paducah or Brooklyn, they having been cancelled by Ill. Cent. Supplement No. 56 to Division Sheet No. 2045, effective Dec. 15th, 1899, and it was

Resolved, That, the Chairman answer Mr. Rainer in line with statement made by Mr. Becker."

Rates on Brick, Etc., from East St. Louis to Bay City and Saginaw, Michigan.

Resolved, That, the roads, members of this Committee, individually recommend to the Central Freight Association that, they authorize rates of $2.60 per ton on Brick, etc., C. L., minimum weight 40,000 lbs., from East St. Louis, Ill., to Bay City, and Saginaw Mich. these rates being in line with rates authorized in C. F. A. Information No. 1890 from East St. Louis to various points in Central Freight Association Territory.

Rates on Broom Corn, East St. Louis to Eastern Cities.

Resolved, That, this subject be laid over pending further information to be received from Chairman Tucker.

Proportional Rate on Rags and Paper Stock, C. L., East St. Louis to Allegan, Michigan.

Whereas, The through rate on rags and paper stock, C. L., from Kansas City, via Chicago to Allegan, Mich., is 28 cents per 100 lbs., as against the rate Kansas City to East St. Louis, 13½ cts., and East St. Louis to Allegan, 16 cts., total 29½ cts. per 100 lbs., therefore be it

Resolved, That the roads, members of this Committee individually recommend to the Central Freight Association that a proportional rate of 14½ cents per 100 lbs. be authorized on rags and paper stock, (pressed in bales) C. L., from East St. Louis, Ill., to Allegan, Mich., to equalize with the rates on this traffic via the Chicago gateway.

Proportional Rate on Lumber, C. L., from East St. Louis to Attica, Ind.

Whereas, Central Freight Association Information No. 1878 authorizes Proportional rate of 8 cts. per 100 lbs. on Lumber, C. L., from East St. Louis, Ill., to La Fayette, Ind., and to Attica, Ind., 9 cts., be it

Resolved, That the individual roads, members of this Committee recommend to the Central Freight Association that Information No. 1878 be amended authorizing rate from East St. Louis to Attica Ind., 8 cts., same to La Fayette, Ind., Attica being an intermediate point.

Rates on Lumber, L. C., from Pacific Coast Points to C. F. A. Territory.

The Chairman submitted a Joint Letter from Mr. Tucker addressed to the Chicago, Peoria and St. Louis Committees, relative to calling a meeting for joint check of rates on this traffic, and it was

Resolved, That the Chairman write Mr. Tucker, advising that it is the sense of this Committee, that they are not interested in this check, as the St. Louis roads simply equalize with rates from these points and if the Chicago and Peoria Committee will line up with their rates the St. Louis roads will be able to put their rates in line without a joint check.

Rates on Rags and Waste or Scrap Paper, Pressed in Bales, C. L., East St. Louis to Trunk Line Territory.

Correspondence on the above subject was submitted and after a general discussion it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Association that rates be authorized on Rags and Waste Paper, pressed in bales, C. L., minimum weight as per Official Classification from East St. Louis, Ill., to Trunk Line Territory, on basis of 25 cts., Chicago to New York.

Establishing Basing Sheet for Rates on Pig Iron, Billets, Etc.

Resolved, That this subject be laid over indefinitely.

Rates on Granite, Rough Quarried, Valuation Restricted to 20 cts. per Cubic Foot, Originating at Points in State of Missouri.

Whereas, C. F. A. Information corrected No. 264, Series-A, authorizes rates on this traffic, from East St. Louis, Ill., to Boston 28, New York 26, Philadelphia 24, Baltimore, 23, and Information No. 1884 authorizes rates to Western Termini Points on same basis, be it

Resolved, That the Chairman be instructed to reissue Special Notice No. 916, naming rates on this traffic from East St. Louis, Ill., to Boston 28, New York 26, Philadelphia, 24, Baltimore 23, and Western Termini Points 17½ cents per 100 lbs.

Rates on Green Hides, C. L., to Indianapolis, Indiana.

Attention was called to C. F. A. Information No. 1864 as naming rates on Green Hides, C. L., to Indianapolis, Ind., 12 cts., and carrying rate on Packing House Products in same Information, to Indianapolis at 10 cts. per 100 lbs., and it was

Resolved, That the members of this Committee individually agree that, the rate of 12 cts. per 100 lbs. on Green Hides, C. L., named in Special Notice No. 930 be corrected to read 10 cts. per 100 lbs., same as authorized on Packing House Products to Indianapolis, Ind.

VARIOUS LETTERS FROM SHIPPERS.

Regarding Official Classification Number 20, Effective January 1, 1900.

Resolved, That, the Chairman refer all the letters on the above subject to Mr. C. M. Gill, Chairman of the Official Classification Committee for consideration at meeting of that Committee, called for the 22nd, inst., advising the writers of the several letters of this action, suggesting that additional correspondence on the subject be addressed to Chairman Gill.

R. M. Fraser, Chairman.

Meeting convened 3:00 p. m.

Switching Schedule No. 2.

The Charman stated, that in line with resolution adopted by the Freight Committee, 11th inst., meeting of the East St. Louis Agents was held in this office and Schedule No. 2 checked in on basis authorized in said resolution and the following action taken:

"Resolved, That the figures checked in at meeting today, (January 26, 1900) be referred back to the

Freight Committee for their consideration and approval.

After a general discussion, it was suggested by one of the members, that the Schedule be issued to show the Industries, their location and the cost of Switching for the different lines to reach same, and that, the notation in proof of Schedule, "to absorb" and the amount shown, be eliminated.

And it is therefore,

Resolved, That the Chairman be instructed to issue Switching Schedule No. 2, showing only the amount it will cost each road to or from the various industries named therein.

And it was further,

Resolved, That the Chairman, after securing a revised proof of the Schedule, call a meeting of the East St. Louis Agents for a final check and then publish the Schedule.

Rates on Packing House Products to Dayton, Ohio and Green Hides to Indianapolis, Ind.

The Chairman submitted correspondence between Mr. Tucker and this office, regarding these rates. (See proceedings Jan. 11, 1900.)

And it was

Resolved, That this subject be tabled.

Rate on Green Salted Hides, C. L., East St. Louis to Zanesville, Ohio.

The Chairman submitted a letter from a member recommending that rate of 17 cents per 100 lbs, be established on this traffic, to Zanesville, O., for reason that, the rate to Dayton was 12 cts.

After a general discussion, the following resolution was offered:

Resolved, That we recommend to the Central Freight Association to establish a 17 cent rate on Green Salted Hides, C. L., East St. Louis to Zanesville, Marietta and Columbus, Ohio.

The foregoing not being approved by the individual roads, was tabled.

Election of Executive Committee for Year 1900.

The term of office for which the Executive Committee were elected for 1899 having expired, it was

Resolved, That Messrs. Holliday, Coyle and Taylor be and are hereby elected an Executive Committee for the year 1900 and to hold office as provided for in the Articles of Organization.

Rates on Brick, Clay, Etc., C. L., East St. Louis to Points in C. F. A. Territory.

Letter was submitted from one of the members regarding this traffic, stating that rates published in this Committee's Joint Tariff No. 111, was in some instances out of line by their route, and it was

Resolved, That the Chairman call a meeting of the Rate Clerks to check in rates on Brick, Clay, etc., C. L., published in this Committee's Joint Tariff No. 111 and that if any omissions or inaccuracies are discovered they be reported to the Central Freight Association, asking for the necessary relief.

Note.—Circular will be issued calling a meeting of the Rate Clerks at this office, Wednesday, Feb. 7, 10:00 a. m.

Rates on Cement and Cement Plaster, C. L., East St. Louis to Points in Central Freight Association Territory.

Letter from Chairman Tucker was read regarding rates on Cement and Cement Plaster, C. L., see Circular Letter January 26th, file 3309.

After a general discussion it was stated that it would not be practicable to advance the proportional rates on Cement Plaster, C. L., named in this Committee's Special Notice No. 931, as this traffic originates in Texas and the Indian Territory and that these Proportional Rates are necessary from East St. Louis, to move the business; and it was

Resolved, That the Proportional Rates on Cement, named in Special Notice No. 931 be cancelled and rates on this traffic from East St. Louis be issued in line with the Central Freight Association Information No. 1986. The Proportional Rate on Cement Plaster in said Special Notice to be re-issued and continued in effect for reasons stated above, Chairman Tucker to be advised accordingly.

Rates on Dressed Meats, C. L., from East St. Louis to Points in Central Freight Association Territory.

The Chairman read letter from Mr. Tucker in which he embodied letter from Chicago Freight Committee, stating that Committee had decided to advance their rates on Dressed Meats, C. L., from Chicago to Detroit, Grand Rapids and Muskegon, Mich., Findlay, Fostoria, Lima and Toledo, Ohio, 2½ cts., Muncie, Ind., 2 cts., Sandusky, Ohio, 1 cent and Tiffin, Ohio, 2 cts. per 100 lbs., requesting that like advance be made from East St. Louis to same points, and it was

Resolved, That the Chairman endeavor to ascertain the correct or agreed basis upon which rates, on this traffic, should be made, to be in line with Chicago, the information to be submitted to the Rate Clerks at their first meeting, in order that they may check in the rates from East St. Louis to all Central Freight Association points, the result of their action to be submitted to the Central Freight Association as a recommendation from this Committee, provided changes are needed in present authorized rates.

Note.—Circular will be issued calling a meeting of the Rate Clerks, at this office, on Wednesday, Feb. 7th, 10:00 a. m.

Basis for Eastbound Rates to Eastern Cities.

The Chairman called attention to the Central Freight Association Information No. 298, Series A, regarding the subject, (See Circular Jan. 27, 1900) also submitting correspondence from Mr. Tucker, and it was

Resolved, That the Chairman cancel and re-issue all Special notices from East St. Louis to Trunk Line Territory that are now in effect, correcting them to basis as now established in Central Freight Association Information No. 298, Series A and that this basis govern on future issues.

RATES TO THE VIRGINIAS.

Rates from Memphis via St. L. I. M. & S. Ry. to C. F. A. Territory.

Resolved, That the above subjects be laid over until next meeting.

Furnishing Foreign Roads with Tariffs and Special Notices Issued by this Committee.

This subject was considered at meeting held Sept. 5th, 1899, and resolution adopted that Foreign roads be supplied with not to exceed two copies of the issues of this Committee.

The Chairman submitted a letter from a member with letter from a road not a member of this Committee, requesting to be furnished with 35 copies of all Tariffs and Special Notices, issued by this Committee, and after consideration it was

Resolved, That the Chairman be authorized to furnish foreign roads (desiring more than two copies) with the number they desire, charging for same 1 cent per copy, the charge for any one supply of each issue of Tariffs or Special Notices furnished, to be not less than 25 cts and the postage.

Rates on Grain and Grain Products, C. L., East St. Louis to Points in Central Freight Association Territory.

Correspondence was submitted from Chairman Tucker also one of the members relative to checking rates on Grain and Grain Products to various points in Central Freight Association Territory, on basis named in this Committee's Special Notice No. 928, Central Freight Association No. 1914, and it was

Resolved, That the Chairman call a meeting of the Rate Clerks to check in rates on Grain and Grain Products, C. L., from East St. Louis to various points in Central Freight Association Territory on basis authorized in this Committee's Special Notice No. 928 and Central Freight Association Information No. 1914.

Note.—Circular will be issued calling a meeting of the Rate Clerks, at this office, Wednesday, 7th inst., 10:00 a. m.

Rates on Lumber, C. L., from St. Louis Proper.

Resolved, That the subject be laid over.

American Cotton Company's Insurance Contract.

The Chairman called attention to the proceedings of Dec. 27th, and Circular Letter of Dec. 28th, 1899, file 3396, regarding American Cotton Company's Cotton, stating that he had received a letter dated Jan. 9th, from Mr. H. G. Krake, T. M., American Cotton Company, advising that all the cotton for which bills of lading had been issued and for which policies had been placed in my possession, had gone forward, requesting return of the policies.

This is to inform you that all of the policies have been returned to the American Cotton Company, and the arrangement is ended so far as this office is concerned.

Proportional Rates on Rags and Waste and Scrap Paper, C. L., East St. Louis to Allegan, Mich.

This subject was considered at meeting held 11th inst., and recommendation forwarded to C. F. A., see C. F. A. Information No. 2010, this Committee's Special Notice No. 943, Jan. 25, 1900.

Resolved, That no further action is necessary, subject be tabled.

Rates on Broom Corn, East St. Louis to Eastern Cities.

The above subject was last considered at meeting

held 11th inst., and laid over pending information to be received from Chairman Tucker, (See C. F. A. Information No. 300, Series A, this Committee's Special Notice No. 941.)

Resolved, That no further action is necessary, subject be laid on the table.

Rates on Peaches, C. L., from Texas Points via East St. Louis to Eastern Cities.

This subject was considered at meeting held Dec. 22, 1899, and in line with action, recommendation was forwarded to the C. F. A. for vote, same being declined, see C. F. A. Advice Letter E-642, Jan. 13, 1900.

Resolved, That subject be laid on the table.

Meeting convened 10:30 a. m.

Establishing Minimum Basing Sheet.

At meeting today the following was adopted:

Resolved, That we recommend to the St. Louis Eastbound Freight Committee that they authorize that a meeting of Rate Clerks be called to compile a general Minimum Basing Sheet to be used in all future checks of such Commodity rates as may be proposed.

As per instructions of the Freight Committee at meeting held 31st ult., (See proceedings) the following rates were checked in today, from East St. Louis to Central Freight Association Territory, viz: Rates on Brick, Clay, etc., Dressed Meats, Grain and Grain Products, carloads.

Central Freight Association Advice Letter E-762, 2-5-1900, having been received this a. m., naming rates from East St. Louis on Billets, etc., C. L., to Central Freight Association Territory, and Pig Iron rates not having been checked in at meeting, Indianopolis, 30th ult., it was deemed advisable to check in the rates on Pig Iron today and forward to Central Freight Association in order to have them authorized and put in effect on the same date as rates on Billets, etc.

Rates on Dressed Meats, C. L., East St. Louis to Central Freight Association Territory.

Resolved, That the roads, members of this Committee individually recommend to the Central Freight Association that they authorize rates on Dressed Meats, C. L., when loaded in refrigerator cars, minimum weight 20,000 lbs., effective on Legal Notice, from East St. Louis, Ill., to

R. M. Fraser, Chairman.

Meeting convened at 2:30 p. m.

Rates to the Virginias.

The above subject was considered at meeting 31st ult., and laid over until today and it was:

Resolved, That the matter be laid over until next meeting; the Chairman in the meantime to call the attention of the various roads to the fact that there are certain Class and Commodity rates in effect, from East St. Louis to the Virginias that are less than the authorized rates to Baltimore and ask if they are willing to withdraw these rates and maintain the authorized rates (Baltimore) as a minimum from East St. Louis to Virginia cities.

Rates From Memphis Via St. L., I. M. & S. Ry to C. F. A. Territory.

This subject was last considered at meeting 31st ult., and laid over. The Chairman stated that in accordance with the instructions contained in resolution

adopted at meeting Oct. 1st, 1899, he had secured and compiled figures desired, same being submitted today, it was

Resolved, That the Chairman be instructed to answer Mr. Lincoln's letter of August 25th, 1899, advising him that so far as he has been able to ascertain, there are no published through rates in effect from Memphis to Central Freight Ass'n. points, except on lumber, and that the through rates are made up on the lowest combination through the Ohio River Crossings, the through rates thus obtained are pro-rated via other crosisngs on percentages by the Individual Lines, it being understood, that the percentages will not apply on Lumber.

Rate on Beauxite Ore, C. L., to Detroit, Western Termini and Trunk Line Territory.

The Chairman stated that, in accordance with resolutions adopted at meeting 11th ult., he had obtained information desired, same being submitted, and after a general discussion, it was decided to withdraw the application for rates, to the Trunk Line Territory. It was, however, stated that if some reduction was not made in rates, to Western Termini Points and Detroit, this traffic would cease moving via the East St. Louis gateway, and it was

Resolved, That the Individual Roads, members of this Committee, recommend to the Central Freight Ass'n that they authorize Proportional Rate of $3.00 per net ton on Beauxite Ore, East St. Louis, Ill., to Western Termini Points and $2.30 per net ton to Detroit, Mich., C. L., minimum weight 40,000 lbs., when coming from Arkansas.

Percentage Divisions with the Illinois Central R. R.

All members not being present, it was

Resolved, That the subject be laid over till next regular meeting.

Establishing Minimum Basing Sheet for Compiling Commodity Rates from East St. Louis to C. F. A. Territory.

The Chairman stated that at meeting of Rate Clerks, held the 6th inst., the following action was taken:

"Resolved, That we recommend to the St. Louis Eastbound Freight Committee, that they authorize that a meeting of the Rate Clerks be called to compile a general Minimum Basing Sheet to be used in all future checks of such Commodity Rates as may be proposed."

And after due consideration of the foregoing, it was

Resolved, That the Chairman call a meeting of the Rate Clerks for the purpose of compiling a Minimum Basing Sheet, from East St. Louis to various points in Central Freight Ass'n. Territory, same to be used in all future check of Commodity Rates that they proposed, from East St. Louis, Ill., to said territory.

Rates on Tents, C. L., East St. Louis to Detroit and Return.

Resolved, That this subject be laid over until the directly interested lines are present.

Proportional Rates on Sand, C. L., East St. Louis to Byesville, Marietta, Etc.

This subject was last considered at meeting 11th ult., and recommendation forwarded to the Central Freight Ass'n. (See Advice Letter E-661, 1-16-1900.)

The Chairman submitted letter from Mr. Tucker, dated 10th inst., regarding these rates, and after a general discussion and in view of the fact that the Proportional Rates desired were to apply to Sand, from Pacific, Mo., the Plant located there having recently been destroyed by fire, it was

Resolved, That the application be withdrawn and subject be laid on the table.

Prepayment of Fruit and Vegetables from Southern Points.

Letter from a member regarding the above subject was read, and it was

Resolved, That the Chairman answer member making inquiry, referring him to this Committee's Special Notice No. 813, July 3rd, 1899, and Central Freight Ass'n. Information No. 1594, which are still in effect.

Rates on Green Hides, C. L., East St. Louis to Zanesville, Ohio.

The Chairman read letter from a member regarding the establishing of a rate on Green Hides, C. L., to Zanesville, O., and it was

Resolved, That the roads, members of this Committee, individually recommend to the Central Freight Association that they authorize a rate on Green Hides, C. L., Minimum Weight as per Official Classification, East St. Louis to Zanesville, Ohio. This in view of the fact that there is now authorized a 12c rate on this traffic to Dayton.

ST. LOUIS EASTBOUND FREIGHT COMMITTEE—ERRATUM.

Please refer to Proceedings of Meeting of the 13th inst., page 3, subject Rates on Green Hides, C. L., East St. Louis to Zanesville, O., and correct resolution to read:

Resolved, That the roads, members of this Committee, individually recommend to the Central Freight Ass'n. that they authorize a rate of 17 cts. per 100 lbs. on Green Hides, C. L., minimum weight as per Official Class'n., East St. Louis, Ill., to Zanesville, O. This in view of the fact that there is now authorized a 12 cent rate on this traffic to Dayton.

Yours truly,

R. M. Fraser, Chairman.

Minimum Weight of Bottles, Oil Cans, Fruit Jars, Etc., Official Classification No. 20.

Letter from a shipper was submitted, the Chairman stating this matter had been considered at meeting 11th ult., and referred to the Official Class'n. Committee, and it was

Resolved, That no further action is necessary, and subject be tabled.

Advancing Rates on Barytes, C. L., East St. Louis to Western Termini Points, and Trunk Line Territory.

Letter from Chairman Tucker was read (see Circular Letter, Feb. 6th, 1900), and after due consideration, it was

Resolved, That it is the understanding of the St. Louis Lines that admitting the fact, that there has been an advance from Virginia points the rates in effect from that Territory heretofore have been on a lower basis than from East St. Louis and that the East St. Louis Lines feel that the advance in rates from Virginia Territory, simply puts them in line and no advance should be made from East St. Louis on this traffic.

Jurisdiction of This Committee on Traffic from Belleville to Louisville, Ky.

Letter was submitted from a member of this Committee relative to the Belleville Lines authorizing rate from Belleville to Louisville, etc., and after due consideration, it was

Resolved, That the Chairman be instructed to answer the inquiry to the effect that this Committee has no jurisdiction over Belleville to Louisville Rates.

Rate on Lumber from St. Louis, Proper.

All roads not being present, it was

Resolved, That the subject be laid over.

Rates on Enameling Plate and Steel Bolsters, C. L., East St. Louis to Trunk Line Territory.

The Chairman submitted correspondence, on this subject, between a member and this Office, and it was

Resolved, That in view of several lines taking independent action in publishing rate of 23c, East St. Louis to New York, usual differences to other Eastern Cities, on Enameling Plate and Steel Bolsters, C. L., that the same may be published by all lines, members of this Committee.

Rates on Broom Corn, C. L., Western Points to Eastern Cities.

The Chairman read letter from a member in which it was shown that the present rates on this traffic from East St. Louis to Eastern points were out of line, as compared with rates from Chicago, and it was

Resolved, That the individual roads, members of this Committee recommend to the Central Freight Ass'n. that they authorize Proportional Rate of 70c per 100 lbs., on Broom Corn, C. L., minimum weight 12,000 lbs., from East St. Louis to New York, usual differences to other Eastern Points, to apply on shipments from West of the Missouri River only.

Rates on Spelter, C. L., East St. Louis to New York, Philadelphia and Baltimore.

Attention was called, by one of the members, to the fact, that rates on Spelter, C. L., were in effect from La Salle and Peru, Ill., to points named on basis of 17c Chicago to New York and the following action was taken:

Whereas, The Lines from Peru and La Salle, Ill., having established rates on Spelter, C. L., to New York and other Eastern points on basis of 17 cts., Chicago to New York, it is

Resolved, That the roads, members of this Committee, individually recommend to the Central Freight

Ass'n., that the same relative basis be established from East St. Louis, on this traffic, viz.: 19¼c to New New York; 17¼c to Philadelphia; 16¼c to Baltimore. This, however, not to change the present rates to Western Termini Points.

Meeting convened at 2:00 p. m.

Pro-Rating Cairo Proportional Rate on Lumber, Via East St. Louis to Western Termini Points.

The Chairman submitted correspondence, on the above subject, same having been referred to this Committee, for recommendation, at Central Freight Ass'n. Meeting Feb. 15th, 1900.

After general discussion, the following action was taken:

Whereas, The practice of pro-rating the Cairo Proportional Rate, on Lumber, via East St. Louis to Western

Termini Points, has been in effect and authorized since Jan. 1st., 1895, as per this Committee's Special Notice No. 391, Jan. 1st, 1895, and March 28th, 1895, Special Notice No. 437, Joint Committee Circulars 1609, 1700 and 1795, be it

Resolved, That the roads, members of this Committee, individually recommend to the Central Freight Ass'n. that Information No. 1878, Dec. 5th, 1899, be amended so as to provide for the East St. Louis pro-rating the Cairo Proportional Rate, on lumber, via East St. Louis to Western Termini of the Trunk Lines, this in line with authorities named above.

Application for Commodity Rate on Asphaltum (from Indian Territory) from East St. Louis to Eastern Points.

The Chairman read letter from a member containing above application, and it was

Resolved, That the subject be laid over, until next meeting in the meantime the Chairman to request the member making the application to explain the necessity for a Commodity Rate and to also name the basis required to move the traffic via this gateway to Eastern Points, giving facts and figures for consideration at next meeting.

Proportional Rates on Cement Plaster, C. L., East St. Louis to Central Freight Association Territory.

Letter from Mr. Tucker was submitted, requesting that the East St. Louis lines advance the rates on this traffic, to same basis as in effect on Cement. This subject was considered at meeting Jan. 31st, 1900, and Chairman Tucker advised that as this traffic originates in Texas and the Indian Territory, the Proportional Rates were necessary to move the Traffic via this gateway.

It was therefore suggested that in the opinion of this Committee, that Mr. Tucker, in presenting this matter to the Interested Lines, had possibly omitted to state,

that this traffic paid freight from Texas and the Indian Territory to East St. Louis and therefore the Proportional Rate from East St. Louis should not be considered in any manner competitive with traffic from Grand Rapids, etc., and the Chairman answer Mr. Tucker accordingly.

Percentage Division With Illinois Terminal Railroad.

Letter 16th ult., from Chairman Tucker was submitted and all members not being present, it was

Resolved, That the subject be laid over until we have a full representation.

Rates on Cotton Seed Products, Carloads.

Resolved, That subject be laid on the table.

Letter from Cincinnati Freight Committee, Regarding Issuing Passes to Transportation Companies, Etc.

Resolved, That the subject be laid on the table.

Classification of Street Cars.

The Chairman read letter from one of the St. Louis Car Co.'s, requesting that the Street Car Builders be given an opportunity to appear before this Committee and present their views on the Classification of Street Cars, and it was

Resolved, That the Chairman issue a call for a Special Meeting, at the General Freight Office of the C., C., C. & St. L. Ry., Rialto Bldg., Thursday, March 8th, 3:00 p. m., to confer with the Street Car Builders, as per their request and that the several companies be advised accordingly.

Rates on Lumber From St. Louis Proper.

All members not being present, it was

Resolved, That the subject be laid over until next regular meeting.

Rates on Corn, East St. Louis to C. F. A. Points.

The Chairman submitted letter from Central Freight Ass'n., requesting that this Committee check in rates on corn, to various points in Central Freight Ass'n. Territory, in similar manner as on other Grain and Grain Products, etc.

It was stated by one of the members that at meeting of Rate Clerks, the 6th ult., the rates were checked in to various points on Grain and Grain Products, only, it being understood that to points where rates were not named on Corn, the rates named on other Grain would apply to Corn, and it was

Resolved, That the Chairman issue Circular Letter, requesting all members to advise if their understanding is in accord with the above statement and if so, to amend Special Notice No. 966, Feb. 20th, 1900, accordingly.

Rates on Tents., C. L., East St. Louis to Detroit and Return.

Resolved, That the subject be laid over, the directly interested roads not being present.

Rates on Green Hides, C. L., East St. Louis to Zanesville, O.

The above subject was considered at meeting Feb. 13th, 1900, and recommended to Central Freight Ass'n. Application has been declined, see Central Freight Ass'n. Advice Letters E-827, Feb. 15th, and E-865, Feb. 26th, 1900.

Resolved, That the subject be tabled.

Meeting convened at 2:00 P. M.

Insurance Contracts with the St. Louis Cotton Compress Co. and the Peper Cotton Press.

Chairman read letter from one of the members on above su'ject, and after due consideration it was

Resolved, That the subject be laid on the table.

Classification of Earth Paint.

Chairman read correspondence on the subject, and it was

Resolved, That the Chairman endeavor to ascertain as to the competitive points from which this Commodity was shipped, rates charged, etc., with the view of having irregularities, if any, remedied through proper channels.

Rates on Cotton Seed Products.
Rates on Dressed Meats to C. F. A. Points.

The Chairman called attention to previous consid-

eration of these subjects and the present conditions and no formal action deemed necessary, the subjects were tabled.

Equalizing Rates on Bulk Meats, C. L., from Missouri River Points via East St. Louis as Against Chicago Gateway.

Chairman called attention to rates on the above mentioned traffic, stating that he had written Mr. Tucker regarding authority for equalizing rates and received reply that there would be no objection to the East St. Louis lines publishing arbitraries on this traffic, east of East St. Louis, necessary to equalize with the Chicago gateway, and it was

Resolved, That the roads individually recommend that the Chairman issue Special Notice, naming the arbitraries, east of East St. Louis, on this traffic, necessary to equalize with the Chicago gateway, effective on Legal Notice.

Application for Commodity Rate on Asphaltum (from Indian Territory) East St. Louis to Eastern Cities.

This subject was considered at meeting March 2nd, and the Chairman instructed to request further information, which was furnished, and after due consideration it was individually

Resolved, That the request for reduction in Asphaltum rates be declined.

Letter from Chairman Tucker Regarding Rates on Cement Plaster.

This subject was last considered at meeting 2nd inst., and Chairman Central Freight Ass'n. advised of the action taken. Letters 7th and 16th, file Inf. 2063, from Chairman Tucker, were read, and it was

Resolved, That the Chairman write Mr. Tucker reiterating what has been said before and say that we have

again gone over the matter thoroughly and that we do not see how we can make any change in the present basis of rates on this Indian Territory and Texas Cement Plaster.

Correct Basis for Dividing Rates on Lumber, Memphis to C. F. A. Points, Under C. F. A. Authority No. 605, April, 1897.

Chairman read letter March 5th, from G. F. A., Mo. Pac. Ry., addressed to the member of the Committee, requesting that he be furnished with basis for dividing the revenue allowed north of Cairo, on this traffic, and it was

Resolved, That this subject be laid over until next meeting and request that in the meantime A. G. F. A. Becker look into the matter, for the benefit of this Committee, and furnish us with such information as will be useful to us in determining what percentage we should grant the Missouri Pacific Ry.

Participation in the Expense for Racks on False Floors in Cars for Transportation of Vegetables from the South.

Chairman read letter on above subject and after a general discussion it was decided that this was a transportation department matter and that the communication be returned and the member submitting the letter be advised accordingly.

Rates on Tents, C. L., East St. Louis to Detroit and Return.

The Chairman read letter that was submitted by a member, in which request was made for reduced rate, and it was individually

Resolved, That the Chairman answer the applicant, that no concession can be made in the tariff rate.

Rates on Lumber from St. Louis Proper.

The Chairman stated that this subject had been

under consideration since letter Jan. 20th, was received from Chairman Central Freight Ass'n., and would be glad to have it dropped from docket, it being stated by several members that it was their understanding that this matter was disposed of at Special Meeting in Chicago 15th, it was

Resolved, That the papers be tabled.

Rates on Brick to South Bend, Indiana.

Chairman read letter calling attention to rates from East St. Louis being out of line with rates from other points to South Bend and also for similar distances from East St. Louis, and it was

Resolved, That the Rate Clerks be called together for check of Brick Rates, from East St. Louis to C. F. A. territory, it being understood that G. F. A. Taylor will decide as to what rate he will hold to South Bend and then other rates will be lined up accordingly.

Joint Meeting Chicago, Peoria and St. Louis Committees, to Check Lumber Rates to C. F. A. Territory (See C. F. A. Inf. 2130, March 19th), Also to Consider Rates on Lumber from Pacific Coast Points.

Chairman read letter from J. F. Woffindin, dated March 20th, regarding above subject, and after a general discussion it was

Resolved, That the Chairman write Mr. J. F. Woffindin, Chairman Chicago Committee, telling him that it will be agreeable to this Committee to meet in this Office, Monday afternoon (26th), at 1:30 p. m.

Note.—Letter written this date (21st) to Chairman Chicago Committee and all members are hereby requested to be present.

Meeting convened at 2:00 p. m.

Modification in Classification of Street Cars.

The Chairman submitted Joint Letter from the St. Louis Street Car Builders on this subject (See Circular Letter, April 7th, 1900.)

After due consideration of the argument presented, it was the opinion of the members that as the Street Car people had not submitted proposition as to what changes were necessary to put them on an equitable basis, as provided at meeting March 8th, the Chairman was requested to take the matter up further with the Street Car representatives and request letter stating just what changes they desired in the present Classification, so that subject may be fully considered at next regular meeting of this Committee.

Rates on Lead Ore, C. L., East St. Louis to Trunk Line Territory.

Whereas, the rates on Pig Lead and Spelter, C. L., to Trunk Line Territory is authorized on basis of 17½

cents per 100 lbs., Chicago to New York, be it therefore

Resolved, That the roads, members of this Committee, individually recommend to the Central Freight Ass'n. that they authorize rates on Lead Ore, C. L., from East St. Louis to points east of the Western Termini of the Trunk Lines on basis of 17½c per 100 lbs., Chicago to New York, usual differences to other Eastern Points, effective on Legal Notice.

Rate on Brick, C. L., East St. Louis to South Bend, Ind.

This subject was considered at meeting the 21st ult., and referred to the Rate Clerks. The meeting of the Rate Clerks held March 30th, resulted in no check owing to other reductions demanded if rate was reduced to South Bend, etc. The member making application for Rate to South Bend withdrew same in preference to causing a general reduction to other points, and it was

Resolved, That the subject be laid on the table.

Percentage Divisions with Illinois Terminal Railroad.

This subject was last considered at meeting March 2nd, and laid over. The Chairman stated that he had since received letter from Chairman Tucker, which was submitted and after a general discussion, it was

Resolved, That it is the sense of this Committee that the lines connecting with the Illinois Terminal Railroad at Edwardsville Crossing and Edwardsville Junction be authorized to apply the same divisions on traffic to Trunk Line, Western Termini Points and Central Freight Ass'n. Territories as provided for in Special Notice No. 446.

Percentage Divisions Authorized by This Committee's Special Notice No. 446.

Letter from Chairman Tucker, Feb. 16th, 1900, was read, in which he states that the Percentage Divisions established by this Committee's Special Notice No. 446, was considered by the Central Freight Ass'n. Feb. 15th,

1900, and it was recommended that the divisions in said Special Notice should be reconstructed, etc.

And after due consideration it was

Resolved, That the Chairman write Mr. Tucker, stating that the St. Louis Committee did not deem this an opportune time to change these divisions.

Correct Basis for Dividing Rates on Lumber, Memphis to C. F. A. Points Under C. F. A. Authority No. 605, April, 1897.

The above subject was considered at meeting 21st ult., and laid over pending information to be obtained by A. G. F. A. Becker. At meeting today Mr. Becker stated that he was advised by G. F. A. Bowes that the rates as at present on Lumber from Memphis to C. F. A. points are divided on basis of regular agreed percents.

And after a general discussion of the subject, it was

Resolved, That the subject be laid over until next regular meeting.

Rates on Dressed Meats, C. L., from East St. Louis to Chillicothe and Columbus, Ohio.

Letters from the Central Freight Association and the Chicago Freight Committee were submitted requesting that the rate on Dressed Meats, C. L., from East St. Louis to Chillicothe and Columbus, O., be advanced from 25 cts. to 27 cts. per 100 lbs., and it was

Resolved, That the roads, members of this Committee, individually recommend to the Central Freight Ass'n. that they authorize rate of 27 cts. per 100 lbs. on Dressed Meats, C. L., minimum weight 20,000 lbs., from East St. Louis, Ill., to Chillicothe and Columbus, O., effective on legal notice and that Information No. 2059, Amendment No. 3 to Information No. 1860 be corrected accordingly.

Request of the M., K. & T Ry. for Reduction in Rate on Lumber from East St. Louis.

The Chairman submitted letter on this subject and

it was the opinion of all members that with the information given they could not recommend any changes in the present rates on this traffic and that the Chairman answer the letter accordingly.

Rates on Asphaltum, C. L., from East St. Louis to Trunk Line Territory.

The Chairman submitted correspondence from shipper to various members of this Committee, for a reduction in rates on Asphaltum, C. L., East St. Louis to Trunk Line Territory, and it was

Resolved, That the roads, members of this Committee, individually recommend to the Central Freight Ass'n. that they authorize a Commodity Rate on Asphaltum, C. L., Minimum weight 40,000 lbs., from East St. Louis, Ill., to points east of the Wetern Termini of the Trunk Lines, on basis of 20 cts., Chicago to New York, usual differences to other Western points, effective on legal notice.

Application for Change in the Classification of Earth Paint.

The Chairman stated that in accord with the resolution adopted at meeting 21st ult., he had ascertained the different points from which shipments are made and on taking the subject up with the representatives of Railroads at said points they advised that the rates on Earth Paint from their territory was as provided for in Official Class'n. etc., and it was

Resolved, That in view of rates on Earth Paint from other points being made on the authorized class basis, same as from East St. Louis, this Committee cannot consistently recommend any reductions from East St. Louis and the Chairman advise the applicant accordingly.

Insurance Contracts With the American Cotton Company.

Letter from one of the members, regarding contract

submitted by the American Cotton Co. was read and after some discussion on the subject it developed, that one of the roads had an individual contract with the American Cotton Co., in which said Cotton Co. guaranteed to protect the Railroad against loss by fire, etc., until the Cotton, upon which Bill of Lading had been rendered, reached that Road's Cars, etc., and it was

Resolved, That the Chairman issue Circular of Information to the members of this Committee to the effect that the members of this Association are authorized to enter into a contract with the American Cotton Co., for the acceptance of their shipments of Cotton and issuing therefor a Bill of Lading before the Cotton is in possession of the carrier or its connections, covering cotton of the American Cotton Co. in store at East St. Louis, on the proper surrender of Cotton Notes or Warehouse receipts, it being distinctly understood that any such contracts shall not cover shipments of cotton other than coming from Warehouses at East St. Louis.

Through Rail and Ocean Rates on Dried Fruit, North Pacific Coast Points, Via East St. Louis to European Ports.

This subject was last considered at meeting Jan. 11th, 1900, and laid over pending action of the C. F. A. The Chairman submitted Joint Letter April 14th, file 6067, from Mr. Tucker, which contained the recommendation adopted by the Central Freight Ass'n. at their meeting the 12th inst., as follows:

Recommended, That on Export Pacific Coast Freight routed via Atlantic Ports, the lines should be allowed the full proportions of tariff rates applying to Atlantic Seaboard points, proper.

And it was

Resolved, That the Chairman issue Circular Letter embodying Chairman Tucker's letter 14th inst., subject to be further considered at next regular meeting.

Rates on Lumber, C. L., from Pacific Coast Points Via East St. Louis to Points in C. F. A. Territory.

Correspondence between this office and the Central Freight Ass'n. was submitted, regarding rates applicable on Pacific Coast Lumber, C. L., from East St. Louis to points in C. F. A., which was considered at conference meeting of Chicago, Peoria & St. Louis Committees as shown in proceedings of meetings March 26th, issued by J. F. Woffindin, Chairman and C. F. A. Information No. 2154, April 2d, 1900.

And after further discussion, it was

Resolved, That it is the sense of this Committee that their tariff showing rates on Lumber from East St. Louis be amended if necessary so that it will be understood that the proper rates to apply on Lumber and articles taking Lumber Rates, originating at Pacific Coast Points, be the 6th class rate from East St. Louis.

Note.—One of the members voted in the negative, it being his understanding that at meeting of Chicago, Peoria and St. Louis Committee held in St. Louis on March 26th, it was stated that the lines leading from East St. Louis could not, in any case, charge higher than the Commodity Lumber Rates, which are applied locally from that point, further that the proceedings of the meeting referred to, provide "that Chicago, Peoria and St. Louis Lines be authorized to reduce their local rates to points in Central Freight Ass'n. Territory to the extent requisite to equalize the rates from Pacific Coast Points to Chicago, Peoria or East St. Louis, thus establishing the same through rates from Pacific Coast points to destination via any of the three gateways named.

Modification in Classification of Street Cars.

This subject was last considered at meeting 18th ult., and laid over pending further information to be secured by the Chairman.

The Chairman submitted further correspondence and after due consideration, it was

Resolved, That the Chairman be authorized to advise the Street Car Manufacturers that until facts are furnished that will tend to satisfy the Classification Committee that there exists a discrimination as between the Eastern and Western manufacturers of Street Cars, under the operation of the present classification, that we cannot properly present the matter to the Classification Committee.

Correct Basis for Dividing Rates on Lumber, Memphis to C. F. A. Points Via St. L., I. M. & So. Ry.

This subject was considered at meeting 18th ult., and laid over.

After a general discussion today, it was decided that the Chairman confer with the St. Louis, Iron Mountain & Southern Ry., reporting result later.

Through Rates on Dried Fruit, North Pacific Coast Points Via East St. Louis and Atlantic Ports to European Ports.

This subject was considered at meeting 18th ult., and the Chairman instructed to send the members a copy of the letter embodying the action of the Central Freight Ass'n., taken at their meeting April 12th, 1900, subject being further considered today, it was

Resolved, That on Export Pacific Coast freight, routed via East St. Louis and Atlantic Ports, the lines east of East St. Louis be allowed their full proportion of tariff rates, applying to the Atlantic Seaboard points proper.

Establishing Minimum Basing Sheet for Compiling Commodity Rate East St. Louis to C. F. A. Territory.

The Chairman stated that in accordance with resolution adopted at meeting Feb. 13th, 1900, he issued call for meeting of Rate Clerks 19th ult., and that at said meeting representative of one of the roads stated that their road had decided that they could not be a party to the check, etc., and meeting adjourned referring subject back to the Freight Committee for further instructions.

At meeting today, it was

Resolved, That the subject be laid over, in the meantime, the Chairman to take the subject up with road referred to and ascertain just what objections they have to being a party to the check, subject to be further considered at next meeting.

Rates on Lumber from East St. Louis, When From Points on the St. L., I. M. & So. Ry., to Points in C. F. A. Territory.

The Chairman submitted letter from G. F. A. Mo.

Pac. Ry., in which request was made, that the East St. Louis lines reduce their rate, on Lumber from Arkansas, etc., via St. L., I. M. & So. Ry., from East St. Louis 3 cts. per 100 lbs., less than the authorized rates from Cairo.

And after a general discussion, it was

Resolved, That it is the sense of the roads, members of the St. Louis Eastbound Freight Committee, that the Rates on Lumber, from Cairo and East St. Louis to Central Freight Ass'n. Territory, under the present adjustment, are equitable and no change can be made therein and the Chairman reply accordingly.

Manipulating Rates on Lumber from Arkansas Points Via East St. Louis to Trunk Line Territory.

Correspondence between Chairman Tucker and this office was submitted and it was

Resolved, That the Chairman reply to Mr. Tucker to the effect that if Mr. Rainer will produce any evidence in the shape of waybill reference, on any lumber or on any other articles of traffic, that he has any reason to believe is being manipulated the St. Louis Eastbound Freight Committee will be very glad to investigate and assist him in every way possible to do away with such practices.

Billing of Miscellaneous Freight at Carload Rates, Contrary to Rule 10, A. and Note.

Letter from Chief Inspector Rainer was submitted regarding this subject.

The representative of the road referred to stated that he had this matter up direct with Mr. Rainer and advised him, that his Inspectors could examine the shipments and correct any irregularities that may be found in the description of the property, but he did not propose that the Inspectors should determine whether or not the freight belonged to the consignor or consignee.

There being no action proposed, the subject was tabled.

Divisions on Shipments of Provisions from the West via East St. Louis and Peoria to Eastern Points

Letter from Chief Inspector Rainer regarding this subject was submitted in which he called attention to the percentage divisions allowed from East to Peoria on this traffic, etc.

The representative of the road referred to being present, stated that the through rate had not been affected in any way, it being simply a matter of divisions;

And it was,

Resolved, That the Chairman write Mr. Rainer that the subject was considered by this Committee and in their opinion they had no jurisdiction over the matter, it being a subject for the Peoria Committe, if any Committee, or an individual matter between the line East St. Louis to Peoria and their Eastern Connections.

Information Requested by the Mutual Mercantile Agency.

The Chairman stated that he had received a letter from the above referred to agency requesting to be furnished with tariffs, etc., issued by this office. It was stated by some of the members that they had furnished the Mutual Mercantile Agency with their individual issues, and it was

Resolved, That the Chairman be authorized to furnish the Mutual Mercantile Agency with any information that he thinks proper or that is furnished to the public in general.

Letter Regarding Tonnage Statements to be Issued by this Office from May 1st, 1900.

Letter on this subject was submitted in which it was suggested that in compiling the Statements after May 1st, the total at foot of each report, show the tonnage for the month and for the periods from May 1st, and from Jan. 1st, and it was

Resolved, That the tonnage statements, showing tonnage by classes, etc., after the month of May, show the total tonnage of the current month and the period from May 1st, and Jan. 1st, to the current month separately.

R. A. Campbell, Chairman.

Each representative was asked his opinion as to the rate situation from St. Louis and Missouri River, Domestic and Export. All parties did not agree that tariff rates were being maintained or that the Missouri River rates could be controlled by this Committee, but no definite action taken.

Letter 28th, file 6756, from Chairman Tucker, regarding rates on Lumber from St. Louis was read and the

Sec'y. instructed to write Mr. Tucker for specific information.

There was some discussion regarding request of M., K. &. T. and St. L. & S. F. roads, that the East St. Louis roads accept same divisions on Lumber from them, as when from Mo. Pac.-St. L., I. M. & S. Ry. Nothing definite decided upon.

Attention was called to statement in Globe-Democrat 29th regarding Vegetable and Fruit traffic, as follows:

"The fact that the railroads have permitted through rates to prevail just the same as though the cars were shipped direct from the loading station has facilitated matters to such an extent that the Southerner has begun to see the importance of the improvement."

Also the rates or divisions that were being accepted from E. St. Louis on Fruit. It was understood that the three subjects mentioned will be considered at the regular meeting.

As some of the members expected to leave the city and could not attend a meeting Friday, 31st, it was decided that the next special meeting should be called for 11:00 a. m., Tuesday, June 5th, at the Committee Rooms, Union Station, and that the subjects on the regular meeting docket will be considered at the same time.

There being no further business, the meeting adjourned to Tuesday, June 5th, 11:00 a. m. at Union Station.

Meeting convened at 11:30 a. m.

Rates on Peaches from Texas Points, East St. Louis to Trunk Line Territory.

Chairman submitted letter from a member requesting 5th class rate on Peaches, C. P., minimum 24,000 lbs., from Texas Points, East St. Louis to Trunk Line Territory, this being the rate at present in effect to all points in Central Freight Ass'n. Territory, authorized in information No. 1906, it being stated this basis was necessary in order to move the traffic and further in view of the Texas peaches being an early crop same would be practically out of the way before the Eastern Product (Delaware, Jersey, etc.), would be in the market, and it was

Resolved, That the interested roads, members of this Committee, individually recommend to the Central Freight Ass'n. that Proportional Rate be authorized on Peaches, 4th class, C. L., minimum weight 24,000 lbs., from East St. Louis when from Texas points only, to Trunk Line Territory, effective on Legal Notice and to expire August 15th, 1900, this being the same rate as at present in effect to Western Termini Points.

Apportional Rates on Beauxite Ore, Carloads.

Whereas, The present rate on Beauxite Ore, C. L., from Memphis, as per Central Freight Association Information No. 2251 and 367, series A, authorizes rates per gross ton, be it

Resolved, That the interested roads, members of this Committee, individually recommend to the Central Freight Ass'n. that they reissue Information No. 2096, authorizing rates on this Traffic, from East St. Louis, per gross ton instead of per net ton, effective on Legal Notice.

Proportional Rate on Cattle, East St. Louis to Indianapolis.

Letter from a member regarding above subject was submitted in which it was stated, that the present rate on Cattle from East St. Louis to Chicago is 11¼ cts. per 100 lbs., and that this rate is forcing Cattle to the Chicago market to the detriment of Indianapolis the present rate to Indianapolis being 13½ cts., and it was

Resolved, That the interested roads, members of this Committee, individually recommend to the Central Freight Association that they authorize Proportional Rate of 11¼ cts. per 100 lbs. on Cattle, C. L., minimum weight 20,000 lbs., when from the west, East St. Louis to Indianapolis, effective on Legal Notice.

Rate on Lumber from Pacific Coast, East St. Louis to Central Freight Association Territory.

Chairman called attention to joint meeting Chicago, Peoria and St. Louis Committees, May 16th, 1900, regarding rates on Lumber from Pacific Coast Points and Central Freight Ass'n. Information No. 2265, May 23rd, 1900, authorizing rates on this traffic via the different gateways, also this Committee's Joint Proportional Tariff No. 110, Note 2, on title page, which is not in accord with Information No. 2265, and it was

Resolved, That the Chairman be instructed to issue an Amendment to Joint Tariff No. 110, rates on Lumber from East St. Louis to Central Freight Ass'n. Points in line with Central Freight Ass'n. Information No. 2265, May 23rd, 1900, effective on Legal notice.

Reduction in Classification on Photographers' Dry Plate, Carloads.

Letter from a member submitting request for reduction in Classification on this traffic to 4th class was considered and the following adopted:

Resolved, That the subject be laid over until next meeting pending further information to be obtained by the Chairman.

Authority of this Committee Relative to Car Service Rules.

Letter of a member was read regarding this subject and it was

Resolved, That it is the opinion of the members that, in this instance, the Committee had no jurisdiction over the matter and the subject be tabled.

Reduction in Carload Minimum Weight on Seed 24,000 Pounds.

Letter from G. F. A. Lincoln of the Mo. Pac. Ry. with letter from Western Shippers, regarding reduction in Minimum Weight on Seed from 30,000 lbs. to 24,000 lbs. was considered, and it was

Resolved, That the subject be referred to the Official Class'n. Committee, without recommendation of this Committee for their consideration and action.

Rates on Plain and Dressed Lumber, C. L., From East St. Louis to Western Termini Points and Trunk Line Territory.

Letter June 1st, from Chairman Tucker was submitted and after due consideration, it was

Resolved, That in view of Mr. Tucker not having furnished information requested, subject be laid on the table.

On What Commodities Are Divisions in Special Notice No. 437 Applicable.

Letter from a member was read, in which he requested

to be advised just what Commodities are excepted by Foot Note on Special Notice No. 437, in other words, what Particular Commodities are there that these Divisions do not apply on, and the following action was taken.

Whereas, Joint Committee Circular No. 1609, which established the divisions named in 437 and authorizes the application of same on all traffic except Pig Iron and Commodities upon which it has been agreed shall not be prorated through East St. Louis, it was

Resolved, That it is the understanding of the members of this Committee, that the Divisions authorized in Joint Committee Circulars No. 1609, 1700, 1795 and this Committee's Special Notices No. 391 and 437 are applicable on all traffic from the south, routed via Cairo and East St. Louis, except Pig Iron.

Divisions on Strawberries from the South Via Cairo and East St. Louis to Buffalo.

Correspondence between this office and one of the members was submitted, Chairman stating that he had not received reply to his last inquiry, although he had made second request, and it was

Resolved, That the subject be laid over until next meeting, pending reply to the Chairman's letter.

Letters from Chief Inspector Rainer, Regarding Irregularities in Billing.

The correspondence was read and the Chairman instructed to refer same to the interested roads for their replies which are to be communicated to Chief Inspector Rainer, or the subjects are to be further considered at next meeting, as circumstances warrant.

Billing Miscellaneous Freight at Carload Rates.

This subject was considered at meeting 3rd ult., and tabled. The Chairman stated that he had received letter from Mr. Tucker, dated May 10, regarding this matter, and it was

Resolved, That the Chairman send a copy of Mr. Tucker's Letter to the road referred to, requesting information as to the reply that shall be given Chairman Tucker.

Routing of Freight by the War Department, U. S. A., Via Various Routes to be Settled for on Short Line Distance.

Resolved, That the subject be laid over pending action of the Central Freight Ass'n.

Minimum Basing Sheet for Compiling Commodity Rates to C. F. A. Territory.

The Chairman stated that in accordance with the resolution adopted at meeting 3rd ult., he had taken the matter up with the Wabash by letter and received reply to the effect that the Wabash R. R. declined to become a party to this sheet, and it was

Resolved, That the subject be laid on the table.

Equipment of Vegetable Cars With Racks.

Letter from a member was read, requesting the Chairman to ascertain in what manner the different roads were participating in the expense of these racks, and it was

Resolved, That the Chairman issue Circular Letter requesting the roads to advise their practice in handling this expense, the information to be obtained to be submitted by Circular Letter to all members.

Guarantee of Advance Charges on Perishable Freight From Connecting Lines.

The following letter was submitted:

"Will you kindly docket for your next meeting the question of guaranteeing freight charges on shipments of perishable freight made to St. Louis parties when delivered to Eastern Lines for re-consignments."

And it was

Resolved, That in the sense of the Committee that this is a matter for individual action.

Request for a Commodity Rate on Sheep Manure, C. L., East St. Louis to Trunk Line Territory.

Application for Commodity rate was presented at meeting, and it was

Resolved, That interested roads, members of this Committee, individually recommend to the Central Freight Ass'n that effective on Legal Notice, they authorize Commodity Rate on Sheep Manure, C. L., minimum weight 40,000 lbs., on basis of 23 cents per 100 lbs., East St. Louis to New York, usual differences to other Eastern Points.

Each representative was asked for his opinion as to the rate situation from St. Louis on traffic to C. F. A. and Trunk Line Territory both Domestic and Ex-

port. After a very general interchange as to the actual condition of affairs and what could be done to remedy the situation the following resolution was adopted and signed by the representatives named above also by Mr. John Fitzgerald, Supt. L. & N. R. R.:

Resolved, That we each hereby agree for the line we represent to absolutely maintain all authorized published tariff rates on all freight originating at East St. Louis or St. Louis and all business delivered to us by connecting lines at St. Louis or East St. Louis, originating beyond. This is to apply to all export or domestic traffic as well as business to C. F. A. Territory.

Futher, It is understood that all representatives of initial lines voting for this resolution must absolutely control the East Freight Line Agents operating over their roads; not permitting any Fast Freight Line Manager or Agent to deviate from this agreement as to rates.

Some of the representatives stated that they would report at once to the proper officer of their company the action taken and if it was found impracticable to adhere to the agreement, notice to that effect would be given at once to all parties interested.

In the absence of notice to the contrary it is the understanding of all parties that the agreement will be maintained.

There being no further business the meeting adjourned.

Meeting convened at 11:00 a. m.

The Chairman submitted correspondence on subject of through rates and divisions on Lumber and Articles taking Lumber rates, delivered at East St. Louis by the M. K. & T. and the St. L. & S. F. Railroads and after due consideration the following resolution was adopted unanimously:

Whereas, The M. K. & T. and St. L. & S. F. Ry. are handling Lumber shipments from points in Louisiana and Texas to Western Termini Points and Trunk Line Territory, and,

Whereas, These Lumber shipments originate at points in Louisiana and Texas, from which through rates are established by the St. L. I. M. & So., Mo. & O.; and St. L. S. W. Railroads, based on certain proportional rates from East St. Louis, and,

Whereas, The M. K. & T. and St. L. & S. F. must accept the business at the established through rates and in consequence they should be given the same proportional rates from East St. Louis as are now given to the roads having direct rails and who fix the through rate, therefore, be it,

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n that the lines leading easterly from East St. Louis, Ill., and their connections be authorized to protect the same proportional rates from East St. Louis, on Lum-

ber and articles taking Lumber rates, when received from the Missouri, Kansas & Texas Ry. and the St. L. & S. F. Ry. at East St. Louis and destined to the Western Termini of the Trunk Lines or points east thereof, as are applicable on like traffic from the same points of origin to the same destination, when reaching East St. Louis via St. L. I. M. & So.-St. L. S. W. & M. & O. or Ill. Cent. Railroads.

The Proportional Rates from East St. Louis to Western Termini and Trunk Lines is a pro-rate via East St. Louis of the Proportional rate from Cairo, Ill., as authorized in Joint Committee Circular 1609 and J. T. A. Freight Circular No. 1007.

R. D. Yoakum, Chairman.

Each representative was asked his opinion as to the rate situation from St. Louis on traffic to C. F. A. and Trunk Line Territory, both Domestic and Export. After a very general interchange of views as to the

actual condition of affairs, it was the opinion of the members that the rate situation was very much improved, in fact was quite satisfactory and the condition of affairs would, no doubt, be still further improved on the completion of certain contracts which would probably be out of the way by the end of this month.

A letter was read from one of the members regarding rates and divisions on Lumber from M. K. & T. and St. L. & S. F. Railroads and after consideration the subject was referred to Mr. W. J. Scott to prepare the necessary resolution, etc., to be submitted to Chairman Tucker for a vote of the Central Freight and Trunk Line Ass'ns.

(The paper referred to is shown as the regular proceedings of this date, and sent with letter to Mr. J. F. Tucker.)

It was decided to continue the Special Meetings on Tuesdays and Fridays of each week, with the understanding that all members would be present promptly at the hour named (11:00 a. m.)

Absorption of Switching to and from Industries in St. Louis Located on the Wabash Railroad.

Letter from Chairman Tucker was read regarding the above subject, and it was

Resolved, That, as the individual roads, members of this Committee, thoroughly understand the situation and it being purely a local matter, which the St. Louis Eastbound Freight Committee is capable of taking care of, no further action is necessary and the Chairman advise Mr. Tucker to that effect.

Allowance to the Illinois Terminal and Other Short Mileage Roads on Traffic to and From Points in C. F. A. Territory.

Letter from Chairman was read which contained recommendation, adopted by Central Freight Ass'n. at their meeting 14th inst.

And after a careful consideration of the matter today, it was

Resolved, That Chairman Tucker be advised that this subject has been reconsidered and it is the unanimous desire of this Committee that the resolution adopted at meeting of April 18th, and submitted to him in letter of April 20th, be submitted by letter vote to the members of the Central Freight Ass'n as the St. Louis Eastbound Freight Committee consider, that they are unable to accomplish the result suggested in Mr. Tucker's letter of June 16th, to establish a per car basis in lieu of the authority contained in Special Notice No. 446, but that the members of the St. Louis Eastbound Freight Committee are willing to co-operate in the general movement to put all similar roads in Illinois and Central Freight Association Territory on a per car basis, but until this action is taken and a general revision made throughout the territory, the percents should be established as asked for.

Application to Establish Same Divisions on Cotton from Natchez, Miss., via St. L. I. M. & So. Ry. and East St. Louis as at Present in Effect from Helena, Arkansas.

Letter from a member on the above proposition was submitted and after due consideration, it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n that they authorize effective on Legal Notice, the same divisions on Cotton forwarded from Natchez, Miss., via St. L. I. M. & So. Ry., East St. Louis and Cairo as are at present in effect on shipments from Helena, Ark., as per C. F. A. Information No. 312, series "A," page 6, rule No. 7.

Rates on Grain and Grain Products, C. L., East St. Louis to Elkhart, Goshen, La Porte, Mishawaka and South Bend, Ind.

Resolved, That this subject be laid over until next regular meeting.

Application for Rate of 15 Cents per 100 Lbs. on Barytes, C. L., from East St. Louis to Toronto, Ontario.

Resolved, That this subject be laid over until next regular meeting.

Application for the Western Roads for the East St. Louis Lines to Accept East of East St. Louis, same Revenue on Hides, Dry, Goat and Sheep Pelts, Loose or in Bales, C. L., from Phoenix, Ariz., as They at Present Receive on Like Traffic from Los Angeles.

After due consideration of the above application, it was

Resolved, That it is the opinion of the individual roads, members of this Committee, that as Central Freight Ass'n Information No. 2326, effective June 25th, 1900, authorizes that the Lines east of East St. Louis accept the same revenue on shipments from Phoenix, Arizona, etc., as they are allowed on traffic from Pacific Coast Trans-Continental points (Los Angeles, etc.) It is therefore the opinion of the members of this committee that no further legislation is necessary and Western Roads be advised accordingly.

Application for Reduced Rate on Sand, C. L., from East St. Louis and Alton to Bellaire, Ohio.

Letter from a member with application of a shipper was submitted and after due consideration, it was

Resolved, That the subject be referred to B. & O. S. W. R. R. for their recommendation. The Chairman on receipt of reply to either submit proposition to Central Freight Ass'n or hold for next meeting of this Committee.

Letter Regarding Issuing Clear Bills of Lading on Lumber for Export in Connection with Certificates and Seal of National Lumber Association.

Resolved, That this subject be laid over until next regular meeting.

Request for Reduction in Rates on Photographer's Dry Plate, East St. Louis to Eastern Points.

This subject was considered at meeting 5th inst., and laid over pending further information to be secured by the Chairman. The information being submitted, it was

Resolved, That the application be forwarded to the Official Class'n Committee, with recommendation of this Committee, that 4th class basis be established on this traffic, requesting Chairman Gill to advise decision reached.

Application for Reduction in Official Class'n Rating on Thread Spool Boxes.

Letter was read requesting reduction in Class'n of "Thread Spool Boxes," L. C. L., from 3t 1st to 1st class, etc.

And after due consideration, it was

Resolved, That the Chairman forward the correspondence with sample to the Official Class'n Committee without recommendation of this Committee, requesting Chairman Gill to advise decision reached.

Routing of Freight by the War Department, U. S. A., via Various Routes to be Settled for on Short Line Distance.

The above subject was considered at meeting 5th inst., and laid over pending action of the Central Freight Ass'n. After further consideration today, it was

Resolved, That the Chairman advise J. B. Bellinger, Major and Quartermaster, U. S. V., that the proper representatives of the individual roads, members of this Committee, request me to advise that so far as transportation over their lines is concerned, bills of lading should be issued only on basis of their established tariffs, which are on file, with the Interstate Commerce Commission at Washington, or individual

quotations of representatives of the St. Louis East-bound Freight Committee roads and that individual bids will only apply via the routes which are named in connection with such quotations.

Divisions of Rates on Strawberries from the South via Cairo and East St. Louis to Buffalo.

This subject was considered at meeting June 5th and laid over pending further information. Same being submitted today, it was

Resolved, That in view of the Strawberry season being over no further action is necessary and subject be tabled.

Request for Commodity Rate on Sheep Manure, C. L., East St. Louis to Trunk Line Territory.

The above subject was considered at meeting 5th inst., and recommendation forwarded to the Central Freight Ass'n. Subject being submitted by the Ass'n and application declined as per Central Freight Ass'n Letter F-256 June 13th, 1900, therfore be it

Resolved, That no further action is necessary and subject be laid on the table.

Rate on Cotton Factory Sweepings, East St. Louis to Western Termini Points and Trunk Line Territory.

Letter from J. F. Tucker was read regarding the above subject, and after due consideration, it was

Resolved, That it is the opinion of the individual roads, members of this Committee, that same rates should be authorized on Cotton Seed Factory Sweepings as at present in effect on Cotton Seed Mill Sweepings and Mr. Tucker be advised accordingly.

Irregularities in Billing.

Letter from the Chief Inspector was read regarding some irregularities in billing and in view of the fact

that there has been no recent billing that is out of line, the subject was laid on the table.

The statements made by each member indicated an improved condition of affairs generally.

There were, however, rumors of rate cutting, most of which appeared to start with shippers for a purpose and without any foundation.

Reports regarding Cotton Rates were not very satisfactory and the Secretary was instructed to make inquiry of the members not present and report the result to the Chairman of the Executive Committee and to this Committee at the next meeting.

There being no further business, the meeting adjourned until Tuesday, 17th inst., 11:00 a. m., at General Office C., C., C. & St. L. Ry.

Statements were made by members regarding reports of rumors of irregularities in nearly all instances on Export traffic. The charges made were either denied or explained as being old engagements of bookings and not current business.

As instructed at meeting 13th., the Sec'y. reported result of conference with members not present at last meeting.

The charges made regarding non-maintenance of rates on Cotton since agreement of June 19th, were denied. One member stated that in consequence of room having been engaged on Steamer for some Cotton which shipper failed to furnish the road was obliged to make new contract at same figure to fill the space engaged on the ship.

The Sec'y was instructed to ascertain whether it is the intention of Mr. W. J. Scott, D. F. A., T., St. L. & K. C. R. R., to attend future Special Meetings of the Committee.

If he advises that he will be present at next meeting a call is to be issued for Friday, 20th, at 11:00 a. m. sharp, at Gen'l. Office, C., C., C. & St. L. Ry. If Mr. Scott will not be present no Special Meetings will be called until the Secretary is notified.

E. S. Orr, Chairman.

Each member reported rumors and indications of tariff rates not being maintained on Flour, Lumber, Oleo, Lard, etc., for Export and to Trunk Line and C. F. A. Points. No direct or specific charges were made against any member and no one admitted knowledge of irregularities by their line. On the contrary, all claimed to be adhering strictly to Tariff.

The Secretary reported having conferred with the Chairman of the Executive Committee on 18th inst., regarding the reported non-maintenance of present rates on cotton the charges, however, being denied by the said parties except as explained by the L. E. & St. L. C. representative on 17th inst. The subject was fully discussed with the T. St. L. & K. C. representative who insisted that the Inland Tariff rates were charged, about which there appeared to be serious doubts.

The impression prevailed that the general situation was improving regardless of the reports and rumors

of irregularities, many of which came from shippers who evidently had some object in stating what other lines were doing.

It was decided to continue the semi-weekly conference for the present.

Meeting adjourned until Tuesday, July 24th at same time and place.

Meeting convened at 11:00 a. m.

Rates on Pig Lead, Etc., C. L., from East St. Louis and Beyond to Trunk Line Territory.

This subject was considered in connection with letter from Chairman Tucker, at meeting 13th inst., and laid over until today and it was

Resolved, That the Chairman write Chairman Tucker in answer to his recent letters regarding rates on Pig Lead, Spelter, etc., from East St. Louis informing him that the subject was once more brought to the attention of the St. Louis Committee and they intend to continue the present rate just as long as the present rates remain in effect from Kansas City.

Through Rates and Divisions on Yellow Pine Lumber Authorized by C. F. A. Information No. 76, Series—A.

This subject was considered at meeting 13th inst.,

and laid over. At meeting today a letter dated 5th inst., from Chairman Tucker was read, and it was

Resolved, That the Chairman issue a Circular Letter to the members of the Committee giving copy of letters to and from Chairman Central Freight Ass'n, subject to be placed on the docket for consideration at next meeting.

Rates on Fertilizer, C. L., East St. Louis to Various Points in Central Freight Association Territory.

This subject was considered at meeting 13th inst., and laid over and after further consideration today, it was

Resolved, That the Chairman request the parties making the application for reduced rates on Fertilizers to explain what kinds are involved and the value per ton of said Fertilizers, as compared with the value of the Phosphate Rock Fertilizer, circular letter to be issued to the members embodying the correspondence so that the subject may be further considered at the next meeting.

Division of Rates on Tomatoes, Cairo via East St. Louis to Buffalo.

The Chairman submitted correspondence from Chairman Tucker and Chief Inspector Rainer regarding shipment of Tomatoes, Cairo via East St. Louis to Buffalo, on which the M. & O. was allowed 20 per cent of the Cairo Rate instead of 17.33 per cent, as authorized by this Committee's Special Notice No. 437.

After due consideration, it was

Resolved, That a letter be addressed to each member of this Committee asking them to state what they are allowing the M. & O. R. R. on this traffic, also requesting them to state what other exceptions, if any, are made by them from the divisions as authorized in Special Notice No. 437, the subject to be further considered at next meeting.

Rates on Asphalt, East St. Louis to Detroit, Mich.

The Chairman submitted correspondence from Chairman Tucker and Chief Inspector Rainer regarding shipments of Asphalt from East St. Louis to Detroit, Mich., billed at the Proportional instead of the Local Rate and it was

Resolved, That the action of the Clover Leaf is in defiance and contempt of the rules of this Association; that they be again requested to correct their billing on the shipment to the proper rate.

Rates on Grain and Grain Products, C. L., East St. Louis to C. F. A. Territory.

At meeting 13th inst., the subject of rates on Grain and Grain Products from East St. Louis to various points in Indiana and Ohio as against rates from Upper Mississippi River Crossings were considered also rates to Logansport, Ind.

The Chairman stated that he had advised Mr. Tucker in line with action taken at meeting July 13th and received replies dated July 18th and 20th, also letter from a member which were submitted and after further consideration, today, it was

Resolved, That the Chairman write Mr. Tucker and tell him it is important that we should know at once whether the unauthorized rates from Upper Mississippi Crossings will be withdrawn, if not, to call a meeting of the Rate Clerks to check in rates from East St. Louis in line with rates referred to.

Rates on Lumber, C. L., from Cairo and East St. Louis to Tipton, Ind.

The Chairman submitted correspondence on the above subject and it was

Resolved, That the Chairman continue the correspondence with C. F. A. Ill. Cent. and endeavor to have the rate to Tipton placed on the proper basis.

Correspondence from Chairman Tucker Regarding Rate on Tallow and Stearine to Buckhannon, W. Va.

This subject was considered at meeting 13th inst., and laid over until today pending further information from Chairman Tucker. The Chairman submitted Mr. Tucker's reply also called attention to the fact that rate of 32½ cents is carried in a tariff of one of the roads member of this Committee, and it was

Resolved, That the Chairman write G. F. A. McLaughlin and ascertain whether it is necessary to continue in effect the rate of 32½ cents per 100 pounds East St. Louis to Buckhannon, W. Va., on Green Hides, Tallow and Stearine, C. L., the subject to be further considered at next meeting.

Minimum Weight and Number of Light Weight Range Horses and Mules per Carload.

Correspondence between Chief Inspector Rainer and General Traffic Manager Brown of the St. Louis National Stock Yards was submitted regarding this subject and after a general discussion, it was

Resolved, That the Chairman write to the Traffic Manager of the St. Louis National Stock Yards, requesting him to state specifically what arrangement as to the number of head per car is necessary to permit of the handling through this market of the Light Weight Range Horses and Mules, the subject to be further considered next meeting.

Application for Reduction in Rate on Enameled Brick, C. L., East St. Louis to New York City.

Letter was submitted containing request that Commodity Rates be established on Enameled Brick, C. L., minimum 40,000 pounds, released to a valuation of $5 per ton on basis of 26 cents East St. Louis to New York, usual difference, and it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight As-

sociation that they authorize rates on Enameled Brick, C. L., minimum weight 40,000 pounds (released to a valuation of $5.00 per ton) from East St. Louis to points east of the Western Terminal of the Trunk Lines on basis of 26 cents per 100 pounds, East St. Louis to New York, effective on Legal Notice.

Rates on Steel Bolsters, etc., C. L., East St. Louis to Eastern Points.

Letter from Chairman Tucker was submitted requesting that the unauthorized rates on Steel Bolsters, etc., on basis of 23 cents per 100 pounds East St. Louis to New York be withdrawn, also requesting to be advised if there are any contracts on this traffic and if so by what roads, and when they expire, etc.

After due consideration, it was

Resolved, That the roll be called to ascertain which roads have contracts for the transportation of Steel Bolsters and Enameling or Black Plate and whether the contracts can be cancelled at once, if not when they will expire.

The roll being called all representatives present except one stated that there was no contract via his line. The other member stated that his line had a contract on enameling or Black Plate, good until April 1st, 1901, which could not be cancelled but he could not say whether they had any contracts for the transportation of Steel Bolsters but would investigate and advise.

Allowance to Illinois Terminals and Other Short Mileage Roads on Traffic to and from Points in Central Freight Association Territory.

The above subject was considered at meeting 13th inst., and laid over pending result of vote on C. F. A. Advice Fetter F-333. The proposition contained in Advice Letter F-333 was declined as per C. F. A. Advice Letter F-368. The Chairman stated that since meeting of July 13th, he had received letter from Chairman Tucker requesting this Committee to fur-

ther consider this subject in line with recommendation adopted at C. F. A. meeting June 13th, 1900.

After due consideration, it was

Resolved, That it is the sense of this Committee that the lines covered by Circular No. 446 as described in the first group embraced within a radius of 75 miles be placed upon a per car basis in lieu of the percentages as established by that authority, the figure for the per car basis to be agreed upon later.

The roll being called the result of the vote was as follows:

Affirmative,	4.
Negative,	3.
To advise later	1.

Meeting convened at 11:30 A. M.

Rates on Grain and Grain Products, C. L., East St. Louis to Central Freight Ass'n. Territory.

The above subject was considered at meeting 27th ult., and in line with resolution the Chairman wrote Mr. Tucker, also called meeting of the Rate Clerks, Aug. 8th.

At meeting of Rate Clerks, in checking against the published rates from Upper Mississippi River Crossings (C. R. I. & P. Tariff I. C. C. No. C-2130, etc.) it was found impracticable to line up from East St. Louis against these rates on account of a number of points being published on the wrong basis, for instance Bayard and Bellaire, O. on Cleveland basis should be on Western Termini basis and other discrepancies of similar nature. In view of the foregoing the following action was taken:

Whereas, The Mississippi River Committee of West-

ern Trunk Line Committee at meeting of July 12th, 1900, checked certain rates on Grain and Grain Products from Upper Mississippi River Crossings to Central Freight Ass'n. Territory; said rates vary in many important respects from those checked and published from East St. Louis to same territory on same Commodities, it is therefore;

Recommended, To the St. Louis Eastbound Freight Committee that Chairman Fraser arrange through Chairman Tucker for a joint meeting of the Western Trunk Line Committee and St. Louis Eastbound Freight Committee for the purpose of checking a uniform basis of rates to be applied both from East St. Louis and Upper Mississippi River Crossings to Central Freight Ass'n. Territory.

Subject being further considered by the Committee today, it was

Resolved, That the action of our representatives at rate meeting 8th inst., be approved and recommended by this Committee to Chairman Tucker, requesting that he arrange for a joint Conference at the earliest possible date, advising result.

Rate on Paper Cores East St. Louis to Rumford Falls and Canton, Me.

The Chairman submitted correspondence on this subject, and after a general discussion, it was

Resolved, That the Chicago and Alton R. R. be requested to withdraw the tariff particularly on the ground of the irregularity of its issue.

Minimum Weight and Number of Light Weight Range Horses and Mules Per Car Load.

This subject was considered at meeting 27th ult., and in line with action taken the Chairman wrote Traffic Manager Brown, National Stock Yards, for the information desired, same being submitted, it was

Resolved, That the individual roads, members of

this Committee recommend to the Central Freight Ass'n. that on Range Horses and small Mules, released to a valuation of $10.00 per head, the same rules be applied when going to Central Freight Ass'n. and Trunk Line Territory, as authorized to the Virginias in Central Freight Ass'n. Information No. 95-A.

Through Rates and Divisions on Yellow Pine Lumber Authorized in C. F. A. Information No. 76-A be Applied on Other Lumber.

The above subject was considered at meeting 27th ult., and as instructed the Chairman issued Circular Letter July 28th, on further consideration of the matter today, it was

Resolved, That in view of the statement made by Chairman Central Freight Ass'n. in letter dated July 5th, folio Info. 76-A, on this subject, the request be declined.

Rates on Fertilizer, C. L., East St. Louis to C. F. A. Ter.

The above subject was considered at meeting July 27th, and as instructed in resolution, adopted that day, the Chairman issued a Circular Letter, dated July 31st, subject being further considered today, it was

Resolved, That in view of the authorized rates on this traffic between all other points in Central Freight Ass'n. Territory, being on basis provided therefore in the official classification, it is the individual opinion of the roads, members of this Committee, that they cannot consistently recommend any reduction from East St. Louis and the Chairman advise the applicant accordingly.

Application for Commodity Rate on Barytes, C. L., from East St. Louis to Toronto, Canada.

This subject was considered at meeting of July 31st, and recommendation forwarded to the Central Freight Ass'n. The Chairman submitted correspondence from

Mr. Tucker in which the Canadian Lines declined to agree to any reduction in rates on this traffic, and it was

Resolved, That the subject be laid on the table.

Requesting the Chicago, Burlington & Quincy R. R. to Become a Member of this Committee.

The above subject was considered at meeting July 13th. The Chairman wrote Mr. Ives, requesting the C. B. & Q. R. R. to become a member of this Committee; said letter was referred to Mr. Thomas Miller, G. F. A., Chicago; reply received dated July 31st, from Gen'l Agent Todd as follows:

"Your letter of July 16th, file 3304, addressed to Mr. Ives, inviting this company to become a member of your Committee, was referred to our General Freight Office in Chicago. We do so little business in your territory from St. Louis that we hardly feel that we would be warranted in joining your committee. Since we published rates from St. Louis to points in Trunk Line Territory, we have solicited some shipments from here, but have done very little business. We hardly feel, therefore, that we could add to the usefulness of your Committee by joining and would suggest that we postpone the acceptance of your invitation until such time as we can be more of a factor in Eastern business. I wish to state, however, that we desire to be governed by your rules, rates, etc., and do not wish to do anything that will disturb conditions at any time. The rates that we publish from St. Louis are to Trunk Line Points only, including Western Termini. We do not carry any rates from St. Louis to Central Traffic Ass'n. Territory."

Resolved, That the subject be laid on the table.

Switching Charges from Industries in St. Louis, Located on the St. L. K. & N. W. R. R.

(BURLINGTON ROUTE).

The Chairman stated that as instructed at meeting

July 13th, he had been in correspondence with Gen'l. Agt. Todd of the Burlington Route, regarding this matter and had been advised that, on traffic from Industries on their tracks in St. Louis, destined to Western Termini Points and Trunk Line Territory, the C. B. & Q. absorbed the switching but did not absorb same on traffic destined to points west of the Western Termini of the Trunk Lines (Cincinnati, Louisville, Cleveland, etc.) and it was

Resolved, That the Chairman take up with the C. B. & Q. R. R. the matter of switching charge to the East St. Louis rate, plus the Bridge Toll, on traffic handled by the C. B. & Q. from industries located at St. Louis and vicinity on the St. L. K. & N. W. R. R. tracks, destined to Western Termini and Trunk Line Territory points. It having been stated in letter, by Mr. Todd, Gen'l. Agt. C. B. & Q. R. R., that they did not handle any business from points in Central Freight Ass'n. Territory west of the Trunk Line Western Termini, no further action was necessary on traffic to the Central Freight Ass'n. Territory.

Rates on Grape Sugar, C. L., East St. Louis to Trunk Line Territory.

The Chairman submitted correspondence from a Syrup Co. requesting same rate on Grape Sugar manufactured by them, that is in effect on Grape Sugar from Glucose Factories, viz.:—6th class rates and it was

Recommended, To the Central Freight Ass'n. that Information No.'s 1908 and 262-A on Grape Sugar, C. L., be amended to include the Grape Sugar Factory located at St. Louis and known as the S. N. Long Syrup Co., which will entitle their shipments to the 6th class rate.

Application for Reduction in Rate on Enameled Brick, C. L., East St. Louis to Trunk Line Territory.

The above application was considered at meeting

July 27th, and recommendation forwarded to the Central Freight Ass'n. and was submitted by that Ass'n. for vote in Advance Letter F-403 and declined as per advice Letter F-429, subject being further considered today, it was

Resolved, That the Chairman take the matter up with the interested parties, showing them the correspondence and have them outline an argument for resubmitting the matter to the Central Freight Ass'n. and that Chairman Fraser report his progress to the Committee at the next regular meeting or a Special Meeting, if necessary.

Allowance to Illinois Terminal and Other Short Mileage Roads of Traffic to and from Points in C. F. A. Territory.

The Chairman stated that in line with action taken at meeting 27th ult., he secured the affirmative vote of C. & A., also stated that he had written Chairman Tucker regarding the matter and received reply Aug. 1st, requesting that the St. Louis Eastbound Freight Committee should make recommendation in relation to this "per car" basis as to what rates shall apply within a radius of 75 miles, so that subject may be finally considered at Central Freight Ass'n. Sept. meeting, and it was

Resolved, That it is the sense of the Committee that the line covered by Circular No. 446, as described in the first group, embraced within a radius of 75 miles, be placed upon a per car basis in lieu of the percentages as established by that authority, the figure for the per car basis to be $2.50 per car.

The result of roll call (the vote of absent members being secured later) was

Affirmative—6.

Negative,—3.

Affirmative, provided like action is taken with all Belt or Terminal lines within Central Freight Ass'n. Territory.—1.

Rates on Exhibits for the St. Louis Exposition, Season of 1900.

Application from Gen'l. Manager Atkinson of the St. Louis Exposition and Music Hall Ass'n. for usual concessions granted on exhibits to St. Louis Exposition was presented, and it was

Resolved, That this application be referred to the Central Freight Ass'n. with recommendation of this Committee that the same concessions as those of last year be granted, i. e., full tariff rates will be charged on all exhibits forwarded to the Exposition, and that such Exhibits (excepting horses) if unsold and re-shipped from St. Louis within 30 days after the close of the Exposition may be returned free at owner's risk to the original forwarder at the original point of shipment by the Railways Companies which carried same, upon presentation of the original bill of lading, or contract, or paid freight bill, together with a certificate signed by the proper officers of the Exposition to the effect that the shipments were unsold exhibits which have paid full tariff rates one way, such certificates to be attached to the manifest of each shipment.

Further Resolved, That no action be taken with regard to Horses for the Horse Show.

Information Requested of the Chairman Regarding Rates, Weights, etc., on Shipments Forwarded by one Road Desired by Another.

The Chairman submitted letter on this subject from a member, also read resolutions adopted at meeting Sept. 5th, 1899, which still governs, regarding this matter.

After a general discussion, it was

Resolved, That if a member makes an inquiry of the Chairman regarding an illegal irregularity, evidence of which the Chairman has in his office, the Chairman shall at once take the subject up with the repre-

sentative of the line complained of; after having done so, he is authorized to advise the inquiring member the result of his investigation, furnishing each member of the Committee with a copy of the inquiry and reply.

Division of Rates on Traffic from Cairo, Ill., via East St. Louis to Western Termini and Trunk Line Territory Points.

This subject was considered at meeting 27th ult., and in line with resolution the Chairman issued Circular Letter dated July 30th, all roads not having definitely replied, subject being further considered today, it was

Resolved, That the Chairman renew his efforts and get a complete answer from all members, the subject to be further considered at next meeting.

Rates on Pig Lead, etc., C. L., from East St. Louis and Beyond to Trunk Line Territory.

The Chairman read letter Aug. 1st, file A-213 from Chairman Central Freight Ass'n. regarding action of this Committee at meeting July 27th, on subject of Rates on Pig Lead, Spelter, etc., and it was

Resolved, That the subject be laid on the table.

Rate on Enameling or Black Plate and Steel Bolsters to Trunk Line Territory.

A letter dated Aug. 2nd, file F-336 from the Chairman of the Central Freight Ass'n. was read, regarding contracts on Enameling or Black Plate and Steel Bolsters. The Chairman stated that he had made several inquiries of the roads who reported having contracts but had not as yet received all the information asked for.

After a general discussion, the following resolution was adopted

Resolved, That the Chairman ask the parties again,

stating that the other members insist on knowing the condition of affairs.

All members present expressed their opinion that the rate situation on both Domestic and Foreign Traffic was not satisfactory. No direct charges were made of violations and no action taken for the future.

The Secretary read correspondence requesting reduction on rates on Earth Paint, C. L., to C. F. A. and Trunk Line Territory. Resolution was adopted recommending that Central Freight Ass'n. authorize 6th class basis, now in use from East St. Louis, said to be on Trunk Line Association authority No. A-222 (Letter and wire to J. F. Tucker on file 4006).

The Secretary also read letter from G. F. A. Wann regarding rate on Iron Paper Cores, C. L., and answered by letter 21st as instructed (File 4057).

Members reported condition of affairs about same as at meeting 21st, except that contracts were reported as being made on Cotton less than Tariff.

This being opening of Cotton season it was deemed advisable that prompt action be taken to prevent demoralization on the season's business.

It was understood that subject should be acted upon at next meeting.

The Secretary read correspondence regarding corn to Norfolk, Va., via L. H. & St. L., as per Circular Letter 24th, file 4032. The Secretary also read letter 23rd, file 4032 to R. A. Campbell, regarding wheat to Newport News.

Members reported rumors of irregularities in rates both to C. F. A. Points and beyond, particularly on Flour. The discussion was principally on the subject of Cotton rates, it being claimed by interested lines that if less than Tariff was offered they were not aware of it and would not participate.

This was not, however, satisfactory to all members in view of the agreement of June 19th, which was presumably still in effect. There was, however, no definite action taken.

The Secretary read letter 27th, file F-450, from Chairman Tucker, regarding number of horses in C. L. and it was decided not to change the resolution adopted at meeting 14th, and letter to that effect written 28th, file 4062, to Mr. J. P. Tucker.

Members reported little if any change in the situation from what has prevailed. Irregularities claimed to still continue on Provisions, Cotton, Flour, Lumber, etc.

The Secretary called attention to Wheat being billed from East St. Louis at the local rate to points in C. F. A. Territory consigned to S-O Seaboard with notation "Stop for cleaning" notify a third party at another point. Instructions asked as to whether the tonnage should be included in Eastbound Report and it was the decision of the Committee that it should be included.

Attention was called to Circular Letter File 3170 on "Enameled Brick" and the Committee instructed the Secretary to prepare resolution, same as previously adopted and send to Chairman C. F. A. with letter and copy of correspondence from the Hydraulic-Press Brick Co.

Meeting adjourned until Friday Sept. 7, same time and place.

R. M. Fraser, Chairman.

Meeting convened at 10:00 a. m.

Rates on Grain and Grain Products, C. L., East St. Louis to Central Freight Association Territory.

This subject was considered at meeting Aug. 14th, and in accordance with action taken, recommendation was forwarded to the Central Freight Ass'n. (See proceedings that date).

The Chairman stated that the Central Freight Association had issued call for meeting, see Advice Letter F-490½, Aug. 31st, naming date of Joint Meeting Sept. 7th, at Chicago, also, see this Committee's Circular Letter dated Sept. 3rd. Chairman further stated that he had since received letter 3rd inst., from a member, with copy of letter attached, addressed to Mr. Tucker, in which it was requested that the Joint Meeting called for the 7th inst. be postponed until after the general meeting of the Central Freight Ass'n and it was

Resolved, That the subject be deferred until after the Central Freight Ass'n meeting of September.

Proportional Rate on Wheat and Grain Products Taking Same Rates from Kansas City to Toledo, O.

The Chairman stated that at Special Meeting of the 31st ult., he was requested to docket this subject for consideration at regular meeting to-day. It being explained that one of the roads members of this Committee had issued Tariff naming Proportional rate of 12

ents per 100 lbs., on Wheat and Grain Products, taking same rate from Kansas City to Toledo, Ohio.

After a general discussion it was

Resolved, That the subject be laid over until after the September meeting of the Central Freight Ass'n.

Rates on Returned Iron Paper Cores, East St. Louis to Rumford Falls and Canton, Me.

This subject was considered at meeting 14th ult., and in line with action taken the Chairman wrote the Chicago & Alton requesting that the Tariff issued July 10th, 1900, effective July 17th, be cancelled.

The Wabash having issued tariff, naming same rate, dated July 12th, effective July 17th, was also requested to cancel same.

The Chairman stated that he had received the C. & A. cancellation Notice, Amendment No. 6 to Tariff A-353 I. C. C. No. A-82 issued Aug. 29th, 1900, effective Sept. 6th, 1900, also the Wabash issue Amendment No. 28 to Tariff 21480, B-H cancelling tariff 21480, B-B, Amendment No. 22, to I. C. C. No. 859, effective Sept. 3rd.

And in view of the above, it was

Resolved, That no further action is necessary and subject be laid on the table, Chairman Tucker to be advised of the withdrawal of the tariffs.

Minimum Weight and Number of Light Weight Range Horses or Mules Per Carload.

This subject was considered at meeting 14th ult., and recommendation forwarded to Central Freight Ass'n. as per that Ass'ns. Advice Letter F-450, Aug. 17, 1900. The Chairman stated that he had written Mr. Tucker 4th. inst., as to decisions reached by that Association and received reply today that the Trunk Line Roads had not as yet advised their views, etc., and it was

Resolved, That the subject be laid over, pending further advice from the Central Freight Ass'n.

Rates on Grape Sugar, C. L., East St. Louis to Trunk Line Territory.

This subject was considered at meeting 14th ult., and recommendation forwarded to Central Freight Ass'n.; see that Ass'n. Advice Letter F-454, Aug. 17th, 1900.

The Chairman stated that Mr. Tucker had since been in correspondence with this office, requesting further information as the subject will be considered at Central Freight Ass'n. September meeting. The correspondence being submitted, it was

Resolved, That no further action is necessary by this Committee, at least until after the Central Freight Ass'n. meeting.

Rates on Steel Bolsters and Enameling Plate, C. L., from East St. Louis to Western Termini and Trunk Line Territory.

The above subject was considered at meeting 14th ult., and in accordance with action taken the Chairman stated that he had endeavored to secure the desired information from the roads, claiming to have contracted this traffic, as to when said contracts would expire, but was unable to obtain a definite reply. The correspondence being submitted, it was

Resolved, That the subject be laid on the table.

Switching Charges from Industries in St. Louis Located on the St. L., K. & N. W. R. R. (Burlington Route.)

The above subject was considered at meeting Aug. 14th, and in accordance with action taken, the Chairman wrote Gen'l. Agent Todd and received reply Aug. 29th, stating that "As you will see by our Tariff, we handle business between St. Louis and Trunk Line Territory, via the St. L., K. & N. W. and as the St. Louis Car Co. is located on the tracks of the St. L., K. & N. W., we could not consistently charge them switching on the business forwarded by that line, such action I think would be unprecedented."

And it was

Resolved, That the individual roads, members of this Committe, hereby advise that, effective on Legal Notice, on traffic between St. Louis and the Western Termini points and Trunk Line Territory, they may absorb the switching charges from and to industries located on the tracks of the St. L., K. & N. W. R. R. in St. Louis, but will not absorb said charges from and to points in the Central Freight Ass'n. Territory west of the Western Termini of the Trunk Lines it having been stated in letter Aug. 10th, from Gen'l. Agt. Todd "That the Burlington Route does not handle any traffic from St. Louis to Central Freight Ass'n. Points west of the Western Termini of Trunk Lines.

The list of industries and the charge for switching now in effect is published in Local Freight Agts. Switching Rates, April 1st, 1898, and Amendment No. 16 hereto.

After further considering the above subject the following resolution was offered and adopted unanimously:

Resolved, That the Chairman be instructed to investigate the Switching Charge of $6.00 from the St. Louis Car Co. and the Monarch Rubber Co., on the St. L., K. & N. W. as to how it is arrived at and to whom the revenue goes.

Correspondence from Chairman Tucker Regarding Rate on Green Salted Hides, Tallow and Stearine, East St. Louis to Buckhannon, W. Va.

This subject was considered at meeting July 27th, 1900, and in line with resolution adopted the Chairman wrote G. F. A., B. & O. S W. R. R. At meeting today Chairman stated he had received B. & O. S. W. Supplement No. 4, effective Sept. 3rd, to Tariff No. H-1480 and I. C. C. 2977, cancelling rate to Buckhannon, W. Va.

And in view of same, it was

Resolved, That the Chairman advise Mr. Tucker accordingly, no further action being necessary, subject be laid on the table.

Division on Rates on Traffic from Cairo Via East St. Louis to Buffalo, Also Other Western Termini and Trunk Line Territory Points.

This subject was last considered at meeting Aug. 14th, and laid over pending further information to be secured by the Chairman.

The replies from all members being submitted, it was

Resolved, That the Chairman report the result of his investigation to Mr. Tucker.

Rates on Earth Paint, Iron Metallic, Mineral or Ochre, C. L., East St. Louis to C. F. A. and Trunk Line Territory.

The above subject was considered at Special Meeting Aug. 21st, and recommendation forwarded to the Central Freight Ass'n. as per that Association's Advice Letter F-462, Aug. 22nd, 1900.

The Chairman stated that he had received, this a. m., Information No. 418, Series A and 2419, dated Sept. 5th, 1900, authorizing 6th class rates on this Traffic to Central Freight Ass'n. and Trunk Line Territory.

And it was

Resolved, That no further action by this committee being necessary, the subject be laid on the table.

Application to Include Pig Iron, C. L., in List of Articles Upon Which Percentage Divisions Authorized in Joint Committee Circular 1609, This Committee's Special Notice Number 437, Apply.

Letter from a member on this subject was submitted. The Chairman stated that the question as to the articles upon which divisions shown in Special Notice No. 437, did not apply was considered at meeting June 5th, 1900, and it was decided that said divisions were applicable on all Traffic from the South, except Pig Iron, and it was

Resolved, That it is the sense of this Committee that

Pig Iron should not be excepted in Joint Committee Circular No. 1609 and that it should be recommended to the Central Freight Ass'n. that Joint Committee Circular No. 1609 be amended so as to make percentages authorized therein applicable on all traffic from the South routed via Cairo and East St. Louis.

Rates on Lumber, C. L., East St. Louis to Jonesboro and Gas City, Ind.

The Chairman submitted letter from a member on the subject of establishing same rates on this traffic to Gas City as in effect to Jonesboro, Gas City being immediately across the river from Jonesboro. The C., C., C. & St. L. Joint Tariff X-2230, effective Feb. 1st, names rate to Jonesboro from Cairo 11 cts. and East St. Louis 9 cts. per 100 lbs. The Chairman stated that the same subject was considered by Circular Letter Oct. 21st, 1898, and it was then decided that the rate to Gas City should be the same as to Jonesboro and it was

Resolved, That the individual roads, members of this Committee, advise that effective on Sept. 17th, the rate on Lumber, C. L., to Gas City, Ind., be made 11 cts., from Cairo, and 9 cts per 100 lbs. from East St. Louis, and the Chairman amend Joint Tariff No. 110 so as to include both Jonesboro and Gas City, Ind., at 9 cts. per 100 lbs., and in further issues of tariffs the rates to Gas City and Jonesboro be made the same.

Application for Change in Classification of Heavy Coopcrage, Bbls., Used for Catsup, Pickles, Whiskey, Wines and Vinegar.

Letter from a member was submitted with correspondence attached addressed to Chairman Gill, from a manufacturer, requesting that the Classification on this traffic be reduced from 5th class minimum 16,000 lbs., to 6th class, minimum 20,000 lbs., also requesting that the members of this Committee endorse said application to Classification Committee recommending that the change requested be granted.

After a general discussion, it was

Resolved, That the subject be left with the Chairman for investigation as to the probable Maximum Weight that can be loaded in a 34, 36 and 40-foot car, subject to be further considered at next meeting.

Application for Commodity Rate on Rough Granite, C. L., East St. Louis to Adrian, Michigan.

The Chairman submitted letter from a member with correspondence attached, requesting that a Commodity Rate be established on this traffic to Adrian, Mich., stating that the present rate on Rough Granite from Barre, Vt., to Adrian is 18 cts. per 100 while the rate is from Graniteville, Mo., to East St. Louis, 5 cts., East St. Louis to Adrian, 15 cts., total 20 cts., and it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n. that they authorize Proportional Rate of 13 cts. per 100 lbs., on Rough Granite, C. L., from East St. Louis to Adrian, Mich., effective on Legal Notice, this to allow the East St. Louis Lines to equalize with the rates from their quarries.

Cotton Contracts With the St. Louis Cotton Compress Co. for Season 1900-1901.

The Chairman stated that in accordance with action taken at meeting June 29th, 1900, he had prepared Blank Form of Contract and sent two copies to each of the resident members for their consideration. A reminder was also sent by Circular Letter Aug. 20th. Replies have thus far been received from only five members. As the present contract expires Sept. 30th, 1900, and all members who have not already replied are requested to do so at once in order that the subject may be considered by this Committee in time for new contract to be prepared and made effective Oct. 1st, 1900.

A reply has not been received from the B. & O. S. W. R. R., Ill. Cent. R. R., L. H. & St. L. Ry., L. E. & St. L. C. R. R., and T., St. L. & W. R. R. Mr. Orr stated that the B. & O. S. W. Attorney had drawn up a contract

which has been submitted to the St. Louis Cotton Compress Co.

During a general discussion the members stated that it was their understanding that this contract was to be acted upon jointly and the following resolution was adopted:

Resolved, That Mr. Orr be requested to get the contract from the St. Louis Cotton Compress Co., and send it to the Chairman, he to have copies made and sent to each resident member, to submit to their attorneys with the statement that the Contract was drawn by the attorney of the B. & O. S. W. R. R.

Application for Reduction in Rate on Enameled Brick, C. L., East St. Louis for Trunk Line Territory.

This subject was considered at meeting Aug. 14th, the chairman later securing the information desired and matter was further considered at Special Meeting Aug. 31st., and the following action taken:

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n. that they authorize rates on Enameled Brick, C. L., minimum Weight 40,000 lbs. (released to the valuation of $5.00 per ton), from East St. Louis to points east of Western Termini of the Trunk Lines on basis of 26 cts. per 100 lbs., East St. Louis to New York, effective on Legal Notice.

The above resolution was submitted for vote by Central Freight Ass'n. in Advice Letter F-500, Sept. 1, 1900.

Rates on Grain and Grain Products, East St. Louis to C. F. A. Territory.

This subject was considered at meeting 6th inst., and laid over until after meeting Central Freight Ass'n held 12th and 13th.

Subject being further considered at meeting today, it was

Resolved, That the Chairman take this subject up with Chairman Tucker and explain to him that the Wabash R. R. has issued Cancellation Notice, withdrawing Tariff No. 23740, effective Oct. 1st, which was issued to equalize rates through Chicago, restoring the rates to the established basis, and request that he take the subject up with the Lines running through Chicago, etc., and request them to restore their rates to the authorized basis and to advise when tariffs will become effective.

Proportional Rate on Wheat and Grain Products Taking Same Rates from Kansas City to Toledo, O., and Detroit, Michigan.

This subject was considered at meeting 6th and laid over until after meeting of the Central Freight Ass'n. Meeting held 12th and 13th.

Subject being further considered to-day, it was

Resolved, That the Chairman take the subject up with the C. & A. and the Wabash, with the view to having the Tariffs withdrawn.

Percentages Demanded by Ill. Cent. R. R. on Traffic off Their St. Louis Division Forwarded via E. St. Louis to Western Termini and Trunk Line Ter.

The Chairman submitted letters from members re-

questing that the subject be placed on the docket for consideration, and it was

Resolved, That the subject be laid over until Special Meeting, 27th inst.

Allowance to Ill. Terminal and Other Short Mileage Routes on Traffic to and from Points in C. F. A. and Trunk Line Territory.

This subject was considered at meeting 14th ult., and action forwarded to the Central Freight Ass'n. Subject was considered by the Central Freight Ass'n at meeting 12th and 13th inst., and recommendation adopted referring subject to this Committee for further action and report back to the Central Freight Ass'n.

Resolved, That consideration of the above subject be postponed until the 27th (10:00 a. m. sharp), in the meantime the Chairman to secure from Chairman Tucker copies of the agreement with the Belt or Short Lines in the vicinity of Chicago and Peoria.

Application for Change in Classification of Heavy Cooperage, Bbls Used for Catsup, Pickles, Whiskey, Wines and Vinegar.

The above subject was considered at meeting 6th inst., and laid over pending further information to be secured.

The Chairman submitted the information obtained and it was

Resolved, That the subject be deferred pending action of the Classification Committee.

Rates on Enameling Plate and Steel Bolsters, C. L., East St. Louis to Western Termini Points and Trunk Line Ter.

This subject was considered at meeting the 6th, and laid on the table.

The Chairman stated that he had received letter

from Mr. Tucker under date of Sept. 14th, requesting more specific information regarding the contracts on this traffic, and after due consideration, it was

Resolved, That the subject be tabled, as Mr. Tucker has been given all the information that can be obtained from the lines interested.

Minimum Weight and Number of Light Weight Range Horses and Mules Per Carload.

This subject was considered at meeting 6th, and laid over pending information to be received from the Central Freight Ass'n.

The Chairman stated that he had written Mr. Tucker 18th inst., and received reply, that he was unable to advise fully upon the proposition but expected the matter would be disposed of this week, and it was

Resolved, That the subject be laid over pending action of the Central Freight Ass'n.

Switching Charges from Industries in St. Louis Located on the St. L. K. & N. W. (Burlington Route) and Wabash R. R.'s.

The subject of switching charges from Industries located on the St. L. K. & N. W. R. R. (Burlington Route) was considered at meeting 6th inst., and in line with resolution adopted the Chairman submitted the information he had secured, and it was

Resolved, That in view of the information received and resolution adopted at meeting 6th inst., no further action is necessary and subject be laid on the table.

Application for Commodity Rate on Grape Sugar from East St. Louis When from St. Louis, Mo.

The above subject was last considered at meeting 6th inst., and laid over until after meeting Central Freight Ass'n, Sept. 12th and 13th.

The Chairman called attention to Central Freight Association Advice Letter F-536, Sept. 19th, stating that the application contained in Central Freight Ass'n

Advice No. F-464 had been declined by that Ass'n and it was

Resolved, That the subject be laid over until next meeting and Chairman Tucker be requested to furnish a copy of the information secured from Chief Inspector Rainer, regarding shipments of this Commodity from St. Louis.

Issuing Clear Bills of Lading on Lumber for Export in Connection with Certificates and Seal of National Lumber Exporters' Association.

The above subject was last considered at meeting July 13th, 1900, and the application forwarded to Central Freight Association for joint consideration.

The Chairman received letter from Mr. Tucker Sept. 14th, stating that the subject had been considered by the Central Freight Ass'n and it was decided that it would be inadvisable to comply with the request of the National Lumber Exporters' Ass'n, this is in harmony with action of the Trunk Line Ass'n.

Resolved, That the subject be laid on the table.

Rates on Enameled Brick, C. L., East St. Louis to Western Termini and Trunk Line Territory.

The Chairman stated that this subject had been considered at Special Meeting Aug. 14th, (see proceedings Sept. 6th, 1900) and he had written, 18th, for result of vote on the proposition, information not having been received, and it was

Resolved, That the subject be laid over until next meeting.

Proper Rate to Apply on Tequesquite from East St. Louis to Eastern Points.

This subject was last considered at meeting July 13th, 1900, and in line with action taken the Chairman wrote Mr. Gill of the Official Classification Committee for ruling as to proper rate to apply on this traffic and received reply, 17th inst., as follows:

"I have to advise that a Chemical Analysis of this article shows that it consists essentially of Crude Carbonate of Soda, otherwise commonly known as Soda Ash, hence, shipments corresponding to sample are properly subject to the classification provided for Soda Ash, L. C. L., 4th, C. L. 6th classes."

The Chairman called attention to there being at present a Commodity Rate on Soda Ash, from East St. Louis to C. F. A. and Trunk Line Territories, and it was

Resolved, That the Chairman advise G. F. A. Lincoln, Mo. Pac., of the ruling of the Official Class'n Committee.

And be it further

Resolved, That the Chairman issue Special Notice authorizing ruling contained in Chairman Gill's letter Sept. 17th, 1900, no further action being necessary, subject be laid on the table.

Insurance Contract With the St. Louis Cotton Compress Co. for Season 1900-1901.

This subject was considered at meeting 6th, and in accordance with resolution adopted two copies of the contract prepared by the attorney of the B. & O. S. W. R. R. were sent each resident member with Circular Letter dated Sept. 10th, 1900.

The Chairman stated that he had received replies from two of the members, one stating that they would be governed by the contract submitted July 13th, 1900, same as at present in effect and which expires Sept. 30th, 1900. The other member stated that they saw no objection to the one submitted by the B. & O. S. W. R. R.

After a general discussion, it was

Resolved, That the matter be laid over, the Chairman to report further at the first special meeting.

Application for Special Rate on Passenger Coaches, K. D., for Export.

The Chairman submitted letter requesting Special

Rate on this traffic, and he was instructed to write Chairman Tucker giving him full information on the subject.

Application for Commodity Rate on Rough Granite, C. L., East St. Louis to Adrian, Mich.

The above subject was considered at meeting 6th, and recommendation forwarded to the Central Freight Ass'n and submitted by that Ass'n in Advice No. F-517.

The Chairman stated that he had received letter from Mr. Tucker, also C. F. A. Advice No. F-539, stating that the recommendation had been declined, and it was

Resolved, That the subject be laid on the table.

Reduced Rate on H. H. Goods, from Galveston Account of Flood Sufferers.

The Chairman submitted letter from a member in which he states that they have an inquiry from G. F. A., G. C. & S. F. R. R. as to whether they will join in half-rate on H. H. Goods, Galveston to Louisville, and probably other points, account of Flood Sufferers.

After due consideration, it was

Resolved, That the lines be permitted to take individual action.

Application to Include Pig Iron, C. L., in List of Articles Upon Which Percentage Divisions Authorized in Joint Committee Circular No. 1609, This Committee's Special Notice No. 437 Apply.

The above subject was considered at meeting 6th inst., and resolution forwarded to Central Freight Ass'n. (See Central Freight Ass'n. Advice F-529, Sept. 15th, 1900.)

The Chairman stated that he received letter Sept. 20th, from Mr. Tucker, making inquiry as to why Pig Iron had been excepted from list of Articles upon which these percentage divisions apply,

And it was

Resolved, That the Chairman reply to Mr. Tucker that none of the members here have any recollection as to why Pig Iron was excepted from the application of Joint Committee Circular No. 1609, this Committee's Circular No. 437, and that they are all in favor of its being included.

N. W. Taylor, Chairman.

Members expressed their opinion about same as last meeting. Irregularities on export flour, P. H. P., and Cotton, part of which was covered by old contracts. The members were again reminded that the Insurance contracts with the St. Louis Cotton Compress Co. would expire Sept. 30th, and as yet no definite action taken for the future. Subject laid over until meeting 28th.

Letter 24th from Chairman Tucker regarding possible irregularities in rates on Cotton, was submitted by a member and the Secretary was instructed to write Mr. Tucker for specific information.

An urgent request was made that in future all members should attend meetings promptly at hour named, which was promised.

Meeting adjourned until Friday, 26th, same time and place.

R. M. Fraser, Chairman.

Meeting convened at 10:00 a. m.

Allowance to Illinois Terminal and Other Short Mileage Roads on Traffic to and From Points in C. F. A. and Trunk Line Territory.

At meeting 21st inst., the Chairman was instructed to get copy of the Agrements with Belt or Short Line Roads in the vicinity of Chicago, Peoria, etc.

The Chairman stated that he wrote Mr. Tucker and received copies of Information No. 316, 387 and 421, Series A and Nos. 2072, 2322 and 2240.

After due consideration of the recommendation contained in Chairman Tucker's letter, Sept. 15th, the following action was taken:

Whereas, This Committee has carefully considered the subject of allowance to short line roads, via the East St. Louis and neighboring gateways, as requested

by action of the Central Freight Association meeting Sept. 13th, and find that it is impracticable at the present time to establish a per car basis, as suggested, and

Whereas, We recognize the importance of revising the divisions allowed the short lines through the East St. Louis gateways, Edwardsville, Edwardsville Junction and Edwardsville Crossing, but that in considering this it involves the question of divisions through the Northern Illinois Junctions, that is to say, the Central Freight Association Line are now prorating on Alton business by the way of Springfield, Peoria and Bloomington, etc., on a percentage basis, allowing the short lines very much in excess of what is allowed the short lines via East St. Louis, both on Alton and Bellville traffic. In view of these conditions, be it

Resolved, That it is the sense of this Committee that action be taken as promptly as possible by the appointment of a Committee by the Central Freight Ass'n. to take under consideration the whole subject.

And be it further

Resolved, That pending this action, in justice to the T., St. L & S. W. R. R., the Wabash R. R. and C., C., C. & St. L. Ry., they should be authorized to pro-rate with the Illinois Terminal R. R. by way of Edwardsville, Edwardsville Junction and Edwardsville Crossing, respectively, on Alton business, upon the same basis that Central Freight Association Lines now pro-rate on Alton and Belleville business via East St. Louis, viz.: 15 per cent to Trunk Line, 17½ per cent to Western Termini and 20 per cent to Central Freight Association Points, as authorized by C. F. A. Circular 1967, Joint Committee Circular 1675, this Committee's Special Notice No. 446.

The Chairman to secure the vote of the C. & A. Ry., L. E. & St. L. C. R. R. and T., St. L. & W. R. R.

Note.—The vote of all absent members not as yet received, the subject will be on docket for next regular meeting.

Rates on Grain and Grain Products, C. L., East St. Louis to Central Freight Association Territory.

The above subject was considered at meeting 21st, and in line with action taken, the Chairman wrote Mr. Tucker and received reply Sept. 25th, file 6835, which was submitted, and it was

Resolved, That the Chairman issue call for meeting of Rate Clerks to apply on Grain and Grain Products and Corn, in carloads, from East St. Louis to points in Central Freight Association Territory. The list of basing points to be increased and the rates agreed upon to be used as a basis for a revision of rates from Upper Mississippi River Crossings, etc.

Rates on Paint, Earth, Iron or Ochre, C. L., From East Louis to C. F. A. and Trunk Line Territories.

Letter from Chairman Tucker was read relative to eliminating Metallic and Mineral Paints from Central Freight Ass'n. Information No. 418-A and 2419 which named 6th class rates on these articles, etc.

And it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n., that Information No. 418, Series A., and 2419, naming rates on Paints, Earth, Iron, Metallic, Mineral or Ochre, C. L., from Chicago and East St. Louis to all points in Central Freight Association and Trunk Line Territory to be cancelled and re-issued naming 6th class rates on Paint, Earth, Iron or Ochre, Dry, in sacks, barrels, bags or in bulk, in carloads, with the understanding that the rates on Mineral and Metallic Paints between all other points in Trunk Line and Central Freight Association Territories will be on basis provided therefor in the Official Classification.

Apparently very little, if any, change in the rate situation from what was reported at last meeting. Secretary reported that as instructed, meeting 25th, he wrote Chairman Tucker for Information regarding cotton rates and received reply to the effect that he was unable to give more than stated in letter 24th.

Regarding St. Louis Cotton Compress Co. contract, the Secretary was instructed to confer with President and Secretary and endeavor to have them execute the form of contract submitted by the B. & O. S. W. R. R. Failing in this, he was to notify them that their notes would not be accepted in exchange for bills of lading on and after Oct. 1st, result of conference to be reported to the members, Saturday a. m.

The Secretary reported result of his conference with the President and Secretary of the St. Louis Cotton Compress Co., which was to the effect that they declined to execute the B. & O. S. W. R. R. Form of Contract with a Surety or Guarantee Bond in addition to their St. Louis Cotton Compress Company guarantee. They would, however, execute the New Form of Contract, omitting the Surety Bond or would renew the contract now in effect, or would extend the present contract for 30 days to give time for further consideration.

Under my instructions I notified Prest. Duncan and Sec'y. Lande that their cotton notes would not be exchanged for bills of lading on and after Oct. 1st. I stated to Messrs. Duncan and Lande that I would endeavor to have a conference with the members and if any change was to be made in the notice, I would advise. The result of the meeting is shown in Circular Letter dated Oct. 1st, file 3382 (copy attached).

Note.—Mr. Orr stated that he had no objections to make if the other members wished to extend the present contract, but he could not agree to do it for the B. &

O. S. W. R. R. Mr. Taylor was not present, but was conferred with by phone and favored the extension. The other members not present could not be reached by "Phone."

Rates on Grain and Grain Products, C. L., East St. Louis to C. F. A. Points.

At a meeting Sept. 27th, the Chairman was instructed to call meeting of Rate Clerks to check in rates on Corn, other Grain and Grain Products, to points in Central Freight Association, to be used as a basis for rates from East St. Louis and Upper Mississippi River Eastbank Points, etc.

At meeting today the rate clerks took action and checked in rates as follows:

Whereas, The lines leading from the Upper Mississippi River Crossings have established the Toledo Rates

on Corn and other Grain and Grain Products to a number of basing points in Central Ohio which, if continued, will result in the lines leading from East St. Louis reducing their present rate to any important basing points, such as Cincinnati, Louisville, New Albany, etc., be it

Resolved, That we ignore this condition in checking our rates from East St. Louis and held the Toledo Corn Rates only to points on and north of the T., St. L. & W. R. R. from Bluffton, Ind., to Toledo, O., inclusive, otherwise the rate shall be lined up to the present authorized figures on Lake Ports, etc., in the usual manner; be it further

Resolved, That the lines leading from Upper Mississippi River Congress be asked to observe this same rule when establishing their rates.

All members reported generally an improvement in Domestic Rates but export rates continue irregular, particularly on Flour and Packing House Products.

The subject of contract with the St. Louis Cotton Compress Co. was brought up and it was decided to defer action until meeting Friday 12th inst., C. C. C. & St. L. Ry. Office; at that time it is the intention to consider and act upon the following resolution:

Resolved, That on and after Nov. 1st, 1900, all lines, members of the St. Louis Eastbound Freight Committee, will discontinue the practice of issuing bills of lading on cotton notes or cotton receipts and will thereafter handle the business on the same basis as any other commodity.

Meeting adjourned until Friday 5th, 11:00 a. m., C. C. C. & St. L. Ry. Office.

Meeting convened at 10:30 a. m.

Grain and Grain Products, C. L., East St. Louis, to C. F. A. Points.

At meeting Sept. 27th the following action was taken:

Resolved, That the Chairman issue call for meeting of the Rate Clerks for Tuesday, Oct. 2nd, for the purpose of checking in a list of the rates to apply on Grain and Grain Products and Corn, in carloads, from East St. Louis to points in Central Freight Ass'n Territory. The list of basing points to be increased and the rates to be agreed upon to be used as a basis for the revision of rates on this traffic, from Upper Mississippi River Crossings, etc.

At meeting of the Rate Clerks, 2nd inst., a list of rates were checked in as shown in Proceedings of Rate Clerks' Meeting, Oct. 2nd, 1900.

Subject being further considered to-day, it was

Resolved, That Chairman Tucker be requested to submit the rates as checked in by the St. Louis Committee, to the Upper Mississippi River Crossings Roads, with the request that they line their rates up in accordance therewith, he to advise result as early as possible.

Proportional Rates on Wheat and Grain Products, Taking Same Rates from Kansas City to Detroit and Toledo, O.

At meeting held 21st ult., the above subject was considered and the Chairman instructed to take the matter up with the C. & A. and the Wabash with the view of having Tariffs withdrawn.

The C. & A. advised by letter Sept. 28th, the Wabash advised that they had the subject under consideration and would reply later.

Resolved, That the subject be laid over until next Special Meeting.

Minimum Weight and Number of Light Weight Range Horses and Mules Per Carload.

The above subject was considered at meeting Sept. 21st, and laid over pending action of the Central Freight Association. The Chairman submitted letter from Mr. Tucker, dated Sept. 26th, file F-450 and after further consideration of the matter today, it was

Resolved, That the individual roads, members of this Committee, again recommend to the Central Freight Association that on Range Horses and Small Mules, released to a valuation of $10.00 per head, the same rules be applied when going to Central Freight Ass'n and Trunk Line Territory, as authorized to the Virginias, in Central Freight Ass'n Information No. 95-A.

Allowance to Illinois Terminal and Other Short Line Mileage Roads on Traffic to and from Points in C. F. A. and Trunk Line Territory.

The Chairman stated that in line with action taken at meeting 27th ult., he had secured the vote of the absent members (the T. St. L. & W. and L. E. & St. L. C. R. R.) but had not as yet received the vote of the C. & A. Ry., and it was

Resolved, That the subject be laid over until next regular meeting.

Percentages Demanded by Illinois Central Railroad on Traffic off Their St. Louis Division Forwarded via E. St. Louis to Western Termini and Trunk Line Territory.

The above subject was considered at meeting 21st and laid over and after further consideration today, it was

Resolved, That the subject be laid over until next regular meeting.

Application for Commodity Rate on Grape Sugar from East St. Louis When from St. Louis, Mo.

At meeting of Sept. 21st this subject was laid over pending information to be obtained from Chairman Tucker.

Letter from Mr. Tucker, dated Sept. 24th, file F-454 and F-436, was submitted and it was

Resolved, That the subject be laid on the table.

Request for Reduction in Rates on Cotton from the South, Both for Export and for Domestic Use in New England Territory in Competition With Routes via South Atlantic Ports.

Chairman submitted the correspondence on this subject, and it was

Resolved, That the Chairman advise the applicant that it is the opinion of the members of this Committee

that no reduction can consistently be made in the present rates on Cotton, either for Domestic use or for Export and subject be tabled.

Rates on Enameled Brick, C. L., East St. Louis to New York City, Only.

The Chairman submitted the following letter from Mr. Tucker, Oct. 8th, file F-500.

"It is stated that some of the initial lines from East St. Louis are about to make rate of 23 cents to Baltimore on Enameled Brick, carloads, from East St. Louis based on Information No. 423-A.

If such action is taken it will be entirely incorrect as rate of 26 cents applies only to New York City and it is not to be used as a basis for making rates to other Eastern Cities. It seems to me essential that all East St. Louis lines should clearly understand this matter so as to avoid trouble in future."

And it was

Resolved, That the Chairman issue Circular Letter to the effect that the rate on Enameled Brick, C. L., viz.: 26 cents per 100 lbs. named in Special Notice No. 1029, C. F. A. Information 423, series A, applies on this traffic from East St. Louis to New York City only and this authority is not to be used as a basing rate either from or to other points.

Application to Include Pig Iron, C. L., in List of Articles Upon Which Percentage Divisions Authorized in Joint Committee, Circular No. 1609, This Committee's Special Notice No. 437, Apply.

This subject was last considered at meeting Sept. 21st. The Chairman stated that he had advised Mr. Tucker in line with action taken and received reply, Oct 8th, file F-529, which was submitted, and it was

Resolved, That the subject be laid on the table.

To Eliminate "Distillers Grain" from Grain Products List Account of Combustion.

The Chairman stated that he had received letter Oct.

8th, file 725, from Chairman Tucker, requesting the views of this Committee on the proposition contained in C. F. A. Advice Letter F-574, dated Oct. 4th, 1900.

And it was

Resolved, That in view of the fact, that no "Distillers' Grain" is shipped from East St. Louis and the facts concerning this Commodity are obtainable by the Peoria Committee, we desire to leave it to that Committee to make recommendation to the Central Freight Association and this Committee is willing to concur in resolution adopted by the Peoria Committee.

Rates on Enameled or Black Plate and Steel Bolsters to Western Termini and Trunk Line Points.

This subject was considered at meeting 21st, and laid on the table, and Chairman Tucker advised accordingly.

The Chairman submitted letter Sept. 24th, file x 336 from Mr. Tucker in which he again requested to be advised when contracts on this traffic would expire and the traffic naming the unauthorized rates be cancelled, and it was

Resolved, That the Chairman call the roll to ascertain what roads have contracts on this traffic and when same would expire.

The roll being called the representatives of the B. & O. S. W.—C. P. & St. L.—C. C. C. & St.—Illinois Central—L. E. & St. L. C. and T. H. & I. stated they had no contracts on this traffic.

The representative of the C. & A. stated that there was no change in conditions since letter Sept. 6th, i. e. "the present arrangements of this Company on the Commodities referred to will not permit us at this time to consider a proposition looking to the advance in these rates. At the expiration of the current year we doubtless will be in a position to agree to an advance.

The representative of the Wabash stated, we have a Tariff in effect on Enameling or Black Plate and we

will probably not be able to withdraw it before April 1st., 1901. So far as rates on Steel Bolsters are concerned we are prepared to cancel our tariff when the other roads do so.

The Chairman later secured statements from the L. H. & St. L. and T., St. L. & W., that they had no contracts on above Traffic.

T., ST. L. & W. R. R. NOTICE OF WITHDRAWAL FROM THE COMMITTEE.

The Chairman submitted letter dated Toledo, Oct. 6th, from Mr. C. D. Whitney, G. T. M., giving notice of the T., St. L. & W. R. R.'s withdrawal from membership in the Committee, effective Nov. 1st, and it was

Resolved, That the Chairman furnish each of the resident members with two copies of the letter.

Members reported rates on Export Cotton irregular and in connection therewith the secretary read letter 15th, file A-7810 from Chief Inspector Rainer as follows:

"Will you please advise me whether the St. Louis Lines have authorized rate of 25 cts. per 100 lbs. on Export Cotton, East St. Louis to Newport News and oblige. I notice quite a movement from East St. Louis via Kanawha Despatch, billed at the rate to Newport News."

As Kanawha Despatch Tariff 333, I. C. C. 391, issued Oct. 20th, 1899, authorizes the rate referred to, it was

Resolved, That Chairman Fraser take the subject up with Messrs. Thornton Lewis, Manager of the Kanawha Despatch, W. D. Holliday, A. G. F. A., C., C., C. & St. L. Ry., and R. A. Campbell, G. F. A., L. E. & St. L. C. R. R.., with the view of having Kanawha Despatch Tariff amended at once, cancelling the rate of 37½ cts. on Uncompressed Cotton, East St. Louis to Newport News and Norfolk. The only rate authorized by this Committee being 39½ cts. on Uncompressed, and 27 cts on Compressed Cotton, same as to Baltimore, as per Special Notice No. 963, Feb. 17th, 1900.

The Secretary was instructed to examine tariffs of L. E. & St. L. C. R. R. and L. H. & St. L. Ry. and their Fast Freight Lines and should similar rates be named by them he is to take the subject up with proper officers in line with the above resolution.

In connection with above, letters were written 16th

to Messrs. Holliday, Lewis and Campbell, regarding Kanawha Despatch Tariff, also to Messrs. Irwin, and Broaddus regarding Cumberland Gap Despatch Tariff No. 41, O. C. C. No. A-236, effective May 16th, 1900, and to Messrs. Fitzgerald and Campbell, regarding Asheville Line Tariff No. 66, I. C. No. 90, effective May 21st, 1900.

The Kanawha Despatch Tariff named rates on Uncompressed Cotton from points west of the Westbank Mississippi River, East St. Louis to Newport News, Norfolk, 37½ cts., and to other North Atlantic Ports on same basis.

The Cumberland Gap Despatch and Asheville Line Tariffs name same rates as Proportional and are applied not only from East St. Louis but also from Upper Mississippi River Crossings.

Members reported rumors which appeared to be well founded, that tariff rates on Cotton both Export and Domestic, were not being maintained and some conditions regarding Provisions, Oleo Oil, Green Hides and Grain Products. Members present denied any concessions being made or authorized by them.

The Secretary reported that he had written Managers Kanawha Despatch, Cumberland Gap Despatch and Asheville Line and other officials regarding rates on Cotton to Norfolk, Newport News, etc., as instructed at meeting 16th, and read letter 19th from Manager Broaddus, Cumberland Gap Despatch, as follows:

"I have your favor of the 16th, which only reached me this morning. I have agreed with Mr. Fitzgerald and Mr. Thornton Lewis of the Asheville Line and Kanawha Despatch, respectively, that on a date that would be named by Mr. Lewis, we would advance the rate to 39½ cents on all Cotton."

The Secretary read letter 17th, file 7441, (our file 3243) from Chairman Tucker regarding rate on Phosphate of Soda (Sodium) and was instructed to send copy to all members.

The Secretary also read letters 16th and 17th, file 7208 (our file 3272) from Chairman Tucker, regarding rates on Grain for Cincinnati, Louisville, Cairo and Evansville, and it was

Resolved, That the papers be referred to the St. Louis-Cincinnati-Louisville Freight Committee for their consideration.

Chairman Tucker was advised 20th of this action.

Meeting adjourned until Friday 23rd.

R. M. Fraser, Chairman.

Meeting convened at 11:00 a. m.

Percentages Demanded by Ill. Cent. R. R. on Traffic off Their St. Louis Division Forwarded via East St. Louis to Western Termini and Trunk Lines.

This subject was considered at meeting 12th ult. and laid over until today and it was

Resolved, That the subject be laid on the table.

Rates on Enameling or Black Plate and Steel Bolsters to Western Termini and Trunk Line Points.

The above subject was considered at meeting Oct. 12th, and the information obtained (see proceedings that date) submitted to Central Freight Association.

The Chairman read letter 19th from Mr. Tucker which contained recommendation to the St. Louis Committee, adopted by Central Freight Association at their meeting 15th, as follows:

Recommended, That the Chairman of the Central Freight Association take the matter up with the St. Louis Committee with the view of having all rates cancelled on each of these Commodities that can be abrogated Jan. 1st, ensuing and that such rates as must be continued under the arrangements now in effect on enameling or black plate, be cancelled April 1st, 1901, no new contracts to be made in the mean time.

After further consideration, it was

Resolved, That all roads, members of this Committee, individually advise that, effective Jan. 1st, 1901, they will cancel all commodity rates now in effect on Steel Bolsters, C. L., East St. Louis to Western Termini and Trunk Line Territory.

Note.—The cancellation of rate on Enameling or Black Plate to be considered at the proper time.

Rates on Phosphate of Soda, (Sodium) C. L., East St. Louis to Trunk Line Territory.

The Chairman stated that he had received letter from Mr. Tucker regarding the withdrawal of the Commodity Rate on this Traffic (as per C. F. A. Information 263, our Special Notice No. 1032) on account of eastern roads requesting same rates on westbound business, etc. (See Circular Letter Nov. 20th, 1900.)

After a general discussion, it was

Resolved, That action on this matter be deferred, in the meantime the Chairman ascertain the amount of this traffic moving, etc., and report result of his investigation at next meeting.

Letter from Chairman Tucker C. F. A. Information 1848.

Chairman submitted letter from Mr. Tucker stating that Information No. 1848 provides that various articles take certain percent of the 6th class rates and that said percents are not to be published in Tariffs

but shall be used as a basis for publishing rates between specific points in Central Freight Association Territory, as some of the roads, members of the St. Louis Committee, have published these percents in tariffs, they are requsted to cancel same and establish table of rates as shown in Wabash R. R. Tariff No. 21401—C. E., Amendment No. 35 to I. C. C. No. 65.

And it was

Resolved, That the roads, now having in effect Tariffs publishing percents instead of the rates, cancel same effective at once, and publish tariffs, as authorized in C. F. A. No. 1848, showing table of rates.

Request for Reduction in Rates on Photographers' Dry Plate, C. L., East St. Louis to Eastern Points.

This subject was last considered at meeting June 29th, 1900, and recommendation for 4th class rates forwarded to Official Class'n Committee and was declined by that Committee.

The Chairman stated that he had advised the M. A. Seed Dry Plate Co. of the decision of the Official Class'n Committee and received letter which was read, requesting that a Commodity Rate be established, etc., and it was

Resolved, That letter Nov. 17th from M. A. Seed Dry Plate Co. be sent to the Official Class'n Committee without recommendation from this Committee, calling Mr. Gill's attention to the fact of their making application to have rate established, valuation released to same basis as window glass.

Holding Shipments by St. Louis Transfer Company Refused by Western Lines for Various Causes.

Letter from a member was read on this matter and after due consideration it was

Resolved, That the subject be laid over until next regular meeting.

Note.—Letter 23rd inst. received from the member

requesting that all papers be returned, as he wished to withdraw the subject from the docket; will be complied with and subject is therefore disposed of for the present.

Rates on Green and Deciduous Fruits, C. L., Points in Utah and Idaho, via Chicago to Eastern Points as Against Rates on Like Traffic via East St. Louis.

The Chairman submitted the correspondence on this subject and it was

Resolved, That the Chairman be instructed to take this matter up again with Chairman Tucker with the view to find out definitely what action has been taken by the Chicago Committee, so that we can be governed on business from that Territory moving through the East St. Louis gateway and report at next conference meeting.

Weights on Carload Shipments of Trojan Car Couplers.

The Chairman read correspondence regarding this traffic in which question was raised as to whether shipments of different weight couplers be accepted at estimate or average weight of 200 lbs. for each coupler or whether actual weight govern, and it was

Resolved, That it is the individual opinion of the roads, members of this Committee, that on shipments of Trojan Car Couplers, the actual weight should be charged, this being the rule which applies on all other car couplers and no exception can be made, the Trojan Car Coupler Co. to be advised accordingly.

Application for 5th Class Rates on Iron Beds, C. L., in the Rough, Unfinished, Unpacked, C. L., Minimum 24,000 Lbs., Untica, N. Y., to East St. Louis.

The Chairman stated that he had received letter with illustration from a manufacturing company, regarding this traffic, in which they requested this Committee to endorse their application which had been made to the

Official Class'n Committee, for rating referred to above, etc., and it was

Resolved, That the subject be laid over until next meeting.

Proportional Rate on Cattle, C. L., East St. Louis to Indianapolis.

The above subject was submitted by circular letter Nov. 14th, 1900.

The Chairman stated that he had received replies from all members; same being submitted, it was decided that the Chairman write the Wabash R. R., as requested by Mr. Coyle, and subject be laid on the table.

Rates on Beauxite Ore, Bauxite, Ark., to Pittsburg.

Chairman called attention to Central Freight Ass'n I. C. C. Advice No. 121, November 21st, referring to Mo. Pac. I. S. 9218, Nov. 20th, on this traffic, and it was

Resolved, That the subject be laid over until next meeting.

Allowance to Illinois Terminal and Other Short Line Mileage Roads on Traffic to and from Points in Central Freight Ass'n and Trunk Line Territory.

This subject was last considered at special meeting Nov. 2nd, and submitted to Central Freight Ass'n and acted upon at their meeting Nov. 15th, as shown in proceedings Page 203, subject 3407, as follows:

After further consideration of the subject, your committee recommends that the action as next below of the St. Louis Eastbound Freight Committee regarding percentages to short roads in vicinity of East St. Louis be authorized temporarily and without prejudice to a future general revision.

Adopted.

Whereas, This Committee has carefully considered the subject of allowance to short roads, via East St.

Louis and neighboring gateways, as requested by action of the Central Frt. Ass'n meeting Sept. 13, 1900, and find it is impracticable at the present time to establish a percentage basis as suggested, and

Whereas, We recognize the importance of revising the divisions allowed the short lines through the East St. Louis gateway, Edwardsville, Edwardsville Junction and Edwardsville Crossing, but observe that in considering this it involves the question of divisions through the northern Illinois Junctions, that is to say, the Central Freight Association lines are now prorating on Alton business via the way of Springfield, Peoria, Bloomington, etc., on a percentage basis, allowing the short lines very much in excess of what is allowed the short lines via East St. Louis, both on Alton and Belleville traffic. In view of these conditions, be it

Resolved, As the sense of this Committee that action be taken as promptly as possible by the appointment of a committee by the Central Freight Association to take under consideration the whole subject. And be it further

Resolved, That pending such action on the entire question in justice to the T. St. L. & W. R. R., the Wabash R. R. and the C. C. C. & St. L. Ry., these roads should be authorized to prorate with the Illinois Terminal Railroad by way of Edwardsville, Edwardsville Junction and Edwardsville Crossing, respectively, on business from Alton, Ill., upon the same basis that Central Freight Association lines now pro-rate on Alton and Belleville business via East St. Louis, namely, 15 per cent to Trunk Line points, 17½ per cent to western termini of Trunk Lines and 20 per cent to Central Freight Association points, as authorized in C. T. A. Circular No. 1967, Joint Committee Circular No. 1675, of which this Committee's Special Notice No. 446 is a duplicate.

Members reported conditions very much improved, in fact no charges were made that tariff rates were not being maintained.

Explanation was made regarding indications that inland rates had been cut on Export Cotton and positive statements were made that the rate 44 cts. East St. Louis to Liverpool, allowed the lines to Boston 30 cts. the tariff rate.

Statement was made that satisfactory arrangements having been made between the St. Louis Transfer Co., the St. Louis Cotton Compress Co., and the Peper Cotton Press which avoided the necessity of Cotton Shippers asking the Railroads to handle that Commodity in different manner than other traffic and it was

Resolved, That the Special Committee, Messrs. Orr, Coyle and Yoakum, having ably performed the duties imposed upon them, are hereby relieved and tendered the thanks of the Committee."

The Secretary read letter 20th, file 7380 (our file 3272) from Chairman Tucker regarding rates on Export Flour, 12 cts. per 100 lbs., East St. Louis to Philadelphia. Roll being called members denied making less than authorized rates and ordered that Chairman Tucker be so advised and requested to investigate as to rate on Flour via Upper Mississippi River Crossings and advise result.

Secretary reported having received information that effective Dec. 1st, the rate on Cotton referred to at meeting 16th, would be advanced from 37½ to 39½ cts. as requested, by the Kanawha Despatch, Cumberland Gap Despatch and Asheville Lines.

Meeting adjourned until Tuesday, Nov. 27th.

Reports from all members were to the effect that generally the rate situation was very good, there were, however, street reports of low rates on Export Cotton 42 and 43 via Boston that caused doubt as to inland tariff being maintained. Special rates claimed to have been in effect on Export Flour were reported as ended Saturday 1st. Provisions from Missouri River reported as still moving at large reductions from Tariff (18½ cts. off). No disposition shown to do other than maintain Tariff Rates.

The Secretary read letter 3rd, file 7380 (our file 3272) from Chairman Tucker regarding rate conditions—no answers required and paper filed, also reported conference G. F. A., Mo. Pac. regarding their tariff I. S. 9218, Nov. 20th, 1900, Beauxite to Pittsburg, Pa., on Beauxite Ore, $4.50 Gross Ton, divided to East St. Louis, $1.75, East St. Louis to Pittsburg, $2.75.

In absence of Traffic Manager Stith unable to secure definite information as to cause of reduction, except to meet rate via Memphis. Chairman Tucker in corre-

spondence with Missouri Pacific G. F. O., his letter Nov. 19th, file F-624, also letter to M. P. Washburn, Chairman Southeastern Mississippi Valley Ass'n., Louisville.

The Secretary was instructed to try and get further information on return of Mr. Stith and report result. (See file 2558.)

R. D. Yoakum, Chairman.

Members reported rates generally in good condition although some rumors regarding irregularities on different articles.

Statements made that the cut rates that have prevailed on Export Flour from Mo. River are effective to Jan. 1st.

Reports of through rates on Cotton, East St. Louis to Liverpool, 41 cts., while others say they have engagements at 44 cts., allowing inland tariff rates. Indications are that Steamers are accepting 11 cts. on Round Bale and 14 cts. on Compressed.

The Secretary read letter 6th from Missouri Pacific stating that rate $2.75 on Beauxite Ore to Pittsburg was based on T. H. & I. Tariff 1676, July 28th, 1899.

Note.—That tariff was superseded by 1694 and 1703 and expired by limitation Dec. 31st, 1899. Was next published in Supplement 8 to 1729, March 28th, 1900, $3.00 net ton and rate $3.00 per gross ton is now carried in Supplement 12, Oct. 9th, 1900.

In view of the Missouri Pacific Tariff naming the rate via C. & A., T. St. L. & W., C. C. C. & St. L., T. H. & I. and B. & O. S. W., some of the other roads have or may put same rate in effect and it was suggested that possibly the rate should be authorized, but before taking action on the subject the Secretary was instructed to write Mr. M. P. Washburn, Chairman Southeastern Mississippi Valley Ass'n., Louisville, Ky., for information regarding rate from Beauxite to Memphis and on what basis the rate was made from Memphis to Pittsburg, result to be reported as soon as possible.

Letter 6th, Information 356-A (our file 4079) from Chairman Central Freight Ass'n. regarding Green and Deciduous Fruits was read, and it was

Resolved, That letter be written to G. F. A. Mo. Pac. Ry., quoting correspondence with Chairman Central Freight Ass'n., notifying the G. F. A. Mo. Pac. Ry. that the East St. Louis reads indorse the resolution adopted by the Chicago Eastbound Roads at their meeting 4th inst., as the action of this Committee.

Note—A copy of the letter to be sent to each member of the Committee.

The Secretary read correspondence (on file 3206) with Chief Inspector Bainer (his file A-12457) regarding Classification on Purina Flour in Cotton Sacks in barrels, L. C. L., and it was

Resolved, That letter be written to Chairman Official Class'n. Committee for information as to the reasons for making the rate 5th class on this flour in Cotton Sacks (loose), L. C. L., and 4th class when the sacks are packed in barrels, etc.

Attention was called to action of the St. Louis-Cincinnati-Louisville Freight Committee (see proceedings Feb. 28th, 1900), as follows:

Rate on Starch, C. L., Between East St. Louis, Cincinnati, Louisville, Etc.

At conference meeting Indianapolis, 21st inst., action was taken to eliminate Starch from list of articles taking Grain Products Rates and insert in Tariff, Starch, C. L., 12 cts. per 100 lbs."

And it was

Resolved, That Circular Letter be issued calling attention to the action of the St. Louis-Cincinnati-Louisville Freight Committee with the view of ascertaining whether the roads who publish individual tariffs naming rates to or from between, East St. Louis-Cincinnati-Louisville and other points under the jurisdiction of the St. Louis-Cincinnati-Louisville Freight Committee taking grain products rates, will amend same effective Jan. 1st, 1901, eliminating Starch from Grain Products list and make rate on Starch, C. L., 12 cts. per 100 lbs. between East St. Louis-Cincinnati-Louisville, etc.

Members reported rumors regarding less than Tariff rates being quoted on Cotton, Packing House products, Lumber, Glucose, Pig Iron, etc., both Export and Domestic. The roads charged with the irregularities not being represented, no action taken.

The Secretary read letter 6th, file F-718, (our file 4055) from Chairman Tucker regarding rate on Cotton Seed Mill and Cotton Factory Sweepings, and it was

Resolved, That individual roads, members of this Committee, recommend to the Central Freight Association that 6th class rates be established on shipments of Cotton Seed Mill and Cotton Factory Sweepings, used as Paper Stock, in bales, machine compressed, carload minimum weight, in cars 30 feet and under in length, 30,000 lbs., in cars over 30 feet in length, 38,000 lbs., from East St. Louis to all points in Central Freight Association Territory, effective on Legal Notice.

The Secretary also read letter 7th, file W-8758 (our file 4028), from A. G. F. A. Wabash R. R., in reference to compiling Guide Book, and resolution was adopted as follows:

Resolved, That the Chairman call a meeting of the Committee or their representatives at the Committee Rooms, Friday, Dec. 21st, at 10:00 a. m., for the purpose of compiling Guide Book or Basing Sheet to be used in preparing tariffs from East St. Louis in line with the suggestion in letter from the Wabash R. General discussion regarding Packing House Products and Provisions from Missouri River. All gentlemen of opinion rates in bad condition, it was stated that rates would probably be restored Jan. 1st, 1901. The Clover Leaf was handling most of this traffic and it was the general opinion that their rates were not very firm on any traffic.

Letter from Chairman Tucker Dec. 17th regarding Beauxite Ore was read and it being stated that the subject had been discussed at meeting 14th inst., and laid over pending reply from Chairman Washburn, in the meantime the Missouri Pacific Rates and Divisions to continue.

G. F. A. Taylor's letter Dec. 14th to G. F. A. Lincoln was read and Chairman was instructed to notify the Missouri Pacific as per letter of this date (copy attached.)

Allowance in Weight Account of Shrinkage (Fill) on Inbound Shipments of Live Stock at National Stock Yards, Also on Outbound Shipments Destined to Points in C. F. A. Territory West of the Western Termini of Trunk Lines.

Circular Letter was issued on the above subject, Dec. 17th, 1900. The Chairman stated that replies had not as yet been received from all members and it was

Resolved, That the subject be laid over until answers are received from all parties and then brought up at a future meeting.

Rates on Cotton Linters, Uncompressed, East St. Louis to Points in C. F. A. Territory.

The above subject was submitted by Circular Letter Dec. 3rd, 1900, file 4080, and replies received from the different members and the following resolution adopted:

Whereas, The roads, members of this Committee, individually advise that they are using or quoting any less than the authorized rates on this traffic, from E. St. Louis to points in C. F. A. Territory, it was

Resolved, That parties making the enquiry be advised accordingly and subject be laid on the table.

Rates on Ground or Prepared Clay, Etc., East St. Louis to Central Freight Association and Trunk Line Territory.

The correspondence on the above subject was submitted at Special Meeting Dec. 28th, 1900, and the Chairman instructed to write to Mr. Tucker requesting the information as to why the rates on Clay, points east of the Western Termini of the Trunk Lines apply on all kinds of Clay, whereas, those to the Western Termini and other Central Freight Association Points, apply only on Clay not Ground or Prepared, and also requesting Mr. Tucker to docket the subject for consideration at next Central Freight Association Meeting with a view to having a Commodity Rate authorized to cover Ground Flint, Prepared Clay, Feldspar and Crown Filler to Central Freight Association Points, also to provide that the wording in Information No. 258-A be used in naming rates on Clay to points in Central Freight Association Territory instead of as named in Information No. 1890. The Chairman submitted correspondence from Mr. Tucker and after further consideration of the matter today, it was

Resolved, That the Individual Roads, members of this Committee recommend to the Central Freight Association that Information Circular No. 1890, naming rates on Clay, etc., C. L., to points in the Central Freight Association Territory be amended to read the same on Clay as per C. F. A. Information Circular No. 258-Series A to Trunk Line Points; viz: Clay, omitting the words Common or Crude, not ground or prepared.

Election of Executive Committee For Year 1901.

The term of office for which the Executive Committee were elected for 1900, having expired, it was

Resolved, That Messrs. N. W. Taylor, W. D. Holliday and P. W. Coyle be and are hereby elected an

Executive Committee for the year 1901 and to hold office as provided for in the Articles of Organization.

Rates on Beauxite Ore, C. L., East St. Louis to Pittsburg, When From Points in Arkansas.

The above subject was considered at regular meeting Nov. 23rd, 1900, and laid over pending further information to be obtained by the Chairman. The Chairman submitted the correspondence at Special Meeting Dec. 4th, 7th and 18th and at meeting of the 18th inst. was instructed to advise the representatives of the Mo. Pac. Ry. that effective Jan. 1st, 1901, the roads, members of this Committee, would not accept this traffic at less than the authorized rate of $3.00 per gross ton. The Chairman, under date of Dec. 18th, received letter from A. G. F. A. Peabody of the Missouri Pacific, advising that their tariff had been amended allowing the lines east of East St. Louis, $3.00 per gross ton. (See Circular Letter Dec. 19, 1900.) No further action being necessary, it was

Resolved, That the subject be laid on the table.

Minimum Basing Sheet or Guide Book For Compiling Rates to Points in Central Freight Association Territory.

The above subject was considered at Special Meeting Dec. 11th, 1900, and it was

Resolved, That the Chairman call a meeting of the Committee of their representative at the Committee Rooms, Friday, Dec. 21st, at 10:00 a. m. for the purpose of compiling a Guide Book or Basing Sheet to be used in Preparing tariffs from East St. Louis to points in the Central Freight Association Territory. (See Circular Letter issued Dec. 12th, 1900.)

The meeting convened on Dec. 21st and some work done. The meeting adjourned until Dec. 26th, but was postponed until Jan. 2nd, and again postponed until Jan. 7th, 10:00 a. m., at which time a full attendance is requested so that progress may be made with the work.

Rates on Cotton Seed Mill and Cotton Factory Sweepings, C. L., East St. Louis to Points in C. F. A. Territory.

The above subject was considered at Special Meeting Dec. 11th, 1900, brought up by letter from Chairman Tucker, in which he submitted proposition to establish 6th class rates on this traffic from Ohio River Crossings, requesting to be advised what action East St. Louis Lines desire to take in the matter, and it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n. that 6th class rates be established on shipments of Cotton Seed Mill and Cotton Factory Sweepings, used as paper Stock, in bales, machine compressed, carload, minimum weight in cars 30 feet and under in length, 30,000 lbs., in cars over 30 feet in length, 38,000 lbs., from East St. Louis, Ill., to all points in Central Freight Ass'n. Territory, effective on Legal Notice.

(Authorized by Central Freight Ass'n. Information No. 2594.)

Rates on Green and Deciduous Fruits, C. L., Points in Utah and Idaho, via Chicago to Eastern Points as Against Rates on Like Traffic via E. St. Louis.

The above subject was considered at regular meeting, Nov. 23rd, 1900, and again at Special Meeting Dec. 7th, 1900, at which time it was

Resolved, That letter be written to G. F. A., Mo. Pac. Ry., quoting correspondence with Chairman. Central Freight Ass'n., notifying the G. F. A., Mo. Pac. Ry., that the East St. Louis Roads endorse the resolutions adopted by the Chicago Eastbound Roads at their meeting 4th inst., as the action of this Committee.

The following is the action of the Chicago Lines:

Resolved, That the provisions of Central Freight Ass'n. Information Circular No. 356, series A. be strictly

adhered to and that reply be made to letter from G. F. A. Gorman in accordance therewith, and further

Resolved, That we will decline to participate in Oregon Short Line Tariff No. 642, above referred to, publishing rates on Green and Deciduous Fruits, in carloads, from Idaho and Utah points to New York, Boston, etc., and that we recommend that if less rates than those authorized from the Pacific Coast are necessary on this traffic from Idaho and Utah, application be submitted for same in the regular way, advising divisions proposed.

Application for 5th Class on Iron Beds, C. L., in the Rough, Unfinished, Unpacked, C. L., Minimum 24,000 lbs., Utica, N. Y., to East St. Louis.

The above subject was considered at regular meeting Nov. 23rd, 1900, and laid over. The Chairman obtained further information on the matter which was submitted at Special Meeting Nov. 30th, 1900, and it was

Resolved, That the subject be laid on the table.

Meeting convened at 2:15 p. m.

Rates on Pig Iron, Billets, Blooms, Etc., East St. Louis to Points in the Central Freight Ass'n.

The Chairman stated that at Meeting Indianapolis, Jan. 17th, 1901, it was decided by the lines from Ohio River Crossings and East St. Louis that no change be made in the present rates on this traffic, this with

the understanding that the Chicago Lines would not make any reduction in rates to C. F. A. Points or between Chicago and the Ohio Crossings. It has since developed that the Chicago Lines reduced their rates to a number of points in C. F. A. Territory, as shown in Chicago Freight Committee Circular T-85, effective Feb. 1st, 1901, and that the Chicago and Ohio River Committee had checked in reduced rates to become effective Feb. 5th, 1901, as per joint letter from Chairman Tucker, dated Jan. 29th, file 7646.

In view of the foregoing, it was

Resolved, That the Chairman advise Chairman Tucker that this Committee deems it necessary that we have a Joint Conference for the purpose of making a recheck of the Pig Iron, Billets, etc., Rates and that we therefore recommend that Joint Meeting of the Ohio River and East St. Louis Lines, etc., be held at Indianapolis on Wednesday, February 6th, 1901.

Allowance in Weight Account of Shrinkage (Fill) on Inbound Shipments of Live Stock at National Stock Yards, also on Outbound Shipments Destined to Points in C. F. A. Territory, West of the Western Termini of Trunk Lines.

The above subject was considered at meeting Jan. 4th, 1901, and laid over pending replies to Circular Letter Dec. 17th. The Chairman stated that all roads had replied, same being submitted, it was

Resolved, That the subject be laid on the table.

Expense for Compiling and Printing Minimum Basing Sheet, East St. Louis to Points in Central Freight Ass'n.

The Rate Clerks, as instructed in resolution, Proceedings Jan. 4th, 1901, checked in the Basing Points and outlined form of sheet to be published. The Chairman stated that the subject was referred back to the Committee for their further consideration regarding the expense of compiling and printing the sheet.

After a general discussion, it was

Resolved, That Chairman Fraser be authorized to proceed with the compilation and publication of Minimum Basing Sheet, same to have two columns on each page (the understanding being that he will have two thousand copies printed), the expense to be borne equally between the roads, members of this Committee.

Rates on Steel Bolsters, East St. Louis to Western Termini and Trunk Line Points.

The Chairman stated that this subject had been brought up by letter from Mr. Tucker, Jan. 16th, file F-336, same being submitted, it was

Resolved, That when the subject of Cancellation of Rates on Enameling or Black Plate is considered, that we also consider the subject of cancelling the rates on Steel Bolsters. (See proceedings Nov. 23rd, 1900.)

Through Rates and Divisions on Cotton Seed Oil, C. L., Montgomery, Ala., Via East St. Louis to New York City.

The above subject was referred to this Committee by the Central Freight Ass'n. for recommendation, the the M. & O. having made application to the Central Freight Ass'n. for reduction in through rate and divisions on this traffic authorized in Central Freight Ass'n. Information No. 223-A, this Committee's Special Notice No. 866, on account of reduced rate in effect via the Virginia Gateways to New York, viz: 31 cts. all rail.

After due consideration it was

Resolved, That the subject be deferred until again brought up by the new owners of the M. & O. R. R.

Instructions to National Stock Yards Co., East St. Louis, to Weigh Shipments of Light Weight Range Horses ,Mules, Ponies or Colts; Also to Show Number of Animals Loaded in Each Car.

The above subject is brought to the attention of the Committee by the Chief Inspector, it being suggested by him that the Traffic Officials of the different roads should instruct their Stock Agents and the National Stock Yards Co. to weigh all shipments of Light Weight Range Horses, Mules, Colts and Ponies so as to obtain actual weight and to show on W-B's the number of animals loaded in each car, and it was

Resolved, That the Chairman be instructed to write Chief Inspector Rainer, asking him what additional authority he needs in order to obtain the actual weight of cars of Colts or Ponies, etc., it being the understanding of this Committee that he has all the authority that is necessary, to secure actual weight of these shipments.

Rates on Cement Plaster (Texas Points) East St. Louis to Points on Southern Indiana Ry.

The Chairman submitted letter on the above subject and after due consideration, it was

Resolved, That the Louisville basis be applied to the entire line of the Southern Indiana Ry. on Cement Plaster from East St. Louis.

Application of Illinois Terminal R. R. to Establish Rates to and From Edwardsville Proper Via Edwardsville Crossing, the Illinois Terminal to Handle the Freight to and From Connections at Edwardsville Crossing.

The Chairman stated that the above application had been withdrawn and subject was laid on the table.

Application For Reduction in Rates on Veneered, Built Up or Compound Wood, East St. Louis to Central Freight Ass'n. and Trunk Line Territory.

The Chairman submitted the correspondence between the St. Louis Basket & Box Co. and this office, in which 4th class rates were requested on L. C. L. shipments of this traffic to Central Freight Ass'n. and Trunk Line Territory, and it was

Resolved, That the subject be referred, without recommendation, to the Official Class'n. Committee, requesting Chairman Gill to advise the decision reached by that Committee.

Application to Include Screw Hook Hinges, Crow Bars, Harrow Teeth and Lag Screws in List of Iron and Steel Articles, C. L. Published in This Committee's Special Notice No. 1095.

The correspondence on the above subject was submitted and it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n. that Screw Hook Hinges, Crow Bars, Harrow Teeth and Lag Screws be included in list of articles of Iron and Steel Manufacture, authorized in Central Freight Ass'n. Information No's. 484-488, series A and 2617 and 2630, effective on Legal Notice.

Meeting convened, 11:00 a. m.

After the Special Meeting held today, the following subjects were considered:

Rates on Prepared Clay, Ground Flint and Feldspar, Crown Filler and Flint and Feldspar in the Rock, East St. Louis to C. F. A. and Trunk Line Territories.

The above subject was considered at meeting Jan.

4th, 1901. The Chairman stated he had since been in correspondence with Mr. Tucker and submitted the information received, and it was

Resolved, That the roads, members of this Committee, recommend to the Central Freight Ass'n. that Information Circulars at present in effect naming rates on Flint and Feldspar in the Rock, both to Central Freight and Trunk Line Territory, be amended so as to establish this traffic on basis of 83.33 per cent of the 6th class rate, and it further recommends that rates on same basis, viz: 83.33 per cent of the 6th class rate be authorized on Clay, Ground or Prepared, Ground Flint, Ground Feldspar and Crown Filler, C. L. between all points in Central Freight Ass'n. Territory and from all points in Central Freight Ass'n. Territory to points in the Trunk Line Territory.

Minimum Basing Sheet or Guide Book For Compiling Rates to Points in Central Freight Ass'n. Territory.

Letter 11th from A. G. F. A. Becker was read, in which he stated that the I. C. R. R. would not participate in the expense of "Minimum Basing Sheet" on the basis of the resolution adopted at meeting Feb. 1st, and it was

Resolved, That Chairman Fraser be and is hereby instructed to discontinue the work of compiling the Minimum Sheet and to include such expenses as have been incurred in the expenses of the Committee for the month of February.

P. W. Coyle, Chairman.

It was suggested by one of the members that two meetings each week took up too much time and it was

Resolved, That future meetings be held on Tuesday of each week at 11:00 a. m. sharp.

Enquiries regarding the maintenance of rates developed the fact that rates on Cotton, Lumber, Grain Products, etc., were being cut by some lines and situation not very encouraging.

Sec'y. read letter 6th file A-13007 from Chief Inspector regarding weight on Ponies, Colts, etc., and after a general discussion the Sec'y. was instructed to secure some information from G. F. A., T. H. & I. C. C. as to their manner of securing weights and report at next meeting.

Sec'y. also presented resolution regarding rate on Clay, Feldspar, Flint and Crown Filler, which was adopted as recommendation to the Central Freight Ass'n. and transmitted in letter this date to Chairman Tucker.

Letter 11th from A. G. F. A. Becker was read in which

he stated that the Ill. Cent. R .R. would not participate in the expense of "Minimum Basing Sheets" on the basis of the resolution adopted at meeting Feb. 1st and it was

Resolved, That Chairman Fraser be and is hereby instructed to discontinue the work of compiling the Minimum Basing Sheet and to include such expenses as have been incurred in the expenses of the Committee for the month of February.

P. W. Coyle, Chairman.

All members gave their views as to the situation to the effect that rates on Sundry Commodities, both Domestic and Export, were not in accordance with the authorized Tariff.

The discussion did not, however, result in any definite action to change the situation.

The Sec'y. read letter Feb. 13th, file F-336 (3280)

from Chairman Tucker regarding rate on Enameling Plate and Steel Bolsters and it was suggested that if Mr. Tucker could arrange the matter with the T. St. L. & W. R. R. there would be no trouble in having the Committee give it prompt attention.

The Sec'y. read letters from members, making enquiries regarding the proper rating to apply on Various Articles and Animals, from Mexico for Pan-American Exposition, and it was

Resolved, That the Chairman issue a Circular Letter calling attention of all members to Central Freight Ass'n. Information No.'s 2582 and 2606, Dec. 20th and 31st, 1900, giving full information regarding Rates, Releases, etc., on all exhibits for the Pan-American Exposition, Buffalo, N. Y."

A letter was also read regarding the absorption of Mo. Pac Ry. Switching on competitive traffic to Virginia. No definite action was taken, although the representative of one or more roads stated that they did or would absorb the Mo. Pac. Switching on traffic destined to points reached via the Mo. Pac. Iron Mountain Route, through the Southeast. (See file 3321.)

The Wabash R. R.—P. W. Coyle.

E. S. Orr, Chairman.

Each member expressed his opinion as to the condition of affairs and while there were some rumors or reports or irregularities, there was a marked improvement in past few days and apparently very few contracts at less than tariff would be in effect after 28th inst. One contract of about 20 cars Lumber to a New England point was reported and might not be completed for 30 or 60 days.

It was agreed that all future meetings shall be attended by the Chief resident traffic Official of each road. It was also agreed that until otherwise agreed meetings shall be held on Tuesday and Friday of each week, at 11:00 a. m. sharp. The Sec'y. presented a letter from G. F. A., T. H. & I. R. R. regarding weight and number of Horses, Mules, Range Horses, Ponies, etc., which was ordered submitted to the members by Circular Letter to be further considered at Meeting. Meeting convened 11:15 a. m.

Proportional Rate on White Limestone, C. L., from East St. Louis to Trunk Line Territory Originating at Quarries in Missouri.

The Chairman submitted letter from a member mak-

ing application to establish Commodity Rate on above named traffic, same as in effect on Granite, Rough Quarried, from points in Missouri authorized in C. F. A. Information No. 495, series A. and No. 2656, and it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n. that they establish rates on White Limestone, originating at points in Missouri, C. L., minimum weight as per Official Class'n., East St. Louis to New York 26 cts., Boston, 28 cts., Philadelphia, 24 cts., and Baltimore, 23 cts., and to the Western Termini Points 17½ cts. per 100 lbs., effective on Legal Notice.

Application to Establish 6th Class Rates on Cleaned Empty Bags, Second-Hand, Returned.

The Chairman read letter from a shipper on the above subject, and it was

Resolved, That the application be referred to the Official Classification Committee, without recommendation, requesting Chairman Gill to advise decision reached.

Rates on Grain, C. L., From East St. Louis to Points on the C. I. & L. Railway South of Greencastle.

The Chairman submitted the correspondence on the above subject and it was

Resolved, That the subject be laid on the table.

Instructions as to the Manner of Ascertaining the Number of Animals Loaded in Each Car and Correct Weight to Be Charged on Horses, Mules, Ponies, Colts, Range Horses, Etc., at National Stock Yards, East St. Louis, Ill.

This subject was considered at regular meeting Feb. 1st and Special Meeting Feb. 26th, and the information obtained submitted by Circular Letter Feb. 26th, file 4062.

After a further discussion of the subject today, it was

Resolved, That the Chairman prepare a general letter of instructions regarding the handling of Horses, Mules, Ponies, Range Horses, etc., from National Stock Yards and East St. Louis—copies to be furnished the members.

The Chairman to secure vote of absent members to the proposition.

Rates on Pig Iron, Billets, Blooms, Etc., E. St. Louis to Parkersburg, W. Va., as Compared With Rates From Cairo and Other Ohio River Crossings.

The correspondence on the above subject being submitted, it was

Resolved, That Chairman Tucker be requested to docket this subject for consideration at Central Freight Ass'n. Meeting 13th and 14th.

Application to Include Wagon Boxes and Skeins (Iron) in List of Iron and Steel Articles, Published in This Committee's Special Notice. No. 1059.

The Chairman submitted the above application, and it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n. that Wagon Boxes and Thimble Skeins be included in list of articles of Iron and Steel Manufacture authorized in Central Freight Ass'n. Information Nos. 484-488, series A and 2617 and 2630, effective on Legal Notice.

Meeting convened 11:00 a. m.

Percentage Allowance to the Ill. Terminal R. R. Request That C. F. A. Info. No. 461-A and 2552 Be Corrected to Read on Traffic Between Alton Instead of From Alton, Etc.

The above subject was considered at Special Meeting March 8th and the following action taken:

Resolved, That the roads, members of this Committee, individually recommend to the Central Freight Ass'n., that they re-issue Information No. 461-A corrected, and No. 2552, changing same so as to make the percentages allowed, to apply on traffic "between Alton and such Eastern destinations" instead of "from Alton to such Eastern destinations," effective on Legal Notice.

And it was further

Resolved, That the same divisions be made applicable between Edwardsville, via Edwardsville crossing and the same Eastern points.

The Chairman stated he had received letter from Chairman Tucker advising that at the Central Freight Ass'n. meeting 14th inst., the above recommendation was not concurred in and after further consideration today, it was

Resolved, That the subject be laid on the table.

Rates on Lumber, C. L., from St. Louis Proper, to Trunk Line Territory.

Letter 16th, file A-7596 from the Chief Inspector being submitted, it was

Resolved, That the subject be laid over in consequence of the parties referred to, not being present.

Rates on Steel Bolsters and Enameling and Black Plate, C. L., E. St. Louis to Western Termini Points and Trunk Line Territory.

The above subject was last considered at meeting Feb. 1, 1901.

The Chairman read letter from Mr. Tucker relative to rates on this traffic being cancelled, effective April 1st, 1901.

After due consideration, it was

Resolved, That this subject be referred back to Chairman Tucker, stating that as the T. St. L. & W. R. R. are not members of this Committee, if he will take the subject up with the Traffic Officer of that road and get assurance from him as to the date on which the rates referred to on Steel Bolsters, Enameling or Black Plate will be cancelled and the authorized rates made effective, the matter will then be given prompt attention by this Committee.

Application to Include Wagon Boxes, Thimble Skeins, Screw Hook Hinges, Crow Bars, Harrow Teeth and Lag Screws in List of Iron and Steel Articles Published in This Committee's Special Notice No. 1059.

The above subject was considered at meetings Feb. 1st and March 5th, 1901.

The Chairman stated that he had received letter from Mr. Tucker stating that recommendation of this Committee was considered at Central Freight Ass'n. Meeting March 14th inst., and it was the sense of the meeting that it is undesirable to comply with the request.

And it was

Resolved, That the Chairman advise the parties making the application that same was declined by the Central Freight Ass'n.

Switching Charges or Belt Line Rates on Cars Known as "Idlers."

The following Joint Letter on above subject was re-

ceived from Chairman Tucker, dated March 15th, 1901, file 7693:

"A question has arisen as to whether cars known as "Idlers" which, my understanding is, is a car that bears no part of the load but is put on as a kind of a pilot where part of the load extends over the car for safety in transportation, should be considered as a loaded car in the payment of switching or Belt Line rates, where such rates are fixed at so much per loaded car.

The Rules and Regulations Committee of this Ass'n. considered the matter at the general meeting yesterday and directed me to investigate the matter as to what was the practice at other points.

Won't you kindly advise me if this question ever came up and how handled by your Committee, and thus much oblige."

And it was

Resolved, That the subject be submitted to the members by Circular Letter.

Rates on Sulphide of Ore, in Bulk, Released to $10.00 per Ton, C. L., East St. Louis to Pittsburg as Against Rate of 12½c from Chicago to Pittsburg Authorized in C. F. A. Information No. 2729.

The Chairman submitted letter from G. F. A., A. T. & S. F. Ry. in which he requested to be advised what rate would apply from East St. Louis in view of rate from Chicago, as per C. F. A. Infr. 2729.

And it was

Resolved, That the Chairman write G. F. A., A. T. & S. F. Ry. naming the rate now in effect from East St. Louis.

Rates and Divisions on Hides, Dry in Bundles and Bales and Wool, C. L., named in Mo. Pac. Rys. Tariff No. I. S. 9152 and Division Sheet No. 1 Thereto.

The Chairman submitted correspondence on the above subject, and it was

Resolved, That the subject be laid over for necessary reply from G. F. A., Missouri Pacific Ry.

The conference indicated very strongly that some lines were not adhering to tariff—Export was most affected, but there were also some irregularities on Domestic Traffic.

Letter 4th, file 7920 from Chairman Tucker regarding provision rate, 30c per 100 lbs., E. St. Louis to Baltimore, all rail, via a Virginia Line was read and the Sec'y. instructed to write Mr. Tucker suggesting that as the Virginia Line rates are controlled by Messrs. Fitzgerald, Broaddus and Lewis, Fast Frt. Line Man-

agers, it would, no doubt, have more effect if he (Mr. Tucker) would take the subject up with the parties named.

The rate referred to is in C. G. D. Joint Commodity Freight Tariff No. 42—I. C. C. A-244, Dec. 27th, 1900, and may be in others.

Switching and Reconsignment Rules and Charges to Govern on C. L. Shipments at St. Louis and E. St. Louis, Submitted by Local Agents.

The Chairman submitted letter from a member with papers attached, containing proposed Agreement for uniform charge for switching and reconsignments at St. Louis and East St. Louis, and it was

Resolved, That the Chairman advise Mr. Taylor, by letter, that the proposed Agreement, as submitted by Mr. Creveling, is satisfactory to the roads, members of this Committee.

Switching Charges or Belt Line Rates on Cars Known as "Idlers."

The above subject was considered at meeting 22nd, ult. The Chairman stated he had issued Circular Letter. Replies from the different roads being submitted, it was

Resolved, That the Chairman advise Mr. Tucker, by letter, that the roads, members of this Committee, make no charges on these cars, other than as provided therefor in the Official Classification.

Rates on Clay and Silica, C. L., E. St. Louis to Chicago, Detroit, Hancock and Houghton, Mich., When From Points on M. & O. R. R.

The Chairman read letter from a member regarding rates on this traffic, named in M. & O. Freight Tariff No. I. S.-3231, relative to establishing uniform divisions to apply via East St. Louis Lines, etc., and it was

Resolved, That the roads, members of this Committee, will not accept less than the local rates, on this traffic, from East St. Louis, and that the M. & O. be advised accordingly.

Rates on Pig Iron, Billetts, Blooms, Etc., E. St. Louis to Parkersburg, W. Va.

The above subject was considered at meeting March 5th, 1901, and referred to the Central Freight Ass'n. At meeting of that Ass'n. 14th ult., rates were authorized to Parkersburg on Pig Iron, $2.40, Billets, etc., $2.75 per gross ton, as per Information No. 2744.

The Chairman read letter from Mr. Tucker, dated April 1st, in which he requested this Committee to reconsider the subject with the view to establishing

same rate to Parkersburg as authorized to Wheeling. And it was

Resolved, That a copy of Chairman Tucker's letter be referred to Mr. Orr, requesting that the B. & O. S. W. advise their position regarding this matter. Subject to be further considered at next meeting.

Application For Reduction in Rates on Enameled Brick, C. L., East St. Louis to C. F. A. and Trunk Line Territories.

Letter from a shipper was read containing application for same rates on Enameled Brick, C. L., minimum 40,000 lbs., released to a valuation of $5.00 per ton, as are at present in effect on Pressed Brick from East St. Louis to C. F. A. and Trunk Line Territory. And after due consideration, it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n. that they authorize rates on Enameled Brick, C. L., released to a valuation of $5.00 per ton, minimum weight 40,000 lbs., on same basis as are at present in effect on Pressed Brick, C. L., from East St. Louis to C. F. A. and Trunk Line Territory, effective on Legal Notice.

Application For Reduction in Rate on Manganese Ore, C. L., From Pacific Coast Points, E. St. Louis to Pittsburg, as Against Rate Via Chicago.

The Chairman submitted the correspondence on the above subject, and it was

Resolved, That the Chairman advise Mr. E. B. Lane, A. G. F. A., Mo. Pac. Ry., that the lowest rate the roads, members of this Committee, can accept on this traffic, east of East St. Louis, is their division of the through rate of 75 cts. to Pittsburg, viz: 13.8 cts. per 100 lbs. and subject to be laid on the table.

Letters were read and action taken as below:

From Chief Inspector 12th, file A-12785, relating to shipments consolidated into carloads and Secretary instructed to send copy to resident members. (File 3322-A.)

From Chairman, C. F. A., 9th, file 7943, about absorption of switching on American Cotton Co. shipments was read again with additional correspondence, and it was

Resolved, That the roads, members of this Committee, hereby agree that no concession will be made covering the charges for switching on Cotton from the Warehouses of the American Cotton Co. at E. St. Louis, provided all of the East St. Louis roads agree to the same. The Chairman to secure the vote of roads not represented.

All members present voted in the affirmative.

Letter written 17th to Messrs. Campbell, Keane, Lindsay and Fitzgerald for their vote.

At conference meeting reports indicated generally that the rate situation was far from satisfactory.

The subject of absorbing switching on Cotton from American Cotton Co. Warehouses, East St. Louis, on which resolution was adopted 16th, was further considered today and Chairman Fraser was instructed to ascertain whether any other than the Wiggins Ferry tracks reached the said warehouse, if so, which ones, and to report at subsequent meeting. (File 2820.)

The subject of Circular Letter 20th, file 3208-A regarding rates on Pig Lead and Spelter, was under consideration and it was decided by the Committee that no change would be made for the present at least, and that the same rates from East St. Louis would be charged as heretofore, on both Pig Lead and Spelter, until otherwise agreed. The question to be further considered in event of question being raised, by Chairman, Central Freight Ass'n.

D. F. A. Keane stated that he was notified by T. M. Whitney, that the T. St. L. & W. would not be a party to Joint Notice No. VI., May 10th, 1901, Switching on Cotton from St. Louis Cotton Compress Co. Warehouse in East St. Louis, and he wished his signature to the agreement cancelled.

The roll was called to ascertain whether members of the Committee would reaffirm and maintain the Agreement referred to above, regardless of action of T. St. L. & W. and all members present voted in the affirmative, G. F. A. Bushnell not being present on the 22nd, voted in the affirmative on the 24th, making vote unanimous, it being understood that the members will

confer with T. M. Whitney and endeavor to secure his endorsement of the Agreement, file 2820.

D. F. A. Keane stated that he would attend meeting of the Committee and co-operate with them in maintenance of rates, etc., but the T. St. L. & W. were not prepared to become regular members and furnish copies of billing or other information needed in the preparation of statistics.

Attention was called to Special Notice No. 1049, Dec. 1st, 1900, Grain and Grain Products to com. C. F. A. Points being higher than present basis to Western Termini, and it was decided that a reissue of 1049 was not advisable at this time. At Special Meetings of the Committee the following subjects were considered and action taken as stated:

APRIL 12TH.

Horses, Mules, Etc., to the Virginias.

Letter April 8th, Information No. 95-A, from Chairman Tucker was read, calling attention to the Official Class'n ruling on Horses, Mules, Ponies and Colts, as conflicting with Information No. 95-A, asking whether the St. Louis Lines desire the latter continued and it was

Resolved, That Chairman Central Freight Ass'n be requested to cancel Information No. 95, series A, April 15th, 1899:

"Rules governing shipments of Horses and Mules to points in the Virginias," thus leaving Official Class'n rules to govern on shipments to the Virginias, same as to Trunk Line Territory.

This was communicated to the Chairman of the Central Freight Association in letter 12th, file 3261, and action taken as per Information No. 532-A-, May 1st.

APRIL 19TH.

Application for Reduction in Rates on Enameled Brick, C. L., E. St. Louis to C. F. A. and Trunk Line Territory.

This subject was considered at meeting April 5th and recommendation of Committee sent to Chairman, Central Freight Ass'n in letter same date.

The application was submitted to C. F. A. roads by Advice Letter G-78 and declined, as stated in Advice Letter G-109.

The party making application was advised by letter April 19th that Central Freight Ass'n and Trunk Line Roads interested, individually decided not to authorize the reduced rates asked for.

Iron Pyrites or Sulphur Ore to Trunk Line Points

Application was made for rate Eastbound, same as Westbound and after consideration, it was

Resolved, That the individual roads, members of this

Committee, recommend to the Central Freight Ass'n that they authorize rate on Iron Pyrites or Sulphur Ore, C. L., minimum 30,000 lbs., East St. Louis to New York, 18 cents per 100 lbs., usual difference to other Eastern cities.

For authority see Information No. 538-A, Special Notice 1077, file 1032.

APRIL 30TH.

Membership Illinois Terminal R. R. in C. F. A.

Letter April 29th from Chairman Central Freight Ass'n was read and it was

Recommended, That the application be declined and Chairman Tucker notified accordingly.

MAY 3RD.

Proportional Rates on White Limestone, C. L., from E. St. Louis to Trunk Line and Western Termini Points Originating at Quarries in Missouri.

This subject was last considered on March 5th, as shown by proceedings. Letter April 26th, file F-984, from Chairman Central Freight Ass'n was read at Special Meeting April 30th, and laid over until May 3d, calling attention to the rates authorized in C. F. A. Information No. 2794, and 529-A (this Committee's Special Notice No. 1070 and 1071) being less from East St. Louis than on Stone from Bedford, Ind., which is held on basis 28 cents to New York (3 cents above 6th class) and asking that the Committee consider the subject of cancelling the information numbers mentioned, and it was

Resolved, That in view of the statement made by Chairman Tucker in his letter April 26th, file F-984, as to the bad effect the rates named in Information No. 529-A and 2794 are likely to have on rates from other points, this Committee recommends that the above mentioned Information numbers be cancelled at once.

This was communicated to Chairman Tucker in letter 3rd and action taken as per C. F. A. Information No. 2829 and 534-A, also Special Notices 1074 and 1075.

MAY 10TH.

Switching Charges on Cotton from St. Louis Cotton Compress Company Warehouse at East St. Louis.

This subject was brought up by correspondence from Central Freight Ass'n (file 7943) and after sundry conferences, the action taken at meeting May 9th, 1899, on this subject was reconsidered, and it was

Resolved, That the roads, members of this Committee, hereby agree that no concession will be made covering the charge for switching on Cotton from the Warehouse of the St. Louis Cotton Compress Co. at East St. Louis, destined to Central Freight Ass'n or Trunk Line Territory or for Export, but the charge for this service shall be in addition to the rate from East St. Louis, effective May 15th.

The subject was further considered at Conference Meeting 22nd and previous action reaffirmed, (file 2820.)

MAY 10TH.

Proportional Rate on Lumber to Flint, Michigan.

Letter from a member was read making application for rate 12 cents and it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n that they authorize a Proportional Rate on Lumber, etc., C. L., East St. Louis to Flint, Mich., 12 cents per 100 lbs.

Letter 18th, file 8086, from Chairman C. F. A. states that subject was considered at meeting 16th and roads interested individually advise that application be declined.

MAY 22ND.

Representation T. St. L. & W. R. R.

Mr. E. Keane, D. F. A., T. L. & W. R. R. was present and stated that he would attend meetings of the Committee and co-operate with them in maintenance of rates, etc., but the T. St. L. & W. R. R. were not prepared to become regular members and furnish copies of billing or other information needed in the preparation of statistics.

Rates on Grain and Grain Products to C. F. A. Points.

Attention was called to Special Notice No. 1049, Dec. 1st, 1900, Grain and Grain Products to some C. F. A. Points being higher than present basis to Western Termini and it was decided that a reissue of 1049 was not advisable at this time. Any rates higher than authorized to Western Termini could be reduced under the intermediate rate clause.

MAY 28TH.

Rate on Iron Pyrites or Sulphur Ore to C. F. A. Points.

Application was made for rate to C. F. A. Points on similar basis authorized to Trunk Line Points in Information No. 538-A and after consideration, the following resolution was adopted and transmitted to Chairman, Central Freight Ass'n, 28th inst.

Resolved, That the individual roads, members of this Committee recommend to the Central Freight Ass'n that they authorize a rate on Iron Pyrites or Sulphur Ore, C. L., minimum 15 gross ton, East St. Louis to:

Buffalo, N. Y., and Pittsburg, Pa., $2.75 per ton, 2240 lbs.

Toledo, O., Detroit, and Ypsilanti, Mich., $2.20 per ton, 2240 lbs.

Cleveland, Ohio, $2.30 per ton, 2240 lbs.

Port Huron, Mich., $2.50 per ton, 2240 lbs.

Carrollton or W. Carrollton, Montgomery Co., O., $2.00 per ton of 2240 lbs.

Restoration of Rate on Lumber to Columbia City, Ind.

Attention was called to B. & O. S. W. R. R. Supplement No. 3 to I. C. C. 2600, having restored rate, effective May 30th, the following resolution was adopted and communicated to members by Circular Letter 28th, inst., file 4008-A:

Resolved, That effective June 10th, all roads, who have published or quoted a less rate than 11 cents per 100 lbs. on Lumber, C. L., East St. Louis to Columbia City, Ind., restore same to the regular basis (11 cents.)

MAY 31ST.

Application for East St. Louis Rates to Apply as Proportional Rates Between East Cape Girardeau and C. F. A. and Trunk Line Points.

Letter 23rd, file 7930, from Chairman Tucker was read asking the views of the St. Louis Committee on letter 21st, file J-645, from G. F. A. Keepers, which will be on docket for consideration at June meeting. The letter is as follows:

"The Southern Missouri & Arkansas Ry. Co. have made arrangements with the K. C. F. S. & M. R. R. to apply the same rates between East Cape Girardeau and stations on the K. C. F. S. & M. R. R. as are in effect between East St. Louis and K. C. F. S. & M. Stations, and in order to equalize the through rates to and from points in Central Freight Ass'n territory, also territory east of the Western Termini, the S. M. & A. have proposed to us that same rates be applied between East Cape Girardeau and the Eastern Territory above mentioned as in effect to and from East St. Louis; the East St. Louis basis to apply only as proportional rates on traffic destined to and coming from points on the K. C. F. S. & M. R. R. as covered by the attached tariffs. This company is in favor of the adoption of the basis proposed in order to place the East Cape Girardeau Route on a parity with the East St. Louis route and I will be glad if you will arrange

for consideration of the subject by the Central Freight Ass'n, accepting this letter as our application for authority to establish the proposed basis.

The tariffs which are enclosed are as follows:

K. C. F. S. & M. Tariff No. 1280.
K. C. F. S. & M. Tariff No. 1411.
K. C. F. S. & M. Tariff No. 1441.

I will add that the present basis for rates to and from East Cape Girardeau, is the Cairo basis, and it would be desired that the rates to and from East Cape Girardeau, proper, and intermediate stations be not disturbed."

After due consideration of the subject, it was

Resolved, That the application to establish between East Cape Girardeau and Central Freight Ass'n Points and Trunk Line Territory the same rates as in effect to and from East St. Louis be declined.

At Special Meetings of the Committee the following subjects were considered and action taken as stated:

JUNE 7TH.

Proposed Percents Between Eastern Cities and Cairo, Ill., also Miss. Valley Points, Submitted by M. & O. R. R.

The papers were referred back to party presenting same for check, etc., and at meeting 11th the proposition was withdrawn and subject tabled. (File 3129.)

Furnishing Revenue Stamps to the St. Louis Transfer Company.

Letters were read making above request and the Chairman was instructed to notify the parties that their request could not be complied with. This was done by letter 7th, file 3204.

JUNE 7TH.

Rate on Sheep Pelts, Dry, Compressed in Bales, C. L., Minimum 20,000 Lbs. from West of Miss. River.

Letter 4th, file 8157, from Chairman Tucker, enclosing recommendation of the Chicago Committee to authorize a 4th class rate from Miss. River, was read and after due consideration, it was

Recommended, That no change be made in the present rating on this traffic, for the reason that if a reduction was made on the basis proposed, it would seriously affect local interests.

Letter to Chairman Tucker, on file 3331.

Proper Rating to Apply on Berries and Other Fruit, C. L., Originating at St. Louis Proper.

Letter 1st, file A-12521 from Chief Inspector was read at meeting 4th and there being a difference of opinion as to the territory covered by Central Freight Ass'n Information No. 2595, the subject was referred to Chairman Tucker, who replied in letter 6th, file 8098, as follows. (our file 3198):

"Whenever proportional rates were authorized from points beyond the Mississippi, it was clearly intended and should be definitely understood that such proportional rates could only be applied on traffic that originated on railroads at points west of the Mississippi River and on through shipments."

Application for Rate on Corn-Wood Kindling.

Correspondence on this subject was read and further information required, which could not be furnished at present, it was

Resolved, That the papers be filed until subject brought up again by the furnishing of desired information. (File 4101.)

Lumber from St. Louis.

Letter 5th, file A-7598, from Chief Inspector, was read, regarding irregular billing, on this traffic. The G. F. A. of road referred to said would investigate and at meeting 11th gave notice that he had issued such instruction as would insure correct billing in future.

Letter to Chief Inspector 13th, file 3281.

Proper Divisions on Traffic from the South via Cairo; Also from Cairo, Proper, via East St. Louis.

This subject was brougth up by corespondence with Chief Inspector, his file A-14371. Papers referred to T. H. & I. R. R. for investigation and report at next meeting.

As instruced at meeting 11th, Circular Letter was issued as follows:

"St. Louis, Mo., June 13, 1901.
File 3206-A.

To the Members of the Freight Committee.

Gentlemen:—According to this Committee's Special Notice No. 437 and Joint Committee Freight Circular No. 1029, in connection with this Committee's Special Notice No. 446, the Mobile and Ohio and the St. Louis Iron Mountain & So. Roads are alloted a percentage proportion of the rates from Cairo, without minimum, it is, however, claimed that some of the roads, members of this Committee, are not adhering strictly to the authorized divisions and at meeting 11th it was

"Resolved, That the Chairman be instructed to address a communication to each member of the Committee asking as to whether or not they have been and are now allowing the St. L. I. M. & So. or M. & O. R. R.'s a minimum of 3 cents per 100 lbs. on lumber, or any other traffic, destined to Western Termini and points east thereof."

Please favor me with a specific answer to the above

and at the same time state whether you will agree to be governed by the authorized percentage divisions on this traffic, provided all roads, members of the Committee will agree to the proposition, effective on date to be named later. Prompt reply requested.

Respectfully,

R. M. Fraser, Chairman.

N. B.—Copies sent to resident member only. (2)

Replies received from all roads to the effect that the authorized divisions are being maintained were read at meeting 21st and subject tabled. The Chairman wrote Chief Inspector accordingly. (File 3206-A.)

JUNE 11TH.

Guarantee of Charges on Fruits, Vegetables, Etc.

Letter from a member was read on the above subject, and it was:

Resolved, That resolution adopted last year and shown in Circular Aug. 7th, 1900, be reaffirmed and Circular reissued. Each resident member to be furnished with 6 copies.

The resolution referred to is as follows and was reissued June 11th, file 3204:

"Resolved, That all roads, members of the Eastbound Freight Committee, hereby agree to decline to accept a guarantee of individual shippers on shipments of Fruits, Vegetables, etc., coming from connecting lines and will receive same only as through shipments delivered by connecting lines, charges being guaranteed by the delivering lines, but will accept shippers' guarantee on shipments from St. Louis or East St. Louis proper, without back charges other than bridge and transfer."

JUNE 11TH.

Horses and Mules to the Virginias.

This subject was last considered at Special Meeting, April 12th (see proceedings May 31st). Subject brought

up again by letter 4th, file H-9424, from A. G. F. A., C. C. C. & St. L. Ry. and it was

Resolved, That the roads, members of this Committee, individually recommend to the Central Freight Ass'n. that they reissue Information No. 95, series A, April 5th, 1899, "Rules governing shipments of Horses and Mules to points in the Virginias," effective on Legal Notice.

(Letter 11th to Chairman C. F. A., file 3261.)

Rates on Hollow Brick, Etc., to Trunk Line Territory.

Letter from a member was read regarding reduction in rate in line with a similar rate from seaboard, and it was

Resolved, That it is the individual opinion of the roads, members of this Committee, that the same rates on Hollow Brick and Building Tile should apply from East St. Louis, eastbound, to Trunk Line Territory, as are in effect westbound, and that the subject be referred to Chairman Tucker with the request that he docket same for consideration at Central Freight Ass'n. meeting tomorrow.

Letter to Chairman Tucker 11th inst., file 4102.

JUNE 18TH.

Rate on Anthracite Coal Dust, Carloads.

Letter from a member was read making application for rate to Upland, Ind., in line with rate from Chicago to Upland, as per C. F. A. Information No. 1982, Jan. 11th, 1900, and it was (our file 4104)

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n. that they authorize a rate of $1.25 per net ton on Anthracite Coal Dust, C. L., minimum 40,000 lbs., East St. Louis to Upland, Ind.

Rate on Alumina, C. L., East St. Louis to Western Termini.

This subject was considered at meetings 4th and 11th and laid over for further information as to value, etc., and at meeting 18th it was (our file 3333)

Resolved, That the Committee cannot consistently recommend any lower rating on Alumina, than is provided for in the Official Class'n, viz: 5th class, C. L., at present 22½ cts. per 100 lbs., East St. Louis to Buffalo. This makes rate $5.04 per ton 2240 lbs. Alumina against rate of $2.75 per ton on Beauxite Ore. The value of Alumina being about 4 times greater than Beauxite, the present rating is considered proper.

JUNE 25TH.

Application of Proportional Rates from East St. Louis on Traffic Through St. Louis Gateway.

As instructed at meeting 11th inst. a list of Proportional Rates were prepared and submitted, and it was

Resolved, That a Committee of three be appointed by Chairman Fraser to formulate a uniform rule governing the application of Proportional Rates from East St. Louis on traffic through the St. Louis Gateway. The Committee to report their conclusions in time for presentation to C. F. A. Meeting in September. Chairman Fraser to be Ex-Officio Chairman of the Sub-committee.

JUNE 27TH.

The Southern Railway (St. L. L. Lines), Member of This Committee.

Letter received 27th from G. F. A. Campbell enclosing a copy of the Articles of Organization of this Committee (effective Jan. 2nd, 1899), signed by H. B. Spencer, Gen'l. Manager.

Application for East St. Louis Rates to Apply as Proportional Rates Between East Cape Girardeau and Trunk Line Points.

The above subject is shown in proceedings May 31st,

pages 4 and 5. I am in receipt of letter 15th, file 7930, from Chairman C. F. A., in which he says: "C. F. A. lines at meeting 13th inst. declined to approve application of the Ill. Cent. R. R. (file 4099.)

Meeting was called on receipt of telegram from Chairman Tucker to take action on resolution adopted at meeting of Executive Officers in New York, Thursday, 11th, inst., restoring all rates eastbound.

The Chairman was instructed to write a letter to the Traffic Office of each of the Western and Southwestern Roads as follows:

"As instructed at a meeting of the Committee today and in behalf of the Eastbound Roads, you are hereby notified that, effective at once, full published tariff rates and divisions will be demanded from the east bank of the Mississippi River on all traffic, regardless of point

of origin, destined to Central Freight Ass'n. and Trunk Line Territories, or for export."

And it was

Resolved, That the representative of each road send to all connections an individual notice covering the same information as contained in the Joint Letter from the Chairman and send a copy of said individual letter to Chairman Fraser for his file.

It was also

Resolved, That the Chairman prepare and send to the resident Agent of each Fast Freight Line and Eastern road, a letter similar to the one sent Traffic Officers of connecting roads. (Two copies to be furnished each member of the Committee.)

The Chairman was requested to issue a call for meeting Monday, 15th, 11:00 a. m., C. C. C. & St. L. Ry. Office, and to request the Traffic representative of Swift & Co., Nelson Morris & Co., and The St. Louis Dressed Beef & Provision Co. to be present.

Note.—The letters to be sent by the Chairman were written 12th and delivered.

R. M. Fraser, Chairman.

The proceedings of the New York meeting were read by one of the members and the subject generally discussed.

Mr. R. A. Campbell was requested to communicate with the Managers of the Virginia Lines, calling attention to the fact that the representative of the Cumberland Gap Despatch and the Kanawha Despatch have not received any instructions about reporting to this Committee each day, the export rates made by the Virginia Lines from Mississippi and Missouri River Points and report result at meeting 19th.

The representatives of the Packing Houses were not present as requested and therefore could not be notified "collectively" as to rates for future.

Roll being called to ascertain whether roads had notified all shippers of the changed conditions, all voted in the affirmative, except the L. H. & St. L., who said he was awaiting instructions and the T. St. L. & W. who advised that instructions had just been received and all parties would be notified at once.

The resolution adopted by the Committee of St. Louis Lines at New York 11th was read and has been printed and copies mailed all parties 15th inst.

Meeting adjourned to Friday, 19th, 11:00 a. m.

Unauthorized Articles or Commodities Included in List of Articles Mentioned in Information No. 1875 as Taking Lumber Rates.

This subject was brought up by letter from Chairman Central Freight Ass'n., requesting action by the Committee with the view of eliminating the objectionable feature and it was

Resolved, That the Chairman request each member of the Committee to furnish him with a copy of their tariff now in effect and giving a complete list of articles or Commodities on which the Lumber Rates are applied to points in Central Freight Ass'n. Territory.

The subject to be further considered when a copy of all the tariffs asked for have been received.

Application for a Rate on Kornwood Kindling.

This subject was last considered at meeting June 7th and held for further information, which was furnished and letter July 2nd written Chairman, Central Freight Ass'n. with resolution, as follows:

Resolved, That it is the sense of this Committee that a Commodity rate on basis of 15 cts. per cwt. from Chicago to New York be established on "Kornwood Kindling" in carloads, minimum 50,000 lbs. per car: usual differentials to apply to other Seaboard Points and to Western Termini Points.

The above resolution and a letter from Manufacturer was submitted to Central Freight Ass'n. by Advice Letter G-268, July 3rd, with result shown in Advice Letter No. 278, July 10th.

The subject came before the Committee again by letter 16th from the Manufacturer, asking further consideration.

The Chairman was instructed to confer with the party and if circumstances warrant make another application to the Central Freight Association.

Note.—This will be done on return of party August 10th.

Instructions as to the Manner of Ascertaining the Number of Animals Loaded in Each Car and Correct Weight to Be Charged on Horses, Mules, Ponies, Colts, Range Horses, Etc., at National Stock Yards, East St. Louis, Ill.

This subject was last considered at meeting March 5th, resolution adopted and Circular Letter dated March 11th, issued as follows:

"To the Members of the Freight Committee.

Gentlemen: Referring to resolution adopted at meeting 5th inst., as follows:

Resolved, That the Chairman prepare a general letter of instructions regarding the handling of Horses, Mules, Ponies, Range Horses, etc., from National Stock Yards and East St. Louis, copies to be furnished the members.

The Chairman to secure vote of absent members to the proposition.

All members having voted in favor of the resolution, I recommend that instructions be given by you to the Officers of the National Stock Yards and your Agents at East St. Louis as follows:

"That all cars must be weighed when loaded with Horses, Mules, Ponies, Colts, Range Horses, etc., C. L., destined to C. F. A. and Trunk Line Points and be billed at actual weight(minimum 20,000 lbs. per car) when animals weigh not exceeding 750 lbs. per head. If the weight is more than 750 lbs. per head, they must be billed, when not exceeding 20 animals to a car at minimum of 20,000 lbs., each additional animal in excess of 20 to be charged for at weight of 1000 lbs., as per Official Class'n, except on shipments to the Virginias. When for points in the Virginias, 25 head may be loaded and billed at minimum of 20,000 lbs., any excess weight over the minimum on the 25 head to be charged for at the established rate per 100 lbs., each additional animal over 25 to be charged for at weight of 1000 lbs. per head, as per C. F. A. Information No. 95, April 15th, 1899, this Committee's Special Notice No. 779."

Respectfully,
R. M. Fraser, Chairman."

Note.—The correct reference to authority now in effect is Information No. 561-A, June 21st, this Committee's Special Notice No. 1089.

This subject was brought up again by Inspection Department, claiming that the instructions as to weighing, etc., are not being enforced, and it was

Resolved, That the subject be laid over until a meeting in October.

Horses and Mules to the Virginias.

At meeting June 11th (see proceedings dated June 29th) it was

Recommended, That Central Freight Ass'n reissue Information No. 95-A and same was reissued as Information No. 561-A, this Committee's Special Notice No. 1089.

The question having been raised as to whether Information No. 561-A should govern regardless of Official Class'n, Circular Letter was issued July 8th for the views of the Committee.

The correspondence was submitted at meeting and it was

Resolved, That the subject be laid over until a meeting in October.

Rates on Exhibits for the St. Louis Exposition and St. Louis Fair.

Application was presented for the usual concessions on Exhibits to the St. Louis Exposition and Music Hall Ass'n, which opens Sept. 9th and closes Oct. 12th and to the St. Louis Fair Ass'n, which opens Oct. 7th, and closes Oct. 12th, 1901, and it was

Resolved, That these applications be referred to the Central Freight Ass'n with recommendation of this Committee that the same concessions as those of previous years be granted, i. e., full tariff rates will be charged on all exhibits forward to the Exposition and to the Fair, to be held at St. Louis, Mo., and that such exhibits (excepting horses) if unsold and reshipped from St. Louis, within 30 days after the close of the Exposition and Fair, may be returned free at owner's risk to the original forwarder at the original point of shipment by the Railway Company which carried same, upon presentation of the original Bill of Lading, or contract, or paid freight bill, together with a certificate signed by the proper officials of the Exposition or Fair, to the effect that the shipments are unsold exhibits,

which have paid full tariff rates one way, such certificates to be attached to the manifest of each shipment.

Full Tariff Rates to be charged in both directions on horses."

Rates on Magazines and Newspapers Returned.

Letter was presented from a member making application for a rate on Magazines and Newspapers, returned to Eastern Cities, and it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n that they establish rates on Magazines and Newspapers, returned, from East St. Louis to New York, Boston, Philadelphia and Baltimore, on basis Chicago to New York, L. C. L., 35 cents, C. L., minimum 30,000 lbs. 30 cents per 100 lbs.

At Special Meetings of the Committee the following subjects were considered and action taken as stated:

August 2nd.

Unauthorized Articles or Commodities Included in List of Articles Mentioned in Information No. 1878 as Taking Lumber Rates.

This subject was considered at meeting July 23rd (See proceedings July 31st), and laid over:

Chairman reported having secured copies of the Tariffs from all roads, naming Articles taking Lumber Rates to C. F. A., as instructed at meeting July 23rd, and it was

Resolved, That a Committee of three (3) members be appointed to consider and report on the subject as outlined by Chairman Tucker in his letter July 3rd, file 5089.

Messrs. Coyle, Taylor and Bushnell were appointed the Committee on above subject. (File 4008-A.)

Note.—Letter from Chairman Tucker, Aug. 3rd, was read urging prompt action and copies sent Sub-Committee 6th.

Rates on Grain and Grain Products to C. F. A. Points.

This subject was last considered at meeting May 22nd, at that time it was decided to not reissue Special Notice No. 1049 as any rates higher than authorized to Western Termini could be reduced under the intermediate clause.

The subject was brought up again by a letter dated July 31st from a member and it was

Resolved, That the subject be laid over until a meeting in October (File 3206-A).

August 6th.

Application of Proportional Rates from East St. Louis on Traffic Through St. Louis Gateway.

As shown in proceedings issued June 29th, this subject was referred to a Sub-Committee.

The Chairman has named Messrs. Coyle, Taylor and Holliday as the Committee.

It was decided at meeting 6th that it would be impossible for the Committee to give the subject proper consideration before October.

At meeting 21st inst., letter 13th, file 8401, from Chairman C. F. A., was read and copy ordered sent members of Sub-committee.

Rates on Iron Pyrites or Sulphur Ore to Muskegon, Mich.

Application was made for this rate in line with rates to other points (see proceedings May 31st), and it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n. that they authorize a rate on Iron Pyrites or Sulphur

Ore, C. L., minimum 15 gross tons, E. St. Louis to Muskegon, Mich., $2.30 per ton of 2240 lbs."

August 9th.

Application of Proportional Rates on Wool.

Letter 6th, file A-14041, from Chief Inspector, was read regarding use of proportional rates on Wool from St. Louis, and it was

Resolved, That the Chief Inspector be advised that this subject generally has been referred to a Sub-committee for consideration and report as shown in Proceedings (June 29th, page 5). (File 3326.)

Rates on Meats, Dressed, Carloads.

Attention was called to Special Notice No. 1066, March 25, 1901, Meats, Dressed, C. L., to some C. F. A. Points being higher than present rates to Western Termini, and it was

Resolved, That a reissue of Special Notice No. 1066 is not necessary nor advisable at this time. Any rate that is higher than authorized to the Western Termini can be reduced at this time. Any rate that is higher than authorized to the Western Termini can be reduced under the intermediate Rate Clause.

August 16th.

Application for Rate on Kornwood Kindling.

The subject was last considered at meeting July 23rd (see proceedings July 31st).

After conference with the manufacturer, it was

Resolved, That it is the sense of this Committee, that a Commodity Rate be established, on basis of 17½ cts. per cwt. on "Kornwood Kindling", C. L., minimum 50,000 lbs., from Chicago to New York, usual differentials to apply to other Trunk Line and Western Termini Points.

The above resolution was submitted to Central Freight Ass'n. by Advice Letter G-365, Aug. 20th, with result shown in Advice Letter No. G-370, Aug. 26th.

August 21st.

Proposed Per Cents Between Eastern Cities and Cairo, Ill., Also Mississippi Valley Points Via E. St. Louis, Ill., Submitted by M. & O. R. R.

This subject was first considered at meeting June 7th and tabled. (See proceedings dated June 29th.) It was brought up again by one of the members suggesting that some joint action should be taken, it was, however, contended that the propositions should be handled in accordance with the authorities quoted by G. F. A. Bushnell in letter Aug. 7th, File 20923, as follows:

"Dear Sir: In reply to your letter July 29th, file 3129, regarding divisions between Miss. Valley Points and Eastern Cities, in connection with M. & O.

After going over the matter, I found that the divisions proposed were based on Special Notice 437, from Cairo to Eastern Points and an actual mileage pro-rate between Miss. Valley Points and Eastern Points.

I also understand that several of the Lines had in effect percentages covering Miss. Valley Points, which were based on an actual mileage pro-rate, and, as I understand it, was authorized by Joint Committee Circular No. 1297 of July 2nd, 1891. In reply to Mr. Miller's proposition I advised him that his proposed D-S, so far as Cairo is concerned, must be strictly in accordance with special notice 437 and from Miss. Valley points in accordance with Circular No. 1297.

If any further information regarding this matter is desired, please advise."

At meeting Aug. 9th the Chairman was requested to investigate and determine whether authority had been granted to permit the M. & O. figures being accepted and report later.

The Chairman reported 21st, as follows:

In accordance with above I have examined the records and am of the opinion:

First—That as Joint Committee Circular 1173, Sept. 1st, 1890, authorized uniform divisions (Eastern Terminals to be deducted before pro-rating) on traffic from Cairo (when from the south, only) via East St. Louis and in Joint Committee Circular No. 1609, Sept. 9th, and Circular No. 1622, October 13th, 1893 (covered by this Committee's Circular No. 437, August, 1901), named points, distances and per cents in line with said authority no change or addition to said list should be made without authority from the Central Freight Ass'n. and Trunk Lines.

Second—That Joint Committee Circular No. 1297, July 2nd, 1891, authorized percentage divisions on traffic other than Cotton and Cotton Linters from New Orleans or other pro-rating points in the Mississippi Valley to Seaboard points on basis of actual mileage north and south of the Ohio River (all Eastern Terminals and Ohio River Transfers to be deducted before pro-rating) any road desiring to put in per cents in accord with Circular No. 1297 has the necessary authority.

After some discussion, it was

Resolved, That two copies of G. F. A. Bushnell's Letter, Aug. 7th, Authority 20923, and the Chairman's Report be sent to each resident member of the Committee for their consideration and further action by the Committee if deemed necessary. (File 3129.)

At Special Meetings of the Committee the following subjects were considered and action taken as stated:

Sept. 10th.

Reduced Rate on Stone, E. St. Louis to Eastern Points When from Hot Springs, Arkansas.

This subject was brought up by letter Sept. 5th, file 8448 from Chairman, Central Freight Ass'n.

After due consideration, it was

Resolved, That the St. Louis Eastbound Roads do not desire to equalize the rate on Stone from Hot Springs, Arkansas, via E. St. Louis to Manlius, N. Y., and Littleton, N. H., as against divisions in effect via Memphis Routes, but to apply tariff rates on this traffic.

Sept. 24th.

Rate on Shot, C. L., E. St. Louis to Eastern Points.

This subject was last considered at meeting April 18th, 1899, and request for reduction declined. The subject was brought up again by letter from shipper, and it was

Resolved, That application for reduction in rate on Shot, C. L., cannot be favorably considered at this time and the subject be tabled.

Sept 20th.

Proposed Per Cents Between Eastern Cities and Cairo, Ill., Also Mississippi Valley Points Via East St. Louis, Submitted by M. & O. R. R.

For previous record of this subject see proceedings dated Aug. 31st, page 3.

The further consideration and action by the Committee was submitted to resident members by Circular Letter, Sept. 20th, file 3129, as follows:

"As instructed at meeting today, I give below copy of Sub-committee Report:

In accordance with resolution adopted Sept. 10th, as follows:

Resolved, That the Chairman call a meeting of Rate Clerks, for Sept. 12th, to check the proposed per cents of the M. & O. R. R. on traffic from the south via East St. Louis to Eastern Cities. (See Circular Letter Aug. 22nd, file 3129, procedings dated Aug. 31st), a meeting was held on the 18th with representatives of the B. & O. S. W. R. R., C. & A., C. P. & St. L., C. C. C. & St. L., T. H. & I. and Wabash present.

After careful consideration of the subject, action was taken as follows:

"St. Louis, Mo., Sept. 18, 1901.

Recommended, To the general meeting of the St. Louis Eastbound Freight Committee, the following report for adoption:

Whereas, The Mobile & Ohio Railroad having submitted to several members of this Committee propositions for divisions, the Railway Companies to whom such propositions were submitted agree to reply to the Mobile & Ohio in harmony with the following resolution:

Resolved, That a copy of Special Notice No. 437 be furnished the Mobile & Ohio with the advice that the

divisions shown therein will be required of all traffic via East St. Louis.

Further

Resolved, That copies of Circular No. 1646, as amended, Joint Committee, and Circular No. 1702, Joint Committee, be likewise furnished to the Mobile & Ohio with the information that the proportions shown in said issues south of Cairo will be accorded said Company, the proportions remaining north of Cairo as shown in Circulars No. 1646, as amended, and No. 1702, being subdivided in accordance with Special Notice No. 437.

It is further

Resolved, That a record of this action be made by the issuance by the St. Louis Eastbound Freight Committee of Special Notice setting forth the division basis above outlined.

Please advise promptly whether you vote in the affirmative or negative on the report."

All roads, members of the Committee, having voted in the affirmative, the report is declared adopted and Special Notice No. 1105 will be issued at once, setting forth the division basis above outlined, and copies furnished each member of the Committee.

Sept. 24th.

Request for Change in Clause "B" Rule 8, Official Class'n.

This subject was submitted by a member with copy of a resolution adopted by the Central Association of Railroad Officers at meeting St. Clair Springs, Mich., July 23rd, 24th, 1901, as follows:

"Now be it Resolved, That the Central Association of Railroad Officers present to the various Classification Committees a request for a change in Clause 'B', Rule No. 8, of the Official Classification, which will legally empower the railroads to decline further to furnish labor to assist in handling C. L. freight when taken at a rate less than L. C. L. rate, either in yard or freight houses."

After consideration by the members of this Committee, it was

Resolved, That the request of the Central Association of Railroad Officers for a change in Clause "B", Rule 8 of the Official Classification be referred to the Central Freight Ass'n. for consideration and action at their meetng which has been called for October 1st-2nd.

The above transmtted to Chairman Central Freight Ass'n. by letter Sept. 24th.

At Special Meetings of the Committee the following subjects were considered and action taken as stated:

Oct. 4th.

Rate on Shot, East St. Louis to Eastern Points.

This subject was considered at meeting Sept. 24th, and application declined. (See proceedings dated Sept. 30th.)

The subject was brought up again today and after due consideration, it was

Resolved, That the St. Louis Eastbound Freight Committee recommend to the Official Class'n. Committee, that the classification on Shot, in Bags, N. O. S., C. L., minimum weight 30,000 lbs., be reduced to 6th class.

Note.—Resolution transmitted to Chairman Official Class'n. Committee, by letter October 4th.

Oct. 8th.

Rates on Steel Bolsters and Enameling and Black Plate, C. L., E. St. Louis to Western Termini Points and Trunk Line Territory.

This subject was last considered March 22, 1901.

The Chairman read recent correspondence from Chairman C. F. A. and after careful consideration, it was

Resolved, That it is the sense of this Committee that the rates now in effect cannot be withdrawn.

Oct. 8th.

Horses and Mules to the Virginias.

This subject was last considered at meeting July 23rd (see proceedings dated July 31st) and laid over until meeting in October.

After a general discussion on the subject it was

Resolved, That it is the sense of this Committee that the lines have the privilege of using either the Official Class'n. or Circular No. 561-A, whichever makes lowest rating.

Oct. 8th.

Rate and Divisions on Domestics, Natchez, Miss., to New York, Etc.

This subject was brought up by a letter fro[illegible] a member and after due consideration, it was

Resolved, That rate of 50 cts. per 100 lbs. on Domestics, any quantity, from Natchez, Miss., to New York, usual differentials to other points, be authorized via East St. Louis and that this rate be divided on a mileage pro-rate, Natchez, Miss., to East St. Louis, 608 miles, East St. Louis to New York, 1063 miles, St. Louis Transfer and Eastern Terminals to be deducted before pro-rating.

Note.—The Chairman to notify Mo. Pac. Ry. of action taken, requesting reply as to whether proposition accepted, notifying the Committee.

Oct. 11th.

Application on Proportional Rates from E. St. Louis on Traffic Through St. Louis Gateway.

This subject was referred on June 25th to a Special Committee to formulate a uniform rule covering the application of proportional rates from East St. Louis, on traffic through the St. Louis Gateway.

The report of said Special Committee was this date received, adopted and ordered transmitted to Chairman C. F. A., as follows:

"Your Committee appointed for the purpose of considering the question of Proportional Tariffs from E. St. Louis, beg leave to submit the following:

Whereas, The authorized Commodity Proportional Tariffs, covering traffic through the E. St. Louis Gateway, have become so numerous and are in many cases on such a complicated and ambiguous basis that they are a continued and serious menace to the maintenance of rates locally from St. Louis and East St. Louis, and,

Whereas, Many of these tariffs are maintained in consequence of similar tariffs in effect through other Mis-

sissippi River Crossings, Ohio River Crossings and Chicago, your Committee therefore

Recommends, That all Commodity Proportional Tariffs from Chicago, Mississippi River and Ohio River Crossings be cancelled and that a meeting of the several Committees interested be called with the view of effecting that result, or of establishing such rates as may be deemed necessary, on a pro-rate basis, the same to be covered by the publication of through tariffs showing specific divisions east and west and north and south of the respective gateways."

Note.—The roll being called all representatives present voted to the affirmative and the affirmative vote of absent members secured later, makes the vote unanimous.

Oct. 11th.

Unauthorized Articles or Commodities Included in List of Articles Mentioned in Information No. 1878 as Taking Lumber Rates.

This subject was last considered at meeting Aug. 2d, (see proceedings Aug. 31st), and referred to Sub-Committee for report.

The Chairman called attention to subject not having been disposed of and at request of the Sub-committee, it was

Resolved, That the subject be laid over.

Oct. 11th.

Rates on Glass Sand to C. F. A. Points from East St. Louis vs. Chicago and Kankakee.

Correspondence from Chairman Central Freight Ass'n was read, urging action by the Committee to place the rates from East St. Louis in line with those from Chicago and Kankakee.

After due consideration of the subject and in view of the rates being "Proportional" from East St. Louis, Chicago and Kankakee on which a general recommendation has been adopted, it was

Resolved, That this subject be laid over until action has been taken on this committee's recommendation to Central Freight Association. On Commodity Proportional Tariffs, generally.

OCTOBER 11TH.

Proposed Rates on Glucose Factory Products, C. L.

This subject was brought up by a member, suggesting that C. F. A. Advice Letter G-462½ be considered and uniform action taken by the Committee. A letter 10th file 6660 from Chairman C. F. A. was also received by the Chairman and read. The Committee not being prepared to take action, it was

Resolved, That the subject be laid over until next meeting.

R. M. Fraser, Chairman.

At Special Meetings of the Committee the following subjects were considered and action taken, as stated:

OCTOBER 18TH.

Proposed Rates on Glucose Factory Products, Carloads.

This subject was last considered at meeting of 11th and laid over. At meeting to-day attention was called to Central Freight Ass'n Advice Letter No. G-445½, calling meeting Chicago, Peoria and East St. Louis lines in Chicago 23rd inst., to consider the subject, and it was

Resolved, That the subject be tabled.

Application to Establish Lower Rating on Empty Bags, Second-Hand, Returned.

The Chairman read letter from a shipper requesting lower classification rating on bags, returned after being used in transporting cement plaster from Texas, and it was

Resolved, That the application be referred to the Official Class'n Committee, without recommendation, requesting Chairman Gill to advise decision reached.

OCTOBER 22ND.

Applcation of Proportional Rates From East St. Louis on Traffic Through the St. Louis Gateway—Report of Special Committee.

This subject was last considered at meeting Oct. 11th. (See proceedings Oct. 12th). At meeting to-day let-

ters 12th and 16th, file 8401 from Chairman, Central Freight Ass'n, were read, and it was

Resolved, That Chairman Tucker be advised that it is the desire of this Committee to have the report of our Special Committees, which was endorsed by this Committee, taken up by the various Committees interested, in Joint Meeting, as was originally suggested.

Proportional Rates on Fruit and Vegetables, Authorized in C. F. A. Information No. 2595, Special Notice No. 1066 Being Used on Shipments From Mexico and Pacific Coast Territory.

This subject was brought up by letter 18th, file Info. 2595, from Chairman, Central Freight Ass'n, which was read, and it was

Resolved, That Chairman Tucker be advised that we have no information to that effect, and if he has any specific information to let us have it.

Rate on Glass Sand to C. F. A. Points From East St. Louis vs. Chicago and Kankakee. Letter From Chairman C. F. A. Oct. 17th.

This subject was last considered at meeting 11th (See proceedings 12th) and laid over.

It came up again by letter 17th, file 8467, from Chairman, Central Freight Ass'n, urging immediate action, and it was again

Resolved, That this subject be laid over until action has been taken on this Committee's recommendation to the Central Freight Ass'n on Commodity Proportional Tariffs, generally.

Rate on Steel Bolsters, Enameling and Black Plate, C. L., East St. Louis to Western Termini and Trunk Line Territory.

The above was last considered at meeting 8th (See proceedings 12th) and brought up again by letter 12th, file F-336, from Chairman, Central Freight Ass'n, re-

questing reasons why rates cannot be withdrawn and Chairman instructed to reply, "That the Wabash is not prepared to cancel the rate on Black Plate."

Joint Letter Oct. 16th From G. F. A., M. and O. R. R. Regarding Divisions on Cotton Seed Meal, Cairo to Eastern Points via East St. Louis.

The Chairman read letter 16th from G. F. A., M. & O. R. R. demanding a minimum of 3c per 100 lbs on Cotton Seed Meal, Cairo to E. St. Louis, destined to Trunk Line Ter., when a pro-rate allows less. After discussion it was

Resolved, That the subject be referred to Chairman Tucker to be submitted to the percentage Committee.

Oct. 25th.

Unauthorized Articles or Commodities Included in List of Articles Mentioned in Information No. 1878 as Taking Lumber Rates.

The Chairman called attention to this subject having been laid over at a previous meeting (See proceedings 12th) owing to sub-committee requesting additional time.

After consideration by the Sub-Committee (25th) the following was offered as their report:

"Your Committee, to whom was referred the subject of Unauthorized Articles or Commodities included in list of articles taking Lumber Rates, beg leave to report as follows:

"In view of the fact that the St. Louis-Chicago Lines are carrying many of these Commodities on the basis of Lumber Rates, and this having the effect of reaching C. F. A. Territory through the Chicago gateway, it is the opinion of your Committee that this subject cannot be settled without a Conference of the St. Louis-Chicago Committee and a like Committee of this Ass'n."

The above report was submitted to the General Committee and it was

Resolved, That the report be accepted and the Committee discharged.

And it was further

Resolved, That Chairman Tucker be advised in accordance with the report of the Sub-Committee and requested to arrange for Conference between the St. Louis-Chicago and the St. Louis Eastbound Committees.

Divisions on Cotton Seed Meal, Cairo to Eastern Points via East St. Louis. Letter 23, File 8603, From Chairman C. F. A.

The resolution adopted 22nd, transmitted in letter same date to Chairman C. F. A. Reply (23rd) received stating that subject would be referred to Committee on Relation with Southern Roads, December meeting, but requested that recommendation be made by this Committee, and it was

Resolved, That it is the sense of this Committee that Chairman Tucker be advised, in reply to his letter of Oct. 23rd, that we are not prepared to offer any recommendation to the C. F. A. preferring to leave the matter for discussion with Ohio River Crossing Lines.

Rate of Classification on Shot.

This subject was last considered at meeting October 4th (See proceedings October 12th) and referred to the Classification Committee.

Chairman read letter 21st from Chairman, Official Classification Committee to the effect that the Committee could not see their way clear to recommend any change in the existing classification of the property and it was

Resolved, That the subject be placed on file.

Oct. 25th.

This application was considered at meeting 18th and referred to the Official Class'n. Committee.

Chairman Gill replied (21st) to the effect that subject would be docketed for their next general meeting, if desired, calling attention to the fact that the Committee have not heretofore deemed it expedient to provide lower rating for Second-hand, than applied on the new articles, and it was

Resolved, That the Chairman request the return of papers by the Official Class'n. Committee, for further consideration by this Committee.

Oct. 29th.

Request for Change in Clause B. Rule 8 of the Official Classification.

This subject was last considered Sept. 24th (See proceedings Sept. 30th) and referred to Central Freight Ass'n.

Letter October 9th from Chairman Tucker notified that Central Freight Ass'n. referred it to the Official Class'n. Committee.

At meeting to-day the following letter 24th, from Chairman Tucker was read:

"Referring to my letter to you of October 9th advising that the subject of Rule 8-B of Official Classification being amended in line with resolution adopted by Central Association of Railroad Officers was by Central Freight Ass'n. roads at meeting of the 2nd. inst., referred to the Official Class'n. Committee for consideration.

In connection therewith would state that we are now in receipt of advices from Chairman Gill that at recent meeting of the Official Class'n. Committee the matter was taken up but they did not see their way clear to recommend to lines in interest any change in the existing rule mentioned."

And it was

Resolved, That the subject be tabled.

Rates and Divisions on Domestic, Natchez, Miss., to Eastern Cities.

This subject was last considered at meeting Oct. 8th (See proceedings 12th).

Letter 11th received from Mo. Pac., requesting further information was considered at meeting 22nd and again 29th and it was

Resolved, That the Rate on Domestics, any quantity, from Natchez, Miss., to New York, Boston and Providence, 50c; Philadelphia, 48c, and Baltimore 47c per 100 lbs. be authorized via E. St. Louis and that these rates be divided on a mileage pro-rate in accordance with the distances as follows:

Natchez, Miss. to East St. Louis, Ill	608 miles
East St. Louis to New York, N. Y	1071 miles
East St. Louis to Boston, Mass	1230 miles
East St. Louis to Providence (via Worcester) R. I.	1262 miles
East St. Louis to Philadelphia, Pa	984 miles
East St. Louis to Baltimore, Md	929 miles

St. Louis Transfer & Eastern Terminals to be deducted before pro-rating.

Note.—The above cancels the legislation of Oct. 8, proceedings 12th and Mo. Pac. so notified in letter this date.

Oct. 29th.

Divisions Named in Special Notice No. 437 Applying via Ill. Cent. R. R.

This subject was brought up by letter 24th, file F-1192 from A. G. F. A. Becker, as follows:

St. Louis, Mo., Oct. 24th, 1901.
File F-1192.

Mr. R. M. Fraser, Chairman, St. Louis L. E. B. F. Com., City.

Dear Sir: We have repeatedly advised the St. Louis Eastbound Freight Committee that the divisions

as promulgated in Special Notice No. 437, applying from Cairo and Brookport (formerly Brooklyn) to Eastern Points, via East St. Louis, would not be protected by our line. These divisions are not in effect now, nor have they ever been authorized by the Illinois Central Railroad Company. We do not believe that the Eastbound Freight Committee is empowered to publish divisions or any set of divisions from our stations without our authority.

This is to advise that business handled between Cairo and Brookport, and eastern points, via East St. Louis, will be charged at our full local rate. Advice to this effect to the claim departments of the various lines will save unnecessary correspondence.

Yours truly,

(Signed) Geo. W. Becker, A. G. F. A.

"Chicago, Ill., Oct. 29, 1901.
File C-32453.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Com., St. Louis, Mo.

Dear Sir: Referring to your Special Notice No. 1105, relative to division of eastbound rates on traffic from Mississippi Valley Points via Cairo and East St. Louis; this Circular also providing for divisions from Brookport, Ill., formerly Brooklyn, Ill., as well as from Cairo.

I wish to confirm notice given you by Mr. Becker, under date of the 24th inst., his file F-1192, to the effect that the divisions shown in this Circular from Brookport will not be protected by this Company. We gave notice severals years ago that all percentages from Brooklyn on the basis outlined therein would be cancelled, and that we would require same percentage proportions from Brooklyn to our junction points with Eastern Roads, on traffic originating in the south, as on traffic from Brooklyn proper.

Yours truly,

(Signed) W. E. Keepers, G. F. A.

After discussion and in view of the fact that Special Notice No. 437 is a reprint of Joint Committee Authorities named thereon, it was

Resolved, That the matter be taken up with the Chairman of the Central Freight Ass'n. with the view to having the percentages, so far as the Ill. Cent. R. R. is concerned, cancelled.

Note.—The notice referred to by Mr. W. E. Keepers is dated Gen'l. Freight Department, Chicago, April 7th, 1898, file C-32453 to Eastern Connections.

Oct. 29th.

Division of Eastbound Rates From Mississippi Valley Points.

This subject was last considered at meeting Sept. 30th, (See Special Notice No. 1105 and Proceedings Sept. 30th.)

It was brought up again by letter 22nd, file 43923 from G. F. A. Miller, which was before the Committee on the 25th and again 29th and it was

Resolved, That the Chairman be instructed to advise the M. & O. R. R. that we are unable to give them any more information than has already been given to them in Special Notice No. 1105 and that is contained in the Guide or Hand Books of the several Fast Freight Lines working over the roads, members of this Committee, and that if the M. & O. R. R. is not supplied with these books and will make application on the members of the Committee, such Fast Freight Line Books will be furnished as desired.

Recheck of Grain and Grain Products Rates to C. F. A. Territory Points.

This subject was brought up by letter 25th, file 8515, requesting a recheck of rates from East St. Louis as a guide for intermediate points, and it was

Resolved, That the Chairman call a meeting of the Rate Clerks, Thursday, Nov. 7th, for the purpose of

rechecking rates on Grain and Grain Products to C. F. A. Points.

Nov 5th.

Divisions Named in Special Notice No. 437 Applying Via the Ill. Cent. R. R.

Letter 4th, file 3766 from Chairman C. F. A., acknowledging receipt of letters giving action taken (See

proceedings Oct. 31st) stating he would take necessary steps to have the percentages referred to cancelled, etc., and it was

Resolved, That the papers be filed.

World's Fair Bureau of Publicity.

Letter Oct. 30th was received regarding the affixing on Bills Lading, etc., World's Fair 1903 Stickers, and it was

Resolved, That the Chairman write letter suggesting that they take subject up with the Gen'l. Managers' Committee, in order that better results could be obtained.

Nov 5th.

Application to Establish Lower Rating on Empty Bags, Second Hand, Returned.

This subject was last considered at Meeting Oct. 25th, papers ordered returned by the Official Classification Committee. (See proceedings Oct. 31st.)

After further consideration by the Committee, it was

Resolved, That the subject be tabled.

Nov. 8th.

Recheck of Grain and Grain Products Rates to C. F. A. Points.

In accordance with resolution adopted Oct. 29th, a meeting of the Rate Clerks was held in this office 7th inst.

After due consideration of the subject, it was

Resolved, That the representatives of the St. Louis Eastbound Freight Committee Roads, in meeting Oct. 7th, called to consider rates on Grain and Grain Products, recommended no changes from Special Notice No. 1049, Dec. 1st, 1900, as supplemented by Amendments Nos. 1 and 2—Special Notice No. 1052 and 1058, Dec. 7th and 24th, 1900.

The above action was reported to the General Committee at Meeting 8th and it was

Resolved, That the rates on Grain and Grain Products as published in this Committee's Special Notices No. 1049-1052 and 1058 dated Dec. 1st-7th and 24th, 1900, be continued in effect and Chairman Central Freight Ass'n. notified accordingly.

Divisions of Eastbound Rates From Mississippi Valley Points.

This subject was last considered at meeting Oct. 29th (See proceedings Oct. 31st) and came before the Committee again by letter Nov. 6, file 43923-D from G. F. A., M. & O. R. R., regarding correct divisions between Mobile, Ala., and Corning, N. Y., etc., and it was

Resolved, That the Chairman reply to G. F. A., M. & O. R. R. that as a Committee we have given him all the information we can. If, however, the M. & O. R. R. desire information as to the correct divisions to or from any specific point it will be given on application to the individual roads.

Nov. 12th.

Rate on Pig Lead and Spelter, C. L., E. St. Louis to Zanesville, Ohio.

A letter from a member was presented on above subject and after consideration, it was

Resolved, That Central Freight Ass'n. authorize a rate from East St. Louis to Zanesville, Ohio, 13 cts. per 100 lbs. on Pig Lead and Spelter, C. L.

Nov. 26th.

Divisions of Lumber, Etc., From Northern Mississippi-Tennessee and Kentucky to Western Termini and East.

Correspondence from G. F. A., M. & O. R. R. was read and it was

Resolved, That the request of the M. & O. R. R. for divisions on Lumber, Staves and Heading, C. L. from stations on their lines in Northern Mississippi, Tennessee and Kentucky to the Western Termini of Trunk

Lines and east thereof via Cairo and East St. Louis, be referred to the Chairman of the Central Freight Ass'n. for necessary consideration and action.

Note.—See C. F. A. Advice Letter G-557, Dec. 5th.

Dec. 3rd.

Rate on Phosphate Rock From Arkansas, East St. Louis to C. F. A. Points.

Correspondence read and it was

Resolved, That the C. F. A. be requested to authorize proportional rates on Phosphate Rock, Crude and Ground, C. L., minimum weight 18 gross tons, E. St. Louis to C. F. A. Points, in line with rates authorized in Info. No. 1854, as amended by Info. 2106, viz: 20 cts. per ton less than in effect from Cairo, Ill.

Note.—See C. F. A. Advice Letter G-559, Dec. 5th.

Nov. 26th.

Rate on Zinc Ore, E. St. Louis to New York, For Export.

Letter from a member was read, and it was

Resolved, That the authorized Class Rate be adhered to.

Dec. 3rd.

Instructions as to Manner of Ascertaining Number of Animals Loaded in Each Car and Correct Weight to Be Charged on Horses, Mules, Ponies, Colts, Range Horses, Etc., at National Stock Yards.

See Proceedings issued July 31, page 2.

Letters from Chairman C. F. A. and Inspection Department were read calling attention to instructions, authorized at Meeting March 5th, and issued in Circular Letter March 11th, also shown in proceedings issued July 31st, 1901, not being enforced and after a general discussion of the subject, it was

Resolved, That the Chairman report, by letter, to the Traffic Representatives of the roads, members of this Committee, all cases reported by the Inspection Department, where the instructions regarding the transportation of Horses, Ponies, etc., are not enforced, in order that the official to whom report is made may investigate and give such additional instructions as circumstances require to enforce the rules.

Dec. 3rd.

Discrepancies in Lumber Rates From East St. Louis to C. F. A. Points.

Letter from Chairman Tucker and others were read and it was

Resolved, That the Chairman call a meeting of the Rate Clerks in the Committee Rooms, Thursday, December 5th, to check for errors, ommissions, etc. in Lumber Rates, East St. Louis to C. F. A. Points as between the St. Louis Eastbound Freight Committee Joint Tariff No. 110 and Amendment No. 6 and the individual issues of the several roads. The representative of each road to bring with him a copy of their Tariff and all Amendments, now in effect.

Circular Letter was issued 3rd inst., calling Meeting 5th.

Dec. 6th.

Discrepancies in Lumber Rates from East St. Louis to C. F. A. Points.

In accordance with resolution adopted at meeting 3rd. inst.—the representation being as follows:

B. & O. S. W. R. R.—J. Dougall.
C. & A. Ry.—J. L. Murphy.
C. P. & St. L. Ry.—
C. C. C. & St. L. Ry.—L. H. Mussman
Ill. Cent. R. R.—F. H. Law.
L. H. & St. L. Ry.—
Southern Ry.—C. P. Hoy.

T. H. & I. R. R.—W. H. Coleman, Per R. M. F.
The Wabash R. R.—J. S. VanLeer.
T. St. L. & W. R. R.—E. Keene, Per R. M. F.

After careful examination of Tariffs and discussion on the subject, it was agreed that effective Jan. 1st, 1902, Amendments would be issued by the several roads named below, correcting their East St. Louis rates, now in effect to the figures as stated, (in line with this Committee's Tariff No. 110 and Amendment No. 5):

B. & O. S. W. R. R.

Conotton, Ohio	17½ cents

C. & A. Ry.

Columbus Grove, Ohio	12 cents
Columbia City, Ind	11 cents
Conotton, Ohio	17½ cents
Delphos, Ohio	12 cents
Dell Roy, Ohio	14 cents
Fort Wayne, Ind	11 cents
Sherrodsville, Ohio	14 cents
Tipton, Ind	9 cents

C. C. C. & St. L. Ry.

Conotton, Ohio	17½ cents
Sherrodsville, Ohio	14 cents

T. H. & I. R. R.

Conotton, Ohio	17½ cents

The Wabash R. R.

Belpre, Ohio	13 cents
Bollivar, Ohio	13 cents
Columbia City, Ind	11 cents
Conneaut Harbor, Ohio	17½ cents
Fort Wayne, Ind	11 cents

It was agreed between the representatives of the C. C. C. & St. L. and Ill. Cent. R. R.'s that rates from

Cairo, Ill. to the above named points would be made 2 cents per 100 lbs. higher, effective January 1st, 1902.

The above report of the Rate Clerks Meeting having been accepted and approved, it was

Resolved, That the change in rates on Lumber recommended by the Rate Clerks be published as an Amendment to the Tariffs of individual lines, and that such Amendments be placed in the hands of Chairman Fraser for distribution when all such tariffs are amended and that copies of same be sent by Chairman Fraser to each individual road.

Minimum Basing Sheet or Guide Book for Compiling Rates to Central Freight Ass'n. Territory.

In consequence of many points being reached by different routes, thus making it difficult to determine the correct rate to apply to said points, the Rate Clerks recommended as follows

Resolved, That this Committee find that it is impracticable to make an intelligent check of the rates on Lumber published or in effect to local points, for the reason that the individual tariffs of many of the roads do not publish any rate to such local points, merely adopting the East bound Committee's Tariff No. 110 and Amendments, which quotes rates to Common or Basing Points, only.

As a complete solution of this question and also of similar discrepancies, which doubtless exist in tariffs publishing rates on other Commodities, we recommend the publication of the Eastbound Guide Book or Basing Sheet, which was partially prepared by the Chairman, in line with Circular Letter Dec. 12th, 1900, (file 4028) on instructions from the Committee, as shown in Proceedings Jan. 4th and Feb. 1st and on which work was suspended by order of the Committee, as shown in proceedings Feb. 12th, 1901.

After due consideration of the above, it was

Resolved, That the recommendation of the Rate

Clerks be adopted and that Chairman Fraser prepare and publish Guide Book or Basing Sheet accordingly. The expense of same to be divided equally between all lines interested.

It is further

Resolved, That copies of this Guide Book or Basing Sheet may be furnished to parties other than those participating in the general expense of same, at rate of $1.00 per copy.

At Special Meetings of the Committee the following subjects were considered and action taken as stated:

Dec. 13th.

Rate on Acetylene Generators.

At meeting this date a letter was read calling attention to the wide difference between C. L. and L. C. L. shipments as per Official Classification, as follows:

Generators, Gas (See Gas Machines).

Machines, Gas, N. O. S., D-1st, L. C. L.

Machines, Gas, requiring flat or gondola cars, minimum weight 4,000 lbs., each, 1st, L. C. L.

Generators made by the Company referred to are said to weigh from 150 to 3,000 lbs. each.

After due consideration it was

Resolved, That the subject be referred to the Chairman of the Official Classification Committee for consideration and report.

Dec. 27th.

Division of Rates on Cotton Linters, South and North of Ohio and Mississippi Rivers.

A Joint Letter, 20th, file 8688, from Chairman Central Freight Ass'n. to the Chairman at Cincinnati-Louisville-Evansville and St. Louis was read (and ordered printed in the proceedings) as follows:

"By J. T. A. Circular No. 1709, of July 15, 1898, certain through rates based on Southern Classification are authorized from various southern points to points east of the Western Termini of the Trunk Lines and said through rates are divided on percentages. It seems in some cases the proportions accruing north of the Ohio River of the through rates referred to result in lower earnings on Cotton Linters than would be allowed north of the Ohio River in case the rates and divisions as per Central Freight Ass'n. Information No. 312-A (Cotton Tariff and Division Sheet No. 1) are applied.

The question of whether the lines north of the Ohio River should accept their proportions of through rates

named in J. T. A. Circular 1709 or demand proportions based on Information No. 312 was considered by Central Freight Ass'n. lines at meeting yesterday and it was unanimously recommended that rates and divisions in latter Circular should govern irrespective of what the percentages proportion of through rates in the J. T. A. Circular 1709 allow.

These facts are communicated to you for the reason that recently some shipments were handled via Ohio River Gateways and roads south thereof billed shipments based upon through rates in J. T. A. Circular 1709 instead of rates and divisions in Information No. 312-A."

Dec. 27th.

Rate on Crude Phosphate Rock From Arkansas, East St. Louis to Central Freight Ass'n. Points.

At meeting today a letter from a member was read requesting Proportional Rate on Phosphate Rock, from Arkansas, East St. Louis to Indianapolis, Ind., and it was

Resolved, That the Central Freight Association be requested to authorize a Proportional Rate on Crude Phosphate Rock, in bulk, C. L. minimum 18 gross ton, $1.25 per gross ton, East St. Louis to Indianapolis, Ind., in line with rates authorized by Central Freight Association Information No. 3097.

See proceedings issued Dec. 7th and this Committee's Special Notice No. 1121, Dec. 14th.

Dec. 27th.

Divisions of Rates on Cotton Seed Meal, Via. M. & O. R. R. and East St. Louis to Eastern Cities.

The Chairman read letter 20th, file 8603 from Chairman, Central Freight Ass'n. to the effect that the subject of minimum allowance of 3 cts. per 100 lbs. demanded by the M. & O. R. R. (See proceedings Oct. 22 and 25th, issued Oct. 31st) was considered at Cen-

tral Freight Ass'n. meeting 19th and the request declined.

It was therefore

Resolved, That the Chairman notify the G. F. A., M. & O. R. R. and file papers.

Note.—G. F. A. notified by letter 28th.

At special meetings of the Committee the following subjects were considered and action taken as stated:

Jan. 3rd.

Carload Rating on Cotton.

Letter Dec. 30th from American Cotton Co. was submitted. Traffic Managers of American Cotton Co.

and Planters Compress Co. were present and made personal statements. Entire correspondence is covered by Circular Letters dated Dec. 30th, Jan. 6th and 10th. Were sent to Chairman Central Freight Ass'n. with letter 14th, quoting following resolution adopted at meeting Jan. 3rd, requesting consideration of the subject at February meeting, Central Freight Ass'n.

Resolved, That we recommend to the Central Freight Ass'n. that a Carload rating be established on Cotton, minimum 40,000 lbs., on basis of 25 per cent less than the rate on Cotton in less carload, from Mississippi River and Ohio River Crossings to New York, with usual differentials to other points, which are at present 5 cts. on Boston Rate Points, 2 cts. on Philadelphia and 3 cts. on Baltimore.

Divisions on Lumber, Etc., From Northern Mississippi, Tennessee and Kentucky to Western Termini and East.

This subject was considered at meeting Nov. 26th, Proceedings issued Dec. 7th and referred to C. F. A. Advice Letter G-575, Dec. 12th and C. F. A. Proceedings Meeting Dec. 18th and 19th show that proposition was declined. It was therefore

Resolved, That the Chairman notify the G. F. A., M. & O. R. R. and file the papers.

Note.—G. F. A., M. & O. notified by letter Jan. 4th

Jan. 14th.

Rates on Iron and Steel Articles Including Cast Iron Pipe.

Attention was called to discrepancies between the issues of individual roads and rates authorized by this Committee, and it was

Resolved, That the Chairman call a meeting of the Rate Clerks in the Committee Rooms, to check for errors, omissions, etc., in rates on Iron and Steel Articles or Commodities, including Cast Iron Pipe, East

St. Louis to C. F. A. Points as between the St. Louis Eastbound Freight Committee Joint Tariff No. 116 and Amendment No. 1 and the individual issues of the several roads. The representative of each road to bring with him a copy of their Tariff and all Amendments now in effect.

Note.—It was left for the Chairman to select a date for the meeting, it being understood that if possible all individual Tariffs be made to conform to this Committee issue. The result of the Rate Clerks' meeting to be submitted to this Committee.

Rate on Crude Phosphate Rock From Arkansas, East St. Louis to Indianapolis.

Letter 7th from Chairman C. F. A. was read stating that there is opposition to rate $1.25 ton, recommended at meeting Dec. 27th. See proceeding issued Dec. 31st.

After due consideration it was decided to amend previous resolution, making rate $1.30 per ton, and it was

Resolved, That the Central Freight Ass'n. be requested to authorize a Proportional Rate on Crude Phosphate Rock, in bulk C. L. Minimum 18 gross ton, $1.30 per gross ton, East St. Louis to Indianapolis, Ind., in line with rates authorized by C. F. A. Information No. 3097.

Note.—Chairman Central Freight Ass'n. was also requested to take necessary action with lines to ensure rates from Cairo, Thebes, etc., 20 cts. ton higher than from East St. Louis.

Proportional Rates on Granite, Rough Quarried, From Points in Missouri.

Letter from Chairman Central Freight Ass'n. was read recommending cancellation of C. F. A. Information No. 264-A, corrected and 1884, Special Notice No. 959, the 6th class rate to be used, and it was

Resolved, That Chairman Tucker be advised that no action be taken on this proposition, pending the check of the Proportional rates from Mississippi and Ohio River Crossings.

Instructions as to the Manner of Ascertaining Number of Animals Loaded in Each Car—Correct Weight to be Charged on Horses, Mules, Ponies, Etc.

Letter 2nd, file A-13504 from Chief Inspector read regarding complicities in securing actual weights, etc., in line with resolution as shown in Proceedings July 31st, page 2.

After a general discussion, it was

Resolved, That the Chairman be instructed to correspond with the National Stock Yards people, notifying them that unless they furnish the Railroads with the actual weight, all shipments of Horses, Ponies, Colts, etc., will be billed at estimated weights, as per Official Class'n., which may be in excess of the actual weight.

Rates on Railway Ties From East St. Louis.

Letter 10th, file 8359 from Chairman Central Freight Ass'n. read requesting information as to whether roads charge per 100 lbs. or per tie.

Roll was called and representatives of each road stated that on shipments to Central Freight Ass'n. Territory (except Illinois) their rates were per 100 lbs.

The C. & A. and Ill. Cent. rate to Illinois points would be per tie. Rates from Cairo, Thebes, Evansville, etc., being made per tie to Illinois Points.

Divisions of Rates on Cotton Seed Meal Via M. & O. R. R., East St. Louis and Eastern Cities.

Joint Letter 2nd, file 53816-C, from G. F. A., M. & O. R. R., regarding minimum rate on Cotton Seed Meal was read and tabled. See proceedings issued Dec. 31st, page 3.

Issuing Bills Lading, Expense Bills, Etc., in Ink or Indelible Pencil.

Letter 9th from A. G. F. A., B. & O. S. W. R. R., enclosing letter 6th from Agent, Terminal R. R. Ass'n. was read and it was

Resolved, That the St. Louis Eastbound Lines notify the Transfer and Terminal Companies that effective Feb. 1st, 1902, they will not issue bills of lading on their receipts unless they are made out in Indelible Pencil or Ink, in accordance with Special Notice No. 1126.

The Chairman to send letter to Messrs. F. X. Roederer, Frt. Agt. Terminal R. R. Ass'n.; A. DeFigueiredo, Ass't. Mgr. St. Louis Transfer Co.; Geo. L. Sands, Manager Wiggins Ferry Co.; J. J. Baulch, T. M. Interstate Car Transfer Co.

Switching and Reconsigning Tariff, Local Freight Agents' Assn., January 1st., 1902.

Letter 10th from A. G. F. A., B. & O. S. W. R. R. was read, requesting consideration of the subject.

After a general discussion it was decided that if there was any misunderstanding on the part of the local agents, it was a matter for the Local Freight Agents Ass'n. to consider and not for the St. Louis Eastbound Freight Committee, and it was

Resolved, That the subject be tabled.

Deliveries to Damascus Brake Beam Co., East St. Louis.

Letter requesting information as to above industry, and it was

Resolved, That the Chairman address a Circular Letter to the members of this Committee, requesting the information wanted.

Rates and Routing on Traffic to Points on B. & M. and N. Y. N. H. & H. Railroads When From Pacific Coast.

Chairman stated this subject came up by Joint Let-

ter 8th, file 8698 from Chairman Tucker, addressed to the Chairman of Committees at Chicago, Cincinnati and St. Louis, in which it was stated that the rules published in Trans-Continental Tariffs were not adhered to.

After due consideration, it was

Resolved, That the subject be tabled.

Rate on Prepared Clay, C. L. to Hamilton, Ohio.

Letter 10th, file A-9619 from Chief Inspector was read and Chairman requested to write A. G. F. A., So. Ry. to investigate and report.

Rate on Iron Pyrites, Sulphur or Sulphide Ore to Indianapolis.

Subject laid over for applicant to get further information regarding articles to be shipped.

Class Rates to Circleville, Ohio.

At meeting to-day letter from a member was read calling attention to an apparent error in E. St. Louis and Belleville Minimum Rate basis No. 8 on Class Rates to Circleville, O., and it was

Resolved, That the Chairman be instructed to correct Basing Sheet No. 8, placing Circleville on the Group "r" basis.

Circular Letter March 14th, file 3217 was sent all members suggesting that they correct Minimum Basing Sheets and Tariffs in accordance with resolution making rate to Circleville, Ohio, same as to Chillicothe and Columbus, Ohio.

March 21st.

Rate on Scrap Iron, C. L., East St. Louis to Terre Haute, Ind.

At meeting to-day above subject was considered and it was

Resolved, That Chairman Tucker be requested to take up with the C. & E. I. R. R. the question of rate on Scrap Iron from Chicago to Terre Haute of $1.00 per gross ton with the view to having same withdrawn, as a continuance of the rate will necessarily result in permanent reduction of rates on similar traffic not only from E. St. Louis to Terre Haute, but other points beyond.

Instructions as to the Manner of Ascertaining Number of Animals Loaded in Each Car, Correct Weights to be Charged on Horses, Mules, Ponies, Etc.

This subject was last considered at meeting March 4th (See proceedings), was brought up again by letter

14th, file A-13504 from Chief Inspector, suggesting the members notify their Live Stock Agts. of action taken and it was

Resolved, That the representatives of the lines, members of this Committee, notify their Live Stock Agts. at the National Stock Yards, in line with the resolution adopted at meeting March 4, 1902.

Rate on Scrap Iron to Various C. F. A. Points.

Chairman read letter from a member regarding the present rate on Scrap Iron to Terre Haute of $1.00 per gross ton and in view of the above, it was Recommended, That the Central Freight Ass'n. au-

thorize rates on Scrap Iron, Carload, minimum weight as per Official Class'n., from East St. Louis to:

Indianapolis, Ind. ..... $1.15 per gross ton
Anderson, Ind. ..... 1.35 per gross ton
Muncie, Ind. ..... 1.35 per gross ton
Marion, Ind. ..... 1.35 per gross ton

The above proposition was declined (See C. F. A. Proceedings for April Meeting, subject 4190).

April 18th.

Classification of IXTLE.

Chairman read letter from a shipper claiming that the Classification on Ixtle should not be higher than on Hemp or Sisal, and it was

Recommended, That the subject be referred to the Official Class'n. Committee without recommendation.

Rice, New Orleans to C. F. A. Points Via East St. Louis.

Chairman read letter from Chairman Central Freight Ass'n. and he was instructed to issue Circular Letter giving copy of the correspondence, as follows:

St. Louis, Mo., April 11, 1902.
4141.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: The following letter from a member was considered today:

"Will you kindly advise me if there is any legislation which would prohibit our accepting the same proportion east of East St. Louis on shipments of Rice from New Orleans, La., via the Iron Mountain R. R., as we receive when shipments come by lines on the east side of the River,"

There was considerable discussion and some of the members were of the opinion that the same divisions should apply on traffic from New Orleans via East St.

Louis and I. M. & So. as apply from lines east of the River, and it was

Resolved, That the subject be referred to Chairman, C. F. A., to get his views as to what divisions should apply on this traffic.

Will you kindly advise me if there are any published authorized divisions on traffic from New Orleans via East St. Louis to Central Freight Ass'n. Points.

Yours respectfully,
(Signed) R. M. Fraser, Chairman."

"Chicago, April 16, 1902.
9240.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Frt. Committee, St. Louis, Mo.

Dear Sir: In reply to your favor of the 11th inst., file 4141, relative to proper proportions applicable east of East St. Louis on shipments of Rice from New Orleans proper, forwarded via the Iron Mountain Railroad, would state that it seems there is no legislation of this Ass'n authorizing any basis for dividing rates from New Orleans via East St. Louis to Central Freight Association Points, and furthermore, that the percentages applicable via the Ohio River Crossings were arranged between the individual roads interested. Presume, therefore, that the lines through East St. Louis might individually arrange percentages for dividing through rates providing the conditions under which the traffic is handled through East St. Louis are in every case identical to those prevailing through Ohio River Crossings.

In connection with this particular matter, would respectfully call your attention to Information No. 1408, dated March 27th, 1899, which relates to rates on traffic from points west of New Orleans. Particular care should, of course, be taken that the provisions of this Circular are in every case carried out, for it may be that the traffic which it is proposed to forward via East St. Louis may not originate at New Or-

leans, but at points west thereof, and if so full local rates should be charged from East St. Louis.

Yours very truly,
(Signed) J. F. Tucker, Chairman."

Above issued April 21st, Circular Letter No. X.

April 18th.

Rate on Pig Lead and Spelter to Cleveland, Toledo, Etc.

Chairman read letter from G. T. M. Whitney and after due consideration:

All lines interested individually recommended the establishment of rate 10½ cts. per 100 lbs. C. L., on Pig Lead and Spelter East St. Louis to Cleveland, Columbus, Dayton, Piqua and Toledo, Ohio; Detroit, Mich., and Muncie, Ind. The rates to be made effective at earliest possible date and to expire with the Rail and Lake rates.

April 25th.

Marking of Packages, Delivered to Railroads for Transportation.

Chairman read information Circular No. 3326, containing rules adopted by Central Freight Ass'n. and Trunk Line Roads, and it was

Recommended, That the rules contained in the above Information be adopted.

April 25th.

Proper Rating to Apply on Bulk Meats, When Destined to Virginia Cities.

This subject was considered at Meeting Feb. 4th (See proceedings dated Feb. 28th) and was brought up by letter from Chairman, Central Freight Ass'n., and it was

Recommended, That the subject be tabled.

April 25th.

Rate on Mill Cinder, Carloads to Wellston, Jackson and Ironton, Ohio.

Chairman read letter from a member calling attention to Central Freight Ass'n. Information No. 3314, naming rates from Chicago, and it was

Recommended, To the Central Freight Ass'n. that rate of $1.55 per ton on Mill Cinder, minimum weight 20 gross ton, unless capacity of car be less, in which case the capacity of car is to be the minimum weight, be authorized East St. Louis to Wellston, Jackson and Ironton, Ohio.

April 4th.

Application of Rates in Joint Tariff No. 117 on Export Traffic.

Chairman read letter from Auditor Smith of the Interstate Commerce Commission, as follows:

Washington, April 1st, 1902.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Frt. Committee, St. Louis, Mo.

Dear Sir: Are not the rates to seaboard cities named in Joint Tariff No. 117, ICC No. A-68, intended to apply on traffic for export as well as for domestic use? If so, please issue Amendment to the tariff making provision to that effect, in compliance with the order of the Commission dated March 8th, 1888, copy of which will be found printed on page 21 of the pamphlet "Method of Carriers" etc. Respectfully yours,

(Signed) J. M. Smith, Auditor."

The letter was sent members in Circular Letter No. V, April 4th.

April 25th.

The subject was again considered to-day and it was

Recommended, That the subject be tabled.

R. M. Fraser, Chairman.

Recommended, Individually by the roads interested, that the subject be referred to the Official Class'n. Committee without recommendation.

May 2nd.

Rate on Crude Barytes Ore to Western Termini Points.

Chairman read letters from Chairman C. F. A. and a member and it was

Recommended, That the C. F. A. authorize rate on Crude Barytes Ore, C. L., minimum weight as per Official Class'n., E. St. Louis to Western Termini Points 15½ cents per 100 lbs., the same rate as authorized in Information No. 3103 on Barytes.

April 25th.

Division of Rates on Lumber from Cairo via East St. Louis to C. F. A. Territory.

Chairman read letter April 23rd, file 9311 from the Chairman, C. F. A. and it was

Recommended, That a Committee of three be appointed for the purpose of formulating a resolution for letter vote by the Central Freight Ass'n. making application for abrogating the clause in 1878, prohibiting the pro-rating of the Cairo rate via East St. Louis on Lumber to C. F. A. Territory and to report at next meeting.

Note.—Chairman appointed as the Committee Messrs. Walter Nichols, R. D. Yoakum, and P. W. Coyle, as Chairman.

May 2nd.

The Chairman read the following report of the Special Committee:

Whereas, Information Circular No. 1878 bears clause prohibiting the pro-rating of the authorized proportional rates on Lumber from Cairo to Central Freight Ass'n. Territory via East St. Louis, Ill. While the Information Circular referred to restricts the pro-rating of these rates via E. St. Louis, the fact remains that this action is not restricted via other Illinois Junctions, such as Mattoon, Decatur, Tolona, Shelbyville, St. Elmo, Ridgefarm, Ramsey, Effingham, etc, and

Whereas, It is a known fact that most of the lines leading from E. St. Louis have established divisions with the Mobile and Ohio Railroad to and from Cairo via East St. Louis, as well as to and from Cairo via

the Illinois Central Railroad, via certain Illinois Junctions, as mentioned above, and

Whereas, The restricting clause in Information Circular No. 1878 thus closes the East St. Louis gateway, and

Whereas, The authorized proportional rates from Cairo to Trunk Line Territory are pro-rated on authorized divisions via East St. Louis, and

Whereas, We are unable to find any reason existing at the present time for the maintenance of these restrictions in the pro-rating of these authorized rates from Cairo to Central Freight Ass'n. Territory, via East St. Louis, be it

Resolved, That it is the sense of this Committee that the restricting clause in Information Circular No. 1878, to which reference has been given, should be cancelled, leaving it permissible to pro-rate said rates through East St. Louis, Illinois,

It Is Further Recommended, That this proposition be submitted to Chairman Tucker for vote by Advice Letter, and it was

Recommended, That the report of the Special Committee be adopted and the Committee discharged.

The report was transmitted to Chairman, Central Freight Ass'n. in letter May 2d (See C. F. A. Advice Letter H-13, May 5th.)

May 6th.

Rates on Mill Cinder and Scale.

Chairman read telegram from Chairman, C. F. A. in connection with action taken at meeting April 25th (See proceedings issued April 30th) and it was

Recommended, To the Central Freight Ass'n. that rate of $1.55 per gross ton on Mill Cinder and Scale, minimum weight 20 gross ton (unless capacity of car be less, in which case actual capacity of car is to be

the minimum weight), be authorized from East St. Louis to Ashland, Ky., Hanging Rock, Ironton, Jackson and Wellston, Ohio.

May 2nd.

Rates on Cotton Seed Oil, Montgomery, Ala., via East St. Louis to Eastern Cities.

Chairman read letter from a member, and it was

Recommended, That the subject be deferred until next meeting.

May 13th.

Chairman stated that this subject was laid over at meeting May 2nd, pending information to be received from Chairman C. F. A., and it was

Recommended, That the Central Freight Ass'n. authorize rates on Cotton Seed Oil, in Tank Cars, C. L., minimum weight as per Official Class'n. from Montgomery, Ala., to New York, N. Y., and Guttenburg, N. J., 29 cents and to India Point and Providence, R. I., 31 cents per 100 lbs. The rates via East St. Louis to be divided on same percentage basis as authorized in C. F. A. Information 223-A as follows: Montgomery to E. St. Louis, 28.6 percent, 8.3 cents per 100 lbs.; E. St. Louis to Guttenburg, N. J., and New York, N. Y., 71.4 percent, 20.7 cents per 100 lbs.; Montgomery to East St. Louis, 31.1 percent, 9.7 cents per 100 lbs.; E. St. Louis to Providence and India Point, R. I., 68.9 percent, 21.3 cents per 100 lbs.

May 13th.

Hardwood Lumber to Trunk Line Territory.

Recommended, That the subject be tabled.

May 13th.

Rates on Crude Barytes Ore to Cleveland and Detroit.

Chairman read letter from a member and it was

Recommended, That the Central Freight Ass'n authorize rate of Crude Barytes Ore, C. L. minimum weight as per Official Class'n. E. St. Louis to Cleveland, Ohio, 13½ cents and to Detroit, Mich 12½ cents per 100 lbs., the same rates authorized in Information 1864 on Barytes.

May 13th.

Rates on Lumber to South Bend, Ind.

Chairman called attention to C. F. A. ICC Advice No. 179, April 21st, Lumber, Upper Mississippi River Crossings to South Bend. A member stated that it was his understanding that the contract which made the Tariff necessary would be closed out in a few days. In view of the above, it was

Recommended, That the subject be tabled.

May 13th.

Virginia Lines Committee Rates to Seaboard Cities.

Chairman read letter from a member regarding using 6th class rates on Provisions, and it was

Recommended, That the Chairman take the subject up with Chairman Fitzgerald of the Virginia Committee, requesting information as to the authority, etc., for the basis used by the Virginia Lines.

Switching to and from Industries Located on Wabash R. R. at St. Louis, Missouri.

Referring to Proceedings May 19th, 1899, and Feb. 28th, 1902, I received the following letter from A. G. F. A. Wabash which was transmitted to the members in Circular Letter No. XVIII, May 9th.

St. Louis, May 8, 1902.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Frt. Com., Union Station, St. Louis, Mo.

Dear Sir: Supplementing previous correspondence concerning absorption of switching charges in St. Louis, this is to advise that, effective May 15th, Wabash Tariff No. 16504 will be amended to read; "Switching between the yards of the Wabash Railroad Company on the Union Depot Line between Twenty-second Street and Euclid Avenue, as shown on page 2 of this tariff, will be $5.00 per car."

As previously advised, all Wabash switching in St. Louis will be absorbed by the Wabash Railroad Company when we receive a haul on such shipments east of East St. Louis. Yours very truly,

(Signed) P. W. Coyle.

June 6th.

Virginia Lines Committee Rates to Seaboard Cities.

This subject was considered at meeting May 13th and referred to Chairman, Virginia Lines Committee (see proceedings issued May 15th). Chairman read letter May 27th, file 29066 from Chairman, Virginia Lines Committee, as follows:

"Beg to advise that it has been the custom of the Va. Lines for years past, during season of navigation, to apply Lake and Rail basis of rates via the Va. Port lines from East St. Louis to Eastern and Virginia Cities and the rates as published in tariff referred to therein—K. D., Joint Eastbound Freight Tariff 488, are in line therewith.

June 6th.

Division of Rate on Cotton Seed Oil From Alexandria, La., Via Iron Mountain and E. St. Louis to Trunk Line Territory.

Chairman read letter from a member regarding proper divisions to apply on this traffic, and it was

Resolved, That the Chairman advise the member that it is the understanding of the Committee that the regularly authorized rates from East St. Louis be applied on this traffic, as Alexandria, La., is not a prorating point.

June 6th.

Application for Reduced Rating on White Lead, Red Lead, Litharge, Babbitt Metal, Etc., Carload.

Chairman read letter from a member and after consideration of the subject, it was

Recommended, To the Central Freight Ass'n. that they authorize a Commodity Rate, same as 6th class to C. F. A. Points on Straight or mixed carloads, minimum weight 40,000 lbs. of White Lead, in oil, in casks, barrels, etc.—White Lead, dry, in casks, barrels, etc.,—Red Lead,—Litharge,—Babbitt Metal, in boxes,—Solder,—Lead Pipe, on reels, completely enclosed and slatted; also in barrels,—Lead bar, coil and sheet in boxes or casks,—Lead Traps in barrels and Glaziers' Lead.

June 6th.

Application for Reduced Rate on Scrap Paper, Carload, East St. Louis to Vincennes, Ind.

This subject was considered at meeting May 30th. (See proceedings issued May 31st) and was declined. A member again made application and after considerable discussion, it was

Recommended, To the Central Freight Ass'n. that rate of 6 cts. per 100 lbs., C. L., minimum as per Official Class'n. be established, East St. Louis to Vincennes, Ind.

June 6th.

Instructions as to the Manner of Ascertaining Number of Animals Loaded in Each Car, Correct Weight to Be Charged on Horses, Mules, Ponies, Etc.

Chairman read letter from District Inspector calling attention to one of the roads billing Horses, etc., to the Virginias in accordance with Rules contained in Special Notice No. 1109 (C. F. A. Information No. 601-A).

After discussion, it was

Resolved, That the resolutions adopted by this Committee at meetings March 4th and 21st, 1902, covering special legislation on shipments of Horses, Mules, etc., to the Virginias be annulled. (Special Notice No. 1109, Nov. 14th, 1901 (C. F. A. Info. 601-A), and Official Class'n. to govern.

June 6th.

Rates on Bulk Salted Meats and Packing House Products, C. L. From Missouri River Points to C. F. A. Territory.

This subject was last considered at meeting Feb. 22nd, and referred to C. F. A. (See Proceedings issued March 22nd), and was brought up by letter from Chairman, C. F. A., May 14th, file 8866-A, submitting figures and at same time suggesting that as rates will be advanced from Mo. River, effective July 1st, it was not necessary to take further action towards equalizing present rates. After due consideration of the subject, it was

Resolved, That the subject be tabled and Mr. Tucker advised accordingly.

May 16th.

Lumber, East St. Louis to Trunk Line Territory.

Chairman read letter 15th, file 9279 from Chairman, C. F. A., regarding the issue by Western Roads of through Tariff, provided for in J. T. A. Freight Circular No. 1007, June 16th, 1897, and it was

Resolved, That the matter be referred to a Sub-Committee of 4 to consider the matter and report a recommendation at the next meeting of this Committee.

May 23rd.

The Chairman read report of Sub-Committee, and it was

Resolved, That the report be received and the Committee discharged.

It was further

Resolved, That the consideration of the report of the Special Committee be deferred until next meeting.

June 6th.

The Chairman read letter May 31st, file 9279 from Chairman, C. F. A. on same subject as letter 15th and after careful consideration of correspondence and report of Sub-Committee, it was

Resolved, That the subject be tabled.

May 23rd.

Application for 6th Class Rates to Apply on Green Salted Hides From Missouri River Points.

Chairman read Joint letter from Chairman, C. F. A., May 20th, file 9406 addressed to Chairman of Peoria and St. Louis Committees and the Chairman was requested to write Chairman, C. F. A., for advice as to what action was taken by the Western Trunk Lines Committee.

June 13th.

The Chairman read reply May 26th from Chairman, C. F. A. that the Western Trunk Lines Committee have not been asked to pass upon the proposition, and it was

Resolved, That the subject be tabled.

June 6th.

Rate on Cotton Factory Products, Arkansas Midland R. R. Stations to Trunk Line Territory.

Chairman read Joint Letter from A. G. F. A., Mo. Pac. Ry., May 15th, file X-3-A 36994, addressed to members of the Committee, and it was

Resolved, That the matter be submitted to the members of this Committee by Circular Letter for vote, giving copies of correspondence so as to enable the members to look into the matter. (See Circular Letter XXVII, June 7th, file 4152.)

June 13th.

This subject was again considered at meeting today, and it was

Resolved, That the subject be laid on the table.

June 13th.

Rate on Clam Shells to C. F. A. Territory.

Chairman read letter from a member requesting that the Committee recommend to the C. F. A. that the proportional lumber rates apply on Clam Shells, and it was

Recommended, That the subject be tabled.

June 13th.

Rates and Divisions on Cotton Piece Goods, Humboldt, Tenn., to Boston, Mass.

Chairman read letter from a member regarding the proper rate and divisions on this traffic, and it was

Recommended, That the subject be referred to the Central Freight Ass'n. for consideration at their next meeting.

June 13th.

Rate on Pyrites Screenings or Sulphur Ore, East St. Louis to Cleveland, Ohio.

Chairman read letter from a member stating that the through rate from Pueblo, Colo., to Chicago, is $4.00 per net ton and Chicago to Cleveland, is $1.50, making through rate of $5.50.

The rate from Pueblo to East St. Louis is $3.50 and in order to make the same through rate, it was

Recommended, That the Central Freight Ass'n. authorize rate of $2.00 per net ton on Pyrites Screenings or Sulphide Ore minimum, marked capacity of car, from East St. Louis to Cleveland, Ohio, in line with C. F. A. Information No. 3398, naming rate from Chicago of $1.50 per net ton on Pyrites Screenings.

June 13th.

Carload Rating on Brooms to Trunk Line Territory.

Chairman read letter from a member making application for second class rating on Brooms and Broom

Brushes, C. L., minimum weight 15000 lbs. for standard 36 ft. car, rule 5-C not to apply and subject to Rule 27, and it was

Recommended, That the subject be referred to the Official Class'n. Committee for consideration at next meeting.

Minimum Basing Book No. 9.

Chairman stated that the Book was about ready for distribution and received instructions in line with action taken as per Circular Letter, June 24th, printed below.

June 20th.

Chairman requested information as to whether the Committee desired to issue instructions regarding the use of the Minimum Basing Book No. 9, also whether roads would be governed in issuing tariffs, by the Minimum or basis named to the different points.

Statements were made by the several roads present, as follows :

Wabash.—I will advise for the Wabash that the rates shown in Minimum Basing Book No. 9 will be observed as the minimum rates to the points named therein in issuing tariffs.

The representatives of the B. & O. S. W., C. C. C. & St. L. Ry., L. H. & St. L. Ry., I. C. R. R. and T. H. & I. R. R. made statements similar to the Wabash.

Southern Ry. stated they would be governed by the Basing Book (No. 9) except to certain points on their line (Princeton, Oakland City, etc.), which had been checked in by the Committee on higher basis than published in Tariffs of Southern Ry. Mr. Morris stated that he would write letter to Chairman outlining their position.

The Chairman later submitted the question to the C. & A. Ry., C. P. & St. L. Ry. and T. St. L. & W. R. R., who were not represented at the meeting and they also made statements similar to the Wabash.

June 24th.

The Minimum Basing Book, No. 9, effective July 7th, 1902, which has been prepared in accordance with instructions of the Committee, is ready for distribution and the E. J. Schuster Ptg. Co., will make delivery or forward, as follows: B. & O. S. W. R. R.—S. T. McLaughlin, G. F. A., Cincinnati, 198 copies, Train Mail; E. Hart, Jr., A. G. F. A., St. Louis, 2 copies, Office. C. & A. M., Toledo, 195 copies, Train Mail; Ed. Keane, D. F. A., St. Louis, 5 copies, Office C. F. A.—J. F. Tucker, Chairman, Chicago, Ill., 75 copies, U. S. Express.

The expense $542.45 for 2000 copies has been divided equally between the eight (8) roads named above. The 75 copies are furnished free to Mr. J. F. Tucker for distribution by him, one copy each, to roads, members of the Central Freight Ass'n. (except East St. Louis initial roads) the Chief Inspector, Inspection Bureau at East St. Louis and Chairman of Freight Bureaus of Committees.

The 325 copies ordered delivered at this office will be furnished to Railroads, Fast Freight Lines or other parties needing same (other than those to be furnished by the Chairman, C. F. A.), at $2.00 per copy.

The amount received from sales, if any, to be credited or paid to the roads participating equally in the expense.

If additional information is desired, please refer to Proceedings issued Jan. 4th, Feb. 1st and 12th, Dec. 7th, 1901 and May 31st, 1902.

June 20th.

Request for Rate on Mineral Wool for Export.

A member submitted request for rate on basis of 23 cents per 100 lbs., East St. Louis to New York, and it was

Recommended, That Chairman notify the applicant that the reduction could not be made.

June 20th.

Class Rates From East St. Louis to Lancaster, Athens, Columbus, Etc., Ohio.

Chairman submitted correspondence from a member, regarding the apparent discrepancy in the present class rates to various Ohio Points, and it was

Resolved, That this Committee recommend to the Central Freight Ass'n. that the present basis of class rates, East St. Louis to Lancaster, Ohio, Scale, 51½, 44½, 33, 23, 19½ and 16 be reduced to Scale 47, 41, 30½, 22½, 19, 15½ cts. per 100 lbs. on the six classes, in order to reconcile an apparent discrepancy in the Basing Sheet.

The present authority fixes the class rates, East St. Louis to Columbus, 45-15 Scale, to Lancaster 51½-16 Scale, to Athens, 47-15½ scale.

The three (3) points named are on the Hocking Valley R. R., Lancaster being intermediate.

June 20th.

Rates on Cotton Seed Oil, Montgomery, Ala., Via. East St. Louis to Eastern Cities.

This subject was considered at meeting May 2nd and 13th and referred to C. F. A. (See proceedings issued May 15th). In letter June 7th, file H-57, Chairman, C. F. A. advised that the Trunk Line Roads declined to concur.

Chairman read letter from G. F. A., M. & O., R. R., June 11th, file 54391-C, asking further consideration, and it was

Recommended, That the subject be referred to Chairman Tucker for further consideration at the hands of the Trunk Lines.

June 20th.

Proper Rating to Apply on Chicken Feed.

Chairman read letter from a shipper, submitted by a member, and it was

Moved, That inasmuch as a Sample of Chamberlain's Chicken Feed has been submitted to this Committee and in its judgment, same is entitled to 5th class rate, L. C. L. shipments it being composed of Elevator Cleanings, Wheat, Oats, Rye and other Grain, with 2 per cent Oyster Shells added, and not being medicated in any manner and shipped in sacks of 100 lbs. exclusively, that the Chairman of this Committee instruct the Inspector accordingly to not set it up to rates on prepared poultry Food, in packages.

June 27th.

Chairman read letter June 24th, file A-15758 from Chief Inspector stating that Chairman, Official Class'n. Committee ruled that Classification on Food, Animal or Poultry, prepared in packages, 3rd class should govern, and it was

Moved, That the subject be tabled

Note.—A member gave notice that they would continue to carry the traffic at 5th class, as provided by Class'n. on "Feed, ground in sacks or barrels" 5th class, L. C. L.

June 27th.

Minimum Weight on Potatoes to C. F. A. Points.

At meeting May 20th (See Proceedings May 31st), recommendation to make Minimum C. L. 24,000 lbs., June, July, Aug. and Sept. was made to C. F. A. and submitted by Advice Letter H-136, June 2nd. Proposition not made effective as shown in Advice Letter H-172, June 10th. Letter was read from Chairman C. F. A. stating that the subject was further considered at C. F. A. June meeting and it was decided that present carload minimum, 30,000 lbs. should continue, and it was

Moved, That the subject be tabled.

June 27th.

Merchants' Exchange Weighing Supervisors at Elevators and Mills.

Chairman read letter from Hugh S. Murray, Supervisor of Weighing, Merchants' Exchange, submitted by a member, and it was

Moved, That it is the sense of this Committee that the subject is one that should properly be handled by the Transportation and not by the Traffic Department and the Chairman be instructed to so advise Mr. Murray.

June 27th.

Rate and Divisions on Lumber From Cairo Via East St. Louis to C. F. A. Territory.

This subject was considered at meetings April 25th, and May 2nd (see proceedings issued May 15th), also May 23rd (see proceedings issued May 31st).

The subject was submitted by C. F. A. Advice Letter H-13, May 5th and placed on docket for June meeting. The Chairman read letter 24th, file 9311 from Chairman, C. F. A. to the effect that subject was considered at meeting 19th inst. and following recommendation was adopted:

'Recommended, That the present rule prohibiting the pro-rating of Cairo Lumber rates through East St. Louis to Central Freight Ass'n. points west of the Western Termini of the Trunk Lines, be reaffirmed.'

After consideration of the above, it was

Moved, That the subject be tabled.

June 27th.

Rates on Wool from West of Mississippi River.

At meeting May 30th the Chairman read letter May 29th file H-67 from Chairman, C. F. A. on the proposition to change Info. 692-A on Wool, originating at points beyond the Mississippi River, making rule 5-C to not apply.

After consideration, it was

Recommended, That the subject be referred to a Committee of three and that the L. H. & St. L. Ry. be a member of that Committee, to give us recommendation as to what shall be the action of the Committee.

At meeting today the Sub-Committee reported that the subject be tabled, and it was

Moved, That the report of the Sub-Committee be accepted, the Committee discharged and that their action be the action of this Committee.

June 27th.

Rates and Divisions on Traffic From Points on M. J. & K. C. R. R.

The Chairman read Joint Letter June 23rd, file 8882 from Chairman, C. F. A., as follows:

"At meeting of Committee on Relation with Southern Roads on the 18th inst., the subject of rates chargeable north of Ohio River Crossings and East St. Louis on business from points on the Mobile, Jackson & Kansas City R. R. was considered and it was recommended that the rules as covered by Information 1408 be applied, and this recommendation the Ass'n concurred in at meeting on 19th inst. We presume that the matter will be again presented to your Committee and an understanding had that all members will instruct their agents to conform to the rules in Information 1408 when billing shipments originating at points on the railroads specified.

And it was

Resolved, That the Chairman send copy of the letter to all members.

Note.—Circular Letter No. XXIX, issued June 28th, C. F. A. Information 1408, mentioned above, was reprinted by this Committee as Special Notice No. 801 June 14th, 1899.

June 27th.

Switching at East St. Louis, Madison, Venice, Granite City and Brooklyn, Ill.

This subject received final consideration at meeting 27th inst., when it was

Resolved, That it is the sense of this Committee that all Switching within the switching limits of East St. Louis, Madison, Venice, Granite City and Brooklyn, Ill., may be absorbed by all lines, effective July 1st, 1902.

Note.—Circular Letter No. XXX, issued to resident members only, as instructed.

June 27th.

Rates on Lumber to Points Intermediate to Flint, Mich.

, Chairman read Joint Letter June 25th, file G-621, from Chairman C. F. A., naming rates from East St. Louis and Ohio River Crossings to Flint, Mich., on Lumber asking the roads, members of this Committee, what points in Michigan they route traffic through in order to reach Flint, Mich. This information is desired so as to ascertain just what changes should be made in Information 1878, and it was

Moved, That the Chairman issue Circular Letter giving copy Chairman C. F. A. letter and request the members to state what points in Michigan they route traffic through in order to reach Flint, Mich. (See Circular Letter XXXI, June 28th, file 4008-A.)

June 27th.

Application of the Terminal R. R. Ass'n of St. Louis and St. Louis Merchants Bridge Terminal R. R. for Membership.

At meeting May 30th letter from Mr. J. L. Penney, Com'l Agt., was read, and it was

Recommended, That the application of the Terminal R. R. Ass'n for membership in this Committee be re-

ceived and placed in the hands of a Committee of three to formulate conditions under which they shall participate with this Committee as a member.

At meeting June 6th the Special Committee reported as follows:

"Your Committee appointed at meeting of May 30th to consider application of Terminal R. R. Ass'n for membership in this Committee beg to submit the following report:

We recommend that they be admitted to membership with the understanding:

First—That the Terminal R. R. Ass'n shall not be entitled to a vote in the Committee on questions that affect rates, classification or percents of lines, members of the Committee.

Second—It is further understood that unless specifically agreed to by the Committee, the Terminal R. R. Ass'n shall not be furnished with the statistics of the Committee, nor shall the Terminal R. R. Ass'n be required to furnish statistics to this Committee.

Third—That as plan for participation in expenses of the Committee, the following basis be employed: Take average expense per month charged to line carrying lowest tonnage for one year, say from May 1st, 1901, to May 1st, 1902, and establish this amount as an arbitrary fixed charge per month for the Terminal R. R. Ass'n. This amount to be deducted as an arbitrary charge and charged to the Terminal R. R. Ass'n before pro-rating the expenses on present basis.

And it was

Resolved, That the report of the Special Committee be received, adopted and the Committee discharged.

Following was also adopted:

I move you that the Chairman advise Mr. Penney of the acceptance of his application under the conditions outlined in report of the Special Committee and in-

vite the Terminal R. R. Ass'n to be represented at future meetings.

Letter was written June 7th to Mr. Penney and reply received, dated June 27th, as follows:

"I desire to inform you that this Company will accept membership based on the conditions incorporated in your letter of June 7th and thank you for courtesy that has been extended."

June 27th.

Publication and Distribution of Proceedings, Circular Letters, Etc.

After reply by the Chairman to enquiry as to the publication and distribution of papers, issued from this office, it was

Resolved, That the proceedings of the meetings of this Committee be published after each meeting, instead of semi-monthly as at present.

And further

Resolved, That the Chairman shall not furnish information concerning proceedings or any other information concerning traffic under the jurisdiction of this Committee, to any road, not a member of the Committee.

Note.—The above to apply only to the initial East St. Louis Lines and not to connections, furnished by the Chairman with two copies of Special Notice, etc.

Non-Attendance of Members.

Resolved, That in the event of any member of this Committee being absent without excuse, for two consecutive meetings, the Chairman shall take the matter up with him, with the view to ascertaining his reasons for not being in attendance and to report at next meeting of the Committee.

Meeting convened 10:30 a. m.

Export Traffic via the Virginia and Gulf Ports.

This subject was brought up by correspondence from Chairman C. F. A., and it was

Resolved, That the subject be deferred and made the special subject for consideration at the next meeting, Friday, July 18th.

Minimum Carload Weight on Export Flour.

This was brought up by a member with the view of having an understanding on the subject. After consideration in connection with C. F. A. Information No. 738, effective July 14th, it was

Resolved, That the subject be tabled.

Proper Rating to Apply on Chicken Feed.

This was last considered at meeting June 27th, (see proceedings dated June 30th), and was brought up

again by letter 5th, file 9568, from Chairman C. F. A. which was read, and after due consideration, it was

Resolved, That the subject be tabled.

Lumber from the West via E. St. Louis to Trunk Line Territory.

This was last considered at meeting June 6th, and tabled. (See proceedings June 16th.) It was brought up again by letter 5th, file 9279, from Chairman C. F. A., and it was

Resolved, That the Chairman take the subject up with the Iron Mountain with the view to having tariffs established in line with suggestions made by the Central Committee.

Note.—Chairman to report result of correspondence to the Committee.

Glass Sand Rates, East St. Louis to C. F. A. Territory

Letters from a member and the Chairman C. F. A. were read, regarding rates on this traffic, and it was

Moved, That it is the sense of this Committee that we cannot at this time consistently advance the rates from East St. Louis to the Indiana Gas Belt Points, etc.

Cancellation of Joint Tariffs Issued from This Office.

The Chairman called attention to Joint Tariff No. 112, I. C. C. A-63 having been cancelled by Joint Tariff (Cancellation Notice) No. 119 I. C. C. A-70, effective July 15th, 1902, as instructed by the Committee, and requested instructions as to what disposition should be made of the Joint Tariffs now in effect, as follows:

No. 109, ICC. No. A-60 and Amendment No. 3, Live Stock to C. F. A. Points.

No. 110, ICC. No. A-61 and Amendment No. 6, Lumber, etc., to C. F. A. Points.

No. 116, ICC. No. A-67 and Amendment No. 4, Iron and Steel Articles to Central Freight Ass'n Points.

No. 117, ICC. No. A-68, Lumber, etc., from North Pacific Coast Points to Trunk Line Points.

No. 118, ICC. No. A-69, Brick, Clay, etc., to C. F. A. Points.

And it was

Moved, That all tariffs, published under the jurisdiction of this Committee, be cancelled and that no further tariffs be published as Committee Tariffs.

Note.—The Chairman was instructed to have a note in his Cancellation Notice, in line with the following:

"The cancellation of this tariff does not imply that the rates are no longer in effect. For rates persons interested are requested to refer to tariffs of individual roads."

Grain E. St. Louis to Toledo and Detroit, (Proportional.)

The Chairman read letter from a member, also C. F. A., ICC. Advice Letters No. 191 and 192, regarding Tariffs naming rate 6 cents per 100 lbs. having been issued by the T. St. L. & W. and Wabash Railroads, and it was

Moved, That the Chairman take the question up with the T. St. L. & W. R. R. with the view to developing their reason for putting in the rate and whether or not they are willing to cancel same.

Rate on Mussel Shells, C. L., to Seaboard Cities.

Application is made for rate from East St. Louis in line with rates via Memphis, and it was

Recommended, To the Central Freight Ass'n that Commodity rate be established on Mussel Shells, C. L., minimum weight 30,000 lbs., (when coming from Arkansas) on basis of 26 cents, East St. Louis to New York, usual differences to other Seaboard Points.

It was stated that the rate is from Newport and Jacksonville, Ark., to Memphis 7 cents per 100 lbs., plus 31 cents, Memphis to New York, makes the rate from points of origin the same via both gateways.

Lumber Rates to C. F. A. Points.

The Chairman read letters July 1st and May 1st, file C-C-2230-B from T. H. & I. R. R., regarding discrepancies or irregularities in rates, East St. Louis to Sundry Points, and it was

Moved, That the Chairman write Chairman C. F. A. and ask him to submit a copy of A. G. F. A. Coleman's letters at the meeting 16th, (when it is probable that all lines from the various gateways will be represented) and endeavor to arrange for a Joint Meeting for the recheck of the Lumber rates.

Note.—Letter to Chairman C. F. A. 12th with copies mentioned.

Ante-Dating Bills Lading on Export Traffic.

Attention was called to Joint Letter 7th, file H-238, from Chairman C. F. A., copies sent to all members in Circular Letter No. XXXIV, July 8th. As no further action was deemed necessary, it was

Moved, That the papers be placed on file for record.

Rates to Homewood (Beaver County), Pa.

The Chairman called attention to C. F. A. Information No. 3520, changing basis for rates to Homewood, which would probably make changes necessary to other points named in Minimum Basing Book No. 9 and for that reason a meeting was called for Tuesday 15th inst. by Circular Letter XXXV.

Non-Acceptance by Railroads of Bills Lading, Etc., Issued by Shippers.

Chairman read Circular Letter to Chairman of Local Committees, dated June 30th, file 9265, from Chairman C. F. A. on the above subject, and it was

Resolved, That the subject be tabled.

Rates on Provisions from East St. Louis vs. Chicago to Michigan Points.

Letter from a member was read as follows:

"As you probably know there is in effect from Chicago to Cincinnati, on Provisions, a rate of 12 cents per 100 lbs., which is the maximum charge under, I believe, the Michigan Central and Grand Trunk's interpretation of the long and short haul clause to Lansing, Flint, Port Huron, Jackson, Toledo and Detroit.

The authorized differential is 5 cents per 100. I will be glad to have you take up the matter of formally authorizing 17 cents East St. Louis to these destinations, instead of the varying figure of 18 cents, etc., now governing from East St. Louis."

And it was

Moved, That the subject be referred to a meeting called by the Chairman for Tuesday, 15th inst., with the view of having the discrepancies mentioned, and others, if any, reconciled.

Rate on Fire Brick, C. L., to Trunk Line Points.

The Chairman read letters from a member and from a Fire Brick Co., making application for lower rating eastbound in line with rates westbound, and it was

Recommended, That the Central Freight Ass'n authorize rate of 23 cents per 100 lbs., East St. Louis to New York, usual differentials to other Trunk Line Points, on Fire Brick, (released to valuation of $5.00 per ton), C. L., minimum 40,000 lbs., unless capacity of car is less, in which case actual capacity of car will be the minimum weight, but in no case less than 30,000 lbs.

Present rate is 6th class, the rate asked for is same as authorized on Building, Hollow, Pressed Brick, etc., as per C. F. A. Information No. 562-A, this Committee's Special Notice No. 1090, June 24th, 1901.

Note.—Letter to C. F. A. 12th with copy of correspondence.

Publication and Distribution of Proceedings, Circular Letters, Etc.

Chairman requested information as to whether C. B. & Q. R. R. was considered an East St. Louis Line, in connection with instructions as to furnishing copies of Special Notices, etc., in line with resolution adopted at Meeting June 27th, Proceedings No. X, page 7, also as to whether the St. L. K. & N. W. R. R. was considered an Eastside Line or a connection.

The Committee decided the C. B. & Q. R. R. and Eastside Line and St. L. K. & N. W. R. R. a connection.

Rates on Lumber to Points Intermediate to Flint, Mich.

Chairman stated that this subject was considered at last meeting (see proceedings No. X, page 5), and as instructed had issued Circular Letter No. XXXI, June 28th, but had not as yet received reply from C. & A. Ry. and C. C. C. & St. L. Ry.

He was instructed to continue the subject until all replies received and then give information to Chairman Tucker.

Basis for Rates to Stations on B. Z. & C. R. R.

Chairman stated that all replies received in answer to Circular Letter No. XXXIII were to the effect that there was no objection to showing rates to stations on B. Z. & C. R. R. in Minimum Basing Book No. 9, as on a plus basis.

The subject was given further consideration and the following suggestion by A. G. F. A. Hart, adopted:

"Rates to points on the B. Z. & C. R. R. are to be made on lowest combination, taking basing rates to Bellaire, Caldwell, Belle Valley, Cumberland or Zanesville and B. Z. & C. rates from those points to destination, as factors."

Note.—This is to take the place of the plus basis suggestion as contained in Circular Letter No. XXXIII and will be issued as an Amendment to No. 9.

Meeting convened 10:30 a. m.

Export Rates via Virginia and Gulf Ports.

This subject was brought up by receipt of Proceedings of Conference in Chicago 2nd inst., and letter from Chairman C. F. A. referring to this Committee resolutions adopted at said meeting regarding traffic from St. Louis and from the Missouri River. An effort is now being made to secure conference meeting in St. Louis 22nd, with the Missouri River Lines and in order that the St. Louis Lines would know what they were going to do, it was

Moved, That our position at the proposed meeting 22nd or subsequent date be as outlined in resolution adopted at Chicago meeting, which is as follows:

Resolved, That the lines east and south from St. Louis and E. St. Louis and through those points, individually state that effective July 14th, 1902, they will maintain the authorized all-rail rates on all export traffic, with the understanding that the differential via the Gulf Ports of Mobile, Pensacola and New Orleans shall be, as an experiment on export Flour for sixty days, not to exceed 2 cents per 100 lbs., export Flour rates to be 13½ cents per 100 lbs., East St. Louis to Newport News and Norfolk to all foreign ports except Glasgow, on which Port roads to Newport News and Norfolk will maintain the authorized all-rail tariff rates in effect to Baltimore.

In the discussion of the above subject Chairman read replies received from the several members, which included reply of L. & N. R. R. to the effect that they were not enough interested to attend meeting:

Exception was taken to Mr. Goodwyn's letter, and it was

Moved, That the Chairman communicate with Mr. Goodwyn and call his attention to the fact that the L. & N. R. R. is an important factor in the Export Situation at St. Louis and Missouri River via Gulf Ports, particularly Pensacola, and that it is the sense of this Committee that the L. & N. R. R. should be represented at the proposed meeting.

It was further understood that the Chairman wire Mr. Mahoney, suggesting date of meeting as 22nd inst., on account of several members stating it would be impossible for them to attend on 24th, also to take the subject up by Circular Letter with members of Committee with the view to ascertaining whether 22nd would be satisfactory date for all members and if favorable replies received, to request Chairman Mahoney to arrange for Joint Meeting 22nd inst. in St. Louis.

Note.—Chairman to request members to reply by wire, as to whether or not they will attend meeting on 22nd if called.

Changes in Minimum Basing Book No. 9.

This was considered at meeting 11th and referred to Rate Clerk meeting 15th, whose report was adopted, as follows:

Recommended, That Amendment be issued to Minimum Basing Book No. 9, making the following corrections:

TO— Town and State	Railroad and Basis
Asherville, Ind	Vandalia ..... Brazil, plus
Casnovia, Mich.	Pere Marquette ..... Manistee
Centre Point, Ind.	Vandalia ..... Brazil, plus
Highland (Beaver Co.), Pa.	Penna. Co. .....Western Termini
Homewood (Beaver Co.), Pa.	Penna. Co. and P. & L. E. ...Western Termini
Stearleys, Ind.	Vandalia ..... Brazil, plus

Rate on Horses and Mules to Marion, Ind.

Attention was called to the error in rate on Horses and Mules to Marion (Grant Co.), Ind., 31 cts. as printed in Joint Tariff No. 109.

It was stated that the rate should be the same to Marion as to Anderson, 25 cts. per 100 lbs. and it was

Recommended, That rate of 25 cts. per 100 lbs. be authorized on Horses and Mules, C. L., minimum weight, as per Official Class'n. from East St. Louis to Marion (Grant Co.), Ind.

Note.—Interested roads are hereby requested to correct their individual Tariffs as this Committee's Joint Tariff No. 109 will be cancelled effective July 31st, 1902.

Rate on Provisions, East St. Louis to Michigan & Ohio Points.

This subject was presented at meeting 11th inst. and referred to meeting of Rate Clerks 15th, whose report was received and it was

Resolved, That the subject be laid over until next meeting or until such time as the Wabash representative is present.

Rate on Grain to Toledo, Detroit, Etc.

At meeting 11th inst. the Chairman was instructed to ascertain T. St. L. & W. R. R. reasons for establishing the proportional rate of 6 cts. per 100 lbs. on Grain to Toledo and whether it will be withdrawn.

Letter was written Division Freight Agent and reply received 12th by "Phone" to the effect, that in consequence of through rate from Missouri River to Toledo of 12 cts., via the Wabash—Rate in effect via Chicago in connection with the Nickle Plate and other lines to Toledo, Fostoria, etc., also a through rate issued by the C. & A. from Kansas City in connection with the Nickel Plate to Fostoria of 12 cts., and via the L. E. & W. to Fostoria of 12 cts. it is necessary for the T. St. L. & W. R. R. to maintain a 6 cent rate from East St. Louis in connection with the rate to East St. Louis, in order to be in line with the tariffs in effect as mentioned above.

Note.—As instructed the above information issued in Circular Letter No. XXXVIII to resident members only.

Rates on Bones, Carloads.

Attention was called to C. F. A. Info. 3516, July 7th, continuing the reduced rate until Dec. 31st, 1902, from Chicago to Detroit, 7½ cts. per 100 lbs. (25 per cent less than the 6th class) and after due consideration it was

Resolved, That in view of the fact that a rate of 7½ cts. per 100 lbs. on Bones, C. L., Chicago to Detroit, has been promulgated by C. F. A. Info. No. 3516, July 7th, to expire Dec. 31st, 1902, and the T. St. L. & W. R. R. having already issued Tariff Supplement No. 2 to I. C. C. No. 140 at reduced rate, in line with the rate promulgated from Chicago, it is the sense of this Committee that rates from and through this gate-

way on this commodity be put in line and we would therefore ask that Information be issued promulgating the following rates from East St. Louis to

Detroit, Mich., Toledo, Ohio, Columbus, Ohio, 11 cts. per 100 lbs.
Cleveland, Ohio, Sandusky, Ohio, 12 cts. per 100 lbs.
Dayton, Ohio, Cincinnati, Ohio, 9 cts. per 100 lbs.
Indianapolis, Ind., 8 cts. per 100 lbs.
Further;

Resolved, That it is the sense of the members of this Committee that when Commodity Rates are established from Chicago to points in C. F. A. territory on traffic competitive with that originating or passing through St. Louis or East St. Louis, that they may individually establish rates from East St. Louis to points in such territory on a corresponding basis.

Note.—The rates named are 25 per cent less than 6th class, the fractions are disposed as per C. F. A. rule.

Proportional Rates on Moulding Sand.

The Chairman read letter 12th, file 8614, from Chairman C. F. A., on proposition to eliminate from C. F. A. Info. 3472, authority for Moulding Sand Rates from East St. Louis and it was

Moved, That no change be made in C. F. A. Information No. 3472 (This Committee's Special Notice No. 1193) naming rates on Glass and Moulding Sand.

Rate and Divisions on Traffic From M. and O. Illinois Stations to C. F. A. Points.

Chairman read letter from a member regarding Sweet Potato rates, also correspondence and previous action of the Committee (See proceedings Feb. 10th and March 31st, 1899), and the representatives of the roads individually stated their desire to reaffirm the action of Feb. 10th, 1899, as follows:

Resolved, That it is the sense of the St. Louis Eastbound Roads, that if the M. & O. will designate the through rates they are willing to publish on all Commodities from all points on their St. Louis Division, to C. F. A. and Trunk Line Territory, via East St. Louis, and show basis of divisions desired, the St. Louis Eastbound Roads will give same due consideration.

Note.—The resolution of Feb. 10th, 1899, was submitted to G. F. A. M. & O. R. R. by letter Feb. 23rd and reply, dated March 6th, received to the effect that the M. & O. did not wish to establish rates and divisions on *all* traffic. At meeting March 10th, it was decided not to take action on single Commodity and M. & O. advised by letter April 3d, 1899, and no reply received.

Official Class'n. Rating on Dry Sheep Pelts vs. Dry Hides, C. L.

This subject was laid over until next meeting.

Lumber from M. J. & K. C. R. R.

Chairman read letter from a member and District Inspector and after discussion, it was

Resolved, That the subject be tabled.

Lumber From Pacific Coast Points to Trunk Line Territory.

Chairman read letter 15th, file 7330, from Chairman C. F. A., addressed to Messrs. Fraser and McCann and it was

Moved, That the subject be laid over until next meeting.

Note.—Chairman to secure information as to what the rates are from Pacific Coast to East St. Louis, Peoria and Chicago, prior to next meeting.

Lumber from the West via East St. Louis to Trunk Line Territory.

As instructed at meeting 11th, letter was written 14th to Mo. Pac.-Iron Mountain R. R.

G. F. A. Lincoln conferred with the Committee at meeting 25th and will advise their conclusions by letter, which will be submitted for consideration by the Committee at their first meeting in September.

Rates and Divisions on Traffic from M. and O. Illinois Stations.

This subject was last considered at meeting 18th. A letter to M. & O. was prepared in line with Proceedings No. XII, July 18th, which is to be submitted to all lines interested for personal signature. Result to be reported at next meeting.

Official Class'n Rating on Dry Sheep Pelts vs. Dry Hides, C. L.

Letter from a member was read, and it was

Resolved, That the subject be referred, without recommendation of this Committee, to the Official Classification Committee, for consideration at its next meeting.

Lumber From Pacific Coast Points to Trunk Line Territory.

Since action of meeting 18th letters were received from Chairman, C. F. A., to the effect that it is the intention of the Pacific Coast Lines to restore through rate of 75 cts. from California Terminals to Trunk Line Territory, which disposes of the matter for the present at least, and it was

Resolved, That the subject be tabled.

Rate on Provisions, East St. Louis to Michigan and Ohio Points.

This subject was considered at last meeting and laid over, in consequence of Wabash R. R. representative not being present.

After consideration at meeting to-day, it was

Resolved, That the subject be deferred until the first meeting in September.

Rates and Divisions on Cotton Factory Products, Arkansas Midland Stations to Trunk Line Territory.

Chairman read letter July 23rd, from a member requesting reconsideration of the above subject (See Proceedings June 16th).

After discussion the Chairman was instructed to write A. G. F. A., Missouri Pacific, naming mileages to New York, Boston, Philadelphia and Baltimore, as per Special Notice No. 437, stating that the Committee is willing to submit proposition to the Central

Freight Ass'n on the basis of pro-rating to the regular Helena rates from Helena, Ark.

Rate on Peaches to Trunk Line Territory.

Chairman read letter, July 21st, file 9681, from Chairman, C. F. A., and it was

Resolved, That the subject be tabled.

Minimum Weight on Potatoes.

Chairman read joint letter, July 18th, from A. G. F. A., Mo. Pac. Ry., regarding above subject, and it was

Resolved, That action on the subject be deferred until the first meeting in September.

Rate on Wool to Trunk Line Territory.

The Chairman read Joint Letter July 24th, file X-9-A62210 from A. G. F. A., Mo. Pac. Ry.-Iron Mountain Ry. regarding rate on Wool from Lake Charles, La., to Philadelphia and Boston, and it was

Moved, That the subject be deferred until next meeting, in the meantime the Chairman to take the subject up with the parties to whom A. G. F. A., Mo. Pac. letter is addressed, with the view to finding out what replies were made to Mo. Pac. Ry.

Minimum Basing Book No. 9.

Chairman read letter July 24th, from Commissioner Thompkins of the St. Louis Traffic Bureau, requesting copy of Minimum Basing Book No. 9, and it was

Moved, That the Chairman furnish the St. Louis Traffic Bureau with a copy of Minimum Basing Book No. 9 with the compliments of the Committee.

Proper Rating to Apply on Chicken Feed.

Chairman read letter July 23rd, file 9568, from Chairman Tucker on the above subject, and it was

Resolved, That the subject be tabled.

Rate on Grain to Toledo, Detroit, Etc.

Chairman read letter July 24th, file Inf. 2542, from Chairman, G. F. A., requesting instructions as to what reply to make to Chairman C. F. A. and was instructed by Wabash representatives to advise Mr. Tucker that the Wabash is maintaining the present rate on Grain because they are obliged to do so by their competitors.

Absorption of Switching at East St. Louis, Etc.

Chairman read letter July 28th, from A. G. F. A. Wabash R. R. submitting letter July 26th, file M-280, from G. F. A., C. & A. Ry., and it was

Resolved, That the Chairman be instructed to reply to A. G. F. A. Wabash R. R. by simply referring him to the resolution as it stands to-day. (See Proceedings No. X, June 30th, 1902.)

Letters From C. B. and Q., Chief Inspector and C. and G. W. Regarding Cancellation of Tariffs.

Chairman read letter July 24th, file HEB., from F. T. M., C. B. & Q. R. R., regarding cancellation of Tariff on Live Stock, etc., and after due consideration was instructed to reply to Mr. Miller that as the Chairman is not to issue any more Joint Tariffs he was instructed by the Committee to cancel those in effect; that the rates will be issued from the Chairman's Office in Special Notice form, but these are only furnished to members of the Committee.

Chairman also read letter July 25th, file A16236, from Chief Inspector, submitting copy of letter 23rd from A. G. F. A., C. & G. W. R. R., regarding cancellation of Joint Tariffs of St. Louis Eastbound Freight Committee, and Chairman was instructed to reply to Mr. Rainer that the Committee have decided that the Chairman shall not issue any more Joint Tariffs and it is not within the province of the Committee to say what rates shall apply from Upper Mississippi River Crossings and refer him to Chairman Tucker for the information.

Note.—See Proceedings No. XI., July 11th.

Request for Copy of Committee Proceedings.

Letter from G. F. A., L. & N. R. R., July 30th, file Fog. 230496, was read regarding copies of the proceedings, etc., and Chairman instructed to answer Mr. Goodwyn, that under the legislation of the Committee it is not within the province of the Chairman to comply with Mr. Goodwyn's request.

Note.—See Proceedings No. X, June 30th, and No. XI, July 11th.

Rates on Exhibits for the St. Louis Fair.

Chairman read letter July 26th, from St. Louis Fair Ass'n, and it was

Recommended, That they be granted the same concessions as last year. See Proceedings July 31st, 1901,

Special Notice No. 1098, Aug. 5th, 1901, for action last year.

Recommendation to the C. F. A. to be the same as referred to, with exception that St. Louis Exposition and Music Hall Ass'n be eliminated.

The following note is to appear on Special Notice issued by the Chairman regarding above subject:

Note.—The Terminal R. R. Ass'n and Merchants Bridge Terminal Ry. advise that they will apply the same ruling on traffic handled by them.

St. Louis Cotton Compress Co.

Chairman read letter July 30th, from Secretary, St. Louis Cotton Compress Co., and it was

Resolved, That the Chairman be requested to furnish three copies of this letter, in Circular Form, to the resident members of the Committee only, subject to be further considered at next meeting.

Note.—See Circular Letter No. XXXXIV, Aug. 2nd.

Rates on Cotton Seed Oil Montgomery, Ala., via East St. Louis to Eastern Cities.

This subject was last considered June 20th and the Chairman was requested to urge reply from Chairman, C. F. A. to letter June 20th, file No. 4033.

Rates and Divisions on Traffic from M. & O. Illinois Stations, Etc.

Chairman stated that this subject had been considered at last meeting and as instructed he had endeavored to secure the signatures to letters prepared at that meeting, but that he had been unable to see A. G. F. A. C. & A. Ry. and that Mr. Keane of the T. St. L. & W. R. R. had referred the matter to Mr. Whitney, who advised he was opposed to signing a paper of that character. After further consideration, the Chairman was instructed to write the T. St. L. & W. R. R. requesting information as to whether they would give the M. & O. individual notice in line with action taken at meeting 25th.

See Proceedings No. XIII, July 25th.

Rates and Divisions on Wool from Lake Charles, La., Etc.

Chairman stated that this subject was considered at last meeting (see Proceedings No. XIII ,July 25th), and as instructed he had taken the subject up with parties to whom A. G. F. A. Mo. Pac. letter was addressed, and received replies which were read, and it was

Moved, That it be made a matter of record that it is the sense of this Committee that nothing less than the authoritzed rates shall be applied on Wool from Lake Charles, La. The Chairman to notify the Mo. Pac.-Iron Mountain Ry. accordingly.

Rate on Fire Brick, C. L., East St. Louis to Altoona. Etc.

The following letter from a member was read:

"We desire to make application for rates on Fire Brick, from East St. Louis to points on the Penn. R. R. east of Pittsburg to Altoona, inclusive, $3.70 per net ton, this being 70 cents per ton above the Pittsburg rate. We base this application on the fact that the Westbound basis, as authorized by Joint Traffic Ass'n Freight Circular 1125, pages 45, 46 and 47, authorize this basis westbound. We also think that the entire westbound basis, as published on pages 45, 46 and 47 should be established eastbound."

And it was

Recommended, That the C. F. A. authorize rate of $3.70 per net ton, East St. Louis to points on Penn. R. R. east of Pittsburg, to Altonna, Pa., inclusive, on Fire Brick (released to valuation of $5.00 per ton.) C. L. minimum weight 40,000 lbs., unless capacity of car is less in which case actual capacity of car will be minimum weight, but in no case less than 30,000 lbs.

The present rates are on basis of 6th class and rates asked for are the same as authorized in J. T. A. Freight Circular No. 1125, page 45, etc., westbound, Altoona to Pittsburg, 70 cents plus rate, Pittsburg to East St. Louis.

Before adjourning Committee decided that the next regular meeting shall be called for Friday, Aug. 22nd, unless something of Special importance requires that meeting be called sooner.

Rates and Divisions on Cotton Factory Products, Arkansas Midland Stations to Trunk Line Territory.

As instructed at meeting July 25th (see Proceedings No. 13), letter 26th was written Mo. Pac. Ry. and reply (Aug. 13th) received as follows:

"In reply to yours July 26th, file 4152, regarding rates and divisions on Cotton Factory Products from Arkansas Midland Points to Trunk Line Territory via East St. Louis.

On the divisional basis you propose our revenue is not sufficient to warrant the participation of this company in through rate via the gateway indicated.

We have, therefore, concluded to make no further effort to open up the St. Louis Route to this business."

Rate on Horses and Mules, C. L., to Portsmouth and Ironton, Ohio.

Chairman read letter Aug. 6th from A. G. F. A. Hart, calling attention to rate on Horses and Mules to Portsmouth and Ironton, as compared with Athens and Chillicothe, Ohio, and after due consideration of the subject, it was

Moved, That the rate on Horses and Mules from East St. Louis to Portsmouth and Ironton, Ohio, be made 32½ cents per 100 lbs., C. L., minimum weight as per Official Class'n the same rate as now in effect to Chillicothe and Athens, Ohio.

Proper Rating to Apply on Chicken Feed.

This subject was acted upon in Proceedings issued June 30th, July 11th and 25th.

It was brought up again by letter 15th, file 9568, from Chairman C. F. A. and after careful consideration, it was

Recommended, That the C. F. A. authorize rating on Food, Poultry in Sacks or barrels (made from Elevator Sweepings or refuse Grain and Oyster Shells and not medicated), L. C. L., 5th and C. L. 6th class, same as Feed, ground in Sacks or Barrels, as per Official Class'n.

Note.—Copy of shippers letter, dated June 16th and sample of the Food sent to Chairman C. F. A. with letter of recommendation and the further statement that the Committee have satisfied themselves that the

statements made in shipper's letter June 16th are correct and that 5th and 6th class is a fair rating on the Commodity.

Rates on Cotton for Export from Oklahoma and Indian Territories and Northern Texas Points.

Chairman read letter Aug. 11th from St. L. & S. F. R. R. on the above subject and after due consideration the Chairman was instructed to reply, that it would not be expedient to make any reduction in rates on Cotton for export from Oklahoma and Indian Territory and Northern Texas Points for the reason that it would result in like reductions through other gateways as well as from other Cotton Producing Territory, and for that reason the application was not considered favorably.

Proper Weight Per Gallon to Apply on Petroleum Oil from Texas.

Chairman read letter on above subject calling attention to the weight of Petroleum Oil from Texas, as per Southwestern Committee Tariff, and it was

Recommended, That the subject be referred to the C. F. A. for investigation as to whether Texas Oil weighs 7.4 lbs. per gallon as provided for in Southwestern Tariff Committee Tariff No. 20-J, Aug. 6th, 1902, page 28, or 6.4 lbs. per gallon, as provided for in Joint Committee Circular No. 1897, Sept. 30th, 1895, and take the necessary action to secure proper revenue to the C. F. A. Lines on the traffic.

Rates and Divisions on Traffic from M. & O. Illinois Stations.

Chairman called attention to proceedings of meetings, July 18th, July 25th and Aug. 1st, stating that letter had been prepared, as instructed, but not delivered and was brought up again for further consideration and after a general discussion, it was

Resolved, That the subject be tabled.

St. Louis Cotton Compress Company.

Chairman stated that this subject has been considered at meeting Aug. 1st, and as instructed Circular Letter No. 44 issued, dated Aug. 2nd.

After further consideration at meeting today, it was

Moved, That the application of the St. Louis Cotton Compress Co. for allowance or payment by the Railroads of $1.25 per car for loading Cotton at the Compress Co. Warehouses, be declined.

Proportional Rate on Glass and Moulding Sand to Cambridge, Ohio.

This subject was brought up by letter 18th, file A-L from Chairman C. F. A., which was read, and it was

Recommended, To the Central Freight Ass'n that rate of $1.85 per ton be authorized on Glass and Moulding Sand, East St. Louis to Cambridge, Ohio, in line with rate now in effect to Byesville and Marietta, Ohio.

Letter 18th from G. F. A., L. & N. R. R.

Chairman stated that in line with Proceedings Aug. 1st he wrote letter Aug. 4th, file 4117-A, to G. F. A. L. & N. R. R., also requesting that they become a regular member of the Committee and received reply 18th to the effect that the L. & N. R. R. did not wish to become a member of the Committee, and it was

Moved, That the papers be filed.

Rate on Fire Brick to Trunk Line Points.

Chairman read letters Aug. 1st and 7th, file H-377, from Chairman C. F. A., regarding withdrawal by this Committee of application made for rate on Fire Brick to Trunk Line Points, (see proceedings July 11th, No. 11) which was transmitted to Chairman C. F. A. by letter dated July 12th, and it was

Recommended, That the Chairman C. F. A. be advised that the Committee desire action taken by the

C. F. A. and Trunk Line Ass'ns on recommendation as per their letter of July 12th and result communicated at the earliest possible date.

Rate on Cotton Seed Oil, Montgomery, Ala., via East St. Louis to Eastern Cities.

Application for Cereal Food "Cris-Po" to Be Added to List Taking Grain Products Rates.

The Chairman read correspondence on above subject, explaining similarity of "Cris-Po" to other Cereal Foods, both as to price and packing for shipment, and it was

Recommended, To the Central Freight Ass'n that since other so-called Breakfast Foods are now included in the Grain Products list "Cris-Po", which is analogous thereto, be also included.

It is the opinion of the Committee, however, that Grain or Cereal Foods, in packages, should not be carried at the Grain Products rates, but should be classified at 4th and 6th class, L. C. L. and C. L. respectively, as per Official Classification.

Rate on Scrap Iron to South Bend, Ind.

Chairman read letter, file C-C-2878-B, Aug. 22nd, from A. G. F. A. Vandalia Line on the above subject. After due consideration of same, it was

Recommended, To the Central Freight Ass'n that rate of $1.60 per gross ton, minimum weight 15 gross tons, be established on Scrap Iron, East St. Louis to South Bend, Ind., in line with rate of $1.40 per ton to Chicago, also rate to the Gas Belt Points as per C. F. A. Information No. 3429.

Rate on Cast Iron Pipe Applying on Mixed Car Loads of Pipe, Fittings, etc.

Joint Letter 25th, file 9312, from Chairman C. F. A. (See Circular Letter No. 48), asking information as to the application of Commodity Rate on Cast Iron Pipe to shipments of Pipe Fittings, and it was

Resolved, That the Chairman advise Chairman C. F. A. that it is the individual opinions of the members of the Committee that it would be proper to apply the Cast Iron Pipe Rate to Fittings, (Couplings, Elbows and Joints, etc.), as accompanied the car.

Rate on Bar Iron, East St. Louis to Terre Haute and Brazil, Ind.

Chairman read letter Aug. 28th, file WHC. 572, from A. G. F. A. T. H. & I. R. R. on the above subject and after consideration of same by the Committee, following was adopted:

Recommended, To the Central Freight Ass'n that rate of 5 cents per 100 lbs. be established on Bar Iron, C. L. Minimum weight as per Official Class'n from East St. Louis to Brazil, Terre Haute, Ind., in line with Information No. 3263, authorizing same rate westbound.

Rates on Pyrites, Iron or Sulphur to Cleveland, Ohio. Rates on Anodes, Base Bullion, Etc.

Rates on Feldspar, Flint, Clay (Prepared), Etc., to C. F. A. Points.

Rates on Cotton via Long Island Sound Lines.

Percents for Division of Rates Between Southern Illinois Points via East St. Louis and Eastern Cities.

Lumber from West via East St. Louis to Trunk Line Territory.

This subject was last considered at meeting July 25th, proceedings No. 13. The Chairman read letter July 31st, from G. F. A. Mo. Pac. to the effect that Mo. Pac. proposed to publish Proportional Rates from Cairo via East St. Louis, etc., also read letter Sept. 4th, stating that they had been delayed in publishing the rates from Cairo, but would do so at the earliest date possible, and it was

Resolved, That the subject be laid over for consideration on receipt of the Cairo tariff.

Minimum Carload Weight on Potatoes to C. F. A. and Trunk Line Territory.

The Chairman read letter from Mo. Pac. Ry. urging adoption of 24,000 lbs. minimum carload weight on

potatoes, shipped during the summer months, and it was

Resolved, That the subject be tabled.

Note.—The Chairman to advise the Mo. Pac. that if they find it necessary to bring the subject up after the issue of Official Class'n No. 23, it will receive due consideration by the Committee.

Rates on Cotton via Long Island Lines—Rates on Anodes, Base Bullion, Etc.

The above subjects were laid over from Meeting Aug. 29th and at meeting today, it was

Resolved, That the subject be tabled.

Percents for Divisions of Rates Between Southern Illinois Points via East St. Louis to Eastern Cities.

Chairman stated that this subject was submitted at last meeting and as instructed by the Committee he had issued Circular Letter No. 49, Sept. 2nd, file 3129, giving copy of Chairman C. F. A. Letter and the percents referred to, and it was

Resolved, That a Committee of three (3) be appointed to revise the percents with the lines leading into Southern and Eastern Illinois Territory, working through East St. Louis and points taking E. St. Louis rates, in accordance with the suggestions contained in Chairman C. F. A. Letter Aug. 29th, file 9779, and report at next meeting of the Committee.

Note.—The Chairman appointed Messrs. Coyle, Chairman, Campbell and Becker as Committee.

Rates and Divisions on Rice from Lake Charles, La., via East St. Louis to C. F. A. Points.

The Chairman read correspondence on the above subject and after general discussion, it was

Resolved, That a Committee of three (3) be appointed to consider the subject and formulate a plan under which the St. Louis Gateway can enjoy a share of the business in competition with other routes.

Note.—The Chairman appointed as the Committee Messrs. Hart, Chairman, Yoakum and Taylor.

Rate on Muriatic and Sulphuric Acid in Tank Cars, East St. Louis to Trunk Line Points.

Letter from a member was read on above subject, and it was

Recommended, That the Central Freight Ass'n establish Commodity rate on Muriatic and Sulphuric Acid in tank cars, C. L., minimum weight as per Official Class'n, East St. Louis to points east of the Western Termini of Trunk Lines on the basis of present 6th class rates, in line with rates authorized from Chicago to Western Termini (15 cents per cwt.) in C. F. A. Information No. 3637, Sept. 2nd, 1902.

Rate on Muriatic and Sulphuric Acid in Tank Cars, East St. Louis to C. F. A. Points.

Letter from a member was read on above subject, and it was

Recommended, To the Central Freight Ass'n that Commodity rate be established on Muriatic and Sulphuric Acid in Tank Cars, C. L., minimum weight as per Official Class'n, East St. Louis to

Detroit, Mich.	12½ cts. per cwt.
Alexandria, Ind.	10 cts. per cwt.
Anderson, Ind.	10 cts. per cwt.

Lima, Ohio	12½ cts. per cwt.
Buffalo, N. Y.	18½ cts. per cwt.
Pittsburg, Pa.	18½ cts. per cwt.

Washington, Pa. ..... 18½ cts. per cwt.
Wheeling, W. Va. ..... 18½ cts. per cwt.
Marietta, Ohio ..... 13 cts. per cwt.
in line with rates authorized from Chicago in Information No. 3637, Sept. 2nd, 1902.

Rate and Divisions on Cotton Piece Goods from Tupelo, Miss., via East St. Louis to Eastern Cities

The Chairman read letter Aug. 12th, file 67597-D, from G. F. A. M. & O. R. R., as follows:

'We have no divisions on cotton goods from Tupelo to Eastern Cities via E. St. Louis. We would be glad to open a route via E. St. Louis and put in divisions in connection with your line provided you are willing to equalize in a measure the divisions we get via Montgomery. The present rates to the basing points are:

To Boston and New York ..... $ .60 per 100 lbs.
Philadelphia ..... .57 per 100 lbs.
Baltimore ..... .57 per 100 lbs.

Out of these through rates the M. & O. are allowed an arbitrary proportion to Montgomery of 20 cents. Our haul from Tupelo to Montgomery is 241 miles, from Tupelo to East St. Louis 365 miles, including transfer at Cairo, which costs us 2 cents per 100 lbs. We would be willing to put in divisions via E. St. Louis, accepting for our proposition 22 cents per 100 lbs. the same as we receive to Montgomery, plus the transfer charge of 2 cents. I will be glad to have you consider the matter, and if possible, authorize division on this basis."

And it was

Recommended, To the C. F. A. that rate be established on Cotton Piece Goods, any quantity, when from Tupelo, Miss., to Boston and New York, 60c, Philadelphia 58c and Baltimore 57 cents per 100 lbs., allowing lines, East St. Louis to Boston and New York 38c, Philadelphia 36c and Baltimore 35 cents per 100

lbs. The rates asked for being in line with rates authorized in C. F. A. Info. 397-A, July 11th, 1900.

Meeting convened 10:30 a. m.

Lumber from the West via East St. Louis to Trunk Line Territory.

The Chairman submitted proof of Missouri Pacific Ry. Joint Proportional Tariff from Cairo, which will become effective Sept. 20th.

No action taken.

Letter 9th, file 9311, from Chairman C. F. A. regarding rates on this traffic from Thebes was read and the Chairman was instructed to write Chairman C. F. A. that statement, "That the lines east of East St. Louis, allow 3 cents per 100 lbs. to the roads between Cairo and East St. Louis, which makes a rate of 24 cents

from East St. Louis to New York" is not correct, but that the rates from Cairo are pro-rated as per J. C. Authority Nos. 1173, 1609 and 1622, as reprinted in this Committee's Special Notice No. 437.

Rates on Feldspar, Flint, Clay, Prepared, Etc., to C. F. A. Points.

This subject was considered at previous meeting and laid over for information, which is not yet complete, and it was

Resolved, That the subject be laid over until the desired information is secured.

Percents for Division of Rates Between Southern Illinois Points via East St. Louis and Eastern Cities.

This subject was considered at last meeting and referred to a Sub-Committee. The Sub-Committee not being ready to report, it was

Resolved, That the Committee be granted further time.

Rates on Provisions East St. Louis to Michigan and Ohio Points.

The Chairman read letter from a member, as follows:

"As you probably know, there is in effect from Chicago to Cincinnati, on provisions, a rate of 12 cents per 100, which is the maximum charge, under, I believe, the Michigan Central and Grand Trunk's interpretation of the long and short haul clause to Lansing, Flint, Port Huron, Jackson, Toledo and Detroit.

The authorized differential is 5 cents per 100. I will be glad to have you take up the matter of formally authorizing 17 cents, East St. Louis to these destinations, instead of the varying figure of 18 cents, etc., now governing from East St. Louis."

And it was

Recommended, To the C. F. A. that rate on Provisions, C. L., be established, East St. Louis to Lansing, Flint, Port Huron, Jackson and Detroit, Mich., and Toledo, Ohio, 17 cents per 100 lbs. in line with rates from Chicago.

Rates and Divisions on Rice from Lake Charles, Etc., La., to C. F. A. Points.

This subject was under consideration at meeting 5th and referred to a Sub-Committee. At meeting today the Committee stated their views on the subject and after a general discussion, it was

Resolved, That the recommendation of the Sub-Committee be accepted with the understanding that they are to make a formal report, which is to be forwarded by Chairman Fraser to the C. F. A. as the recommendation of this Committee.

Note.—Copies (3) of the report to be sent to resident members only.

Rate on Iron Pyrites or Sulphur Ore and Pyrites Screenings or Sulphide Ore.

At meeting Aug. 29th request was made for information from the Chief Inspector as to whether the above mentioned Commodities are the same, if not, what is the difference, etc., and report received, as follows:

"I have made a careful inquiry with a view to obtaining the information desired and now beg to advise that I understand Iron Pyrites or Sulphur Ore, Pyrites Screenings or Sulphide Ore, represent substantially one Commodity, that is to say, the names are interchangeable."

After due consideration, it was

Moved, That the Chairman submit to Chairman Tucker the information he has obtained from the Chief Inspector, which would indicate that we have two rates on the same Commodity, and that the lower rate

be cancelled, provided the rate from Chicago, upon which the lower rate is based is advanced proportionately.

Note.—The rates referred to are authorized in C. F. A. Info. Nos. 2880 and 3479.

Lumber from East St. Louis & Ohio River Crossings.

Chairman read Joint Letter Sept. 6th, file 9084, from Chairman C. F. A. on the above subject and after careful consideration the Chairman was instructed to advise Chairman C. F. A. that it is the sense of this Committee that it is inexpedient to make any changes in the present Lumber rates from East St. Louis.

Rates on Fertilizer and Fertilizer Material to Stations on Cincinnati Divisions of N. & W. Ry.

Chairman read Joint Letter dated Sept. 9th. file 9800 from Chairman, C. F. A., and it was

Moved, That the subject be laid over until next meeting, in the meantime the Chairman to send a copy of Chairman C. F. A. letter to resident members of the Committee.

Rating on Dry Sheep Pelts or Sheep Skins Pressed in Bales.

At meeting July 25th this subject was referred to Chairman Official Class'n Committee and brought up again by correspondence, which was submitted, and it was

Resolved, That the subject be laid over until next meeting pending further information to be secured by the applicant.

Proportional Rates on Lumber from South Pacific Coast.

Chairman read letter from Chairman Tucker, dated Sept. 9th, file Info. 3647 (copy below), also called attention to Circular Letter No. 50, Sept. 10th, 1902, on the same subject.

"Referring to Information Circular 3647, Sept. 5th, containing proportional rates on Lumber from Chicago, Peoria, etc., when originating at points west thereof. At meeting of Chicago Eastbound Roads today it was positively decided that rates in said Information Circular will not apply on business from South Pacific Coast Territory, but rates from Chicago on Lumber and Forest Products from South Pacific Coast Territory will be 6th class rates, except where lower rates are necessary to equalize with the rates from East St. Louis. This should be understood by your Committee so that no reduction will be made in rates from either Peoria or East St. Louis on Lumber and Forest Products from South Pacific Coast Territory."

No action deemed necessary by the Committee.

Proper Rating to Apply on Chicken Feed.

This subject was last considered Aug. 22nd. Chairman read letter Sept. 5th, file 9568, from Chairman, C. F. A. in which he said had recommended to Chairman Gill that Official Class'n be amended to provide for Poultry Food on basis of valuation, and it was

Resolved, That the Chairman write Chairman C. F. A. to the effect that distinction should be made as to manner in which the Commodity is packed, viz.: Feed in sacks weighing 100 lbs. or more should take the lower rating and Poultry Food put up in small boxes or packages should take the higher rating, and that the Committee deem it entirely impracticable to base the rate on valuation.

Chairman read letter Sept. 12th, file 663-A and 665-A, from Chairman C. F. A. on above subject, also copy of Chicago Freight Committee Circular No. T-131, naming rate on basis 20 cents per 100 lbs., Chicago to New York, and it was

Moved, That the Chairman take the matter up with the Western Lines with the view of ascertaining what rates are in effect up to East St. Louis and Chicago and see what rate is necessary from East St. Louis to equalize with rates through Chicago, subject to be further considered at next meeting.

Are Percentage Divisions in Effect With M. & O. R. R. on Cotton Factory Products from Stonewall, Miss?

Chairman read letter 11th, file 5985-A, from Chairman C. F. A., making enquiry regarding above, and it was

Resolved, That Chairman issue Circular Letter asking information desired. The subject to be considered at next meeting.

Rates on Feldspar, Flint and Clay (Prepared) to C. F. A. Points.

This subject was laid over from meeting 12th. Chairman stated that he had letter giving the information requested at last meeting and after due consideration of the subject, it was

Moved, That the Chairman be instructed to notify the applicants that we cannot change the present rates.

Percents for Division of Rates Between Southern Illinois Points via East St. Louis and Eastern Cities.

The Chairman of the Sub-committee to whom this subject was referred at meeting 5th was not present, and it was

Resolved, That this subject be laid over until next meeting.

Rates on Fertilizer and Fertilizer Material to Points on N. & W. R. R.

Chairman stated that this subject had been considered at last meeting and Circular Letter No. 51 issued, and it was

Moved, That the same action be taken by this Committee as taken by the C. F. A. at meeting 18th, viz.: that full local rates be charged to N. & W. Ry. Junctions, using their arbitraries beyond.

Rating on Dry Sheep Pelts or Sheep Skins, Dry, Pressed in Bales.

The above subject was laid over from last meeting for further information which had not been secured, and it was

Resolved, That this subject be laid over until next meeting.

Rate on Crushed Granite, East St. Louis to Madison, Ind., Same as in Effect to Louisville and Cincinnati.

Chairman read letter from a member on above subject and after due consideration, it was

Recommended, To the Central Freight Ass'n that they establish rate of $1.50 per ton on Crushed Granite, East St. Louis to Madison, Ind., C. L., minimum weight 40,000 lbs.

Rates on Scrap Iron as Compared with Pig Iron to Indiana Points.

Chairman read letter from a member, submitting copy of letter received from a shipper and after consideration of same, the Chairman was instructed to notify the applicant that the subject had been considered by the Committee and they had individually decided that the application for reduction in rate on Scrap Iron could not be granted.

Request for Circular Letter.

Chairman read letter Sept. 16th from G. F. A., St. Louis Southwestern Ry., requesting copy of Circular Letter No. 43, and Chairman was instructed to refer the gentleman to the individual lines for the desired information.

Letter from Chairman C. F. A. Regarding Information Not Being Furnished the T. St. L. & W. R. R.

Chairman read letter Sept. 16th, file 9852, from Chairman C. F. A. on above subject and after consideration of the subject, the Chairman was instructed to advise Mr. Tucker; "That Mr. Keane has been invited to attend the meeting of this Committee to hear and see anything that was said and done and that he, for causes that we are not familiar with, has absented himself from the meetings and that the action taken by the Committee, that non-members should not be furnished with proceedings or other information of

Meeting convened 10:30 a. m.

Percents for Division of Rates Between Southern Illinois, via East St. Louis and Eastern Cities.

Chairman of the Sub-committee reported that the Committee had as yet been unable to meet and requested more time, which was granted.

Rating on Dry Sheep Pelts or Sheep Skins, Dry, Pressed in Bales.

This subject was first considered at meeting July 25th and referred to Official Class'n Committee, since

then there has been some correspondenec with the Chairman Official Class'n Committee, which was reported to the Committee, and after discussion today, it was

Resolved, That the subject be tabled.

Rate on Lumber, Etc., North Pacific Coast Points and Terminals.

The Chairman reported that as instructed at meeting 19th he had written to and received reply from G. F. A. Burlington Route naming rates on this traffic to East St. Louis, 2½ cents per 100 lbs. higher than to Chicago, and it was

Resolved, That the Chairman write Chairman Tucker and call his attention to the fact that to equalize this rate via East St. Louis it would be necessary for the lines east of East St. Louis to make rate of 17½ cents to New York and ask him if it was his intention to suggest this rate as against the 20 cent rate from Chicago.

Rates and Divisions on Rice from Lake Charles, Etc., La., via East St. Louis.

The Chairman called attention to C. F. A. Information No. 786-A to Trunk Line and Info. No. 3687 to C. F. A. Territory. Letter was read from G. F. A. Mo. Pac. Ry. asking information as to the divisions, etc., and it was

Resolved, That the matter be deferred until our next meeting, in the meantime the Chairman obtain from Chairman Tucker copies of the authority covering percentage divisions applying from New Orleans via Cairo and other Ohio River Crossings, to Western Termini and points east.

Percentage Divisions in Effect With M. & O. R. R. on Cotton Factory Products from Stonewall, Miss. Minimum Carload Weight on Potatoes.

Chairman called attention to above subjects stat-

ing that Circular Letters Nos. 54 and 55 had been issued for the purpose of securing the desired information, and it was

Moved, That the subjects be continued until the desired information is obtained.

Application via Baltimore or Virginia Ports Export Rates.

Chairman called attention to Circular Letter No. 56, giving copy of notice received from B. & O. R. R. regarding rates on export traffic via Baltimore, and it was

Moved, That the notice given by the B. & O. S. W. R. R. be presented to the Central Committee for their consideration, the Chairman in submitting B. & O. S. W. R. R. Notice to Chairman Tucker, to call his attention to C. F. A. ICC. Advice Letter No. 208 and similar notices on this subject and ask for information as to the action of the Central Committee on this matter.

Uniform Charge for Weighing Light and Loaded Cars When Done at Request of Consignors or Consignees.

Chairman read C. F. A. Advice Letters Nos. H-421½ July 29th, and H-615½ Sept. 23rd, 1902, on the above subject, and it was

Resolved, That this subject be referred to the various roads by Circular Letter for their investigation and report at next meeting.

Adjustment of Rates and Weights on Wool.

The Chairman read letter 23rd, file 9133, from Chairman C. F. A. which contained the following:

"Recommended, That a Committee of 6, 2 from Peoria eastbound lines, two from Chicago eastbound lines and two from the St. Louis eastbound lines, be appointed to thoroughly investigate the rates and weights on wool via all gateways, also that between points in the

Official Classification Territory, with a view of arriving at a basis that will be equitable to all interests, and report their conclusions to the Committee at the next meeting."

After due consideration, it was

Resolved, That Mr. N. W. Taylor, Gen'l Western Freight Agent, Vandalia Line, and Mr. W. C. Lindsay, Gen'l Agt., L. H. & St. L. Ry., be appointed as the representatives of this Committee.

The Chairman to notify Chairman Tucker accordingly.

Rates on Wagon Material.

Chairman read letter Sept. 23rd, file No. W-246, from G. F. A., Wabash R. R., addressed to Chairman Tucker on above subject, also read C. F. A. Info. No. 3680, and after discussion, following was adopted:

Resolved, That the Chairman write Chairman, C. F. A. that it being understood at a meeting of the C. F. A. at which this legislation was had, that similar action would be taken simultaneously by the C. & O. R. Committee and information is desired as to whether the C. & O. R. Committee have taken similar action, effective Oct. 7th.

It was further understood that the Official Class'n rating should be the maximum on Wagon Material in the White or in the rough, in carloads, where the Lumber rate, plus the 2 cents makes the rate in excess of this and Information No. 3680 should be re-issued accordingly.

Clay from Mountain Glen, Ill., to Cleveland, Ohio.

Chairman read letter Sept. 25th, file 9795, from Chairman, C. F. A. on above subject, and it was

Moved, That the subject be referred to the Special Committee having in charge the establishment of divisions of rates between "Southern Illinois Points, via East St. Louis and Eastern Cities."

The Chairman to reply to Mr. Tucker that the subject had been referred to the Sub-Committee, (appointed at meeting Sept. 5th) who had as yet been unable to meet.

Issuance of Bills Lading on Cotton in Warehouses in East St. Louis.

Chairman read letter from a member on above subject and after consideration the following was adopted:

Moved, That a Committee of three be appointed to formulate an agreement to be entered into between the St. Louis Cotton Compress Co. and lines, members of this Committee, somewhat on the lines of the agreement previously in effect on shipments from St. Louis or formulate some kind of an agreement whereby roads or lines can obtain legal and satisfactory receipts upon which they may issue Bills Lading on Cotton.

Note.—The Chairman appointed as the Committee Messrs. Nichols, (Chairman) Hart and Becker.

Rate on Rye, Carloads, East St. Louis to Terre Haute, Indiana.

A member stated he desired to make application for rate of 5 cents as above, and it was

Recommended, To the Central Freight Ass'n that they establish rate of 5 cents per 100 lbs. on Rye, East St. Louis to Terre Haute, Ind., C. L., minimum weight as per Official Class'n in line with the rate in effect from Peoria and Chicago.

Meeting convened 10:30 a. m.

Percents for Division of Rates Between Southern Illinois Points via East St. Louis and Eastern Cities. Clay, Mountain Glen, Illinois to Cleveland, Ohio.

Laid over from Sept. 26th. The Sub-committee to whom the above subjects were referred has not had a meeting and requested more time to make report, which was granted.

Rates and Divisions on Rice from Lake Charles, Etc., La., to C. F. A. Points.

This was last considered at meeting Sept. 26th.

Chairman stated that as instructed at last meeting he had written Chairman C. F. A. for copy of the division sheet referred to and received reply to the effect that the only percentages authorized on business from New Orleans to points east of the Western Termini was contained in Joint Committee Circular No. 1702, and it was

Resolved, That the Chairman send the G. F. A. Mo. Pac. Ry. a copy of Joint Committee Circular No. 1702, April 2nd, 1894, and notify him that for information as to divisions to points in C. F. A. Territory, to apply to the Traffic Departments of the individual lines.

Uniform Charge for Weighing Light and Loaded Cars When Done at Request of Consignors or Consignees.

Chairman stated that as instructed at last meeting he had issued Circular Letter No. 57 on above subject and it was

Moved, That the subject be deferred until answers are received by letter from all members.

Rate on Muriatic and Sulphuric Acid in Tank Cars, East St. Louis to C. F. A. Points.

Letter from a member was read on above subject and it was

Recommended, To the Central Freight Ass'n that Commodity rate be established on Muriatic and Sulphuric Acid in Tank Cars, C. L., minimum weight as per Official Class'n, East St. Louis to

Ashland, Ky.	17 cts.
Cambridge City, Ind.	10 cts.
Dunreith, Ind.	10 cts.
Muskegon, Mich.	13½ cts.
New Castle, Ind.	10 cts.
Red Key, Ind.	11½ cts.
Sandusky, Ohio	13 cts.
Shelby, Ohio	13 cts.
Toledo, Ohio	12½ cts.
Washington Ct. House, Ohio	10½ cts.

The rate to Ashland, Ky., is the 6th class in line with rates authorized to Western Termini and the rates to other points are in line with those authorized from Chicago as per C. F. A. Information No. 3678.

Rock, East St. Louis to Detroit and Toledo.

The Chairman read letter from a member calling at-

tention to C. F. A., ICC. Advice Letter No. 209, Item No. 7, Rock, C. L., minimum 40,000 lbs., East St. Louis, when from beyond, to Toledo and Detroit, 10 cents per 100 lbs.

A recommendation that Central Freight Ass'n adopt or authorize the rate was individually objected to and subject was tabled.

Application via Baltimore of Virginia Lines Export Rates.

This subject was considered at meeting Sept. 26th. Chairman stated that as instructed he had written letter Sept. 27th to Chairman C. F. A., submitting copy of B. & O. S. W. R. R. Notice regarding their making Virginia Lines Export Rates on export traffic via Baltimore.

Letter Sept. 30th, file 8867, from Chairman C. F. A. on the subject of Export Rates via Virginia Ports, was read and after due consideration, it was

Moved, That Chairman Tucker be replied to, to the effect that the understanding of the members of this Committee was that at the expiration of the 60 days, provided for at meeting in Chicago, July 2nd, viz.: Sept. 14th, the Virginia Lines would restore their rates to the tariff basis and maintain the same rates on Export Traffic via Newport News, Norfolk, etc., as are authorized to Baltimore.

T. St. L. & W. R. R. Representation on this Committee.

The subject was last considered at meeting Sept. 19th. The Chairman stated that as instructed at last meeting he had written 20th inst. to Mr. Tucker and received reply Sept. 26th, file No. 9852, to the effect that if the St. Louis representative of the T. St. L. & W. R. R. could participate in the St. Louis Committee's meetings, the T. St. L. & S. W. R. R. would recall letter to Chief Inspector which withdrew the road from the Joint Rate Committee agreement, etc., and it was

Moved, That the Chairman give the T. St. L. & W. R.

R. Representative a Special invitation by telephone to attend this meeting.

Note.—The Chairman gave Special invitation by telephone to T. St. L. & W. R. R. representative, who stated that it was impossible for him to attend meeting this morning.

And it was

Resolved, That the Chairman be instructed to renew his invitations to the St. Louis representative of the T. St. L. & W. R. R. to attend the meetings of this Committee hereafter in accordance with the understanding had with Mr. Whitney at the Central Committee meeting in Buffalo, as outlined in Mr. Tucker's letter Sept. 26th, file 9852.

Issuance of Bills Lading on Cotton in Warehouses in East St. Louis.

At meeting Sept. 26th this subject was referred to a Sub-Committee. The Chairman of the Sub-Committee submitted their report which was read and after careful consideration, it was

Moved, That the report of the Sub-Committee be received, placed on file and the Committee discharged.

The following resolution was adopted by unanimous vote:

Resolved, That the Eastbound Lines will not issue any Bills Lading on Cotton until the property is in the possession of the Carrier or in the possession of and receipted for by its connections.

Note.—The Chairman was instructed to prepare a letter in accordance with the above resolution and secure the signature of all members, also the T. St. L. & W. R. R. and C. B. & Q. R. R. After securing all signatures he is to issue same in Circular Letter form, sending 10 copies to the resident representatives of each road.

The subject of switching on Cotton came up in con-

nection with the above and following was adopted by unanimous vote:

Resolved, That the Railroad Companies or Fast Freight Lines will not pay or absorb any charge for Trackage or Switching on Cars containing less than 30 bales of Cotton from any Warehouse in East St. Louis.

Note.—The Chairman to secure the vote of the T. St. L. & W. and C. B. & Q. R. R. on this resolution.

Meeting convened 10:30 a. m.

Application Via Baltimore of Virginia Lines Export Rates.

This subject considered at meeting 3rd. (See proceedings No. 21.)

The Chairman stated that he had written 4th to Chairman, C. F. A., and letters 6th & 7th, file 8867 received in reply were read and after due consideration, it was

Moved, That the subject be tabled.

Rate on Lumber, Etc., North Pacific Coast Points and Terminals.

This subject was last considered at meeting Sept. 26th (See proceedings No. 20). The Chairman stated and letter 2nd, file Info. 663-A received in reply was read and after due consideration, it was

Moved, That Chairman Tucker be advised that it is the sense of this Committee that in consequence of the action taken by the Chicago Lines, the St. Louis Eastbound Lines are forced to equalize the rates on North Pacific Coast Lumber and that we exceedingly regret these conditions, as it will ultimately have the effect of forcing the E. St. Louis Lines to apply the same relative basis on Lumber originating at other points, just as the action of the Chicago Lines in originally meeting the conditions through the "Soo" on Wisconsin and Minnesota Lumber has forced them to accept these low unremunerative proportional rates on North Pacific Coast Lumber. It is with much reluctance that we hereby make formal application for authority to publish relative rates from E. St. Louis to C. F. A. and Trunk Line Territory.

See Chicago Freight Committee Circular No. T-133, dated Sept. 16th and No. T-136, dated Sept. 19th.

Percentage Divisions in Effect With M. & O. R. R. on Cotton Factory Products From Stonewall, Miss.

The above subject laid over from meeting Sept. 26th. Chairman stated that he had as yet not received replies from all members to Circular Letter No. 54, and it was

Resolved, That the subject be laid over until next meeting.

Percents For Division of Rates Between Southern Illinois Points Via East St. Louis and Eastern Cities, Clay, Mountain Glen, Illinois, To Cleveland, Ohio.

At meeting Oct. 3rd the Sub-Committee asked for more time which was granted. (See proceedings No. 21.)

At meeting today the Committee not being ready to report, it was

Resolved, That the Chairman communicate with the Chairman of the Sub-Committee to whom was referred the subject of Percents for Divisions of rates between Southern Illinois Points via East St. Louis and Eastern Cities—also rates and divisions on Clay, Mountain Glen, Ill., to Cleveland, Ohio, and earnestly request a report of that Sub-Committee at the next regular meeting of this Committee.

Percentage Allowance to the Illinois Terminal R. R.

Chairman read letter Oct. 7th and Joint Letter Oct. 3rd, file 6173 from Chairman, C. F. A., regarding percentage allowance to the Illinois Terminal R. R. and it was

Resolved, That this subject be referred to the Sub-Committee having in charge the subject of percents for division of rates between Southern Illinois Points via East St. Louis and Eastern Cities and Rates and Divisions on Clay, Mountain Glen, Ill., to Cleveland, Ohio.

Messrs. Coyle, Campbell and Becker are the Sub-Committee referred to above.

Deciduous Fruits, Western Colorado Points to Points East of Mississippi River.

Chairman read letter 9th, file K-4-A91164 from A. G. F. A., Mo. Pac. Ry. enclosing Joint letter Sept.

24th, file Y-47032 from G. F. A., D. & R. G. R. R. and through Freight Tariff (D. & R. G. R. R.) No. 193-B regarding the division of through rates on above traffic, and it was

Resolved, That the Mo. Pac. Ry. be notified that the proposition contained in the correspondence was not acceptable and therefore individually declined by the roads, members of this Committee.

Furnishing T. St. L. & W. R. R. With Proceedings, Etc.

In accordance with resolution adopted at meeting Oct. 3rd (See proceedings No. 21) the representative of the T. St. L. & W. R. R. was present at meeting today and it was

Resolved, That the Chairman furnish the T. St. L. & W. R. R. with copies of proceedings, Special Notices, Circular Letters, etc., issued since the action of June 27th, Proceedings No. X, issued June 30th and to in future send copies of all Special Notice, etc., issued by the Committee, to the T. Meeting Convened 10:30 a. m.

Percentage Divisions in Effect With M. & O. R. R. on Cotton Factory Products From Stonewall, Miss.

This subject was laid over from Oct. 10th. (Proceedings No. 22.)

Chairman read replies received to Circular Letter No. 54 on above subject and in view of a definite reply not having been received from the Wabash R. R., it was

Moved, That action on the subject be deferred until next meeting.

Percents For Division of Rates Between Southern Illinois Points Via East St. Lous and Eastern Cities, Also Clay, Mountain Glen, Illinois to Cleveland.

Percentage Allowance to the Illinois Terminal R. R.

These subjects were laid over from Oct. 10th. Proceedings No. 22. The Chairman of the Sub-Committee, to whom they have been referred, requested more time in which to report, which was granted.

Rate on Lumber, Etc., North Pacific Coast Points and Terminals.

This subject last considered Oct. 10th, Proceedings No. 22.

Chairman read letter Oct. 13th, file 7330 from Chairman, C. F. A., and after discussion, following was adopted:

Moved, That the Chairman reply to Chairman, C. F.

A., to the effect that the 1st proposition contained in his letter, viz: "It occurs to me that the St. Louis Eastbound Freight Committee in endeavoring to equalize the rates on North Pacific Coast Lumber with those from Chicago, will involve the rates to a much larger extent than any gain from the North Pacific Coast, on Lumber from other originating points," is admitted by the St. Louis Lines and that they do not think the amount of business through this gateway, any more than the amount of business through the Chicago Gateway, justifies the action taken, at the same time they see no reason why the East St. Louis Lines should be expected to ignore the conditions made by the "Soo" lines and Lines from Chicago be allowed to meet them. We therefore request action on the resolution, adopted at meeting Oct. 10th, transmitted to Chairman, C. F. A., in letter Oct. 11th.

Minimum Carload Weight on Potatoes.

Chairman read replies received to Circular Letter No. 55, Sept. 22nd, file 4154, and after due consideration, following was adopted:

Moved, That Chairman, C. F. A. be advised that the members of this Committee have made careful investigation of the subject and it is the consensus of opinion that a minimum carload weight of 24,000 lbs. on Potatoes should be established to C. F. A. and Western Termini Points, during the months of June, July and August of each year.

Rates on Wool to Trunk Line Territory.

Chairman read letters Oct. 11th and 15th, file 9764, from Chairman, C. F. A., regarding the handling of wool by the C. B. & Q. R. R., East St. Louis to Eastern Cities at the Proportional rate, said wool not being a direct through shipment, but had been held in St. Louis for several months.

At the suggestion of a member, roll was called for the purpose of ascertaining whether any of the mem-

bers of this Committee have handled wool at the proportional rates from East St. Louis, when it was stopped and stored here. All members answered in the negative.

It was then

Moved, That the Chairman reply to Chairman, C. F. A. that none of the lines, members of this Committee have handled wool shipped from St. Louis proper at the proportion of the through rates from the west and that the C. B. & Q. R. R. was not warranted in using the proportional rates on the traffic referred to above.

Rates and Divisions on Lumber to Trunk Line Territory.

Chairman read letter Oct. 13th, file 9311-A & B from Chairman C. F. A. on above subject, and it was

Resolved, That the Chairman endeavor to arrange with Messrs. J. R. Peachy, A. G. F. A., I. C. R. R., Wm. Campbell, G. F. A., C. & E. I. R. R., Haiden Miller, G. F. A., M. & O. R. R., J. C. Lincoln, G. F. A., Mo. Pac. Ry. and J. P. Park, G. F. A., St. L. & W. R. R. to meet with this Committee at Room 404, Union Station, St. Louis, Mo., on Friday, Oct. 24th, 1902, 10:30 a. m., to confer regarding through rates on Lumber from the west via Cairo, Thebes, Gale and E. St. Louis.

Rate on Rye to Vincennes, Indiana.

Chairman read letter Oct. 16th, file 20686 from A. G. F. A., B. & O. S. W. R. R. on above subject, and it was

Recommended, To the C. F. A. that they establish rate of 5c per 100 lbs., on Rye, C. L. minimum weight as per Official Class'n., E. St. Louis to Vincennes, Ind.

The above rate is asked for in line with rate of 5c per cwt. in effect from E. St. Louis to Terre Haute, Ind., as per C. F. A., Info. No. 3717, Vincennes being an intermediate point.

Rate on Muriatic and Sulphuric Acid to Parkersburg, W. Va.

Chairman read letter Oct. 16th, file 20729 from A. G.

F. A., B. & O. S. W. R. R., on above subject, and it was

Recommended, To the C. F. A. that Commodity rate of 14c per 100 lbs. be established on Muriatic and Sulphuric Acid in tank cars, C. L. minimum weight as per Official Class'n. from E. St. Louis to Parkersburg, W. Va.

The above rate is asked for in line with rate, Cleveland to Parkersburg, W. Va., i1½c per 100 lbs. authorized by C. F. A. Info. No. 3729, the proposed rate being 1 cent per 100 lbs. above the authorized rate to Marietta, same as from Cleveland.

Percentages, Cairo Via E. St. Louis to Trunk Line Territory.

Chairman read letter Oct. 16th, file 9951 regarding percentages in connection with the M. & O. R. R. between Cairo and Trunk Line Territory via E. St. Louis and the following action was taken:

Moved, That the subject be submitted to a meeting of the Rate Clerks for careful check and recommendation to this Committee, with the view to establishing uniform divisions to be allowed the M. & O. R. R. on traffic to all Eastern destinations.

Note.—Copy of letter from Chairman, C. F. A. to be sent to all resident members, with call for meeting.

Rates on Packing House Products, East St. Louis to Madison, Ind.

Chairman read letter from a member on above subject, and it was

Recommended, That application be made to the Central Freight Ass'n. for authority to apply same rate, East St. Louis to Madison, Ind., on Packing House Products and Bulk Meats as apply to Jefferson, Ind., viz: 12 cts. per 100 lbs., C. L. minimum weight as per Official Class'n. as published in St. Louis-Cincinnati-Louisville Freight Committee Tariff I. C. C. No. B-31.

Bar Iron to Terre Haute and Brazil, Ind.

This subject was last considered at meeting Aug. 29th (See proceedings No. 16) and was brought up again by letter from a member, and it was

Moved, That a copy of the correspondence be sent to the resident members in Circular Letter form, subject to be further considered at next meeting.

Application to Apply 6th Class Rate on Tar, Same as on Resin to Central Freight Ass'n. Points.

Chairman read letter Oct. 14th, file 72333-D from G. F. A., M. & O. R. R. submitted by a member of this Committee and after due consideration, it was

Moved, That the application be declined.

Percentages, Cairo via East St. Louis to Trunk Line Points. (Report of Rate Clerks' Meeting.)

Chairman stated that as instructed at last meeting he had called meeting of the Rate Clerks to consider above subject. The Rate Clerks met in this Office Oct. 21st, 1902, and made the following report:

Recommended, That we reaffirm the divisions authorized by Joint Committee Circular Nos. 1173, 1609 and 1622 as shown in St. Louis Eastbound Freight Committee Special Notice No. 437 and recommend the supplementing of same by a note, as follows: "On traffic pro-ratable under Special Notice 437, when destined to points east of the Western Termini of the Trunk Lines, for which no specific divisions are provided above, the line south of East St. Louis is to receive its pro-rata, the division determined by the rate basis governing said point of destination.

Recommended Further, That all Fast Freight Line divisions or other arrangements in conflict with the above be cancelled.

After due consideration, it was

Moved, That the report of the Rate Clerks be submitted to resident members by Circular Letter, the subject to be further considered at next meeting.

Switching and Reconsignment Charge on Cars, St. Louis and East St. Louis.

Chairman read resolution adopted at meeting of the

General Managers, Oct. 15th, 1902, their Circular No. 86, and after considerable discussion, it was

Moved, The Chairman request from each member of the Committee that he be furnished with a copy of the instructions issued by the various roads to their local agents and that after the Chairman receives copy of the instructions issued, from each road he is to issue Circular Letter to all members giving copies of the various notices received.

Uniform Charge For Weighing Light and Loaded Cars When Done at Request of Consignors or Consignees.

Chairman called attention to action taken at meet-

ing Sept. 26th and stated he had as yet not received all replies, and it was

Moved, That the subject be deferred until full information is obtained.

Percentage Divisions in Effect with M. & O. R. R. on Cotton Factory Products From Stonewall, Miss.

This subject was last considered at meeting Oct. 17th. Replies having been received from all members, it was

Moved, That the Chairman advise Chairman, C. F. A. in line with the information received, viz: that none of the lines have any divisions in effect, excepting the T. H. & I. and Wabash R. R.'s, who are operating authorized Mobile, Ala., percents from Stonewall and Enterprise.

Percentage Allowances to the Ill. Terminal R. R.

Percents for Division of Rates Between Southern Illinois Points via East St. Louis and Eastern Cities, Also, Clay, Mountain Glen, Ill., to Cleveland.

These subjects were laid over from Oct. 17th, see proceedings No. 23. The Chairman of the Sub-Committee, to whom they have been referred, requested more time in which to report, which was granted.

Bridge Tolls on L. C. L. Shipments From Trunk Line Territory to St. Louis.

Chairman read letter Oct. 18th from Chairman, C. F. A. on above subject and after considerable discussion, it was

Moved, That Chairman C. F. A. be advised that there being a number of Transfer Companies in addition to those mentioned, operating between East St. Louis and St. Louis and various firms having individual arrangements with them for transporting property across the river, the lines, members of this Committee, object to any of their Eastern Connections publishing rates or

a basis of rates to St. Louis, Mo., as deliveries are accomplished at East St. Louis, Ill., and if they continue to publish rates or a basis of rates to St. Louis they do so entirely at their own risk of overcharge.

Rates and Divisions on Lumber From Points on the M. J. & K. C. R. R.

This subject was last considered at meeting July 18th, see proceedings.

At meetings today, Chairman read Joint Letter, Oct. 22nd, file 8882 from Chairman, C. F. A. and after considerable discussion, it was

Moved, That the matter be referred back to Chairman, C. F. A., with the request that the subject be placed in the hands of the Committee on relation with Southern Roads, for their consideration at next meeting of the Central Freight Ass'n.

Class and Commodity Rates from Colorado Common Points to Trunk Line Territory via East St. Louis.

Chairman read letter from a member on the above subject and after due consideration it was

Moved, That the subject be tabled.

Proposition to Change the Commodity Asphalt, Named in C. F. A. Information No. 3226 to Read Asphalt Rock.

Letter Oct. 18th, file H-681 from Chairman, C. F. A., also letters to and from District Inspector Lake on above subject were read by the Chairman and following was adopted:

Moved, That the subject be laid over until next meeting, in the meantime the Chairman to issue Circular Letter to the members giving copy of the correspondence.

Rating on Dry Sheep Pelts or Sheep Skins, Dry, Pressed in Bales.

This subject was last considered at meeting Sept.

26th, see proceedings No. 20 and was brought up again by a member, he having secured additional information and after discussion, it was

Moved, That the subject be referred to the Official Class'n. Committee calling their attention particularly to the additional information secured by the St. Louis Eastbound Freight Committee and request that further consideration be given to the subject with the view of putting Dry Sheep Pelts, pressed in bales, on the same Official Class'n. basis as Dry Hides, pressed in bales.

Rates on Iron Pyrites or Sulphur Ore and Pyrites Screenings or Sulphide Ore.

This subject was last considered at meeting Sept. 12th, see proceedings No. 18. At meeting today Chairman read letter Oct. 23rd, file H-192, from Chairman, Central Freight Ass'n. on above subject, and it was

Moved, That the subject be tabled.

Rate of 29 Cts. East St. Louis to Newark, N. J., on Licorice Root.

Chairman read letter from a member calling attention to C. F. A., I. C. C. Advice Letter No. 214, Item No. 1, Wabash R. R. publishing rate of 29 cts. per 100 lbs. on Licorice Root, E. St. Louis to Newark, N. J.

The Wabash R. R. representative stated in explanation that the rate was quoted under misapprehension of application of the westbound rate and Tariff issued to cover it, that the Tariff had been cancelled on Oct. 27th.

In consequence of statement made by Wabash representative the subject was laid on the table.

Rate on Bar Iron to Terre Haute and Brazil, Ind.

As instructed at last meeting Chairman issued Circular Letter No. 63, Oct. 25th and after further discussion of the subject at meeting today, it was

Moved, That on account of the effect which the estab-

lishment of a 5 cent rate, East St. Louis to Terre Haute would have on the Bar Iron and Axle rates to other contiguous territory in the way of reducing the present rates, the application be declined.

Application of Export Provision Rates on Stearine in Bags.

Chairman read letter Oct. 20th from the Goodwin Mfg. Co. on above subject and after discussion it was

Moved, That action on the subject be deferred until next meeting, in the meantime the Chairman to take the matter up with Chairman, C. F. A. and secure his views on the proposition.

Percentages, Cairo Via East St. Louis to Trunk Line Points.

Chairman stated that as instructed at last meeting he had issued Circular Letter (No. 65) embodying report of the Rate Clerks' meeting. After due consideration of the subject, it was

Moved, That as the report of the Rate Clerks did not meet the situation in its entirety, another meeting of the Rate Clerks be called to consider the matter further in connection with the additional information to be furnished by the interested lines.

Rates on Zinc Oxide to C. F. A. Territory.

Chairman read letter from a member requesting that the same rates be authorized to apply on Zinc Oxide as are in effect on Sublimed Lead, and it was

Recommended, To the Central Freight Ass'n. that the same rates be established on Zinc Oxide, C. L. minimum weight as per Official Class'n. from East St. Louis to:

	Per 100 lbs.
Akron, Ohio	13½ cts.
Barberton, Ohio	13½ cts.
Cleveland, Ohio	13½ cts.
Columbus, Ohio	13 cts.
Dayton, Ohio	11 cts.

Indianapolis, Ind.	10½ cts.
Kokomo, Ind.	10½ cts.
Toledo, Ohio	13 cts.
Warren, Ohio	13½ cts.
Youngstown, Ohio	13½ cts.

as are published by initial lines from East St. Louis on Sublimed Lead.

Signing Bills of Lading on Cotton Waiving the Insurance Clause.

Chairman read letter Oct. 30th, file 9984 from Chairman, C. F. A. on the above subject and the following action was taken.

Moved, That the subject be submitted to the members by Circular Letter and be further considered at next meeting.

Insurance of Bills Lading on Cotton Notes or Receipts.

This subject was brought up by letter from a member (See Circular Letter Nos. 59 and 60.) The Chairman read letter referred to and after discussion, it was

Moved, That the members of this Committee file with the Chairman, at once, a list of the representatives to whom they have sent a copy of the notice in regard to issuing Bills Lading on Cotton forwarded from the St. Louis Cotton Compress Co.

Rate on Fire Brick, C. L. to Trunk Line Territory.

This subject was last considered at meeting July 11th, see proceedings No. 11, was again brought up by a member at meeting today and following action taken:

Recommended, To the Central Freight Ass'n. that they authorize rate of 23c per 100 lbs., East St. Louis to New York, usual differentials to other Trunk Line Points on Fire Brick (released to a valuation of $5.00 per ton) C. L. minimum weight 40,000 lbs. unless capacity of car is less, in which case actual capacity of car will be the minimum weight, but in no case less than 30,000 lbs.

Present rate is 6th class, the rate asked for is the same as authorized on Building, Hollow, Pressed Brick, etc., the valuation of ordinary Pressed Brick being about $7.00 and of Fire Brick, about $4.50 per ton.

Meeting convened 10:30 a. m.

Percentage Allowance to the Illinois Terminal R. R.

Percents for Division of Rates Between Southern Illinois Points via East St. Louis and Eastern Cities —Also Clay, Mountain Glen, Illinois to Cleveland.

These subjects were laid over from Oct. 31st, see proceedings No. 25. The Chairman of the Sub-Committee, to whom they have been referred, requested more time in which to report, which was granted.

Proposition to Change the Commodity Asphalt, Named in C. F. A. Information No. 3226 to Read Asphalt Rock.

Rates and Division on Tomatoes From Mexico via East St. Louis to Eastern Cities.

Rates on "Ore" Named in C. F. A. Information No. 615. Series A.

Several of the members not being prepared to act on above subjects, it was

Moved, That action on the subjects be deferred until next meeting.

Rates on Muriatic and Sulphuric Acid to Niles, Ohio.

Chairman read letter from a member on above subject making application for rate of 14 cts. per 100 lbs. and after due consideration, it was

Moved, That the application be declined.

Signing Bills Lading on Cotton Waiving the Insurance Clause.

Chairman read Circular Letter No. 68, which he had issued as instructed at last meeting, and after due consideration following was adopted:

Moved, That action on the subject be deferred until next meeting, in the meantime the Chairman to issue Circular Letter to the members, requesting each line to furnish him with a copy of their bill of lading.

Rate on Cotton Seed Meal, Little Rock, Ark., Via East St. Louis to New York vs. Cairo and Cincinnati.

Chairman read letter from a member stating that the through rates via Cairo and Cincinnati are 1½ to 2½ cts. per cwt. less than via East St. Louis, and after due consideration following action was taken:

Recommended, That the matter be referred to the Chairman of the Central Freight Ass'n. to be presented to the Committee on Relation with Southern Roads for proper adjustment.

Minimum Carload Weight on Potatoes.

This subject was last considered at meeting Oct. 17th, see proceedings. At meeting today Chairman read letter Nov. 4th from the St. Louis Fruit & Produce Exchange and it was

Moved, That the communication from the St. Louis Fruit & Produce Exchange be forwarded to Chairman Tucker with the request that it be made a part of the correspondence.

Rates on Zinc Oxide to Trunk Line Territory.

Chairman read letter from a member requesting that the same rates be authorized to apply on Zinc Oxide as are in effect on Sublimed Lead and it was

Recommended, To the Central Freight Ass'n. that the same rates be established on Zinc Oxide, C. L. minimum weight as per Official Class'n. from E. St. Louis to Boston, Mass. 20.8c, New York, N. Y., 18.9c, Philadelphia, Pa., 17c and Baltimore, Md., 16c per 100 lbs. as are pupblished by initial lines from E. St. Louis on Sublimed Lead.

Percentages, Cairo via East St. Louis to Trunk Line Territory.

Chairman read letter Nov. 4th, from G. F. A., T. H. & I. R. R. giving notice as to their having a satisfactory working arrangement with the M. & O. R. R.,

also stated that in accordance with resolution adopted at meeting Oct. 31st (see proceedings), the Rate Clerks met in this office Nov. 6th and submitted the following report:

"The Rate Clerks, Sub-Committee of the St. Louis Eastbound Freight Committee, report to the general meeting that owing to the refusal of the Vandalia Line to re-open the division question on the ground that said Company has already a satisfactory working arrangement with the M. & O. R. R. we find it impracticable to recommend any plan, unless the Vandalia Line, as well as all others interested unanimously agree.

It is, however, suggested for consideration at the general meeting that in view of the fact that the various Fast Freight Lines are continually adding to their division basing points that it may be eventually found practicable to recommend legislation for Cairo Proportional pro-rate (modeled on Memphis Division Circular No. 1646, issued by Chairman, J. F. Goddard) with the understanding, to govern in connection therewith, that the lines, Cairo, etc., to East St. Louis are to receive as their pro-rata the division determined by the Rate governing the point of destination.

Explanatory Note.—Special Notice No. 437 names 49 Eastern Division Basing Points; so far as investigation has proceeded there has positively developed the fact that there are in excess of 70 additional Eastern Division Basing Points so that Special Notice No. 437 includes barely more than one-third of the Eastern Division Basing Points as known at present and the number is continually increasing.

In view of the above it was

Moved, That the subject be tabled.

Rate on Rock Salt, E. St. Louis to Cleveland, Ohio.

Chairman read letter from a member making application for rate of 10 cts. per 100 lbs. on Rock Salt in bulk, C. L. minimum weight as per Official Class'n.,

East St. Louis to Cleveland and after due consideration it was

Moved, That the subject be referred to the Central Freight Ass'n for consideration by the Salt Committee.

Meeting convened 10:30 a. m.

Issuing Bills Lading on Cotton Notes.

This subject was considered at Special Meeting Nov. 10th and Circular Letter No. 74 issued as instructed.

The Chairman stated he had received letter Nov. 19th, file CC-635 from A. G. F. A., Southern Ry. to the

effect that the Southern Ry. and Term'l. R. R. Ass'n. will issue Dray Tickets on the Cotton Notes of the St. Louis Cotton Compress Co. for cotton to be shipped via all lines.

The Chairman read the letter and after discussion the following was adopted:

Move you, Mr. Chairman, that the resident members be furnished with a copy of Mr. Campbell's letter and the subject be laid on the table.

See Circular Letter No. 78, Nov. 22nd.

Rate of 17 cts. per cwt. on Cattle East St. Louis to Cleveland to Equalize Via Chicago.

Chairman read letter Nov. 8th, file 9899 from Chairman, C. F. A., on this subject, and after discussion following was adopted:

Moved, That Chairman C. F. A. be requested to lay the matter before the Central Committee as the lines who met the Chicago Combination are not prepared at this time to recede from the position they have taken.

Signing Bills of Lading on Cotton Waiving the Insurance Clause, Also Request for Copies of Bills Lading.

Chairman stated he had issued Circular Letters No. 68 and 73, as instructed at meetings Oct. 30th and Nov. 7th.

It was stated by members that their Bills Lading were printed in accordance with the Uniform Bill of Lading provided for in the Official Class'n. (See Note 2, page 14, Official Class'n. No. 22), and after discussion following was adopted:

Moved, That Chairman, C. F. A., be replied to, that as the form for the Uniform Bill of Lading, as provided for in the Official Class'n. contains the following:

Note 2: Any carriers who so elect may print either or both of the following clauses respectively in Conditions 3 and 11 of their bills of lading:

"Any carrier or party liable on account of loss or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property."

"And any carrier by water, liable on account of loss of or damage to any of said property, shall have the full benefit of any insurance that may have been effected upon or on account of said property."

It is optional for the carrier that has elected to print either or both of these clauses on their Bills of Lading to erase them if they see fit and that the subject therefore be laid on the table.

Letter from M. & O. R. R. Proposing Use of Mobile Rate from Points on Mobile River to Seaboard Cities.

Chairman read letter from a member submitting copy of letter Nov. 12th, file D, received from G. F. A., M. & O. R. R. on above subject and after much discussion following was adopted:

Resolved, That G. F. A., M. & O. R. R. be advised that it will be necessary for him to take the subject up through the Southeastern Mississippi Valley Ass'n., then Central Freight Ass'n., etc.

Roll was called for the purpose of ascertaining whether any of the members had concurred in the figures submitted by G. F. A., M. & O. R. R., with following result:

B. & O. S. W., C. & A., C. C. C. & St. L., C. P. & St. L., I. C., So. Ry., Wabash and T. H. & I. R. R. "No." Also T. St. L. & W. R. R. answer "No" to enquiry by "Phone."

Rates and Divisions on Tomatoes From Mexico Via East St. Louis to Eastern Cities.

Chairman stated that this subject was submitted at last meeting (See proceedings No. 26) and laid over. After discussion to-day, it was

Moved, That the application be declined.

Proposition to Change the Commodity Asphalt Named In C. F. A. Information 3226 to Read Asphalt Rock.

This subject was considered at last meeting and laid over (See proceedings Nov. 7th) and after further consideration to-day, it was suggested that Chairman, C. F. A. be replied to, to the effect "That Asphaltum and Asphalt are the same Commodity and are generally shipped in their original state, i. e., without having undergone any process of manufacture, being mixed with sand, etc., where and when used.

Asphalt Rock is a material combination of Asphalt or Bitumon with Sand or Sandstone and is used for paving purposes after simply being crushed or ground and heated and rates as authorized should stand unless different rates are authorized on Asphalt and Asphaltum, respectively, in which event they should be reconciled."

Meeting convened 10:30 a. m.

Letter From Chairman, C. F. A. Regarding Application for Rate on Zinc Oxide, Also Regarding Present Rates on Sublimed Lead.

This subject was last considered at meeting Nov. 7th.

Chairman read letters from Chairman, C. F. A., Nov. 12th file H-759, Nov. 20th, file H-784 and Nov. 24th, file 9069 regarding the above.

After a general discussion, during which it was stated that the subject of rates on Pig Lead, etc., was to be considered by the Central Committee at meeting in Chicago next week, it was

Moved, That the subject be laid over until after consideration and action by the Central Committee on the question of Pig Lead Rates from the Missouri River.

Rate on Earth Paint, vs. Zinc Oxide.

This subject was considered at meeting Nov. 21st and laid over.

After consideration at meeting to-day and in view of statement made by one of the members with reference to rates on Pig Lead, Sublimed Lead, etc., being considered by the Central Committee at meeting next week it was

Moved, That action on the subject be deferred until after consideration and action by the Central Committee on the question of Pig Lead Rates from the Missouri River.

Switching and Reconsignment Charge on Cars at St. Louis and E. St. Louis

This subject was considered at meeting Nov. 21st and laid over, it being stated that the subject had been referred back to the Gen'l. Managers by the Local Frt. Agt's. Ass'n.

After consideration of the subject at meeting to-day, it was

Moved, That the subject be laid on the table.

Letter From Chairman, C. F. A. Regarding Application of Lumber Rates on Wagon Material Only and Not on Carriage or Other Vehicle Material.

Chairman read Joint Letter Nov. 18th, file Information 3744, from Chairman, C. F. A. on above subject.

In the discussion following reading of letter it was stated by a member that it was impossible to determine the difference between Carriage material and material for light wagons and that when the action referred to by Chairman, C. F. A. was taken it was intended to cover Vehicle material taking 5th class or less, and following action was taken:

Moved, That it is the sense of this Committee that it was contemplated, when the rule was established,

placing Wagon Material on the Lumber basis, that Carriage or Buggy material taking 5th class or less was to be covered as well.

Through Rates on Lumber From the West Via Cairo, Thebes and East St. Louis to Trunk Line Territory.

Chairman reported progress made on this subject, reading letters received from Mr. J. A. Middleton, G. F. A., Frisco, Nov. 24th, file 94, and letter Nov. 21st, file A from G. F. A., St. L. & W. R. R., also stated he had received copy of C. & E. I. R. R. Supplement Nov. 3 to Tariff I. C. C. No. 805, reinstating rates as shown in Tariff proper.

After some discussion on the subject, it was

Moved, That action on the subject be deferred until next meeting.

Percentage Allowance to the Illinois Terminal R. R.

Percents for Division of Rates Between Southern Illinois Points via East St. Louis and Eastern Cities.

These subjects have been considered at previous meetings and referred to a Sub-Committee. At meeting to-day the Chairman read report of the Sub-Committee and after due consideration, it was

Moved, That the report of the Sub-Committee be received, the Committee discharged, and the Chairman instructed to send a copy of the report by Circular Letter to the resident members of the Committee only, the subject to be further considered at next meeting.

Rates and Weights on Wool.

Chairman stated this subject was brought up by letter Nov. 17th, file 9133 from Chairman, C. F. A., enclosing copy of proceedings Committee Meeting Oct. 29th which were read by the Chairman and after discussion it was

Moved, That a Committee of three be appointed of which the Chairman shall be the Chairman to consider the Wool Proposition and that the different members of the Committee shall file with the Sub-Committee, through the Chairman an expression of their views on the Wool proposition in order to enable the Sub-Committee to arrive at an intelligent conclusion and that the Sub-Committee's report be submitted to this Committee at the next meeting.

Note: The Chairman appointed as the Committee, Messrs. Nichols, Taylor and Hart.

With the view of giving the Sub-Committee an idea as to the lines to work upon, the following was also adopted:

Moved, That it is the sense of this Committee that the Sub-Committee be requested to consider the subject of rates on Wool with the view to eliminating all proportional rates on that Commodity.

Note: The Chairman was instructed to issue Circular Letter to resident members, giving copy of resolution adopted at meeting today and ask for their views on the proposition.

Clay, Mountain Glen, Ill., to Cleveland, Ohio.

This subject was brought up by Chairman Tucker and considered at previous meetings, see proceedings Sept. 26th.

After further consideration of the subject at meeting today, the following was adopted:

Moved, That it is the sense of this Committee that there is no restriction placed upon any of the C. F. A. lines as to the divisions with others on duly authorized rates between points in C. F. A. Territory.

Glass and Commodity Rates from Colorado Common Points to Trunk Line Territory.

Chairman read letter Nov. 22nd, file No. 10 from

Chairman, Trans-Missouri Freight Bureau on above subject and it was

Moved, That action on this subject be deferred until next meeting.

Application to Establish Lower Rating on Empty Bags, Second-Hand Returned.

Chairman read letter Nov. 20th and following was adopted:

Moved, That applicants be advised that same conditions are general throughout the territory and that it becomes a Classification matter rather than one of Commodity and that if they desire a lower rating than at present in effect it will be necessary for them to make application to the Official Class'n. Committee for rating on the bags in the Official Class'n. territory.

Rates and Divisions on Lumber from M. & O. Points to Eastern Cities, via Cairo and East St. Louis.

Rate of 17c per Cwt. on Cattle, East St. Louis to Cleveland to Equalize vs. Chicago.

The above subjects were considered and it was

Moved, That action be deferred until next meeting.

Rate on Wheat, East St. Louis to Battle Creek, Mich.

Chairman read letter Nov. 24th from a member on above subject and after consideration it was

Moved, That the Chairman be instructed to take this subject up with Chairman, C. F. A., with the view to having the C. B. & Q. R. R. cancel their tariff, C. B. & Q., G. F. O. No. 10376, I. C. C. 3613, Oct. 13th, 1902, and maintain the authorized tariff rates on this traffic.

Beer, C. L., East St. Louis to Virginia Points.

Chairman stated that he was requested to bring this subject up at meeting today with the view of the St. Louis Eastbound Committee taking action on the subject.

It was suggested that the Chairman reply to the party making the request that it will be necessary for him to take the question up direct with the Virginia Lines, as the Eastbound Committee has no jurisdiction in the matter.

Rate on Crude Barytes Ore to Western Termini Points.

This subject was brought up by a member, who stated as follows:

This concerns the question of rates on Crude Barytes or Barytes Ore from East St. Louis to Western Termini Points. The Rate on Barytes a manufactured article and of greater value than Crude Barytes Ore is 15½ cts. per 100 lbs. to Western Termini Points and the rate on the Crude Barytes Ore is the same, as per C. F. A. Information No. 3103 and 3398 while on Barytes we have a basis from East St. Louis to New York of 23½c and on Crude Barytes Ore we have a basis of 20 cts. a difference of 3½c per 100 lbs. in favor of the Crude Product. (See C. F. A. 618-A.)

Certain parties have called attention to this rate adjustment and are praying for relief, claiming that they should not be called upon to pay the same rate on the Crude Product as on the manufactured article.

A general discussion followed, and it was

Moved, That a rate of 13½ cts. per 100 lbs. be recommended to the Central Freight Ass'n. on Crude Barytes Ore from East St. Louis to Western Termini Points, in line with the rate to New York, etc., authorized by C. F. A. Information No. 618-A.

Percentage Allowance to the Illinois Terminal R. R.

Percents for Division of Rates Between Southern Illinois Points via East St. Louis and Eastern Cities.

Chairman stated that the report of the Sub-Committee on above subjects had been considered at last meeting and Circular Letter issued as instructed. (See Proceedings Nov. 28th and Circular Letter No. 80.)

On account of the member who requested that Circular be issued, being absent from meeting today, it was

Moved, That action on these subjects be deferred until next meeting.

Rates and Weights on Wool.

Chairman stated that the Sub-Committee appointed at last meeting to consider this subject were ready to report.

It being stated that it was very important that the representative of the L. H. & St. L. Ry. be present, it was

Moved, That the subject be laid over until next meeting.

Proportional Rate on Mussel Shells, C. L., to C. F. A. Points.

Chairman read correspondence between G. F. A., C. P. & St. L. Ry. and Chairman, C. F. A., regarding rate on Mussel Shells, and it was

Moved, That the Chairman take the matter up with the roads that are operating the unauthorized rates with the view to having them conform to the C. F. A. Rulings.

Class and Commodity Rates from Colorado Common Points to Trunk Line Territory via East St. Louis.

Chairman stated that this subject was submitted at last meeting and laid over.

At meeting today letter November 22nd, file No. 10, from Chairman, Trans-Missouri Freight Bureau was read and after careful consideration, the following was adopted:

Moved, That the Chairman of this Committee advise Mr. Poteet, that lines, members of this Committee, cannot concur in the Tariff excepting on basis of regularly established local rates east of the Mississippi River.

The Chairman was instructed to call the roll for the purpose of ascertaining whether or not any of the lines, members of this Committee have concurred in rates as per Trans-Missouri Freight Bureau Joint Freight Tariff No. 1-H, divided on basis shown in their percentage sheet No. 1-G.

Roll was called as requested and B. & O. S. W., C. & A., C. P. & St. L., C. C. C. & St. L., Ill. Cent. and Wabash R. R.'s, answered in the negative.

Note: Answer of the absentees on the above inquiry to be secured and reported at next meeting.

After the above information is received the Chairman is to present the subject to the Chairman, Central Freight Ass'n. with the view of his ascertaining whether any of the lines operating eastwardly from Upper Mississippi River Crossings, East St. Louis to East Dubuque, inclusive, are parties to the rates and divisions mentioned, this Committee to be advised later.

Rates and Divisions on Lumber from M. & O. Points to Eastern Cities, via Cairo and East St. Louis.

This subject was submitted at meeting Nov. 28th and laid over.

At meeting to-day Chairman read letters from members on the subject and after discussion, it was suggested that the roll be called for the purpose of ascertaining if any line is accepting less than the authorized basis on Lumber from M. & O. Points, etc.

Roll was called as requested and all members present stated that they were strictly maintaining authorized basis.

After further discussion, it was

Moved, That the subject be tabled, and that it is understood in tabling the question, that no line, member of this Committee will pro-rate the rates, proposed by G. F. A., M. & O. R. R. in letter dated Nov. 22nd, file 69360-D and that roll call be had on the resolution and vote of the absentees be obtained by the Chairman.

Roll was called as requested and all members present voted the affirmative. The vote of absentees to be reported later.

Rates on Lumber From North Pacific Coast Points.

Chairman read letter Nov. 24th, file 7330-B from Chairman, C. F. A., also, resolution adopted at meeting in Chicago 20th, and it was

Moved, That action on the subject be deferred until next meeting.

Signing Bills Lading on Cotton Waiving the Insurance Clause.

Chairman read letter Dec. 1st, file 21236 from A. G. F. A., B. & O. S. W. R. R., also letter Nov. 29th, file 9984 from Chairman, C. F. A. regarding above subject and after much discussion, it was

Moved, That the subject be tabled.

Barytes, Barytes Ore and Silex.

Chairman read letter Dec. 1st, file 10077 from Chairman, C. F. A., regarding the above subject, and it was

Moved, That the Chairman make inquiry of the several lines, members of this Committee whether they have any rates in effect less than the authorized figures, given in Chairman, C. F. A. letter.

Application, M. & O. R. R. to Apply Syracuse Divisions (C. F. A. Information 76, March 22nd, 1899) on Lumber for Rochester, N. Y.

Chairman read letter Dec. 2nd, file W from G. F. A., Wabash R. R., submitting letter Nov. 21st, file 72994-D from G. F. A., M. & O. R. R., on above.

After discussion the representative of the Wabash R. R. requested permission to withdraw the subject, which was granted.

Clay, Mountain Glen, Ill., to Cleveland, Ohio.

Chairman read letter Dec. 4th, file 9795 from Chairman, C. F. A., in answer to letter Nov. 29th, file 3265, quoting action Nov. 28th on the above subject (See proceedings No. 28) and it was

Moved, That the subject be tabled.

Withdrawal of Proportional Rate on Cattle and Hogs, East St. Louis to Indianapolis.

Meeting convened 10:30 a. m.

Issuing Bills Lading on Cotton Notes.

This subject was last considered at meeting Nov.

21st, subject tabled and members furnished by Circular Letter No. 78, Nov. 22nd, with copy of letter Nov. 19th, file C-C-635 from A. G. F. A., Southern Ry. See Proceedings No. 27.

At meeting to-day letters from members were read to the effect that arrangement promised by Southern Ry. and Terminal R. R. Ass'n. had not become operative, also that resolution adopted at meeting Nov. 10th, was not being adhered to by all Roads and Lines, and it was

Moved, That the Chairman take the subject up with the Southern Ry. and Terminal R. R. Ass'n. with the view to ascertaining what steps have been taken as to carrying out the conditions outlined in letter Nov. 19th, also take the subject up with the T. St. L. & W. with the view to ascertaining whether or not they control the Fast Freight Lines working over the T. St. L. & W. R. R.

Rates and Divisions on Lumber from M. & O. Points to Eastern Cities via East St. Louis and Cairo.

This subject was considered at meeting Dec. 5th. See Proceedings No. 29.

Chairman reported that members absent on 5th favored the action taken and G. F. A., M. & O. R. R. will be advised by letter 20th.

Rates and Weights on Wool.

This subject was last considered at meeting Nov. 28th and referred to Sub-Committees. See Proceedings No. 28.

At meeting to-day Chairman read Majority report also minority report of the Sub-Committee. After discussion, it was

Moved, That the Majority Report be adopted as the sentiment of the St. Louis Eastbound Freight Committee.

The roll being called a majority of the members present and absentees interviewed later, expressed

themselves as in favor of the Sub-Committees report as follows:

"Your Sub-Committee, appointed as per motion adopted at meeting Nov. 28th, to consider the question of adjustment of rates on Wool, begs leave to submit the following report, having in mind a later motion adopted at said meeting, whereby it was the expressed sense of the Committee that proportional rates on this Commodity should be eliminated.

Your Committee has arrived at its conclusions on the following premises:

1st: The present authorized basis of Rates on Wool from River Crossings contemplates the observance of a certain minimum weight (20,000 lbs.) Rule 5-C not to apply on Wool traffic from St. Louis proper, but Rule 5-C to apply on certain Proportional Rates authorized to apply from East St. Louis on Wool Traffic from specified territory beyond.

2nd: The present irregularities in Wool Rates from Mississippi River Crossings have arisen from disadvantages, claimed by some roads, wherein they could not, by reason of inability to provide equipment. respect the restriction imposed by the authorized basis, in matter of Minimum Weights and when possible to furnish equipment that would load to the minimum, such lines were prohibited from running their cars through by reason of physical obstruction (tunnels.) On account of these difficulties some lines have positively declined to be governed by the conditions of the authorized basis in matter of Minimum Weight and the situation to-day, as an outgrowth of these conditions, is practically the application of one rate on Wool, regardless of the quantity.

Based on these premises, as well as the belief that the following is the only practical solution of the question, your Committee would Recommend adjustment of rates as follows:

Wool, Scoured, Pulled or Tub-Washed, in bags, sacks or bales, 1st class, any quantity.

Wool, In the Grease, in bags, sacks or bales, 3rd class, any quantity.

That all Commodity Rates on Wool, proportional or otherwise be at variance with above, be abrogated.

That the Official Class'n. be amended to correspond with the recommendation herein expressed."

It was further

Moved, That the Majority report of the Sub-Committee be submitted to the Central Freight Ass'n. as the recommendation of this Committee.

Proportional Rates on Mussel Shells, C. L. to C. F. A. Points.

Chairman stated as instructed at meeting 5th (See Proceedings No. 29) he had written D. F. A., T. St. L. & W. R. R. and received satisfactory reply.

G. F. A., C. P. & St. L .Ry. stated that they had taken out the Proportional Rate which disposes of the subject for the present.

No further action being necessary on the part of the Committee, it was

Moved, That the subject be tabled.

Barytes, Barytes Ore and Silex.

This subject was last considered at meeting Dec. 5th and inquiry ordered to ascertain whether any less than authorized rates in effect. (See Proceedings No. 29.) Satisfactory replies having been received from members the Chairman read letter Dec. 9th, file 10077-K from Chairman, C. F. A., also letter from a shipper, and it was

Moved, That the Lines, members of this Committee, individually recommend to the Central Freight Ass'n. that inasmuch as the Commodities, Crude Barytes Ore and Barytes, C. L. which is produced in territory tributary to the St. Louis Gateway, comes in direct competition with the imported Commodity of the same nature, from Germany, that the present adjustment of making it impossible for the producers in this ter-

ritory to serve the trade at Western Termini and points east thereof. They would suggest, however, that the Minimum Weight on these Commodities be advanced from 30,000 lbs. to 40,000 lbs. per car.

As to the rates on Silex, the Committee leaves the adjustment of those rates in the hands of the Uniform basis of rates Committee.

Rates on Grain and Grain Products to Terre Haute, Brazil, Etc.

This subject was considered at last meeting and laid over, account Vandalia Line not being represented.

It being stated that as this subject was disposed of by the issuance of Information No. 3742, no further action on the part of this Committee was necessary and it was

Moved, That the subject be laid on the table.

Withdrawal Proportional Rate on Cattle and Hogs to Indianapolis.

This subject was considered at last meeting and laid over account of Vandalia Line not being represented. After further discussion of the subject at meeting to-day, it was

Moved, That it is the sense of this committee that the Proportional Rate on Cattle and Hogs from East St. Louis to Indianapolis as per C. F. A. Information No. 2655 should be withdrawn and lines operating the rates be requested to cancel same.

Note.—Chairman to issue Circular Letter to all members regarding the cancellation of the rates if in effect via their lines, requesting prompt reply.

Rates on Grain and Grain Products, East St. Louis to Central Freight Ass'n. Points.

Chairman stated that in accordance with letter 15th, file 10077-C from Chairman, C. F. A., regarding rates on Grain and Grain Products, as per C. F. A. Infor-

mation No. 3842, Dec 15th, Circular Letter No. 85, Dec. 16th, was issued calling meeting at this office 18th.

After due consideration of the subject the Committee of Rate Clerks checked in rates to the Basing Points named in Minimum Basing Book No. 9, as follows:

From East St. Louis, Ill., to

Akron, Ohio	11½ cts.

After consideration of the above mentioned Basing Rates at meeting of the General Committee, Dec. 19th, the report of the Sub-Committee was approved, the rates to become effective Jan. 1st, 1903, in line with Central Freight Ass'n. Information No. 3842.

It was also

Recommended, That the Chairman, Central Freight

Ass'n., attention be especially called to the basis fixed to Youngstown, in Information No. 3842, on basis of Western Termini rates of 15½ cents. Inasmuch as the Cleveland rate from East St. Louis is only 11½ cents thus showing a spread of 4 cents in the rate, whereas the spread on 6th class from East St. Louis to Cleveland and Youngstown is only 1 cent, it is the sense of this Meeting that the Central Freight Ass'n. be requested to modify C. F. A. Information No. 3842 to the extent of establishing a rate not to exceed 14 cents per 100 lbs., East St. Louis to Youngstown and points shown as taking the same rates in Minimum Basing Book No. 9.

Joint Letter 5th Regarding Cancellation of Rates on Muriatic and Sulphuric Acid, Etc.

Chairman read Joint Letter Dec. 5th signed by Traffic Officers, I. C. R. R., C. R. I. & P. R. R. and C. B. & Q. R. R. (See Circular Letter No. 84, Dec. 8th) regarding above subject and after discussion, it was

Moved, That the Chairman reply to the gentlemen that this subject is now in the hands of the proper C. F. A. Committee who are looking into the matter.

List of Belt and Spur or Industry Tracks, Their Traffic Arrangements, Etc.

Chairman read letter Dec. 8th, file H-788½ from Chairman, C. F. A. on the above subject also Advice Letter No. H-788½, Nov. 15th, and it was

Moved, that the Chairman take steps to secure the information in accordance with Chairman, C. F. A. request.

Percentages, Cairo via East St. Louis to Trunk Line Points.

Chairman read letter 9th, file 9951 from Chairman, C. F. A., also letter Dec. 16th, file 94, from A. G. F. A., Frisco and other correspondence on above subject and after discussion, it was

Moved, That a Special Committee of six (6) be appointed of which the Chairman is to be Chairman Ex-Officio, to consider this question and make a recommendation to the Committee.

The Chairman appointed as the Committee Messrs. Hart, Nichols, Taylor, Becker, Coyle and Bushnell.

Note.—The Chairman to arrange for time and place of meeting.

Request for Reduced Rating on Sausage Casings, Returned.

Chairman read letter from a shipper, submitted by A. G. F. A., Wabash R. R., requesting reduced rating on Sausage Casings, returned, and it was

Moved, That the request be declined.

Letter regarding Terminal Regulations in Making Deliveries at World's Fair Site.

Chairman read letter from a member on above subject. It was stated that Circulars had been issued by the Interstate Car Transfer Co. and by the Wiggins Ferry Co., requesting prepayment of charges to them, on deliveries to World's Fair Site and that so far as could be seen nothing could be done but to comply with the Circulars.

After considerable discussion, it was

Moved, That the Chairman take the question of Terminal charges from E. St. Louis to the Buildings in the World's Fair Site Grounds up with Traffic Manager Ristine of the World's Fair Ass'n. with the view to arriving at a method to facilitate the handling of traffic and also confer with Mr. Ristine regarding special rates on exhibits with the view to having him make the necessary applications to the various Trunk Line Ass'ns. for the usual rates on exhibits, etc.

Note: It was suggested that the Chairman should secure a copy of the Interstate Car Transfer Co. Circular, dated Dec. 11th and Wiggins Ferry Co. Circular,

1031

dated Dec. 10th, Chairman also to endeavor to get similar Circulars of the Term'l. R. R. Ass'n. and other companies.

Tabulating Statistics on Export Traffic, July 14th, Sept. 13, 1902.

Chairman read letter Dec. 12th, file 8944 from Chairman, C. F. A., asking whether he should issue statistics provided for at meeting, C. F. A. Rooms, July 2nd, 1902, and after much discussion on the subject, it was

Moved, That the matter be laid over until there is a full representation of the Committee.

Rate on Wheat to Battle Creek, Mich.

This subject was considered at meeting Nov. 28th. See Proceedings No. 25.

Chairman stated that as instructed he had taken the subject up with the C. B. & Q. R. R., etc., and had copy of C. B. & Q. Tariff making rate 10½ cts. effective Dec. 20th, also letter from T. St. L. & W. R. R., that effective Dec. 29th their rate to Battle Creek would be 10½ cts.

The Chairman was instructed to advise members of the Committee by Circular Letter in line with information he had received.

Rates on Sheet Zinc.

Chairman read letter Dec. 15th, file B-3 from G. F. A., Mo. Pac. Ry., on above subject and after discussion, it was

Moved, That the Chairman take the matter up with Chief Inspector Rainer for the purpose of ascertaining whether the Spelter rates are applied on Sheet Zinc from Peru and La Salle, Ill., to Peru, Muncie and Marion, Ind., Cincinnati, Ohio, etc. The subject to be further considered at next meeting.

Transportation Account Lumber, Logging or Other Industrial Railroads and Private Car Lines.

Chairman stated that he was requested by a mem-

ber to bring up the subject of issuing transportation to Lumber, Logging or other Industrial Railroads and Private Car Lines.

After discussion, it was

Moved, That the Chairman address a communication to the members of this Committee asking them especially whether or not they intend to issue or recommend the issuance of transportation to Lumber, Logging or other Industrial Railroads and Private Car Lines it being the sense of this Committee that it is not expedient to issue transportation of this character.

Percents for Division of Rates Between Southern Illinois Points via East St. Louis and Eastern Cities.

These subjects were laid over from meeting 19th inst. Upon the request of the T. H. & I. representative, who stated he was not as yet prepared to act upon the subjects, they were laid over until next meeting.

Class and Commodity Rates from Colorado Common Points.

This subject was considered at meeting Dec. 5th, (See Proceedings.) Owing to the absence of members who had as yet not expressed their views on the resolution adopted at meeting Dec. 5th, it was

Moved, That the subject be laid over until next meeting.

Issuing Bills Lading on Cotton Notes.

This subject was considered at meeting 19th and as instructed Chairman wrote 22nd to Messrs. Campbell, Penny and Keane, but as yet no replies were received. Owing to the absence of Messrs. Campbell and Keane, it was

Moved, That the subject be laid over until next meeting.

Request for Lower than Official Class'n. Rating on Cloth, Filtering or Oil Press Bagging in Bales, C. L.

Chairman stated that this subject had been considered at meeting 19th and laid over.

After further consideration today, it was

Moved, That the application be declined.

Issuing Bills Lading on Receipts of Columbia Transfer Co.

This subject was considered at meeting 19th and laid over.

After further consideration today following was adopted:

Moved, That it is the sense of this Committee that this subject is properly to be handled as an independent proposition by the several lines.

Terminal Regulations in Making Deliveries at World's Fair Site.

This subject was considered at meeting 19th and as instructed Chairman wrote Dec. 22nd to Mr. G. W. Ristine, also to the representative of the Interstate Car Transfer Co., Wiggins Ferry Co. and Term'l. R. R. Ass'n. but replies had not been received, and it was

Moved, That the subject be laid over with the understanding that the Chairman prosecute the matter.

Rates on Lumber from North Pacific Coast Points.

This subject was first considered at meeting Sept. 19th and at subsequet meetings. (See Proceedings.)

After consideration of the subject at meeting today, it was

Moved, That the matter be tabled.

Status of Eastbound Committee Regarding Rates from E. St. Louis to Virginia Common Points.

Chairman stated he was requested by a member to bring up this subject which was considered at meeting 19th and laid over at that time.

Chairman read action of Meeting Nov. 28th, 1902, regarding rate on Beer, C. L. to Virginia Points. (See Proceedings No. 28.)

After discussion, it was

Moved, That the Chairman give the member the information he desires.

Rates on Ore.

The above subject was submitted to members by Circular Letter No. 72, Nov. 6th and on docket Nov. 7th, 21st and Dec. 19th and laid over.

At meeting today it was stated that the rates had been reissued in same manner by C. F. A. Info. 834, applying on Ore, etc., and it was

Moved, That the subject be tabled.

Rate on Earth Paint.

Chairman read letter Dec. 15th from a shipper regarding above subject, and it was

Moved, That the communication be received and placed on file.

Rates on Enameling Plate and Steel Bolsters to Trunk Line Territory.

This subject was last considered Oct. 22nd, 1901,

(See Proceedings dated Oct. 31st, 1901.) Chairman read letter Dec. 12th, file 10077-A from Chairman C. F. A. A general discussion followed and the representative Wabash R. R. announced that the Wabash was not prepared to cancel the rate on Enameling Plate. It was then

Moved, That action on the subject be deferred until next meeting.

It was suggested that the Chairman reply to Chairman, C. F. A. to the effect that the Rate on Enameling Plate cannot be advanced but that the subject of advancing the Rate on Steel Bolsters is under consideration.

Shippers to Specify on Shipping Ticket Kind of Lumber Offered for Shipment.

Chairman read C. F. A. Advice Letter H-876 on above, also letter from a member. After discussion member requested permission to withdraw the subject which was granted.

Rates on Brick to C. F. A. Points.

Chairman stated that in line with Chairman, C. F. A. Advice Letter No. H-878½ the Rate Clerks had meeting in this office, 23rd and adopted the following:

Resolved, That inasmuch as the rates on Brick, etc., from E. St. Louis should be checked in line with those proposed from Chicago rather than those adopted from the Ohio and Penna. Districts, that the St. Louis Committee would ask for the figures as checked by the Chicago Committee on which to base the new rates from E. St. Louis.

Chairman stated that he had written Chairman, C. F. A. and received reply by wire, Dec. 24th, as follows:

"Inasmuch as the rates on Brick from East St. Louis to Indianapolis Territory are particularly out of line, cannot your lines at once decide what rate they will adopt, effective Jan. 15th? Chicago roads will

meet Tuesday next to recheck but it is thought St. Louis Lines should becide on their changes so they will be made effective not later than 15th proximo."

And it was

Moved, That action on the subject be deferred until after meeting Chicago Roads and report of said meeting is obtained.

Rates on Tripoli and Silex.

Chairman read letter Dec. 22nd, file 10077 from Chairman, C. F. A., on above subject and after discussion, it was

Moved, That action on this subject be deferred until the representative is present who originally published the rate.

Rates on Scrap Iron to Indiana Gas Belt Points.

Chairman read letter Dec. 24th, file 10079-M from Chairman, C. F. A., calling attention to rates checked in by Chicago Committee. See Circular T-148, effective Jan. 1st, 1903.

After discussion it was decided no action necessary on part of the Committee.

Date of Next Meeting.

It was moved that when the Committee adjourn it be until Jan. 9th, 1903, 10:30 a. m., at B. & O. S. W. R. R. Office.

Meeting convened 10:30 a. m.

Percentage Allowance to the Illinois Terminal R. R.

Per Cents for Division of Rates Between Southern Illinois Points via East St. Louis and Eastern Cities.

The above subjects were considered at previous meetings and laid over account all members not being prepared to act.

At meeting today after further consideration of the Sub-Committee's report, which was submitted at meeting Nov. 28th and sent to the members by Circular Letter No. 80, Nov. 29th, it was

Moved, That the report of the Sub-Committee, after being amended by adding thereto the words, "Eastern Terminals to be deducted before pro-rating" be adopted as the report of this Committee and submitted to the

Chairman, C. F. A. for adoption by the Central Freight Ass'n.

The recommendation of this Committee is as follows:

"Upon careful investigation of the subject, we respectfully recommend that percentage allowances to lines reaching Belleville, Alton and other Illinois Points taking E. St. Louis rate,, through E. St. Louis, Venice, Granite City, Madison, Edwardsville, Edwardsville Junction and Edwardsville Crossings, be allowed out of the through rates to or from points named below the following percentages of such through rates, Eastern terminals to be deducted before pro-rating.

From or to Trunk Line points.....15 per cent
From or to Western Termini Points....17½ per cent

All percentage divisions in conflict with the above to be abrogated. The authorities having references to this traffic are Joint Committee Circulars No. 1675 and 1686. Joint Traffic Ass'n. Freight Circular No. 1029. Central Traffic Ass'n. Circulars No. 1967, 1968 and 1994. Central Freight Ass'n. Info. Nos. 461 and 609, series A, 2552 and 3085 and possibly others.

Class and Commodity Rates from Colorado Common Points to Trunk Line Territory.

Chairman stated that this subject was laid over Dec. 26th.

After consideration today, it was

Moved, That further consideration of the subject be deferred until the Chairman receives report as to the views or action of Virginia Lines on the resolution adopted at meeting Dec. 5th. See proceedings No. 29.

Issuing Bills Lading on Cotton Notes.

This subject was laid over Dec. 26th. The Chairman reported having taken subject up with Southern Ry. and Term'l. R. R. Ass'n. and replies received to the effect, it was expected that the arrangements outlined

by the Southern Ry. as per Circular Letter No. 78 would be made effective in the near future.

The T. St. L. & W. advised that the Fast Freight Lines working over T. St. L. & W. Rails were under their control and representatives had been instructed again on the Bill of Lading question, and it was

Moved, That the subject be laid over for further report from the Southern Ry. and Term'l. R. R. Ass'n.

Signing Bills Lading on Cotton Waiving the Insurance and Fire Clauses.

Chairman stated that this subject was last considered at meeting Dec. 5th and tabled. The subject was brought up again by letters Dec. 31st and Jan. 2nd from Chairman C. F. A., which were read and after discussion, it was

Moved, That Chairman, C. F. A., be furnished with a copy of the answers received to his letter Oct. 30th, file 9984, which was submitted to the members by Circular Letter No. 68, Nov. 3rd, 1902, so far as the Insurance Clause is concerned. That he be also advised that none of the roads are waiving the fire Clause contained in the first paragraph of Uniform Bill of Lading conditions.

During the discussion it was contended that Note 2, page 15, of Official Class'n. No. 23, which reads "Any carrier who so elects may print either or both of the following clauses" authorizes or permits either or both of the Insurance clauses being omitted.

Beer East St. Louis to Virginia Points.

This subject was last considered at meeting Nov. 28th, see proceedings No. 28, and taken up by letter with Chairman Tucker who replied under date of Jan. 2nd, file 8400 that the L. & N. R. R. advised that they are not prepared at the present time to make any change in the rate, and it was

Moved, That the subject be tabled.

Signing Bills Lading on Surrender of Bills Lading from Connections Before Receiving the Traffic.

Chairman read letter from a member on above subject and action taken as follows:

Whereas, The issuance of Bills Lading on connecting line traffic (originating beyond switching limits) before receipt of the property, i. e., on surrender of connecting line Bill of Lading, is an objectionable practice, it is the sense of this Committee that it should be discontinued. It is therefore,

Moved, That the Chairman be instructed to take the matter up with the Chairman C. F. A. with the view of having uniform action taken in that direction.

Terminal Regulations in Making Deliveries at World's Fair Site.

This laid over from Dec. 26th. Chairman reported present status, and it was

Moved, That the subject be laid over until next meeting. The Chairman to continue efforts to secure desired information.

Rates on Packing House Products to Points in Michigan, Etc.

Chairman stated that this subject was brought up by letter from Chairman C. F. A. and submitted to members by Circular Letter No. 93.

After discussion of the subject, it was

Moved, That the rates on Packing House Products, as shown in statement with letter from Chairman C. F. A., Dec. 29th, file 10077-E, as in effect from East St. Louis be continued unless changes in the rates from Chicago would warrant a change from this gateway.

It was also

Moved, That the rate of 12 cents per 100 lbs. to Dayton be added to the list.

Proportional Rate on Cattle and Hogs to Indianapolis, Indiana.

Chairman stated that this subject has been considered at meeting Dec. 19th and Circular Letter No. 91 issued as instructed.

After discussion at meeting today, as to the possibility of rates being restored, effective Jan. 20th, as per C. F. A. Information No. 3917, the subject was laid over with the understanding that the interested roads would make further investigations and report conclusions.

Cotton Seed Oil from Montgomery, Ala.

Chairman read letter May 14th to Chairman C. F. A. regarding rate on Cotton Seed Oil from Montgomery, Ala., via E. St. Louis to Eastern Cities, See Proceedings May 15th, 1902, which was submitted by Advice Letter No. H-57, May 15th, and the application declined by the Trunk Line Ass'n Roads as shown in Advice Letter H-168, June 7th. Chairman also read letter Jan. 6th from Chairman C. F. A. to the effect that shipments are going forward billed on basis of proposition contained in my letter of May 14th, and it was

Moved, That the Chairman submit letter from Chairman C. F. A. Jan. 6th, file H-57, to the members of the Committee with the view to ascertaining what rates and divisions are being used and whether the roads will recognize the authorized rates and divisions on this business.

Rates on Muriatic and Sulphuric Acid to Trunk Line Territory.

Chairman read letter from a member on above subject and after discussion, it was

Moved, That we recommend to the Central Freight Ass'n that 6th class basis of rates be authorized on Muriatic and Sulphuric Acid in tank cars from C. F.

A. Points to Trunk Line Territory the 6th class basis of rates being now in effect between C. F. A. Points, and it is felt that rates to Trunk Line Territory should not be on a higher basis.

Rates on Brick to Points in C. F. A. Territory.

This subject was last considered at meeting Dec. 26th, and it was

Moved, That action on the subject be deferred until after meeting Chicago Roads and report of said meeting is obtained.

Chairman reported having received Chicago Freight Committee Circular No. T-154, Jan. 5th, naming rates on Brick in C. L., and requested instructions as to meeting of Rate Clerks, and it was

Moved, That the Chairman be hereby instructed to call a meeting of the Rate Clerks for Tuesday, January 13th, to check in rates on Brick in line with rates effective from Chicago, etc.

Rates on Sheet Zinc.

This subject was last considered at meeting Dec. 19th and referred to the Chief Inspector for information.

Reply was received to the effect that investigation had recently been made and that the allegation that Spelter rates were being used on Sheet Zinc was simply a rumor without foundation, and it was

Moved, That the subject be tabled.

Issuing Transportation Account of Lumber, Logging or Other Industrial Railroads and Private Car Lines.

This subject was considered at meeting Dec. 19th, (See Proceedings No. 30.) Chairman stated he had been unable to secure replies from all lines and after discussion, it was

Moved, That the subject be continued on the docket, in the meantime the Chairman endeavor to get additional replies.

Proportional Rate on Cattle, East St. Louis to Cleveland.

This subject was last considered at meeting Dec. 5th. Chairman read letter from Chairman C. F. A., 7th inst., file 9899, to the effect that it was stated that the Western Roads rates had recently been changed making rates to Mississippi River in proper relation to Chicago, etc.

The representative C. C. C. & St. L. Ry. advised that their proportional rate of 17 cents per cwt. on Cattle to Cleveland had been cancelled. It was stated that the special rate had also been in effect via the T. St. L. W. and Wabash and the Chairman was instructed to ascertain whether same had been abrogated by the lines referred to.

Rate on Walnut Logs to Indianapolis.

This subject was brought up by letter from a member. After reading of the correspondence on the subject by the Chairman, following action was taken:

Moved, That the attention of Chairman C. F. A. be called to the fact that C. M. & St. P. (Tariff No. G. F. D. 38065, from Savannah) and other lines from Upper Mississippi River Crossings name rate of 8 cents per 100 lbs. on Walnut Logs to Indianapolis. We also have reason to believe the same rate is being protected by some East St. Louis lines and request that he take the subject up with the view to securing action on the subject generally.

Participation by Southern Roads in Expense of Grain Doors.

Chairman read Joint Letter from Chairman C. F. A., Jan. 5th, file 8303, on the subject of Southern Roads participating in the expense of Grain Doors, etc., and it was

Moved, That the Chairman submit to the members of the Committee a copy of above letter, requesting information asked for by Chairman C. F. A.

Rates on Steel Bolsters to Trunk Line Territory.
Rates on Tripoli and Silex.

The above subjects were laid over until next meeting.

Meeting convened 10:30 a. m.

Issuing Transportation Account Lumber, Logging or Other Industrial Railroads and Private.

The above was last considered at meeting Jan. 9th and laid over, see proceedings No. 32.

The subject was further considered at meeting to-

day, but as several roads, members of this Committee, are also members of the Western Pass Agreement and were not prepared to take final action on the subject, it was

Moved, That the subject be laid over until next meeting, in the meantime the members of the Western Pass Agreement provide themselves with a copy of the present agreement in force and come prepared at next meeting to dispose of the subject.

Through Rates on Packing House Products, Texas Points to Eastern Cities.

Chairman read letters Jan. 9th and 14th from A. G. F.A., Mo. Pac. Ry. making application that the same through rates be established on Packing House Products from Texas points, via East St. Louis to Eastern Cities, as published by the Gulf Routes, and it was

Moved, That the application be declined.

Recheck of Rates on Pig Iron, Billets, Etc.

At meeting of the Rate Clerks Jan. 13th Chairman read letter from a member regarding rates on Pig Iron, Billets, etc., to Mackinaw City, Mich. In view of there being no rates published to this point, following was adopted:

Recommended, To the St. Louis Eastbound Freight Committee, that a meeting of the Rate Clerks be called for the purpose of re-checking the rates on Pig Iron and Billets from East St. Louis, so as to include all Basing Points provided for in East St. Louis Minimum Basing Book No. 9. The object being to line up rates from East St. Louis in accordance with C. F. A. Information No. 3831, Chicago Freight Committee Circular No. T-148, and the rates from Cairo, it being understood that the rates on the articles mentioned in Information Nos. 3807-3843 and 3874 will also be governed by the check on Pig Iron and Billets.

After consideration of the above at meeting today, it was

Moved, That a meeting of Rate Clerks be called on Tuesday, January 20th, to check in rates in line with above recommendation.

Rates on Tripoli and Silex.

This subject was considered at meetings Dec. 26th, and Jan. 9th, and laid over. (See Proceedings.)

After further consideration of the subject at meeting today, it was

Moved, That Chairman C. F. A. be advised that it is the sense of this Committee that no change be made in the present rates on Tripoli and Silex.

Rates on Steel Bolsters to Trunk Line Territory.

This subject was last considered at meeting Jan. 9th (See Proceedings No. 32) and laid over.

After consideration today, it was

Moved, That action on this subject be deferred until meeting, in the meantime the Chairman address a communication to the representatives of the C. & A. and T. St. L. & W. Railroads with the view to ascertaining whether they will cancel the 23 cent rate basis, East St. Louis to New York on Steel Bolsters.

Proportional Rate on Cattle and Hogs to Indianapolis.

This subject last considered at meeting Jan. 9th. (See Proceedings No. 32.)

At meeting today, it was

Moved, That the subject be laid over until next meeting.

Classification on Rags and Waste and Scrap Paper.

Chairman read letter from a member, submitting letter from a shipper, making application for same rating to apply on Rags, pressed in bales, C. L., as applies on Waste and Scrap Paper in carloads, and it was

Recommended, To the Official Class'n Committee

that it is the sense of this Committee that the same rating be applied on Rags pressed in bales, C. L., as applies on Scrap and Waste paper in carloads.

Rate on Walnut Logs, East St. Louis to Indianapolis.

This subject was considered at meeting Jan. 9th. (See Proceedings No. 32.) and as instructed the Chairman took the subject up with Chairman C. F. A. and received reply Jan. 13th, file 9299, with copy of letter addressed to representatives of roads leading eastwardly from Eastbound Mississippi River Points, which was read, and it was

Moved, That the Chairman advise Chairman C. F. A. that none of the lines members of this Committee are protecting rate of 8 cents per 100 lbs. on Walnut Logs, East St. Louis to Indianapolis.

Meeting convened 10:30 a. m.

Issuing Transportation Account Lumber, Logging Roads, Etc.

This subject was last considered at meeting 16th inst. and laid over. (See Proceedings No. 33.) Chairman called attention to action taken at last meeting. It was stated by several members that Mr. J. B. Hill, Chairman of Permanent Committee having charge of the subject of issuing transportation, etc., had issued call for a meeting on the 28th inst., and it was

Moved, That further consideration of the subject be deferred until after report of the meeting that has been called at Cincinnati, 28th inst. has been received.

Rates on Cotton Seed Meal, Little Rock, Ark., via East St. Louis to New York vs. Cairo and Cincinnati.

Chairman stated that this subject was brought up by letter from A. G. F. A., C. & A. Ry., Nov. 1st, 1902. At meeting Nov. 7th it was referred to Chairman C. F. A. The subject was considered at C. F. A. meeting Nov. 13th, and referred to Committee on Relation with Southern Roads (by Advice Letter H-787½) for report. Chairman read letter H-787½, Jan. 20th, 1903, from Chairman C. F. A. quoting resolution, as follows:

"Resolved, That whereas the legislation of this Ass'n has always been to the effect that where a lower combination is made through one Ohio River Crossings than another, that in equalizing these rates through other crossing the lines up to the Ohio River Crossings and East St. Louis do the shrinking."

After due consideration, it was

Moved, That the subject be tabled.

Report of Rate Clerks Meeting to Recheck Rates on Pig Iron, Billets, Etc.

Chairman called attention to Circular Letter No. 104, Jan. 20th, giving action of the Rate Clerks at meeting 20th, as authorized on 16th inst., which was sent to Chairman C. F. A. 20th, and it was

Moved, That the report of the Rate Clerks be adopted.

Rate on Cotton Seed Oil, Montgomery, Ala., to Eastern Cities.

This was last considered at meeting Jan. 9th and Circular Letter No. 99, Jan. 12th, 1903, issued but replies not received from all members, and it was

Moved, That the subject be passed until further information is secured.

Rates on Steel Bolsters to Trunk Line Territory.

Chairman called attention to action taken at meeting 16th (See Proceedings No. 33.) Replies having been reecived, it was

Moved, That Chairman C. F. A. be advised that after investigation it is found that the rates on Steel Bolsters cannot be advanced.

Proportional Rate on Cattle and Hogs to Indianapolis.

This subject was considered at meeting 16th and laid over (See Proceedings No. 33). The representative C. C. C. & St. L. Ry. stated at meeting today that the subject had been referred to his Gen'l Frt. Agt. but as yet no reply had been received, and it was

Moved, That the subject be laid over until next meeting.

Letter from Shipper Objecting to Official Class'n Weight on Barrels in Cars Over 50 Ft. in Length.

Chairman read letter on above subject and after discussion, it was

Moved, That the subject of classification of Cooperage Carloads, be referred to a Special Committee of three (3) to make recommendation to this Committee.

Note.—The Chairman appointed as the Special Committee, Messrs. Ed. Hart, Jr., (Chairman) Coyle and Nichols.

Rate on Sheet Zinc vs. Lead, Pig or Sublimed and Spelter.

Chairman read letter Jan. 19th, file W-527, from A. G. F. A., Wabash R. R. on above subject and after discussion, it was

Moved, That action on the subject be deferred until next meeting.

Rates on Brick, Etc., to C. F. A. Points.

This subject was last considered at meeting 9th. (See Proceedings No. 32). The report of Rate Clerks (See Circular Letter No. 101, Jan. 13th) sent Chairman C. F. A. as report of this Committee.

The subject was brought up again by letter Jan. 20th, file 9082, from Chairman C. F. A. to the effect that the St. Louis Committee recheck their rates in line with rates from Southern and Eastern Ohio.

After consideration of the subject, it was

Moved, That Chairman C. F. A. be advised that the St. Louis Committee having checked its rates in line with Chicago is not responsible for the situation. It is prepared to revise its rates with those from Chicago whenever they are lined up with Brick Producing districts in Ohio.

Proportional Rates on Magazine Ore, Arkansas to Western Termini, Etc., via East St. Louis vs. Memphis.

Chairman read letter Jan. 17th, file 21402, from a member on above subject and after consideration, it was

Recommended, To the Central Freight Ass'n that the rate of $2.75 per gross ton, now in effect on Beauxite Ore to Western Termini Points and $2.10 per gross ton to Detroit, as covered by C. F. A. Information No. 3923, be authorized to apply on Manganese Ore from Arkansas.

Signing Bills Lading on Surrender of Bills Lading from Connections Before Receiving the Traffic.

This last considered 9th inst. (See Proceedings No. 32.) Chairman read letter Jan. 17th from Chairman C. F. A. stating that the subject was considered by the C. F. A. on the 15th inst. and it was decided to defer action thereon for the present.

In view of the above, it was

Moved, That the subject be tabled.

Rating on Barrel Heading Made of Compound Wood.

Chairman read letter Jan. 22nd, file Inf. 733-A, from Chairman C. F. A., and it was

Moved, That the subject go back to Chairman C. F. A. with the request that he furnish specific reference to some shipments that have been handled at variance with the classification according to his interpretation and send sample of the heading.

Class and Commodity Rates from Colorado Common Points.

This was last considered at meeting 9th inst. The Chairman stated that as provided for at meeting Dec. 5th he received satisfactory answers from absent members, from Chairman C. F. A., also from Chairman Virginia Lines and on the 24th inst. wrote Chairman Trans-Missouri Freight Bureau, as instructed Dec. 5th, and it was

Moved, That the subject be tabled.

Proportional Rate on Cattle and Hogs to Indianapolis.

This continued from 23rd. Reply not having been received from G. F. A., it was

Moved, That the subject be laid over until next meeting.

Letter from a Shipper Objecting to Official Class'n Weight on Barrels in Cars Over 50 Ft. in Length.

This subject was under consideration at meeting 23rd and referred to a Special Committee. At meeting today Chairman read report of the Committee, as follows:

"After carefully considering the subject, in view of

the conditions set forth in the correspondence to the effect that certain shippers had constructed special equipment in accordance with the Master Car Builders' rules with a view of handling shipments of barrels under the terms of the Official Class'n then in effect, which equipment has become of no use on account of the change in classification."

Recommends, That the penalty provided for in Rule No. 27 for cars in excess of 50 feet in length be waived, and that proportional rates be established, on barrels of all kinds, carload minimum weight 23,000 lbs. when loaded in cars over 51 feet and not exceeding 60 feet in length, when originating in Arkansas and Missouri, to all points in Central Freight Ass'n Territory on basis of fifth class rates.

Note.—Minimum weight of 23,000 lbs. is the minimum weight that would obtain if the same percentage increase on cars less than 50 feet 6 inches in length was carried out to the 60 ft. cars, under minimum of 10,000 lbs."

And it was

Moved, That the report of the Sub-Committee be adopted and submitted to the Central Freight Ass'n as the recommendation of this Committee.

Percentages Cairo via East St. Louis to Trunk Line Points.

This subject was last considered at meeting Dec. 19th and referred to a Special Committee for report. The Committee reported at meeting 23rd inst., as follows:

"In accordance with action at meeting of the St. Louis Eastbound Freight Committee held December 19th, 1902, your Special Committee appointed to consider the question of percentages from Cairo via East St. Louis to Trunk Line Points, on traffic from the south, convened today, and respectfully submit the following:

Recommended, That existing authorities covering percents from Cairo through E. St. Louis on business from the south, destined to Trunk Line Territory, be cancelled, and in lieu thereof, the allowance to the Lines, Cairo to East St. Louis, on traffic from the South, destined to Trunk Line Territory, be fixed at twelve and one-half percent (12½%) of the authorized through rates from Cairo subject to a minimum allowance of three cents per 100 lbs. Eastern terminals to be deducted before pro-rating.

The sum of the locals to Cairo, plus the amount, yielded on the foregoing percentage basis to East St. Louis, shall in no case exceed the local rates to East St. Louis."

Several members being absent final action was deferred. At meeting today, it was

Moved, That the report of the Special Committee be sent to Chairman C. F. A. as recommendation of this Committee.

Rate on Sheet Zinc, vs. Lead, Pig or Sublimed and Spelter. Rate on Sublimed Lead and Zinc Oxide, vs. Pig Lead.

These subjects were brought up by letter from a member and Chairman C. F. A. and submitted by Circular Letters Nos. 105 and 106. After due consideration action was taken, as follows:

Whereas, Rates are in effect from La Salle, Peru, etc., to Ohio River Crossings, through C. F. A. Territory on Zinc, without reference to the kind, at same rates as on Pig Lead, etc., be it

Recommended, To the Central Freight Ass'n that existing authorities covering rates on Pig Lead and Spelter to C. F. A. and Trunk Line Territory be amended to include Zinc, Zinc Oxide and Sublimed Lead, carloads.

Letter from Transportation Committee Cotton Exchange.

Chairman read letter 26th inst. from Chairman Transportation Committee Cotton Exchange, requesting conference with this Committee and Officers of St. Louis Cotton Compress Co. on the subject of Bills Lading, and it was

Moved, That the Chairman reply to the Transportation Committee Cotton Exchange that this Committee would be glad to consider any subject they wish to present and that if there is any difficulty existing concerning the issuing of Bills Lading, we will be glad to have specific reference to it for consideration.

Rates on Cotton Originating in Texas and Arkansas.

This subject was brought up by letter from a member who stated it was his understanding that the system of allowing rebates on cotton in vogue last year was still continued by some of the lines and he would like to have the roll called for the purpose of ascertaining whether or not any lines, members of this Committee are allowing any commissions, increased divisions or in any way undertaking to control the routing of cotton by unauthorized practices.

Roll was called and all members answered in the negative.

Terminal Regulations in Making Deliveries at World's Fair Site, Also Rates on Exhibits to World's Fair, St. Louis, 1904.

This subject laid over Jan. 9th for information. The Chairman read letters from the Director of Transportation to this Committee, also his letter 22nd to Mr. C. W. Bullen, Chairman Trunk Line Ass'n, and Mr. J. F. Tucker C. F. A. regarding rates, etc., on Exhibits to the World's Fair, St. Louis, 1904, said letters having been referred by Chairman C. F. A. to this Committee for recommendation.

After a general discussion on the subject it was suggested that the Chairman answer Director of Transportation to the effect that the matter was considered very thoroughly by this Committee who instructed him to say that when they receive the information asked for in the Chairman's letter Dec. 22nd, they will be very glad to take the matter up further, so far as lines east of East St. Louis are concerned.

It was also suggested that Mr. Ristine's attention be called to his letter Jan. 22nd to the C. F. A. and Trunk Line Ass'n and ask him what the Terminal Ass'n and the delivering roads propose to do in the abatement and reduction of freight charges on return shipments, perishable property, Live Stock, etc.

The Chairman was also instructed to communicate with the Chicago and Buffalo Committee with the view to ascertaining what action was taken and arrangements made for the transportation, switching, etc., by their lines during the Columbian and Pan American Expositions.

Participation by Southern Roads in Expense of Grain Doors.

This subject was presented at meeting Jan. 9th and ordered sent to members by Circular Letter, requesting information asked for by Chairman C. F. A.

Replies having been received to Circular Letter No. 100, the Chairman asked for further instructions, and it was

Moved, That the subject be tabled.

Rates and Weights on Wool.

This subject last considered at meeting Dec. 19th, 1902. (Proceedings No. 30.)

Chairman read letter Jan. 28th, file A-4346, from Chief Inspector Rainer regarding Pulled Wool, and it was

Moved, That the subject be referred to the Special

Committee that prepared the report on Wool, viz: Messrs. Nichols, Taylor and Hart.

Rate of 8 Cents Per 100 Lbs. on Walnut Logs to Indianapolis.

Chairman read Joint Letter Jan. 28th, file 9299, from Chairman C. F. A. and was instructed to write Chairman Central Freight Ass'n to the effect that this Committee understands from his letter that the lines publishing the 8 cent rates have cancelled their tariffs and that the Committee would like to know whether their understanding is correct.

Rate on Dry Hides to Points in Michigan, East St. Louis vs. Chicago.

Chairman read letter Jan. 26th, file Inf. 3225, from Chairman C. F. A. on above subject, and it was

Moved, That the subject be referred to the Rate Clerks to check rates at their next meeting.

Proportional Rate on Cattle and Hogs to Indianapolis.

This subject last considered meeting Jan. 30th and laid over. At meeting today a letter 13th, file 10077-E, from Chairman C. F. A. was read requesting information as to whether the Committee recommend that the rates should be authorized or continued, and it was

Moved, That it is the concensus of opinion of this Committee that the Proportional Rate of 11¼ cents on Cattle and 10 cents on Hogs, East St. Louis to Indianapolis should be cancelled, but that two lines have given notice that they will not consent to an advance unless a corresponding advance is made in the rates from East St. Louis to Chicago and that if the rates to Indianapolis are not restored to the authorized basis, it will probably result in like reductions to other C. F. A. points. It is therefore

Recommended, That the matter be referred to the Central Committee for consideration.

Note.—It was stated that if the rate to Indianapolis was not advanced the B. & O. S. W. R. R. reserved the right to make a corresponding reduction in the rate to Cincinnati and representative Southern Ry. stated they would have to do the same to Louisville.

Request for Reduction in Rate on Horses and Mules, C. L., to Indianapolis, Ind.

Letter Feb. 3rd, file 10208, from Chairman C. F. A. on above subject was read, and it was

Moved, That in view of the fact that rate on Horses and Mules from East St. Louis to Chicago is 15.4 cents

and the application of 2nd class rates to Indianapolis would prove a serious hinderance to the business, we recommend to the Central Freight Ass'n that a rate of 20 cents per 100 lbs. be established on Horses and Mules, C. L., East St. Louis to Indianapolis.

Letters from Cotton Exchange Transportation Committee.

This subject last considered at meeting Jan. 30th, Proceedings No. 35. At meeting Feb. 6th, 1903, a Committee from the Cotton Exchange and St. Louis Cotton Compress Co. were presented and after stating their views and opinions as to the condition of affairs prevailing, which prevented cotton shippers from securing without delay, Bills Lading on Cotton on surrender of their Cotton Notes, suggested that a Committee of three be appointed by the St. Louis Eastbound Freight Committee to confer with the Cotton Exchange and St. Louis Cotton Compress Company Committees, the conference meeting adjourned.

After discussion today, in view of all members not being present, it was

Moved, That the subject be laid over until next meeting.

Rate on Steel Bolsters and Black or Enameling Plate.

Chairman stated that this subject was last considered at meeting Jan. 23rd. (See Proceedings No. 34.) Chairman read letters Jan. 30th and 31st, file 3841, from Chairman C. F. A. regarding cancellation of above rates, and it was

Moved, That action on the subject be deferred until next meeting as all roads were not represented and that Chairman C. F. A. be advised accordingly.

Exhibits for the Louisiana Purchase Exposition, (St. Louis World's Fair, 1904).

Chairman stated that above subject was last considered at meeting Feb. 6th, and Special Committee

appointed to make recommendation to this Committee. The Committee report was read by the Chairman, and it was

Moved, That the report be received and the Committee discharged.

After further consideration of the report and some changes made, it was

Moved, That the report as corrected be forwarded to Chairman Central Freight Ass'n, as the recommendation of this Committee, with the request that it be submitted at once, by Advice Letter, to the Central Freight and Trunk Line Ass'ns for their approval.

Note.—For report see next page.

Recommended, To the Central Freight and Trunk Line Ass'ns the establishment of rates of freight on all exhibits, United States, State or Individual, for the Louisiana Purchase Exposition (St. Louis World's Fair) to be held in St. Louis, May 1st to Dec. 1st, 1904, as follows:

1. (a) All articles forwarded direct to the Louisiana Purchase Exposition Co., (St. Louis World's Fair) for Exhibition (except as provided in Clause "b") shall be charged full tariff rates to East St. Louis.

(b) On mixed carload shipments of Exhibits, consisting of Stuffed Animals and Birds in boxes, Clothing, Specimen Minerals, Fossils, Wooden Logs, Stalactites, Relics, Show Cases and Cabinets or analogous articles one and one-half times first-class rates will apply with a minimum of 20,000 lbs., when received under the usual written general release for each shipment, valuation $500 per car.

(c) To the rates charged for transportation to East St. Louis must be added the Switching and Exposition Companies charges, which will be promulgated as soon as furnished by the Exposition and Switching Roads.

2. Freight charges on Exhibits, including Switching and Exposition Company Terminal Charges, except as provided in Section "3 (b)" must be prepaid at point of origin.

3. Two Bills of Lading or Receipts, one original and one duplicate, covering Exhibits must be issued to the consignor, showing the precise routes by which such exhibits should be transported, specifying in detail every carrier and junction from starting point to St. Louis. The original Bill of Lading or Receipt should be retained by the consignor, and surrendered to the Director of Transportation of the Louisiana Purchase Exposition Co. when the property is delivered to the consignee at the Exposition Grounds. The duplicate Bill of Lading should be forwarded by the consignor to the Director of Transportation at the time shipment is made.

3. (b) The standard form of rail Bill of Lading used by the United States Government may be accepted on shipments made by the Government to and from the Exposition and settlements of freight and advance charges made with the Government in the usual manner.

4. All Waybills must contain the following information: Route, (naming each carrier and junction up to East St. Louis) full name of consignor and original point of shipment. Foreign exhibits, in bond, must be consigned to the Surveyor of Port, St. Louis. All other exhibits must be consigned to the President Louisiana Purchase Exposition Co., St. Louis, Mo. The name of the Commissioner of the Foreign Country or Exhibitor must be given for all Foreign Exhibits. The name of the Exhibitor of any Domestic Exhibit must also be given. The Exposition Company will discontinue receiving Exhibits on June 1st, 1904, except perishable and goods to be consumed and renewals.

5. Exhibits, except as hereinafter specified, if unsold and reshipped from St. Louis within six (6) months after the close of the Exposition, may be returned free from East St. Louis, at owners risk, to

the original forwarder at the original point of shipment by the roads which carried the same, upon presentation of the original Bill of Lading, contract or paid freight bill, showing route (See Section 4) together with a duly executed release (on form appended hereto) and a certificate signed by the proper Officer of the Exposition to the effect that the shipments are unsold exhibits which have paid full tariff rates one way, such releases and certificates to be attached to the waybills accompanying the shipments to East St. Louis.

These rules shall also apply on Machinery, Fire Engines and other articles consigned to the Louisiana Purchase Exposition Co., for pre-exposition use as well as for Exhibition.

6. Certificates issued and releases executed at the time the property is ordered for return shipment, should be retained by the East St. Louis initial lines.

7. No charges will be advanced on Exhibits returned free nor be allowed to follow the goods.

8. Horses, Mules and other animals, (except Cattle, Hogs and Sheep) intended for exhibition will be charged full tariff rates in both directions. Cattle, Hogs and Sheep will be charged full tariff rates going to the Exposition and may be returned from East St. Louis, Ill., to point of origin free, subject to the same rules and restrictions as apply to Dead Freight, provided the regulation form of Live Stock release and Uniform Release for returned exhibits shall be executed by the owners. The rules of Official Classification relating to the carriage of attendants in charge of animals will apply to all shipments of Live Stock.

9. Exceptionally fine, expensive or fragile exhibits, such as Paintings, Pictures, Statuary, Jewelry, Gold or Silverware and Bric-a-brac will not be accepted for transportation by the Railroad Companies, but should be delivered to the Express Companies for carriage.

(has or have) requested the said Company to forward such freight free of cost or charges for transportation from East St. Louis, Ill., to.....

And Whereas, (he or they) do (does or do) hereby acknowledge that (he or they) ha.. (has or have) had the option of shipping the above described property at the rate of freight according to and mentioned in the Official Tariffs, Class'ns and rules of said Company and thereby receiving the security of the liability of said Company and connecting railroad and transportation companies as common carriers of the said property upon their respective roads and lines, but ha.. (has or have) voluntarily decided to ship and ha.. (has or have) requested the said Company and connecting railroad and transportation companies to carry the same, free of cost and expense for transportation, as above mentioned, and in consideration thereof do (does or do) release, so far as (he or they) lawfully may, the said Company and any and every other railroad or transportation company to whom the said property may be delivered for transportation to or towards its place of destination, from all liability for any loss thereof or damage thereto, considering that the difference in (his or their) favor in the cost is equivalent to the risk of transportation.

Therefore, ...in consideration of the premises, ...the said.....(shippers' name)..... for (himself or themselves) and for the party or par-

ties to whom (he or they) may consign, do (does or do) hereby release and discharge so far as (he or they) lawfully may, the said railroad or transportation companies and all other railroad or transportation companies to which the said property may be delivered for transportation to or towards its place of destination, from all claims, demands or liabilities for any loss thereof or damage thereto howsoever occurring, whether by negligence of said railroad or transportation companies, or of their or either of their officers, agents or employees, or otherwise, while the same is in their care, custody or possession.

And the said .....(shippers name) hereby authorizes the said railroad or transportation company and any such other railroad or transportation company as (his or their) agent to deliever the said property to any other railroad or transportation company over whose route it may be carried to or towards its place of destination, and (he or they) agree that no such railroad or transportation company shall be considered as carrier of said property beyond its own road or line, or in any event be held liable for loss of or damage to said property while in the possession of any other railroad or transportation company to which the said property may be delivered as aforesaid.

In Witness Whereof, the said.....(shipper's name) ha.. (has or have) executed this release, this day of ..... A. D., 190....

(Shipper.)

.....
(Railroad Agent.)

This contract shall be filed in the proper office of the initial company and the property carried thereunder shall be waybilled as "Released."

Rate on Bones, East St. Louis to Detroit, Mich.

Chairman read letter from a member on above subject, also called attention to C. F. A. Information No.

4018 naming rate of 8½ cents from Chicago to Detroit on Bones, and it was

Moved, That we recommend to the Central Freight Ass'n the adoption of rate of 12 cents per 100 lbs. on Bones, C. L., minimum weight as per Official Class'n, East St. Louis to Detroit, in line with 8½ cents rate from Chicago as shown in C. F. A. Info. 4018.

Note.—The T. St. L. & W. R. R. stated that they had already issued Supplement to their Tariff making rate effective Feb. 12th.

Rates and Weights on Wool.

This subject was last considered at meeting Jan. 30th and referred to Special Committee. (See Proceedings No. 35.)

Chairman read report of Special Committee, as follows:

Recommended, To the Central Freight Ass'n that Information Nos. 861, series A, and 3996, Jan. 22nd, 1903, be reissued as follows:

On Wool, Scoured or Tub-washed, in bags, sacks or bales, 3rd class, any quantity.

And it was

Moved, That the report of the Special Committee be adopted and submitted to C. F. A. as the recommendation of this Committee.

Proportinoal Rate on Bar Copper, Etc.

This subject was brought up by letter from a member, calling attention to C. F. A. Information Nos. 726 and 873-A, naming proportional rates on Bar Copper, etc.

After due consideration of the subject, it was

Recommended, To the Central Freight Ass'n that the rates on Anodes, Base Bullion, Blister Copper, Copper Bars, Copper Cakes, Copper Ingots, Copper Matte, Copper Ore, Copper Pigs, Copper Residue,

Copper Slabs and Smelted Copper, authorized in Information No. 873-A, from Chicago, Cincinnati, Peoria and East St. Louis be cancelled and the rates authorized on Pig Lead and Spelter be applied on the articles in question, it being considered that these rates are low enough.

Signing of Live Stock Contracts by Agents of Various Roads at National Stock Yards.

This subject was brought up by letter from a member, which the Chairman read, and it was

Moved, That the subject be laid over until next meeting, in the meantime the Chairman to furnish copy of letter to the members. (See Circular Letter No. 111.)

Rating on Barrel Heading Made of Compound Wood.

This subject was last considered at meeting Jan. 30th and referred back to Chairman C. F. A. for further information and sample of the Compound heading. At meeting today Chairman read reply Feb. 10th, file 9084, and submitted a sample of the heading, and it was

Moved, That it is the sense of this Committee that the Commodity referred to should be charged at the Official Class'n rating on Wood, Built-up or Compound.

Issuing Bills Lading Not Conforming to Rule 24 of Official Classification.

This subject was brought up by letter Jan. 28th, file 6937, from Chairman C. F. A. enclosing copy of letter to G. F. A. B. & O. S. W. R. R. regarding shipment of shingles from the west.

After discussion, it was

Moved, That action be deferred until next meeting in the meantime the correspondence to be sent to members by Circular Letter, Chairman to be furnished with their views, by letter. (See Circular Letter No. 112).

Rates on Zinc, Zinc Oxide and Sublimed Lead vs. Pig Lead and Spelter.

This subject was last considered at meeting Jan. 30th, Proceedings No. 35, and recommendation sent to C. F. A. by letter Jan. 31st.

At meeting today Chairman read reply Feb. 10th, file 9069 from Chairman C. F. A. to the effect that initial lines from La Salle and Peru will, effective March 1st, apply Official Classification basis on Zinc.

As some of the members not present are interested in the proposition, it was

Moved, That further consideration of the subject be deferred until next meeting.

Joint Committee Circular 1826, March, 1895, Not Being Enforced.

Chairman read Joint Letter Feb. 16th, File 10325, from Chairman C. F. A. on above subject, and it was

Moved, That the subject be laid over until next meeting, in the meantime the Chairman to furnish copy of letter to members. (See Circular Letter No. 113.)

Request for Information as to Charges Made at East St. Louis for Transferring all C. L. Freight, Except Grain.

This subject was brought up by letter Feb. 16th, file 9072, from Chairman C. F. A. which was read, and it was

Moved, That this subject be laid over until next meeting, the Chairman in the meantime to furnish copy of letter to members. (See Circular Letter No. 114.)

Report of Rate Clerks Meetings, February 10th, 11th and 18th.

The subjects mentioned below, recommended by the Rate Clerks were submitted at meeting today, and approved.

Letter 3rd, file H-972, from Chairman C. F. A. re-

garding changes suggested that should be made in rates named in Circular Letter No. 104, Jan. 20th, was considered, and it was

Moved, That the figures named to Lancaster, Ohio, $2.15, $2.30 and $2.50 per ton, cannot be changed or held higher than to Zanesville, Ohio, a point beyond on C. & M. V. R. R. That the rate to Logansport, Ind., on Billets, etc., be changed to $1.70 per ton, same as to Marion, Ind., and also that the rates to Loveland, Ohio, be made on Pig Iron, etc., $1.80, Billets, etc., $2.20 and Cast Iron Pipe, $2.20 per ton, same as to Hillsboro and Washington C. H., Ohio.

Note.—This was communicated by letter 11th, file 4121, to Chairman C. F. A. as the recommendation of this Committee.

Letter Jan. 26th, file Info. 3225, from Chairman C. F. A. being considered, it was

Recommended, That the Commodity Rates on Dry Hides as per C. F. A. Info. 3890 and 3977 from East St. Louis to Holland, Grand Haven and Muskegon, Mich., be cancelled, said rates being higher than the classification basis. No change to be made in the present rates to Fremont, (24 cents) and to White Hall, Mich., (23 cents.)

Note.—This was communicated by letter 11th, file 4096, to Chairman C. F. A. as the recommendation of this Committee.

Letter Feb. 9th, file R-60, from G. F. A. B. & O. S. W. R. R. was received, calling attention to rates being made on Grain and Grain Products to Hibbard and Delong, Ind., same as South Bend instead of North Manchester, Ind., (as per Minimum Basing Book No. 9) and it was explained that the discrepancy was caused by C. F. A. Information No. 4007 not naming same rate (10 cents) to both points, and it was

Recommended, To the Central Freight Ass'n that

Information No. 4007 be corrected making rate 10 cts. on Grain and Grain Products, East St. Louis to South Bend, Ind., thus permitting correction on individual tariffs to intermediate Vandalia Line Stations (Hibbard and Delong) in accord with Minimum Basing Book No. 9 and at the same time harmonize with the long and short haul clause.

Letter was read dated Feb. 13th, file H-972, from Chairman C. F. A. with copy of letters Jan. 28th, file 33204-A from G. F. A. P. C. C. & St. L. Ry.; Jan. 26th from G. F. A. T. & O. C. Ry., making objections to sundry rates on Cast Iron Pipe as per Circular Letter No. 104 (C. F. A. Advice Letters H-972 and 972½) also letter Jan. 28th from F. T. M. C. H. & D. Ry. objecting genearlly to action, until there is a recheck of rates from East St. Louis and all Ohio River Crossings, etc., also referring to the establishment of Basing Sheet to apply from East St. Louis and all Ohio River Crossings on different Commodities, and it was

Resolved, That further consideration of letter Feb. 13th, file H-972, from Chairman C. F. A. and enclosures, regarding Cast Iron Pipe Rates, be deferred, in view of Chairman C. F. A. call for meeting, to be held in Chicago, Tuesday, Feb. 24th, (C. C. No. 81) which call is for the purpose of arranging a basis for rates from Ohio River Crossings and East St. Louis, covering all points in C. F. A. Territory, corresponding with Minimum Basing Book No. 9 from East St. Louis. The rates submitted by the St. Louis Eastbound Freight Committee in Cir. Letter No. 104, being in harmony with Minimum Basing Book No. 9, above referred to.

Letter Feb. 16th, file 10077-Q, from Chairman C. F. A. was received enclosing Chicago Freight Committee Circular No. t-164, Feb. 13th, "Rate on Brick, etc., C. L.," requesting recheck of rates from East St. Louis in line with action at meeting Jan. 23rd, Proceedings No. 34, and after due consideration of the subject, it was

Resolved, That it is the opinion of the Sub-Committee called to consider proposition, as per Chairman C. F. A. Letter Feb. 16th, file 10077-Q, to change Brick rates in line with Chicago Committee Circular No. T-164, it will be necessary to postpone action in the matter for a few days, pending receipt of further information, as aside from the question of rates from Chicago to C. F. A. destinations, under consideration, it is the Sub-Committees understanding that there are also under consideration rates from Terre Haute, Veedersburg and various other points, which may materially influence East St. Louis rates. For example, the new rate, submitted as to become effective from Chicago to Toledo, a distance of 233 miles, of $1.80 per ton and rate submitted from Veedersburg to Toledo, 249 miles, is proposed to be $1.00 per ton, other contracts of rates from Indiana vs. Chicago also seem to justify postponements of consideration of changes from East St. Louis.

Attention having been called by letter and otherwise to additions, changes, etc., that should be made in Minimum Basing Book No. 9, the following recommendations of the Rate Clerks were also approved at meeting today.

Recommended, That following Basing Points and Rates be added to Minimum Basing Book No. 9:

In cents per 100 lbs.

E. St. Louis, Ill., to	1st	2nd	3rd	4th	5th	6th
Bad Axe, Mich.....	62	53	41½	32	25½	21
Caseville, Mich.....	51	44	34½	27	21½	18
Carsonville, Mich...	56	49	38½	29	23½	19½
Harbor Beach, Mich.	58	50	39½	30	24	20

and that Stations named below on Pere Marquette and Pontiac, Oxford & Northern be also added to take basis, as follows:

Pere Marquette R. R.

Northstreet to Carsonville, Mich., inclusive, Carsonville basis.

Bridgehampton to Harbor Beach, Mich., inclusive, Harbor Beach Basis.

Tyre to Grindstone City, Mich., inclusive, Bad Axe basis.

Stone to Pigeon, Mich., inclusive, Casseville basis.

Rosevear to Grassmere, Mich., inclusive, Bad Axe Basis.

Creen to Arthur, Mich., inclusive, change basis to Bay City.

Pontiac, Oxford & Northern R. R.

Kingston to Caseville, Mich., inclusive, Caseville basis.

Detroit & Mackinac Railway Co.

Recommended, That Minimum Basing Book No. 9 be corrected of adding additional Base Points, viz.:

In cts. per 100 lbs.

East St. Louis to	1st	2nd	3rd	4th	5th	6th
Alpena, Mich.	65	55	43	34	29½	23½
East Tawas, Mich. ...	65	55	43	33	26½	21½
Emery Jct., Mich. ...	63	54	42	32	25½	21

and that the points north of Alpena, Mich., be changed in the Basing Book from "Mackinaw City Plug" and a note should explain that the rate from East St. Louis to those points will base on either Bay City or Alpena combination, which ever figures lowest.

Whereas, The line of the C. R. & M. R. R. from Peru to Richmond is intermediate to Cincinnati by certain routes from East St. Louis, it is

Recommended, That Muncie, Ind., (a Basing Point) now shown in Minimum Basing Book No. 9, as taking the "N" scale of rates, be changed to "L" scale.

And further

Recommended, That C. R. & M. Stations, Fowlerton to Williamsburg, both inclusive, viz.: Williamsburg, Economy-Losantville, Bloutsville-Medford, Muncie-

Gaston-Janney and Fowlerton, be shown in Minimum Basing Book as taking Muncie (L) basis (Cincinnati rates.)

Also Recommended, That the following points in Minimum Basing Book be shown as taking Fort Wayne "N" basis (the rate basis being same as heretofore.)

L. E. & W. R. R.: De Soto, Albany and Red Key, Ind.

Ft. W. C. & L. Ry.: Hartford City, Easton, Shideler, Royerton and Whitley, Indiana.

P. C. C. & St. L. Ry.: Upland, Renner, Hartford, Mill Grove, Dunkirk and Red Key, Ind.

C. C. C. & St. L. Ry.: Selma, Parker City, Farmland and Winchester, Ind.

G. R. & I. R. R.: Snow Hill, Woods and Winchester, Ind.

This has the effect of making rates to points west of the C. R. & M. R. R. on the Cincinnati (L) basis, instead of Muncie (N) as at present, leaving rates to points east of the C. R. & M. line on Fort Wayne basis "N" (formerly Muncie) unchanged.

Recommended, That the rate basis governing C. & E. I. Stations, Independent to Oxford, inclusive, L. E. & W. Stations, Ambia to Porters, inclusive and C. C. C. & St. L. Ry. Station, Templeton be changed to La Fayette (H) basis.

Recommended, That Stations on the Ohio River Division (Main Line & Branches) of the B. & O. S. W. R. R. be included in Minimum Basing Book No. 9, the basis of rates from E. St. Louis to be determined by B. & O. S. W. issues or figures furnished by Traffic Department, B. & O. S. W. R. R.

Letters from Cotton Exchange Transportation Committee, Requesting Conference, Etc.

This subject was on docket for consideration at meeting Feb. 20th and laid over. At meeting today Chairman stated that on Feb. 6th the Committee from Cotton Exchange Transportation Committee suggested a Committee of three from this Committee be appointed to confer with Cotton Committee, regarding the issue of Bills Lading, etc., and it was

Moved, That a Committee of three be appointed to confer with the Cotton Exchange Transportation Committee and report to this Committee the result of their conference.

The Chairman appointed as the Committee Messrs. Keane (Chairman), Hart and Penney.

At the meeting Mr. Penney stated that the Terminal R. R.'s position was that they could not handle Cotton different from any other Commodity, i. e., could not issue receipt before property is in their possession.

Rate on Bolsters and Black or Enameling Plate.

This subject considered at last meeting and laid over. At meeting today Chairman presented letters from Chairman, C. F. A., dated Jan. 30th and 31st, Feb. 20th and 23d, and following was adopted:

I move you, Mr. Chairman, that you reply to Mr. Tucker that the lines responsible for the rates in question being continued are members of the Central Committee, we suggest that it be settled in that Committee as we can do nothing with it.

Proportional Rate on Cattle and Hogs to Indianapolis.

This subject considered at last meeting and referred to Central Committee, Chicago.

Chairman read letter Feb. 25th, file 10077-E from Chairman, Central Freight Ass'n., and was instructed to answer Chairman, C. F. A. in accord with G. W. F. A. Taylor's statement at meeting today and D. F. A. Nichols' letter Feb. 5th, as follows:

Mr. N. W. Taylor: You can say to Mr. Tucker that while it is true that the local rate, East St. Louis to Chicago on Cattle is 14 cents per 100 lbs., there is not to our knowledge, which we think is general, a car moved at rate in excess of 11¼ cts. per 100 lbs., which is the proportional rate, East St. Louis to Chicago. This being the case we cannot see our way clear to advance the proportional rate on Cattle, C. L., East St. Louis to Indianapolis. When we are advised that a shipment originates at East St. Louis, it is invariably billed at 6th class rate, 13½ cts. per 100 lbs. to Indianapolis.

Mr. Nichols: Owing to position taken by line, member of this Committee, in matter of rate on Cattle from

East St. Louis to Indianapolis, we cannot consistently support any change in the present rate on hogs.

Proportional Rate on Bar Copper, Etc.

This subject considered at meeting 20th with recommendation to C. F. A. At meeting today Chairman read letter Feb. 23rd, file 8971, from Chairman C. F. A., to the effect that rates cannot be advanced.

No further action being necessary on part of this Committee, Chairman was instructed to file the papers.

Letter from Chairman C. F. A., Requesting Information as to Charges Made at East St. Louis for Transferring all C. L. Freight, Except Grain.

Chairman stated subject considered at last meeting and as instructed Circular Letter No. 114 was issued and replies received from some members, which were read. After discussion, it was

Moved, That Chairman C. P. A. be furnished with the figures already received, giving the Minimum and Maximum and suggest to Chairman C. F. A. that the subject being really a Transportation Department matter, should be taken up by the Pekin and Peoria roads with the Superintendents instead of with the Traffic Departments.

Rates on Muriatic and Sulphuric Acid.

Chairman read Letter Feb. 21st, file H-940, from Chairman C. F. A. regarding cancellation of C. F. A. Information No. 864, series A and restoring of Official Class'n. basis and it was suggested that the Chairman C. F. A. be asked what action was proposed from La Salle, Peru, etc., as the St. Louis roads feel it is not consistent to make an advance from East St. Louis to Trunk Line Territory unless a corresponding advance can be maintained from La Salle, Peru, etc., Ill., and other points in C. F. A. Territory.

Applying Rule 5-C Official Class'n. on Paper Stock.

Chairman read letter Feb. 25th, file Info. 4050 from

Chairman C. F. A. to the effect that the Chicago Freight Committee has agreed that Rule 5-C shall not govern in connection with the Special Rates on Paper Stock, Rags, etc., requesting views and co-operation of St. Louis roads.

After discussion, it was

Moved, That Chairman C. F. A. be replied to, to the effect that as certain roads are prepared to handle that class of traffic in furniture cars, 40 to 50 feet long, it will be necessary to continue the application of Rule 5-C. As it is proposed to change Rule 27 of the Official Class'n. making it include minimum weight of 24,000 lbs., and if this rule is changed as contemplated, it would be well to make the C. L. minimum weight 24,000 lbs. on Paper Stock, subject to rule 27 (as amended), Rule 5-C not to apply.

Minimum Carload Weight on Barrels.

Minimum Carload Weight on Barrels.

Chairman read letter Feb. 26th, file I-69, from Chairman C. F. A. on above subject to the effect that the proposition as submitted by Advice Letter No. I-69 was not approved by C. F. A. roads.

No action deemed necessary on part of Committee.

Application for Commodity Rate on White and Red Lead and Litharge.

Chairman read letter making application for Commodity Rate on straight and mixed carloads of White and Red Lead and Litharge on basis of 6th class rates, from East St. Louis to Western Termini and Trunk Line Territory and it was

Moved, That we recommend to the Central Freight Ass'n. the establishing of a Commodity Rate on Lead, White and Red, and Litharge, in straight and mixed carloads, minimum weight 40,000 lbs. (valuation restricted to $125 per ton), on basis of 6th class rates, East St. Louis to Western Termini and Trunk Line Territory.

Rate on Zinc, Zinc Oxide and Sublimed Lead, C. L. vs. Pig Lead, Etc., Signing of Live Stock Contracts by Agents of the Different Roads at National Stock Yards. (See Circular Letter No. 111.)

Issuing Bills Lading Not Conforming to Rule 24 of Official Class'n. (See Circular Letter No. 112.)

Meeting convened 10:30 a. m.

Signing of Live Stock Contracts by Agents of the Different Roads at National Stock Yards.

This subject was on the docket for consideration at meeting Feb. 20th and 27th and laid over. (See proceedings No. 37 and 38, also Circular Letter No. 111, Feb. 23rd.)

At meeting today it was

Moved, That the subject be postponed until next meeting for further consideration.

Issuing Bills Lading Not Conforming to Rule 24 of Official Classification.

This subject was on docket for consideration at meetings 20th and 27th (See Proceedings No. 37 and 38), and laid over.

At meeting today Chairman read replies received to Circular Letter No. 112 and after due consideration of the subject, it was

Moved, That Chairman C. F. A. be advised that we construe Rule 24 of the Official Class'n. as applying only on property received direct from shippers and to the issuance of Bills Lading thereon and not to billing covering shipments coming from Western Connections and we are governed accordingly.

Letter from Chairman C. F. A. to the Effect that J. C. Circular No. 1826, March, 1895, Not Being Enforced.

This subject was docketed for meetings Feb. 20th and 27th and laid over. (See Proceedings No. 37 and 38.) At meeting today, it was

Moved, That the subject be referred back to the Central Freight Ass'n. for consideration there by the proper committee.

Rate on Zinc, Zinc-Oxide and Sublimed Lead, C. L., vs. Pig Lead, Etc.

This subject was considered at meeting Jan. 30th (Procedings No. 35) and recommendation was transmitted to Chairman C. F. A. by letter, Jan. 31st.

The subject was docketed for meetings Feb. 20th and 27th and laid over. At meeting today, Chairman read letter from Chairman C. F. A. dated Chicago, Feb. 10th, file 9069, also called attention to C. B. & Q. Tariff No. G. F. O. 3986, effective March 10th, 1903, advancing rate on Zinc, C. L., from Peru and La Salle, Ill., to various C. F. A. Points and it was

Moved, That the application to C. F. A. for special rating on Zinc, etc., as per letter Jan. 31st be withdrawn. (See Proceedings No. 35, Jan. 30th.)

Issuing Transportation Account of Lumber and Logging Roads.

This subject last considered at meeting Jan. 23rd (See Proceedings No. 34), and laid over for report from meeting, Cincinati, Jan. 28th. The proceedings of meeting, Cincinnati, Jan. 28th, was presented and after discussion at meeting today, it was

Moved, That the subject be tabled.

Issuing Bills of Lading Before Receipt of the Traffic.

This subject laid over from meeting Feb. 27. (See Proceedings No. 38.)
After consideration today it was

Moved, That the subject be tabled.

Letters from Cotton Exchange Transportation Committee Requesting Conference.

This subject last considered at meeting Feb. 27th (Proceedings No. 38), and Committee of three appointed to confer with the Cotton Exchange Transportation Committee, and make report to this Committee. The Special Committee not being prepared to report, it was

Moved, That the Committee be given further time to make report; they to obtain, from the gentlemen with whom they have the conference, a concise statement in writing covering the Cotton Exchange Committee's proposition and submit same to this Committee at next meeting with their report.

Rate on Bones to Detroit, Mich.

This subject considered at meeting Feb. 20th (Proceedings No. 37), and recommendation referred to C. F. A. At meeting today Chairman read letter March 4th, file I-91 from Chairman C. F. A. quoting letter from a member, making objection to rate of 12 cts., etc., and after discussion, it was

Moved, That the recommendation to the C. F. A. be changed to read 13½ cts. instead of 12 cts., it being the understanding that any tariffs in force at present at less than 13½ cts. will be cancelled effective on legal notice.

T. St. L. & W. R. R. representative stated their tariff would be cancelled effective on legal notice. (T. St. L. &. W. R. Supplement No. 15 to G. F. D. 265, effective Feb. 12th.)

Rate Basis on Sublimed Lead and Zinc Oxide, C. L., vs. Pig Lead and Spelter.

After due consideration of the above subject at meeting today the following resolution was adopted for transmission to the C. F. A.:

Resolved, That during the existence of the present rates on Pig Lead and Spelter to C. F. A. Western Termini and Trunk Line Points, an advance in corresponding rates on Sublimed Lead is not consistent and we therefore recommend a continuance of them until rates on Pig Lead and Spelter are restored to the basis provided therefore in Official Class'n.

Further, to be entirely consistent, we recommend that Zinc Oxide be also placed on the same basis as Sublimed Lead.

Rates on Pig Lead From Missouri River.

Letter was read from Chairman C. F. A., dated March 5th, file 4966, requesting information as to whether members of the Committee know of any reason for present rates from Kansas City to New York, etc., being continued, and it was

Moved, That Chairman C. F. A. be advised that we are unable to give him any information that will be of any assistance to him in presenting the subject at the meeting of C. F. A.

Minimum Carload Weight on Barrels.

This subject considered at meeting Jan. 30th (Proceedings No. 35), and recommendation sent Chairman C. F. A., Jan. 30th (See C. F. A. Advice Letter I-69 and I-98.)

The subject brought up again by letter from a member, which was read and it was

Moved, That the subject be laid over until next meeting.

Letter from Chairman C. F. A. Regarding Representative at Lumber Meeting, Louisville.

Chairman read letter March 2nd, file 9084-A from Chairman C. F. A. on subject of meeting, Louisville, March 18th, regarding Lumber Rates from Ohio and Mississippi River Crossings, etc., and after discussion, it was

Moved, That the representative of the T. St. L & W. R. R. be requested to represent this Committee at that meeting and that Chairman C. F. A. be requested to communicate with Mr. C. D. Whitney, T. M., for him to designate as to who it shall be.

Cotton Exchange Transportation Committee Conference.

This subject was laid over from 6th, in consequence of Special Committee not being ready to report. At meeting today the Special Committee was not fully represented on account of sickness, and it was

Moved, That the subject be laid over until next meeting.

Cotton Seed Oil, Montgomery, Ala., to Eastern Cities.

This subject last considered at meeting Jan. 23rd. Chairman stated today he had received from all members replies to Circular Letter No. 99, Jan. 12th, submitting letter from Chairman C. F. A. (See proceedings No. 32, Jan. 9th), and after discussion, it was

Moved, That Chairman, C. F. A. be advised that rates on Cotton Seed Oil from Montgomery, Ala., to New York, N. Y., and Guttenburg, N. J., 29 cts., and to India Point and Providence, R. I., 31 cts. are being protected via East St. Louis, divided on per cents as per Info. No. 223, series A, and that since these rates are in effect via Cincinnati and Louisville, it is the sense of the East St. Louis Lines that there is no good reason why they should not be protected via this gateway and it is therefore recommended to the C. F. A. that they be authorized.

Minimum Carload Weight on Barrels.

This subject considered at last meeting and laid over. (See proceedings No. 39.) After consideration at meeting today, it was

Moved, That the subject be tabled.

Signing of Live Stock Contracts by Agents of the Different Roads at National Stock Yards.
Rate on Grain to Madison, Ind.

The above subjects were laid over until next meeting.

Rates on Peaches and Berries to C. F. A. and Trunk Line Territory.

This subject was brought up by letter 10th, file 9681, from Chairman C. F. A., submitting letters from Commissioner Trunk Line Ass'n., which were read and after consideration it was

Resolved, That it is the sense of this Committee that Exceptions to the Official Class'n. C. F. A. Info. 3303, applying on Fruits and Vegetables from the territory described, be modified to exclude Peaches and Berries, which should be carried on the basis provided therefor in C. F. A. Info. No.'s 3847 and 836, series A, on Peaches and Official Class'n. on Berries, provided the same adjustment applies from all Ohio and Mississippi River Crossings.

Representation of This Committee at Proposed Lumber Meeting.

Chairman read letters written to Chairman C. F. A., and T. M., T. St. L. & W. R. R. on above subject, quoting action taken at meeting 6th, also read letter from T. St. L. & W. R. R. to the effect that they had no available representative to send and requested Committee to appoint some one else.

After discussion it was

Moved, That the G. F. A., C. P. & St. L. Ry. be requested to represent this committee at the proposed Lumber meeting, the date and place to be named by Chairman C. F. A.

Virginia Lines Committee Reports.

This subject brought up by the Chairman, who called

attention to the fact that he issued Daily Reports during February, while the rate had been changed but three times and requested instructions as to whether necessary to continue sending report each day. After discussion Chairman was instructed to herafter reissue Virginia Lines Committee Reports only when there was a change in rates.

Meeting convened 10:30 a. m.

Cotton Exchange Transportation Committee Conference.

This subject considered at meeting 13th and laid over, the Committee not being prepared to make report at that time.

At meeting today the Chairman of the Special Committee (through his representative) submitted a Minority Report, as the other members of the Special Committee did not concur in his report, they submitting a Majority Report.

Reports were read and after due consideration the following was adopted:

Moved, That the report of the Special Committee be received and that the Transportation Committee of the Cotton Exchange be advised that the Eastbound Freight Committe does not consider it expedient to make any proposition for the issuance of Bills Lading on Cotton Notes.

Signing of Live Stock Contracts by Agents of the Different Roads at National Stock Yards.

The above subject having been laid over from previous meetings. (See Proceedings No. 40 and 39.) At meeting today after further consideration, the following was adopted:

Whereas, It is the sense of this Committee that it is not expedient for the representative of the Railroad to sign a Uniform Live Stock Contract for account of a shipper, even though he may have his power of attorney to do so, it is,

Resolved, That members of this Committee will instruct their representative not to do so in future and in all cases to require the shipper or his authorized agent to sign Live Stock Contracts. . .

Rates on Grain to Madison, Ind.

This subject was laid over at last meeting.
After a general discussion at meeting today, it was

Moved, That the subject be laid over until after the St. Louis-Cincinnati-Louisville Freight Committee Meeting, March 25th.

Issuing Bills Lading on Surrender of Bills Lading Before Receipt of Traffic From Connections.

This subject considered at meeting Jan. 9th and refferred to Central Freight Ass'n. At meeting today Chairman read letter 15th, file 10226 from Chairman C. F. A., referring it back to this Committee.
After due consideration, it was

Moved, That the subject be tabled.

Rates on Brick, Etc., to C. F. A. Points.

Chairman read letter March 16th, file 10077-Q from Chairman C. F. A., requesting the St. Louis Eastbound Freight Committee to recheck their rates on Brick, making advances correspond with those recently made from Chicago and other points in C. F. A. Territory and the following was adopted:

Resolved, That the rates from East St. Louis on General Brick and articles included in the list be established on the basis of East St. Louis to Terre Haute, $1.35, Indianapolis, $1.50 and to the Gas Belt Points $1.75, the Chairman to send out, by Circular Letter, the rates recommended at meeting today and report same to the Central Freight Ass'n. for approval. (See Circular Letter No. 117, March 21st.)

This subject was acted upon at meeting Feb. 20th,

and docketed for further consideration at request of a member.

It was

Moved, That further consideration of the matter be deferred until next meeting.

Rates on Sand (Glass and Moulding) to C. F. A. Points.

Chairman read letter March 18th, file 10077-R, quoting resolution adopted by the C. F. A. and suggesting Joint Conference of the Chicago and St. Louis Lines and it was

Moved, That Chairman C. F. A. be advised that the St. Louis Lines are willing to attend a joint meeting for consideration of this subject.

Rate on Cattle and Hogs to Indianapolis.

This subject was last considered at meeting Feb. 27, Proceedings No. 38, and statements given Chairman C. F. A. in letter Feb. 28th, brought up again by letters from Chairman C. F. A.

Laid over until next meeting.

Marking of Each Piece of L. C. L. Freight.

Chairman read C. F. A. Advice Letter No. I-138½, March 18th, on above subject, and it was

Moved, That the Chairman submit the proposition to the members by Circular Letter.

Distribution of Monthly and Semi-Monthly Reports, Issued by This Office.

As requested at meeting 13th the Chairman advised as to the Reports or Statements furnished resident members only, and it was

Moved, That the Chairman address a letter to the resident members of the Committee, asking them what statements they desire furnished to such of their Offi-

cers as they may designate. The replies received to be submitted at next meeting.

Rate on Grain to Madison, Ind.

This subject considered at meeting 20th and laid over until after Cincinnati-Louisville Freight Committee meeting 25th inst.

At meeting today it was stated that no action was taken on Grain rate at meeting 25th and after discussion, following was adopted by vote as shown below.

Whereas, The Proportional Rate on Grain from East St. Louis to Louisville is 4c per 100 lbs., while the rate

on Grain from East St. Louis to Cincinnati is maintained at 10 cts., and

Whereas, There is certain business reaching inland Distilleries in Kentucky, via Water Routes from Madison and Louisville, which is competitive between the two routes, the St. Louis Eastbound Freight Committee

Recommends, To the Central Freight Ass'n., that a Proportional Rate of 7 cts. per 100 lbs. on Grain, C. L., from East St. Louis to Madison, Ind., be authorized with the understanding that it will not disturb the present adjustment of rates to other points.

Affirmative, 4. Negative, 2. Not voting, 1.

Rating on Barred Heading Made of Compound Wood.

On request of a member it was

Moved, That the subject be continued on docket until next meeting.

Rate Basis on Sublimed Lead, Etc.

On account of absence of Wabash R. R. representative, this subject was ordered laid over until next meeting.

Rate on Bones to Detroit, Mich.

This subject considered at meeting Feb. 20th and recommendation sent to C. F. A. It was brought up again by letter March 18th from Chairman, C. F. A. inquiring whether rate should be applied as proportional rate only.

At meeting today it was

Moved, That Chairman C. F. A. be answered that the rate of 13½ cts. on Bones, C. L., from East St. Louis to Detroit should be authorized to apply locally, same as the rate authorized by Info. No. 4018 on like traffic from Chicago.

Conforming to Official Class'n. Rule No. 24.

This subject considered at meeting 6th and action

taken as shown in Proceedings No. 39, which was communicated to Chairman C. F. A. by letter 7th.

At meeting today letters March 9th and 18th, file 6937, from Chairman C. F. A. were read and after discussion it was

Resolved, That the Chairman C. F. A. be advised that the lines, members of the St. Louis Eastbound Freight Committee, will be governed strictly by Rule No. 24 of the Official Class'n.

Distribution of Reports Issued by This Office.

This subject considered at meeting 20th and Chairman instructed to issue Circular. Replies not having been received from all roads to Circular Letter No. 118, it was

Moved, That the subject be laid over until next meeting.

Percentages, Cairo Via E. St. Louis to Trunk Line Western Termini Points.

This subject brought up by letter March 21st, file I-5 from Chairman C. F. A., Chairman stated he had written letter to the Special Committee, appointed Dec. 19th, to consider the subject of Percentages to Trunk Line Territory, requesting their views. Replies received were read at meeting today and it was

Moved, That this question be referred to the Committee that was appointed Dec. 19th to consider the subject of Percentages to Trunk Line Territory, the Special Committee to be called together to make recommendation to this Committee at next meeting.

The Special Committee: Messrs. Hart, Nichols, Bushnell, Coyle and Taylor.

Rate on Cattle and Hogs to Indianapolis vs. Chicago.

This subject considered at meeting 20th and laid over. At meeting today Chairman read letters March 4th and 23rd from Chairman C. F. A. and it was

Moved, That the matter be referred to Messrs. Nichols and Hodgdon to report at next meeting of the Committee.

Marking of Each Piece of L. C. L. Freight.

This considered at meeting 20th and Chairman instructed to issue Circular Letter. (See No. 120.)

After further consideration of the subject at meeting today it was

Moved, That the subject be laid over until next meeting.

Rates on Cast Iron Pipe from East St. Louis to C. F. A. Points.

This subject last considered at meeting Feb. 20th (See Proceedings No. 37), and final disposition postponed awaiting result of meeting called for Chicago, Feb. 24th for the purpose of arranging a basis for rates from Ohio River Crossings and East St. Louis covering all points in C. F. A. Territory. At meeting today letter March 26th, file H-972½, from Chairman C. F. A. was read, urging further action regarding rates recommended in Circular Letter No. 104, proceedings No. 34, Jan. 23rd, and it was

Resolved, That a meeting of the Rate Clerks be called for Tuesday, March 31st, to consider and report upon the objections made to rates previously checked in, etc.

Meeting convened 10:30 a. m.

Rating on Barrel Heading Made of Compound Wood.

This subject considered at meeting March 20th and laid over on request of a member.

At meeting today Chairman read letter from the manufacturer of the heading in question and submitted samples of different kinds of heading.

After a very general discussion the following recommendation to the C. F. A. was offered:

Recommended, To the Central Freight Ass'n that the article "Heading" in the list of Articles upon which Lumber rates will apply, as given in various C. F. A. authorities, be changed to read, "Heading, plain or built up."

The vote on this resolution was three (3) affirmative, three (3) negative. The Chairman was instruct-

ed to refer subject to C. F. A. with statement of vote and request that letter vote be taken at once.

Rate Basis on Sublimed Lead, Etc.

Percentages, Cairo via E. St. Louis to Trunk Line Western Termini Points.

Rate on Cattle and Hogs to Indianapolis, vs Chicago.

The above subjects were laid over until next meeting.

Marking of Each Piece of L. C. L. Freight.

This subject was submitted by Circular Letter No. 120, March 23rd, and after consideration at meeting March 27th, was laid over.

At meeting today, it was

Moved, That this subject be referred to the Local Freight Agents Ass'n with the request for a statement as to what is now being done by all lines, members of their Ass'n, and a recommendation from them as to a more effective carrying out of the present classification and rules, also a further recommendation as to whether or not the marking of each piece with the full name should be exacted.

Objections to Brick Rates.

Chairman called attention to Circular Letter No. 123, April 1st, giving copy of letter March 31st, file I-157, from Chairman C. F. A. raising objections to rates recommended from East St. Louis, shown in Proceedings No. 41, March 20th, and Circular Letter No. 117, March 21st, and it was

Moved, That a meeting of the Rate Clerks be called for Wednesday, April 8th, 10:00 a. m. to consider and report upon the objections made to rates previously checked in, etc.

Rates on Cast Iron Pipe.

This subject considered at meeting March 27th and

referred to Rate Clerks. At meeting today Chairman read report of Rate Clerks Meeting, March 31st, which explained correctness of rates shown in Circular Letter No. 104, Jan. 20th, and Proceedings No. 34, Jan. 23rd, and in conclusions:

Further Recommended, Reaffirmation of Circular Letter No. 104, transmitted to Chairman C. F. A. with letter Jan. 20th, the rate to Loveland, Ohio, being corrected to $2.20 as per letter Feb. 11th.

And it was

Resolved, That the report and recommendation be approved and forwarded to Chairman C. F. A. as reply to his letters.

Issuing Bills Lading on Receipts of St. Louis Cotton Compress Co.

This subject brought up by letter April 3rd, from a member which the Chairman read, and it was

Moved, That a Special Committee of three be appointed to consider the question as presented.

Chairman appointed as the Special Committee Messrs. Coyle, Nichols and Hodgdon.

Terms and Conditions for Transportation of Shipments to and from the Louisiana Purchase Exposition Company.

This subject brought up by issuance of C. F. A. Information No. 4178, March 27th, also letter from Chairman C. F. A. dated April 1st, file 2445, asking if the rules in said Information are entirely acceptable to the St. Louis Eastbound Freight Committee and the Chairman was instructed to reply "That Section 7 of Information No. 4178 should not apply at the present time, because construction material is covered by Special Tariffs of the Terminal Roads and Exposition Co. switching, as it is expected that such material will be charged the regular tariff rates up to East St. Louis, plus the construction material charges from East St.

Louis to the Exposition site, until the time designated, as per Section 8, for the general reception of exhibits."

A letter 2nd, file 10125, from Chairman C. F. A. was also read, as follows:

"Referring to Information No. 4178, conditions governing transportation of shipments to and from Louisiana Exposition. Some of the members of this Ass'n state that they have received joint notice from the St. Louis lines that they would require prepayment on all freight, including switching charges, on construction material for the Louisiana Purchase Exposition. As provision to that effect is not embodied in Information 4178, the question arises as to whether or not the lines, members of the St. Louis Eastbound Freight Committee intend to withdraw the notice."

And the following reply was made by letter 3rd, file 4199:

"On anything consigned to the Louisiana Purchase Exposition Co. proper, the Term'n Ass'n and Switching Roads will not exact prepayment of freight charges, but any consignment to contractors or anyone else, except the Louisiana Purchase Exposition Co., should be prepaid, including the switching roads and Exposition Co. Switching charges.

There is a construction material tariff in effect covering switching from St. Louis to the Exposition tracks, of $6.00 per car and $4.00 for switching on Exposition on Exposition Site, making $10.00 from St. Louis, to which must be added the Bridge Tariff Rates from East St. Louis; therefore the Exhibit rates from East St. Louis should not be used on this Construction material."

The last action on above subject was on March 6th. See Proceedings No. 39, Page 1. The resolution adopted was transmitted 7th to Chairman C. F. A. Letters from Chairman C. F. A. were read and after due consideration, it was

Moved, That the subject be tabled.

Percentages, Cairo via East St. Louis to Trunk Line Western Termini Points.

This was last considered at meeting March 27th and referred to a Special Committee.

The Special Committee submitted report, which was read and after discussion, it was

Moved, That further consideration of the subject be postponed until next meeting.

Rate on Cattle and Hogs to Indianapolis vs. Chicago.

This subject referred March 27th to Messrs. Hodgdon and Nichols for report. Not being ready to report today, it was

Moved, That the subject be laid over until next meeting.

Marking of Each Piece of C. L. Freight.

This subject considered at meeting April 3rd, Proceedings No. 43, and referred to Local Freight Agents Ass'n for information and recommendation. At meeting today letter from Secretary Local Freight Agents Ass'n was read, and it was

Moved, That Chairman C. F. A. be advised that it is the sense of this Committee that the present rules, as provided in the Official Classification, if fully enforced is all that is necessary.

Issuing Bills Lading for Cotton on Receipts of St. Louis Cotton Compress Company.

Above subject was presented at meeting 3rd and referred to Special Committee for report.

The Special Committee not having met to consider the matter, it was

Moved, That the Special Committee be discharged. (Adopted.)

After due consideration and a general discussion of the subject, it was

Moved, That action be deferred until next meeting, members to make necessary investigation and come prepared to discuss the subject further.

Rates on Pig Lead and Spelter to C. F. A. Points.

This subject was brought up in consequence of the rates via Rail and Lake to Buffalo, N. Y., being liable to affect the rates to interior C. F. A. Points. The representatives of lines working through Cleveland

and Toledo thence via Lake having stated that their Lake and Rail Tariffs had been cancelled or amended, effective April 20th, the following was adopted for record:

"The Committee has considered the subject of rates on Pig Lead and Spelter to Buffalo and all lines via Lake Erie Ports have taken action withdrawing the Lake and Rail rate to Buffalo and established a rate of 13½ cents to that point, making no lower rate to C. F. A. Points, except where the authorized basis is lower; that the reports of the Lake and Rail Lines via Chicago indicate that their tariffs have not as yet been corrected, although it is anticipated that they will be, nevertheless the lines in this Committee will maintain the authorized interior rates regardless of any Lake and Rail rates via Chicago to Buffalo."

Rates and Conditions for Transportation of Shipments to and From the Louisiana Purchase Exposition Co.

The Chairman read letter 3rd, file 10125, from Chairman C. F. A. regarding a change suggested in C. F. A. Information No. 4178, first section, Clause "C" and after due consideration of correspondence, it was

Moved, That Chairman C. F. A. be advised that the Committee has considered the subject and do not desire any changes in the rule.

Rates on Brick, Etc.

This subject was considered at meeting April 3rd and referred to Rate Clerks. At meeting today Chairman submitted report of Rate Clerks meeting, April 8th which explained the correctness of rates shown in Circular Letter No. 117, March 21st and Proceedings No. 41, March 20th, and in conclusion:

Recommended, That we reaffirm the rates proposed from E. St. Louis in Circular Letter No. 117 C. F. A. Advice Letter No. I-157, subject to the recommenda-

tion as regards rate to Washington, Mitchell and North Vernon, Ind.

And it was

Resolved, That the report and recommendation be approved and forwarded to Chairman C. F. A. as reply to his letters.

Note.—The rates recommended are to Mitchell and Washington, Ind., $1.50, and to North Vernon, Ind., $1.75 per ton. The letters from Chairman C. F. A. were issued as Circular Letter No. 125 and 123, April 4th and 1st.

Rates on Scrap Iron to Southern Ohio Points from Peoria and East St. Louis Less than from Chicago.

The Chairman stated he received Joint Letter April 4th, file 10079-O, from Chairman C. F. A. to the effect that rates on Scrap Iron from Peoria and East St. Louis were out of line, suggesting that Peoria and East St. Louis Committee arrange for a recheck.

This letter was submitted to Rate Clerks at meeting 8th and they recommend as follows:

Whereas, The rates on Scrap Iron from East St. Louis, as per C. F. A. Info. 4074, were checked in connection with rates from Cairo and as present East St. Louis authorities are based on the established differential of 20 cents per ton under Cairo rates as established by C. F. A. Information No. 3839, it is the opinion of Rate Clerks that the only way to properly establish relative rates from Peoria, Chicago, Cairo and East St. Louis is to have a Joint check of the four Committees for the reason that any check from East St. Louis to line up with present basis from Chicago would undoubtedly destroy the relative basis with Cairo.

And it was

Resolved, That the recommendation of the Rate Clerks be approved and transmitted to Chairman Cen-

tral Freight Ass'n as a reply to his letters April 4th and 8th on this subject.

Is New Orleans Proper Business Being Worked from C. F. A. Points Through St. Louis and Texas Pacific Ry.?

Moved, That the subject be laid over until next meeting.

Interstate Commerce Commission Orders.

The Chairman called attention to letter 3rd, file 10445, from Chairman C. F. A., issued by this office as Circular Letters No. 126 and 127, April 7th.

After discussion it was

Moved, That the subject be laid over until next meeting.

Chairman submitted letter from a member and it was

Moved, That the subject be laid over until next meeting.

Rate on Boat Oars, Clarendon, Ark., Via Mo. Pac. to Eastern Cities.

Chairman presented letter from a member and after discussion it was

Moved, That the subject be tabled.

Rates on Enameling Plate and Steel Bolsters.

The Chairman called attention to letter 3rd, file 4841, from Chairman C. F. A. (transmitted to members by Circular Letter April 4th, file 4215), and to the fact that there was some difference of opinion as to the proper rates that should apply from East St. Louis, stating that he had been in correspondence with Chairman C. F. A. and it was

Moved, That the Chairman issue Circular Letter promulgating the proper rates to be applied on this traffic from East St. Louis to base points named in C. F. A. Info. 298-A, Jan. 13th, 1900, also to Western Termini of Trunk Lines and that Tariffs would be issued accordingly.

The correct rates referred to are as follows, based on 27½ cts. per 100 lbs., East St. Louis to New York:

Boston, 29½ cts.
New York, 27½ cts.
Philadelphia, 25½ cts.
Baltimore, 24½ cts.

Rate Basis on Sublimed Lead, Etc.

This subject considered at meeting 10th and laid on the table.

It was brought up again today and after due consideration, following was adopted:

Moved, That the rate on Sublimed Lead be advanced to the basis of rates now in effect on Barytes, East St. Louis to Western Termini and Trunk Line Points. That the rates on Barytes, Sublimed Lead and Zinc Oxide to C. F. A. Territory be checked on the basis of Western Termini rates on Sublimed Lead, as above established, with the 6th class rates as a maximum. That the Lake Erie and Detroit River Points be checked in as near to the Western Termini maximum as conditions will permit.

It was also

Moved, That a meeting of the Rate Clerks be called to check in the rates and report to this Committee at next meeting.

Note—A meeting of the rate clerks will be called for Tuesday, April 21st, at 1:00 o'clock noon.

Rate on Cattle and Hogs to Indianapolis vs. Chicago.

This subject referred March 27th to Messrs. Nichols and Hodgdon for report. At meeting today the committee reported that this committee recommend that the rate on Cattle and Hogs, East St. Louis to Indianapolis, be made 5th class, 13½ cts. per 100 lbs., and it was

Moved, That the report be received, adopted and Chairman C. F. A. advised accordingly.

Issue of Bills Lading for Cotton on Receipts of the St. Louis Cotton Compress Company.

This subject considered at meeting 10th, and laid over for further consideration.

At meeting today after a general discussion it was

Moved, That the subject matter of letter presented at meeting April 3rd be tabled.

The following was then adopted:

Move you that the Committee, viz.: Messrs. Keane (Chairman), Hart and Penney, appointed at meeting Feb. 27th be requested to confer again with the Cotton Compress Company with the view to getting a proposition that may enable members of this Committee to enter into an agreement with them for the issuance of Receipts or Bills Lading upon their contracts.

Interstate Commerce Commission Orders.

Loading, Unloading and Trackage Charge on L. C. L. Shipments at National Stock Yards.

The above subjects were laid over until next meeting.

Is New Orleans Proper Business Being Worked from C. F. A. Points Through St. Louis and Texas Pacific Ry?

Meeting convened at 10:30 a. m.

Rate Basis on Barytes, Sublimed Lead and Zinc Oxide.

This subject considered at meeting 17th, and referred to Rate Clerks to check in rates in accordance with resolution adopted at that meeting.

Chairman read Rate Clerks report April 21st, and after discussion the following was adopted as this Committee's recommendation to the C. F. A.:

Recommended, To the C. F. A. that the rate on Sublimed Lead be advanced to the basis of rates now in effect on Barytes, East St. Louis to Trunk Line Points, viz.: 23½ cents per 100 lbs., C. L., minimum weight 40,000 lbs., East St. Louis to New York, usual differences to other eastern cities, also

Recommended, To the C. F. A. that the rates on Zinc Oxide in Info. No. 3777 and on Barytes, in Info. Nos. 3863 and 3881, be cancelled, and further

Recommended, To the C. F. A. that advanced rates on Barytes, Sublimed Lead and Zinc Oxide, C. L., minimum 40,000 lbs., be established from East St. Louis to the Basing Points named in minimum Basing Book No. 9, as follows:

To Akron, Ohio, 14½ cents per cwt.
Anderson, Ind., 11 cents per cwt.
Cleveland, Ohio, 14½ cents per cwt.
Columbus, Ohio, 13½ cents per cwt.
Dayton, Ohio, 12 cents per cwt.
Detroit, Mich., 13½ cents per cwt.
Fort Wayne, Ind., 12 cents per cwt.
To Indianapolis, Ind., 10½ cents per cwt.
Kokomo, Ind., 11 cents per cwt.
Marion, Ind., 11 cents per cwt.
Muncie, Ind., 11 cents per cwt.
Toledo, Ohio, 13½ cents per cwt.
Western Termini, 15½ cents per cwt.
Youngstown, Ohio, 14½ cents per cwt.

Percentages Cairo via East St. Louis to Trunk Line Western Termini Points.

This subject referred to a special Committee at meeting March 27th, for report.

This Committee submitted their report at meeting 10th inst., and it was laid over until 17th.

At meeting 17th, it was

Moved, That the report be received and Committee discharged.

After due consideration, it was

Resolved, That the St. Louis Eastbound Freight Committee recommend to the Central Freight Ass'n for adoption the following allowances to the lines, Cairo to East St. Louis:

a. On Traffic from Pro-rating points south and west of Cairo, Ill., when the through rates divide north and south of Cairo on Percentages, in dividing the proportion accruing north of Cairo, lines from Cairo to East St. Louis will be allowed to all western Termini Points 20 per cent.

(In the application of this allowance, no minimum is to be allowed the lines from Cairo to East St. Louis.)

b. On traffic from Non-prorating points south and west of Cairo, Ill., the through rates on which allow the establishment local or proportional rates east of Cairo, the lines from Cairo to East St. Louis will be allowed 20 per cent. (Subject to a minimum allowance of 3 cts. per cwt., from Cairo to East St. Louis.)

In the application for the foregoing, the maximum amount allowed to roads south of East St. Louis shall be the local rate from point of origin to East St. Louis.

Percentages Cairo via East St. Louis to Trunk Line Points.

Chairman read letter April 21st, file 38177-C, from G. F. A., M. & O. R. R. on above subject and after consideration the Chairman was instructed to reply to G. F. A. M. & O. R. R. that the Committee had considered the points raised by him in his letter and are of the opinion that the allowances to the M. & O. R. R. are entirely fair.

Marking of Each Piece of L. C. L. Freight.

This subject was acted upon at meeting April 10th, Proceedings No. 44. Chairman read letter April 15th, from Secretary Local Freight Agts. Ass'n, and it was

Moved, That the subject be tabled.

Issuing of Bills Lading for Cotton on Receipts of St. Louis Cotton Compress Company.

This subject referred at meeting 17th, to the Special

Committee for further conference with Cotton Compress Co., the Committee were not prepared to report, requested more time, and it was

Moved, That the subject be laid over.

Interstate Commerce Commission Orders.

Loading, Unloading and Trackage Charge on L. C. L. Shipments at National Stock Yards.

Consideration of the above subjects was deferred.

Enameling Plate and Steel Bolsters, C. L.

This subject was last considered at meeting 10th, see proceedings No. 44, and Circular Letter No. 128, April 11th, file 4215.

Later advices were received showing that the correct rates to apply from East St. Louis, Ill., are as follows:

To Boston, 30½ cents per cwt.
New York, 27½ cents per cwt.
Philadelphia, 25½ cents per cwt.
Baltimore, 24½ cents per cwt.
Albany, 26½ cents per cwt.
To Utica, 22½ cents per cwt.
Syracuse, 22 cents per cwt.
Rochester, 20½ cents per cwt.
Buffalo and Pittsburg, 18½ cents per cwt.

As shown by Circular Letter No. 131, April 20th, effective May 4th, 1903, and Individual Tariffs are being raised accordingly.

A letter from a member was read, but as no action deemed necessary, it was

Moved, That the subject be tabled.

Rate on Crude Phosphate Rock.

Chairman read letter April 17th, file 10533, from Chairman C. F. A. enclosing copy of letter April 17th, to Messrs. Brent, Jeffries, Keepers, Brister and Campbell, regarding rates on Phosphate Rock, etc., calling

attention to the possibility of Joint Check by local Committees to line up Commodities, etc., and it was

Moved, That Chairman C. F. A. be advised that the question of rates on Crude Phosphate Rock from E. St. Louis will be considered at meeting of Joint Check from Ohio River Crossings and East St. Louis, referred to in his letter.

Rates on Crushed Stone East St. Louis to Cleveland.

Letter April 13th, from a member was read by the Chairman, and it was

Moved, That the road making the application for the rate be requested to furnish information as to the necessity for making the rate and procure a sample of the Commodity that the shippers desire to forward to Cleveland on the rates suggested.

Proportional Rate on Grain to Madison, Ind.

This subject last considered March 27th, proceedings No. 42, see C. F. A. Advice Letter No. I-177 and I-248.

Letter April 18th, from G. F. A. T. H. & I. R. R. was read and following was adopted:

I move you, that in view of the additional facts, presented by the Vandalia Railroad, we again recommend to the C. F. A. the adoption of the rate, shown in Proceedings March 27th, and transmitted to Chairman C. F. A. by letter March 28th, file 4155. A copy of T. H. & I. letter to be also furnished.

Barrels, C. L., B. & O. S. W. Supplement No. 5 to Tariff H-1716 and Wabash Amendment No. 5 to Tariff 29102-E.

Chairman called attention to above supplements. No action taken by the Committee.

Bills Lading on Export Lumber.

Chairman read letter April 20th, from a member submitting letter from Traffic Manager, National Lumber Exporters Association on above subject and was instructed to write Chairman C. F. A. for information

as to whether the Steamship Cos. have decided to recede from their original position and will receipt for the number of pieces Lumber for all parties, etc.

Rates on Corn for Distilling Purposes East St. Louis to Vincennes, Ind.

Chairman read letter April 21st, from a member on the above subject and the following was offered.

Recommended, That the rate on Hot or Damaged Corn, for distilling purposes, be established at 4 cts. per cwt., East St. Louis to Vincennes, Ind.

The members individually decided to not concur in the proposition.

Proportional Rates on Wool from Chicago, Mississippi River, Etc., to Eastern Territory.

Attention was called to C. F. A. Advice Letter No. I-276 which the Chairman read and following was adopted and communicated to Chairman C. F. A. by letter 24th inst., file 4132.

Whereas, It has been demonstrated that it is impossible to hold proportional rates on the traffic for which they are intended and that proportional rates formerly in effect on Wool have invariably been applied locally at Chicago and other Junction points,

Resolved, That we enter an emphatic protest against the establishment of rates as per C. F. A. Advice Letter No. I-276 April 22nd, and recommended that no change be made in the present rates.

Issue of Bills Lading for Cotton on Receipt of St. Louis Cotton Compress Company.

This subject was last considered and referred April 17th, to Special Committee for conference and report. At meeting today Chairman read letter May 7th from Chairman Special Committee submitting copy of letter April 27th, from Prest. St. Louis Cotton Compress Co., together with a copy of the proposed receipt etc., and after consideration of same, it was

Moved, That the members of this Committee be requested to take up the subject with their legal departments with the view of enabling each line to handle cotton on the same basis as now handled by the "Clover Leaf" and to enable them to do so, that the Chairman

furnish members with two (2) copies of the principal blanks and copy of Prest. Julius Lesser's letter dated April 27th, and that no definite action be taken in regard to issuing Bills Lading by any line, until full report on the subject has been received from each after being submitted to their legal departments.

Interstate Commerce Commission Orders Also Loading, Unloading and Trackage Charge on L. C. L. Shipments at National Stock Yards.

This subject was laid over from meeting April 10th, at meeting today in view of C. F. A. meeting called for 12th inst., to consider above and similar matters, it was

Moved, That the above subjects be tabled.

Rate on Crushed Stone East St. Louis to Cleveland.

This subject considered at meeting April 24th, the member bringing up the subject was requested to furnish additional information, etc. The applicant not being prepared today, to submit information asked for, it was

Moved, That the subject be laid over until next meeting.

Bills of Lading on Export Lumber.

This subject considered April 24th, and laid over for information from Chairman C. F. A. as to whether the Steamship Cos. have decided to recede from their original position and will receipt for the number of pieces of Lumber for all parties, etc.

At meeting today Chairman read letter May 6th, file 6937 from Chairman C. F. A. giving information referred to and it was

Moved, That the letter from C. F. A. be included in proceedings and the subject be tabled.

"Chicago, Ill., May 6, 1903.

File 6937.

Dear Sir: Referring to your favor of April 25th, file 4221 relative to agreement which the National Lumber Exporters Ass'n. has entered into with the Trans-Atlantic Steamship Lines:

We understand that the agreement referred to was made between the members of the National Lumber Exporter's Ass'n. and the Trans-Atlantic Steamship Lines and copy of such agreement is enclosed herewith.

It should be understood that this is an Ocean Line Agreement, to which the Inland Lines are not parties and it consequently is not intended in any way to affect the present practice of the inland lines in issuing Export Bills of Lading, furthermore, it only applies to Steamship Lines in the Trans-Atlantic Ass'n. Freight Conference and not to any Steamers or Steamship Lines outside of said Associated Freight Conference."

Rates on Lumber from the West, East St. Louis to C. F. A. Points.

Chairman read letters May 1st and 5th, file 9311-A, from Chairman C. F. A. relative to rates on Lumber from the west forwarded via East St. Louis at proportion of the Cairo rate, and it was

Moved, That it is the sense of this Committee that we advise Chairman Tucker that in consequence of the authority existing for the pro-rating of the Cairo rate on shipments consigned to Trunk Line Territory and the fact that the Cairo rates to C. F. A. Points can also be pro-rated through every other junction except E. St. Louis, it is impracticable for the lines, members of this committee to apply Rule to C. F. A. Info. No. 1878, Dec. 5th, 1899, prohibiting the pro-rating of the Cairo rate, etc., on Lumber, etc., through E. St. Louis and that as the Iron Mountain Railroad publishes a through tariff from Cairo to C. F. A. points, handling the Lumber in question upon that basis, we cannot apply any other rule to shipments handled in connection with other lines leading from Cairo, Gale, Thebes and East Cape Girardeau.

It was also

Moved, That Chairman C. F. A. be requested to submit this to the Central Committee with the view to having same authorized, as this has been the practice for years and cannot be changed.

Note: The Rule in Info. 1878 referred to above is as follows:

"The rates named herein from Cairo and Brooklyn shall not be pro-rated through E. St. Louis.

Rates on Wool.

This subject brought up by letter May 4th, file 9133-A from Chairman C. F. A. to the effect that the Trunk Line Ass'n. declined to approve the proposition to change the Official Class'n. to correspond with Info. 861-A and after due consideration it was

Moved, That Chairman C. F. A. be advised that the East St. Louis Lines are trying to get away from the C. L. rating on Wool and that if the Official Class'n. is not changed so as to do away with the 2nd class rating on 10,000 lbs. basis, it will result in Tub-Washed or Scoured Wool being placed on the 2nd class basis any quantity.

Rates on Exhibits for the St. Louis Fair Association.

At meeting today application for the usual concessions on Exhibits at the St. Louis Fair Ass'n. Oct. 5 to 10th inclusive, was presented, and it was

Resolved, That the application be referred to the Central Freight Ass'n. with recommendation of this Commitee that the same concessions as those of previous years be granted, i. e., full tariff rates will be charged on all exhibits forwarded to the St. Louis Fair to be held in St. Louis, Mo., and that such exhibits (excepting horses and mules) if unsold and re-shipped from St. Louis within 30 days after the close of the Fair, may be returned free at owner's risk to the original forwarder at the original point of shipment by the Railway Co. which carried same, upon presentation of

the original bills of lading, or contract or paid freight bill, together with a certificate signed by the proper officers of the Fair to the effect that the shipments are unsold exhibits which have paid full tariff rates one way, such certificates to be attached to the manifest of each shipment. Full tariff rates to be charged in both directions on horses and mules.

N. B.: The request made last year was granted as shown by C. F. A. Info. Nos. 3617 and 767, series A.

Rates on Sulphide Ore C. L. E. St. Louis to Rosslyn Station, Pa., P. C. C. & St. L. Ry. Coming from Iola, Kas.

Chairman read letter from a shipper making application for Commodity Rate on Sulphite Ore, etc.

After consideration of the subject, it was

Moved, That the Chairman reply to the applicant asking them to have their rates fixed west of East St. Louis and have application for rates east of East St. Louis made by a Western Line.

Rates on Barytes.

This subject was last considered Apr. 24th, proceedings No. 46 brought up by letter from Chairman C. F. A., file I-314, May 6th, making enquiry as to whether rates proposed will apply on ground Barytes as well as Barytes in the rock.

After discussion, it was

Moved, That the Chairman advise Chairman C. F. A. that the rates named apply on Ground Barytes as provided for in C. F. A. Info. 842-A—3863 and 3881.

Rates on White and Red Lead.

Chairman read telegram May 7th, from Chairman C. F. A. calling attention to Supplement No. 5 to T. St. L. & W. R. R. No. 201 naming 6th class rates on White and Red Lead to Eastern cities.

No action takes by the Committee.

Application for Membership in the Committee.

Chairman read letter May 6th, file T-8583 from C. F. A., C. & E. I. R. R. (Frisco System) making application for membership in the Committee, and it was

Moved, That the application be accepted and G. F. A. Campbell notified accordingly.

Next Meeting of the Committee.

Attention was called to C. F. A. meeting being next week, etc., and it was

Moved, That the next meeting of this committee be held on Friday, May 22nd.

Is New Orleans Proper Business Being Worked From C. F. A. Points Through St. Louis and Texas & Pacific Railway?

This subject last considered at meeting April 17th (See proceedings No. 45.)

As instructed Chairman C. F. A. was advised April 17th and reply received May 25th, file 10377, which the Chairman read, and after discussion the following was adopted:

Moved, That Chairman C. F. A. be replied to and it is the sense of this Committee that there is nothing irregular in the pro-rating of rates between C. F. A. Territory and Texas & Pacific Ry. Points taking the New Orleans basis of rates, via St. Louis and West side Lines and that the operation of the Pro-rating arrangements via that route does not in any way conflict with Information No. 2661.

Minimum Carload Weight on Paper Stock, Information No. 4050, East St. Louis to Allegan, Mich. and Vincennes, Ind.

This subject last considered at meeting May 22nd, and laid over.

At meeting to-day Chairman read letters from Chairman C. F. A. Feb. 25th, file Information 4040, May 9th and 20th, file Information 3900, and the following was adopted.

Moved, That it is the sense of this Committee that we should take the same action as is taken or supposed to be taken by the Chicago Committee, as indicated in letter Feb. 25th, Information 4050 from Chairman C. F. A. as follows:

"Information Circular No. 4050 Feb. 11, authorizes rate of 4½ cents to Allegan, and 6 cents to Vincennes from East St. Louis on Rags, Waste Paper and Scrap Paper, pressed in bales, subject to minimum weight of 30,000 lbs.

"In the same issue are rates on like traffic from Chicago and the Chicago Freight Committee has agreed that Rule 5-C shall not govern in connection with these special rates on Paper Stock, and it is therefore thought that East St. Louis lines should agree not to use Rule 5-C of Official Class'n. on shipments from East St. Louis subject to the Special rates above referred to."

Percentages, Cairo via East St. Louis to Trunk Line Western Termini Points.

This subject last considered at meeting April 24th, see proceedings No. 46, Chairman C. F. A. advised by letter April 25th, and replied May 26th, file I-306 to the effect that he deemed it best to refer subject to Committee on Relation with Southern Roads and it was

Moved, That further consideration of the subject be deferred until action has been taken by the Committee on Relations with Southern Roads.

Application of the C. & E. I. R. R. (Frisco System) for Membership in the Committee.

This subject last considered at meeting May 8th,

see proceedings No. 47. As instructed Chairman wrote G. F. A., C. & E. I. R. R. and received reply dated May 22nd., file T-8583 returning signed copy of Articles of Organization, also letter regarding instructions as to furnishing copies of Calls for meetings, Proceedings, Special Notices, etc., and it was

Moved, That the Communication be placed on file and request be complied with.

Rates on Pig Lead and Spelter.

This subject brought up by letter from a member and after consideration, it was

Recommended, To the Central Freight Association that it is the sense of this Committee that a basing rate on Pig Lead and Spelter, C. L., minimum weight as per Official Class'n. be established at 13 cents per 100 lbs., East St. Louis to Grand Rapids, Michigan.

Lumber From St. Louis Proper Billed as From Beyond.

This subject brought up by letter from Chairman C. F. A. submitting letter from Chief Inspector which was read.

Chairman also read letters which were written A. G. F. A., C. & A. and A. G. F. A., B. & O. S. W. R. R. The reply received from A. G. F. A., C. & A. was read. A. G. F. A., B. & O. S. W. R. R. stated that he would give Chairman reply to his letter as soon as he had concluded his investigations, and it was

Moved, That the Chairman pursue his investigation and report at next meeting.

Rates on Cotton.

This subject brought up by letter May 28th, from G. F. A., T. H. & I. submitting letter May 25th, file 247 from G. F. A., M. K. & T. R. R., which the Chairman read and it was

Moved, That action on this subject be deferred until G. F. A. Hodgdon is present.

Issue of Bills of Lading for Cotton on Receipt of St. Louis Cotton Compress Company.

This subject last considered May 8th, see proceedings No. 47 and Circular Letter No. 137, May 9th.

At meeting today Chairman was instructed to write each member to endeavor to get reply from their attorney and come prepared to dispose of the subject at next meeting.

Meeting convened 10:30 a. m.

Rate on Bulk Salt, East St. Louis to Detroit, Mich.

This subject considered at meeting May 22nd and 29th, and laid over for further information.

At meeting today Chairman read correspondence had at time rate was authorized to Cleveland. (See Information 3781) and after discussion the following reply to Chairman C. F. A. letter May 20th, file 10695 was authorized.

"The Wabash representative having stated that they were unwilling to withdraw the rate of $1.40 per net ton, as per Wabash Salt Tariff No. 28777, corrected I. C. C. 1087, corrected Nov. 17th, 1902, and the present general basis now in use on Salt not having been authorized by the Central Freight Ass'n., the subject was laid on the table."

Lumber from St. Louis Proper, Billed as from Beyond.

This subject laid over from meeting 29th ult., for further information. The replies from both C. & A. and B. & O. S. W. R. R. having been received, it was

Moved, That Chariman C. F. A. be advised that after carefully investigating the matter it appears that the transactions mentioned in Chief Inspector's letter May 21st, file A-7596 could not have happened, except by the unauthorized action of the Wiggins Ferry Co., and that the matter has been taken up with them and an understanding reached that they will in future lend their aid to Eastern Lines in the application to the proper rates."

Rates on Cotton.

This subject laid over from May 29th.
After consideration at meeting today, it was

Moved, That inasmuch as this subject is on the docket for consideration at C. F. A. meeting, June 10th and 11th the subject be laid on the table.

Issue of Bills of Lading for Cotton on Receipt of St. Louis Cotton Compress Company.

As instructed at meeting 29th, Chairman placed this subject on docket for consideration today.
After members reported opinions of their attorneys and a general discussion on the subject, it was

Moved, That action on the subject be postponed until next meeting with the view of all lines joining in a movement toward making the St. Louis Cotton Compress Co. Joint Agents of the Eastbound Roads, constituting their warehouse a Joint Depot and providing such safeguards and guarantees as may be necessary for the full protection to lines undertaking to handle shipments of cotton therefrom and that a Committee of three be appointed, the Chairman to be Chairman Ex-Officio, with the view to conferring with the St. Louis Cotton Compress Co. to that end and make report to this Committee.

It was also

Moved, That Messrs. Hart, Hodgdon and Nichols be appointed as the Committee.

When You Issue Receipt or Bill Lading for P. H. P. from National Stock Yards Do You Insert "Shippers Load and Count?"

This subject brought up by letter from a member which was read and after discussion it was

Moved, That consideration of the subject be postponed until next meeting.

Advancing Charges or Drayage to Private Teams.

This subject brought up by letter from Chairman Southern Freight Ass'n. which was read and it was

Moved, That Chairman Southern Freight Ass'n. letter be sent to the members by Circular Letter.

Rates and Minimum Carload Weight on Cooperage.

This subject brought up by letter May 29th, file I-69 from Chairman C. F. A. which was read and after discussion, it was

Moved, That the Chairman take the subject up with the lines operating the unauthorized minimum weights with the view to having them cancel their tariffs and report at next meeting.

Subjects on Circular Letters No. 138, 139 and 140.

Chairman called attention to Circular Letters mentioned above, being reprint of C. F. A. Advice Letter No. I-443½, I-441½ and I-442½ and the following were adopted:

"Ferry Car" and "Town" Car Freight. (C. F. A. Advice Letter I-443½.)

Moved, That Chairman C. F. A. be advised that the Committee has considered this subject and is of the opinion that if the practice can be abolished at other points in C. F. A. Territory, it can be stopped here.

Railroad Companies Bearing the Expense of Loading and Reloading Freight Traffic (C. F. A. Advice Letter I-441½.)

I move you, that Chairman C. F. A. be advised that it is the custom of roads, members of this Committee to bear the expense of loading and unloading Live Stock at National Stock Yards, but the Committee is willing to consider the discontinuance of the practice, with the rest of the Association.

Payment of Cartage and Drayage by Railroads. (C. F. A. Advice Letter I-442½.)

I move you that Chairman C. F. A. be advised that there are no cartage or drayage arrangements at St. Louis or East St. Louis.

Rates on Sublimed Lead, White and Red Lead and Litharge.

This subject last considered at meeting May 8th, proceedings No. 47. At meeting today letter May 29th, file 9069 from Chairman C. F. A. was read to the effect that the Central Committee recommended that the rates be restored to Official Class'n. basis at earliest possible date.

After discussion and in consequence of several members being absent, it was

Moved, That the subject be laid over until next meeting.

Letter from a Member Regarding Unauthorized Percentage Basis Applied from Quincy to Hannibal.

This subject brought up by letter from a member, which Chairman read and it was

Moved, That action be postponed until next meeting.

Virginia Lines Committee Daily Reports of Export Rates and Engagements.

This subject last considered March 13th, proceedings No. 40. The Chairman stated that no report had been received from the Va. Lines since May 4th. Being unable to obtain a satisfactory explanation as to the cause of reports being discontinued the matter is referred to the Committee.

After a general discussion on the subject with statements as to the changed conditions in making rates through the several ports of export, it was deemed unnecessary to continue the reports and none be expected from the Va. Lines.

In view of C. F. A. meeting in Chicago, 10th and 11th, meeting adjourned to Friday, June 19th, 10:30 a. m.

Meeting convened 10:30 a. m.

Rates and Minimum C. L. Weights on Cooperage.

Chairman stated that he had taken the subject up as instructed at meeting 5th inst., by the issue of Circular Letter No. 143, June 8th, and received replies from all lines, except two. The letters were read and after discussion, it was

Moved, That action on the subject be deferred.

Rates on Sublimed Lead, White and Red Lead and Litharge.

This subject last considered June 5th and laid over.

After further discussion of the subject today, it was

Moved, That this subject be deferred until all are present, who, have in effect the unauthorized tariffs.

Issue of Bills of Lading for Cotton on Receipts of St. Louis Cotton Compress Company.

This subject last considered 5th inst., and referred to a special committee. At meeting today the Special Committee asked for more time, as the Committee were not prepared to make report, which was granted.

When You Issue Receipt or Bill Lading for P. H. P. From National Stock Yards Do You Insert "Shippers Load and Count"?

This subject last considered at meeting 5th inst., and laid over.

After discussion to-day a member stated he would like to see an agreement reached in the Committee to the effect that members would not issue Clear Bills of Lading unless the shipments were counted by the railroads.

As all representatives were not prepared to enter into such an agreement, it was

Moved, That the subject be tabled.

Advancing Charges or Drayage to Private Teams.

This subject brought up by letter from Chairman So. Frt. Ass'n. (See Circular Letter No. 141 June 8th) which was considered at last meeting and laid over.

After further consideration at meeting to-day it was
that members of this Committee are not prepared to adopt the rules referred to in his letter and subject be laid on the table.

Letter From a Member Regarding Unauthorized Percentage Basis Applied From Quincy and Hannibal.

This subject last considered 5th inst., in connection with C. F. A. subject 4358, June 1902, and laid over.

At meeting to-day, it was

Moved, That the subject be laid on the table.

Rates on Cotton From Texas and Indian Territory.

This subject last considered on 5th inst. (See proceedings No. 50) and brought up again by letter from a member which the Chairman read and after discussion, it was

Moved, That the subject be laid on the table.

Application for Proportional Rates on Fruits and Vegetables From St. Louis.

This subject brought up by letter June 6th., file I-306 from Chairman C. F. A., which the Chairman read, and it was

Moved, That Chairman C. F. A. be advised that it is the understanding of this Committee that all lines are complying with the terms of the C. F. A. Information 3303 and apply the same only on shipments originating west of the West bank of the Mississippi River and he be asked for specific reference to any shipments that are being handled at variance with this rule.

Proportional Rate on Grain to Madison, Ind.

This agreement considered April 24th, proceedings No. 46, and recommendation made to C. F. A. At meeting May 22nd, letter was read from Chairman C. F. A. to the effect that roads declined to approve the proposition, etc., and papers were ordered placed on file. At meeting to-day Chairman read letter June 8th, from Chairman C. F. A. to the effect that if the grain move under rate requested would in all cases originate west of the Mississippi River, there was a possibility of objections being withdrawn, etc. After discussion the G. F. A., T. H. & I. R. R. stated they were willing to make their tariff read on traffic west of the Mississippi River and suggested that Chairman C. F. A. be so notified. The Chairman to take subject up with road interested requesting that tariff be made to conform thereto.

Percentages Cairo via East St. Louis to Canadian Points.

This subject brought up by letter June 22nd, file R-1568 from A. G. F. A., B. & O. S. W. R. R., which was read and the following was offered:

Move you that a meeting of the Rate Clerks be called to check in rates and divisions on Lumber from Cairo via East St. Louis to Canadian Points.

All members not favoring the proposition it was decided unnecessary to call meeting and it was

Moved, That the subject be tabled.

Minimum Charge on Peddler Cars Loaded With Dressed Beef.

This subject brought up by letter June 20th, file 10445 from Chairman C. F. A. which was read, and after discussion, it was

Moved, That action on the subject be postponed until next meeting. In the meantime Circular Letter to be issued to resident members giving copy of Chairman C. F. A. Letter (See Circular Letter No. 146.)

Rate on Paper Stock, C. L., C. F. A. Onfo. No. 4050 vs. Rate to Terre Haute, 6th Class.

This subject brought up by letter June 22nd, file 10278 from Chairman C. F. A. which was read and after careful consideration on the subject it was

Moved, That we recommend to C. F. A. that all the rates on Paper Stock, named on C. F. A. Information No. 4050, Feb. 11th, 1903, be cancelled.

Rates on Watermelons.

This subject brought up by letter June 20th, file Y-8 from E. B. Lane, Chairman (A. G. F. A., Mo. Pac.) addressed to the Chairman, which was read and after discussion, it was

Moved, That a meeting of the Rate Clerks be called for to-morrow to check up the proposed rates with existing authority, viz., Information 1557 and result reported to meeting Friday 26th.

Note.—Chairman instructed, if proposed rates check up with Information 1557 as to the rates allowed east of the River to notify Chairman Lane of their acceptance, if not, the subject to be further considered at next meeting.

Rates on Brick, Etc.

This subject brought up by letter from a member making application for rate of $3.00 per ton to Pittsburg, Pa.

Chairman read letter referred, and it was

Moved, That this Committee recommend to the C. F. A. the restoration of the $3.00 per ton rate on Brick and articles taking same rates, East St. Louis to Western Termini of the Trunk Lines and that C. F. A. Information 4237 and 4238 be amended accordingly.

Cancellation of Unauthorized Rates on Sash Doors and Blinds Published by Western Roads.

This subject brought up by letter June 18th, file 7362 from Chairman C. F. A. which was read, and it was

Moved, That the subject be deferred until next meeting, in the meantime Circular Letter to be issued to members giving copy of Chairman C. F. A. letter (See Circular Letter No. 147.)

Rates and Minimum Carload Weights on Cooperage.

Issue of Bills of Lading for Cotton on Receipt of St. Louis Cotton Compress Co.

Cancellation of Unauthorized Rates on Sash Doors and Blinds Published by Western Roads.

Minimum Charge on Peddler Cars Loaded With Dressed Beef.

Full C. L. Rate and C. L. Minimum Weight to Farthest Destination.

Sending Irresponsible Parties With Shipments of Live Stock.

Above subjects laid over until next meeting.

Through Rates and Divisions on Melons From Missouri.

Moved, That Chairman So. Frt. Ass'n. be advised

This subject considered at meeting 23rd, and referred to Rate Clerks for report.

At meeting to-day Chairman stated that as instructed, meeting of Rate Clerks had been called and their report submitted in Circular Letter No. 148. The following was adopted after consideration of the subject:

Moved, That reply be made to letter June 20th, file Y-8 from E. B. Lane, Chairman Western Roads Committee, in line with report of the Rate Clerks (Circular Letter No. 148) to the effect that it is impossible for the Eastern Lines to properly consider the matter with information furnished and it appears quite necessary for the lines he represents to compile tariffs and division sheets and submit same for approval.

Shall Change be Made in Next Amendment Issued to Minimum Basing Book No. 9 Recommended in Proceedings of Rate Clerks Meeting?

Chairman called attention to recommendation of

Rate Clerks at meeting 24th (See Circular Letter No. 148) as follows:

Recommended, That the rates at Stations on P. C. C. & St. L. Ry. West of LaFayette Ind., Isleta and Newcomerstown, Ohio, now taking Marietta "X" basis be changed to Youngstown "W" basis and that C. C. C. & St. L. Ry. Stations, Hunters, Mt. Comfort, Mohawk, Maxwell, Willow Branch and Wilkinson, Ind., now taking the Cincinnati "L" basis be changed to the Anderson "K" basis.

And it was

Moved, That the Rate Clerks report be received, adopted and Minimum Basing Book amended accordingly.

Shall Notice be Issued Cancelling Special Notice 1105 and Amendment?

The Chairman called attention to the fact that the issue of Special Notice No. 1315, March 30th, 1903 (reprint of C. F. A. Information 894 and 897, Series A, March 23rd and 24th, 1903), and Special Notice No. 1344, June 24th, 1903 (reprint of C. F. A. Information 4412, June 19, 1903) abrogated a part of Special Notice No. 1105, viz.: Special Notice 437, Aug. 9th, 1899 (reprint of C Circular 1173-1609 and 1622, dated Sept. 1st, 1890, Sept. 9th and Oct. 13th, 1893) and requested instructions as to whether the Special Notice should be reprinted with the necessary changes.

After discussion the Chairman was instructed to use his judgment in the matter.

Rates on Sublimed Lead, White and Red Leads, Litharge and Zinc Oxide.

This subject was last considered at meeting 23rd, and laid over. At meeting to-day Chairman called attention to letters June 24th, and 20th, file 9069 from Chairman C. F. A. urging consideration and recommendation on the subject, etc.

Chairman also called attention to resolution adopted at meeting 5th inst., to the effect that rates be restored to Official Class'n. basis stating that he had received affirmative vote from all members, except two. After further consideration on the subject it was

Moved, That report be made to the C. F. A. that the subject had been carefully considered and that unanimous action cannot be secured upon the proposition to advance the rates on Sublimed Lead, White Lead, Red Lead and Litharge to the Official Class'n. basis, and in view of the fact that it does not appear practicable to advance present rates on Pig Lead, the control of same being entirely outside of this Committee or lines in this section, the Committee as a compromise

Recommended, To the Central Freight Ass'n. that the rate on Sublimed Lead be advanced to the basis of rates now in effect on Barytes, East St. Louis to Trunk Line Points, viz.: 23½ cts. per 100 lbs. C. L. minimum weight 40,000 lbs., East St. Louis to New York, usual differences to other eastern cities, also

Recommends, To the Central Freight Ass'n. that the rates on Zinc Oxide in Information No. 3777 and on Barytes in Information Nos. 3863 and 3881 be cancelled, and further

Recommends, To the Central Freight Ass'n. that advanced rates on Barytes, Sublimed Lead and Zinc Oxide, C. L. minimum 40,000 lbs. be established from East St. Louis to the Basing Points named in Minimum Basing Book No. 9 as follows:

To Akron, Ohio, 14½ cts. per cwt.
Anderson, Ind., 11 cts. per cwt.
Cleveland, Ohio, 14½ cts. per cwt.
Columbus, Ohio, 13½ cts. per cwt.
Dayton, Ohio, 12 cts. per cwt.
Detroit, Mich., 13½ cts. per cwt.
Ft. Wayne, Ind., 12 cts. per cwt.
Indianapolis, Ind., 10½ cts. per cwt.

Kokomo, Ind., 11 cts. per cwt.
Marion, Ind., 11 cts. per cwt.
Muncie, Ind., 11 cts. per cwt.
Toledo, Ohio, 13½ cts. per cwt.
Western Termini, 15½ cts. per cwt.
Youngstown, Ohio, 14½ cts. per cwt.
And further

Recommends, To the Central Freight Ass'n. the establishment of a Commodity Rate on Lead, White and Red and Litharge, in straight and mixed carloads, minimum weight 40,000 lbs. (valuation restricted to $1.25 per ton) on basis of 6th class rates, East St. Louis, Ill. to points east of Western Termini of the Trunk Lines; rates to Western Termini of the Trunk Lines and other C. F. A. points to be on Official Class'n. basis.

Rates and Minimum Carload Weights on Cooperage.

Sending Irresponsible Parties With Shipments of Live Stock.

Above subjects were laid over until next meeting.

Cancellation of Unauthorized Rates on Sash, Doors and Blinds, Published by Western Roads.

This subject was on the docket for meetings June 23rd and 26th and laid over. Circular Letter No. 147 having been issued giving letter June 18th, file 7362 from Chairman C. F. A. after discussion at meeting to-day, it was

Moved, That Chairman C. F. A. be advised that as a number of the lines, members of the St. Louis Eastbound Freight Committee interchange traffic with the Ill. Cent., C. B. & Q. and C. R. I. & P. and other lines, operating from the Mississippi River, at Junctions other than East St. Louis, it is felt that the matter cannot be acted upon in this Committee and should be handled by the C. F. A. as a whole.

Minimum Charge on Peddler Cars Loaded With Dressed Beef, Full C. L. Rate and C. L. Minimum Weight to Farthest Destination.

This subject on the dockets for meeting June 23rd and 26th and laid over. Circular Letter No. 146 having been issued giving copy of letter June 20th, file 10445 from Chairman C. F. A. and at meeting to-day it was

Moved, That the roll be called to determine whether any of the East St. Louis Lines operate Peddler cars

east of the Indiana-Illinois State Line and in case the Chairman find that no such peddler cars are being operated, Chairman C. F. A. be advised accordingly.

Vote being taken on the resolution resulted as follows:

B. & O. S. W. R. R.—We do not operate any.
C. P. & St. L. Ry.—We do not operate any.
C. C. C. & St. L. Ry.—None.
I. C. R. R.—None.
T. St. L. & W. R. R.—We operate none beyond the Indiana-Illinois State Lines.

Note.—The Chairman to secure the votes of the absentees.

Rates on Sublimed Lead, White and Red Lead and Litharge.

This subject last considered at meeting June 26th (Proceedings No. 52) and Chairman C. F. A. advised in letter June 27th the resolution adopted at that meeting.

The subject is brought up again by letter June 29th, file 9069 from Chairman C. F. A. requesting vote in detail as to restoring rates on above Commodities to Official Class'n. basis, etc, which the Chairman read and after discussion, it was

Moved, That Chairman C. F. A. be advised that the result of vote on the proposition as per his letter May 29th, to advance the rates to Official Class'n. basis was nine in affirmative, two roads not voting. The two roads not voting were the Wabash and the T. St. L. & W. At a subsequent meeting the result was a compromise proposition as presented in letter June the 27th.

Rate From East St. Louis on Rice via K. C. So. Ry. From Beaumont, Texas, Etc.

This subject brought up by letter June 29th, file 10854 from Chairman C. F. A. enclosing correspond-

ence with G. F. A., K. C. So. Ry., which was read and it was

Moved, That the application be declined.

Issue of Bills Lading for Cotton on Receipts of St. Louis Cotton Compress Company.

At meeting June 5th (Proceedings No. 50) this subject was referred to a Special Committee to confer with the St. Louis Cotton Compress Co. and report result. At meeting to-day the Special Committee made their report and the Chairman was instructed to issue Circular Letter sending three (3) copies to resident members only, the subject to be further considered at next meeting.

Rates and Minimum C. L. Weights on Cooperage.

This subject considered at previous meetings and laid over. (See proceedings No. 51, 52 and 53.)
At meeting today, it was

Moved, That the subject be laid over on account of the absence of Wabash R. R. representative.

Cancellation of Unauthorized Rates on Sash Doors and Blinds, Published by Western Lines.

This subject considered at meeting 3rd inst., (See proceedings No. 53) and as instructed Chairman C. F. A. was notified of action taken and reply received dated July 6th, file 7362 to the effect that he did not agree with the Committee that the matter should be acted upon by C. F. A. and urged further consideration, and it was

Moved, That the Chairman reply to Chairman C. F. A. that our opinion still stands, as expressed in former communication, but if he will furnish us with a copy of the notice given by the Peoria and Chicago lines to the western roads, we will consider the matter further.

Sending Irresponsible Parties with Shipments of Live Stock.

This subject submitted at meeting June 26th, and laid over until today.
After due consideration of the subject today, it was

Resolved, That copies of the instructions recently given by Railroad Officials to Live Stock Agts. at Chicago, etc., regarding the issue of Transportation to men in charge of Live Stock be furnished to resident

members to be endorsed and transmitted as instructions to their prospective agents.

Copies (4) of Circular Letter No. 155 sent only to each resident member.

Letter from Chairman C. F. A. Suggested Recheck of Proportional Rates on Phosphate Rock in Line With Cincinnati.

This subject brought up by letter July 6th, file 10077-P from Chairman C. F. A. which was read and after discussion, it was

Moved, That Chairman C. F. A. be notified that the E. St. Louis lines are not especially interested in the Phosphate Rock rates and will be satisfied to have their rates checked in on basis of 20c per ton less than agreed to from Cairo, this being the authorized differential under Cairo, as now in effect and authorized in C. F. A. Info. 3993.

Conference Meeting of the Cairo-Thebes, Etc. Lines with the St. Louis Eastbound Frt. Committee on Basis for Rates and Rate Sheet from Ohio River Crossings and East St. Louis.

The Chairman read letter 8th, file 10241 from Chairman C. F. A. suggesting meeting at Chicago, Thursday 16th inst., and it was

Moved, That the Chairman reply to Chairman C. F. A. that it would be more agreeable to the St. Louis Committee and in their opinion not unreasonable, to have the Cairo-Thebes Lines come to St. Louis for the meeting suggested. The date mentioned (16th inst), will be satisfactory, is advised.

Letter from M. & O. R. R. Referring to S-N 13¼ and Asking for Complete List of Western Termini Points.

Chairman read letter July 1st, file 83591 from G. F. A., M. & O. R. R. on above subject also letter from

Chairman C. F. A. in answer to request for information, etc., and after discussion it was

Moved, That the Chairman answer G. F. A., M. & O. giving him the points mentioned in 6th passage of C. F. A. Info. 1339 (omitting Toronto, Can.) as follows:

Suspension Bridge, Niagara Falls, Tonowanda, Black Rock, Buffalo, E. Buffalo, Buffalo Jnct., Dunkirk and Salamanca, N. Y., Erie, Pittsburg, and Allegheny, Pa., Bellaire, Ohio, Parkersburg, Huntington, Wheeling and Charleston, W. Va., also calling attention to the fact that the Information published in Line Hand Books and also arbitraries demanded by delivering line, shall regulate the deduction of arbitraries before pro-rating.

Issue of Bills Lading for Cotton on Receipt of St. Louis Cotton Compress Co.

This subject considered at last meeting and circular letter No. 152 issued giving Sub-Committee reports, etc.

All members not being present or prepared to dispose of the subject, it was

Moved, That action be deferred until next meeting.

Application for Proportional Rates on Fruits and Vegetables from St. Louis.

Chairman stated this subject last considered June 23rd, see proceedings No. 51.

At meeting today Chairman read correspondence between this office, Chairman C. F. A. and A. G. F. A., Wabash R. R.

Subject laid over for reply Wabash R. R.

Rates on Paper Stock.

This subject considered June 23rd, and recommendation forwarded to C. F. A. (see proceedings No. 51.)

At meeting today Chairman read letter July 10th, file 10278 from Chairman C. F. A. to the effect that Pittsburg Committee cannot withdraw their rates, named in 4050 to Newcastle and Steubenville, and requesting information as to whether this will have the

effect of continuing in effect the rates from East St. Louis to Allegan, Mich., and Vincennes, Ind., and it was

Moved, That the subject be laid over until next meeting.

Purchase of an Electric Fan.

The Chairman requested instructions as to whether he should purchase an Electric Fan as suggested at previous meetings, and it was

Moved, That the Chairman is hereby instructed to purchase a 12-inch Electric Desk Fan, to be used in the meeting room, but to be the property of the Eastbound Frt. Committee.

R. M. Fraser, Chairman.

Rates and Minimum C. L. Weights on Cooperage.

This subject brought up by Chairman C. F. A. (see circular letter No. 143) considered at previous meetings and laid over (see proceedings June 23rd, 26th and July 3rd and 10th.)

At meeting today the following was adopted:

I move you that the subject be deferred until next meeting by which time the Chairman will undoubtedly have time to have had a communication from Chairman C. F. A. asking for further information, which we (the Wabash) are prepared to give, when we are asked for it.

Application for Proportional Rates on Fruits and Vegetables from St. Louis.

This subject considered at previous meetings (see proceedings No. 51 and 54) and laid over for information from the Wabash.

At meeting today Chairman read letter 13th inst., from A. G. F. A., Wabash R. R., to the effect that the shipments in question originated in the south and were entitled to the rate charged, and it was

Moved, That the subject be stricken from the docket.

Rates on Paper Stock.

This subject laid over from 10th inst., (see proceedings No. 54.)

At meeting today in view of the fact that the recommendation adopted by this Committee June 23rd, (proceedings No. 51) cannot be complied with by the cancellation of all the rates named in Info. 4050, it was

Moved, That the rates named in C. F. A. Info. No. 4050 be continued in effect, rule 27 of Official Class'n. to apply, but rule 5-C not to apply.

Cancellation of Unauthorized Rates on Sash, Doors and Blinds Published by Western Lines.

This subject considered at previous meetings. (See proceedings No. 51-2-3 and 4.)

At meeting today Chairman read letter July 24th, file 7362 from Chairman C. F. A. submitting copies of notices filed by the Chicago and Peoria Committees and after discussion it was

Moved, That the Chairman prepare a notice similar to those filed by the Chicago and Peoria Committees and submit same to the various members for their signature. After all the signatures are secured they are to be sent to the Chairman C. F. A.

Issue of B. L. for Cotton on Receipt of St. Louis Cotton Compress Co.

This subject considered at previous meetings and referred to a Special Committee for report. (See Circular Letter No. 152 for report.)

After further consideration today, it was

Moved, That action on the subject be deferred until the next regular meeting.

Request for Rate on Acetate of Lime, C. L.

This subject was brought up by letter from a shipper which was read by the Chairman, and it was

Recommended, To the Central Freight Ass'n. the establishment of a Commodity Rate on basis of 6th class, 29 cts. per 100 lbs. E. St. Louis to New York, usual differences to other eastern cities, on Acetate of Lime, C. L., minimum weight as per Official Class'n.

Rate on Corn to Terre Haute.

Chairman read letter 10th inst., file 9303 from Chairman C. F. A. to the effect that T. H. & I. is using rate on corn, East St. Louis to Terre Haute, less than authorized in C. F. A. Info. No. 4007.

The Vandalia stated that when they were convinced that the rate is 7 cts., to Indianapolis via other lines, they are willing to advance the rate to both Indianapolis and Terre Haute to the authorized basis, as the 5 cent rate to Terre Haute is based on the 6 cent rate to Indianapolis.

Execution of Live Stock Contracts.

A member called attention to the manner of issuing Live Stock Contracts and the following was adopted.

Moved, That the Chairman issue Circular Letter to all members with the view of ascertaining the practice in vogue at the National Stock Yards, with respect to the issuance of Live Stock Contracts, to determine whether or not these contracts are issued before the stock is loaded and if such be the practice upon what authority.

Class Rates from East St. Louis to Grand Rapids.

Chairman read letter July 16th, file K-460 from G. F. A., C. & E. I. R. R., on above subject, and it was

Moved, That the communication be referred to C. F. A. with the request that inasmuch as the adjustment proposed might and undoubtedly would affect other territory than East St. Louis, it be submitted to the uniform basis of rates committee for consideration at next meeting.

Motion to adjourn being in order, it was

Moved, That the meeting adjourn until the first Friday in September.

Meeting convened 10:30 a. m.

Rates on Mussel Shells.

This subject brought up by letter from a member requesting special meeting for its consideration.

At meeting today the member stated the proposition he would like to have considered is that of recommending to the Central Freight Ass'n. the establishment of rates on basis of 20 cts. on 100 lbs. Chicago to New York from Ohio River Crossing and E. St. Louis to points east of the Terminal (Western) of Trunk Line on Mussel Shell, C. L., minimum 40,000 lbs., when originating at Ohio River Crossings or beyond, eliminating entirely the proportional rate proposition from the question.

After a statement was made outlining the reasons for recommending the above rate, following by a general discussion it was stated that the subject is now under investigation by the Louisville Committee as shown by proceedings of their meeting July 21st, as follows:

Moved, That the Chairman obtain from the lines south information as to whether or not, any mussel shells are moving from Memphis, Cairo, etc., to the East at present rates and bring matter up for consideration at next meeting.

After further discussion the following was adopted:

Moved, That action on this subject be deferred until the information is received from the Louisville Committee as to the result of their investigation, etc.

Request for Rates on Acetate of Lime, Carloads.

The recommendation to C. F. A., (see proceedings No. 55, July 17th), which was submitted by C. F. A. advice Letter No. I-630 was not approved as shown in Circular Letter No. 161.

The Chairman stated that in accordance with instructions from members the following recommendation was communicated by letter 6th, to Chairman C. F. A.

Recommended, To the Central Freight Ass'n. the establishment of a Commodity Rate on basis of 30½ cts. per 100 lbs., East St. Louis to New York usual differences to other eastern cities on Acetate of Lime, C. L., minimum weight as per Official Class'n.

Proposed Meeting Chicago 13th inst.

Chairman stated that in accordance with answers received to Circular Letter No. 162, transmitting letter of July 26th, file 7330-A from Chairman C. F. A., telegram was sent to Chairman C. F. A. 6th inst, that a majority of the St. Louis members advised that they would be represented at meeting 13th. Circular letter C. C. M. No. 114 dated Chicago 6th, has been received, calling the meeting of Chicago on the date named.

Rate on Damaged Binder Twine.

Application was made by a member for reduced rates on a lot of Binder Twine damaged in flood which was submitted by Circular Letter No. 163.

The answers received thereto were read the result being that the proposition was individually declined.

Rates on Peaches.

Letter from a member was read calling attention to the publication in Special Notice No. 1348 regarding rating on Peaches, and it was

Moved, That the clause referred to be amended to read as follows:

"Fruits (except other than Bananas, Pine Apples and Peaches) green, all kinds, including berries and grapes."

Note: No rating to be named on Peaches C. L. or L. C. L., they being provided for in Exceptions to the Official Classification as per C. F. A. Info. No. 3847, St. Louis Eastbound Freight Committee Special Notice No. 1345.

Carload Minimum Weight on Potatoes.

Chairman read letter July 20th, file 10480 regarding unauthorized tariffs issued by the Wabash and T. St. L. & W. railroads naming C. L. minimum 24,000 lbs., on potatoes.

The T. St. L. & W. R. R. representative advise that the tariffs referred to had been amended, therefore no action necessary and subject tabled.

Unauthorized Rate on Grain East St. Louis to Terre Haute and Indianapolis.

Railroads Permitting Shippers to Sort and Grade Hides on Their Platforms.

Rate on Berries from East St. Louis.

Chairman read following letters from Chairman C. F. A.

Letter July 22nd, file 9303 regarding unauthorized rate on Grain East St. Louis to Terre Haute and Indianapolis.

Letter Aug. 4th, file 10888 regarding the practice of railroads permitting shippers to sort and grade hides on their platforms.

Letter Aug. 5th, file I-306 regarding rate on Berries from East St. Louis.

Subjects laid over for a regular meeting.

Divisions on Lumber to Canadian Points.

Letter was presented from a member regarding division of Lumber rates Cairo, Ill., via East St. Louis to Canadian Points, enclosing copy of Joint Let-

ters from Grand Trunk and Canadian Pacific R. R. dated Montreal, July 29th, 1903.

After discussion to the effect that Canadian Lines proposition referred to above disposed of the subject, it was decided that action by this Committee was not deemed necessary and subject tabled.

Rate on Live Stock to Virginia Cities.

Chairman called attention to C. F. A. Information 967-A dated Aug. 3rd, and asked whether the Committee desires same reprinted as a Special Notice, and it was

Moved, That the Chairman publish that part of the Circular pertaining to instructions to shipments from East St. Louis Gateway.

Rail and Lake Rate via Chicago on Pig Iron and Spelter.

Attention was called to letter July 23rd, file G-408 from A. G. F. A., I. C. R. R., also to I. C. R. R. Supplement No. 5 to I. C. R. R. Tariff No. I-19 and Supplement No. 5 to I. C. C. No. A-3759, effective July 30th, 1903, naming rates from East St. Louis to Buffalo, N. Y. and Erie, Pa., 10 cts. per 100 lbs. on Pig Lead and Spelter, C. L., via Chicago rail and lake, and it was

Moved, That Chairman take the subject up with I. C. R. R. requesting them to cancel the tariff and rate referred to, calling attention to the fact that if they do not cancel or withdraw the rate it will result in rate being published by lines working through Lake Erie Ports, which in turn will affect rate to intermediate points.

Issue of Bill of Lading for Cotton on Receipts of St. Louis Cotton Compress Co.

This subject last considered at meeting July 17th, 1903, see proceedings No. 55.

At meeting to-day the Chairman called attention to report of Special Committee, as contained in Circular Letter No. 152, July 6th, and after discussion roll was called for the purpose of ascertaining whether the members present were prepared to act upon the proposition.

The disposition of this subject is embodied in the following letter, authorized addressed to absent members:

"The subject of issuing Bills of Lading for Cotton on receipts of St. Louis Cotton Compress Co. was considered by the meeting and as result of roll call all members present signified that they were prepared to act favorably on the proposition as contained in Circular Letter No. 152, except that the Big Four and Southern Ry. advise that the matter would have to be referred for final action to their General Freight Departments. The Chairman was instructed to submit the question to absent members for their specific advices, it being understood that if the action of all lines is favorable, the Chairman would proceed with the drawing up of a specific contract with the Compress Company for execution."

Rate on Grain East St. Louis to Terre Haute and Indianapolis.

This subject considered at meeting Aug. 7th (See proceedings No 56.)

At meeting to-day Chairman read letters, Aug. 17th, file 18832 G. G. from G. F. A., T. H. & I. R. R., and it was

Moved, That the subject be tabled.

Recommendation to the C. F. A. that Lines, Cairo, Gale and Thebes to East St. Louis Be Allowed a Fixed Rate on All Lumber to Trunk Line and Western Termini Points.

After consideration of the above subject the following was adopted:

Recommended, To the C. F. A. that Information Nos. 894 and 897, Series A, be amended to read as follows:

Roads interested individually advise that, effective ..... the following will be the percentages allowed railroads from Cairo, Gale and Thebes, Ill., to East St. Louis, Ill.

(a) On traffic from pro-rating points south and

west of Cairo, Gale or Thebes, Ill., when the through rates divide north and south of Cairo, Gale or Thebes, on percentages, in dividing the proportion accruing north of Cairo, Gale or Thebes, the lines from Cairo, Gale or Thebes to East St. Louis will be allowed:

To Boston and Boston rate points, 11 per cent.

To all other points east of Western Termini Trunk Lines, 12½ per cent.

(In the application of these per cents no minimum is to be allowed the lines from Cairo, Gale or Thebes to East St. Louis.)

(b) On traffic from non-pro-rating points south and west of Cairo, Gale or Thebes, Ill., the through rates on which allow the established local or proportional rate east of Cairo, Gale or Thebes, the lines from Cairo, Gale or Thebes to East St. Louis will be allowed on all Traffic Except Lumber, the following percentages of such rates from Cairo, Gale or Thebes:

To Boston and Boston rate points, 11 per cent.

To all other points east of Western Termini Trunk Lines, 12½ per cent.

(Subject to a minimum allowance of 3 cents per 100 lbs. from Cairo, Gale or Thebes to East St. Louis.)

On Lumber, the lines from Cairo, Gale or Thebes to East St. Louis will be allowed a uniform proportion of 3 cents per 100 lbs.

In the application of the foregoing the maximum amount allowed the roads South of East St. Louis shall be the local rate from point of origin to East St. Louis.

The Eastern Terminals and Arbitrary allowances, as per Fast Freight Line Hand Books, are in all cases, to be deducted before pro-rating the rates or proportions of rates used from Cairo, Gale or Thebes, Ill.

N. B.—It is understood that lines will not publish proportional rates from East St. Louis to points east of the Western Termini of Trunk Lines based on divisions authorized herein.

It was also

Recommended, To the C. F. A. that Information No. 4412 be amended to read as follows:

Roads interested individually advise that, effective .....the following percentage allowance will be made to Railroads from Cairo, Gale or Thebes, Ill., to East St. Louis, Ill., when shipments are destined to the Western Termini of the Trunk Lines.

(a) On traffic from pro-rating points south and west of Cairo, Gale or Thebes, Ill., when the through rates divide north and south of Cairo, Gale or Thebes on percentages, in dividing the proportion accruing north of Cairo, Gale or Thebes, the lines from Cairo, Gale or Thebes to East St. Louis, Ill., will be allowed twenty (20) per cent of such rate proportions.

(In the application of this percentage no minimum is to be allowed the lines from Cairo, Gale or Thebes to East St. Louis.)

(b) On traffic from non-prorating points south and west of Cairo, Gale or Thebes, Ill., the through rates on which allow the established local or proportional rates east of Cairo, Gale or Thebes, and also on traffic originating at Cairo, Gale or Thebes, Ill., the lines from Cairo, Gale or Thebes, to East St. Louis will be allowed, on all traffic except Lumber, twenty (20) per cent of such local or proportional rates as the case may be.

(The percentage named above is subject to a minimum allowance of three (3) cts. per 100 lbs. from Cairo, Gale or Thebes to East St. Louis.)

On Lumber, the lines from Cairo, Gale or Thebes to East St. Louis will be allowed a uniform proportion of three (3) cts. per 100 lbs.

In the application of the foregoing, the maximum amount allowed the roads south of East St. Louis shall be the local rates from point of origin to East St. Louis.

N. B.: It is understood that lines will not publish proportional rates from East St. Louis to the Western Termini of Trunk Lines based on divisions authorized herein.

Rates and Divisions on Pine Lumber from Points on M. & O. R. R. in Mississippi and Alabama.

This subject brought up by letters from members calling attention to M. & O. Division Sheets No. 26 and 27, allowing line, Cairo to East St. Louis three (3) cts. per 100 lbs. on Yellow Pine Lumber to Trunk Line Territory.

After consideration of the subject, it was

Resolved, That in view of C. F. A. Information Circulars No. 894 and 897, Series A, also 4412, providing that on traffic from prorating points south and west of Cairo, when through rates divide north and south of Cairo on percentages, no minimum shall be allowed and division sheets issued by the M. & O. R. R. on any other basis are clearly incorrect and any interpretation on their part, of the authorized percentages, permitting them to take a minimum of three (3) cts. when rate is prorated should not be permitted by members of this Committee, and members will advise lines departing from this rule of their non-concurrence and send copy of such notification to the Chairman for his file.

Rate on Mussel Shells.

This subject last considered at Special Meeting Aug. 7th, (See Proceedings No. 56.)

At meeting today Chairman read letter Aug. 18th, received from Chairman, Louisville Freight Committee, giving copy of letter to Chairman, C. F. A., again making application to C. F. A. for rate on basis 20 cts., Chicago to New York, and after discussion, it was

Recommended, To the Central Freight Association, the establishment of rate on Mussel Shells, C. L., minimum 40,000 lbs., from East St. Louis to Trunk Line Territory, on basis of 20 cts. per 100 lbs., Chicago to New York.

Rates and Divisions on Lumber from Cairo via East St. Louis to Canadian Points.

As regards the publishing of the East St. Louis di-

vision of Cairo rate on Lumber to Canadian points, the following was adopted:

Moved, That it is the sense of this Committee that the members publishing the proportional rates from East St. Louis based on the East St. Louis division of the Cairo rate or the East St. Louis division of Lumber rates from pro-rating points from the south should be discontinued and lines having such tariffs in effect should be requested to cancel same and that all such traffic should be handled on basis of published through rates of the initial lines divided on the authorized basis.

Minimum Basing Book No. 9.

This subject brought up by letter from Chairman C. F. A. with copy of Proceedings of Meeting of Representatives of Initial Northbound Roads from Ohio River crossings, East St. Louis and Thebes, to consider bases for rates and rate sheets to Central Freight Ass'n. points, held in C. F. A. Rooms, Chicago, August 14th, 1903.

The proceedings referred to above provide that the Committee at each gateway is to take certain action, etc., and after consideration it was

Moved, That the Chairman be authorized to call a meeting of the Rate Clerks to consider the subject and make recommendations to the Committee.

Information as to Proper Rates and Divisions on Cotton Linters, Vidalia, La., to Eastern Cities.

This subject brought up by letter from a member suggesting that Info. Circular No. 401-A, July 23, 1900, should be corrected so as to include Vidalia, La., inasmuch as Vidalia is on the west side of the River, opposite Natchez, and it is permissible to handle this traffic from Natchez on basis of proportion of Cairo rates.

After consideration of the subject, it was

Moved, That we recommend to the C. F. A. that Info. No. 401-A be reissued making the same basis apply from Vidalia, La., as applies from Natchez.

Reduction of Free Time Limit on Westbound Merchandise at East St. Louis Depots.

This subject brought up by a member and submitted by Circular Letter No. 164, replies not having been received from all members, subject was considered today, and after discussion, following was adopted:

Resolved, That it is the sense of lines, members of this Committee, that the free time limit, on L. C. L. shipments of merchandise, inbound, should be reduced to 48 hours after notice to consignee of its arrival, and that they take steps to have a rule to this effect made and enforced by their transportation departments, also that steps be taken for the adoption of uniform storage rules and rates to be assessed on all freight not delivered within the prescribed limit.

Rates on Iron and Steel Rails, East St. Louis to Pittsburg, Pa.

This subject brought up by letter from G. F. A. C. & A. Ry., making application from rate of $3.25, East St. Louis to Pittsburg.

After consideration of the subject, the following was adopted:

Moved, That since the rate from Chicago to Pittsburg is the same as from Pittsburg to Chicago, and rate from Pittsburg to East St. Louis is $3.25 per gross ton, we recommend that the rate be made $3.25 from East St. Louis to Pittsburg.

This recommendation to be sent Walter H. Smith, Sec'y., Special Committee on New Iron and Steel Rails, Cleveland, Ohio.

Proper Rates to Apply on Silica.

The above subjects were laid over until next meeting.

Next Meeting of the Committee.

Attention being called to C. F. A. meeting being next week, etc., it was

Moved, That the next meeting of this Committee be held on Friday, Sept. 18th.

Issue of Bills Lading for Cotton, on Receipts of St. Louis Cotton Compress Company.

This subject was last considered at meeting 4th inst. (See Proceedings No. 57.) Chairman stated that as instructed he had taken subject up with members that were absent and the replies received were read.

After a very general discussion of the subject, it was

Moved, That the subject of issuing Bills Lading for Cotton on receipt of the St. Louis Cotton Compress Co. be stricken from the docket.

Adopted.

Issuance of Bills Lading on Cotton in Warehouses in E. St. Louis.

After consideration of the subject of issuing Bills Lading on cotton in warehouses, etc., the following resolutions were offered and adopted:

Resolved, That we reaffirm action taken at meeting Oct. 3rd, 1902, as covered by Circular Letter No. 59, Oct. 6th, 1902, as follows:

"You are hereby notified that the Eastbound Railroads, named below, and that Fast Freight Lines operating over same, will not issue any Bills of Lading on Cotton until the property is in the possession of the Carrier or in the possession of and receipted for by its connections.

You are also notified that the Railroad Companies or Fast Freight Lines will not pay or absorb any charge for Trackage or Switching on Cars containing less than 30 bales of Cotton from any warehouse in East St. Louis."

On roll call all members present voted in the affirmative, except the T. St. L. & W. R. R. representative, who declined to vote.

It was also

Resolved, That notwithstanding the representative of the T. St. L. & W. R. R. declined to vote on the resolution to reaffirm the action of Oct. 3rd, 1902, all other members of the Committee will be governed by the resolution referred to above.

All members present (except the T. St. L. & W. R. R.) voted in the affirmative on the proposition.

Note: The Chairman was instructed to secure the votes of absent members.

The members absent at the time the vote was taken on this subject, viz: C. & A., T. H. & I. and L. H. & St. L., were conferred with after the meeting, and all voted in the affirmative on the three resolutions.

Rate on Mussel Shells.

This subject considered at last meeting and recommendation forwarded to C. F. A. At meeting today Chairman read letter Sept. 14th, File I-507, from Chairman C. F. A., to the effect that no change was authorized.

Attention was also called to C. F. A. Info. No. 989, and it was

Moved, That the subject be tabled.

Rates on Asphaltum Pitch.

This subject brought up by letter from a member, which the Chairman read, and it was

Recommended, To the C. F. A., the establishment

of a commodity rate on Asphaltum Pitch, C. L., East St. Louis to C. F. A. points, on basis of 90 per cent of the 6th class rates.

The rate asked for is the same as now authorized on Asphalt or Asphaltum, also on Pitch and Tar, Coal or Gas House.

Proper Rates to Apply on Silica.

This subject brought up by letter from a member and submitted by Circular Letter No. 164, also considered at last meeting and laid over.

After further consideration at meeting today, it was

Recommended, To the C. F. A. that the rates and minimum C. L. weights applying on Sand from East St. Louis to C. F. A. Points, Western Termini and Trunk Line Territory be applied on Silica, crude. Crude Silica being analogous to Glass Sand.

All other subjects on the docket, laid over until next meeting.

Meeting convened at 11:00 a. m.

Rate on Flour, East St. Louis to Terre Haute.

This subject brought up by letter 5th, file 10077-B, from Chairman C. F. A.

After consideration at meeting today, it was

Moved, That the subject be referred by letter to the lines directly interested in Terre Haute traffic.

Rates and Minimum Carload Weights on Cooperage.

This subject was last considered at meeting July 17th, Proceedings No. 55. The letter referred to therein was received from Chairman C. F. A., and the information furnished with letter Sept. 1st. It is brought up again by letter Sept. 3rd, file 10614, from Chairman C. F. A., which was read, and after discussion the Chairman was instructed to request Chairman C. F. A. to take the subject up direct with the roads having the unauthorized rates in effect, as this Committee can do nothing with the proposition.

Application for Reduced Rate on Gilsonite (Asphaltum), Utah to Atlantic Seaboard Points, via East St. Louis vs. Galveston.

This subject brought up by letter from a shipper, which the Chairman read, and it was

Moved, That the application be declined.

Lake and Rail Rates via Chicago on Pig Lead and Spelter.

This subject last considered at meeting August 7th,

see Proceedings No. 56. As instructed letter was written Aug. 8th to A. G. F. A., I. C. R. R. Reply dated Sept. 9th was read, as follows:

"Delay in replying to your letter of Aug. 8th, file 4145, relative to our supplement No. 5 to I. C. Tariff No. I-18, is to be attributed to my absence from the City. We are not prepared to withdraw this issue in the face of the demands of our lake connections."

And it was

Moved, That the Chairman endeavor to ascertain whether the rates named are in effect via any other road than the I. C. R. R., either via Chicago or Lake Erie Ports, and report at next meeting.

Grain and Grain Products, East St. Louis to Trebeins, Ohio.

This subject brought up by letter from Chairman C. F. A., Sept. 20th, file 11113, which the Chairman read, stating that he had written 22nd to G. F. A., T. H. & I. R. R., but had not as yet received reply, and it was

Moved, That the subject be laid over pending reply from T. H. & I. R .R.

Allowance on C. L. Shipments on Live Stock to C. F. A. Points West of the Western Termini.

This subject brought up by letter Sept. 17th from G. T. M., National Stock Yards Co., which the Chairman read, and it was

Moved, That the application be declined.

Ferry, Town and Peddler Car Freight.

This subject brought up by Advice Letter No. I-827½, Sept. 18th, from Chairman C. F. A., to Chairman of Local Committee, which was read, and after discussion, it was

Moved, That C. F. A. Advice Letter be sent to the

members by Circular Letter with the request that they come to next meeting prepared to recommend rules and regulations for adoption by the Central Freight Ass'n.

Chairman C. F. A. Requesting Statistics, Oct. 1st-Dec. 31st, Inclusive, Number of Cars Lumber and Forest Products, East St. Louis to C. F. A. Points From North Pacific Coast.

This subject brought up by letter from Chairman, C. F. A., Sept. 21st, file C. M. 119, which was read, and the following adopted:

Moved, That the subject be submitted to the members by Circular Letter with the request that they instruct their East St. Louis Agents to furnish the Chairman with the necessary information at the end of each month, Oct.-Dec. inclusive.

Rate on Asphaltum Pitch.

This subject considered at meeting 18th, proceedings No. 58, and recommendation sent to C. F. A. At meeting to-day Chairman read letter Sept. 23rd, file I-833, from Chairman C. F. A., requesting additional information, and it was

Moved, That the Chairman take the subject up with A. G. F. A. Coyle, the application for the rate having been made through him.

Execution of Live Stock Contracts.

Reconsignment of Fruits and Vegetables From South at Proportional Rates Within 36 Hours in Line With Action of Cincinnati Freight Committee.

Railroads Permitting Shippers to Sort and Grade Hides on Their Platforms.

Delivery of L. C. L. Shipments to World's Fair Grounds.

The above subjects were laid over until next meeting.

Divisions on Lumber From and via Cairo, Etc., and East St. Louis to C. F. A. Points West of the Western Termini.

This subject last considered at meeting May 8th, 1903, proceedings No. 47, and recommendation made to Central Committee.

At meeting to-day Chairman read letter Sept 19th, file 9133-A, from Chairman C. F. A., advising that subject was considered by the Central Committee and referred to Rules and Regulations Committee who referred it back to the St. Louis Eastbound Freight Committee to further consider and arrange per cents between Cairo, etc. and East St. Louis, subject to a maximum allowance.

The Chairman was instructed to advise Chairman C. F. A. that the percentages existing between the various C. F. A. and other roads, have not been the subject of joint agreement, they are a matter of individual arrangement, but on Lumber, the lines south and north of East St. Louis are a unit on the proposition that on traffic to C. F. A. points the lines south should be allowed a maximum of 3 cts. per 100 lbs. when destined to C. F. A. Territory west of the Western Termini. The percentages in many cases allow more, and in all cases provide for a minimum of 3 cts. per 100 lbs. The authorization of a uniform proportion of 3 cts. per 100 lbs. the same as recently agreed upon by the St. Louis Lines and approved by the C. F. A. as per Information No. 4639, to apply on Lumber to Western Termini, will dispose of this matter in a way that will be more satisfactory to all interests, than the present method.

It is understood that the provisions shown in C. F. A. Information 4639, that lines will not publish proportional rates from East St. Louis on this traffic, will apply.

Meeting convened 10:30 a. m.

Execution of Live Stock Contracts.

This subject first considered at meeting July 17th (See proceedings No. 55, 56, 57 and 59) and submitted by Circular Letter No. 159, as instructed.

At meeting to-day after consideration, following was adopted:

Moved, That this subject be referred to a Committee of three to formulate a set of rules to govern the traffic, same to be submitted to this Committee for adoption. The representatives B. & O. S. W., C. C. C. & St. L. and T. St. L. & W. R. R.'s were appointed as the Committee.

Reconsignment of Fruits and Vegetables From South at Proportional Rates Within 36 Hours in Line With Action of Cincinnati Freight Committee.

This subject brought up by a member, submitting copies of Cincinnati Freight Committee Circular Letters Aug. 8th and 26th, 1902, file 1116, and laid over from previous meetings (See Proceedings No. 57 and 59.)

After further consideration at meeting to-day, it was

Moved, That the subject be tabled.

Delivery of L. C. L. Shipments to World's Fair Grounds.

This subject brought up by a member and laid over from previous meeting (See Proceedings No. 59.)

At meeting to-day Chairman called attention to Term'l. R. R. Ass'n. Freight Circular No. 888, Sept. 25th, 1903, which was read, and as it appeared to dispose of the subject, it was

Moved, That the subject be tabled.

Railroads Permitting Shippers to Sort and Grade Hides on Their Platforms.

This subject brought up by letters from Chairman C. F. A., Aug. 4th and 11th, file 10888 and laid over from previous meetings (See Proceedings No. 56, 57 and 59.)

At meeting to-day the subject was generally discussed, it being stated by some of the members that it was a transportation department matter, etc., and it was

Moved, That Chairman C. F. A. be answered that one line, a member of the Committee, advises that his Company permits any shipper to handle freight on their platforms subject to the rules of their Transportation Department, and claims that they are not violating any rule of the Official Class'n. or the Central Freight Ass'n.

Ferry, Town and Peddler Car Freight.

This subject brought up by Advice Letter No. 827½ to Chairman of Local Committees from Chairman C. F. A. and as instructed at meeting Sept. 25th, was submitted to members by Circular Letter No. 171. At meeting to-day, after due consideration, it was

Moved, That the subject be tabled.

Rates and Divisions on Pine Lumber From Points on M. & O. R. R. in Mississippi and Alabama.

This subject considered at previous meetings, see proceedings Sept. 4th, No. 57, also Circular Letter No. 166, Sept. 7th. At meeting to-day Chairman stated that all lines, excepting one, had advised him of their notice to the M. & O. R. R. The Wabash representative said their line was the one referred to and he would say for the benefit of members that their tariff department had been instructed to give the M. & O. R. R. similar notice, in line with resolution adopted at meeting Sept. 4th and to send copy to the Chairman.

As this disposed of the subject, it was

Moved, That the subject be tabled.

Rate on Peaches to C. F. A. Territory.

This subject brought up by letter July 31st, file 21893, from a member submitting copy of letter from G. F. A. Lahane of the St. L. S. W. Ry., which was read, and after discussion following was adopted:

Whereas, In view of the conditions recounted in the attached letter from Gen'l. Freight Agt. Lahane of the St. L. S. W. Ry., addressed to a member of this committee, and the fact that the 4th class rates are now applicable on Green Fruits of all kinds, including Peaches, in straight or mixed carloads, on shipments originating in what is known as Green Line Territory, from Ohio River to all points subject to the jurisdiction of the Chicago & Ohio River Committee, which in turn affects all C. F. A. points west of the line of the C. H. & D. R. R.

We Recommend to the Central Freight Ass'n. the cancellation of Information 4413 and the restoration of Proportional Rates on Peaches from East St. Louis to all C. F. A. Points on basis of 4th class rates, as per C. F. A. Information 3303.

Question of Applying 6th Class Rates on Red and White Lead and Litharge Only When Dry and Not Otherwise.

This subject brought up by letter Sept. 24th, file 9069-C from Chairman C. F. A., which was read, and during the discussion is was stated that as the rates on these Commodities were put in by members of the Committee upon C. F. A. authority based upon the action of one line individually publishing the rates, the question was raised as to how the rates were intended to apply by the line originally publishing same. The member referred to stated: That it was their intention to apply the rates just as the Tariff read, viz.: On White and Red Lead and Litharge, regardless of whether same was dry or in oil.

In view of the above it was

Moved, That in view of the fact that the line originally establishing these rates makes the declaration that they will apply the same rates on White and Red Lead and Litharge, in Oil or Dry, it is the sense of this Committee that the attention of the Central Committee be called to this phase of the matter, as it will tend to pull down rates on all classes of paint as outlined by Chairman C. F. A. in letter Sept. 24th, file 9069-C.

Cancellation of Unauthorized Rates on Sash, Doors and Blinds, Published by Western Roads.

This subject was last considered at meeting July 17th, see proceedings No. 55. As instructed, three copies of the notice to Western Roads were prepared, as follows:

Messrs. Thomas Miller, F. T. M., C. B. & Q. R. R., Chicago, Ill.; E. B. Boyd, G. F. A., C. R. I. & P. Ry.,

Chicago, Ill.; W. E. Keepers, G. F. A., I. C. R. R., Chicago, Ill.

Gentlemen: Referring to your (****) publishing rates on Sash, Doors and Blinds, C. L., from Mississippi River Points, to points in Central Freight Ass'n. Territory, as you are aware, these rates have not been concurred in by St. Louis Eastbound Roads, and you are respectfully advised that lines represented by the undersigned will not participate in same:

****C. B. & Q., G. F. O., 1066.
C. R. I. & P., I. C. C., C-1974 and amendment No. 4.
I. C. R. R., I. C. C., A-3197.

The signature of each member of the Committee was secured, except the C. & E. I., and papers sent, with letter, July 30th, file 4226, to Mr. J. F. Tucker, Chairman C. F. A., requesting him to procure the signature of Mr. William Campbell, G. F. A., C. & E. I. R. R. This is to advise that the transaction is complete, so far as this Committee is concerned, as shown by letter as follows:

"Dear Sir:—With reference to your file 4226, relative to cancellation of unauthorized rates now published on sash, doors and blinds, from Mississippi River points proper to points in Central Freight Ass'n. Territory, would state that we yesterday forwarded notice to the initial interested lines and set the date of cancellation for Oct. 19, 1903.

Gen'l Frt. Agt. Campbell of the C. & E. I. affixed his signature to the notice of the St. Louis Eastbound Freight Committee. Yours respectfully,

(Signed) J. F. Tucker, Chairman."

Rates and Divisions on Lumber From Pacific Coast Points.

This subject brought up at meeting 9th (See Circular Letter No. 176 and Proceedings No. 61) and laid over account of absence of member bringing subject up.

After consideration at meeting to-day, it was

Moved, That the subject be laid on the table.

Rule Governing Live Stock Shipments From Connecting Lines.

This subject submitted at meeting Oct. 9th, and laid over account of absence of member who requested subject docketed.

At meeting to-day Chairman called attention to letter Oct. 6th, file 21435 from A. G. F. A., B. & O. S. W. submitting copy of his joint letter to members of the Committee on above subject and it was

Moved, That the subject be tabled.

Are Unauthorized Divisions Accepted on Pacific Coast Traffic to Points East?

This subject considered at meeting Oct. 9th, being brought up by letter from a member and laid over for members to investigate.

At meeting to-day members present individually announced that they are not accepting anything less than the authorized divisions on Pacific Coast Traffic.

The members absent at the time, viz.: C. & A., C. P. & St. L., and L. H. & St. L., were conferred with after the meeting, and all made statements to the same effect as members that were present.

To Change Rate Basis to Grand Rapids, Mich., in Minimum Basing Book No. 9.

Chairman called attention to C. F. A. Information 4673, authorizing class rates to Grand Rapids, Mich., on basis 45-15 cts. per 100 lbs. scale for the 6 classes and requested instructions as to whether he should issue an amendment to Minimum Basing Book No. 9.

After discussion, the following was adopted:

Resolved, That Minimum Basing Book No. 9 be amended changing Grand Rapids, Mich., a Basing Point, from "S" to "R" Scale, viz.: 45, 39, 30, 21, 18, 15 cts. per 100 lbs., authorized by C. F. A. Information 4673, Oct. 9th, 1903.

Delivery of Freight to and Collecting of Bills From St. Louis Car Company On Inbound Shipments.

This subject was brought up by letter from a member, which was read, and after discussion, it was

Moved, That the subject be stricken from the docket, it not being a question for this Committee to handle.

Rate on Flour East St. Louis to Terre Haute.

This subject brought up by letter from Chairman C. F. A., dated Sept. 5th, file 10077-B, and as instructed at meeting Sept. 25th, Proceedings No. 59, was submitted by Circular Letter No. 174.

At meeting to-day Chairman read joint letter from directly interested roads to the effect that it would not be consistent to make any change in the present rate of 6 cts. per 100 lbs.

A copy of the letter was sent 15th to Chairman C. F. A., as reply to his letter of Sept. 5th. No action necessary by the Committee.

Rate on Bolsters East St. Louis to Eastern Cities.

Chairman stated this subject brought up by telegram Oct. 13th and letter 15th, file 4841, from Chairman C. F. A., requesting Committee to consider question of advancing rate on Bolsters to 32 cts. per 100 lbs., East St. Louis to New York.

After considerable discussion, the following was adopted:

Moved, That we recommend to the Central Committee that rates on Steel Bolsters, C. L., from East St. Louis, be made on the regular basis above Chicago, viz.: 116 per cent, which would make rate East St. Louis to New York 32 cts., usual differences to other Eastern Cities and Western Termini of the Trunk Lines.

Application for Commodity Rate on Bauxite Ore to Massena Springs, N. Y.

This subject brought up by letters from a shipper, which the Chairman read, and it was

Moved, That the subject be laid over until next meeting.

Meeting convened 11:00 a. m.

Issuance of Bills Lading on Cotton in Warehouses in East St. Louis.

This subject was last considered Sept. 18th, Proceedings No. 58, and brought up again by letters from Chairman, Transportation Committee, St. Louis Cotton Exchange, which were replied to by the Chairman in letters Oct. 16th and 19th, in line with action of Sept. 18th.

At meeting today the recent correspondence was read, and it was

Moved, That the Chairman Transportation Committee, St. Louis Cotton Exchange, be informed that the recent correspondence was submitted to the Committee, who advise that they cannot take any action other than as communicated in letters dated Oct. 16th and 19th.

Issuing Live Stock Contracts on Bills Lading at National Stock Yards.

Chairman stated that not having secured announcements of members absent at meeting 16th, he had not included this subject in the proceedings of last meeting. He further stated that he had taken subject up with A. G. F. A., Wabash, asking to be advised of his conclusions, but had as yet received no reply to his communication, and it was

Moved, That the subject be laid over until next meeting.

Weights on Beer, East St. Louis to C. F. A. Points.

This subject docketed on request of a member. At meeting today the member stated that he had not secured all the facts that he needed, therefore, asked for a continuance, and it was

Moved, That the subject be laid over until next meeting.

Application for Commodity Rate on Bauxite Ore or Alumina, to Massena Springs, N. Y.

This subject considered at meeting 16th and laid over. At meeting today Chairman read correspondence since that date in which the shipper requested that subject be laid over until next meeting, he desiring to appear before the Committee, and it was

Moved, That the subject be laid over until next meeting.

Application for Reduced Rate on Ice Cans, Returned for Repairs.

This subject brought up by letter from a member submitting letter from a shipper, which was read.

After consideration and attention being called to C. F. A. Info. No. 4208, this Committee's Special Notice No. 1343, it was

Moved, That the application be declined.

Basis for Division of Through Rates on Grain from Missouri River to Points in C. F. A. Territory.

The Chairman stated he had received letter from Chairman C. F. A. to the effect that Cent. Committee suggested that this subject be referred to a Special Committee to consist of one representative from Chicag, Peoria and St. Louis, and had requested A. G. F. A. Hart to represent this Committee.

It was suggested by several members that the Chairman issue a Circular Letter giving copies of the correspondence to enable members, who so desired, an opportunity to correspond with Mr. Hart, and express their views, etc. (See Circular Letter No. 179.)

Rates on Enameling Plates to Eastern Cities and Western Termini Points.

This subject brought up by letter Oct. 19th, file 4841, from Chairman C. F. A., which was read, and after discussion the following was adopted:

Moved, That we recommend to the Central Committee that rates on Enameling Plate, C. L., from East St. Louis, be established on basis of 27½ cts. per 100 lbs., Chicago to New York, usual differences to other Eastern Cities and Western Termini of the Trunk Lines, minimum weight as per Official Class'n.

Meeting convened 10:30 a. m.

Issuing Live Stock Contracts on Bills Lading at National Stock Yards.

This subject considered at meeting 23rd and laid over.

At meeting today the Chairman stated he had nothing further to report than at last meeting, and it was

Moved, That the subject be laid over until next meeting.

Application for Commodity Rate on Bauxite Ore or Alumina to Massena Springs, N. Y.

This subject laid over at meeting 23rd on request of the applicant for the rate. At meeting today Chairman

stated the gentleman could not be in city today and requested Committee to lay subject over until next meeting, and it was

Moved, That the subject be laid over until next meeting.

Rates on Lumber to Canadian Points.

This subject brought up by letter from a member calling attention to C. B. & Q. Tariff No. 13946, publishing unauthorized rates on Lumber, St. Louis and East St. Louis to Canadian Points.

After consideration, it was

Moved, That the Chairman send to resident members a copy of the correspondence by Circular Letter, the subject to be further considered at next meeting. (See Circular Letter No. 181.)

Weights on Beer East St. Louis to C. F. A. Points.

This subject considered at meeting 23rd and laid over for further investigation. At meeting today it was stated that the result of investigation is that the claim of the Anheuser-Busch Brewing Ass'n. that Western Class'n. weights are being charged on Beer from Milwaukee to C. F. A. Territory is confirmed.

After due consideration of the subject, it was

Moved, That the Chairman report to Chairman C. F. A. that the Anheuser-Busch Brewing Ass'n. decline to pay freight charges on Beer, in glass, packed in wood, assessed on average estimated weights, as provided for by the Chief Inspector, on the grounds that shipments from Milwaukee are handled at weights provided for in the Western Class'n., and that demanding freight charges on basis of average estimated weights as provided for by the Chief Inspector being a discrimination against Breweries located at other points than Milwaukee, it is desirous that the matter be rectified by either advancing weights charged from Milwaukee to C. F. A. Points or a reduction in those used to other points.

Rules not Being Carried Out to Have Shippers and Connecting Lines Specify on Receipts, Waybills, Etc., the Kind of Lumber Shipped.

This subject brought up by letter Oct. 23rd, file Info. 985-A, from Chairman C. F. A., which was read, and after discussion the following was adopted:

Moved, That Chairman C. F. A. be advised that the lines find it difficult, if not impossible, to carry out the provisions in Info. Circulars 985-A and 3936, particularly on business from connecting lines, who do not always show the kind of Lumber on their Transfer Tickets, and as Walnut and Cherry Lumber is now handled at the ordinary Lumber rate, the only exception thereto being Woods of Value and Yellow Pine, the application of the rule seems to be no longer necessary. Yellow Pine, if not so described, would be billed at the ordinary Lumber rates, and there are comparatively few shipments of woods of value in carload lots.

Rates on Enameling Plate and Steel Bolsters.

This subject last considered at meeting 23rd inst. The Chairman called attention to Circular Letter No. 180, embodying copy of telegram from Chairman C. F. A., as follows:

"The Central Committee unanimously approve the recommendation of the St. Louis Eastbound Freight Committee as to the advanced rates on Enameling Plate and Steel Bolsters, effective Nov. 16th. Will all roads issue tariffs effective on that date, sending me copies? Please answer."

Inquiry was made as to whether an Information Circular would be issued by Chairman C. F. A., based on authority of the Central Committee. The information being desired before answering the Circular Letter (No. 180.)

The Chairman was instructed to take the subject up with Chairman C. F. A.

Meeting convened 10:30 a. m.

Application for Commodity Rate on Bauxite Ore or Alumina, East St. Louis to Massena Springs, N. Y.

This subject was last considered at meeting Oct. 30th, and laid over.

At meeting today representatives of parties handling the Commodity made statements to the Committee in support of their request for Commodity rating both on the Crude Ore, shipped direct from the mines in Arkansas and on the Concentrates as shipped from their works at East St. Louis, and after careful consideration, it was

Recommended, To the Central Freight Ass'n. the establishment of rates on Bauxite Ore, crude, from East St. Louis to Massena Springs, N. Y., $4.90 per gross ton,

C. L., minimum weight, 40,000 lbs. and on Bauxite Ore Concentrates, in Bags, Sacks or Barrels, minimum C. L. weight 40,000 lbs., released to a valuation of $10,000 per net ton and so stated in shipping tickets, from East St. Louis to

Massena Springs, N. Y., 23½ cts. per 100 lbs.
Western Termini, 15½ cts. per 100 lbs.
Detroit, Mich., 12½ cts. per 100 lbs.

Note: It was suggested that a member of this Committee should be present at the meeting of the Uniform Basis of Rates Committee to which this subject would probably be referred, and present the subject fully to the Committee, and it was

Moved, That Mr. Edw. Hart, Jr., be delegated to explain the subject fully to the Uniform Basis of Rates Committee.

Chairman called attention to letter Oct. 30th from Chief Inspector, Trunk Line Ass'n., at Buffalo, and requested instructions as to what reply to give to enquiry as to whether the Western Termini rate in C. F. A. Info. No. 3923 applied on other than Bauxite Ore, crude, and it was

Moved, That the Chief Inspector be advised that rate of $2.75 per ton was established as applying on Crude Bauxite Ore, and that in its ground or refined state it is thought that a higher rate should apply, no provision having been made for rate on Ground or Refined Ore, members of the Committee not knowing that it was to be shipped. The question of rate on the Concentrated Ore has now been submitted for consideration by the C. F. A. In the meantime the 5th class rate, applicable on Alumina, should be assessed on the Ground or Refined shipments.

Weights on Beer. East St. Louis to C. F. A. Points.

This subject considered at meeting Oct. 30th, see Proceedings No. 64, and recommendation referred to C. F. A. as instructed.

At meeting to-day Chairman read correspondence from Chairman C. F. A. and the Chief Inspector to the effect that shipments from both Milwaukee and St. Louis were charged for at correct weights, and it was

Moved, That the subject be tabled.

Rates on Lumber to Canadian Points.

This subject considered at meeting Oct. 30th and laid over. See Proceedings No. 64. Question was raised as to whether this Committee had jurisdiction over Canadian Traffic.

Attention was called to C. F. A. Book of Rules governing Freight Traffic, dated Aug. 1st, 1899, page 95, subjects No. 196 and 197, also to C. F. A. Information No. 1339, March 1st, and Information 1878, Dec. 5th, 1899, and it was

Moved, That the Chairman take the subject up with the representative of the C. B. & Q. R. R., calling his attention to the action of this Committee, Sept. 4th, 1903, to the effect that the publication of proportional rates from East St. Louis, based on the East St. Louis division of the Cairo rate, or the East St. Louis division of Lumber rates from pro-rating points in the South, should be discontinued, and lines having such tariffs in effect should cancel same, and that all such traffic should be handled on basis of published through rates of initial lines, divided on the authorized basis, and to the fact that he had stated that the C. B. & Q. would be governed by the action of this Committee, that Tariff, C. B. & Q., G. F. A. No. 13946 was not in conformity with the action of the Committee, and request that same be cancelled.

The Chairman was also instructed to place the name of Mr. H. R. Todd, G. A., C. B. & Q. R. R., on mailing list for copies of Proceedings, Circular Letters, etc.

Issuing Live Stock Contracts or Bills Lading at National Stockyards.

This subject was last considered at meeting Oct. 30th

(See Proceedings No. 64) and laid over for report from member.

At meeting to-day the member referred to stated that he had taken the subject up and it had been decided that they will continue to issue Bills Lading and Livestock Contracts in the manner as at present in use.

In view of the above, it was

Moved, That the subject be tabled.

Proper Basis for Rates to L. S. & M. S. R. R. Stations, Millersburg to Waterloo, Ind., Inclusive.

This subject brought up by letter Oct. 27th, file 11073, from Chairman C. F. A., which was read, and it was

Moved, That the subject be laid over until next meeting.

Rates and Divisions on Yellow Pine Lumber, Arkansas to Trunk Line Points.

This subject brought up by letter from Chairman C. F. A., and a member calling attention to Mo. Pacific Tariff No. 5028. Chairman stated he had received copy of the Tariff but had not yet secured divisions applying in connection therewith.

As this Committee is more particularly interested in the divisions allowed east of East St. Louis, it was

Moved, That the subject be laid over until next meeting.

Rule Requiring Prepayment on Shipments to World's Fair Grounds Not Being Enforced.

This subject brought up by letter from Chairman C. F. A., which was read, and it was

Moved, That the Chairman C. F. A. be advised that this subject is not within the jurisdiction of this Committee, and one which he should take up with the roads originating the traffic.

Divisions of Rates on Grain From Missouri River to C. F. A. Points.

This subject considered at meeting Oct. 23rd, See Proceedings No. 63 and Circular Letter No. 179.

At meeting to-day Chairman read letter from Mr. Hart to the effect that he did not attend meeting called by Chairman C. F. A. on account of not having received from members of the Committee their views on the subject. Mr. Hart stated that unless he did get an expression from the members of the Committee, he would ask to be excused from representing the Committee.

It being stated by several members that the subject was one which could not properly be handled for the Committee by one member, Mr. Hart was excused, as requested.

Rates on Steel Bolsters and Enameling Plate.

This subject last considered at meeting Oct. 30th, Proceedings No. 64.

At meeting to-day the Chairman read letters and telegrams from Chairman C. F. A., urging action in line with C. F. A. Information No. 1029-A, Nov. 3rd, 1903, and restore rates to basis of Special Iron Rates, viz., 27½ cts. per 100 lbs., Chicago to New York.

Letter from a member was also read stating: "We are not prepared at present to advance the rates on Enameling Plate."

The Chairman was instructed to advise the Central Committee, through Chairman C. F. A., that this subject has been referred to the Central Freight Ass'n. by recommendation, as shown below, also that the T. St. L. & W. was the only road who had published a tariff based on the recommendation of the Central Committee, and that when they found other roads had not taken similar action, stated they would cancel their tariff, effective on legal notice. A copy of the T. St. L. &. W. R. R. Tariff, Supplement No. 16 to Tariff G. F. O. No. 435, effective Nov. 15th, 1903, to be sent Chairman C. F. A.

After further consideration, it was

Moved, That we recommend to the Central Freight Ass'n. the establishment of rates on Black or Enameling Plate to Eastern Cities, on basis of 27½ cts. per 100 lbs., East St. Louis to New York, that the question of rates on Bolsters be considered separately, and that the rates on that article be restored to the basis provided therefor in the Special Iron Rates, viz.: 27½ cts. per 100 lbs., Chicago to New York.

The vote on above recommendation was: Affirmative, 8; Negative, 1; Absent, 2.

Next Meeting of the Committee.

As the Central Freight Ass'n. meeting has been called for Chicago, Nov. 11th and 12th, the next meeting of this Committee will be on Friday, Nov. 20th, unless request is received for meeting at an earlier date.

Rates on Lumber to Canadian Points.

This subject considered at meeting 6th and laid over (See Proceedings No. 65.) At meeting to-day the Chairman stated that as instructed he had taken subject up with Gen'l. Agt., C. B. & Q. R. R. with the view to having C. B. & Q. Tariff cancelled. The subject has been referred to A. G. F. A., Chicago, but up to the present time no reply received, and it was

Moved, That action on the subject be deferred until reply is received from C. B. & Q. R. R.

Proper Basis for Rates to L. S. & M. S. R. R. Stations, Millersburg to Waterloo, Ind. Inclusive.

This subject considered at meeting 6th (Proceedings No. 65) and laid over on request of the I. C. R. R. At meeting to-day Chairman read correspondence on the subject and after discussion the following was adopted:

Moved, That the subject be referred to the Rate Clerks for their recommendation.

Rates and Divisions on Yellow Pine Lumber, Arkansas to Trunk Line Points.

This subject was considered at meeting 6th (Proceedings No. 65) and laid over.

At meeting to-day the Chairman stated he had not been furnished with copy of Division Sheet but was advised by G. F. A., Mo. Pac. Ry., that Division Sheets would be sent to the several lines to check.

The Chairman was requested to call the roll for the

purpose of ascertaining whether any road, member of the Committee, had advised the Mo. Pac. that they would participate in the proposed divisions.

The roll being called all members present, except one, answered in the negative. The one member stated that on the authority as published by C. F. A. Information No. 1001-A they gave the authority which still stands.

After further consideration of the subject, it was

Moved, That a Committee of three (3) composed of the B. & O. S. W., C. C. C. & St. L. and Wabash representatives, be appointed to consider the matter and draw up a recommendation to the C. F. A. that will enable the East St. Louis lines to handle Yellow Pine Lumber (received from Western Lines) east of East St. Louis, based on published through rates, same as similar traffic from East-side lines via Cairo, and report to this Committee at next meeting.

Rate on Crude Silica or Silicious Earth.

This subject last considered Sept. 18, Proceedings No. 58, and is again brought up by letter from a shipper recommending that the rate recently authorized on Crude Silica or Silicious Earth, by C. F. A. Information Nos. 4670 and 1009-A, be canceled, and it was

Moved, That the matter be continued on the docket until next meeting.

Official Class'n. Rules Not Being Enforced on Shipments of Livestock From East St. Louis.

This subject brought up by letter 9th inst., file I-427, from Chairman C. F. A., which was read, and it was

Moved, That the subject be tabled.

Use of Proportion of Cairo Rate From East St. Louis on Reconsigned Lumber.

This subject brought up by letter Nov. 13th, file

11236, from Chairman C. F. A., which was read, and it was

Moved, That the Chairman reply to Chairman C. F. A. to the effect that it is the universal practice among C. F. A. lines that when destination of a shipment is changed enroute and before delivery as per original Bill of Lading has been accomplished, to protect the through rate from point of shipment to ultimate distination.

Rate on Pyrites (Iron), Pyrites Screenings or Sulphide Ore.

This subject brought up by a member calling attention to T. St. L. & W. Supplement No. 18 to Tariff I. C. C. No. 210, carrying rate of $2.00 per ton, East St. Louis to Cleveland, Ohio, instead of $2.20 per ton as per C. F. A. Information 4589.

Chairman stated he had taken subject up with A. G. F. A., T. St. L. & W. R. R., who had referred it to their Toledo office, but as yet reply had not been received.

In view of the above, it was

Moved, That the subject be laid over until next meeting.

Note.—In the meantime the Chairman endeavor to ascertain if any other road, member of the Committee, carries the $2.00 rate to Cleveland.

Pig Lead Rates Being Charged on Antimonial Lead in Pigs.

The subject of Wabash R. R. withdrawing Tariff No. 29201-AH., Amendment No. 18, was brought up by letter Nov. 14th, file 10960, from Chairman C. F. A., which was read.

The Wabash representative stated that in the first place the Pig Lead rate was originally an unauthorized rate and did not specify the kind of Lead and that they were applying the Pig Lead rate on Antimonial Lead,

which was the same kind of load that the roads had been carrying as Pig Lead for years before provision had been made in the Official Clas'n. for Antimonial Lead. That the lead they have been carrying as Pig Lead did not change with the Official Class'n. and that a change in the Official Class'n. does not change a Commodity Rate.

He further stated that he had explained their position to Chairman C. F. A., and to the Chief Inspector, when the subject was brought up, and the item Antimonial Lead was simply put into their Tariff to avoid controversy.

Delay Caused by Government Manifests Not Accompanying Shipments to Canadian Points.

This subject brought up by Joint Letter Nov. 5th, file 11226, from Chairman C. F. A., which was submitted to all members by Circular Letter No. 184, Nov. 9th, file 4254.

After consideration of the subject at meeting today, the following was adopted:

In line with action taken by the Cincinnati Freight Committee, we recommend that the Central Freight Association promulgate a rule to cover the question, and that Chairman C. F. A. be requested to issue a notice to Western and Southern connections advising them of the government requirements and that shipments will not be accepted unless these regulations are complied with.

Rate on Fire Brick, Etc.

Attention was called to Wabash R. R. Tariff 29201-AH., Amendment No. 18, not being in line with C. F. A. Info. No. 972-A, and at request of Wabash representative, it was

Moved, That the subject be laid over until next meeting.

Rules Requiring Kind of Lumber to Be Specified on Receipts, Etc.

This subject last considered at meeting Oct. 30th,

see Procedings No. 64, and reply made to Chairman C. F. A. as instructed. At meeting today the subject brought up again by letter Nov. 6th, file Info. 3936, from Chairman C. F. A., requesting that the subject be again placed before the Committee, with the view to having the rules in Info. Circulars No. 985-A and 3936 enforced.

After consideration, it was

Moved, That the Chairman Central Freight Ass'n. be requested to furnish specific reference to some violations of the rules.

Rates on Sublimed Lead, Carloads.

Attention was called to Wabash Tariff No. 29201, naming rates applying on shipments from beyond, also to rates named in Amendment No. 18, page 2.

A. G. F. A. Wabash stated that the rates shown in the Amendment, No. 18, apply on all shipments of Sublimed Lead. That Tariff would be amended making it clear that rates in original Tariff No. 29201 do not apply.

Next Meeting of the Committee.

It was moved that when the Committee adjourns it be for two weeks, the next meeting to be on December 4th.

Proportional Rate on Lumber to Canadian Points, and Application from the Lumbermen's Exchange for Relief.

The subject of proportional rates on Lumber to Canadian Points was last considered at meeting Nov. 20th, see Procedings No. 66, and laid over for reply from C. B. & Q.

At meeting today the Chairman read correspondence with C. B. & Q. since meeting Nov. 20th to the effect that the C. B. & Q. declined to cancel their tariff.

During the discussion of this subject attention was called to a letter from the Lumbermen's Exchange reciting the disadvantages under which the dealers labor in handling Lumber through St. Louis vs. other gateways, and after careful consideration of the matter, it was

Moved, That a Committee of three, consisting of Messrs. Bushnell, Sheill and Becker, with the Chairman as Ex-Officio Chairman, be appointed to consider the subject presented by the Lumbermen's Exchange, in connection with the publication of proportional rates by the C. B. & Q. R. R., with the understanding that both subjects be treated with the view to confining the reconsigning privileges and rates to Hardwood Lumber and report their recommendation to this Committee at next meeting.

Proper Basis for Rates to L. S. & M. S. R. R. Stations, Millersburg to Waterloo, Inclusive.

This subject was last considered at meeting Nov. 20th, and referred to Rate Clerks.

The Rate Clerks met in the office of the Chairman, Nov. 24th, and adopted recommendations to the St. Louis Eastbound Freight Committee (subject to the approval of the Wabash R. R., as that Company was not represented).

At meeting today A. G. F. A. stated that he was not in a position to give an intelligent reply, and therefore requested that subject be laid over until next meeting, and it was

Moved, That the subject be laid over until next meeting.

Rates and Divisions on Yellow Pine Lumber, Arkansas to Trunk Line Territory.

This subject last considered at meeting Nov. 20th, see Proceedings No. 66, and referred to Special Committee for report to this Committee. At meeting today Chairman read report of Special Committee, as follows:

"Yellow Pine Lumber being a highly competitive Commodity, as between different producing districts, prices being fixed and sources of supply and demand chiefly defined, which conditions have been recognized by all lines in the territory in which it is manufactured and the necessity to apply the same through rates to Eastern Cities from Mills west of the Mississippi River in Arkansas, Texas and Louisiana, as are in effect from mills in Mississippi and Alabama having developed, your Committee recommends that C. F. A. Information Circular No. 1042-A be amended by the addition of a third Section and a Note as follows:

"The same through rates as are current from points within the territory described in Section One hereof, may be published from points in Arkansas, Louisiana

west of the Mississippi River, and Texas, and when lower than the combination of local or proportional rates via Mississippi River Crossings, Cairo to East St. Louis inclusive, they also may be divided on the percentage divisions provided herein; proportion of lines east of East St. Louis to be computed by sub-dividing proportion east of Cairo on divisions as per C. F. A. Information No. 998, series A, or subsequent issues thereof."

Note.—These divisions are to be used only in the protection of through rates published by originating lines, and proportional rates based on these divisions from Ohio or Mississippi River Crossings are not to be published.

After due consideration, it was

Moved, That the Report of the Special Committee be adopted and recommendation made to C. F. A. in line therewith.

Missouri Pacific Joint Percentage Sheet No. 698-A.

Attention was called to the above, particularly the last item, as follows:

To points east of the Western Termini of Trunk Lines.—When from Cairo, Gale and Thebes, proper.

It being claimed that as the distance Cairo to East St. Louis is more than 150 miles, the per cents named are not authorized to apply on Cairo Traffic, and it was

Moved, that the Chairman take the subject up with the Mo. Pac. Ry. with the view to having their issues amended and to note authority for the percentages from Gale and Thebes, proper.

Rates on Crude Silica or Silicous Earth.

This subject last considered at meeting Nov. 20th, see Proceedings No. 66, and laid over on request of a member.

At meeting today after further investigation it was

Recommended, To the Central Freight Ass'n. the cancellation of authorities No. 4670 and 1009-A, as we have

reached the conclusion that the proper rates to apply on Crude Silica or Silicous Earth are those currently authorized to apply on Clay.

Individual Tariffs on Pyrites (Iron), Pyrites Screenings or Sulphide Ore, Etc.

This subject last considered at meeting Nov. 20th, and laid over for information, etc., see Proceedings No. 66.

At meeting today Chairman read letter Dec. 1st, file I-726, from Chairman C. F. A., and C. F. A. Info. No. 4766, Nov. 24th, naming rate of $1.50 per ton, Chicago to Cleveland.

In order to equalize the through rate via East St. Louis gateway, it was

Moved, That we recommend to the Central Freight Ass'n. the establishment of rate, $2.00 per gross ton, C. L., minimum 20 gross ton, except when marked capacity of car is less, in which case the marked capacity of the car will be the minimum weight, but in no case will the minimum weight be less than 15 gross tons, on Pyrites (Iron), Pyrites Screenings or Sulphide Ore, from East St. Louis to Cleveland and Toledo, Ohio, Detroit and Ypsilanti, Mich.

Rules Requiring Kinds of Lumber to Be Specified on Receipts, Etc.

This subject was last considered at meeting Nov. 20th and Chairman C. F. A. requested to furnish specific reference to some violations of the rules, etc.

At meeting today Chairman read letter Nov. 24th, File Info. 3936, from Chairman C. F. A., to the effect that they had no advices stating specifically any instances where rules were violated, etc., but requested that action be taken to the effect that authorized rules will be observed, etc., and it was

Moved, That it is the sense of this Committee that the rules will be observed.

Rate on Pig Lead, vs. Antimonial Lead, in Pigs, Carloads and Less.

This subject last considered at meeting Nov. 20th, see Proceedings No. 66 and reply made to Chairman C. F. A. in line with statements made by Wabash representative.

At meeting today Chairman read letter Nov. 25th, file 10960 from Chairman C. F. A., on this subject, after discussion the following was adopted:

Whereas, As there is not sufficient difference in value between Pig Lead and Antimonial Lead, in pigs, as compared with different grades of Pig Lead, from different localities whereby distinction could be made in rating,

Resolved, That we recommend to the C. F. A. that where specific rates are currently authorized on Pig Lead in carloads, on basis less than that provided for by Official Class'n. that such specific rates be authorized to apply on Antimonial Lead in pigs.

In connection with the above subject a member brought up the question of rates on Antimonial Lead, in pigs, and Pig Lead on L. C. L. shipments.

The Official Class'n. classes Pig Lead, L. C. L., 4th and Antimonial Lead, in pigs, 3rd. It was deemed inconsistent to charge higher rate on Antimoniol Lead, L. C. L., than on Pig Lead, L. C. L., in view of the fact that the two commodities are taken at the same rates in C. L. lots.

After consideration of the subject, the following was adopted:

Recommended, To the Official Class'n. Committee that it is the sense of this Committee that all kinds of Lead in pigs, L. C. L., should be on the same basis, either 3rd or 4th class.

Rates on Blocks or Brick, Fire Brick and Flue Lining.

This subject considered at meeting Nov. 20th and

laid over upon request of Wabash representative. (See Proceedings No. 66.)

At meeting today attention was called to Circular Letter No. 189, issued Nov. 30th, with the view of ascertaining whether Tariffs of all other lines published the authorized rates.

The Chairman stated he had not as yet received replies from all lines. During the discussion on the subject it was ascertained that some other lines had unauthorized rates in effect and it was

Moved, That the subject be laid over until next meeting.

Should Rates on Lead Ore in Information No. 1041-A Be Limited to Shipments from Beyond the Mississippi River?

This subject brought up by letters Nov. 27th and Dec. 1st, file Info. 1041-A, from Chairman C. F. A., which was read, and after disussion it was

Moved, That the Chairman C. F. A. be advised that this Committee does not know of any Lead Ore deposits east of the Mississippi River, consequently there would be no local movement from the points specified in Info. 1041-A, if such is not the case, to please name the points intermediate that would be affected.

Rates on Clay, Shale and Kaolin.

This subject brought up by letter Nov. 24th, file J-20, from Chairman C. F. A., submitting copy of proposed rates to apply from Thebes, Cairo and other Ohio River Crossings, on shipments originating south of the Ohio and west of the Mississippi River, and after an examination of the figures the following was adopted for transmission to Chairman C. F. A.:

The St. Louis Committee having reviewed the proposed rates on Clay, Shale and Kaolin, submitted per Advice Letter No. J-20 of Nov. 20th to apply from Mississippi and Ohio River Crossings named, when from South of the Ohio and west of the Mississippi

Rivers, wish to protest against the adoption of said rates as their opinion is, that they are needlessly low and to establish a line of rates from East St. Louis, observing the usual differential of 20 cts. per ton under Cairo and Thebes would cause a radical reduction in the present rates from East St. Louis on which current traffic is moving in large volumes.

In support of the protest I attach list of rates to Basing points (as per Minimum Basing Book No. 9), showing rates the St. Louis lines would insist upon from East St. Louis in the event of the Cairo-Thebes figures being adopted, together with rates at present in effect from East St. Louis as per C. F. A. authorities.

Rate on Cast Iron Pipe from East St. Louis.

This subject brought up by letters Nov. 21st and 25th, file 9312-A from Chairman C. F. A., asking authority to cancel rates at present in effect from East St. Louis on Cast Iron Pipe, account none being manufactured in St. Louis or East St. Louis.

The Chairman stated that he had referred the subject to the Rate Clerks at meeting, November 24th, for their recommendation to this Committee, which was read, and it was

Moved, That the report of the Rate Clerks be transmitted to Chairman C. F. A., as recommendation of this Committee, as follows:

Recommended, That Chairman C. F. A. be advised that the Central Freight Ass'n. should continue to authorize rates on Cast Iron Pipe, C. L., from East St. Louis to points in C. F. A. territory, on and east of the Illinois-Indiana State Line, 20 cts. per ton lower than rates effective from Cairo, Gale, Thebes or East Cape Girardeau.

Protection Via East St. Louis of Lowest Combination of Rates from Pacific Coast to Eastern Cities.

This subject brought up by letter Nov. 19th from A. G. F. A., B. & O. S. W. Mr. Hart not being present, it was

Moved, That the subject be laid over until next meeting.

Weights on Potatoes.

This subject last considered Aug. 7th, Proceedings No. 56, was brought up again by letter Nov. 19th from a member asking information in connection with C. F. A. Info. No. 4630, which was transmitted to the Committee by Circular Letter No. 188, Nov. 23rd, and it was

Moved, That the subject be laid over until next meeting.

Letter from a Member Regarding Cost of Marine Insurance on Rail and Lake Traffic.

This subject brought up by letter Nov. 30th, file K-176 from D. F. A., C. & E. I. R. R. It was stated that this Committee had nothing to do with Lake and Rail Traffic, and it was

Moved, That the subject be tabled.

Advancing Drayage Charges. (*C. F. A. Info. No. 4751.*)

This subject brought up by letter Dec. 3rd, file E-905, from A. F. G. A. Ill. Cent. R. R., which the Chairman read and after discussion, it was

Moved, That the subject be tabled.

Meeting convened 10:30 a. m.

Proper Basis for Rates to L. S. & M. S. Stations, Millersburg to Waterloo, Ind., Inclusive.

This subject last considered at meeting Dec. 4th, See Proceedings No. 67, and laid over.

At meeting today the following was adopted:

Whereas, Stations Millersburg to Waterloo, Ind., on the L. S. & M. S. R. R., now taking Defiance "P" basis, are intermediate via Chicago and L. S. & M. S. to Auburn and Auburn Junction, now taking "O" basis,

Recommended, That Auburn and Auburn Junction, Ind. (Basing Points) now shown in Minimum basing Book No. 9 as taking "O" scale of rates 43-13½ cts. be changed to "P" scale, 44-14 cts.

Rates on Blocks or Brick, Fire Brick and Flue Lining.

This subject considered at last meeting and laid over.

At meeting today, account of some interested members not being present, it was

Moved, That action on the subject be deferred until next meeting.

Protection Via East St. Louis of Lowest Combination of Rates from Pacific Coast to Eastern Cities.

This subject brought up at meeting 4th by letter from a member and laid over (See Proceedings No. 67).

At meeting today Chairman read letter referred to above and after due consideration the following was adopted:

Moved, That the subject be referred to Chairman C. F. A., requesting him to take the matter up with the Transcontinental Freight Bureau to develop why through rates are not published on Green Vegetables and Potatoes from Pacific Coast points to Trunk Line points and what necessitates making the rates on combination of locals to and from the Mississipi River or Chicago, also with the view to having through rates established so that this gateway may be placed in position to compete for a share of the traffic.

Weights on Potatoes.

This subject brought up by letter from a member, which was transmitted to members by Circular Letter No. 188 and at meeting Dec. 4th laid over. (See Procedings No. 67.)

At meeting today after consideration of the subject, during which the Chairman read letter from Secretary, Local Freight Agents' Ass'n., it was

Moved, That the subject be tabled.

Are All Roads Strictly Conforming to Official Class'n. Rules in the Handling of Live Stock?

This subject brought up by letter Dec. 7th, file 7376,

from Chairman C. F. A., which was read and after roll call, following was adopted:

I move you, Mr. Chairman, that it is the sense of this Committee that all lines, members of the Committee, are following the rules to which reference is made by Chairman C. F. A.

Participation in Rates on Sulphur, C. L., from Louisiana Mines to Central Freight Ass'n. Points.

This subject brought up by letter from a member which was read and it was

Moved, That action on the subject be deferred until next meeting.

Application for Rate on Beauxite Ore Concentrates, C. L., East St. Louis to Shawinigan Falls, Canada.

This subject brought up by letter from a shipper, which the Chairman read, and it was

Moved, That the subject be laid over for further information.

Letter from Traffic Manager St. Louis World's Fair.

Chairman read letter Dec. 9th from Traffic Manager, St. Louis Wold's Fair, requesting that he be notified by the St. Louis lines of the receipt of shipments consigned to the Louisiana Purchase Exposition Co., or other parties on the World's Fair Grounds, when said traffic is received from their connections.

After due consideration the following was adopted:

Moved, That T. M. Hillery be advised that the individual lines will give him all the assistance they possibly can in the handling of this traffic and that they will submit his request to their respective Transportation Departments with that end in view.

Note.—Chairman to issue Circular Letter to resident members of the Committee giving them a copy of T. M. Hillery's letter.

Pig Lead and Spelter to Grand Haven, Mich.

This subject brought up by letter from a member submitting letter from Pere Marquette R. R. requesting that Grand Rapids rate apply on Pig Lead and Spelter, C. L., to Grand Haven, Mich.

Chairman called attention to Minimum Basing Book No. 9, showing Grand Haven as taking Grand Rapids basis and that rate to Grand Rapids is 13 cts. per 100 lbs.

In view of the above Chairman to call attention to the fact that Minimum Basing Book No. 9 provided rate basis.

No action by committee deemed necessary.

Rates on Cast Iron Pipe From East St. Louis.

This subject last considered at meeting Dec. 4th, and recommendation made to C. F. A. (See Proceedings No. 67.)

At meeting today letter Dec. 8th from Chairman C. F. A., file 9312-A, was read stating that C. F. A. Info. 3963 names rates from East St. Louis and Cairo and reissue not necessary.

Chairman stated that the rates to some of the points in Info. 3963 were not 20 cts. per ton lower from East St. Louis than from Cairo. As no Cast Iron Pipe manufactured in East St. Louis it was not deemed sufficient importance to have the Information amended and it was

Moved, That the subject be tabled.

Rates on Pig Lead and Antimonial Lead in Pigs, L. C. L.

This subject last considered at Meeting Dec. 4th, and recommendation made to Official Class'n. Committee (Proceedings No. 67). At meeting today letter from Chairman Official Classification Committe was read, but as the member who brought subject up Dec. 4th was not present, it was

Moved, That the subject be laid over until next meeting.

Meeting convened 10:30 a. m.

Rates on Blocks or Brick, Fire Brick and Flue Lining.

This subject was laid over 11th account interested members not present.

At meeting today for the same reason, it was

Moved, That this subject be laid over until next meeting.

Participation in Rates on Sulphur, C. L., from Louisiana Mines to C. F. A. Points.

At meeting today attention was called to C. F. A. Advice Letter I-902, submitting rates on the Commodity in question also C. F. A. Advice Letter J-7, to the effect that interested roads individually advise that they would not make the rates effective.

On request the roll was called to ascertain what action members have taken in regard to participation in rates on Sulphur, from Brimstone and Sulphur Mine, La., to C. F. A. Points, covered by C. F. A. Advice Letter No. I-902. All members answered to the effect that they had not authorized or participated in rates not authorized by the C. F. A.

Attention having been called to Tariffs of Southern roads being in effect naming rates from Brimstone and Sulphur Mine, La., to various points in C. F. A. Territory, after discussion the following was adopted:

Moved, That attention of Chairman C. F. A. be called to the fact that notwithstanding basis of division of rates, submitted in Advice Letter No. I-902, on Sulphur, C. L., from Brimstone and Sulphur Mine, La., to various C. F. A. Points were not adopted by roads in Central Freight Ass'n., the rates mentioned therein, or lower, are in effect by Tariffs of Southern Roads, and ask that he again submit the matter to roads in interest with the view of ascetaining if any line in the Central Freight Ass'n. are accepting percentage division of the proportion accruing to lines north of New Orleans, after allowing lines west of New Orleans their arbitraries.

Inquiry as to What Percentages Are Authorized to Apply Between Cairo Proper and Points East of the Western Termini of Trunk Lines Via East St. Louis.

At meeting 11th the Chairman was requested to examine the records on this subject and also ascertain present status of recommendation to C. F. A. regarding per cents for division of rates between Southern Illinois points via East St. Louis and Eastern Cities, See Proceedings No. 32, Jan. 9th, 1903.

At meeting today the Chairman stated he had written Chairman C. F. A. and received reply that subject had been referred to a Sub-Committee of the Central Freight Ass'n. and Trunk Line Ass'n. roads having under consideration the question of Arbitrary or Ter-

minal allowances made to all roads, in C. F. A. Territory. Said Committe met in New York, Oct. 21st, but had not as yet been able to dispose of the subject.

After discussion, it was

Moved, That this matter be placed in the hands of a Sub-Committee of four (4) with the Chairman as Chairman Ex-Officio, for consideration and report at next meeting.

The Chairman appointed as the Committee the representative of the B. & O. S. W. R. R., C. C. C. & St. L., T. H. & I and Ill. Cent. R. R.

Missouri Pacific Joint Percentage Sheet No. 698-A.

This last considered at meeting 4th, Proceedings No. 67. At meeting today Chairman read correspondence with G. F. A. Mo. Pac. Ry., regarding publication of percentages as per Mo. Pac. Division Sheet No. 698-A, on Traffic from Cairo to points east of the Western Termini of Trunk Line, etc., showing present status of the subject, and it was

Moved, That papers be referred to the Special Committee having the Cairo, etc., percentage matter in charge.

Should Rates on Lead Ore in Information 1041-A Be Limited to Shipments from Beyond the Mississippi River?

This subject last considered at Meeting Dec. 4th, see Proceedings No. 67.

At meeting today Chairman read letter Dec. 11th, file 10077-A, from Chairman C. F. A., to the effect that there were no Lead Ore Deposits east of the Mississippi River, etc., but requested that the Committe consent to limit the basis named in Info. 1041-A to Lead Ore shipments originating west of the River.

After discussion, it was

Moved, That the rates referred to in C. F. A. Info. No. 1041-A be published as proportional rates only, ap-

plying on shipments originating beyond the Mississippi River and south of the Ohio Rver.

Propostion to Change Rates in C. F. A. Info. 1058-A from East St. Louis.

This subject brought up by letter Dec. 15th, file 8971, from Chairman C. F. A., which was read and after discussion the Chairman was instructed to advise Chairman C. F. A. that the St. Louis Committee have reviewed this matter and they do not deem it expedient to revise the basis of rates in accordance with his suggestions.

Rates on Pig Lead and Antimonial Lead, in Pigs, L. C. L.

This subject was last considered at meeting 4th, proceedings 67.

At meeting today Chairman read letter Dec. 9th, from Chairman Official Class'n. Committee, to the effect that the subject has been considered several times on applications to apply on Antimonial Lead the Pig Lead rates, without affirmative action thereon, etc., and requested to know whether the Committee desired subject reconsidered in view of these facts.

After discussion, it was

Moved, That it is the sense of this Committee that further consideration should be given the subject with the view to putting Pig Lead, L. C. L., on 3rd class basis, the same as Antimonial Lead, L. C. L.

Request for Legislation in Connection with C. F. A. Info. 1059-A, Providing for Divisions to Additional Eastern Points.

This suibject brought up by letter from a member which was read and it was

Moved, That the letter be submitted to resident members by Circular Letter so that they may consider the proposition and come prepared to act on the subject at next meeting.

Rates on Clay Shale and Kaolin.

This subject last considered at meeting Dec. 4th, Proceedings No. 67. At meeting today Chairman read letter Dec. 17th, file J-20, from Chairman C. F. A., to the effect that in view of objections offered to rates submitted by Advice Letter J-20 it has been decided to convene the Committees from East St. Louis, Thebes and Ohio River Crossings on Dec. 22nd to consider the rates proposed.

After consideration the following was adopted:

Moved, That Messrs. Hodgdon and Bushnell be requested to attend the meeting called in Chicago, December 22nd, to consider rates on Clay, etc., from Ohio River Crossings, East St. Louis and Thebes, so that they can explain the conditions under which the traffic has been handled from East St. Louis in the past and the views of the St. Louis lines on the question.

Letter from Traffic Manager St. Louis World's Fair.

This subject brought up by letter Dec. 17th from a member submitting copy of letter from Traffic Manager, St. Louis World's Fair, requesting roads to mark the door on side of car from which to unload freight, and it was

Moved, That the Chairman advise Mr. C. L. Hillery, T. M., that his communication, addressed to certain eastern roads, in regard to marking car door so that side from which it is to be unloaded can be determined, has ben referred to this Committee and on consideration it was thought that the best plan would be for him to issue a Circular Letter to Exhibitors, requesting them to designate the side from which car is to be unloaded, in as much as nearly all carload shipments are loaded by shippers and not by the railroads.

Reconsigning Shipments of Lumber En Route.

This subject considered at meetings Nov. 20th and Dec. 4th, see Proceedings No. 66 and 67.

At meeting today Chairman read letter Dec. 16th, file 11236, from Chairman C. F. A., on subject of reconsigning Lumber en route and the letter was referred to the Special Committee, appointed December 4th, to consider Lumber rates, etc.

Out-Turn Weights on Shipments of Produce.

A member brought up the subject of out-turn weights on shipments of Onions, etc., and requested roll called for the purpose of ascertaining views of members on the following:

"I want to know if the rules as per C. F. A. Info. No. 4630, (Special Notice No. 1375) are being complied with, or if lines, members of this Committee, are accepting out-turn wagon scale or invoice weights on shipments of Potatoes, also how lines, members of the Committee construe the application of this Notice, which is specifically with reference to Potatoes, on other kinds of Produce, Onions, Turnips, etc., from C. F. A. Points to St. Louis or East St. Louis.

All members not being prepared to answer enquiry, it was

Moved, That the subject be submitted by Circular Letter to the members and subject listed for consideration at next meeting.

Meeting convened 10:30 a. m.

Rates on Blocks or Brick, Fire Brick and Flue Lining.

This subject laid over 18th and laid over again today account absence of an interested member.

Proposition to Change Rates in C. F. A. Info. 1058-A from East St. Louis.

This subject considered at previous meeting. (See proceedings No. 69) and reply made to Chairman C. F. A. as instructed. At meeting today Chairman read letter Dec. 24th, file 8971, from Chairman C. F. A., but account of absence of an interested member, it was

Moved, That the subject be laid over until next meeting.

Request for Legislation in Connection with C. F. A. Info. 1059-A Providing for Divisions to Additional Eastern Points.

This subject considered at last meeting and as instructed Circular Letter (No. 192) issued. At meeting today, it was

Moved, That the subject be deferred until member submitting proposition is present.

Rates on Clay, Shale and Kaolin.

This subject considered at meeting 4th and protest

entered with Chairman C. F. A. against the proposed rates, etc. The subject also considered at meeting Dec. 18th, and Messrs. Bushnell and Hodgdon requested to attend the Chicago meeting Dec. 22nd, and explain condition, etc., under which traffic handled from East St. Louis.

At meeting today the Chairman read letters Dec. 23rd and 24th, file 10077-Q, from Chairman C. F. A., on the subject and after discussion the following was adopted:

Whereas, The St. Louis lines believe that the present and proposed rates on Clay, Shale and Kaolin (crude) from Ohio River Crossings, Gale and Thebes, are a menace to the East St. Louis interests, be it

Recommended, That the entire subject of rates on Clay, Shale and Kaolin (crude) from Ohio and Mississippi River Crossings be referred to the Chief Traffic Officials of the interested lines for the purpose of securing a general advance from Ohio River Crossings, Gale and Thebes, or failing in this, a general revision of rates, with the view of placing all crossings, including East St. Louis, on a parity.

Application for Rate on Bauxite Ore Concentrates, C. L., to Shawinigaw Falls, Quebec.

This subject last considered at meeting Dec. 11th, proceedings No. 68, and laid over for information, the Chairman being instructed to take the subject up with the Canadian Pacific and Grand Trunk for the purpose of ascertaining whether they would be agreeable to establishing rate of 30½ cents per 100 lbs. on the Commodity in question to Shawinigan Falls. At meeting today Chairman read letter Dec. 17th, file 40594, from G. F. A. Grand Trunk, and letter Dec. 21st, file B-22726, from A. F. T. M. Canadian Pacific, to the effect that 30½ cents was agreeable, and it was

Recommended, To the C. F. A. establishment of rates on Beauxite Ore Concentrates, in bags, sacks or

barrels, minimum C. L. weight 40,000 lbs. (released to a valuation of $10.00 per net ton and so stated in shipping tickets) from East St. Louis to Shawinigan Falls, Quebec, 30½ cents per 100 lbs.

Out-Turn Weights on Shipments of Produce.

This subject considered at meeting 18th, (See Proceedings No. 69) and as instructed Circular Letter (No. 193) issued.

After further consideration of the subject at meeting today, the following was adopted:

Whereas, It having developed that the provisions of C. F. A. Info. No. 4630 (St. Louis Eastbound Freight Committee Special Notice No. 1375) are not being complied with and that invoice weights or out-turn weights are being accepted on shipments of potatoes, received from various C. F. A. points, at East St. Louis, and that the terms of Info. 4630 being difficult, if not impossible to comply with,

We Recommend, To the Central Freight Ass'n that same be cancelled.

Rates and Divisions on Yellow Pine Lumber, Arkansas to Trunk Line Points, Etc.

At meeting today Chairman read letter Dec. 22nd, file 10077-A, from Chairman C. F. A. stating that owing to the result of vote on C. F. A. Advice Letter J-88, containing proposition of the St. Louis Comitttee, adopted at meeting Dec. 4th, (Proceedings No. 67) the subject would be referred to the Committee on Relation with Southern Roads, and in consequence no action necessary by the Committee at present time.

In connection with the above, Chairman read letter from a member submitting copy of letter Dec. 17th, file 19296-D from G. F. A. Kansas City Southern Ry., addressed to Messrs. McLaughlin, Hodgdon, Whitney and Ingalls, which was read and statements made as follows:

The question of rates and divisions on Yellow Pine

Lumber being docketed by the C. F. A. for consideration at the January meeting, lines, members of this Committee, individually announce that no action will be taken on the proposition submitted by Mr. E. E. Smythe of the Kansas City Southern Ry. until after that time, when the matter is to be submitted to this Committee for furher consideration.

Rates on Red, White and Sublimed Lead, Etc.

The subject of cancelling present rates, C. F. A. 4481-4676 and 1011-A, was brought up by letter from a member, which was issued to all members by Circular Letter (No. 194), Dec. 21st, also by letter 22nd, file Info. 4481, from Chairman C. F. A.

At meeting today Chairman stated he had not as yet received replies from all members, and it was

Moved, That the roll be called to ascertain whether various lines, members of the Committee will republish the rates named on Red, White and Sublimed Lead, etc.

Chairman was instructed to secure expression of absent members on the above and advise members of the Committee as soon as possible.

In connection with the above, Chairman read letter Dec. 22nd, file Info. 4481, from Chairman C. F. A. on subject of adding Zinc Lead Flue Dust to the list of articles published in Info. 4481, etc.

In view of the fact that the rates on the Commodities in question, as per Info. 4481, were issued to expire Dec. 31st, the Committee were of the opinion that no action necessary.

In answer to roll call and enquiry to absent members, after the meeting adjourned, all members, except one, replied to the effect that the rates would expire Dec. 31st, in accordanc with C. F. A. authorities.

One member advised to the effect that their Tariff did not provide for rates on Sublimed Lead to expire Dec. 31st, and rates therefore, would not expire on that date.

Free or Reduced Return Transportation for Attendants with Live Poultry.

This subject brought up by letter from a member which was read. Members stated that it was not the practice of granting free or reduced transportation to attendants in charge of Live Poultry, Live Poultry not being classed as Live Stock, and it was

Moved, That the subject be tabled.

Proportional Rates on Lumber to Canadian Points.

Application from the Lumbermen's Exchange for Relief.

Reconsigning Shipments of Lumber En Route.

The Special Committee, appointed at meeting 4th, not being prepared to make report, requested more time, and it was

Moved, That the subjects be laid over until next meeting.

Rate on Residium of Sulphate of Lime.

Chairman read letter from a member on this subject, and it was

Moved, That action be deferred until next meeting.

Next Meeting of the Committee.

On motion the meeting adjourned until Friday, January 8th, at 10:30 a. m.

Morning Session.

Percentages Between Cairo Proper and Points East of the Western Termini of Trunk Lines.

Missouri Pacific Joint Percentage Sheet 698-A.

The above subjects were, on Dec. 18th, referred to a Special Committee for consideration and report to this Committee. (See Proceedings No. 69.) At meeting today the Chairman stated that the Committee had met on January 5th and given subjects consideration but had not as yet made complete report. For information of the Committee the Chairman read action taken on the subjects by the Special Committee showing the progress, etc., and it was

Moved, That the Committee be given further time to make a complete report.

Proportional Rates on Lumber to Canadian Points. Application of Lumbermen's Exchange for Relief. Reconsigning of Shipments of Lumber en Route.

These subjects considered at previous meetings and referred to a Special Committee for consideration and report to the general meeting, (See Proceedings No. 67, 60 and 70.)

The Chairman of the Special Committee stated that they were not prepared to make final report to the General Committee, except on "Reconsigning of shipments of Lumber en route," but the report so far as they had gone was submitted for instructions, etc., and it was

Moved, That the Special Committee be instructed to further consider the subject and make final report at some future meeting, it being understood that as soon as the Special Committee is prepared to submit their report, the Chairman shall call a Special Meeting to consider the subject.

Reconsigning Lumber En Route.

This subject last considered at meeting Dec. 18th,

Proceedings 69, and referred to Special Committee for report. Chairman read report on subject of "Reconsigning Lumber en route," and it was

Moved, That the report of the Special Committee, as amended be received and communicated to Chairman C. F. A., as the sense of this Committee.

The amended report is as follows:

"No legislation of the Central Freight Ass'n can be found prohibiting the practice of reconsigning shipments of Lumber (or any other Commodities) while in transit and protecting the current through rates and divisions from points of origin to final destinations, applying via routes shipments travel.

If it is found that legislation does exist prohibiting the reconsigning of lumber en route, that the same be cancelled.

It is a matter of record that the reconsigning of lumber is permitted at Memphis, Cairo, Gale, Thebes and other points, therefore, the practice of reconsigning Lumber at East St. Louis by the East St. Louis Lines does not seem inconsistent from any point of view, nor does it permit of any manipulation of through rates."

Proposition to Change Rates in C. F. A. Info. 1058-*A from East St. Louis.*

This subject last submitted at meeting Dec. 29th, Proceedings No. 70 and laid over. At meeting today letters Dec. 21st, 24th, and Jan. 2nd, file 8971, from Chairman C. F. A. were read and after due consideration, it was

Moved, That Chairman C. F. A. be advised that while we feel that we cannot take the action suggested, as East St. Louis is simply on a parity with Chicago and regretting that it might possibly make a reduction from Chicago, we believe that we should not get away from the general principle that the East St. Louis rate should be pro-rated from Upper Mississippi River Crossings.

Letters from Members Recommending Legislation in Connection with C. F. A. Info. 1059-A Providing for Additional Eastern Points.

This subject last submitted at meeting Dec. 29th, proceedings No. 70, and laid over.

At meeting today Chairman read letter Dec. 12th, file W-1255, from A. G. F. A. Wabash R. R. which was submitted to members by Circular Letter No. 192, also letter Dec. 26th, file 20551, from A. G. F. A. B. & O. S. W. R. R., regarding G. F. A. M. & O. R. R., letter Oct. 19th, 1903, file 48566-D and 38177 submitting proposed percentage sheet to Eastern Cities, and it was

Moved, That the correspondence be sent to Chairman C. F. A., with the request that he place it in the hands of the Special Committee, (composed of the Mississippi Valley, Central Freight Ass'n, and Trunk Line Roads), which we understand has similar matters under consideration.

Rates on Blocks or Brick, Tank or Furnace, Fire Brick and Flue Lining.

This subject was on docket for consideration at previous meeting, see proceedings No. 66, 67, 69 and 70, but not disposed of.

At meeting today the subject was generally discussed but no conclusion reached (at 1:00 o'clock), when meeting adjourned until 2:00 p. m.

After meeting reconvened 2:00 p. m. and subject given further consideration, it was

Moved, That the subject be referred to the Central Committee.

Shall Special Notice be Issued Naming Rates on Gas House Coke?

Chairman called attention to C. F. A. Info. 4837 naming rates on Gas House Coke and requested instructions about publishing the rates from East St. Louis, Committee being of the opinion that a reprint of the rates was not necessary, it was

Moved, That the subject be tabled.

Rate on Residium of Sulphate of Lime.

This subject brought up by letter from a member, which was submitted at meeting Dec. 29th, proceedings No. 70, and laid over.

At meeting today member making application stated that the shippers would be the Provident Chemical Co., and explained that the Commodity was a refuse and required a low rate to permit of parties shipping, etc. After some discussion, it was

Moved, That action on the subject be deferred until next meeting.

Application for Reduced Rate on Lime to C. F. A. Points.

This subject brought up by letter from shipper, which was read and after discussion, it was

Moved, That action on the subject be deferred until next meeting.

Rate on Zinc Lead Flue Dust to Cleveland.

This subject considered at meeting Dec. 29th, see proceedings No. 70, in connection with rates on Red, White and Sublimed Lead, etc.

At meeting today Chairman read letters Dec. 22nd, and Jan. 2nd, file Info. 4481, from Chairman C. F. A. quoting letter from Western Trunk Line making application for rate of $1.50 per ton on Commodity in question, and it was

Moved, That we recommend to the Central Freight Ass'n that the authorized rates on Zinc Oxide, C. L., minimum weight 40,000 lbs. be authorized to apply on Zinc Lead Flue Dust and that application of the Western Line for lower basis, ($1.50 per ton) be declined.

Rate on Clothing.

This subject brought up by Joint Letter Jan. 2nd,

from a member, addressed to all members of the Committee, regarding rate on lot of clothing sold by U. S. Government, which the Chairman read and after discussion, it was

Moved, That the Official Class'n rating, 1st class, be maintained.

Rate on Peaches to Eastern Cities.

This subject brought up by letter from a member which the Chairman read.

After discussion the following was adopted:

Whereas, The Wabash R. R. have published a Tariff, No. L-123, effective Jan. 1st, 1904, expiring Dec. 31, 1904, on Peaches, C. L., East St. Louis to New York and Philadelphia 65 cents and to Boston 70 cents per 100 lbs., which also provides for the division of said rates by the acceptance of 4th class rates to Black Rock and Niagara Falls, and both the through rate to Philadelphia, New York and Boston and the proportions to the Western Termini of the Trunk Lines being contrary to C. F. A. action, the matter is referred to the Central Committee for their consideration and disposition.

Application for Rate on Asphaltum Tar (from Port Arthur, Texas) East St. Louis to Indianapolis, Ind.

This subject brought up by letter from a member submitting copy of letter from A. G. F. A. Frisco System, which the Chairman read. Attention being called to Kansas City Southern Railway Tariff publishing through rate allowing line East St. Louis to Indianapolis 9½ cents, it was suggested that the Chairman advise members that Kansas City Southern publishes through rate, which allows line to Indianapolis 9½ cents, which is presumed to be satisfactory, etc., and subject was tabled.

Application for Carload Rating on Glassware to East St. Louis.

This subject brought up by a member submitting letter from a shipper, which was read, and it was

Moved, That the subject be tabled.

Beauxite Ore (Crude) to Massena Springs, New York.

This subject brought up by letter from a member to the effect that rate as per special notice No. 1399 is out of line with Memphis Route, and it was

Moved, That action be deferred until next meeting.

M. & O. Cotton Tariff No. 1 and Division Sheet No. 1.

This subject brought up by letter Jan. 5th, file 9951, from Chairman C. F. A. which was read. Chairman stated the M. & O. furnished a copy of their tariff but declined to furnish copy of division sheet. No action by the Committee.

In consequence of C. F. A. Meeting next week it was decided that the next meeting of this Committee will be held on Friday, Jan. 22.

At meeting today the Chairman was instructed to confer with the shippers regrading rate and report result at next meeting.

Application for Reduced Rate on Lime to C. F. A. Points.

This subject considered at meeting 8th and laid over. See proceedings No. 71.

After further consideration at meeting today the following was adopted:

Recommended, To the Central Freight Association that Info. Circulars Nos. 3886 and 3944 be amended to read "Wall Plaster" instead of "Cement Plaster," also that the same rates be made to apply on Lime, C. L., minimum weight 40,000 lbs.

Bauxite Ore (Crude) to Massena Springs, N. Y.

This subject last considered at meeting 8th and laid over, see proceedings No. 71.

At meeting today after further consideration, in which attention was called to Central Freight Association Info. No. 1068-A, which permitted equalization, etc., therefore unnecessary for this Committee to take any action, it was

Moved, That the subject be tabled.

Report of Rate Clerks on Subjects Presented to Them at Meeting January 28th.

As instructed at meeting 22nd, proceedings 72, the Chairman called a meeting of Rate Clerks, 20th inst., and on the following subjects they reported to the effect:

That G. F. A. M. & O. R. R. be furnished with a copy of C. F. A. Info. No. 1094-A and an individual notice from each road requesting that their cotton Tariff and Division Sheet No. 1 be revised in conformity therewith, etc.

That G. F. A. Mo. Pac., I. M. & So. Ry. be notified by an individual letter from each road, pointing out

the apparent errors in their Division Sheet, No. 768-A and requesting corrected issue.

That Minimum Basing Book No. 9 be amended as follows:

New Richmond, Manchester and Ripley, Ohio, now shown as C. & O. R. R. Stations be eliminated. The points are on the Ohio River and not reached by any Steam Railroad.

That Stations on the Ohio Central R. R., Bowen to Ganley Bridge, W. Va., (inclusive) be added, naming rates from East St. Louis, 63½, 54½, 41, 24½ and 20½ cents on the six classes respectively.

That new stations on the C. C. & L. R. R. not named in Minimum Basing Book No. 9, be added thereto.

That reply be made to Chairman C. F. A. letter Jan. 25th, file 11431, as follows:

Rates, East St. Louis to Bad Axe, Caseville, Carsonville and Harbor Beach, Mich., were established by concurrent action of all roads interested, leading out of East St. Louis, that they did not supersede any other through rates, but were new rates, predicated upon differences that previously existed as between St. Louis, East St. Louis and Chicago to other points where tariffs were in effect in the "Thumb of Michigan" Region.

After consideration of the above report, it was

Moved, That the report as a whole be adopted as the sense of this Committee.

Note.—The Chairman was instructed to formulate a notice to the Mobile & Ohio Railroad in accordance with the recommendation, sending each resident member a copy, to be used as a form in serving notice on the M. & O. R. R. The letters of the various members to be sent to the Chairman, he to have all letters before sending them to the Mobile & Ohio. This with the view to having all notices read alike and having all notices delivered at the same time.

Legislation in Connection With C. F. A. Info. 1059-A Providing for Additional Eastern Points, Etc.

This subject last considered at meeting 8th, Proceedings 71, and as instructed correspondence sent to Chairman C. F. A. with letter Jan. 12th, file 4265.

At meeting of Rate Clerks, 28th inst., it was

Recommended, That in view of the fact that the question of uniform divisions between lower Mississippi Valley Points on the one hand and Trunk Line points on the other, was referred to Chairman of the Central Freight Ass'n. without specific division recommendation from the St. Louis Eastbound Freight Committee, it is suggested by the Committe of Rate Clerks that it may be practicable for the Eastbound Freight Committee to instruct us to suggest a recommendation covering specifically the interior rate basis points in Trunk Line Territory, which if adopted will have the effect of cancelling individual divisions now on record wthout authorization, and at the same time it is expected that this action will have the effect of uniformity and completing the present Association record regarding division basis.

And it was

Moved, That the recommendation be adopted and that the Rate Clerks be authorized to handle the subject in the general manner suggested, reporting their recommendations to this Committee.

Note.—The Chairman to request Chairman Central Freight Ass'n. to return the papers and to call meeting of Rate Clerks at an early date.

Percentages to Apply Between Cairo, Proper, Also Other Southern Illinois Points and Points East of Western Termini of Trunk Lines.

Missouri Pacific Joint Percentage Sheet No. 698-A, Also Letter G. F. A. M. & O. R. R.

The above subjects were on Dec. 18th, Proceedings No. 69, referred to Special Committee for consideration and report. At meeting today majority and minority re-

ports were submitted and after careful consideration, it was

Moved, That the subjects be referred back to the Special Committee, Messrs. Hart, Nichols, Becker and Taylor, for further consideration and recommendation.

Application of Lumbermen's Exchange for Relief. Proportional Rates on Lumber to Canadian Points.

The above subjects were on Dec. 4th, Proceedings No. 67, referred to a Special Committee for consideration and report.

At meeting today majority and minority reports were submitted and after due consideration it was

Moved, That the subjects be referred back to the Special Committee, and that the representatives of the C. & E. I. R. R. and C. C. C. & St. L. R. R. be added as members of the Committee, which will now consist of Messrs. Bushnell, Sheill, Becker, Lightner and Nichols.

Rate on Residuum of Sulphate of Lime.

This subject considered at meeting 22nd, and laid over, the Chairman to confer with the shippers regarding Rates Committee proposed to establish.

At meting today letter from shipper was read to the effect that the rates proposed were not satisfactory, and it was

Moved, That the subject be tabled.

Out-Turn Weights on Shipments of Produce.

This subject was last considered 22nd, proceedings 72, and laid over. It was brought up again by letter 18th, file 11068, from Chairman C. F. A., also C. F. A. Info. 4911, which were read, and it was

Moved, That the subject be tabled.

Rates on Blocks of Brick, Fire Brick, and Flue Lining.

This subject last considered at meeting Jan. 8th, see Proceedings No. 71, and referred to the Central Committee.

At meeting today Chairman read letter Jan. 25th, file 11252, from Chairman C. F. A., to the effect that the subject is now being considered by the Central Committee.

No action necessary by the Committee and subject tabled.

Irregularities in the Handling of Lumber.

This subject considered at meeting 22nd and laid over. The Chairman to take up with the Kansas City Southern Ry. the subject of their publishing tariffs showing through rates from points of origin to destination.

At meeting today Chairman read reply stating, "We will look into the matter at once and advise you later what action we propose taking."

After discussion, it was

Moved, that further consideration of the subject be deferred until we hear from the Kansas City Southern.

Rate on Corn, East St. Louis to Trebeins, Ohio.

This subject brought up by letter Jan. 25th, file 11113 from Chairman C. F. A., which was read and after discussion it was

Moved, That action be deferred until next meeting, in the meantime the Chairman take the subject up with G. F. A., T. H. & I. R. R. with the view of determining whether he is prepared to cancel the unauthorized rate.

Rate on Rough Marble, C. L., from Colorado, East St. Louis to Eastern Points.

This subject brought up by letter from a member making application for reduced rate, and it was

Moved, That the subject be deferred until next meeting, in the meantime the Chairman to investigate and furnish statistics, covering a reasonable period, regarding the movement of Granite, rough quarried, from Missouri and Sandstone from Colorado.

Rule Governing Live Stock Shipments from Connecting Lines.

This subject brought up by joint letter, Jan. 21st, file 7376, addressed to the Chairman of the various Local Committees, calling attention to Advice Letter J-90, which was read, and it was

Moved, That the subject be tabled.

Rates on Scrap Iron, E. St. Louis to Terre Haute and Gas Belt Points, Etc.

This subject brought up by letter from a member calling attention to the inequality of rates existing from East St. Louis as compared with rates from Chicago, and it was

Moved, That a meeting of the Rate Clerks be called to check rates from East St. Louis vs. Chicago to Basing points shown in Minimum Basing Book No. 9.

Rates on Clay, Shale and Kaolin.

This subject brought up by letter from a member. It being stated that additional information was to be furnished and in view of the fact that result of meeting called for 26th inst. was not known, it was

Moved, That action be deferred until next meeting.

Rate on Cotton Seed Meal from Arkansas Via West Side Lines, East St. Louis to Eastern Cities.

Chairman read letter 25th inst., file 11331, from Chairman C. F. A., on above subject, stating that roads from East St. Louis are accepting shipments of Cotton Seed Meal, originating in Arkansas and arriving at East St. Louis via routes operating west of the River, such as the Mo. Pac., etc., and applying east of East St. Louis the proportion of the Cairo rate, etc.

After consideration of the subject, it was

Moved, That Chairman C. F. A. be requested to furnish specific instances of the alleged violation of the

Central Freight Association rules, as regards improper billing of Cotton Seed Meal from East St. Louis to Eastern Trunk Line Points.

Meeting convened 10:30 a. m.

Report of Rate Clerks on Subjects Presented to Them at Meeting 2nd.

At meeting this morning Chairman read report of the Rate Clerks on the subject of Scrap Iron Rates from East St. Louis vs. Chicago, also the Rate Clerks' report on subject of Division of Rates from Mississippi Valley Points and from Memphis, Tenn., via Cairo to the Western Termini of Trunk Lines and east thereof.

After consideration of the subjects it was

Moved, That the reports of the Rate Clerks be adopted as the sense of this Committee and recommendation made to Central Freight Association in line therewith, viz.:

Recommending to C. F. A. the establishment of rate $1.25 per gross ton on Scrap Iron, C. L., East St. Louis to Terre Haute, in line with rate, Chicago to Terre Houte, as per C. & E. I. R. R. Tariff G. F. O., No. 16970.

Also recommending to C. F. A. the cancellation of Joint Committee Circular 1646 and C. F. A. Info. 1059-A and the adoption of Percentage Divisions in line with the above issues, but covering more points in the south and east.

Rates on Sulphur, C. L., Louisiana Mines to C. F. A. Points.

This subject last considered Dec. 18th, 1903, Proceedings 69, Chairman stated that he had written Chairman C. F. A. as to disposition made of subject covered by C. F. A. Letter J-124, and received reply Feb. 2nd, file 10797, that all lines advise they are exacting their established percentage proportion of the New Orleans local rates, and it was

Moved, That the subject be tabled.

Correspondence Regarding Irregularities in the Handling of Lumber.

This subject last considered at meeting Jan. 29th, Proceedings No. 73, and laid over.

At meeting today Chairman read letter from Kansas City Southern Ry. to the effect that all traffic handled by them in on a combination of locals either through Cairo, Thebes or St. Louis, whichever makes lowest rates, such being the case they did not see necessity for action on their part.

After discussion, it was

Moved, That further consideration of this subject be deferred until action is taken by the Central Freight Ass'n. on the recommendation of this Committee to amend and consolidate Joint Committee Freight Circular 1007 and C. F. A. Info. No.'s 2367 and 399, Series A.

In connection with the foregoing attention was called to this Committee's Special Notice No. 1429 (C. F. A. Info. 1068-A) some of the members being of the opinion that the circular did not read correctly and should be changed.

After discussion, it was

Moved, That the subject of division of rates on traffic from Arkansas, Louisiana and Texas Points, as shown in Special Notice No. 1429 (C. F. A. Info. 1068-A) be docketed for further consideration at next meeting.

Rates on Blocks or Brick, Tank or Furnace, Fire Brick and Flue Lining.

This subject was before the Committee by letter Jan. 25th, from Chairman C. F. A. at meeting Jan. 29th, and tabled, see Proceedings 73.

At meeting today it was brought up again by letter Feb. 1st, from Chairman C. F. A., which was read and representative of the Wabash stated:

"I will say for the Wabash that this subject was sent to the Central Committee, I might further add that it was sent without our concurrence, and we are now dealing with the Central Committee."

And it was

Moved, That above reply be made to Chairman C. F. A.

Rates on Brick to Trunk Line Territory.

This subject brought up by letter from a shipper, to the effect that they desire the Pressed Brick rate be made to apply on Brick, all kinds, straight or mixed car loads, minimum 40,000 lbs., etc., and it was

Moved, That action on the subject be deferred until next meeting.

Rate on Lime to C. F. A. Points.

This subject was considered at meeting Jan. 22nd, Procedings No. 72, submitted by C. F. A. in Advice Letter J-204.

At meeting today, letter Feb. 2nd, from Chairman C. F. A. and Advice Letter J-241, were read to the effect that roads interested individually advise that it has been decided not to make effective the rates proposed in Advice Letter above referred to, and it was

Moved, That the subject be tabled.

Bauxite Ore Concentrates.

The rates referred to authorized by C. F. A. Info. 4738, recommended by this Committee.

The subject brought up by letter Jan. 29th, file Info. 4738, from Chairman C. F. A., quoting letter from Trunk Line Ass'n. recommending that the Commodity rates be withdrawn, which was read and the following adopted:

Moved, That it is the sense of this Committee that we cannot consistently comply with the request of the Trunk Lines as communicated by Chairman C. F. A. in view of the fact that the rates established are on competitive business, and tend to create a movement of the American as against the imported article.

Rate on Rough Marble, C. L., from Colorado—E. St. Louis to Eastern Cities.

This subject considered at meeting Jan. 29th, proceedings No. 73, and laid over. At meeting today Chairman furnished the information desired, and it was

Recommended, To the Central Freight Ass'n. that rates be established on Marble Blocks (rough quarried), on basis of 15½ cts. per 100 lbs., Chicago to New York, usual differences to other Eastern Cities, when from Colorado points, released to valuation not exceeding 20 cts. per cubic foot.

Pieces weighing three tons and over to be loaded and unloaded at risk and expense of consignor and consignee.

Rating on Sheep Pelts or Sheep Skins, Dry, Pressed in Bales.

This subject was last considered by the Committee Oct. 31st, 1902, Proceedings No. 25, and is brought up again by letter from a member making application for Commodity Rate on Sheep pelts or Sheep Skins, dry, pressed in bales, C. L. minimum 20,000 lbs., originating in Colorado and Wyoming, from East St. Louis to points east of the Western Termini of Trunk Lines on basis 4th class Official Class'n., same as authorized on Dry Hides, and it was

Moved, That the communication be forwarded to Chairman Central Freight Ass'n. as the sense of this Committee.

Switching Charges on Anthracite Coal to Rosedale, Mo., on Wabash R. R.

This subject brought up by a letter from a member, to the effect that some roads were absorbing the switching charges, and it was

Moved, That the subject be submitted by Circular Letter, for the purpose of allowing members to investigate and be prepared to report at next meeting.

Proportional Rates on Lumber to Canadian Points. Application of Lumbermen's Exchange for Relief.

This subject last considered at meeting Jan. 29th, see Procedings No. 73, and Special Committee enlarged so as to consist of five instead of three members.

At meeting today the Special Committee reports were read, and it was

Moved, That both subjects be tabled and the Lumbermen's Exchange be advised that their request cannot be complied with.

Issuing Tariffs on Export Flour Traffic.

This subject brought up by letter Feb. 4th, file 8867, from Chairman C. F. A., which was read and after discussion the Chairman was instructed to advise Chairman C. F. A. that this Committee consider that they have no jurisdiction over Interstate Commerce matters.

Cancellation of Joint Committee Freight Circular No. 1007 and C. F. A. Info. No.'s 2367 and 399-A.

As instructed at meeting Jan. 22nd, the Chairman submitted at meeting Jan. 29th, his recommendation on the above subject, and the following was adopted:

Moved, That we recommend to the Central Freight Ass'n. the cancellation of Joint Committee Freight Circular No. 1007, June 16th, 1897, C. F. A. Info. No.'s 2367 and 399-A, July 16th, 1900, and the adoption of the following in lieu thereof.

Recommended, To the Central Freight Ass'n. that lines leading easterly from East St. Louis, Ill., and their connections be authorized to protect the same through rates on Lumber and articles taking Lumber rates, received from the Missouri Pacific, St. Louis, Iron Mountain & Southern, The St. Louis & San Francisco, The Missouri, Kansas & Texas and the St. Louis Southwestern Railroads or other west side lines at East St. Louis, and destined to the Western Termini of the Trunk Lines or points east thereof, as applicable upon like traffic from the same points of origin to the same destinations, forwarded via Cairo, Gale or Thebes, Ill., subject to the following conditions:

(1) The through rates via East St. Louis shall be published in through Joint Tariffs to be issued by initial roads.

(2) In the division of such through rates via East St. Louis the maximum amount allowed lines west and south of East St. Louis shall be the local rates from point of origin to East St. Louis.

(3) The proportion of such through rates via East

St. Louis accorded to the lines east of East St. Louis, shall be governed by C. F. A. Info. No.'s 4639, 998-A, or future issues of same.

(4) Proportional rates shall not be published from East St. Louis to the Western Termini of Trunk Lines or points east thereof based in the rates and divisions authorized from Cairo, Gale or Thebes.

Rates on Brick to Trunk Line Territory.

This subject considered at meeting 5th, and laid over. See proceedings No. 74.

At meeting today Chairman read correspondence on the subject of Enameled Brick at the time rate was established by C. F. A. No. 423-A, and reissued as 562-A, and after discussion, it was

Moved, That the subject be laid over until next meeting.

Absorbing Switching Charge on Anthracite Coal to Rosedale, Mo.

This subject considered at meeting 5th, and submitted to resident members by Circular Letter No. 200, see proceedings No. 74.

At meeting today after a general discussion, it was

Moved, That it is understood that the switching charges shown in Wabash Switching Tariff No. 16504, dated Feb. 1st, 1898, with amendments, or any portion thereof, will not be absorbed on business destined to points beyond the switching limits, as shown in said tariff.

The Chairman to reproduce Circular Letter May 25th, 1899, file 3321, with copy of letters from Wabash R. R. May 12th and 18th, 1899, also Circular Letter No. 18, May 9th, 1902, with copy of Wabash Ry. letter, May 8th, 1902.

See Circular Letter No. 201, Feb. 15th, 1904.

Proportional Rates on Lumber to Canadian Points.

This subject last considered at meeting 5th inst. and tabled, see proceedings No. 74. At meeting today Chairman read letter Feb. 5th, file 11371, from Chairman C. F. A., submitting copy of letter from Gen'l Freight Agent of the Grand Trunk Ry. and after consideration, it was

Moved, That Chairman C. F. A. be advised that unless the Chicago, Burlington & Quincy Railroad can be induced to withdraw their proportional tariff on lumber, from St. Louis to Canadian Points, that the lines operating from East St. Louis will be compelled

to make a publication from East St. Louis corresponding with that of the Burlington from St. Louis and that to prevent, if possible, this action on the part of the East St. Louis lines, and with a view to preventing any reduction in the rates from Gale, Thebes and Cairo, as well as from Ohio River Crossings, that he be requested to take this matter up with the Freight Traffic Manager of the Burlington Route to see if he will not meet the views of the other St. Louis lines and cancel this tariff.

Note.—The Chairman C. F. A. to be furnished with a copy of the correspondence with the Chicago, Burlington & Quincy Railroad on this subject, in October, November and December, 1903.

Request for Rate on Asphalt Tar or Asphaltum Pitch in Tank Cars East St. Louis to Indianapolis, When from Texas Points.

This subject last considered at meeting Jan. 8th, see proceedings No. 71, and tabled.

At meeting today subject brought up again by letter from a member which the Chairman read, making application for rate in tank cars, etc.

The opinion of the Committee being that the rate, authorized in C. F. A. Info. 4650, Sept. 1903, applied whether the Commodity was in tank cars or in barrels, the member making application.

Moved, That action on the subject be deferred pending receipt of further information.

Rates on Blocks or Brick, Fire Brick or Flue Lining.

This subject last considered at meeting Feb. 5th, see proceedings No. 74, and Chairman C. F. A. answered as instructed.

At meeting today Chairman read letter Feb. 8th, file 11252, from Chairman C. F. A. to the effect that subject be taken up to ascertain just how the other members viewed the cancellation of the unauthorized rates, etc., and following was adopted:

Moved, That Chairman C. F. A. be advised that the St. Louis Eastbound Freight Committee, as a whole, do not care to consider this subject further until it has definite advice from the Central Committee as to its disposition.

The attention of Chairman C. F. A. to be called to letter Jan. 9th, file 4102, which shows sentiment of this Committee.

Issuing Tariffs on Export Flour.

This subject last considered at meeting Feb. 5th, see proceedings No. 74, and Chairman C. F. A. advised as instructed, etc.

At meeting today Chairman read letter Feb. 8th, file 8867, from Chairman C. F. A. to the effect that the query he made in letter Feb. 4th, was not an Interstate Commerce Commission matter but simply a question as to whether initial roads were issuing tariffs on export flour bookings and filing same with the Interstate Commerce Commission and that two (2) copies of all tariffs issued be sent to Chairman C. F. A., and it was

Moved, That the Chairman reply to Chairman C. F. A. that we are all handling the traffic and publishing tariffs in accordance with the law.

New Uniform Bill of Lading, Shipping Order, Etc.

This subject brought up by C. F. A. Advice Letters J-248½ and 257. It being stated by members that subject was in the hands of their legal department, etc., and it was

Moved, That action on the subject be deferred.

Central Freight Ass'n Request for Statement Meat and Live Stock, Year 1903.

This subject considered at meeting Jan. 22nd, see proceedings No. 72, and referred to members by Circular Letter, giving copy of correspondence, etc. At meeting today Chairman read replies received from

various members and after discussion the following was adopted:

Moved, That the Chairman advise Chairman C. F. A. of the situation, as outlined by the replies received and say to him that if it is satisfactory, you will proceed to obtain the information from the lines who have consented to allow the information to be obtained through their local offices and that you will in that way give him so far as possible, the information desired covering the shipments in question through the St. Louis gateway.

Rate on Wall Plaster Eastbound, vs. Cement Westbound.

This subject brought up by letters from a shipper, which the Chairman read.

Attention was called to Alpena, Alabaster and Grand Rapids, Mich., being Plaster producing points and information was requested as to rates in effect from those points to points in C. F. A. and Trunk Line Territory, and it was

Moved, That action on the subject be deferred with the view to having the Chairman give us at next meeting full information as to rates in effect from these Plaster producing points to C. F. A. and Trunk Line Territory.

Rates on Clothing.

This subject last considered at meeting Jan. 8th, proceedings No. 71.

At meeting today Chairman read letter from a member calling attention to the fact that C. & A. Ry. contracted for 300 tons of Old Government Clothing, East St. Louis to New York for export, 64 cents, etc. (See C. F. A. ICC. Advice No. 300, Feb. 5th, 1904.)

After discussion the Chairman was instructed to take the subject up with the C. & A. for the purpose of ascertaining their reason for taking this action.

Information No. 1068-A.

This subject brought up by Chairman C. F. A. in Joint Letter, Feb. 8th, file 10425, addressed to various Chairmen of Local Committees, stating that Cincinnati Committee, upon whose recommendation above referred to, Information Circular was issued, etc., recommended that same be amended so as to cover traffic only when passing through Memphis, New Orleans or Vicksburg, etc., and it was

Moved, That action be deferred until we have a full representation of the Committee, in the meantime the Chairman to send members a copy of Chairman C. F. A. letter.

Rate on Yellow Pine Lumber, Mississippi to Auburn, N. Y.

This subject brought up by letter from a member calling attention to Star Union Line authorizing Philadelphia rates to Auburn, and Syracuse, N. Y., rate point by other lines.

At request of member it was

Moved, That action on the subject be deferred until next meeting.

Rates on Clay, Shale or Kaolin.

This subject considered at meeting Jan. 29th, and laid over, pending further information to be received by member.

At meeting today Chairman stated he had received letter giving the information referred to above, etc., which was read.

Information was requested as to result of meeting called for Chicago, 9th inst., to check rates on above Commodities. Chairman stated that report of meeting had not been received from Chairman C. F. A., and it was

Moved, That the matter be held in abeyance until the Chairman can ascertain result of the Chicago check.

M. & O. Cotton Tariff No. 1 and Division Sheet No. 1.

This subject last considered at meeting Jan. 29th, proceedings No. 73, and Chairman instructed to draft a notice to be filed by the various members with the Chairman, etc., and when all received to be sent to M. & O. R. R.

At meeting today Chairman stated he had received the notice from all members, except the L. H. & St. L. Ry. and the Chairman was instructed to send the notices to the M. & O. as they were not to wait for the L. H. & St. L. notice.

Note.—The letters will be delivered to Gen'l Frt. Office, M. & O. R. R. Feb. 15th, and receipt taken for same.

Percentages Between Cairo Proper and Other Southern Illinois Points via East St. Louis.

Chairman read letter Feb. 6th, file 9311-B from Chairman C. F. A. giving copy of letter Feb. 3rd, from G. F. A. C. & E. I. R. R. on the above subject, and it was

Moved, That the papers be referred to the Special Committee having this subject under consideration.

Meeting convened at 10:30 a. m.

Rate on Brick to Trunk Line Territory.

This subject considered at meeting 12th, see proceedings No. 75 and laid over with the view to having Chairman confer with the shippers for additional information.

At meeting today Chairman reported results of conference and after consideration the roads individually advised that the application is declined.

Rates on Enameled Brick, C. L., to Trunk Line Territory.

Whereas, Rate of 26 cents per 100 lbs. East St. Louis to New York City, (only) is in effect on Enameled Brick, C. L., released to a valuation of $5.00 per ton, minimum weight 40,000 lbs. as per Info. No. 562-A and St. Louis manufacturers cannot get into Eastern Points taking Boston, Philadelphia, and Baltimore rates on a higher basis it is,

Recommended, To the Central Freight Ass'n that rates be established, East St. Louis to Boston 28 cents, Philadelphia 24 cents, and Baltimore 23 cents per 100 lbs. on Enameled Brick, C. L., (Released to a valuation of $5.00 per ton), minimum weight 40,000 lbs.

New Uniform Bill of Lading, Shipping Order, Etc.

This subject considered at meeting Feb. 12th, see

proceedings No. 75 and laid over, account of the subject being in the hands of the legal departments of the different roads, etc.

At meeting today it was

Moved, That action on the subject be deferred.

C. F. A. Information No. 1068-A.

This subject considered at meeting 12th, and laid over, see proceedings No. 75, also Circular Letter No. 202, which the Chairman issued as instructed.

After consideration of the subject today the following was adopted:

Moved, That notwithstanding the fact Info. Circular No. 1068-A was established without recommendation from this Committee, it is the sense of this Committee the East St. Louis gateway should be available in the routing of traffic from New Orleans and Southwestern Territory when the business is handled to East St. Louis via lines operating west of the Mississippi River and where the through rates base on New Orleans, Memphis or any Mississippi or Ohio River Crossing, same through rate may be protected via E. St. Louis.

Rate on Yellow Pine Lumber, Mississippi to Auburn. N. Y.

This subject considered at meeting Feb. 12th, and laid over, see proceedings No. 75. At meeting today at request of member bringing subject up, it was

Moved, That the subject be stricken from the docket.

Rates on Clay, Shale or Kaolin.

This subject considered at meeting Feb. 12th, and laid over pending report of meeting called for Chicago 9th, to be ascertained by Chairman. (See Proceedings No. 75.)

Chairman stated that as instructed he had taken subject up with Chairman C. F. A. and read reply Feb. 15th, file 10077-Q to the effect that he is in correspond-

ence with C. H. & D. Ry. to ascertain if that Company will withdraw its application for reduction in present clay rates to Detroit, etc. Definite reply not having been received, it was

Moved, That action on the subject be deferred until next meeting.

Rate on Rough Marble from Colorado Points, E. St. Louis to Eastern Cities.

This subject last considered at meeting Feb. 5th, and recommendation made to C. F. A., see proceedings No. 74 and C. F. A. Advice Letter J-252. At meeting today Chairman called attention to C. F. A. Advice Letter J-299, also letter Feb. 15th, file J-252, from Chairman C. F. A., stating that the application was not approved.

After discussion, it was

Moved, That the subject be referred back to the Central Freight Ass'n with the request that it be referred to the Committee on relation with Western Roads to be considered at the next general meeting.

Report of the Special Committe on Percentages Between Cairo, Proper, Etc., Western Termini of Trunk Lines and West Thereof.

A member of the Special Committee (appointed Dec. 18th), to whom the above subject was referred, stated that a report had been drawn up but all the members of the Special Committee had not as yet been able to consider same. It was thought best to give the Committee further time and it was

Moved, That action on the subject be deferred until next meeting.

Rate from E. St. Louis on Cotton Seed Meal From Arkansas to Eastern Cities.

This subject last considered at meeting Jan. 29th, see Proceedings No. 73, and Chairman C. F. A. request-

ed to furnish specific instances of the alleged violation of C. F. A. Rules as regards improper billing, etc.

At meeting today Chairman read letter Feb. 9th, file 11331, from Chairman C. F. A., submitting copy of letter from Chief Inspector, with memorandum of cotton seed meal shipments referred to and after consideration the following was adopted:

Moved, That the subject is deferred until next meeting, in the meantime the Chairman prepare, if possible, a statement of the rates on Cotton Seed Meal from Arkansas Points to Cairo, Gale, Thebes and East St. Louis, Via St. L. I. M. & So. Ry., also a similar statement of rates on Cotton Seed Meal from M. & O. Points to like destinations.

Rate on Mill Cinder and Scale, from East St. Louis.

This subject brought up by letter from a member, calling attention to C. F. A. Info. No. 4875, corrected and 4898, making rate from Chicago $1.35 per ton to Ashland, Ky., Hanging Rock, Ironton, Jackson and Wellston, Ohio, a reduction of 20 cts. per ton, and it was

Recommended, To the C. F. A. the establishment of rate of $1.50 per gross ton, East St. Louis to Ashland, Ky., Hanging Rock, Ironton, Portsmouth, Jackson and Wellston, Ohio, on Mill Cinder and Scale, C. L. minimum 20 gross tons, except when the marked capacity of car is less, in which case the minimum weight will be the marked capacity of car, but in no case less than 15 gross tons.

Rate on Corn, East St. Louis to Trebeins, Ohio.

This subject was last considered at meeting Jan. 29th, Proceedings No. 73. At meeting today recent correspondence was read, and it was

Moved, That action be deferred until next meeting.

Rate on Clothing.

This subject considered at meeting 12th, proceed-

ings No. 75, and letter written A. G. F. A., C. & A. Ry. for information. Reply not being received, it was

Moved, That subject be laid over until next meeting.

Rules Governing Live Stock Shipments from Connecting Lines.

This subject last considered at meeting Jan. 29th, proceedings No. 73, and tabled, was brought up again by letter, Feb. 18th, file 7376-B from Chairman C. F. A. which was read and after discussion, it was

Moved, That Chairman Central Freight Ass'n. be advised of the action taken at that time.

Rates on Plaster.

This subject last considered at meeting Feb. 12th, Proceedings No. 75, and Chairman instructed to get information as to rates from Plaster Producing points in C. F. A. territory as compared with rates from East St. Louis, etc. At meeting today Chairman stated he had just received copies of tariffs from Detroit & Mackinac Railway Company and Grand Rapids & Indiana Ry. and it was

Moved, That the subject be deferred until next meeting, in the meantime the Chairman compile the rates in effect from Plaster producing points in Michigan as compared with rates from East St. Louis.

Rate on Asphaltum Tar.

This subject last considered at meeting Feb. 12th, Proceedings No. 75, and laid over pending receipt of further information by member making the application. At meeting today it was

Moved, That the subject be tabled.

Meeting convened 10:30 a. m.

New Uniform Bill of Lading, Shipping Order, Etc.

This subject considered at meeting Feb. 26th, Proceedings No. 77, and laid over.

At meeting today Chairman read letter Feb. 29th, file J-108, from Chairman C. F. A. to the effect that it should be fully understood that the New Uniform Bill of Lading will become effective Oct. 1st, etc.

After some discussion the following was adopted:

Whereas, Believing that the successful adoption of proposed Uniform Bill of Lading is contingent on the unanimous adoption of it by all lines, members of the Committee, including the C. B. & Q. R. R.

Moved, That the Chairman proceed to obtain from each member, also the C. B. & Q. R. R., information as to

the attitude of his Company on the adoption of the proposed form and submit the information so obtained at next meeting of the Committee.

Rate on Plaster.

This subject last considered at meeting Feb. 19th, and laid over, see Proceedings 76, the Chairman in the meantime to secure the information as to rates from other Plaster producing points in C. F. A. Territory, etc.

At meeting today a statement was submitted which showed that rates from East St. Louis were in line with rates from other Plaster producing points, viz.: Alpena, Alabaster, Grand Rapids Mich., etc., and after consideration the following was adopted:

Lines interested individually advise that in view of the fact that rates on plaster from East St. Louis are on a relative basis with rates from other Western Producing Points, it is deemed inexpedient to make a reduction from E. St. Louis, as it would ultimately force a reduction from other producing points.

Rates on Clay, Shale and Kaolin.

This subject considered at meeting Feb. 26th, and laid over, see Proceedings No. 77.

At meeting today Chairman called attention to C. F. A., C. M. No. 167, Feb. 26th, calling meeting March 15th at Chicago, etc., and after consideration the following was adopted:

It is the sense of this Committee that action at meeting Dec. 29th, viz.:

Whereas, The St. Louis Lines believe that the present and proposed rates on Clay, Shale and Kaolin (crude), from Ohio River Crossings, Gale and Thebes, are a menace to the East St. Louis interests, be it

Recommended, That the entire subject of rates on Clay, Shale and Kaolin (crude), from Ohio and Mississippi River Crossings be referred to the Chief Traffic Officials of the interested lines, for the purpose of securing a general advance from Ohio River Crossings, Gale

and Thebes, or failing in this a general revision of rates with the view to placing all crossings, including East St. Louis on a parity, be reaffirmed and pending action recommended therein, it is

Recommended, That present rates from Ohio River Crossings, Cincinnati to Evansville, inclusive and East St. Louis be continued and that rates from Cairo, Gale and Thebes be advanced to the usual differentials over rates from East St. Louis.

Empty Lard Tierces and Barrels from Eastern Points in Refrigerator Cars.

Letter Feb. 27th, file J-308, from Chairman C. F. A., also Advice Letter J-308, were read and it was

Moved, That the subject be carried on the docket until next meeting.

Rate on Horses and Mules, East St. Louis to Sullivan, Ind.

This subject submitted at meeting Feb. 26th, and laid over, see Proceedings No. 77.

At meeting today it was

Moved, That action be deferred until next meeting.

Proportional Rates on Lumber to Canadian Points.

This subject last considered at meeting Feb. 12th, Proceedings No. 75, and correspondence referred to Chairman C. F. A.

Subject brought up again by letter Feb. 27th, file 11371, from Chairman C. F. A., stating that effective on legal notice the C. B. & Q. will issue cancellation notice withdrawing tariff naming proportional rates.

The Chairman stated that he had seen a copy of C. B. & Q. cancellation Notice, G. F. O. 5381, effective March 12th, 1904, cancelling G. F. O. 13946, and it was

Moved, That the Chairman ascertain what roads have proportional tariffs in effect on above traffic and whether they will cancel same. (See Circular Letter No. 204.)

If all the lines advise that their proportional tariff will be cancelled the Chairman to issue Cicular Letter to all members making cancellation effective March 21st, 1904.

Application for Rate on Building Brick to Baltimore.

This subject brought up by letter Feb. 29th, from a member, which was read and the Chairman instructed to advise applicant that after due consideration interested roads individually advise that no change can be made in present rates.

Rates on Hides, Green, Salted, to Fremont, Mich.

This subject brought up by letter March 3rd, file 12292 from A. G. F. A., T. St. L. & W. R. R. advising their intention to publish rates of 17 cts. per cwt. on Hides, Green, Salted, East St. Louis to Fremont, Mich., to apply locally as well as proportionally. A 17-cent proportional rate is authorized by Info. 3890, from East St. Louis, and a 12-cent rate from Chicago, applying both locally and proportionally.

After consideration the following was adopted:

Recommended, To the Central Freight Ass'n. the elimination of Note in Central Freight Ass'n. Info. 3890, that the rate 17 cts. per 100 lbs. on Hides, Green, salted, from East St. Louis to Fremont, Mich. "Applies only on shipments originating at Missouri River Points."

Meeting convened 10:30 a. m.

New Uniform Bill of Lading, Shipping Order, Etc.

Chairman stated that as instructed at meeting 4th, Circular Letter (No. 205) had been issued. The replies thereto were read but as all parties had not answered, it was

Moved, That further consideration of the subject be deferred.

Rate on Horses and Mules, East St. Louis to Sullivan, Ind.

This subject considered at meeting Feb. 26th, Proceedings No. 77, and laid over. At meeting today, it was

Moved, That the subject be tabled.

Empty Lard Tierces and Barrels from Eastern Points in Refrigerator Cars.

This subject submitted at meeting 4th and laid over. At meeting today Chairman read letter from Chairman C. F. A. dated Feb. 27th, file J-308, calling attention to C. F. A. Advice J-308 and after consideration, it was

Moved, That the subject be tabled.

Recommending Publication by This Office of Tariff Similar to Joint Circulars, Western Trunk Line No. 59, Rates, Rules and Regulations of Shipments to Louisiana Purchase Exposition.

This subject brought up by letter from a member, which was read and after consideration, it was

Moved, That the subject be tabled.

Rate on Mill Cinder and Scale, $1.50 Per Gross Ton from East St. Louis to Shawnee and Zanesville, Ohio.

This subject brought up by letter from a member, calling attention to C. F. A. Info. 4975, naming rate of $1.35 from Chicago to Zanesville and Shawnee, Ohio, which was read, and it was

Recommended, To the Central Freight Association the establishment of rate of $1.50 per gross ton on Mill Cinder and Scale, C. L. minimum weight as per Info. 4980, East St. Louis to Shawnee and Zanesville, Ohio, in line with rate from Chicago, $1.35 per gross ton, as per Info. 4975.

Bauxite Ore Concentrates.

This subject was brought up by letter March 11th, file J-349, from Chairman C. F. A., which was read and after discussion the following was adopted:

That Chairman C. F. A. be advised, it is the sense of this Committee that regardless of action taken on the proposition, as per Advice Letter J-349, we cannot

consistently advance the Eastbound rates now in effect, because Sulphate of Alumina or Crude Alum being a finished product and ready for use in that state should take a higher rate than Bauxite Ore Concentrates or Oxide of Alumina, which is in an intermediate condition and requires further reduction before it is available for use. We have no objection, however, to the establishment of such westbound rates as may be found satisfactory to the Trunk Line Ass'n.

Proposition to Apply Harbor Beach Class Rates to Points Now Named in Minimum Basing Book No. 9 As Taking Bad Axe and Caseville Basis.

This subject last considered at meeting Jan. 29th, and submitted by C. F. A. Advice Letter J-259, Feb. 9th. The Pere Marquette R. R. objected to the rates and subject was taken up through the Pere Marquette with the view of reaching a satisfactory adjustment.

At meeting today Chairman read correspondence on the subject to the effect that the Pere Marquette-Pontiac, Oxford & Northern and Michigan Central Railroads desire that Caseville and Bad Axe be eliminated as Basing Points and Harbor Beach rates made to apply to territory in question.

After discussion it was

Moved, That the proposition be adopted and Minimum Basing Book No. 9 amended accordingly.

Rate on Green Salted Hides, C. L., to Bracebridge and Huntsville, Ontario.

This subject brought up by letter from shipper, calling attention to the fact that the Grand Trunk Ry. publishes rate of 24 cents from Chicago, while rate from East St. Louis is 36½ cents. Chairman stated Grand Trunk Tariff referred to is G. F. D. 932, I. C. C. 825, effective Dec. 1st, 1903, Green Salted Hides 24 cents per 100 lbs. Chicago to Bracebridge, Burke Falls and Huntsville, Ont, and it was

Moved, That the Chairman take subject up with the Grand Trunk, or if he finds these are competitive points, with the Canadian Pacific also, with the view to establishing rate from East St. Louis in line with the 24 cent rate from Chicago, ascertaining how the rate will divide.

Rates on Grain from West of the Mississippi River, East St. Louis to Lynchburg, Ohio.

Chairman stated that as instructed Feb. 26th, Proceedings No. 77, he had referred subject of rate on Grain to Trebeins, Ohio, to B. & O. S. W. R. R., and T. H. & I. for adjustment.

Letter from B. & O. S. W. stated that distillers at Lynchburg, Ohio, demanded protection and tariff was issued applying 7 cent rate (proportion) from East St. Louis on grain originating west of the Miss. River to Lynchburg, Ohio. The tariff referred to is B. & O. S. W. No. D-132, IC. C.-No. 4018, effective March 15th, 1904, and it was

Moved, That the subject be tabled.

Rates and Divisions on Yellow Pine Lumber, Arkansas to Trunk Line Points, Etc.

This subject last considered Dec. 29th, 1903, Proceedings No. 70. At meeting today Chairman read letter March 15th, file 10777-A, from Chairman C. F. A. stating above subject considered by Committee on Relation with Southern Roads, 9th inst., and referred back to this Committee to endeavor to secure an advance in the rate.

It was stated that when the subject came up in the Committee on Relations with Southern Roads it developed according to statements of Southern Lines that rates from Mississippi were held a differential over Georgia, etc., and as discussion proceeded it seemed possible to get a differential over eastside rates on Lumber from west of the river, and it was suggested that if the subject was referred back, this Committee would look into the matter very carefully and see if

they could hold a higher rate on the Lumber from west of the River, etc.

After consideration of the subject, it was

Resolved, That A. G. F. A. Wabash be appointed a Committee of one to investigate and report result to this Committee at the earliest practicable date.

Chairman read letter March 7th, file 11420, from A. G. F. A. T. St. L. & W. quoting letter from Kansas City Southern Ry. on subject of Lumber from south to Western Termini and Trunk Line Points, and it was

Moved, That in view of the absence of the T. St. L. & W. R. R. representative, who brought the subject up, action be deferred until next meeting.

Rate on Enamled Brick, C. L., to Trunk Line Territory.

This subject last considered Feb. 19th, Proceedings No. 76, and recommendation made to C. F. A. Chairman read letter March 4th, file 317, from Chairman C. F. A. to the effect that proposition of this Committee, submitted by C. F. A. Advice Letter J-317 was not made effective as shown in C. F. A. Advice Letter J-353, and it was

Moved, That the papers be placed on file.

Rate of 17½ cents on Red Sandstone, East St. Louis to Western Termini of the Trunk Lines.

Above subject submitted to members by Circular Letter (No. 206) and replies received thereto read at meeting today.

As replies from all parties had not been received, it was

Moved, That action be deferred until next meeting.

Rates on Rough Quarried Marble.

This subject last considered at meeting Feb. 19th, proceedings No. 76. At meeting today there was read a letter March 17th, file J-252, from Chairman C. F. A., referring subject back to St. Louis Committee.

After due consideration of the subject, it was

Moved, That it is the sense of this Committee that the application originally recommended to C. F. A. Feb. 5th, Proceedings No. 74, be amended to 17 cents, Chicago to Boston, and 20 cents Mississippi River to Boston and Boston Points, as this is the westbound rate, covered by National Despatch-Great Eastern Line, Joint Westbound Freight Tariff No. 10, Supplement No. 28, effective March 1st, 1904.

And it is therefore

Recommended, To the Central Freight Ass'n that rate be established on Marble Blocks (rough quarried) originating at Colorado Points, from Chicago, Ill., 17 cents, and from Mississippi River 20 cents per 100 lbs., C. L. minimum 40,000 lbs. to Boston and Boston Points, released to valuation not exceeding 20 cents per cubic foot.

Pieces weighing three tons and over to be loaded and unloaded at risk and expense of consignor and consignee.

Rate on Paper, Scrap or Waste, C. L., vs. Paper Wrapping.

This subject brought up by letter from a shipper calling attention to discrepancy in rate from East St. Louis to Hartford City on Paper, Scrap and Waste vs. rate Hartford City to East St. Louis on Paper, wrapping, which was read, and it was

Moved, That the subject be referred to the Central Freight Ass'n with the statement that unless rates on the manufactured article from Hartford City and other points as per C. F. A. Info. 3430, can be advanced to the 6th class basis, we cannot reasonably be expected to hold rate on Paper Stock up to the 6th class rate.

Laid over until next meeting.

Rate on Red Sandstone, E. St. Louis to Western Termini of the Trunk Lines.

This subject submitted to the Committee by Circular letter No. 206, March 11th, also considered at meeting March 18th, proceedings No. 79, and laid over for replies from all lines, etc.

After discussion today the following was adopted:

Moved, That Chairman C. F. A. be advised that lines having individual tariffs in effect will cancel them, effective April 15th, provided simliar action is taken by the Western Trunk Lines.

Joint Committee Freight Circular 1007 and C. F. A. Info. 2367 and 399-A.

This subject last considered at meeting Feb. 5th, proceedings No. 74. Recommendation to C. F. A. submitted by C. F. A. Advice Letter J-258, Feb. 9th, was later referred to Committee on Relations with Southern Roads and at March Meeting was laid over to meeting in June.

Attention of the Committee was called to an error in rule (3) as submitted to C. F. A. Chairman stated in connection with above he had proposition from a member to change the wording of the original recommendation to the C. F. A. which was read and after discussion the following adopted:

Moved, That the proposed proposition to take the place of recommendation, submitted by Advice Letter J-258, be sent to resident members by Circular Letter and subject laid over until next meeting.

Issuing Bills Lading for Live Stock.

This subject last considered at meeting February 26th, proceedings No. 77, brought up again by letters March 19th, and 22nd, file 7376-B, from Chairman C. F. A. which was read, and it was

Moved, That before the subject is further considered by this Committee, the Chairman ascertain through the Chairman C. F. A. the practice which prevails at Chicago, Indianapolis and Cincinnati.

Letter from Inspection Department Regarding Lumber via C. B. & Q. R. R.

This subject brought up by correspondence from the Inspection Department regarding shipment of Lumber via K. Line, which was read, and it was

Moved, That the Chairman take the matter up with Gen'l Agent Todd of the Burlington with the view of developing the matter and make report to this Committee at next meeting.

Traffic from the West, Billed Through and Copies Not Furnished Inspection Department for This Office.

This subject brought up by letter from District Inspector, calling attention to through billed shipments from west via Wabash, B. & O. S. W. and Vandalia of which no issues are furnished, etc., and it was

Moved, That the Chairman advise the District Inspector that while the roads mentioned may not be willing to furnish copies of billing, that if he will call on their agents, they will show him records sufficient to furnish the information desired in compiling statistics, etc.

C. & A. Tariff G. F. D. 11769, March 22nd, Bulk Salt C. L., $1.40 Ton East St. Louis to St. Charles, Mich.

This subject brought up by letter from Chairman C. F. A. which the Chairman read and stated he had taken subject up with A. G. F. A., C. & A. Ry., but had as yet received no reply. The C. & A. Representative stated he had referred the letter to the G. F. A. Chicago, but no reply had been received and he knew nothing about the rate, same having been published by the General Freight Office.

In view of the above, it was

Moved, That the action be deferred until reply is received from C. & A. Ry.

Rate on Whiskey to Eastern Cities.

This subject brought up by Shipper making application for reduced rate on Whiskey in glass, C. L. Chairman read letter received and after discussion, it was

Moved, That the application be declined.

Letter from Chairman C. F. A. Regarding C. B. & Q. Application for Rate Basis, 11.6 Per Cent Plus Bridge Toll to Eastern Cities via West Bank Mississippi River and Quincy.

This subject brought up by letter from Chairman C. F. A. in letter March 21st, file 10240-A, which was read and after discussion the following was adopted:

Moved, That a Committee of three be appointed to draft a reply to Chairman C. F. A. letter, same to be presented at the next meeting of the Committee for their consideration. Chairman appointed as the Committee, Messrs. Hart, Nichols and Coyle.

Rates and Divisions on Traffic from Arkansas, Louisiana and Texas via East St. Louis to Trunk Line Territory.

Rate on Rough Oilstone, C. L., Arkansas to Trunk Line Points.

Rate on Paper, Scrap or Waste, C. L., vs. Paper Wrapping.

Above subjects laid over until next meeting.

Rate on Green Salted Hides to Bracebridge, Burke Falls and Huntsville, Ont.

This subject considered at meeting March 18th, Proceedings No. 79, and Chairman instructed to take subject up with Grand Trunk Ry. At meeting today letter March 22nd, file 38919, from G. F. A. Grand Trunk Ry. was read stating they were willing to establish rate of 28½ cents per 100 lbs. to points named on Green Salted Hides, C. L., from East St. Louis, and it was

Moved, That the Chairman issue Circular Letter to members giving them copy of letter to Gen'l Frt Agt., Grand Trunk Ry. and his reply thereto, as authority for the publication of the rate.

The rate is published in Special Notice No. 1460, March 29th, 1904.

Division from Cairo, Etc., Proper, to Trunk Line Territory.

This subject brought up by letter March 23rd, from A. G. F. A., Ill. Cent. R. R.,as follows:

"Dear Sir: As a matter of record I wish to advise the members of the St. Louis Eastbound Freight Committee that our Company does not recognize, nor will it be governed by Central Freight Ass'n Info. Nos. 998 and 1120, Series A, effective March 19th, 1904, authorizing divisions from Cairo, Gale and Thebes proper, and when from beyond, to points east of the Western Termini of the Trunk Lines. The divisions that we operate from Cairo and Gale to the east apply only via our main line junctions."

And it was

Moved, That a copy of the letter from the Illinois Central Railroad be sent to all members of the Committee by Circular Letter.

Rates and Divisions of Traffic from Arkansas, Louisiana and Texas via East St. Louis to Trunk Line Territory.

Rate on Rough Oilstone, C. L., Arkansas to Trunk Line Points.

At meeting April 1st, the above subjects were referred to a Special Committee for consideration and report.

The Committee not being prepared to make report at meeting today, it was

Moved, That the Committee be given further time.

Rate on Pig Lead and Antimonial Lead in Pigs, L. C. L.

This subject last considered at meeting April 1st, proceedings No. 81 and laid over.

At meeting today attention was called to the fact that the correspondence referred to Antimonial Lead and Amoniated Lead and suggested that the matter be deferred to permit of further investigation with the view to determining the difference between Amoniated Lead and Antimonial Lead, and it was

Moved, That the subject be deferred.

Rate on Lime Sligo, Mo., to New York for Export.

This subject brought up by C. F. A. Advice Letter I. C. C. 312, Frisco FFT. 208, March 30th, Lime, Sligo, Mo., to New York for export, 32.5 cents, and disposed of by Chairman securing copy of Frisco Tariff and Division Sheet thereto, which allowed lines east of East St. Louis 26 cents, the authorized rate as per C. F. A. Info. 834-A, Special Notice 1831, and it was

Moved, That the subject be stricken from the docket.

Joint Committee Freight Circular 1007 and C. F. A. Info. 2367 and 399-A.

This subject last considered at meeting April 1st, and laid over, see proceedings No. 80 and 81.

After further consideration today, it was

Moved, That the proposition now before the C. F. A., see proceedings No. 74, Feb. 5th, and C. F. A. Advice Letter, J-258, Feb. 9th, be withdrawn, and the following substituted as the sense of this Committee:

Moved, That we recommend to the C. F. A. the cancellation of Joint Committee Freight Circular No. 1007, June 16th, 1897, C. F. A. Info. Nos. 2367 and 399-A, July 16th, 1900, and the adoption of the following in lieu thereof:

Recommended, To the Central Freight Ass'n that through rates on Lumber from points west of the Mississippi River to Western Termini of Trunk Lines and points east thereof, made on Cairo, Gale or Thebes combination, may be applied by interested lines, via East St. Louis, subject to conditions as follows:

1. The through rate shall be published by initial roads in through Joint Tariffs.
2. Local or proportional rates from points of origin to East St. Louis shall be maximum proportion allowable to Western Lines.
3. Proportion east of East St. Louis under C. F. A. Info. No. 998-A or No. 4369, or subsequent issues thereof of current published local or proportional rates from Cairo shall be minimum proportion to be accepted by lines east of East St. Louis.
4. If the local or proportional rate from point of origin to East St. Louis is less than the local or proportional rate to Cairo plus proportion south of East St. Louis of local or proportional rate from Cairo to destination under C. F. A. 998-A or No. 4369 or subsequent issues thereof, the difference shall accrue to

lines east of East St. Louis; their proportion to be increased sufficiently to maintain integrity of the through rate.

5. Proportional rates shall not be published from East St. Louis to the Eastern Termini of Trunk Lines or points east thereof, based on rates and divisions authorized from Cairo, Gale or Thebes.

Rate on Returned Empty Bottle Crates.

A letter from a member was submitted making application for 4th class rating on above commodity, in line with C. F. A. Info. 3991, and it was

Recommended, To the C. F. A. the establishment of the 4th class rating on Returned Empty Bottle Crates, C. L., (Official Classification Rule 27 to apply, but Rule 5-C not to apply) minimum weight 12,000 lbs., East St. Louis to Terre Haute.

Proportion of Rate to Allow St. L. M. & S. R. R. Between Cape Girardeau, St. Genevieve and East St. Louis on Trunk Line Traffic.

Issuing Bills Lading for Live Stock.

Rate on Salt, E. St. Louis to St. Charles, Michigan.

Paper Stock, East St. Louis to Hartford City, Ind.

Above subjects laid over until next meeting.

Rate on Rough Quarried Marble.

This subject last considered April 1st, and ordered stricken from the docket, and papers returned to applicant, see proceedings No. 81.

At meeting today Chairman read letter from a member requesting that subject be again placed on the docket and giving reference to several tariffs publishing rates from points east.

After careful consideration of the subject, the following was adopted:

Whereas, Marble Deposits have recently been dis-

covered in Colorado in the vicinity of Salida, which compare favorably with stone now sold in New York and other Eastern Cities and produced in Vermont. It is felt that a market for this can be found in the east, provided rates are established that will place the Commodity on an equitable basis with stone produced in Vermont and other New England Territory. In view of the fact that there is now in effect at rate of 17 cents to Chicago and 20 cents to the Mississippi River from New England Territory via both differential and standard lines, and it being a well recognized principle of the Central Freight Ass'n lines that eastbound rates should be kept on a parity with the westbound rates, this Committee unanimously

Recommends, To the Central Freight Ass'n that a uniform proportional rate of 20 cents per 100 lbs. on Marble, taking 6th class rates as per Official Class'n C. L. minimum 40,000 lbs., originating at Colorado Points, only, when consigned through from quarries to Eastern destinations, be established from East St. Louis to all basing points east of the Western Terminal of Trunk Lines, the usual differentials to be disregarded.

Rates on Wall Plaster.

This subject brought up by letters from a Western Line, which the Chairman read. After consideration the following was adopted:

Recommended, To the C. F. A. that proportional rates on Wall Plaster, C. L., minimum 60,000 lbs. and over, originating at Wall Plaster producing points in Texas and Indian Territory be authorized from East St. Louis, Ill., as follows:

To Boston, 20 cents per 100 lbs.
New York, 18 cents per 100 lbs.
Philadelphia, 16 cents per 100 lbs.
Baltimore, 15 cents per 100 lbs.

(The above rates shall be maximum rates on inter-

mediate traffic over the same line in the same direction), provided tariffs covering through rates from points of origin to destination are published by initial lines and traffic moves on through consignments.

This recommendation is predicted on the fact that the rate per ton per mile allowed lines east of East St. Louis is approximately the same as earned by lines up to East St. Louis.

Time and Place for Regular Meetings of the Committee

After discussion of the subject, it was

Moved, That future meetings be held at the Committee Room, 404 Union Station, on Friday of each week at 10:00 a. m.

It was also

Moved, That in the event of a quorum not being present at 10:30 a. m. there will be no meeting.

Rates on Pig Lead and Antimonial Lead in Pigs, L. C. L.

This subject considered at meetings April 1st and 8th and laid over, see proceedings.

At meeting today the desired information not having been secured, it was

Moved, That the subject be deferred.

Proportion of Rate to Allow St. L. M. & S. E. R. R., Between Cape Girardeau, St. Genevieve and St. Louis on Trunk Line Traffic.

This subject submitted at meeting April 8th, and laid over, see proceedings No. 82, and at meeting today it was

Moved, That the subject be laid over until next meeting.

Letter 8th from Chairman C. F. A. Regarding C. B. & Q. Basis for Rates Westbound.

The subject of C. B. & Q. rate basis last considered April 1st, proceedings No. 81. On receipt of letter referred to above, the Special Committee prepared reply, which was sent to Chairman C. F. A. April 13th; the letter was read and approved.

In connection with the above Chairman read correspondence with G. F. A., C. & A. Ry. and was instructed to send copy to resident members.

Paper Stock, East St. Louis to Hartford City, Ind.

This subject last considered April 1st, proceedings No. 81, brought up again at meeting April 8th, and laid over.

At meeting to-day Chairman read letter from a

member, submitting letter from a shipper and after consideration is was

Moved, That the applicant for lower rate be advised that on receipt of his communication addressed to members of the Committee, the subject was further considered and the fact established that the rate now in effect from East St. Louis to Hartford City is on an equitable basis as compared with rates from Chicago and Cincinnati to Hartford City, short line distances being considered, which are as follows:

From Chicago to Hartford City, 176 miles.
Cincinnati to Hartford City, 131 miles.
East St. Louis to Hartford City, 316 miles.

Letter from Inspection Department, Lumber via C. B. & Q. R. R.

This subject last considered at meeting March 25th, see proceedings No. 80. At meeting to-day the Chairman stated he had taken subjects up with Gen'l. Agt. of the C. B. & Q. and received reply to the effect that their tariff on the Canadian Lumber was cancelled, effective March 12th. As the shipment in question moved February 29th, it was

Moved, That the subject be stricken from the docket.

Rate on Salt, East St. Louis to St. Charles, Mich.

This subject last considered at meeting 1st inst., proceedings No. 81. At meeting to-day C. & A. Ry. representative stated that their investigation developed the fact that Bay City and St. Charles, take Detroit rates on Bulk Salt westbound, and called attention to Grand Trunk and Michigan Central Tariffs naming rate of $1.40 on Salt from Bay City and St. Charles, etc., that being the rate from Detroit.

It was stated by a member that there was no authorized basis for making rates on Salt, either east or westbound, and it was

Moved, That the subject be stricken from the docket.

Rates and Divisions on Traffic from Arkansas, Louisiana and Texas via East St. Louis to Trunk Line Territory.

Rate on Rough Oilstone, C. L., Arkansas to Trunk Line Points.

At meeting April 1st above subjects referred to a Special Committee for consideration and report.

At meeting to-day Chairman read letter from Chairman of the Special Committee to the effect that they were not prepared to report to-day but hoped to be able to report at next meeting, and it was

Moved, That the Committee be given further time.

Issuing Bills Lading for Livestock.

This subject last submitted at meeting April 8th and laid over. At meeting to-day Chairman stated that as instructed at meeting March 25th, proceedings No. 80 he had requested Chairman Tucker to furnish information as to the practice at Chicago, Cincinnati and Indianapolis, and read letters, March 28th, April 8th and 11th, received in reply thereto. After discussion the following was adopted:

Moved, That Chairman C. F. A. be advised with one or two exceptions, lines members of this Committee, issue Livestock Contracts on surrender of release orders, issued by shippers, in most instances before stock is loaded into the cars in their possession.

Rates on Sulphur from Louisiana Mines.

This subject last considered by this Committee at meeting Feb. 5th, proceedings No. 74, and tabled.

At meeting to-day Chairman read letter April 9th, file 10797 from Chairman C. F. A. regarding the terms of C. F. A. Information Circular No. 5070 being carried out and the following was adopted:

Lines, members of this Committee, individually advise that they will be governed by Information Circular No. 5070, protecting the rates named therein,

pro-rating them on New Orleans Divisions, after deducting arbitrary of not to exceed 6 cts. per 100 lbs., for the originating road.

The T. St. L. & W. not being present advised later their approval of the above.

Time and Place for Regular Meeting of the Committee.

Attention being called to action on above subject at meeting 8th inst., as follows:

Moved, That future meetings be held at the Committee Room, 404 Union Station, on Friday of each week at 10:00 a. m.

It was also

Moved, That in the event of a quorum not being present at 10:00 a. m., there will be no meeting.

At meeting to-day all members were urgently requested to be present at 10:00 a. m. sharp, or as soon thereafter as possible, and it was

Moved, That in the event of a meeting being postponed because members were not present at 10:30 a. m., the Chairman to issue proceedings naming the representatives present and stating meeting not held in consequence of there not being a quorum present at 10:30 a. m.

Meeting convened at 10:30 a. m.

Proportion of Rate to Allow the St. Louis M. & S. R. R., Between Cape Girardeau, Ste. Genevieve and East St. Louis on Trunk Line Traffic.

This subject was last considered at meeting April 29th, and referred to a Special Committee for consideration and report, see proceedings No. 85. At meeting to-day the following was adopted:

Your Committee have carefully considered the question of establishing pro-rating arrangements between Ste. Genevieve and Cape Girardeau and Eastern points, via East St. Louis, respectfully suggests that the St. L. M. & S. E. R. R. withdraw its request for the reason that the establishment of rates from points on the west bank of the Mississippi River on a Chicago to New York plus basis and their application in connection with west side Lines via other Mississippi River Crossings would ultimately lead to destroying the present basis of rates from all Trans-Mississippi River Points to the East, which are now made on the Mississippi River.

For this reason and because the rates per ton per mile east and west of the Mississippi River are usually not made same and pro-rating arrangements necessarily have to be made on the approximate mileage basis, interested lines have preferred not to establish through rates and divisions from those points to the East. While this principle may prevent the St. L. M.

& S. E. R. R. from participating in business from Cape Girardeau and Ste. Genevieve to the East in connection with the Frisco System, via East St. Louis it is felt that it is for the greatest good for the greatest number of Western as well as Eastern roads.

It was also

Moved, That the Chairman advise Mr. W. R. Powe, G. F. A., St. L. M. & S. E. R. R. that his request as per letter March 30th file 330, for a basis of divisions via East St. Louis, having been submitted by a member has been given careful consideration by the Committee and you are instructed to reply to him in line with recommendation of the Committee.

Rates on Fire Brick, Etc.

This subject last considered at meeting April 29th, and laid over, see proceedings No. 85.

After further consideration at meeting to-day, it was

Moved, That a Special Committee, consisting of Messrs. Hodgdon (Chairman) Nichols, Coyle, Hart and Bushnell, be appointed to consider this subject and make recommendation to the Committee at next meeting.

Rates and Divisions on Fruits and Vegetables to C. F. A. and Trunk Line Territory M. & O. Tariff I. S.-4884 and Division Sheet No. 1 Thereto.

This subject last considered at meeting April 20th, Proceedings No. 85, and referred to the Rate Clerks. The Rate Clerks met in this office on May 4th, and at meeting to-day their recommendation was read and after discussion it was

Moved, That the recommendation of the Rate Clerks be accepted, the Chairman to send two copies to each resident member, to be submitted by them to their Official in charge of divisions for approval, members to report at next meeting the result.

New Uniform Bill of Lading, Shipping Order, Etc.

This subject last considered at meeting April 1st, proceedings No. 81 and ordered stricken from the docket.

At meeting today Chairman read letters April 29th, and May 3rd from Chairman C. F. A. bringing subject up, again, requesting to be advised what roads object or decline to adopt the new form, Oct. 1st urging prompt action by the Committee.

After consideration it was

Moved, That Chairman C. F. A. be advised as to the position taken by each line individually, in regard to the adoption of the New Uniform Bill of Lading, etc.

Proposition to Amend Minimum Basing Book, No. 9, Changing Ohio Central Stations, Croton to Granville, Ohio, Inclusive from Zanesville to Newark Basis.

This subject referred to the Rate Clerks at meeting April 29th, and at meeting today Chairman read their recommendation of May 4th, which was adopted as follows:

Recommended, That Minimum Basing Book No. 9 be amended changing Ohio Central Stations, Croton, Johnstown, Alexandria, Clemens and Granville, Ohio, (now taking Zanesville basis) to Newark basis.

Application for Reduced Rate on Pigeons, Clay or Clay Targets, C. L.

This subject brought up by letter from a member making application for reduction in rate to New York City and after discussion, it was

Moved, That the Applicant be advised that the Committee do not deem it expedient to favorably consider the application for the reduced rate.

Rate on Lumber to Michigan City, Ind.

This subject last considered at meeting April 29th, and laid over. After further consideration of the sub-

ject at meeting today, when Chicago-Indianapolis Southeastern Proportional Rates No. 2, M. & O. and I. C. R. R. Tariffs were submitted, it was

Moved, That Chairman C. F. A. attention be called to the publication in I. C. R. R. Tariff B-10387, M. & O. R. R. Supplement No. 35 to Freight Tariff No. I. S.-3991 and Chicago-Indianapolis Southeastern Proportional Rates, No. 2 rate 10c per 100 lbs. on Lumber from Cairo to Michigan City, Indiana, with the request that he take the subject up with the view of having the unauthorized rate withdrawn, as certain E. St. Louis Lines have given notice of their intention to apply 8c rate from East St. Louis, unless the unauthorized rate is cancelled immediately.

Rates on Clay, Shale or Kaolin.

This subject last considered March 4th, proceedings, No. 78. At meeting today letter 4th from Chairman C. F. A. was read to the effect that a list of rates now in effect from East St. Louis on the above Commodities should be prepared in order that the lines from Cairo, Gale, Thebes, etc., may carry out the recommendation making rates from those points, on the traffic originating west of the Mississippi River, 20 cts. per ton in excess of rates from East St. Louis, and it was

Moved, That the Chairman prepare a list of the rates East St. Louis to Basing Points named in Minimum Basing Book No. 9, which are authorized by C. F. A. Info. Nos. 5002 and 5142 on the Commodities above named to be sent to Chairman C. F. A. for him to furnish information to Cairo, etc., lines. Two (2) copies to be also sent to each resident member of this Committee.

Meeting convened 10:30 a. m.

Rate on Sulphur from Louisiana Mines.

This subject last considered at meeting May 13th, proceedings No. 87 and as instructed Chairman took subject up with the view of securing the information desired and at meeting today correspondence was read giving rates from Trunk Line to C. F. A. points also that there were no Commodity rates in effect from New Orleans proper, etc., and action was taken as follows:

Whereas, C. F. A. lines are designated as parties to tariff publishing through rates from Sulphur producing points to destinations in C. F. A. territory.

We recommend, As a disposition of this subject, that C. F. A lines notify the Southern Pacific Road of their non-concurrence in the through rates and divisions as

at present promulgated and at the same time C. F. A. lines to give notice that on such traffic full local rates will be exacted from River Crossings.

Application for Rating on Bloedite Ore.

This subject last considered at meeting May 13th, proceedings No. 87 and as instructed the subject was taken up with Chairman, C. F. A. for information as to the proportions in effect east of Chicago. At meeting today Chairman read letter May 16th, file 11629 from Chairman, C. F. A. to the effect that A. T. & S. F. Ry. has not as yet advised that they will accept the action of the Chicago Freight Committee, April 20th, and it was

Moved, That further consideration of the subject be postponed until it is determined what action the A. T. & S. F. Ry. will take.

Rates and Divisions on Fruits and Vegetables to C. F. A. and Trunk Line Teritory, M. & O. Tariff I. S.-4884.

This subject last considered at meeting May 13th, proceedings No. 87, also submitted to members by Circular Letter No. 220. At meeting today the Chairman was instructed to formulate a notice to be sent to the M. & O. R. R., embodying therein the report of the Rate Clerks, meeting May 4th, sending each resident member a copy to be used as a form in serving the notice on the Mobile & Ohio Railroad. The letters of the various members to be sent to the Chairman, he to have all letters before sending them to the M. & O.

Request to Add Granite City, Ill., as a Shipping Point for Glucose and Grade Sugar.

The above subject brought up by letter from a member calling attention to a plant for the manufacture of the above mentioned Commodities having been recently completed at Granite City and that Granite City should be included in the list of points shown in C. F. A. Info. Nos. 5071 and 1083-A, and it was

Recommended, To the C. F. A. that C. F. A. Info. Circulars Nos. 5071 and 1083-A be amended by adding Granite City, Ill., to the list of points from which the rates named will apply.

Rates and Divisions on Oilstones from Benton and Hot Springs, Ark., to Littleton, N. H.

At meeting April 1st this subject referred to a Special Committee for recommendation. At meeting today Chairman read report of the Special Committee and it was

Moved, That the report be accepted, the Committee discharged and the report submitted to C. F. A. as recommendation of this Committee.

The report of the Special Committee is as follows:

"Your Special Committee, which was appointed at meeting of the St. Louis Eastbound Freight Committee on April 1st, to consider the question of rates and divisions on Oilstone, C. L., from Arkansas points to Trunk Line Destinations, begs leave to submit the following report.

The first question which enters into this investigation is the interpretation of the Official Class'n. No. 25, as applied to the Commodity under consideration, viz.: Rough Oilstones, C. L.

The edition of the Class'n. referred to reads: "Stones, oil, in boxes or barrels, L. C. L. 2nd, C. L. 4th class," and your Committee understands from the purport of the correspondence submitted that it is the ruling and order of the Inspection Department that 4th class rating shall apply on the Commodity under consideration in C. L. from River Crossings to Trunk Line destinations.

The investigation shows that in reality the Commodity which we are considering consists of Oil, or Wet-stone in the rough, tendered for transportation just as it comes from the quarry.

Your Committee recognizes the justice of the present Class'n. No. 25, as applied to Stones, oil, in boxes

or barrels, 2nd and 4th class and understands that it is perfectly proper to apply this Class'n. and rating on Oilstones cut from the crude material and packed as described in the Class'n. for shipment, but your Committee is of the opinion that the Crude, rough blocks of Oilstone as they come from the quarry shipped in bulk, are entitled to and should take 6th class rating in C. L. from River Crossings to Trunk Line Territory, under the rating of the Class'n. as it stands at present, viz.: Stones, N. O. S., C. L. 6th class.

This interpretation of the Class'n. is borne out by the views of the Louisville Freight Committee, to whom was referred this same proposition, see proceedings Louisville Freight Committee, dated April 5th, 1904.

Coming to the specific proposition of basis of rates on rough Oilstone, C. L. to Littleton, N. H., Current Arkansas Freight Committee Tariff No. 3-D, effective April 5th, 1904, carries to Littleton, N. H., on Stone, oil, rough, C. L. minimum weight 30,000 lbs. from Benton, Ark., 43.6c per 100 lbs. and from Hot Springs, Ark., 49.6c per 100 lbs., through rates published from points of origin of the stone to destination of the stone.

Our investigation shows that these rates as published in the Arkansas Freight Committee Tariff referred to, are irregular for the reason that they are not based upon combination of locals, but apparently upon a local rate, point of shipment to Memphis, plus an arbitrary of 10c per 100 lbs. from Memphis to Cincinnati, plus proportion beyond Cincinnati which is equivalent to a prorate of the local rate from Memphis to destination, for in the opinion of your Committee the basis for making the through rates on this Commodity should be combination of local rates on Memphis, Tenn., unless the combination of locals on Cincinnati made a less through rate in which event the line from Cincinnati should, of course, charge its local rate from that point. The present published rate per Arkansas Freight Committee Tariff No. 3-D, 49.6c from Hot Springs to Littleton, N. H., divides by allowing lines beyond Cincinnati 22.6c per 100 lbs., this 22.6c proportion is a prorate of the

6th class Memphis to Boston rate, divided on authorized percents as per Joint Committee Circular No. 1646, Dec. 11th, 1893, viz.; south of Cincinnati 33.5, north of Cincinnati 66.5, first deducting 2c per 100 lbs. for River transfer before prorating; attention is also called to the fact that in the Arkansas Freight Committee Tariff referred to, a rate is carried on Stones, oil, finished, in boxes or barrels, C. L., minimum weight 30,000 lbs. from Hot Springs, Ark., to Littieton, N. H., 51c per 100 lbs. and from Benton, Ark., to the same destination 45c per 100 lbs.

These rates your Committee understands are based upon the 6th class rate from Cairo, while the correct basis for the through rate is 4th class from either Memphis, Cairo or Cincinnati.

The recommendation of your Committee is that the whole matter of the adjustment of these rates should be referred to the Committee on Relations with Southern Roads of the C. F. A., the subject to be considered at the next meeting of the Ass'n., June 8th and 9th, for the purpose of securing, First: An agreement as to the proper basis for naming through rates.

Second: An agreement as to whether the lines shall apply 4th class or 6th class rating on Oilstones in the rough.

Third: An agreement covering the rates which shall apply on finished Oilstones, in boxes or barrels, from Benton and Hot Springs, Ark., to Trunk Line Territory.

It is quite evident that so long as the lines leading from Cincinnati protect a pro-rate of the 6th class Memphis rate on the Commodity originally referred to in this correspondence as rough Oilstone, the lines Eastward from East St. Louis, Cairo, Thebes, etc., cannot consistently refrain from handling the traffic on the basis of 6th class rates from such crossings, if it is so tendered them.

Rates on Fire Brick, Etc.

This subject referred to a Special Committee at meeting May 6th, proceedings No. 86. At meeting today

Chairman read report of the Special Committee, and it was

Moved, That the report of the Special Committee be accepted and that said report be the recommendation of this Committee to the C. F. A., also that the Chairman give the C. B. & Q. R. R. formal notice of action taken.

The report of the Special Committee is as follows:

"The Special Committee appointed to consider the question of the unauthorized rate on Fire Brick, etc., held a meeting on Tuesday, May 17th, and adopted the following resolution.

Resolved, That in view of the facts before us your Special Committee deem it advisable that, effective July 1st, 1904, the basis of rates from E. St. Louis to Western Termini and Trunk Line Points, on Fire Brick, Tank or Furnace Blocks and Flue Lining, be restored to the authorized basis.

The understanding of the Committee is that this matter will be presented at next meeting of the St. Louis Eastbound Freight Committee for final action.

The information before the Committee indicated that practically no business had been developed under the reduced rate; that considerable pressure was being brought to bear upon roads leading from other brick producing points, to reduce Fire Brick rates to the basis of 20 cts., Chicago to New York, in line with the reduced rates from East St. Louis. The Committee felt that it could not but be recognized that if the reduction was forced at other points, any advantage which might accrue to the St. Louis Manufacturers under the present situation would be taken away just as surely as if the East St. Louis rate was advanced.

Your Committee felt that it would be very undesirable to force a reduction from other points if interested lines felt that the rates could be maintained on the higher basis, although there are many arguments as to the relative value of Clay Products which might in-

dicate that it is not inconsistent to maintain Fire Brick on the same basis as other Brick; however, in view of the very small Eastbound tonnage from East St. Louis, as compared with like tonnage from other territory, your Committee felt that unless there were conditions unknown to them, and particularly unless the facts as to the tonnage handled, as indicated by the St. Louis Eastbound Committee reports of Commodities Forwarded, were incorrect, there was no valid reasons why the East St. Louis Lines should hesitate to withdraw the present rates and restore the authorized figures.

The roll being called all members present individually announced their approval and approval of absent member was secured later.

Crown Filler Clay to C. F. A. Points.

This subject brought up by letter from a member, as to proper rating to C. F. A. points, submitting sample of Commodity in question. Chairman read letters and stated that to C. F. A. Points the authorized rates on Crown Filler were on basis of 73.3 per cent of the 6th class and on Clay, the rate is 83.3 per cent, and it was

Moved, That we recommend to the C. F. A. that the basis for rates on Crown Filler, as per Information 5124, be advanced from 73.33 to 83.33 per cent of the 6th class, this with the view to wiping out all opportunity for manipulation.

Rates and Divisions on Yellow Pine Lumber from Arkansas and Louisiana.

This subject last considered at meeting May 13th, proceedings No. 87, at which time the report of the Special Committee was read and laid over. After further consideration at meeting to-day, it was

Moved, That the report of the Special Committee be accepted, the Committee discharged and the report submitted to the C. F. A. as the recommendation of this Committee.

The report of the Special Committee is as follows:

The undersigned, to whom was referred the subject

of rates and divisions on traffic from Arkansas, Louisiana and Texas, via St. Louis to Trunk Line Territory, under subject No. 2 of your docket of April 8th, begs to report as follows:

As we understand it when this subject was last considered by the Central Freight Ass'n. the question of maintaining the divisions established in connection with the Iron Mountain tariff on lumber from the territory in question, it was thought that possibly these rates might be advanced, in view of the facts that the rates from Mississippi were held on a higher basis than those from Georgia and Alabama, it being assumed at that time that the rates published by the Iron Mountain Road were on a parity with the rates in effect from Georgia and Alabama. We find, however, on careful investigation and from facts gathered by our personal representative, that the rates from Georgia territory, taking Cordelia, Ga., for example, are New York 28, Boston 31 cts.; from Montgomery, Ala., New York 31, Boston 34 cts.; from Reform and Tuscola, Ala., New York 30, Boston 35 cts. From Mississippi territory as far south as Quitman and Brookhaven, New York 33 cts., Boston 37 cts. You will, therefore, note that the rates published by the Iron Mountain Road namely, to New York 33 and to Boston 37 cts., are the same as rates in effect from Mississippi territory taking, as it was alleged when this subject was referred back to this Committee, from 2 to 3 cts. above the rates in effect from Georgia and Alabama.

In view of these facts and the commercial features that have been presented heretofore to the effect that lumber originating in the territory in question west of the Mississippi River is strongly competitive with that originating in Mississippi we do not see how lines, members of this Committee, can consistently demand of their southern connections the publication of any higher rate on this traffic than are now in effect from Louisiana, Arkansas and Texas, and your Committee respectfully recommend that the rates and divisions now in effect be continued.

Missouri Pacific Circular No. 666, Routing Western Freight to, from or Through Bixby, Ill., via Carondelet, Mo.

This subject brought up by letter from a member, which was read, and it was

Moved, That the subject be laid over until next meeting, in the meantime the Chairman to communicate with the Traffic Department of the Missouri Pacific-Iron Mountain & Southern Ry. with the view of ascertaining the points of connection with Eastern Roads in East St. Louis to which their rate will apply.

Rates and Divisions on Traffic from Arkansas, Louisiana and Texas, via East St. Louis to Trunk Line Territory.

At meeting April 1st this subject submitted to a Special Committee for consideration and recommendation to the Committee. At meeting to-day Chairman read report of the Special Committee, and it was

Moved, That the report be accepted, the Committee discharged and the report submitted to the C. F. A. as the recommendation of this Committee.

The report of the Special Committee is as follows:

At meeting of the Committee, April 1st, the undersigned Sub-Committee was appointed to consider and make recommendations upon the question of Rates and Divisions on Traffic from Arkansas, Louisiana and Texas, via East St. Louis to Western Termini and Trunk Line Territory, and begs leave to submit for presentation to the Committee as a whole the following report:

Outlining the premises on which this subject has been considered we wish to give reference in this report to Information Circular 1063-A of Dec. 26th, 1903, effective Jan. 4, 1904, cancelled by Information 1124-A of March 12th, 1904.

Your Committee submits as its recommendation that the St. Louis-East St. Louis gateway should be made

available in the routing of traffic from New Orleans and Southwestern Territory where the business is handled to East St. Louis via lines operating west of the Mississippi River.

We recommend as a general proposition that the same through rates from Southwestern Territory to Trunk Line points which may be applicable via lines leading northward on the east side of the Mississippi River, may be protected through East St. Louis via lines leading northward on the west side of the Mississippi River. Such through rates to be published by lines originating the traffic.

In the division of through rates via St. Louis-East St. Louis gateway, the traffic moving via lines west of the Mississippi River, we recommend that lines east of East St. Louis accept their authorized proportion of the rate on the same Commodity from the base point on which the through rate may be built, for example: If the rate bases on New Orleans, lines east of East St. Louis will accept their proportion of the tariff rate on the same Commodity from New Orleans, pro-rated on authorized divisions.

If the rate bases on Vicksburg, Memphis or Cairo the same plan to be observed in the division of rates but in no case shall the line south of East St. Louis be allowed in excess of its local or proportional rate, point of shipment to East St. Louis, the integrity of the through published rate to be maintained at all times—difference, if any, accruing to lines east of East St. Louis in the maintenance of the integrity of the through rate.

Under this proposition proportional rates shall not be published from East St. Louis, but lines leading eastward from East St. Louis shall insist upon the publication of through rates by lines originating the traffic.

Proportional Rates on Marble.

This subject brought up by letter from Chairman, C. F. A. calling attention to Wabash Tariff 29201 nam-

ing proportional rates from East St. Louis, etc., and it was suggested to call the roll for the purpose of ascertaining whether any of the other roads had issued similar tariffs.

All roads answered in the negative.

Amending Minimum Basing Book No. 9 in Line With C. F. A. Information 5158.

At meeting May 13th, proceedings 87, this subject referred to the Rate Clerks for consideration and recommendation to the Committee.

At meeting to-day Chairman read report of the Rate Clerks Meeting, 18th inst., and it was

Moved, That the report of the Rate Clerks be adopted and sent to Chairman, C. F. A. as recommendation of this Committee.

The report referred to above is as follows:

"At meeting of Rate Clerks of the Eastbound Committee, held May 18th to consider class rates to Michigan Central Stations, as authorized by Information No. 5158, we call attention to what appears to us to be an error in the 4th class rate from East St. Louis to groups 1 and 2. By reference to Information No. 4051, authorizing rates to Detroit & Mackinac Railroad Stations, it will be found that from other C. F. A. points in Ohio, Indiana and Illinois that the rates from the same to corresponding groups on the Detroit & Mackinac Railroad are as shown in Information 5158 to stations on the Michigan Central Railroad. Carrying out this principle we think that the 4th class rate from East St. Louis to group 1 in Information 5158, should be 32 cts. and to group 2, 4th class rate should be 33 cts., and we further suggest that a similar change be made in the 4th class rate from East Burlington to groups 1 and 2, advancing them to 32 and 33 cts. respectively. We should also call attention to the fact that Dunham as shown on page 5, Information 5158 as in group 1. We think this point should be carried in

group 2 inasmuch as it is located between Standish, Mich., and West Branch, Mich.

In connection with the above we found Information 4051 a rate of 21¾ cts. authorized on 5th class from Peoria to group 3 of Detroit & Mackinac Railroad stations. We suggest that this is an error, inasmuch as C. F. A. class rates are generally published in full numbers or halves only.

M. & O. Division Sheet No. 35.

The Chairman stated that at meeting of Rate Clerks 18th inst. attention was called to the above mentioned issue as being contrary to C. F. A. legislation and reported as follows:

"At meeting of the Rate Clerks, May 18th, divisions named in Division Sheet No. 35, effective April 18th, 1904, applying in connection with M. & O. Lumber Tariff No. IS-4230 were considered. The M. & O. in Division Sheet No. 35 use divisions that are authorized on Yellow Pine Lumber (See C. F. A. Information 1042-A, this Committee's Special Notice 1401, Nov. 17, 1903), yet no mention is made in the division sheet as to its applying only on such lumber, consequently it is the sense of this meeting that the divisions applicable on lumber Tariff IS-4230 should apply, i. e., the through rates shown in said tariff should be divided on authorized divisions from point of shipment, or if no through divisions are in effect the lines east of East St. Louis should receive their authorized pro-rate proportion of the Cairo rates. As M. & O. Division Sheet now reads the lines east of East St. Louis suffer a curtailment of their revenue of several cents per 100 lbs. The matter is submitted to the general Committee for their consideration.

After consideration of the above, it was

Moved, That the Rate Clerks report be adopted as the sense of this Committee, the Chairman to formulate a notice to be sent to the M. & O. R. R. embodying therein the report of the Rate Clerks meeting May 18,

sending each resident member a copy to be used as a form in serving notice on the M. & O. The letters of the various members to be sent to the Chairman, he to have all letters before sending them to the M. & O. R. R.

Interpretation of the Term "Eastern Points" in J. T. A. Freight Circular No. 1029.

This subject last considered at meeting May 13th, see proceedings No. 87. The subject brought up again by letter from a member, suggesting that the resolution adopted at last meeting be amended to include Western Termini of the Trunk Lines.

After discussion, during which it was stated by several members that the same conditions did not exist now as when Joint Traffic Ass'n. Freight Circular No. 1029, June 22nd, 1897 and St. Louis Eastbound Traffic Ass'n. Circular Letter A-83, June 30th, 1897 (a reprint of 1029) were issued, the Circulars should be cancelled and the following adopted:

Recommended, To the C. F. A. that J. T. A. Freight Circular No. 1029, June 22nd, 1897, be cancelled.

It was also

Moved, That St. Louis Eastbound Traffic Ass'n. Circular Letter No. A-83, June 30th, 1897, a reprint of J. T. A. Freight Circular 1029, June 22nd, 1897, be cancelled.

In view of the recommendation to C. F. A. to cancel J. T. A. Freight Circular 1029, it was unnecessary to take any action on the proposition to change the resolution adopted at meeting 13th inst., and it was

Moved, That the subject be stricken from the docket.

Rate on Wall Plaster.

This subject last considered at meeting April 29th, proceedings No. 85, and submitted to C. F. A. for consideration. At meeting to-day Chairman read letter May 17th, file J-539 from Chairman, C. F. A., and the following was adopted:

Moved, That Chairman, C. F. A. be replied to to the effect that the St. Louis lines in making their recommendation for through rates on Wall Plaster, as follows: From Acme and Quanah and other Wall Plaster producing points in Texas, to Baltimore 30 cts., Philadelphia 31 cts., New York 33 cts., and Boston 35 cts., and from Cement and other Wall Plaster producing points in O. T. and Marlow and other Wall Plaster producing points in I. T. to Baltimore 26½, Philadelphia 27½, New York 29½ and Boston 31½ cts., did not contemplate publication of any proportional rates from East St. Louis, that a through tariff was to be provided by initial roads and rates so published divided on basis of Acme and Quanah to East St. Louis 15 cts., East St. Louis to Baltimore 15 cts., Philadelphia 16 cts., New York 18 cts. and Boston 20 cts., and from Cement, O. T. and Marlow, I. T. to East St. Louis 11½ cts., East St. Louis to Baltimore 15 cts., Philadelphia 16 cts., New York 18 cts. and Boston 20 cts.

C. F. A. Information 1168-A, Rates and Divisions to Havana, Cuba.

Chairman called attention to above mentioned Information Circular and requested instructions as to whether he should reissue same and it was

Moved, That no Special Notice be issued.

The T. St. L. & W. R. R. to Become a Regular Member of the Committee. Letter from a Member.

This subject brought up by a member suggesting that the T. St. L. & W. be requested to become a regular member of the Committee, and the following was adopted:

Whereas, The T. St. L. & W. R. R. were formerly a regular member of this Committee, furnishing such statistics as were desired and participating in the expenses of its maintenance, and

Whereas, Traffic Manager Whitney on Oct. 8th, 1900,

file C. F. 313 advised the Committe that having reached the conclusion that the Eastbound Committee was not of sufficient value to the T. St. L. & W. R. R. to warrant obligating it to the rules and regulations or to contribute toward the expense of its maintenance, gave notice of his intention to withdraw, and

Whereas, It is felt that the work of the Eastbound Committee, the Statistics that it compiles and the information that can be gathered by attendance at its meetings would be of as great a value to the T. St. L. & W. R. R. as to the other members,

Resolved, That the Chairman take the subject up with A. G. F. A. Keane with the view of restoring the relations which formerly existed and have the T. St. L. & W. R. R. again become a regular member of the Committee.

Accepting Mobile Earnings on Cotton Piece Goods from Stonewall, Miss., Instead of as Authorized in C. F. A. Information 952-A.

This subject brought up by letter from Chairman, C. F. A. which was read and it was suggested that the roll be called for the purpose of ascertaining what lines if any have been handling traffic in the manner described.

On roll call the representatives of only one road admitted having handled some of the traffic on Mobile earnings. He stated: We have handled some of the business I believe on that basis. We are not handling it now. Instructions have been issued to stop it.

In view of the above it was suggested that Chairman, C. F. A. be advised accordingly.

Minimum Weight on Potatoes.

This subject brought up by letter from a member submitting copy of letter from the Pres't. of the St. Louis Fruit & Produce Exchange, which was read and which was to the effect that they desired minimum of 24,000 lbs. established on new potatoes.

After discussion the following was adopted:

Recommended, To the C. F. A. that inasmuch as the question of Minimum weight on potatoes has again presented itself and a request made for the restoration of the old minimum weight of 24,000 lbs., which this Committee does not seem advisable to endorse for adoption by C. F. A lines, that their attention be called to action taken last year when it was decided that the minimum weight of 30,000 lbs. was to be maintained from Ohio River Crossings and East St. Louis, on shipments originating south of the Ohio River and west of the Mississippi River, that all lines in C. F. A. give notice to the Interstate Commerce Commission of their non-concurrence in all tariffs that may be published on a lower basis.

Action of the Chicago Committee on Government Freight via A. T. & S. F. Ry.

Chairman read letter 19th, file 11702 from Chairman C. F. A. quoting resolution adopted by the Chicago Committee as follows:

Resolved, That it is the sense of this Committee, Chicago eastbound roads issue a circular to their agents and connections that prepayment will be required until further notice on Government freight routed in connection with A. T. & S. F. Ry. and it was

Moved, That a copy of Chairman, C. F. A. letter be promulgated to the members of the Committee by Circular Letter.

Proposition to Hold Meetings of the Committee Semi-Monthly Instead of Weekly.

This subject brought up by letter from a member, which the Chairman read and it was decided that the next meeting will be held on May 27th and beginning with Friday, June 3rd, the meetings of the Committee will be held on alternate Fridays at the Committee Room, at 10:00 a. m.

Adjourned.

Meeting convened 10:30 a. m.

Missouri Pacific Circular 666, Routing Western Freight to, from or Through Bixby, Ill., via Carondelet, Mo.

This subject considered at last meeting, see proceedings No. 88, May 20th, and Chairman stated that as instructed he had taken subject up with G. F. A., Mo. Pac. Ry., and received reply to the effect that on Westbound business the Mo. Pac. would take care of the additional switching expense and on eastern business they have connections which can be reached without the absorption of switching charges, therefore other East St. Louis lines would have to absorb such switching as was necessary to reach their lines, etc.

After consideration the Chairman was instructed to

write G. F. A., Mo. Pac., stating that as he had brought up the question of the necessity of absorption of switching by the line over which the traffic travels on account of competition, lines members of this Committee would like to be informed what that competition is, in other words they would like to know the connections that the Missouri Pacific Ry. can reach without the absorption of switching.

Application for Reduced Rates on Barytes, C. L., to Western Termini and Trunk Line Points.

This subject brought up by letter from a shipper which the Chairman read and after consideration the following recommendation to the C. F. A. was adopted:

Whereas, In view of the fact that crude barytes ore is carried on basis of 20 cts., East St. Louis to New York and that most of the products of lead ore are carried at the lead ore rate, it is the sense of this Committee that the rate on barytes be held the same as on barytes ore from East St. Louis to Western Termini and Trunk Line Points, we therefore

Recommend, To the C. F. A. that the rate on Barytes be established on basis of 20 cts. per 100 lbs., C. L. minimum 40,000 lbs. East St. Louis to New York, usual differences to other Eastern Cities.

Industrial Road Switching at Granite City.

This subject was considered at meeting 13th and Chairman requested to place on docket for further consideration. At meeting to-day after discussion, action was taken as follows:

Lines interested hereby individually announce that they will not absorb switching or other charge assessed by the Granite City, Alton & Eastern R. R., The Granite City Mfg. Co or The St. Louis Syrup & Refining Co. at Granite City, Ill., and that this announcement be subscribed to by the Chief Traffic Official of the lines interested.

The Chairman was instructed to send each resident

member, also Gen'l. Agt., C. B. & Q. R. R. two copies of action taken on above subject so that one copy may be sent to the Chief Traffic Official for his signature and then returned to the Chairman.

Through Rates and Divisions on Melons.

This subject brought up by letter from G. F. A., Mo. Pac. Ry., which the Chairman read and after discussion, it was

Moved, That in view of the communication received from G. F. A., Mo. Pac. Ry., dated May 23rd, file Y-8-9419, outlining action the lines from southeastern melon producing points intend taking as regards the handling of the melon crop this season, that a meeting of the Rate Clerks be called for Tuesday, May 1st, at one o'clock to consider the matter and formulate a recommendation to the C. F. A. to include and cover changes made necessary by the initial lines, to protect via East St. Louis the same through rates available via Cairo, Gale or Thebes, naming the figures east and west of the Mississippi River. In the meantime the Chairman to secure from the Missouri Pacific, St. Louis Southwestern and Frisco System, confirmation of the figures given in letter and to secure a complete list of the melon producing points and rates, also to ascertain whether it is the intention of the originating line to publish through rates.

The recommendations of the Rate Clerks to be submitted to the C. F. A. as the recommendation of this Committee.

Rating on Sheep Pelts or Sheep Skins, Dry, Dressed in Bales.

This subject last considered at meeting Feb. 5th, proceedings 74 and referred to C. F. A. as submitted by C. F. A. Advice Letter J-268. The subject was considered at C. F. A. March meeting and recommendation adopted referring subject back to the St. Louis Eastbound Committee for additional information.

Chairman referred correspondence to a Special Committee (the member making the application for the rating) and at meeting to-day read letter giving the desired information, which was to the effect that 29 bales full wooled dry sheep pelts, weighing 21,204 lbs. were loaded in a standard size car, etc., also that sheep pelts are of less value than dry hides, etc., and it was

Moved, That in view of the facts given to us by the Special Committee in the report, that we emphasize our previous action and request that the recommendation of meeting Feb. 5th, 1904, to C. F. A., be adopted.

Sucker Rods Without Attachments, Shipped on Basis of Lumber Rates.

This subject brought up by letter May 16th and 21st, file J-488 from Chairman, C. F. A. and correspondence from Inspection Department, which were read and after discussion, the Chairman was instructed to reply to Chairman C. F. A. that the Local Freight Agents of Lines, members of this Committee, have no authority for passing billing on wooden sucker rods on any other basis than official classification.

Rate on Wheat Toledo and Detroit.

This subject brought up by letter, May 25th, file 9466 from Chairman, C. F. A. regarding Wabash R. R. having rate of 6 cts. in effect on wheat from west of the Mississippi River, East St. Louis to Toledo and Detroit, which was read and the Chairman was instructed to take the subject up with the Wabash requesting information as to whether they have a 6 cent rate in effect, if so to request copy of the tariff.

Missouri Pacific Circular 666, Routing Western Freight to, from or Through Bixby, Ill., via Carondelet, Mo.

The above subject last considered at meeting May 27th, proceedings No. 89 and the Chairman instructed to write G. F. A., Mo. Pac., for additional information.

At meeting to-day Chairman stated that he wrote on May 28th but had not as yet received reply.

In view of reply not having been received from the Mo. Pac. in answer to letter for additional information, it was

Moved, That the subject be deferred until next meeting.

Through Rates and Divisions on Melons from Points in Missouri.

This subject referred at last meeting to the Rate Clerks for consideration. At meeting to-day Chairman stated that Rate Clerks had met and formulated recommendations to the C. F. A., but that he had since received letter from G. F. A., St. L. M. & S. E. R. R. stating that they would have five groups of stations on their line instead of two as shown in recommendation to C. F. A. As change in grouping of Western Line Stations did not effect rates east of East St. Louis, the Chairman was instructed to amend the recommendation, adopted at meeting May 31st (as per letter to Chairman, C. F. A., May 31st, file 4227) making the necessary changes in the Western Lines grouping of Stations in line with Western Roads letters.

Rate on Wheat to Toledo and Detroit.

This subject last considered at meeting May 27th, proceedings No. 89, and Chairman instructed to take subject up with Wabash R. R., etc.

At meeting to-day Chairman read letters May 19th, 25th and 31st from Chairman, C. F. A. on the subject and after discussion, it was

Moved, That the subject be tabled.

Rates on Fire Brick, Etc.

This subject last considered at meeting May 20th, proceedings No. 88, brought up again by letter from Chairman, C. F. A., May 31st, file 11252, to the effect that the action of this Committee was read to the Central Committee, May 27th and urged necessary action providing for rates effective July 1st, 1904, and it was

Moved, That each member of this Committee furnish the Chairman with a copy of tariff cancelling the rate on Fire Brick, in line with action of the Committee at meeting May 20th.

Rates on Crude Phosphate Rock.

This subject brought up by Joint Letter, May 27th,

file 10533 from Chairman C. F. A. Chairman stated he submitted the letter to the Rate Clerks at meeting May 31st and their recommendation to the general Committee was read and it was

Moved, That the recommendation be adopted as the sense of the Committee.

The Rate Clerks recommendation is as follows:

"Recommended, That reply be made to Chairman, C. F. A., Joint Letter, May 27th, file 10533, that the St. Louis Eastbound Freight Committee, has no objection to the cancellation or elimination from Information 3993, such destinations not included in 4520, 4835 and 5028, provided similar action is taken at Evansville, Cairo, Gale and Thebes and further, providing that the rates from East St. Louis shall be 20 cts. per ton less than those established by the lines leading from Cairo, Gales and Thebes.

Rates on Forest Products from North Pacific Coast Points.

This subject brought up by letter May 27th, file 7330-C from Chairman, C. F. A., to the effect that Information Circulars 663 and 665-A, insofar as they apply from East St. Louis be cancelled, etc., and it was

Moved, That Chairman, C. F. A. be advised the St. Louis Eastbound Committee has no objection to the cancellation of Information Circulars No. 663 and 665-A, insofar as they apply to East St. Louis.

To Add Ralston Health Breakfast Food to List of Articles Taking Grain Products Rates.

This subject brought up by letter from a member, making application to include "Ralston Health Breakfast Food" in Grain Products list, it being claimed that the product, when shipped, was not cooked but was raw and needed to be cooked before used and following was adopted:

Whereas, Ralston Health Breakfast Food is not cooked before shipment, being simply a ground wheat,

We Recommend, That it be added to the list of articles taking Grain Products Rates.

Letters from Members for M. & O. R. R. on Fruit and Vegetable Tariff, Also Division Sheet No. 35 on Lumber.

These subjects last considered May 20th, proceedings No. 88.

Chairman stated he had received letters from all members and called attention to the C. & E. I. R. R. letter declining to give notice to the M. & O. R. R. as the C. & E. I. was not at the present time in a position to take traffic from the M. & O., etc., but would be governed by the committee action as soon as they were an initial line from East St. Louis, etc.

After discussion the Chairman was instructed to send the letters to the G. F. A., M. & O. without any remarks.

R. M. Fraser, Chairman.

Meeting adjourned until Friday, June 17th."

Meeting convened 10:30 a. m.

Discrepencies Between the Rules Governing shipments of P. H. P., Fresh Meats, Etc., in C. F. A., C. & O. R. and St. Louis-Cincinnati-Louisville Freight Committees.

The above subject brought up by letter from a member and after discussion following was adopted:

Whereas, The rules of C. F. A., C. & O. R. Committee and the St. Louis-Cincinnati-Louisville Freight Committee governing shipments of P. H. P., Fresh Meats, etc., are not uniform and

Whereas, The rules of the C. & O. R. Committee and the St. Louis-Cincinnati-Louisville Freight Committee respectively, are applied to points intermediate to the points for which they are specifically provided for and which should be governed by C. F. A. rules,

Resolved, That the matter be referred to the C. F. A. with the recommendation that uniform rules as between the St. Louis-Cincinnati-Louisville Freight Committee, the Chicago & Ohio River Committee and the C. F. A be adopted.

Rate on Lumber to Michigan City, Ind.

This subject last considered at meeting May 6th, proceedings No. 86, and recommendation sent to Chairman, C. F. A.

At meeting to-day letter from Chairman, C. F. A. was read to the effect that at meeting 8th and 9th inst. at request of the I. C. R. R. action was deferred, it being stated that at the expiration of 30 or 60 days it was thought the rates could be adjusted etc.

In view of the above, it was

Moved, That in view of the position of the I. C. R. R., action on the subject be deferred 30 or 60 days.

Rates on Lumber from Southwestern Roads to C. F. A. Points.

As instructed at meeting 10th the Chairman sent each resident member copy of memorandum of proposed action on the above subject and after discussion at meeting to-day the following was adopted:

Moved, That the subject be deferred until next meeting, in the meantime the Chairman secure tariffs of the various Southwestern Roads and draw up a comparison of rates to Cairo, Gale, Thebes, St. Louis and East St. Louis, on Lumber from Points in Arkansas, Louisiana and Texas.

Rates on Wall Plaster When from Blue Rapids and Medicine Lodge, Kan.

This subject brought up by letters from shipper which the Chairman read. It was the opinion of the members that this application should come through the Western Initial Roads and the following was adopted:

Moved, That the Chairman take the matter up with the applicant for the rates and refer them to the initial lines requesting said initial lines to take the matter up with this Committee with the view of establishing through rates and divisions from Blue Rapids and Medicine Lodge, Kansas, to Eastern Seaboard Cities via East St. Louis.

Rate on Lime, East St. Louis to Western Termini of the Trunk Lines.

This subject brought up by letter from a member making applications for rates on lime to Western Termini Points on basis of rates now in effect to Trunk Line Territory, as per C. F. A. Information 1164-A.

The subject of rates on Lime to C. F. A. points was last considered at meeting Feb. 5th, proceedings No.

74, and subject tabled, it being shown at that time that the rates from East St. Louis were not out of line with rates from other producing points.

After discussion of the subjects at meeting to-day it was

Moved, That the application be declined for the same reasons as stated above.

Application for Reduced Rates on Pigeons, Clay or Clay Targets, C. L. to Trunk Line Points.

This subject was last considered at meeting May 6th, proceedings 86, and brought up again by letter from a member making application for reduction in rate from East St. Louis, on traffic originating at Kansas City, stating that lines Kansas City to East St. Louis would make a reduction in their rate 7 cts. per 100 lbs., from 22 to 15 cts., but the rate demanded east of East St. Louis is too high to move the traffic.

It was stated that any change in the rate from East St. Louis either proportional or otherwise would immediately affect rates from other C. F. A. territory and with this in view, it was

Moved, That previous action be reaffirmed and applicant advised that the Committee do not deem it expedient to favorably consider the application for the reduced rate.

Letter from T. St. L. & W. R. R. Regarding Membership.

This subject last considered at meeting May 20th, proceedings No. 88, and as instructed Chairman wrote to A. G. F. A., T. St. L. & W. R. R. and received reply June 10th that the matter was referred to G. T. M., who replied as follows:

"We do not for the present desire to become a member of the St. Louis Eastbound Freight Committee, and in saying this, we do not want it to be inferred that our policy will be contrary to the rules and regulations

as may be made from time to time by the St. Louis Committee, but we prefer not to incur the expense at this time, and you can so answer Mr. Fraser."

And it was

Moved, That record be made accordingly.

Missouri Pacific Circular No. 666, Routing Western Freight to, from or Through Bixby, Ill., via Carondelet, Mo.

This subject last considered at meeting May 27th, proceedings 89. The Chairman stated that as instructed he had written G. F. A., Mo. Pac., May 28th and June 4th, but had as yet received no reply.

It was stated by a member that the Valley Division of the St. L. I. M. & So. Ry. had a physical connection with the Ill. Cent. R. R. and after discussion, it was

Moved, That the subject be deferred, in the meantime the Chairman ascertain whether the St. L. I. M. & So. Ry., Valley Division, has a physical connection with any line, member of the Eastbound Committee.

Application of the St. Louis & Belleville Electric and the East St. Louis & Suburban Ry. for Membership in the Committee.

The Chairman read letter from the Freight Agent of the above named roads making application for membership in the Committee and after discussion, it was

Resolved, That the application be declined the Chairman to notify the applicant accordingly.

Application for Reduced Rating on Locomotive Engines, Sent to Works for Repairs.

This subject brought up by letter from a member, which was read and after discussion, it was

Moved, That the subject be referred to the Official Class'n. Committee.

Rates and Divisions on Traffic from Arkansas, Louisiana and Texas.

This subject last considered at meeting May 20th,

proceedings No. 88. Recommendation was made to C. F. A. and considered at meeting June 8th and 9th and referred back for further consideration and recommendation.

After discussion, it was

Moved, That the subject be referred back to the original Special Committee, Messrs. Bushnell, Nichols and Knickerbocker, for further consideration and report to this Committee.

Marking Each Piece of Brick, Sewer Pipe or Tile of L. C. L. Shipments.

This subject brought up by letter from a shipper calling attention to rule requiring the marking of each piece or article shipped as per C. F. A. Information 4736 and 1036-A (Special Notice No. 1397) and after discussion following was adopted:

Moved, That it is the sense of this Committee that lines, members of the Committee, be privileged to act individually as to requiring the marking of each piece of Brick, Sewer Pipe, Tile or Cordwood of L. C. L. shipments.

Rate on Horses and Mules, East St. Louis to Sullivan, Ind.

This subject last considered March 18th, proceedings No. 79, and brought up again by letter 15th, file 11739 from Chairman C. F. A.

As the correspondence disposed of the subject no action necessary and papers ordered filed.

Proper Rates to Apply from East St. Louis on Lumber from Potosi, Mo., Etc.

This subject brought up by a member at previous meeting and the Chairman instructed to take the subject up with Inspection Department with the view of ascertaining rates charged on shipments from Potosi, Mo. and other points similarly located on which through rates would properly be a combination of locals to and from East St. Louis.

At meeting to-day the Chairman read letter from the District Inspector to the effect that on future shipments the local East St. Louis rate will be demanded and it was

Moved, That the subject be tabled.

Application for Rates to Trunk Line Points of Zinc Oxide, Same as Sublimed Lead.

This subject brought up by letters submitted by members, which were read, to the effect that as the rates on Zinc Oxide and Sublimed Lead to C. F. A. Points are the same (See Information 4889) it was the opinion of members that rates should also be the same to Trunk Line points and after consideration it was

Moved, That it is the sense of this Committee that the rates on Zinc Oxide should be on the same basis as Sublimed Lead to Trunk Line Points, it being on the same basis to C. F. A. Territory.

Rates on Zinc Ore, East St. Louis to C. F. A. Territory

This subject brought up by letter from a member, making application to establish the same rate on zinc ore from East St. Louis to C. F. A. Points as now in effect on Lead Ore, Pig Lead and Spelter.

After consideration of the subject following was adopted:

Moved, That where specific rates are not authorized on Zinc Ore to Western Termini and other C. F. A. points, that the rates in effect on Pig Lead and Spelter shall apply.

R. M. Fraser, Chairman.

Meeting convened 11:00 a. m.

Discrepencies Between the Bills on Dressed Meats and P. H. P., in C. F. A., C. & O. R. and St. L. C. L. F. Committees.

This subject last considered at meeting June 17th, proceedings No. 91, and recommendation to C. F. A. adopted.

At meeting to-day Chairman read letter from Chairman, C. F. A., to the effect that the C. F. A. will offer no objection to the St. Louis-Cincinnati-Louisville Freight Committee applying the same regulations as currently applied by the C. & O. R. Committee, etc.

It was stated by members that Chairman Tucker's letter did not cover the intent of the resolution adopted at meeting June 17th, and the following was adopted:

Moved, That reply be made to Chairman, C. F. A. that the St. Louis Eastbound Freight Committee is aware of the fact that the C. F. A. will not object to the application by the St. Louis-Cincinnati-Louisville Freight Committee, of the same rules as in effect by the C. & O. R. Committee; that is not the point, this Committee desires uniform rules as between the C. F. A., the C. & O. R. and the St. L. C. L. Frt. Committees, and respectfully requests that an effort be made to have action taken in that direction.

Marking Each Piece of Brick, Sewer Pipe or Tile of L. C. L. Shipments.

This subject last considered at meeting June 17th, proceedings No. 91, brought up again by letter from a member, which was read and it was

Moved, that the subject be docketed for consideration at next meeting.

Missouri Pacific Circular No. 666, Routing Western Freight to, from or Through Bixby, Ill., via Carondelet, Mo.

As instructed at meeting May 27, Proceedings No. 89, letter was written May 28th and June 25th to G. F. A., Mo. Pac. Ry. for the desired information and reply received by letter June 27th, file B-3, as follows:

"Yours of June 25th, file 4289, respecting the handling of Missouri Pacific business via East St. Louis and connections at that point.

"As we have now given instructions diverting Missouri Pacific business from Ivory transfer and have resumed deliveries via the Bridge, I presume incident may be considered as closed."

In reply to inquiry made at meeting June 17, proceedings No. 91, the Chairman stated that he is advised the St. L. I. M. & S. Ry., Valley Division, has no physical connection with any line, member of the Eastbound Committee.

After consideration of the above reports, it was

Moved, That the subject be docketed for further consideration at next meeting.

Rates on Lumber from Southwestern Roads to C. F. A. Points.

This subject considered at meeting June 17th, proceedings No. 91, and laid over for information.

At meeting to-day Chairman stated that as instructed he had prepared memorandum showing rates to Cairo, etc., St. Louis and East St. Louis, via the various Southwestern roads and after consideration the following was adopted:

Moved, That a Special Meeting be called at 10:30 a. m., Thursday, July 14th, to consider this subject, the members to fortify themselves with full information, tariffs, etc., so that the subject can be intelligently discussed.

Restoration of Rates on Fire Brick, Etc.

Chairman called attention to action of meetings May 20th and June 3rd, proceedings No. 88 and 90, stating that all lines having the unauthorized rates in effect had issued the necessary notices restoring the rates to the authorized basis and it was

Moved, That the subject be tabled.

Industrial Roads Switching at Granite City, Ill.

This subject last considered at meeting May 27th, proceedings No. 89, and submitted to resident members by Circular Letter No. 223, May 28th. At meeting to-day Chairman stated he had replies from all roads, which were read and after discussion the following was adopted:

Moved, That the subject be deferred until next meeting for more specific replies from some members.

Moved, That the information received be communicated to Chairman, C. F. A.

Missouri Pacific Circular No. 666, Routing Western Freight to, from or Through Bixby, Ill.

This subject last considered at meeting, July 1st, proceedings No. 92.

At meeting today the Chairman was instructed to secure information from absent members, the subject to be given further consideration at next meeting.

Rates on Lumber from Southwestern Roads to C. F. A. Points.

As the Special Committee, to whom the subject was referred at meeting July 14th was not prepared to report, it was

Moved, That the subject be laid over for the Committee's report.

Industrial Roads Switching at Granite City, Ill.

This subject last considered at meeting July 1st, proceedings No. 92, and Chairman instructed to secure more specific replies from some of the lines, members of the Committee.

At meeting today the Chairman stated he had not as yet received the replies from the roads referred to.

The representatives of the roads referred to being present, stated that they have not absorbed any of the switching in question.

In view of the above, it was

Moved, That this subject be tabled with the understanding that the Chairman will follow the matter up with the view of securing from the parties a written confirmation of their statement at meeting today.

Rate from E. St. Louis on Cotton Seed Meal from Arkansas to Eastern Cities.

This subject last considered at meeting July 1st, being brought up by letter from Chairman C. F. A. See Proceedings No. 92.

At meeting today Chairman read correspondence on the subject and after discussion following was adopted:

Moved, That Chairman C. F. A. be advised that while the intention of the Clover Leaf is correct, so far as Common points are concerned, through rates from which are made on Cincinnati combination, which is one cent less than any other, their position is not tenable so far as local points are concerned, rates from which are made on the Cairo combination and that in

billing the shipments in question, which originated at Portland and Monticello, Ark., the proportion of the Cairo rates east of East St. Louis cuts the Cairo combination 2 cents per 100 lbs., because the rates from Portland and Monticello, Ark., to E. St. Louis is 1 cent higher than Cairo.

Milling in Transit Rates on Grain to Michigan Points.

This subject submitted at meeting July 1st, proceedings No. 92 and laid over.

At meeting today, it was

Moved, That the subject be tabled.

Guarantee of Charges on Fruits and Vegetables, Etc.

This subject brought up by a member who suggested that the action of Special Meeting, as shown in proceedings June 29th, 1901, be reaffirmed, and it was

Moved, That resolution adopted June 1901, shown in Proceedings June 29th, 1901, be reaffirmed and Circular Letter issued, each resident member to be furnished with 5 copies.

The resolution referred to is as follows:

Resolved, That all roads, members of the Eastbound Freight Committee hereby agree to decline to accept a guarantee of individual shippers on shipments of Fruits, Vegetables, etc., coming from connecting lines and will receive same only as through shipments delivered by connecting lines, charges being guaranteed by the delivering lines, but will accept shipper's guarantee on shipments from St. Louis or East St. Louis proper without back charges other than Bridge and transfer.

Minimum Weight on Potatoes.

This subject last considered at meeting July 1st, proceedings No. 92. At meeting today it was stated that the Southern Potato crop had about all moved and the subject might as well be tabled, and it was

Moved, That the subject be tabled, and in the event of any tariffs being discovered showing a lower minimum than 30,000 lbs. that Chairman C. F. A. attention be called thereto, with the request that he write the line publishing the tariffs, asking that they be corrected and in the event that he fails, lines who are made parties to the tariffs to give notice of their non-concurrence.

Letter from Western Roads Regarding Rule at Memphis on Reconsigning Lumber.

The Special Committee to whom this subject was referred not being prepared to report, it was

Moved, That the subject be laid over for the Committee report.

Rate on Rice from Points West of New Orleans.

This subject last considered at meeting July 1st, proceedings No. 92, and as instructed correspondence sent to members by Circular Letter No. 230.

After consideration at meeting today, it was

Recommended, That Info. Circulars 786-A, 3687 and 1408 be amended to provide that local rates from points of shipment to East St. Louis shall be the maximum proportion accruing to lines south of East St. Louis, provided concurrent action is taken at Ohio River Crossings .

Application for Minimum C. L. Weight of 30,000 lbs. on Paint, Earth, Iron or Ochre, Dry.

This subject brought up by letter from a shipper, making application for C. L. minimum of 30,000 lbs., 6th class rates, on the Commodity in question, in line with N. Y. C. & H. R. R. Tariff A-2714, publishing 6th class minimum 30,000 lbs., westbound, while C. F. A. Info. Nos. 5071 and 1145-A, Exceptions to the Official Class'n make the minimum 40,000 lbs. Eastbound, and it was

Moved, That the Chairman correspond with Chair-

man C. F. A. in order to arrive at facts and conditions in regard to authority for making rates westbound, 6th class with Official Class'n minimum of 30,000 lbs., as against the Eastbound minimum of 40,000 lbs.

Rates and Divisions on Traffic from Arkansas, Louisiana and Texas.

This subject referred to a Special Committee at meeting June 17th, the Committee not having made report, it was

Moved, That the subject be laid over for report from the Special Committee.

Rates on Lead and Zinc Ore, East St. Louis to C. F. A. Territory.

This subject was just considered at meeting June 17th, proceedings No. 91, and brought up again by correspondence from Chairman C. F. A., to the effect that the C. F. A. should be asked to authorize previous action, and it was

Recommended, To the C. F. A. that where specific rates are not authorized on Lead or Zinc Ore to Western Termini and other C. F. A. points, that the rates in effect on Pig Lead and Spelter shall apply.

It was suggested by several members that the rates on Pig Lead and Spelter should be advanced and the following was adopted:

Whereas, In view of the fact that a sentiment prevails whereby it looks possible for an advance in the present basis of rates on Pig Lead and Spelter from East St. Louis to C. F. A. Points,

Resolved, That a Committee of four (4), with the Chairman as Chairman Ex-Officio, be appointed to look into the matter and be prepared to make a report at the first meeting of the Committee in September.

The Chairman appointed as the Committee Messrs. Bushnell, Nichols, Coyle and Keane.

Suggesting that Proceedings of This Committee be Printed and Bound.

This subject brought up by letter from Chairman C. F. A. which was read and it was suggested that the matter be deferred until next meeting in the meantime the Chairman to investigate through the Chairman of the Chicago-Cincinnati and Louisville Freight Committee, as to the cost of having the proceedings printed and bound, etc.

Rule to Govern the Limit on Return Exhibits from Worlds Fair (Louisiana Purchase Exposition) to C. F. A. Points.

This subject brought up by letter from Chairman C. F. A. calling attention to Info. 4178, in which no time limit is specified for the return of exhibits and requested this Committee to advise if the same time limit as applies to Trunk Line Traffic (90 days after close of Exposition) should apply, and it was

Recommended, To the C. F. A. that Info. No. 4178 be amended providing for the same time limit (90 days) for the return of exhibits from St. Louis to C. F. A. Territory as applicable to returned exhibits to Trunk Line Points.

Division of Rates, Cairo via East St. Louis to Canadian Points.

This subject brought up by letter from the Wabash R. R. and account of the Wabash not being represented, it was

Moved, That the subject be laid over until next meeting.

R. M. Fraser, Chairman.

Meeting convened 10:30 a. m.

Minimum C. L. Weight to Trunk Line Points on Zinc Oxide and Sublimed Lead.

This subject last considered at meeting July 19th, proceedings No. 94, brought up again by the issuance of C. F. A. Info. 1214, making the minimum carload weight, Official Class'n (30,000 lbs.) Chairman read correspondence on the subject with Chairman C. F. A. and before meeting closed stated he just received Corrected Info. No. 1214, making the minimum 40,000 lbs., effective Aug. 1st, which disposed of the subject, no action necessary.

Missouri Pacific Circular No. 666, Routing Western Freight to, from or Through Bixby, Ill., via Carondelet, Mo.

This subject last considered at meeting July 19th,

proceedings No. 94, and Chairman instructed to take subject up with absent members.

In reply to the enquiry made at meeting 19th, viz.: "Whether or not any member has absorbed the $1.50 per car switching, assessed by the Illinois Division, Iron Mountain Road, on business originating on or handled by the Missouri Pacific via Ivory Transfer," all members having answered in the negative, it was

Moved, That the subject be tabled.

Application for Change in Minimum C. L. Weight on Street Cars.

This subject brought up by letter from shipper, which was read and after careful consideration the following was adopted:

Recommended, To the Central Freight Association that the minimum weight on one Street Car, loaded on a flat car 50 foot 6 inches or more in length, be that provided for on a 50 foot 6 inch car, under Rule 27, but when two or more street cars are loaded on such cars, Rule 27 to apply in full.

Marking Each Piece of Brick, Sewer Pipe or Tile, Etc., on L. C. L. Shipments.

This subject last considered at meeting July 19th, proceedings No. 94, and laid over.

After further consideration at meeting today the following was adopted:

Moved, That the action taken at meeting June 17th be rescinded and the rules of the Central Freight Ass'n be applied.

Chairman to secure views of absentees and announce result at next meeting or by Circular Letter.

Suggestion that Proceedings of This Committee Be Printed and Bound.

This subject last considered at meeting July 19th, proceedings No. 94, and as instructed Chairman took

subject up with Chairman of the various Committees and read replies received.

Information was also furnished as to the price of printing the proceedings weekly, quoted by printers at St. Louis, etc.

After discussion the following was adopted:

Moved, That we continue the present method of issuing the proceedings of meetings of this Committee.

The question of issuing the proceedings in book form at the end of each year was then considered, and it was

Moved, That we postpone further consideration of this subject until the Chairman furnishes an estimate of the cost of publishing the book at the end of the year. The estimate to be made on 100 copies, the book to cover proceedings from Jan. 1st, 1904. The subjects to be numbered consecutively.

Rate on Pig Lead and Spelter to Western Termini.

This subject brought up by a member calling attention to rate of 10½ cents on Pig Lead, East St. Louis to Western Termini, published by a line in error and withdrawn and requesting views of all parties as to whether individual lines were disposed to hold the Baltimore rate as the minimum to Western Termini.

After consideration of the subject it was individually announced that the Baltimore rate, 12½ cents per 100 lbs., as per C. F. A. Info. 1208-A, (Special Notice No. 1495) would be the minimum rate on Pig Lead, C. L., from East St. Louis to Western Termini of Trunk Lines and same rate would apply on Spelter.

Removal of Chairman's Office.

Chairman read letter from Mr. W. S. McChesney, Pres'n Term'l R. R. Ass'n requesting that the rooms now occupied by the various Committees as Offices be vacated as the space was needed for their own use and the following was adopted:

Resolved, That our Executive Committee be empowered to act in conjunction with the Executive Committee of the St. Louis-Cincinnati-Louisville Freight Committee and the St. Louis Coal Traffic Bureau in the securing of other rooms and that their action be final.

Proper Rating to Apply on Bi-Sulphate of Carbon, in Glass, Packed in Boxes.

This subject brought up by letter from A. G. F. A., Southern Ry. which was read by the Chairman and after discussion the Chairman was requested to secure a ruling from Chairman Official Class'n Committee as to the rate applicable upon the Commodity in question, when shipped in glass, there being no provision in the Official Class'n for shipping the article in question in that manner.

Application for Minimum C. L. Weight of 24,000 Lbs., Rule 27 Not to Apply, on Scrap Tin.

This subject brought up by a member, and it was

Moved, That action be deferred account of the absence of the member bringing the subject up.

Application for Commodity Rating, East St. Louis to C. F. A. Points on New Iron and Steel Rails.

This subject brought up by letter from a member, which was read and it was

Moved, That the matter be referred to the Rate Clerks to check in a set of rates on Steel Rails, same to be submitted to the Special Committee on New Iron and Steel Rails, as the recommendation of this Committee.

Note.—Call will be issued for meeting of Rate Clerks on Wednesday, August 3rd, 10:00 a. m., sharp.

Practice of Delivery Carload Shipments to Various Parties.

This subject brought up by letter from Chairman

C. F. A. and submitted to members by Circular Letter No. 236. All members not being prepared to act upon the subject today, it was

Moved, That the subject be laid over until next meeting.

Division of Rates, Cairo via E. St. Louis, to Canadian Points.

This subject last considered at meeting July 19th, Proceedings No. 94, and laid over. At meeting today, it was

Moved, That the subject be laid over until next meeting, in the meantime the Chairman to secure from Wabash Ry. a copy of reply received to their letter July 1st to F. T. M., Canadian Pacific Railway.

Weights on Wool.

This subject brought up by letter from District Inspector, which was read, and it was

Moved, That the letter be issued by Circular Letter to the resident members with the request that action suggested by the District Inspctor be taken.

See Circular Letter No. 238.

Rates on Wool.

Chairman stated he had received communication from a member charging manipulation of rates on Wool.

The communication referred to was read and the following adopted:

Moved, That the Chairman answer that the matter has been given careful consideration, and having been unable to find any proof that roads are charging anything but tariff rates on wool, and in the absence of definite evidence to the contrary being shown, the subject be laid over until next meeting in order to give the complainant an opportunity to present his case in person.

Application for Reduced Rate on Barytes Ore.

This subject last considered at meeting Aug. 12th, proceedings 96 and subject laid over for additional information.

At meeting today Chairman read correspondence between this office and Commissioner Trunk Line Ass'n regarding price f. o. b. at Eastern Cities, etc., also submitted information as to the price f. o. b. East St. Louis, and after discussion, it was

Moved, That the application be declined.

Rate on Cotton Seed Meal from Arkansas to Eastern Cities.

This subject last considered at meeting Aug. 12th, proceedings 96, and laid over. After further consideration of the subject at meeting today following was adopted:

Moved, That Chairman C. F. A. be advised that the St. Louis Committee desires through rates established on Cotton Seed Meal, Cake, etc., to Trunk Line Territory via all gateways with all opportunities for manipulation eliminated, and with this end in view suggests a conference of interested roads from Cincinnati, Louisville, Cairo, Gale, Thebes and East St. Louis.

Rates on Export Traffic via Gulf Ports vs. Atlantic Ports.

This subject considered at meeting Aug. 12th, proceedings 96, and laid over.

At meeting today correspondence between G. F. A. C. & A. Ry. was submitted for consideration, and it was

Moved, That the subject be deferred until next meeting account of the absence of the member bringing the subject up.

Rate on Zinc Oxide to Trunk Line Territory.

This subject considered at meeting Aug. 12th, proceedings 96, and laid over.

After further consideration of the subject at meeting today, it was laid on the table.

Letter from a Member Regarding Use of Rates in Info. 3901 and 4823 on Pyrites, Pyrites Screenings or Sulphide Ore Being Applied on Zinc Sulphide Ore.

This subject last considered at meeting Aug. 12th, proceedings 96, and referred to Chairman C. F. A. for informatoin.

At meeting today letter from Chairman C. F. A. was read giving the information, which is to the effect that it was contemplated to apply rates on a certain kind of rock which contains sulphur, commonly known as Sulphide Ore and the same may be said of rates authorized to apply on Pyrites.

After discussion of the subject, it was

Moved, That as the matter is simply a difference between individual lines and the Inspection Bureau and should be settled between them, subject be laid on the table.

Rates on Lumber from Southwestern Roads to C. F. A. Points.

This subject considered at meeting Aug. 12th, proceedings 96, and recommendation made to C. F. A., see C. F. A. Advice Letter J-898.

At meeting today Chairman read letter from Chairman C. F. A. to the effect that several members suggest that proposition be docketed for consideration by Committee on Relation with Southern Roads at the September meeting, which would be done, and it was

Moved, That the subject be laid over until after action of the C. F. A. at the September meeting.

Weights on Wool.

This subject last considered at meeting July 29th, proceedings 95, and as instructed, submitted to members by Circular Letter No. 238.

At meeting today Chairman read replies received to Circular Letter 238 and after discussion, it was

Moved, That action be deferred until next meeting.

Rates and Divisions on L. C. L. Shipments of Rice from Louisiana Points to C. F. A. and Trunk Line Territory.

This subject brought up by letter from a member, submitting copy of joint letter from G. F. A., Mo. Pac.

Ry. addressed to various members of the Committee, which was read, and it was

Moved, That the subject be laid on the table.

Rates and Divisions on Traffic from Arkansas, Louisiana and Texas. Rates on Pig Lead and Spelter to C. F. A. Points.

At meetings June 17th, proceedings 91, and July 9th, proceedings 94, above subjects were referred to Special Committees for consideration.

The Committees not being prepared to make report at meeting today, requested more time, which was granted.

Owners Risk Release on Return Shipments from World's Fair.

This subject brought up by letter from a member, which was submitted to members by Circular Letter No. 242.

At meeting today Chairman read replies received from some of the roads, which were to the effect, that a separate release should be executed for each shipment which it was desired to return free.

After consideration the Chairman was instructed to advice the World's Fair Terminal R. R. that a release should be executed for each shipment which it is desired to return free; in fact that is the only way in which adequate protection can be given by the carriers, and as it is the sole condition required, it should be willingly furnished by the beneficiaries, through the World's Fair Terminal which charges its full revenue for transporting goods in both directions.

Exhibits for the Lewis & Clark Exposition.

This subject brought up by letter from Chairman C. F. A., also by a member, which was submitted by Circular Letter No. 243, to all members.

After consideration of the subject at meeting today the following was adopted:

Recommended, To the Central Freight Ass'n that an extension of time limit be granted under the original terms and conditions governing the free return of exhibits from St. Louis, Mo., as per C. F. A. Info. Nos. 4178, 4261, 5328 and Trunk Line Ass'n Freight Circulars A-464 and 466, on such of the shipments as may be exhibited at the Lewis & Clark Centennial Exposition, Portland, Oregon.

Rates On Grain to C. F. A. Points.

Communication from Chairman Central Freight Ass'n suggesting that rates on wheat from East St. Louis to all points in Central Freight Ass'n Territory

should be restored to authorized basis was read, and the view was held that the situation towards securing an advance in grain rates hinges on the restoration of the authorized basis from East St. Louis to Detroit and Toledo, and as the lines interested in the direct handling of grain from East St. Louis to Detroit and Toledo are not prepared to announce willingness to advance to authorized basis, the opinion is that uniform action in the direction of securing an advance cannot be accomplished at the present moment.

The further view was expressed that this grain rate situation has reached the stage where an advance to authorized basis will of necessity have to receive attention of the Chief Traffic Officials before the desired end can be attained, and the Chairman was instructed to notify Chairman Central Freight Ass'n. accordingly.

Application of Proportional Rates on Wheat Out of East St. Louis Elevators.

This subject brought up by letter from Chairman Central Freight Ass'n., which was read, and after consideration, Chairman was instructed to advise Chairman Central Freight Ass'n. that the proportional rates on grain which are being protected from East St. Louis to Central Freight Ass'n Points are in accordance with the published tariffs of initial lines, the St. Louis Eastbound Committee believing that the same rates should be charged on Grain loaded from East St. Louis Elevators as are applicable on Grain from St. Louis Elevators or West thereof.

Application for Rate On Fire Brick and Fire Clay, East St. Louis to Clarksburg, W. Va.

This subject brought up by letter from a member which was read, and it was:

Recommended, To the Central Freight Association that a rate of $3.00 per net ton, C. L. minimum 40,000 lbs. (unless car furnished by railroads has less weight

capacity, in which case the marked capacity of car shall govern as the minimum weight, but not less than 30,000 lbs. will be charged), be established on Fire Brick and Fire Clay, East St. Louis to Clarksburg, W. Va.

Rates On Exports Traffic via Gulf Ports vs. Atlantic Ports.

This subject was last considered at meeting Sept. 2nd, Proceedings No. 97 and laid over.

After further consideration at meeting today it was:

Moved, That the subject be tabled.

Pyrites (Iron) Pyrites Screenings or Sulphide Ore Rates Being Applied On Zinc Sulphide Ore.

This subject last considered at meeting Sept. 2nd, Proceedings No. 97, and subject laid on the table.

At meeting today Chairman read subsequent correspondence from Chairman Central Freight Ass'n to the effect that the rates shown in Information 3901, 4823 and 4766 were intended to apply on Iron Sulphide Ore.

After consideration, following was adopted:

Moved, That we recommend to the Central Freight Ass'n that Information Nos. 3901, 4823 and 4766 be re-issued and made to apply on Pyrites (Iron), Pyrites Screenings (Iron) and Sulphide Ore (Iron).

Rates On Lumber From Southwestern Roads to C. F. A. Points.

At meeting Aug. 12th, Proceedings 96, recommendation made to C. F. A. (See C. F. A. Advice Letter J-898.)

At meeting today Chairman read letter Sept. 20th, file J-898, also Advice Letter K-9, to the eect that at C. F. A. meeting Sept. 14th-15th, it was individually decided that the present adjustment of rates on Lumber from East St. Louis to all C. F. A. Points west of the Western Termini be continued.

After discussion the following action was taken:

Moved, That in view of the disposition made of this subject by the Central Freight Ass'n., as per Advice Letter No. K-9, that it be referred back to the Sub-Committee, who prepared previous recommendation, for further consideration and report.

The Sub-Committee referred to is Messrs. Walter Nichols (Chairman), N. W. Taylor, P. W. Coyle and Ed. Keane.

Rates and Divisions On Sand From Missouri Pits to C. F. A. Points.

This subject brought up by a member calling atten-

tion to C. F. A. Info. 5429, naming rates on Sand, all kinds, C. L. from Missouri pits, viz.: Crystal City, Klondike, Pacific and Silica, to C. F. A. points, and after due consideration the Chairman was instructed to write Chairman Central Freight Ass'n. that this Committee notices that to certain points in the Gas Belt, where rates have heretofore been on a parity, the rates via East St. Louis in Info. 5429, are now 10 cents higher, and that it is the understanding of the St. Louis roads that there was to be no change in the basis of rates, but simply a relative reduction, and ask him why the change was made.

The following action was also taken:

Moved, That the Chairman request Western Lines, viz: Frisco-Missouri Pacific and M. K. & T., having the sand pits on their lines, to publish through rates on the basis outlined in Central Freight Ass'n. Info. No. 5429, allowing lines east of East St. Louis and Alton 50 cents less than the rates therein mentioned as the Eastern Lines proportion of the through rate, and report result by Circular Letter.

The consideration of subjects No. 4 to 14 inclusive, named on the docket, were laid over until next meeting.

On motion the meeting adjourned until Friday, Sept. 30th.

Weights On Wool.

This subject last considered at meeting Sept. 2nd, Proceedings 97, and laid over.

At meeting today action was postponed until next meeting.

Application of Cairo Rates On Lumber From Mobile & Ohio Intermediate Stations in Illinois.

This subject last considered at meeting Sept. 2nd, Proceedings 97, and laid over.

At meeting today the subject was laid over for action at next meeting.

Rates and Divisions On Traffic From Arkansas, Louisiana & Texas—Rates on Pig Lead and Spelter to C. F. A. Points.

At meeting June 17th, Proceedings 91, and July 19th, Proceedings 94, the above subjects referred to a Special Committee.

Chairman of the Special Committee having these subjects under consideration stated that they were not prepared to make report and requested more time, which was granted.

Application for Commodity Rating On Drums, Sheet Iron.

This subject brought up by letter from a member,

submitting letter from a shipper making application for rate on Empty Caustic Soda Drums, 26 cts. per cwt. East St. Louis to Allegheny, Pa., etc., and after consideration of the proposition it was

Moved, That the subject be referred to the Official Class'n. Committee.

Rate On Lumber to Michigan City, Indiana.

This subject last considered at meeting June 17th, Proceedings 91, and subject tabled. Brought up again by letter from Chairman C. F. A., which was submitted to all members by Circular Letter No. 250, and at meeting today roll was called for the purpose of ascertaining whether all lines are publishing rate of 10 cts. per 100 lbs. on Lumber, East St. Louis to Michigan City.

All lines present answered in the affirmative, and the Chairman was instruced to advise Chairman Central Freight Ass'n. that so far as East St. Louis Lines are concerned, the rates are in line with the present authorizations.

Advancing Drayage Charges.

This subject last considered at meeting Sept. 2nd, Proceedings 97, and subject tabled.

At meeting today Chairman read letter Sept. 6th, File 6698, from Chairman C. F. A., and reply thereto authorized and subject tabled again.

Rates On Wheat or Grain, East St. Louis to C. F. A. Points.

This subject previously considered at Special Meeting Aug. 24th and Sept. 9th, see Proceedings No. 98. At meeting today Chairman read subsequent correspondence on the subject, and the following was adopted:

Moved, That Chairman Central Freight Ass'n be advised that it is the sense of this Committee now, that it is futile to call a meeting of the Chief Freight

Traffic Officials of the St. Louis Lines until the attitude of the lines from East St. Louis to Toledo and Detroit, which have been carrying the 6 cent rate, is determined, because if the 6 cent rate to those points cannot be cancelled, rates to Cleveland and other C. F. A. points cannot be advanced.

In regard to the 7 cent rate now in effect to Cleveland, the East. St. Louis lines are willing to establish rate of 7½ cents on a date to be fixed concurrently with lines operating through Upper Mississippi River crossings, and Chairman Central Freight Ass'n is again requested to confer with Chairman Mahoney, in order to fix on a date, etc., as per action of this Committee on Aug. 24th.

Rates On Lumber From Southwestern Roads to C. F. A. Points.

This subject considered at meeting Sept. 23rd, Proceedings 99, and referred to Special Committee for consideration and report.

At meeting today the majority and minority report of the Committee was read.

The Chairman of the Special Committee not being present, it was

Moved, That the subject be laid over until next meeting and made a special order of business.

Note: The Chairman was instructed to send the Special Committee Reports to the resident members by Circular Letter. See Circular Letter No. 251.

Application From a Member for Reduced Rating On Stands, Range Boiler.

This subject brought up by a member making application for reduction, the rating now being 2nd class, and after consideration it was

Moved, That the subject be referred to the Official Class'n Committee.

Discrepancies Between Rules On Dressed Meats and P. H. P., of C. F. A., C. & O. R. and St. Louis-Cincinnati-Louisville Frt. Committees.

This subject last considered at meeting Sept. 2nd, Proceedings 97, and laid over, account absence of the member bringing subject up.

After further consideration of the subject today, it was

Moved, That a Special Committee of three be appointed, of which two shall be representatives of lines, members of the St. Louis-Cincinnati-Louisville Freight Committee, to draft a set of rules to be embodied in the individual tariffs, covering the question at issue and report their conclusions at next meeting.

Messrs. R. H. Sheill (Chairman), R. A. Campbell and Edw. Hart, Jr., were appointed as the Special Committee.

Switching, Trackage, Etc. Charge at National Stock Yards.

This subject last considered at meeting Sept. 2nd, Proceedings 97, and Chairman instructed to advise Chairman Central Freight Ass'n in line with information received from Traffic Manager National Stock Yards, as per Circular Letter No. 247.

At meeting today Chairman read letter from Chairman C. F. A., dated Sept. 20th, File 11868, requesting that the National Stock Yards charge be made a matter of record, and it was

Moved, That the information be embodied in the next issue of the St. Louis Eastbound Freight Committee Schedule of Switching Charges.

Application for Rate on Wool, in Grease, any Quantity, East St. Louis to Madison, Ind., Same as in Effect to Louisville, Ky.

This subject brought up by letter from a member, and after consideration it was

Recommended, To the Central Freight Ass'n that rate of 25 cts. per cwt. be established on Wool, in grease, in bags, sacks or bales, any quantity, East. St. Louis to Madison, Ind.

Rates and Divisions on Deciduous Fruits.

This subject brought up by letter from a member, calling attention to C. F. A. Info. No. 1227-A, Aug. 18th, 1904, advising C. F. A. lines will participate in the same through rates on the above commodity from points in Colorado, Idaho and Utah, as are made from Pacific Coast, etc., and after discussion it was

Moved, That we recommend to the Central Freight Ass'n the adoption of a rule on the same lines as C. F. A. Info. No. 1227, series A, providing for rates on Deciduous Fruits in carloads from Colorado, Utah and Idaho points to Eastern points, via East St. Louis, it being understood that as the rates from those points to East St. Louis are 5 cts. more than accrues to lines east of Chicago.

Rates and Divisions On Sand.

This subject last considered at meeting 23rd, Proceedings No. 99. The Chairman read correspondence with Western roads regarding publication of through rates which were not favorable to the proposition, also letter from Chairman C. F. A. to the effect that rates named in Info. 5429 were correct.

After consideration, the Chairman was instructed to obtain from the Western lines, the Frisco, M. K. & T. and Mo. Pac., their rates from the Sand Pits to St. Louis and those of the M. K. & T. to West Alton, and then from the representatives of the Bridge Companies, the respective rates from St. Louis to East St. Louis and from West Alton to Alton, that would apply in the publication of through rates to the Gas Belt Territory. Eastern lines can then publish the rates, plus enough to protect the through rates, as per C. F. A. Info. 5429.

Note: The Chairman was also instructed, as soon as he secured the desired information, to issue Circular Letter to the members, with the request that they publish through tariffs, using said figures as a basis for the through rates and divisions.

Rates On Zinc Oxide to Trunk Line Territory.

This subject brought up by letter from Chairman C. F. A., submitting letter from Commissioner Trunk Line Ass'n, which was read, and after consideration the Chairman was instructed to advise Chairman Central Freight Ass'n that this rate was not predicated upon a westbound rate, but was established after due consideration by this Committee, was passed upon and approved by the Central Freight Ass'n and adopted because of a commercial necessity.

Application for Minimum Carload Weight of 30,000 Lbs. On Earth Paint, Iron or Ochre, Dry.

This subject last considered at meeting July 19th, Proceedings No. 94, and subject taken up with Chairman C. F. A., with the view to having minimum westbound advanced to 40,000 lbs.

At meeting today Chairman read letter Sept. 24th, from Chairman C. F. A., to the effect that Trunk Lines advise that under existing conditions they could not see their way clear to make any advance, and it was

Recommended, To the Central Freight Ass'n that the minimum weight, as per C. F. A. Info. 5071 and 1145-A, on Earth Paint, Iron or Ochre, dry, be reduced to 30,000 lbs., in view of the fact that we cannot compete in common territory against Eastern Manufacturers on a higher minimum than they enjoy.

The Lewis and Clark Exposition.

This subject considered at meeting Sept. 2nd, Proceedings 97, and recommendation made to C. F. A.

At meeting today subject brought up again by letter from Chairman C. F. A., giving action of Trunk Lines,

which was read, and Chairman was instructed to refer Chairman C. F. A. to action taken at meeting 2nd inst., Proceedings 97.

Rates and Divisions On Bran, Mill Feed and Ship Stuff, C. L. as per M. & O. Tariff I. S. 5153, and Division Sheet Thereto.

This subject brought up by letter from a member, which was read, and after consideration it was

Moved, That the subject be laid on the table.

Rates On Cotton Seed Meal From Arkansas to Eastern Points.

This subject last considered at meeting Sept. 2nd, Proceedings 97, and recommendation made to Chairman C. F. A. for joint conference between lines from Ohio River crossings, Cairo, Gale, Thebes and East St. Louis, also Arkansas Lines.

The Joint Conference took place in Central Freight Ass'n Rooms, Chicago, Friday, Sept. 23rd, as per Advice Letter K-24.

At meeting today attention was called to Southwestern Tariff No. 4-C, Supplement No. 2, Sept. 28th, 1904, not showing through rates, but proportions up to Cairo, Gale, Thebes, etc., and proportion beyond, also that rate to Cincinnati, via C. R. I. & P. from groups one and three points is 15 cts., and the Chairman was instructed to call Chairman Cale's attention to the fact that it was agreed that rates would be advanced to 18 cts., also call his attention to not having published through rates, as contemplated, from originating point to eastern destination, the intention being to have rates published through, so as to in every case, in addition to the advance to 18 cts., avoid the use of the Lexington or any other basis.

Rates on Green Salted Hides, East St. Louis to Columbus, Ohio.

This subject brought up by a member making appli-

cation for rate of 15 cts. on Green Salted Hides, East St. Louis to Columbus, Ohio, the application being based on rate to Dayton, 12 cts., and to Zanesville, 17 cts.

After consideration it was

Moved, That the application be declined.

Rate On Sand to Toronto, Ontario.

This subject brought up by a member making application for rate of $2.35, East St. Louis to Toronto, which was read.

Attention was called to rate Chicago to Toronto, $2.25, Chicago to Buffalo, $2.20, and from East St. Louis to Buffalo, $2.45, now in effect.

After discussion, the Chairman was instructed to take subject up with the Grand Trunk and Canadian Pacific Ry's, suggesting that rate of $2.50 be established, East St. Louis to Toronto, this being on a parity with rate from Chicago.

Application for Rate On Baled Cypress Shingle Sawdust.

This subject brought up by letter from a shipper, to the effect that he desired Lumber rate applied on the commodity in question.

As Eastbound Exceptions to Official Class'n. as per C. F. A. Info. 5071, S.-N. 1464, makes Lumber rate applicable on Sawdust to C. F. A. and Western Termini Points, the Chairman was instructed to so advise the applicant, and subject tabled.

Including "Free Returned" Shipments From Louisiana Purchase Exposition, in Statistics.

Chairman requested information as to whether the Tonnage of "Free Returned" Exhibits from the Louisiana Purchase Exposition should be included in the statistics, and was instructed to NOT include any "Free Returned" Exhibits from the Louisiana Purchase Exposition, as it is not revenue freight.

On motion, meeting adjourned until Friday, Oct. 14th.

Meeting convened 10:30 a. m.

Rates On Lumber From Southeastern Roads to C. F. A. Points.

This subject last considered at meeting Sept. 30th, Proceedings No. 100, and as instructed, Chairman issued Special Committee Majority and Minority Reports resident members by Circular Letter No. 251, dated Oct. 3rd. At meeting today, on motion the reports of the Committee were received.

After discussion, the following resolution was adopted:

Moved, That the minority report, as promulgated in Circular Letter No. 251, be adopted.

It was further

Moved, That Messrs. Bushnell and Sheill be appointed a Committee to condense the Minority Report as adopted, to be sent to the C. F. A., as the recommendation of this Committee.

The recommendation transmitted to Chairman C. F. A. by letter Oct. 15th, is in effect same as previously recommended and submitted in C. F. A. Advice Letter J-898, Aug. 16th, 1904.

Missouri River Wheat to C. F. A. Points.

This subject last considered at meeting Sept. 30th, Proceedings No. 100, and recommendation made to C. F. A. Subject brought up again by letter and telegram from Chairman C. F. A., which were submitted to resident members by Circular Letters Nos. 256 and 257.

At meeting today Chairman was instructed to advise Chairman C. F. A. that St. Louis Lines will, on advice from Chairman C. F. A., to the effect that lines operating from Upper Mississippi River crossings concur, advance proportional rate on wheat to Cleveland, and Cleveland rate points to 7½ cts. per 100 lbs., effective Nov. 1st, 1904.

Rates On Sand to C. F. A. Points.

This subject last considered at meeting Sept. 30th, Proceedings No. 100, and Chairman instructed to take subject up with Western Lines and the Bridge Companies for the purpose of ascertaining their rates and minimum carload weights from Missouri Pits to East St. Louis and Alton.

The information received was transmitted to resident members by Circular Letter No. 258.

At meeting today attention was called to rates proposed from Illinois pits via Chicago to C. F. A. Points, as per C. F. A. Advice Letter K-39, and suggestion made that provision be likewise made for rates to the same destinations from Missouri pits via East St. Louis, and the following was adopted:

Moved, That a meeting of the Rate Clerks be called to check in rates on Sand from Missouri pits in line with those recommended by the Chicago Committee, as submitted in C. F. A. Advice Letter No. K-39, and report their conclusions as a recommendation to this Committee.

The Rate Clerks to work in line with existing authorities, making the rates apply from Missouri pits to Eastern destinations as a through rate.

Rule 27 Official Class'n Not Being Enforced.

This subject brought up by letter from the Chief Inspector, making a general charge that Committee Roads were violating Rule 27 of the Official Class'n, and after discussion, the Chairman was instructed to write the Chief Inspector for specific information.

Shall Bills Lading Be Issued On Dray Tickets On Receipts Signed by World's Fair Terminal R. R. or Their Agent.

This subject brought up by letter from a member, to the effect they were asked to issue Bills Lading on dray tickets or receipts signed by the World's Fair Terminal R. R. or their agent, and after discussion it was

Moved, That World's Fair Terminal Receipts be only recognized when endorsed by the regular common carrier that receives the goods from the World's Fair Terminal R. R. for forwarding, and that the Southern Freight Committee be advised of this action, also that the roads performing the service, viz: Rock Island System, Wabash, Frisco and Missouri Pacific be notified.

Prepayment of Freight Charges On Range Horses.

This subject brought up by letter from a member, submitted to resident members of the Committee by Circular Letter No. 255.

After consideration today it was

Moved, That the subject be tabled.

Application of Cairo Rates On Lumber From M. & O. Intermediate Stations in Illinois to Points Named in M. & O. Tariff, I. S., 3991.

This subject last considered at meeting Sept. 30th, Proceedings No. 100, and laid over after further consideration today it was

Moved, That the subject be laid on the table.

Shall Rates On Castiron Pipe From East St. Louis, as Per C. F. A. Info. 5455, Etc., be Reissued as a Special Notice.

This subject brought up by joint letter Oct. 6th, File Info. 5455, from Chairman C. F. A., which was submitted to members by Circular Letter. At meeting today attention was called, by the Chairman, to action taken at meeting Dec. 11th, 1903, Proceedings No. 68, on the subject of Rates on Castiron Pipe From East St. Louis, when it was stated "As no Castiron Pipe is manufactured in East St. Louis it was not deemed of sufficient importance to have the information amended."

As the conditions have not changed, and there is no more occasion now to publish rates than there was when action mentioned was taken, it was

Moved, That the subject be tabled.

Weights On Wool.

This subject last considered at meeting Sept. 30th, Proceedings 100, and laid over for views of absent members on the following resolution:

Moved, That the members instruct their respective Agents at East St. Louis or St. Louis to waybill all shipments of wool at actual gross weights and file a copy of their instructions, which should be issued, effective not later than Oct. 15th, with the Chairman.

All Eastbound Roads having approved the above,

all resident members were notified accordingly by Circular Letter No. 252.

At meeting today Chairman stated he had on file copies of letters from all members to their East St. Louis or St. Louis local Agents instructing them to bill wool at actual gross weights, and it was

Moved, That the subject be laid on the table.

Rates and Divisions on Deciduous Fruits From Colorado, Idaho and Utah.

This subject considered at meeting Sept. 30th, proceedings 100, and recommendation to C. F. A. adopted from Chairman C. F. A.

At meeting today Chairman read letter 5th, File 9880-A, asking whether "It is the desire of the St. Louis Lines to accept Pacific Coast Terminal Earnings as minimums on Apples from Colorado, Idaho and Utah.

After consideration of the proposition, the Chairman was instructed to advise Chairman C. F. A. that this Committee concurs in the opinion that the present authorization (Info. 1227-A) should be made clear and specific, that we also reaffirm our previous action and request that the new authorization make it possible to handle the traffic through East St. Louis on the same relative basis as through Chicago.

Rate On Lumber to Michigan City, Ind.

This subject last considered Sept. 30th, Proceedings 100, at which time roll was called and all members answered that their rate was 10 cts. per 100 lbs. on lumber, East St. Louis to Michigan City.

At meeting today Chairman read Letter 11th, File 9311-A, from Chairman C. F. A., and after consideration it was

Moved, That the subject be laid on the table.

Application for Rate On Baled Cypress Shingle Sawdust.

This subject last considered Sept. 30th, Proceed-

ings 100, and Chairman instruced to advise party making application that Lumber rates are applicable to C. F. A. Territory.

At meeting today the party making application submitted another letter stating they desired rate to Trunk Line Territory, and after consideration it was

Recommended, To the Central Freight Ass'n that Lumber rates, prepaid, be made to apply on Sawdust and Shavings, pressed in bales, C. L. minimum weight 24,000 lbs., Rule 27 Official Class'n to apply, from East St. Louis and Ohio River Crossings to Trunk Line Territory.

Uniform Rules to Govern Stopping, Feed, Etc., in Transit.

This subject brought up by Advice Letter No. K-39½ from Chairman C. F. A., which was submitted to members by Circular Letter No. 253, and after consideration today the Chairman was instructed to advise Chairman C. F. A. that as Mill Stuffs, Feed, etc., are not stopped in transit at East St. Louis for mixing, etc., no action on the part of this Committee is necessary.

Rates and Divisions On Traffic From Arkansas, Louisiana and Texas.

This subject referred to Special Committee at meeting June 17th, Proceedings 91. The Committee not being prepared to report today, requested more time, which was granted.

Rates On Pig Lead and Spelter to C. F. A. Points.

This subject referred to a Special Committee at meeting July 19th, Proceedings 94. At meeting today it was stated by a member of the Committee that from the information obtainable, it would appear that these rates cannot be advanced at present, and after discussion the Committee was discharged and subject tabled.

Discrepancies Between Rules On Dressed Meats and P. H. P. of Central Frt. Ass'n, C. & O. R. and St. L. C. L. Frt. Committees.

This subject at meeting Sept. 30th referred to a Special Committee. See Proceedings 100. The Committee not being prepared to report today, requested more time, which was granted.

Rating On Sheep Pelts or Sheep Skins, Dry, Pressed in Bales.

This subject last considered at meeting May 27th, Proceedings 89, and at C. F. A. June meeting referred to Chicago Com. for recommendation. At meeting today Chairman read letter from Chairman C. F. A. submitting Chicago Committee report, which is to the effect that no change be made in existing rates on the traffic in question.

After discussion, it was

Moved, That the subject be laid over for consideration at next meeting.

Printing Proceedings of Meetings of the Committee.

As instructed at meeting July 29th, Proceedings No. 95, the Chairman took up subject of printing the proceedings of the Committee in book form for the year 1904, etc., and submitted estimates of the cost, etc., and after discussion it was decided that the proceedings were not to be printed and bound, but to be issued in mimeograph form as heretofore.

On motion, meeting adjourned until Friday, Oct. 28th.

Meeting convened at 10:30 a. m.

Missouri River Wheat, East St. Louis to C. F. A. Points.

This subject last considered Oct. 14th, Proceedings 101, information from Chairman C. F. A. submitted to resident members by Circular Letters No. 260 and 263.

At meeting today Chairman stated he had corrected tariffs from all roads who had carried the reduced proportional rates, making 7½ cts. to Cleveland and Cleveland Rate Points, etc.

The Chairman was instructed to take the subject up with Chairman Central Freight Ass'n, calling his attention to the fact that Western Lines from Upper Mississippi River Crossings have not in all cases cor-

rected their tariffs to conform with rates in effect from East St. Louis, and request him to take the matter up with interested lines and have them correct their tariffs in accordance with the figures in effect from East St. Louis.

Rates and Divisions on Traffic from Arkansas, Louisiana and Texas.

Discrepancies Between Rules on Dressed Meat and P. H. P. of C. F. A., C. & O. R. and St. L. C. L. Frt. Committees.

The above subjects referred to Special Committees for consideration and report.

The Committees not being prepared to make report today, more time was granted.

Rates On Sand to Central Freight Ass'n Points.

This subject last considered at meeting Oct. 14th, Proceedings No. 101, and referred to Rate Clerks.

At meeting today Chairman read report of Rate Clerks, as follows:

"Moved, That in view of Chairman Central Freight Ass'n, Letter of the 17th inst., File K-39, advising that the Central Freight Ass'n Lines have declined to concur in the rates submitted by Advice Letters No. K-39 on sand, carloads, from Illinois pits to Central Freight Ass'n Territory, it is unecessary for us to check in rates based upon this issue.

We respectfully recommend to the St. Louis Eastbound Freight Committee that in our opinion any change in the sand rates from Illinois or Missouri pits should be had, only as result of joint check, believing that any advances or reductions should be put into effect simultaneously from both territories, similar to the action taken by the Central Freight Ass'n on sand rates to the Gas Belt region, as promulgated in Info. No. 5429, Sept. 17th, 1904," and it was

Moved, That the report be adopted as the sense of

this Committee, and transmitted to Chairman C. F. A. for his guidance in future.

Rule 27 Official Classification Not Being Enforced.

This subject last considered at meeting Oct. 14th, Proceedings No. 101, and Chairman instructed to secure specific information from the Chief Inspector.

At meeting today, Chairman stated he had letter from the Chief Inspector giving specific information, which was transmitted to the various interested members, replies received were read and, after consideration, it was

Moved, That the Chief Inspector be furnished with a copy of the replies received and subject tabled.

The following was also adopted:

Moved, that attention of Chairman Official Class'n Committee be called to the fact that opinion expressed by members of this Committee is to the effect that the minimum for cars, provided under Rule 27, cannot be enforced under law, when a short car is ordered and a longer car furnished, and it is demonstrated that the shipment can be actually loaded on a car of the size ordered, and request that the Official Class'n Committee give the matter consideration, with the view to remedying the situation.

Application for Reduced Rating on Fire Brick to Middletown, Ohio.

This subject brought up by letter from a member making application for reduced rate.

After consideration, it was

Moved, That the application be denied and subject laid on the table.

Weights On Wool.

This subject last considered at meeting Oct. 14th, see Proceedings No. 101, brought up again by letter from a member, which was submitted to resident members by Circular Letter No. 262.

At meeting today it was

Moved, That further consideration of the subject be postponed until next meeting.

Rating On Sheep Pelts or Sheep Skins, Dry, Pressed in Bales.

This subject considered at meeting Oct. 14th, Proceedings No. 101, and laid for further information from Chairman Central Freight Ass'n.

At meeting today letter from Chairman Central Freight Ass'n was read giving the desired information, but account of several members not being present, the subject was laid over until next meeting.

Rate and Divisions of Pig Iron From Holt, Ala., via M. & O. R. R. to Trunk Line Points.

This subject brought up by letter from a member submitting correspondence with G. F. A., M. & O. R. R., which was read, and after discussion the subject was laid over until next meeting.

Tariffs and Division Sheets, Published by Lines Not Members of This Committee, to be Checked Jointly Before Concurred In by Members of the Committee.

In view of there not being a full attendance, the subject was laid over until next meeeting.

Allowance for Elevation On Wheat Shipments.

Laid over until next meeting.

Application for Rates and Divisions on Wall Plaster, Texas and Oklahoma Territory to Interior Trunk Line Points.

This subject brought up by letter from a shipper, making application for rates to interior points on the same percentage basis, i. e., scale the rates down on established authorities, as in effect to Trunk Line Points under Information 1172-A.

After consideration of the subject it was decided that shipments to Providence and Portland are entitled to the Boston rate, and that it is not considered expedient to disturb the present adjustment to intermediate points.

Marking Each Piece of Brick, Sewer Pipe or Tile of L. C. L. Shipments.

This subject brought up by letter from a member, which was communicated to the District Inspector with the request that he make investigation and advise.

At meeting today, Chairman read reply to the effect that there has been some violations of C. F. A. Rules 4736 and 1036-A, but the situation is improving.

In view of the above, it was

Moved, That the matter be referred to the Inspection Bureau for enforcement of the rule.

Rates and Divisions of Yellow Pine Lumber From Arkansas and Louisiana.

This subject last considered at meeting May 20th, Proceedings No. 88, and referred to C. F. A.

The subject was brought up again at meeting today, by letter from a member calling attention to C. & A. Ry. Tariff, G. F. D. 13382, Division Sheet to Kansas City Southern Tariff No. 1798, naming certain through rates on Yellow Pine Lumber from Kansas City Southern Stations.

After consideration, it was

Moved, That the subject be referred to Chairman C. F. A., to be presented by him to the Central Committee for consideration in connection with papers on C. F. A., Subject 5656, Page 204, Proceedings Sept., 1904.

Application for Reduced Rate On Stands, Range Boiler.

This subject last considered at meeting Sept. 30th,

Proceedings No. 100, and referred to Official Class'n Committee.

At meeting today Chairman read letter Oct. 18th from Chairman Official Class'n Committee that the Committee did not see its way clear to recommend any change in existing classification, and it was

Moved, That record be made accordingly and subject tabled.

Application for Reduced Rating On Locomotive Engines, Sent to Works for Repairs.

This subject last considered at meeting June 17th, Proceedings No. 91, and subject referred to Official Class'n Committee.

At meeting today, Chairman read letter, Oct. 18th, from Official Class'n Committee to the effect that they did not see their way clear to make any change in existing classification of the property, and it was

Moved, That record be made accordingly and subject tabled.

On motion, meeting adjourned until Friday, Nov. 11th, 1904.

Rates and Divisions On Traffic From Arkansas, Louisiana and Texas.

This subject was last considered May 20th, Proceedings No. 88, and recommendation made to C. F. A. The recommendation was not approved, but was sent back for further consideration.

At meeting June 17th, Proceedings No. 91, it was referred to a Special Committee for consideration and report.

At meeting today the Chairman read report of the Special Committee, as follows:

"In view of the apparent misunderstanding on the part of some lines as to the position of the East St. Louis Gateway, in connection with this subject, your Committee respectfully suggests that the matter be referred to a conference between East St. Louis Lines and Roads leading eastward from Ohio River Crossings, Cairo, Gale and Thebes.

After consideration, it was

Moved, That the report be accepted, the committee discharged and the report be submitted to the Central Freight Ass'n as the recommendation of this Committee.

Discrepancies Between Rules On Dressed Meat and P. H. P. of Central Freight Ass'n, Chicago & Ohio River and St. Louis-Cincinnati-Louisville Freight Committees.

At meeting Sept. 30th, Proceedings No. 100, this

subject referred to a Special Committee for consideration and report. Chairman of the Special Committee stated at meeting today that they were not prepared to make report, and requested more time, which was granted.

Rating On Sheep Pelts or Sheep Skins, Dry, Pressed in Bales.

This subject last considered at meeting Oct. 28th and laid over. See Proceedings No. 102.

At meeting today the following was adopted:

Recommended, That it is the sense of this Committee that the information furnished by Chairman C. F. A. as result of investigation given the subject, as well as consideration it has received at the hands of the Chicago Freight Committee, does not satisfactorily dispose of the subject; further, the arguments before presented by this Committee for the establishment of commodity basis of rates on Dry Sheep Pelts, pressed in bales, originating in Western Territory described, same as prevails per the Official Class'n on Dry Hides, pressed in bales, are under the circumstances worthy of further review, we therefore request Chairman Central Freight Ass'n to again docket the subject for consideration of Committee on Relations with Western Roads at next meeting of the Central Freight Ass'n.

Rates and Divisions On Pig Iron From Holt, Ala., via M. & O. R. R. to Trunk Line Points.

This subject considered at meeting Oct. 28th, Proceedings No. 102, and laid over.

At meeting today the following was adopted:

Recommended, That this subject be referred to Chairman C. F. A., with the request that it be referred to the Committee on Relations with Southern Roads for consideration at their first meeting; further

Recommended, That the Committee on Relations

with Southern Roads consider C. F. A. Info. Circular No. 559-A in connection with this subject, and endeavor, if possible, to have relative percentages established through Cairo, and other Ohio River Crossings, this action being necessary in order to allow East St. Louis Lines to participate in the traffic.

Rule 27—Official Classification Not Being Enforced.

This subject last considered at meeting Oct. 28th, Proceedings No. 102, and referred to Official Class'n Committee.

At meeting today, for information of members, letter from Chairman Official Class'n Committee was read, giving his views and stating that he would docket subject for next regular meeting as requested.

Application for Commodity Rating on Drums, Sheet Iron.

This subject considered at meeting Sept. 30th, Proceedings No. 100, and recommendation made to Official Class'n Committee.

At meeting today Chairman read letter from Chairman Official Class'n Committee to the effect that the Committee could not recommend any change in the existing class'n of the property, and subject was laid on the table.

Rates On Lumber, Thebes to Trunk Line Points, C. & E. I. R. R. Supplement No. 7 to I. C. C. No. 1264.

This subject considered at Special Meeting Nov. 7th, and laid over account of C. & E. I. R. R. representative not being present.

At meeting today the representative of the C. & E. I. R. R. stated their reasons for issuing the Tariff referred to, and after a general discussion on the subject the following was adopted:

Whereas, The representative of the C. & E. I. R. R. stated that their action in issuing the tariff from Thebes was to meet the conditions created by lines op-

erating through Gale and East St. Louis gateways and Kansas City and East Louisiana, and while these unauthorized tariffs apply only on Yellow Pine, the C. & E. I. would not hold higher rates on Hardwool Lumber and Forest Products than on Yellow Pine, it is

Recommended, That this subject be referred to the Chairman Central Freight Ass'n, to be presented by him to the Central Committee for consideration in connection with papers on C. F. A. Subject No. 5656, Page 204, proceedings Sept., 1904, with the explanation that the action of the C. & E. I. R. R. is predicated on the existence of unauthorized rates from points on the St. Louis, Iron Mountain & Southern and the Kansas City Southern Roads, which are operated in connection with lines east of the Mississippi River gateways, East St. Louis and north.

Increase in Charge by Terminal and Switching Lines at E. St. Louis Necessitating Correction of Schedule of Switching Charges No. 3.

This subject brought up by letter from a member calling attention to increase of charges by Terminal and Switching Lines, as promulgated in their new Tariff, effective November 1st.

After discussion, it was

Moved, That St. Louis Eastbound Freight Committee's Schedule of Switching Charges No. 3, dated April 14th, 1902, be cancelled, effective October 31st, 1904.

Note: For information as to switching rates, see individual issues of the Terminal and Switching Lines.

Increase in Switching Charge by Wabash Railroad to Industries in North St. Louis.

This subject brought up by letter from a member, which was read, and after discussion it was

Moved, That the subject be laid over for further consideration at next meeting.

Letter from G. F. A., M. & O. R. R. Regarding Division of Rates from Newton, Laurel and Ellisville, Miss., on N. J. & K. C. R. R.

This subject brought up by letter from a member, submitting correspondence with G. F. A., M. & O. R. R. regarding percentage divisions between all points and Laurel, Newton and Ellisville, Miss.

The Chairman stated he had taken the subject up with G. F. A., M. & O. R. R. for further information, and it was

Moved, That the subject be laid over until next meeting.

Note: It was suggested that if the Chairman secures the desired information from G. F. A., M. & O., before C. F. A. meeting, he refer subject to Chairman C. F. A.

Rate On Soap Stock, Tallow, Etc., Chicago to Detroit, C. F. A. Info 5508.

This subject brought up by letter from a member calling attention to C. F. A. Advice Letter K-88, also Info 5508, which authorizes rate 10 cts. per 100 lbs. from Chicago to Detroit, requesting that rate of 15 cts. be established from East St. Louis to Detroit, to put the East St. Louis gateway in line with Chicago, and it was

Recommended, To the Central Freight Ass'n that rate of 15 cts. per 100 lbs. be established on Cotton Seed Foots, Cotton Seed Settlings, Grease, Soap Stock, Spent Lye and Tallow, C. L., minimum weight 40,000 lbs., unless the marked capacity of car is less, in which case the marked capacity of the car is to be the minimum weight from East St. Louis, Ill., to Detroit, Mich., in line with rate of 10 cts., in effect from Chicago as per Info, 5508.

Rate On Boat Oars, Carloads.

This subject brought up by letter from Chairman

C. F. A., calling attention to Missouri Pacific Tariff I. S. 12512, naming rates from Millikin, La., to Boston, Baltimore, New York and Philadelphia, on Boat Oars.

The Chairman was instructed to call attention of Chairman C. F. A. to Division Sheet No. 1, applying in connection with above referred to tariff, which shows that the traffic is supposed to pass through Gale, if this is not the case, the Committee would like specific information to the contrary.

The Chairman was instructed to call the Chief Inspector's attention to Rule 16-B of the Official Class'n and the subject was ordered tabled.

Rate on Grain from Missouri River, East St. Louis to C. F. A. Points.

This subject brought up by letter from G. F. A. Mo. Pac. Ry. regarding rates on Grain from west via East St. Louis, which was read and the Chairman was instructed to advise G. F. A. Mo. Pac. that as result of recent check, the rates from East St. Louis are on a relative basis with rates through Upper Crossings.

Rate on Cotton from East St. Louis when from West via St. Louis vs. Rate from East St. Louis When from West via Cairo, Thebes, Etc.

This subject brought up by letter from a member, submitting copy of letter from G. F. A. M. K. & T. Ry. which was read and following action taken:

Recommended, That the subject be referred to the Central Freight Ass'n with the request that it be passed to the Special Committee having in charge the adjustment of pro-rating arrangements with lines south of East St. Louis.

Application of 6th Class Rate on White Lead, Dry, C. F. A. Info. 5071, on White Lead Containing 5 Per Cent of Oil.

This subject brought up by letter from Chairman C. F. A., calling attention to T., St. L. & W. R. R. accepting shipments of white lead, containing 5 per cent of oil, at 6th class rates.

The Committee was of the opinion that this was an irregularity and should properly be handled by the Central Committee, and the Chairman was instructed to refer the subject back to Chairman Central Freight Ass'n, to be presented to the Central Committee.

Application for Rate on Button Blanked from East St. Louis in Line with C. F. A. Info. 1225-A.

This subject brought up by letter from a member who was not present, and it was:

Moved, That the subject be laid over until next meeting.

Authoritative Representation on the Committee, Meeting Day, Etc.

At a Special Meeting of the Committee November 25th the following action was taken and submitted to members by letter Nov. 28th, file 4223, for their views, etc.

Resolved, That in order to dispose of the question of authoritative representation on the St. Louis Eastbound Committee, the Chairman be directed to address resident members, requesting each member to designate the representative of his road who shall in his absence from the city represent him as a substitute on the Committee, with full authority to act for his road on all traffic matters that may come before the Committee, the same as if the resident member himself were present. If such substitute has not the requisite authority, his road shall not have representation, unless by official higher in authority than the resident member.

It was further

Resolved, That future meetings will be held at the Committee Room, 314 Wainright Building, on Tuesday of each week at 10:00 A. M. In the event of a quorum not being present at 10:30 A. M. there will be no meeting. The Docket Call for the meeting to be

issued on the Saturday preceding date of meeting, subjects not appearing in Docket shall not be considered unless by unanimous consent of members present, and in case of such subjects being considered the final announcement shall not be made until absentees shall have had opportunity to consider such questions.

At meeting to-day the resolutions adopted at Special Meeting Nov. 25th were adopted as the sense of the Committee.

Request to Advance Loading Charges, Etc., on Shipments Which Pay Transportation Charges Through to Destination.

The meeting having been called at request of Mr. J. M. Allen, Traffic Manager World's Fair Term'l

R. R., he stated the difficulties encountered in connection with the prompt forwarding of exhibits, requesting that immediate relief be afforded.

After due consideration of the subject, action was taken as follows:

Whereas, The conditions existing in the removal of exhibits from the Louisiana Purchase Exposition, owing to shortage of motive power, lack of tracks, and the urgent desire on the part of exhibitors to remove exhibits, has been found, upon explanation of the Traffic Manager, to be of such serious moment as to require relief on the part of the lines terminating in St. Louis in the matter of an amendment to the present rules or tariffs, which require that all terminal charges shall be fully prepaid on exhibits which are entitled to free return; therefore, be it

Resolved, That it is the sense of this meeting that in order to afford the relief asked for the rules or tariffs in effect covering return shipments will be amended to permit of forwarding domestic exhibits, entitled to free return, with the terminal charges following through to destination.

Provided, however, that the authorized release executed shall bear in each case the following wording, to be placed on the face of the release with a rubber stamp and to be signed by the exhibitor before shipment has been made:

"——— hereby request the World's Fair Terminal R. R. and connections to forward the shipments mentioned herein with the terminal charges (as per tariffs governing), to follow through to destination as an advance charge. ——— hereby agree to pay in full the above charges at destination, immediately upon presentation of bill.

_____

"Exhibitor."

If the release covers more than one consignment a separate "Request and Guarantee" as above shall be executed for each consignment and be attached to the

waybill or waybills for such consignments, when going to the railroad forwarding the shipments free.

In view of the fact that immediate relief is required for the movement of exhibits now on track within the World's Fair Grounds and connections, it is unanimously agreed that the Agent of the World's Fair Terminal R. R. must secure from the exhibitor a request and guarantee as indicated above, and must forward this request and guarantee simultaneously with the billing, where possible, and where not possible to mail said paper to the Agent of the initial line in St. Louis or East St. Louis, giving reference to the billing, at the earliest possible moment.

It is understood that the above plan shall only cover business now loaded in cars.

It is further unanimously agreed that the Agent of the World's Fair Terminal R. R. must forward a Circular Letter to each and every exhibitor where the above guarantee has not been obtained and supply the initial line with a copy of said letter, covering any such business as may have been forwarded on which the guarantee above indicated was not obtainable by reason of the absence of the exhibitor.

It is understood that the Agent of the World's Fair Terminal R. R. shall cause to be stamped on the face of each and every dray ticket or receipt given to the exhibitor, in addition to the above release, a concise notice to this effect:

"This shipment will be forwarded to destination with the terminal charges following, as per signed agreement."

It is further understood that the above relief shall not affect export business.

It is further understood and agreed that in the event of any complications arising with their connections or with the exhibitor at destination, the World's Fair Term'l R. R. agree to afford the carrier every possible relief in the manner of effecting delivery by promptly corresponding with the consignee and using

every possible means of relieving the carrier of the consignment.

In accordance with Circular Letter No. 279, Dec. 28th, the meeting convened at 11:30 a. m. for the purpose of arranging details made necessary by action of the joint meeting of representatives of initial lines from St. Louis and East St. Louis interested in the transporation of Exhibits from the World's Fair (Louisiana Purchase Exposition.)

On motion a Committee of three was appointed to prepare a report which was submitted and after due consideration and amendment the following was adopted:

At a joint conference, held yesterday, of St. Louis and East St. Louis lines, interested in the movement

of exhibits to be returned free, from the Louisiana Purchase Exposition, evidence was given showing it impracticable to conform with the rules as per Central Freight Ass'n. Information 4178 and amendments, Trunk Line A-464, June 27th, 1903 and A-466, July 8th, 1903 and issues of other Associations and individual lines, insofar as concerns the prepayment of terminal charges at St. Louis on Domestic Exhibits returned free, and in order to furnish the relief that the exigencies of the situation require it was unanimously agreed by St. Louis and East St. Louis Lines to receive and forward the said shipments without the prepayment of the terminal charges where prepayment is impracticable.

At Special Meeting of the St. Louis Eastbound Freight Committee, held to-day, the above understanding was affirmed to be put in operation at once under the following agreement, which was adopted by the joint conference referred to:

"That the authorized Release executed shall bear, in each case, the following guarantee to be placed on the face of the Release with a rubber stamp and to be signed by the exhibitor before shipment is made.

"——— hereby request the World's Fair Terminal R. R. and connections to forward the shipments mentioned herein with the terminal charges (as per tariffs governing) to follow through to destination as an advance charge and agree to pay in full the above charges at destination, immediately upon presentation of bill.

——————— Exhibitor."

Shipments will be waybilled with notation: "Charges guaranteed by consignee. Agent at destination will not make delivery without payment of advances.

Resolved, That the foregoing be transmitted to Chairman, Central Freight Ass'n. requesting that he promulgate this action to Central Freight Ass'n. Lines, as well as Trunk Lines.

Meeting convened 10:30 a. m.

1. *Rates on Zinc Oxide to Trunk Line Points.*

This subject was brought up by letter to Chairman C. F. A., considered at meeting Dec. 20th, see proceedings No. 106, and laid over.

After consideration at meeting, 4th, the Chairman was instructed to reply to Chairman Central Freight Association that a majority of the members were in favor of the establishment of the present rate, considering it a commercial necessity to induce a movement.

2. *Discrepancies Between Rules of the Central Freight Ass'n., the C. & O. R., and St. Louis-Cincinnati-Louisville Freight Com. on Dressed Meats and P. H. P.*

This subject last considered at meeting Dec. 20th, see proceedings No. 106. The Chairman stated he had

taken subject up with Sec'y C. &. O. R. Committee with the view of having the C. & O. R. Committee amend their rules, rates etc., and received reply to the effect that they were not prepared to adopt C. F. A. rulings, list of articles, etc., and after consideration following was adopted:

Recommended to the Central Freight Association that Circular No. 5586, rule 3 line 8 be amended by the elimination of the word "CLASS" and that the 8th line be changed to read: "Official Class'n. at the actual weight and at their carload rate."

The Chairman sent a copy of the correspondence to Chairman C. F. A. showing that we have endeavored to reconcile the differences, have been unable to do so, and now make a flat recommendation.

3. Rates on Sand from Missouri Pits to Kennard and New Castle. Ind.

This subject brought up by letter from Chairman, Central Freight Ass'n. to the effect that Chicago Freight Committee had made application for rate from Ottawa, Wedron and Millington, Ill. to Kennard and New Castle, Ind., of $1.40 per net ton and requested to know the rates desired by St. Louis Lines from Missouri Pits, etc.

As rate to Kennard and New Castle, Ind. should be the same as to Gas Belt Points, as per Information No. 5429, it was

Recommended, To the Central Freight Association the establishment of rate of $1.50 per net ton on Sand from Missouri Pits, Crystal City, Klondike, Pacific and Silica, to Kennard and New Castle, Ind., in line with rate of $1.40, recommended from Illinois Pits.

4. Rates and Divisions on Sand from Pacific and Crystal City to Indiana Points.

This subject brought up by letter from a member, calling attention to letter received from G. F. A., Fris-

co, which representative of the Frisco stated was an error and would be recalled, no action being necessary, the subject was ordered stricken from the docket.

5. *Return of Exhibits to Trunk Line Points that Have Been Sent from World's Fair to Lewis and Clark Exposition, Portland, Oregon.*

This subject brought up by letter from a member calling attention to C. F. A. Information 5409, covering C. F. A. Points on exhibits returned from the Lewis and Clark Exposition and that no corresponding action had been taken on shipments to Trunk Line Territory.

The Chairman read correspondence with Chairman C. F. A. on the subject, also called attention to Proceedings No. 97, Sept., at which time it was recommended by this Committee that authority be granted to cover both C. F. A. and Trunk Line Territory, and it was

Moved, That we hereby request Chairman Central Freight Ass'n. to issue a series A Information or Advice Letter, in line with Information 5409, covering the point at issue for the information of interested lines, including the Trunk Lines.

6. *Rate on Zinc Ore, East St. Louis to Cleveland.*

This subject brought up by inquiry from Chairman C. F. A. as to whether this Committee has recommended that lead ore rates apply on Zinc Ore, etc., if not, why the 12½ ct. rate published on Zinc Ore to Cleveland.

Chairman stated that he had replied referring him to Advice Letter J-819, proceedings July 19th, 29th and Aug. 12th, etc. No further action being necessary, it was

Moved, That the subject be tabled.

As the regular meeting of the C. F. A. will be held next week, it was

Moved, That this meeting adjourn until next Tuesday, Jan. 17th.

7. *Rate on Oil Stones in Bulk, Rough Quarried, C. L., from Arkansas to Littleton and Pike Station, N. H.*

This subject last considered at meeting Dec. 20th., proceedings No. 106.

At C. F. A. meeting 11th and 12th rate of 34 cts. per 100 lbs. from Memphis was authorized.

As the rate from East St. Louis will be 2 cts. out of line as compared with Memphis, Cairo, Gale and Thebes, the following was adopted:

Whereas, the recent legislation in the Central Freight Ass'n. authorizing rate of 34 cts. on Oil Stones, rough quarried, C. L., from Memphis to Littleton and Pike Station, N. H., results in making the same through rates from quarries at Benton and Hot

Springs, Ark., to those points via Memphis and Cairo, Gales and Thebes, respectively, but as Western Roads hold rate of 16 cts. to East St. Louis, the East St. Louis combination is 2 cts. higher than the Cairo, Gale, Thebes or Memphis combination, viz.:

From Benton to Littleton and Pike Station, N. H.

	Via Memphis.	Via Cairo, Gale and Thebes.	Via East St. Louis.
To Crossing	11c	13c	16c
East of Crossing	34	*32	*31
Total	45	45	47

From Hot Springs, Ark., to Littleton and Pike Station, N. H.

	Via Memphis.	Via Cairo, Gale and Thebes.	Via East St. Louis.
To Crossing	17c	19c	22c
East of Crossing	34	*32	*31
Total	51	51	53

*Sixth class rate authorized by C. F. A. Info. 1185-A.

(6th class rate authorized by C. F. A. Information 1185-A), therefore, be it

Recommended, To the Central Freight Ass'n. that a Specific proportional rate of 29 cts. per 100 lbs. be established from East St. Louis to Littleton and Pike Station, N. H.; further

Recommended That the Specific of 29 cts. per 100 lbs. from East St. Louis to Eastern points mentioned shall be applied in lieu of the division of the established through rates from Cairo, Thebes, and Gale via East St. Louis.

It is further

Recommended, That the action of this Committee be referred to the Special Committee having in charge the question of rates and divisions on traffic from points in Arkansas, Louisiana and Texas, with the statement that the necessity exists for a rule which

will enable all rates fixed to all points in C. F. A. and Trunk Line Territory via any one crossing, to be simultaneously equalized via all other gateways, with divisions limiting line to the local as maximum.

8. Yellow Pine Lumber from Cairo, Etc., to Michigan City, Ind., 10 cts. Per 100 Lbs.

This subject brought up by letter from a member calling attention to Mo. Pac. Tariff I. S. 12618 naming rate, Gale to Michigan City, 10 cts., etc., which was read and after discussion, it was

Moved, That action be postponed until next meeting.

9. Unauthorized Application of Spelter Rates on Zinc Scrap.

This subject last considered at meeting Dec. 13th., proceedings No. 105.

At meeting to-day Chairman read letter 5th, file 12089 from Chairman C. F. A., and after discussion it was

Moved, That the subject be stricken from the docket.

10. Rate on Green Salted Hides, C. L., to New Market, Ont.

This subject brought up by letter dated Montreal, Jan. 9th., file 43649 from G. F. A. Grand Trunk Line Ry. as follows:

"Dear Sir:—

"We are publishing a rate on Green Salted Hides, C. L., from Chicago to Newmarket, based on 2 cts. per 100 lbs., over the current 5th class rate to Toronto and are wiliing that the same basis should be applied from East St. Louis. Will you kindly notify your members accordingly? I have asked Chairman Tucker to notify the C. F. A. Lines."

As Chairman was instructed to issue Special Notice giving copy of letter from G. F. A. Grand Trunk Ry.

as authority for publication of the rate (See Special Notice No. 1560.)

11.—(1) Rate on Zinc Oxide.

This subject last considered at meeting Jan. 4th, proceedings 107. The Chairman was instructed to compile statistics showing movement of Zinc Oxide, White and Red Lead, Litharge and Sublimed Lead and at meeting to-day, after further consideration, the following was adopted:

Recommended, To the Central Freight Association that the rate on Oxide Zinc, C. L., be advanced to 6th class basis to Central Freight Association and Trunk Line Territory, the same as applies on Red and White Lead and Litharge.

On motion meeting adjourned until Tuesday, Jan. 24th, 1905.

Meeting convened at 10:30 a. m.

12.—8.—Yellow Pine Lumber from Cairo, Etc., to Michigan City, Ind., 10 Cts. Per 100 Lbs.

The subject brought up by letter from a member calling attention to Mo. Pac. Tariffs IS-12608 publishing rate of 10 cts. from Gale to Michigan City, as shown in proceedings Jan. 17th, No. 108, and laid over.

As Wabash and the Southern Ry. were the only members shown on tariff as being parties to same and as Wabash representative stated at meeting Jan. 17, and Southern Ry. representative stated to-day that they had notified the Gen'l Freight Agt. Mo. Pac. that they would demand their percentage proportion of the rate of 12 cts., Gale to Michigan City. No further action necessary, it was

Moved, That the subject be stricken from the docket.

13. Application for Commodity Rating to Trunk Line Territory on Roofing Tile Same as Pressed Brick.

This subject brought up by letter from a member submitting letter from a shipper, making request for reduced rating, etc., which was read, and it was

Moved, That the Chairman advise the applicant that it is the sense of this Committee that it is deemed inexpedient to make any change in the present basis.

14. (11) Rate on Zinc Oxide.

This subject considered at meeting Jan. 17th, proceedings 108, and recommendation made to the Central Freight Association to advance rates on Zinc Oxide to 6th class basis to Central Freight Association and Trunk Line Territory.

The subject brought up again at meeting to-day by letter from a member protesting against action taken and offered a resolution withdrawing the recommendation that was made to the Central Freight Association last meeting, which was not adopted.

The Chairman was instructed to docket for consider-

ation at next meeting the subject of "Rates on Sublimed Lead," also the question of applying the 6th class rates on Pig Lead and Spelter to Central Freight Association Territory, including Western Termini Points.

A Committee of three, Messrs. Bushnell (Chairman), Nichols and Peachy were appointed to draw up a protest against the present low rates on Pig Lead and Spelter.

15. *What Roads and East Freight Lines Have Percentage Arrangements in Effect Between Stations on the St. L. K. & W. Territory and Eastern and Virginia Cities at Variance With Joint Rate Committee Circulars.*

This subject brought up by letter from Chairman Central Freight Association and submitted to members by Circular Letter No. 280.

Answers not having been received from all members the subject will be continued on the docket for next meeting.

16. *Proposition to Change Official Classification to Provide Rate on Wool, Any Quantity Only.*

This subject brought up by letter from a member, which was read and after discussion following was adopted:

Whereas, It is usually impossible to load 10,000 lbs. of scoured, brushed or tub washed Wool in a standard 36-foot car, and

Whereas, Shippers on failure of carriers to load 10,000 lbs. in a standard car, insist that they have not exercised sufficient care in loading it, and if it was properly packed, 10,000 lbs. can be loaded into a standard car and refuse to pay the excess charges that are assessed, therefore, be it

Recommended, To the Official Class'n. Committee that they provide rating on Wool, scoured, brushed or

tub washed, 1st class, any quantity, and on wool in the grease, 2nd class, any quantity, and that the item, Wool, n. o. s., C. L., Minimum 10,000 lbs., subject to Rule 27, 2nd class, be eliminated from the Official Class'n.

17. It Is Customary to Apply Authorized Rates in Effect to Cincinnati, to Points Shown in Minimum Basing Book No. 9, as Taking Cincinnati Rates.

The subject brought up by letter from a member, which was read and the following adopted:

It is the sense of this Committee that rates authorized by the St. Louis-Cincinnati-Louisville Freight Committee may be applied to points taking the Cincinnati rates, as per minimum basing Book No. 9 and supplements thereof.

18. Application for Commodity Rating to Trunk Line Points on World's Fair Staff, Architectural Ornaments or Statuary.

This subject brought up by letter from a member which was read and it was

Recommended, To the Central Freight Association the establishment of 2nd class rate on Staff, Architectural Ornaments or Statuary, C. L. minimum weight 10,000 lbs., originating at the Louisiana Purchase Exposition (St. Louis World's Fair), destined to points east of the Western Termini of Trunk Lines, when loaded on flat or gondola cars only, owners risk of breakage, valuation limited to $100 per car, and to be so expressed by consignor on shipping ticket, tariffs to expire July 1st, 1905.

19. Rules in Relation to the Issuance of Bills of Lading, Adopted by the Chicago Freight Committee.

The subject brought up by Chairman Central Freight Association submitting copy of rules adopted by the Chicago Committee and suggesting similar rules be adopted by this Committee, etc.

The Chairman was instructed to secure a sufficient number of copies of the Chicago Freight Committee Rules to send to each member of the Committee a copy with Circular Letter.

20. Furnishing the Illinois Terminal R. R. With a Copy of Minimum Basing Book. No. 9.

The Chairman stated that he had request from the Gen'l. Agent of the Illinois Terminal R. R. for a copy of Minimum Basing Book No. 9 and was instructed to furnish same at the regular price, viz: $2.00 per copy.

21. Applying Rates to Red and White Lead, Dry, Upon White Lead in Oil.

This subject brought up by letter from a member, which was read, and the Chairman was instructed to refer the subject to the Special Committee appointed to draw up protest on Pig Lead and Spelter rates, etc.

On motion meeting adjourned until Tuesday, Jan. 31st., 10:00 a. m.

22.-(15) *What Roads and Fast Freight Lines Have Percentages Arrangements in Effect Between Stations on the St. L. K. & N. W. Ry. and Eastern and Virginia Cities.*

This subject considered at meeting Jan. 24, proceedings 109 and laid over account of replies to Circular Letter No. 280 not having been received from all members.

At meeting to-day the replies received were read but as all replies did not give the desired information, the subject was again postponed with the understanding that all members make a thorough investigation and come prepared to give full information at next meeting as to whether or not they have any Road or Line percents in effect and if so, by what Fast Freight Lines and whether they are prepared to cancel them, providing all lines will do so.

23. *Classification of Ale or Beer Barrels vs. Cider Barrels.*

This subject brought up by letter from a member, making application for reduced rating on cider barrels.

As the subject of rating on barrels had been considered at previous meetings, the Committee was of the opinion that it would be inadvisable to make or suggest any change and thus open up the whole question of rating on barrels new or old, again, and it was .

Recommended, That the application be declined.

Adopted individually by roads interested.

24. *Proposed Form of Tracer, Submitted by the St. Louis Traffic Bureau.*

This subject brought up by letter from a member,

submitting letter and copy of proposed tracer, of the St. Louis Traffic Bureau, which was read, and after consideration, were laid on the table.

25. Application for Reduced Minimum Carload Weight on Potatoes.

This subject brought up by letter from a member submitting letter from a shipper at Tyler, Tex., making application or request that minimum be reduced from 30,000 to 24,000 lbs., which were read, and it was

Recommended, That the application be declined.

Adopted individually by roads interested.

26. Through Tariffs and Division Sheets to be Published by Western Roads on Sand from Missouri Pits.

This subject brought up by action taken at meeting St. Louis-Cincinnati-Louisville Freight Committee Jan. 25th, at which time it was decided to request Western Roads to publish through rates and divisions from Sand Pits to Cincinnati, Louisville, etc., and suggested that the St. Louis Eastbound Freight Committee Roads take similar action.

Chairman read correspondence on the subject and after discussing lines interested individually announced, that effective March 1st, they will cancel tariffs or division sheets, which they may have published on sand originating at Missouri Pits, destined to points shown in C. F. A. Information No. 5429, 5604 and 5638 and individually request Western Roads to publish through rates and divisions from Missouri Pits, as provided in Information Circulars No. 5429, 5604 and 5638, it being further individually announced that if through rates were not published by Western Lines, local rates from East St. Louis, as per Information Nos. 4364, 4382 and 4509 will be applied.

Note.—It was the understanding that corresponding action to the above will be taken by lines operating through Alton.

27. Rate on Broom Corn, Western Points via Chicago and Peoria, vs. East St. Louis on Through Shipments to Trunk Line Points.

This subject brought up by letter from Chairman Central Freight Association, Jan. 24th, file 1181-A, which was read, and it was

Moved, That the matter be referred to a meeting of the Rate Clerks for investigation and recommendation to this Committee at next meeting.

28. Rates on Sublimed Lead.

This subject was placed on docket on request of a member and at meeting to-day it was proposed to recommend to the C. F. A. that rate be advanced to White Lead basis, effective on legal notice, but after consideration, it was

Recommended, That the subject be tabled.

Adopted individually by roads interested.

29.-(21) Report of Special Committee on Pig Lead and Spelter Rates to Trunk Line Territory. Also Proposition for Rates on White and Red Lead, Dry, to be Applied on Shipments in Oil.

The Chairman of the special Committee stated they had met and given the first subject consideration, but on account of lack of time, had not been able to make a formal report.

In view of the above, it was

Moved, That the Committee be given further time, which was granted.

The Special Committtee Chairman then stated that they had not considered the second subject and

Moved, That the subject of applying Red and White Lead, Dry, rates on White Lead in Oil, be lifted from the Special Committee and submitted to the General Committee for disposal.

After due consideration by the General Committee it was individually announced that the subject be tabled.

30. Proposition to Apply 6th Class Basis on Pig Lead and Spelter to Central Freight Association Points.

It was decided that this subject be referred to the Special Committee, having under consideration the subject of Rates on Pig Lead and Spelter to Trunk Line Territory, to be reported upon at next meeting.

31. Next Meeting of the Committee.

As some of the members expect to attend meeting of the Special Committee on Through Rates and Divisions from and to Southern Points, provided for at C. F. A. Sept. 1904 Meeting (Subject 5674) called for Feb. 7th, at C. F. A. Rooms, the Committee adjourned until Tuesday, Feb. 14th.

Meeting convened at 10:30 a. m.

The meeting was called at request of a member in letter as follows:

"Dear Sir:—

"I am in receipt of a letter from a Committee of the Merchants Exchange in regard to present adjustment of rates on Export Grain from the Missouri River and East St. Louis to Gulf versus Atlantic Ports.

"As this is a matter of great importance, will you kindly call a Special Meeting of the St. Louis Eastbound Freight Committee to-morrow at 10:30 a. m. to consider it?"

After the letter referred to above, from the Merchants Exchange was read and a general discussion of the subject, the following resolution was offered:

Whereas, The development of Gulf Ports and facilities for handling Export Grain traffic thereat and the publication of low rates from St. Louis to New Orleans, etc., have changed the relative conditions at St. Louis, as well as at the Missouri River and

Whereas, The present rate adjustment from East St. Louis to Eastern Seaboard Ports, that is, on basis of 116 per cent of rates established from Chicago, causes too great a difference in rates as between Atlantic and Gulf Ports, and

Whereas, The geographical location of St. Louis with reference to Chicago, i. e., the fact that St. Louis is nearer Gulf Ports than Chicago and Chicago is nearer Atlantic Ports than St. Louis, which makes the relative rate adjustment on export traffic higher from Chicago to the Gulf than from St. Louis to the Gulf, although the rates from Chicago to Atlantic Ports are lower than from East St. Louis to Atlantic Ports,

Resolved, That we recommend to the Central Freight Association that lines leading eastwardly from East St. Louis be authorized to meet the conditions which exist at St. Louis and to make such proportional rates from East St. Louis as may be necessary to place Atlantic Seaboard Ports on a parity with Gulf Ports, it being considered that a differential of 3 cts. per 100 lbs. from East St. Louis, f. o. b. vessels Baltimore, in excess of the rate in effect from St. Louis to New Orleans, is a reasonable and proper adjustment.

The views of the individual roads being called for resulted:

In the affirmative, 4.
In the negative, 4.

The proposition was declared "Not Adopted," but action of the meeting was ordered transmitted to the Chairman Central Freight Association for consideration, and action of the C. F. A. roads.

On motion meeting adjourned.

Meeting convened 10:30 a. m.

32. (22) *What Roads and Fast Freight Lines Have Percentage Arrangements in Effect Between Stations on the St. L. K. & W. R. R. and Eastern and Virginia Cities.*

This subject last considered meeting Jan. 31st, proceedings No. 110, and laid over for further information.

At meeting to-day it was stated or shown that the percentages in effect had been or would be cancelled immediately with the exception of one road and the representative of said road expected that he might be able to report same action having been taken as soon as he could communicate with the Chief Traffic Officer.

Note.—The Chairman to be advised of conclusion and if not in line with the above to notify members by Circular Letter.

33. (26) *Through Tariffs to be Published by Western Roads on Sand from Missouri Pits.*

The Chairman referred to action at meeting Jan. 31st, proceedings No. 110 and Circular Letter No. 283, Feb. 1st, file 5025, giving present status of affairs and after discussion it was

Moved, That further consideration be deferred until after March 1st.

34. Application for Rates on Sand, Beckers, Mo., on C. R. I. & P. Ry. and from Grays Summit, Mo., on Missouri Pacific Ry. to C. F. A. Points Same as from Other Pits.

This subject brought up by letter from a member which was read and after consideration following recommendation to the Central Freight Association was adopted:

Recommended, To the Central Freight Association that Sand Pits at Beckers, Mo. (which will be billed from St. Albans, Mo., 40 miles from St. Louis) on St. L. K. C. & C. R. R. (Rock Island System) and Grays Summit, Mo., 41 miles from St. Louis on the Missouri Pacific Ry., be added to Central Freight Association Information Nos. 5429, 5604 and 5638, which name through rates on Sand from Missouri Pits to Central Freight Association destinations.

35. (27) Rate on Broom Corn, Western Points via Chicago and Peoria vs. East St. Louis on Through Shipments to Trunk Line Points.

This subject last considered at meeting Jan. 31st, proceedings No. 110 and referred to the Rate Clerks.

At meeting to-day Chairman read report of Rate Clerks meeting, Feb. 3rd, as follows:

Whereas, It is apparent that the present proportional rates on Broom Corn, C. L., from East St. Louis to Eastern Cities as contained in Information No. 1181-A and 5137 are out of line, due to the fact that the present differential of Western Lines between Chicago and East St. Louis is 10 cts. per 100 lbs., whereas it was formerly 5 cts. per 100 lbs., be it

Recommended, That the above mentioned Information Authorities Nos. 1181-A and 5137 be cancelled and instead that rates from East St. Louis be authorized uniformly 10 cts. per 100 lbs., higher than the present 2nd class rates from Chicago, observing the present 2nd class rates from East St. Louis as the

maximum. These rates to apply on Broom Corn, C. L., from all points west of the west bank of the Mississippi River; and it was

Moved, That the report of the Rate Clerks be accepted and adopted as the sense of this Committee.

36. (29-30) Report of the Special Committee on Pig Lead and Spelter Rates to Trunk Line and C. F. A. Territories.

This subject referred to a Special Committee at meeting Jan. 31st, proceedings No. 110.

At meeting to-day, Chairman read report of the Special Committee, and it was

Resolved, That the report be received, that action be deferred until next meeting and in the meantime the Chairman submit the report to resident members by Circular Letter.

37. Rules in Relation to the Issuance of Bills of Lading.

This subject was placed on docket by request of a member at last meeting. After discussion to-day, it was

Moved, That the subject be stricken from the docket.

38. Application for Reduced Rating on Lead Kegs, C. L., to Eastern Cities.

This subject brought up by letter from a shipper which was read and after discussion following action was taken:

Whereas, It having been shown that White Lead Kegs, shipped from East St. Louis can be loaded to 25,000 lbs., and upward per 36 foot car,

Whereas, Official Class'n. basis is predicated upon loading minimum weight of 10,000 and 12,000 lbs. per car, which makes rating excessive, when loaded 25,000 lbs. and upward per car,

Resolved, That we recommend to the Central Freight Association that Specific Commodity rates be established from East St. Louis on White Lead Kegs, minimum weight 24,000 lbs., subject to Rule 27, on basis 5th class rates to points east of the Western Termini of Trunk Lines.

39. Report of Rate Clerks of Mo. Pac. Ry. Division Sheet No. 698-C.

This subject brought up by letter from a member, requesting that meeting of Rate Clerks be called to check Missouri Pacific Division Sheet No. 698-C, see Circular Letter No. 284.

At meeting to-day Chairman read report of Rate Clerks Meeting Feb. 8th, as follows:

Whereas, Mr. J. C. Lincoln, G. F. A., Mo. Pac. Ry., in his letter of submittal, Dec. 29th, 1904, file M-7547, addressed to several of the individual lines, states it is his idea to consolidate their various percentage sheets and to establish but one issue for the use of his agents in lieu of the various individual issues, and

Whereas, The percentage sheet submitted, viz.: 698-C, carries various unauthorized figures and contains unauthorized pro-rating points, and

Whereas, The subject of percentages between Mississippi Valley Common Points and Central Freight Association-Trunk Line Territories was considered at special sub-committee meeting at Chicago, Feb. 7th, and that Committee "Recommended the abrogation of all through rates and pro-rating arrangements between Southern Pro-Rating Points and points in the Central Freight Association, East of the Indiana-Illinois State Line, in both directions, and also from Southern Prorating points to Trunk Line Territory," their recommendation to be submitted to the Central Freight Association for approval.

Resolved, That it is the sense of the Rate Clerks that the Missouri Pacific Railroad be advised that the

lines, members of the St. Louis Eastbound Freight Committee, are not prepared at this time, to check or approve their Division Sheet No. 698-C.

After consideration, it was

Moved, That the Rate Clerks report be adopted as the sense of this Committee and that lines interested advise the Missouri Pacific accordingly.

40. Application for Rate on Scrap Iron, C. L., to New Castle, Ind., Same as to Gas Belt Points.

This subject brought up by letter from a member which was read and after discussion, it was

Recommended, To the Central Freight Association that rate of $1.70 per gross ton be established on Scrap Iron, C. L., minimum weight 40,000 lbs., from East St. Louis to New Castle, Ind., this being the same rate now in effect to Gas Belt Points.

41. (16) Proposition to Change Official Class'n. to Provide Rating on Wool, Any Quantity, Only.

This subject last considered at meeting Jan. 24th, proceedings No. 109, and referred to the Official Class'n. Committee.

At meeting to-day Chairman read letter from Chairman Official Class'n. Committee by Circular Letter, with the result that the members did not favor the proposition, but that the subject would be listed for further consideration at next regular meeting, etc.

After discussion the Chairman was instructed to advise Mr. Gill that unless the Official Class'n. give the relief desired, it will force the publication of any quantity rates on scoured, brushed or tub-washed wool, on the present basis.

There being no further business, the meeting, on motion, adjourned.

42. (36) *Report of Special Committee on Pig Lead and Spelter Rates to Trunk Line and C. F. A. Territories.*

This subject last considered at meeting Feb. 14, proceedings No. 111, and laid over.

After a general discussion to-day the subject was referred back to the Special Committee for further consideration, in the meantime the members are to develop their position with reference to the observance of the Interstate Commerce Law, which is involved, inasmuch as rates to Seaboard Ports cannot be advanced on account of water competition, which does not exist to Central Freight Association and Interior Trunk Line Points.

43. Rules Governing Transit Grain.

The subject of transmit privileges on Export Corn from Missouri River via Atlantic Seaboard, vs. Gulf was presented at special meeting Feb. 9th, and referred to members by Circular Letter No. 286.

After discussion of the subject to-day the Chairman was instructed to advise Chairman Central Freight Association that this matter has been considered and that before putting into effect at East St. Louis, the transit rules as promulgated at Chicago, it is desirable that Chief Inspector Rainer be directed to meet the St. Louis Eastbound Freight Committee in the office of the Chairman at its next regular meeting, Tuesday 28th inst., in order to determine whether the rules now in effect at Chicago can properly be applied on Grain passing through East St. Louis.

44. Rates on Lime to C. F. A. Points.

This subject brought up by letter from a shipper calling attention to action taken at meeting Feb. 5, 1904, proceedings No. 74, when the subject was tabled, and requesting to be advised whether conditions have changed so as to permit of lower rate being made, etc.

After consideration of the subject the Chairman was instructed to make reply to the party making the application that the conditions have not changed and that the roads interested individually advise that they cannot see their way clear to make a reduction in the rate.

45. (41) Rates on Wool.

This subject last considered at meeting Feb. 14, proceedings No. 111, brought up at meeting to-day by letter from Chairman C. F. A., protesting against action taken, which was read, and the Chairman was instructed to reply to Chairman Central Freight Association to the effect that this Committee desires an advance in rates on scoured, brushed or tub-washed wool to any quantity basis at 1st class, and on wool in the grease,

2nd class, any quantity (as shown in proceedings No. 109, Jan. 24th, subject No. 16), that they do not desire carload and Less than Carload rates continued because they prescribed carload minimum of 10,000 lbs., cannot be loaded into a 36 foot car and that fixing a lower minimum weight on the 2nd class basis would also not be desirable and in order to prevent the application of 2nd class rates any quantity, we desire cancellation of the Carload rates which is more satisfactory to shippers than the present basis.

46. (38) Rating on White Lead Kegs, C. L., to Eastern Cities.

This subject last considered at meeting Feb. 14th, proceedings No. 111 and recommendation made to C. F. A.

At meeting to-day letter from Chairman C. F. A. with correspondence from Chairman Official Class'n. suggesting further consideration was read and after discussion the Chairman was instructed to take the subject up with the District Inspector to develop the weight of White Lead Kegs that can be loaded in a Standard Size Car.

47. Sand from Missouri Pits to C. F. A. Points.

Chairman called attention to Printer's Proof of Missouri Pacific Tariff naming through rates on Sand from Missouri Pits to Gas Belt Points, etc., and was instructed to call a meeting of the Rate Clerks and have them check the rates, etc.

Note.—Meeting to be called for Thursday, 23rd inst.

There being no further business, on motion, meeting adjourned.

54. *Issuing Bills of Lading on Receipts of the St. Louis Compress Company.*

This subject was last considered Oct, 23rd, 1903, proceedings No. 63, and again placed on docket at request of a member.

At meeting to-day the member stated he had information that Bills of Lading were being issued by Fast Freight Line Agents on receipts of the St. Louis Cotton Compress Co., contrary to the action of this Committee at meeting Sept. 18th, 1903, proceedings No. 58.

After discussion, it was

Moved, That the subject be laid over until next meeting for further information.

55. (25) Minimum Carload Weight on Potatoes.

This subject last considered Jan. 31st, proceedings No. 113, and brought up again by members submitting letter from Commissioner St. Louis Traffic Bureau which was read and after discussion it was suggested that the Chairman write Commissioner St. Louis Traffic Bureau to the effect that the minimum weight is 30,000 lbs., from and to all other points on C. F. A. Territory and we therefore cannot make a discrimination in favor of potatoes through this gateway.

56. Rate on Mahogany, Logs, Galveston, East St. Louis to Indianapolis.

This subject brought up by letter from Chairman C. F. A. to the effect that some roads are accepting less than local rates, East St. Louis to Indianapolis, on Mahogany Logs, from Galveston, and after discussion it was

Moved, That the subject be laid over until next meeting.

57 (43) Rules Governing Transit Grain.

This subject last considered at meeting March 1st, proceedings No. 113, and referred to a Special Committee for consideration and report.

At meeting to-day Chairman read report of the Special Committee as follows:

"Dear Sir:—

"Your Sub-Committee, appointed to confer with representatives of Western Roads towards securing their co-operation in the application of transit rules on Export Grain covered by through rates from the Missouri River to Western Ports, interviewed Mr. W. C. Stith, of the Missouri Pacific Ry., as Chairman of the St. Louis Western Trunk Line Committee and laid the matter before him.

"He stated that at a recent meeting of the Western Trunk Lines it had been decided to abrogate pres-

ent through rates on Export Corn from Missouri River Points, Kansas City to Omaha, inclusive, to Atlantic Ports, effective April 1st, and that after that date rates from the Missouri River on Export Corn, as well as other grain, would be made on combination of rates to and from Chicago, Peoria or East St. Louis, respectively, and that in his estimation, therefore, the establishment of transit rules on Grain became a question which the Eastern Lines alone should deal with.

While your Committee concurred in his views, his attention was called to the possibility that conditions might again develop under which through rates on Export Grain would be published from Missouri River to Atlantic Ports and that it might be well, therefore, to have an understanding between the Eastern and Western Lines on which such transit rules as might be in effect at Chicago and Peoria on like traffic could be put into effect at East St. Louis whenever necessary to protect the integrity of those rates and prevent manipulation at this gateway.

He therefore, undertook to place that phase of the matter before representatives of the Western Lines and would like you to send him eight (8) copies each of Chicago Freight Committee Advice Letter No. 254½, Feb. 14th, 1905, T. G. Circular No. 2 and J. T. P. Circular No. 4, and amendment No. 2, providing stop-over and transit rules on grain for their full information; all of which is respectfully submitted."

And it was

Moved, That the report be accepted and the Committee discharged.

Adopted individually by lines interested.

Attention was called to Chairman Central Freight Association Letters March 4th, etc., file 12285, recommending that the Chicago rules on Export Corn from Missouri River be put into effect and the Chairman was instructed to reply to Chairman C. F. A. by sending him a copy of the sub-committee's report with the

statement that there has been no movement of corn from the Missouri River through the East St. Louis gateway to the Atlantic Seaboard for export, and that there is none anticipated during the remainder of the present month.

Attention was then called to the subject of Joint rules on Transit Grain and the statement made by the Chief Inspector at meeting 1st inst., that there may be some changes made in the present rules at Chicago, and it was suggested that the Chairman communicate with the Chief Inspector with the view of ascertaining what changes, if any, are to be made at Chicago and place the information before this Committee for action on its part.

58. Rates on Cotton Seed Meal, Etc., from Arkansas Points.

Chairman called attention to the fact that Western Lines had not complied with the arrangements to publish through Tariffs as set forth in Information Circular No. 1247-A and read correspondence with Chairman C. F. A. and Chairman, Arkansas Freight Committee.

After a general discussion the following was individually adopted by lines interested:

Whereas, The rates on Cotton Seed Ashes, Cake, Hulls, Meal and Motes, C. L., from Arkansas Common Points to East St. Louis are 1 cent higher than from the same points to Cairo, Gale or Thebes, and

Whereas, The through rates from Arkansas Common Points to Eastern Cities are based on the Cairo, Gales or Thebes combination, and

Whereas, The acceptance East of East St. Louis of the proportion of the Cairo, Gale or Thebes rates divided at per C. F. A. Information 998-A and 1120-A, added to rates from Arkansas Common Points to East St. Louis would result in either giving the Southern Lines in excess of their local or in cutting the Cairo combination, it is

Recommended, To the C. F. A. that C. F. A. Information Circular 1247-A be modified to provide that on shipments of Cotton Seed Ashes, Cake, Hulls, Meal and Motes, lines east of East St. Louis will not accept less than 1 cent per 100 lbs., less than the rates current from Cairo, Galea or Thebes, as proportional rates from East St. Louis, applying on traffic originating in Arkansas Territory.

In connection with the above attention was called to Missouri Pacific Division Sheet No. 784-A providing for rates on Cotton Seed, Cotton Seed Ashes, Cake, Hulls, Meal and Motes from Cairo, Gale, Thebes and East St. Louis respectively, to Western Termini and points east thereof, which provides that the rates named from Cairo, Gale and Thebes will sub-divide via East St. Louis on the basis of percentage sheet No. 698-B or subsequent issues (698-B being in line with C. F. A. Information Nos. 998-A, 1120-A and 4639), which if concurred in by lines east of East St. Louis will have the effect of allowing lines south of East St. Louis in excess of their locals.

Resolved, That lines, members of this Committee, will notify the Mo. Pac. Ry. individually of their non-concurrence in that part of the Division Sheet referred to above, Chairman to be provided with a copy of their recommendation to Mo. Pac. to that effect.

Note.—Absent members have concurred in above and Circular Letter No. 291, dated March 8th, and sent to resident members.

59. (51) Rates on Sand to Princeton, Ind.

This subject was last considered at meeting 1st inst., and recommendations made to the Central Freight Ass'n.

At meeting to-day Chairman read letter March 4th, file Information 5429 from Chairman, Central Freight Ass'n. to the effect that as shipments from Vincennes and Terre Taute, via the Southern Ry. will pass through Princeton, submission to the Central Freight

Association is unnecessary and East St. Louis Lines are authorized to protect Terre Haute and Vincennes, Ind., rates to Princeton, effective on Legal Notice, and it was

Moved, That the Chairman write Chairman C. F. A. requesting that he issue information Circular to cover the rate to Princeton, Ind., as recommended March 1st, proceedings No. 113.

60. (54) Rates on Wool.

This subject last considered at meeting Feb. 21st, proceedings 112.

At meeting to-day Chairman read letter from Chairman Central Freight Association to the effect that subject will be on docket for consideration at meeting 15th and 16th, and members of the St. Louis Eastbound Freight Committee are notified of this conclusion, so that they may come to the Central Freight Ass'n. meeting prepared to fully present their ideas and requirements.

Attention being called to the fact that Central Freight Association meeting will be held 15th and 16th of next week, meeting adjourned until Tuesday, 21st inst.

61. (54) *Issuance of Bills of Lading on Cotton in Warehouses in East St. Louis on Receipts of St. Louis Cotton Compress Co.*

This subject was last considered at meeting March 7th, proceedings No. 114 when the roll was called for the purpose of ascertaining if any of the roads have either directly or indirectly consented to the issuance of Bills of Lading by Fast Freight Line Agents, contrary to action taken at meeting Sept. 18th, 1905, proceedings No. 58 and all lines present with one exception (T. St. L. & W.) answered in the negative.

As all members were not present chairman was instructed to get the desired information from absentees and subject laid over.

At meeting today Chairman reported replies from absent members and the C. B. & Q. who answered in the negative, and after discussion the subject was laid on the table.

62. *Rates on Scrap Leather (Shoe Factory Sweepings.)*

This subject was last considered at meeting Dec. 2nd, proceedings No. 104 and application declined.

Subject brought up again by letter March 8th, file 12112 from Chairman C. F. A., which was submitted to members by Circular Letter No. 292, March 10th, and after discussion at meeting today, following action was taken.

Moved, That Chairman C. F. A. be advised that while the St. Louis Lines would like to encourage the shipment of the Commodity by providing 6th class rates thereon, it cannot consistently make such a recommendation because of the effect it would have on shipments of scrap leather of greater value, which are used for other than fertilizer purposes.

63. Absorption of Switching in St. Louis.

The subject was brought up by request of a member and also by a letter from A. G. F. A., C. & E. I. R. R., which was read by the Chairman and after discussion it was

Moved, That A. G. F. A., C. & E. I. R. R., letter be made a part of the proceedings and issued in Circular Letter to the members for their information, subject to be on docket for further consideration at next meeting. (See Circular Letter No. 293.)

The letter from C. & E. I. is as follows:

"Chicago, March 25, 1905.
File Desk-2.

"Dear Sir: This is to advise you of our intention, effective on legal notice, to publish a switching tariff absorbing under certain restrictions, switching on carload freight, except coal and coke, between all switches and tracks located within the switching limits of East St. Louis, Ill., or St. Louis, Mo., and Chicago & Eastern Illinois Railroad Co. tracks.

We find this necessary in order that Frisco rails may do a share of the competitive business as against the conditions which now prevail both at East St. Louis, Ill., and St. Louis, Mo.

Please give advice of our action to all concerned."

64. Industrial Roads Switching at Granite City, Ill.

This subject was last considered July 19th, 1904, proceedings No. 94 and brought up again by letter from a member to the effect that action of the East-

bound Freight Committee, May 27th, 1904, proceedings No. 89, is not being conformed to by all roads.

The Chairman was instructed to incur the necessary expense for securing a transcript of the testimony before the Interstate Commerce Commission on the subject for consideration at next meeting.

65. (57) *Rules Governing Transit Grain.*

This subject last considered at meeting March 7th, proceedings No. 114. At meeting today Chairman read letter from Chairman C. F. A. to the effect that on export grain it is necessary that transit rules be put in force, at East St. Louis, etc. Attention was also called to joint meeting between east and west line, at Chicago on the 15th inst., and after discussion following action was taken:

Whereas, The publication of through rates necessitates the establishment of transit rules on Export Grain passing through East St. Louis, corresponding with those in effect at Peoria and Chicago.

Resolved, That Mr. Edw. Hart, Jr., be appointed a Committee of one to call upon Mr. W. C. Stith of the Western Trunk Line Committee for the purpose of requesting him to secure the co-operation of Western Lines in that direction.

66. (56) *Rate on Mahogany Logs, Galveston, E. St. Louis to Indianapolis.*

This subject last considered at meeting March 7th, proceedings No. 114, and laid over. At meeting today following was adopted:

Moved, That Chairman C. F. A. be advised that inasmuch as he has the subject up with the Chief Freight Traffic Officials of roads directly interested, action on the part of this Committee is not necessary at the present time and subject is therefore stricken from the docket.

67. Divisions of Rates Between Memphis, Tenn., and Eastern Cities via Ohio River Crossings.

This subject brought up by letter from Chairman C. F. A. calling attention to a shipment of Lumber from Memphis via East St. Louis, contrary to the legislation which was read, and it was

Moved, That the subject be laid over until next meeting in the meantime Chairman Central Freight Association letter be sent resident members by Circular Letter. (See Circular Letter No. 294.)

68. Application for a Shipper for Reduced Rate on Scrap Copper, Brass, Etc., and Drosses, Etc., vs. Lead, Zinc, Etc.

Above subject last considered Dec. 2nd, 1904, proceedings No. 104 and brought up again by letter from a shipper calling attention to rates on the new metals, as against the rates on the scrap material, requesting that reduction be made in the rates on the scrap, etc.

Letter was read by the Chairman and after a discussion, the Chairman was individually instructed to advise the party making the application that the St. Louis Lines cannot consistently comply with the request.

69. Rate on Cotton Seed Meal, Etc., from Arkansas.

This subject last considered at meeting 7th, proceedings No. 114, and recommendation made to C. F. A., subject considered at Central Freight Ass'n. March meeting and referred back to this Committee with the view of getting the Arkansas Lines, if possible, to establish through rates on this Commodity via East St. Louis, Thebes, Cairo and other Ohio River Crossings.

At meeting today letter from C. F. A. was read and it was

Moved, That the subject be laid over until next meeting.

70. (55) Minimum Carload Weight on Potatoes.

This subject was last considered March 7th, proceedings No. 114.

At meeting today letter from a shipper, requesting that a reduction in weight be made, was read and the Chairman was individually instructed to advise the party that the St. Louis Lines cannot consistently make a reduction in the Carload minimum weight.

71. Proper Rating to Apply on Onions, from Texas, in the Spring.

This subject brought up by letter March 22nd, file X-4036 from A. G. F. A., Mo. Pac. Ry., submitted by a member which was read and after discussion subject was laid on the table.

72. (60) Rates on Wool.

This subject last considered at meeting March 7th, proceedings No. 114, at which time letter from Chairman C. F. A. was read, advising that subject would be considered at C. F. A. March meeting.

At meeting today Chairman read letter March 20th, file 9133-A from Chairman C. F. A. to the effect that recommendation was made that no change be made in the rating provided by the Official Class'n.

No action necessary on the part of this Committee and subject tabled.

73. Proportional Rates on Wheat and other Grain, East St. Louis to C. F. A. Points.

This subject brought up by letter March 25, file 9466 from Chairman C. F. A. which was read and Chairman was instructed to submit same to resident members by Circular Letter so as to enable them to come prepared at next meeting to consider the subject. (See Circular Letter No. 295.)

There being no further business on motion, meeting adjourned until Tuesday, April 4th.

Meeting convened 10:30 a. m.

74. (64) *Industrial Roads Switching at Granite City, Ill.*

This subject last considered at meeting March 28th, proceedings No. 116 and laid over for information which had not been secured, and it was

Moved, That the subject be laid over until next meeting.

75. (65) *Rules Governing Transit Grain.*

This subject last considered at meeting March 28th, proceedings No. 116 and subject referred to Mr. Edw. Hart, Jr., as a Special Committee of one to confer with the Chairman of the Western Trunk Lines Committee with the view of having him secure co-operation of Western Trunk Lines.

At meeting today Mr. Hart stated that he had called upon Mr. Stith, but had not as yet received reply.

In view of the above subject was laid over until next meeting.

76. (67) *Divisions of Rates Between Memphis, Tenn., and Eastern Cities via Cairo, Thebes, Etc., and E. St. Louis.*

This subject last considered at meeting March 28th, proceedings No. 116 and as instructed the Chairman submitted proposition to members by Circular Letter No. 294, for investigation.

After discussion today following action was taken:

Moved, That the Chairman advised Chairman C. F. A. that it is the sense of this Committee that the provisions of C. F. A. Info. 998-A apply to Memphis business in the subdivision of the proportion accruing to lines north of Cairo, Thebes, etc., via E. St. Louis, on all traffic except cotton.

77. (7) *Minimum Carload Weight on Potatoes.*

This subject last considered at meeting March 28th, proceedings No. 116, brought up again by letter from the Chairman Transportation Committee Merchants'

Exchange, requesting conference with Committee of the Merchants' Exchange.

At meeting today a Committee composed of Messrs. W. H. Danforth, Chairman, Conrad Schopp, N. G. Richmond, T. W. Brockman, E. P. Teasdale, F. Haneison, H. A. Diamant and E. F. Catlin were present and made their arguments as to why the minimum C. L. weight should be reduced from 30,000 lbs. to 24,000 lbs., and after a very general discussion, the following action was taken by the Committee:

Whereas, It has been demonstrated to the St. Louis Eastbound Freight Committee that in excess of 24,000 lbs. of Potatoes from the southwest cannot safely be loaded into the equipment furnished for the transportation of same, because of the highly perishable character of the Commodity, which requires special ventilation, these conditions being recognized by the Southwestern Lines in the establishment of a minimum weight thereon from 20,000 to 24,000 lbs., therefore, be it.

Recommended, To the Central Freight Association the establishment of a C. L. minimum of 24,000 lbs., to be effective from May 15th, to July 15th, at a rate of 10 per cent above 5th class, on potatoes originating in Arkansas, Texas, Oklahoma and Indian Territory and Louisiana, west of the Mississippi River, E. St. Louis, Gale, Thebes and Cairo to Central Freight Ass'n. territory and Western Termini Points, and that the lines leading from the Ohio River be authorized to establish the same minimum weight and rate on Potatoes, originating south of the Ohio and East of the Mississippi River, during the same period to the same territory.

On Motion meeting adjourned until Wednesday, April 5th.

Meeting convened 5th, at 10:30 a. m.

78. (69) *Rate on Cotton Seed Meal from Arkansas.*

This subject laid over at meeting March 28th, proceedings 116.

After discussion today, it was

Moved, That the Chairman take up with the Chairman of the Arkansas Frt. Committee the question of through rates and divisions on Cotton Seed Meal, with the view of bringing about the Publication of through rates and divisions in accordance with action of Joint Conference between C. F. A. and Arkansas Lines at Chicago, Sept. 23rd, 1904, as per C. F. A. Info. Circular No. 1247-A.

79. (63) Switching at St. Louis, Etc.

This subject last considered at meeting March 28th, proceedings No. 116 and Chairman instructed to issue C. & E. I. R. R. letter to members in Circular Letter form, which was done as per Circular Letter No. 293.

After a further general discussion of the subject at meeting today, it was individually announced that effective on legal notice, all switching charges to and from industries and sidings on the Burlington (St. L. K. & N. W. R. R.), Missouri Pacific, St. Louis, Iron Mountain & Southern, St. Louis and San Francisco and Wabash Railroads, located within the switching limits, as defined in the switching tariff published by the local Freight Agents Association, may be absorbed on all carload traffic (except Bituminous Coal) originating at or destined to points in Central Freight Association and Trunk Line Territories, East of the Indiana-Illinois State Line.

Note: It is understood that these individual announcements do not contemplate the absorption of any part of the transfer charges or bridge tolls of the Terminal R. R. Association of St. Louis, Merchants' Bridge, Terminal R. R., Wiggins Ferry Co., or other carriers, transporting traffic across the Mississippi River. These charges to be invariably added to the rates to or from East St. Louis.

On motion meeting adjourned until Tuesday, April 11th.

Subjects No. 6 to 11 inclusive, on docket for April 4th, be laid over until that date.

R. M. Fraser Chairman.

Meeting convened at 10:30 a. m.

90. (*80*) *Industrials Roads Switching at Granite City, Ill.*

This subject last considered at meeting April 11th, proceedings No. 118 and laid over.

At meeting today, at request of a member, subject was again laid over.

91. (*81*) *Rules Governing Transit Grain.*

This subject last considered at meeting April 11th, proceedings No. 118 and laid over.

At meeting today, Mr. Hart stated Mr. Stith, Chairman of the Western Trunk Line Committee advised him that he had called attention of the Western Trunk Line Committee to the request that Transit rules be established and that if regular meeting was not held in the next week or ten days, he would call a special meeting.

In view of the above, subject was again laid over until next meeting.

93. (*83*) *Proportional Rates on Wheat and Other Grain East St. Louis to C. F. A. Points.*

This subject last considered at meeting 11th inst., proceedings No. 118 and Chairman instructed to advise Chairman C. F. A. no change could be made in present rates, subject brought up again by letter from Chairman C. F. A., April 13th, file 9466, requesting full information as to why rates from E. St. Louis cannot be advanced, etc., which was read and after discussion the Chairman was instructed to advise Chairman C. F. A. that interested lines other than the direct lines from E. St. Louis to Toledo and Detroit respectfully decline to ignore the competition created by the establishment and protection of the present rates from E. St. Louis to Toledo and Detroit, therefore, it is the sense of this Committee that no change can be made in present proportional rates on Grain from E. St. Louis to C. F. A. points.

94. (*84*) *Rate on Grain and Grain Products, East St. Louis to Linden, Ind.*

This subject last considered at meeting 11th inst, proceedings No. 118 and laid over on request of T. St. L. & W. representative.

At meeting today Chairman read letter April 13th, file 15748 from A. G. F. A., T. St L. & W., to the effect that by adding rate, East St. Louis to Linden, as published by the T. St. L. & W. in tariff G. F. D. 616 to rate applying from Linden to Trunk Line Territory, makes same through rates as would accrue on milling in transit business.

After discussion the Chairman was instructed to submit to Chairman C. F. A. the information given by the T. St. L. & W. and advise him that in view thereof, we can see no particular harm in the application of the rates, provided regularly established rate is applied east of Linden.

95. (85) *Rate on Sublimed Lead, Zinc Oxide and Red and White Lead.*

This subject last considered at meeting 11th, proceedings No. 118 and subject tabled. Brought up again by letter April 13th, file Info. 1330-A from Chairman C. F. A. requesting to be furnished in detail with information as to what condition prevented an advance to 6th class basis on Sublimed Lead and Zinc Oxide to C. F. A. Territory and Eastern Cities.

After discussion following was adopted:

Moved, That it is the sense of this Committee that the subject to which Chairman Central Freight Ass'n. refers, is not one properly to be considered by the Central Committee, as it deals with authorized rates.

96. (87) *Lumber, Etc., Potosi, Mo., via East St. Louis to Eastern Cities.*

This subject last considered at meeting April 11th, proceedings No. 118 and laid over for investigation.

After discussion at meeting today, following was adopted:

Moved, That lines, members of this Committee, parties to Missouri Pacific Tariff I. C. C. 6749, July 12, 1904, naming through rates on Lumber from Potosi, Mo., to Eastern Cities, individually request the Mo. Pac. Ry. to cancel same and in future to make the rates on the E. St. Louis combination. All of these letters to be sent to the Chairman, to be held by him until he secures a letter from each of the roads named on the tariff, and then send them to the General Freight Agent, Mo. Pac. Ry.

Note: Chairman to issue Circular Letter sending copy to resident members, also to the C. B. & Q. R. R. who is made a party to the tariff by Amendment No. 1 to I. C. C. 6749. All parties to be advised when letters are delivered to Mo. Pac. Ry.

97. (77) *Minimum Carload Weight on Potatoes.*

This subject last considered at meeting April 4th-5th, proceedings 117 and recommendation for reduced minimum weight made to C. F. A.

At meeting today Chairman read letter April 12th, file K-509 and C. F. A. Advice Letter K-531 to the effect that proposition declined.

In view of the above Chairman was instructed to advise Mr. W. H. Danforth Chairman Merchants' Exchange Transportation Committee, verbally, that lines, interested have individually announced their intention to make no change in the present minimum weight, and subject be laid on the table.

98. *Rates and Divisions on Lumber and Articles Taking Same Rates, C. L., Maplesville, Ala., to Eastern Points.*

This subject was brought up by letter from A. G. F. A., B. & O. S. W. R. R., which was read, and it was

Moved, That a meeting of the rate clerks be called to check the tariff.

99. *Commodity Statement to be Issued at End of Month Instead of Semi-Monthly and Mailing List Revised.*

At a meeting of the executive committee in this office on the 12th inst., the subject of compiling and distributing of Information as to the movement of traffic being under consideration, action was taken as follows:

Resolved, That in the Judgment of the Executive Committee the commodity statement now issued semi-monthly, should be issued monthly at the end of each

month and mailing list for "Commodity Statement" should be revised on a basis of practical equality among the roads, members of this Committee, and especially with a view of avoiding our statistics getting into the hands of parties not entitled to them, and of concentrating responsibility for the protection of the figures after being issued.

The above resolution was submitted to the general committee at meeting today, and it was

Moved, That the recommendation of the Executive Committee be adopted.

It was further

Moved, That only two copies of the Commodity report be furnished to the Traffic Department of Lines, members of this Committee, the members of this Committee to designate the Officer to whom such copies are to be sent.

100. Absorption of Terminal Switching at East St. Louis on C. L. Traffic From Mo. Pac. Ry. via Dupo.

A subject similar to above was last considered at meeting July 29, 1904, proceedings No. 95 and tabled.

This subject was brought up at meeting today by letter from a member and after a general discussion and without formal action being taken was ordered tabled.

101. Handling of Import Traffic via Gulf Ports.

This subject brought up by letters from member, which were read and after discussion, laid over until next meeting.

102. Rates on Barytes.

This subject brought up by letter from a member, protesting against the establishment of rates on Barytes from Ohio and Mississippi River, named in C. F. A. Information No. 5770 on basis of 83.33 per cent of 6th class rates.

After discussion of the subject the following was adopted:

Whereas, Present rates on Barytes from East St. Louis to C. F. A. Points are the result of foreign competition which necessitated the establishment of rate of 20 cts., East St. Louis to New York, which fixes rate of 13½ cts. per 100 lbs. from East St. Louis to Western Termini of Trunk Lines, which in turn fixed that as the maximum to intermediate C. F. A. points west of Detroit and Toledo, and

Whereas, Rates from Ohio River Crossings, Cairo, Gale and Thebes, to all points in Central Freight Association territory have recently been authorized on basis of 83.33 per cent of the 6th class rates as per Central Freight Association Information No. 5770, and

Whereas, East St. Louis lines cannot consistently hold rates on a higher scale than in effect from Ohio River Crossings, Cairo, Gale and Thebes, as above, which would cause a reduction from East St. Louis to Points west of Cleveland, which is neither necessary nor desirable.

Resolved, That we protest against the publication of rates on basis of 83.33 per cent from Ohio River Crossings, Gale, Cairo and Thebes, and suggested that Central Freight Ass'n. Information No. 5770 be cancelled and rates from those crossings fixed on a basis which will at least not cause any reduction from East St. Louis.

There being no further business, on motion, meeting adjourned.

Meeting convened 10:30 a. m.

103. (*90*) *Industrial Roads Switching at Granite City, Ill.*

This subject last considered at meeting April 18th, proceedings No. 119, and laid over.

At meeting to-day Chairman read letter from G. F. A., C. P. & St. L. Ry., but as further information was desired the subject was laid over until next meeting.

104. (*91*) *Rules Governing Transit Grain.*

This subject last considered at Meeting April 18th, proceedings No. 119, and laid over.

At meeting to-day it was stated that Chairman Western Trunk Line Committee advised he had been un-

able to get the Committee together and subject laid over until next meeting.

105. (95) Rate on Sublimed Lead, Zinc Oxide and Red and White Lead.

This subject last considered at meeting April 18th, proceedings No. 119, and recommendation made to C. F. A.

At meeting to-day Chairman read letter from Chairman C. F. A. protesting against action of the Committee at meeting 18th, and after discussion it was

Moved, That the subject be tabled.

106 (96) *Rates and Divisions on Lumber and Articles Taking Same Rates, C. L., Maplesville, Ala., to Eastern Points.*

This subject last considered at meeting April 18th, proceedings No. 119 and referred to the Rate Clerks.

At meeting to-day report of the rate clerks meeting, April 28th, as follows, was read:

"Referring to M. & O. Tariff I-S-5381, naming rates on Lumber and articles taking Lumber rates from Maplesville, Ala., to Trunk Lines Points.

Before attempting to check this tariff a representative of the Rate Clerks called on the M. & O. to ascertain their authority for the figures used and was quoted certain Southern Ry. issues. The matter was then taken up with Southern Ry. who advised that Lumber issues named by the M. & O. had been cancelled and were superceded by their Lumber issue No. 4531, I. C. C. No. 9262, dated Feb. 18th, 1905, reductions effective Feb. 23rd, 1905.

In checking M. & O. Tariff against current So. Ry. Tariff mentioned above, a great many discrepancies were observed, principally to points on the Long Island R. R. taking arbitraries above N. Y. rates, these discrepancies being doubtless due to recent revision of rates demanded by the Long Island R. R. as arbitraries.

We therefore,

Recommend, To the General Committee, that the Chairman be instructed to correspond with Mr. J. M. Denyven, G. F. A., M. & O. R. R., calling attention to the fact that his tariff is badly out of line with current Southern Ry. issue applicable from Maplesville, Ala.

And further

Recommend, That the M. & O. be notified that the lines, members of this Committee, cannot concur in the division sheet to their tariff unless said division sheet is restricted to apply on Yellow Pine Lumber only, as specifically authorized in C. F. A. Information No. 1024-A. This notification to be given M. & O. R. R. by the Chairman on behalf of the individual lines, members of the St. Louis Eastbound Freight Committee.

After due consideration, it was

Moved, That the report of the Rate Clerks be adopted as the sense of this Committee and that the Chairman handle the matter in the manner suggested.

107. (101) Handling of Import Traffic via Gulf Ports.

The subject of rates and divisions on above mentioned traffic to C. F. A. Points was considered at meeting, April 18th, proceedings No. 119, and laid over.

At meeting to-day, a resolution was offered but not adopted, and subject tabled.

108. Proposition to Cancel Present Arrangements for Dividing Rates from Cairo, Gale, Thebes, Etc., via East St. Louis and Establishing Arbitraries.

On motion this subject was stricken from the docket.

109. Rates on Wall Plaster.

This subject brought up by letter from Chief Inspector Rainer calling attention to shipments via the C. & E. I. R. R. and So. Ry., handled through ware-

house at East St. Louis, being billed at the rates authorized by C. F. A. Information 4992 on Wall Plaster originating at points west of St. Louis.

Correspondence on the subject was read and after discussion the Chairman was instructed to advise the Chief Inspector that this Committee understands that the warehouse of the Plaster Co. is used for transferring these shipments, and it is not in any sense, a sales-warehouse and while there has been no specific legislation by this Committee in the past, we can see no objection to the application of the proportional rates under the circumstances.

110. The Limit for the Return of Exhibits from World's Fair.

This subject brought up by letter from a member, calling attention to the free return limit having been extended to May 15th, 1905, by the C. P. & St. L. No action deemed necessary and subject ordered stricken from the docket.

111. Rates on Burlap and Gunny Bags, C. L., and Less, East St. Louis vs. New Orleans and C. F. A. Points.

This subject brought up by letter from a member submitting letter from Sec'y, St. Louis Traffic Bureau which was read and after discussion following was adopted.

Moved, That the subject be referred to Chairman C. F. A. with the request that he take up with the Southeastern Mississippi Valley Ass'n. calling their attention to the fact that lower rates, actual and relative are in effect from New Orleans to various C. F. A. Points than are in effect from East St. Louis; that rates from New Orleans seem to us unnecessarily low and that as there are two very large manufacturers of this kind of material in St. Louis, a reduction in rates from East St. Louis to C. F. A. will have to made to enable them to compete for a share of the business, un-

less a considerable advance is made in rates from New Orleans and other Mississippi Valley Points, which also carry rates on about the same basis as are in effect from New Orleans.

112. (96) Lumber, Etc., Potosi, Mo., via East St. Louis to Eastern Cities.

This subject last considered at meeting April 18th, proceedings No. 119. At meeting to-day Chairman read letter from A. G. F. A., T. St. L. & W. R. R., requesting that subject be again docketed and T. St. L. & W. representative stated that they wished to withdraw their concurrence in action taken at meeting April 18th, regarding notifying Mo. Pac. of non-concurrence in Mo. Pac. Tariff I. C. C. 6749, July 12, 1904, and further stating that they proposed to protect Mo. Pac. Tariff and Division Sheet as it now stands, until further notice.

After discussion following action was taken:

Whereas, The T. St. L. & W. R. R. is protecting proportion of the Cairo rate on lumber originating at Potosi, Mo., on which the through rates do not base on the Cairo combination, which is contrary to C. F. A. ruling (C. F. A. Information 1162-A and 5509) and has given notice in this Committee of its intention to make no change,

Recommended, That the subject be referred to the Central Committee of the C. F. A. for their consideration and adjustment, with the statement that if this basis of making rates is continued on shipments from Potosi, it will inevitably spread and before long result in the application of the proportion of the Cairo rates on all traffic from the west to Trunk Line Territory, via East St. Louis.

124. (114) Rules Governing Transit Grain.

This subject last considered at meeting May 9th, proceedings No. 122, and laid over.

At meeting to-day the Special Committee reported as follows:

"Your Committee having interviewed Mr. Stith of the Western Trunk Line Committee, begs to report that in interview with him on the 13th inst., he stated he had been unable to get Western Trunk Lines Committee together to act on this proposition, but in his opinion it would be proper for us to proceed in the establishment of the Chicago & Peoria rules at St. Louis, assuming that the Western Lines will join in their application, that the Missouri Pacific for its part will do so."

In view of the above, it was

Moved, That the report be accepted, the Committee discharged and that Chief Inspector Rainer be advised in accordance with the report and requested to take the necessary steps to complete the arrangement and that the Chairman of this Committee, in conjunction with Chief Inspector Rainer promulgate joint rules to correspond with thoes in T. C. Circular No. 2 and J. T. P. Circular No. 4 providing rules governing Through Billed Track Grain and Joint Transit Privileges.

125. (112) Proportional Rates on Wall Plaster.

This subject considered at meeting May 9th, proceedings No. 122, and laid over.

At meeting to-day the Chairman read additional correspondence from the Inspection Department and after discussion the matter was continued in the hands of the Chairman to be taken up further with the Chief Inspector.

126. (102) Rates on Barytes.

This subject last considered at meeting April 18th, Proceedings No. 119, and recommendation made to Central Freight Association protesting against the basis of rates published in Info. 5770.

At meeting today Chairman read letter May 8th, Info. 5770, from Chairman C. F. A., giving action of Cincinnati Freight Committee on protest of the St. Louis Eastbound Freight Committee, and after discussion following was adopted:

Moved, That in view of the failure to get an advance in rates from Ohio River Crossings, Gale, Thebes, the Chairman is requested to ask Chairman C. F. A. to announce the vote on advice letter K-533, which was held up pending the action on the protest against the basis authorized from Ohio River Crossings, as per Info. No. 5770.

127. *Application for Rate on Zinc Ore, Originating West of Mississippi River, East St. Louis to Cleveland, Ohio, in Line with Rate from Chicago, as Per Info. No. 5860.*

This subject brought up by letter from a member, which was read and the following adopted:

Resolved, That in view of the proportional rates established on Zinc Ore of $1.50 per gross ton from Chicago to Cleveland, Ohio, originating west of the Miss. River, C. L., minimum weight 20 gross ton, we recommend the establishment of rate on the same Commodity, same minimum weight, East St. Louis to Cleveland, Ohio, of $2.00 per gross ton, to apply as proportional rate on traffic originating west of the Mississippi River.

128. (82) Switching at St. Louis.

129. (100) Absorption of Switching on Traffic Via Ivory Transfer on Traffic to or from Industries on Missouri Pacific, I. M. & So. Tracks.

After consideration of the above, it was

Moved, That subjects be laid over for consideration at a Special Meeting to be called for Thursday, 18th, at 1:30 p. m.

130. Printing Proceedings of Meetings of the Committees.

This subject last considered at meeting Oct. 14th, Proceedings No. 101, brought up again by letter from a member which was read and after discussion following offered.

Moved, That the proceedings of meeting of this Committee be issued in printed form weekly and indexed and bound at the end of each year.

As all members were not prepared to take action on this proposition, the Chairman was instructed to submit the resolution to members by Circular Letter.

131. Prepayment of Freight Charges on Range Horses.

This subject last considered at meeting Oct. 14th, Proceedings No. 101, brought up again by letter from a member to the effect that members of this Committee were not demanding prepayment, etc.

Chairman read letters from the District Inspector giving reference to several shipments, which he stated were reported to the Chief Inspector.

After discussion the Chairman was instructed to write the Chief Inspector and ask him what action he had taken in the cases reported to him by the District Inspector.

132. (126) Switching at St. Louis.

133. (129) *Absorption of Switching on Traffic Via Ivory Transfer on Traffic to or from Industries on Missouri Pacific, I. M. & So. Tracks.*

This subject was considered at meeting 16th, Proceedings No. 123, and referred to Special Meeting 18th. The report of said meeting was presented today and laid over until Tuesday, 23rd inst., for additional information.

134. (131) Prepayment of Freight Charges on Range Horses.

This subject last considered at meeting May 16th, Proceedings No. 123, and Chairman instructed to take subject up with the Chief Inspector for information.

At meeting today Chairman read correspondence with Chief Inspector and it was

Moved, That copies of the correspondence he transmitted to Chairman C. F. A. with the request that he favor us with an explanation of the action taken.

135. (130) Printing Proceedings of Meeting of This Committee.

This subject considered at meeting May 16th, Proceedings No. 123, and Chairman instructed to secure prices for the work and submit to members by Circular letter.

Chairman stated that he did not get the figures until this morning and for that reason subject on the docket. No action was taken, members being of the opinion proposition should be sent out by Circular Letter. See Circular Letter No. 304.

136. *Rates on Live Poultry, C. L., from Missouri River, Points Via East St. Louis vs. Chicago to Eastern Termini of Trunk Lines and East Thereof.*

This subject brought up by letter from a member which the Chairman read and the following adopted:

Whereas, It being apparent the East St. Louis gateway is out of line as regards through rates on Live Poultry, carloads, Missouri River Points to Eastern Cities, including the Western Termini of the Trunk Lines, as compared with through rates available via Chicago gateway, such through rates being based on Western Trunk Line Rule Circular No. 6, effective July 15th, 1901, which authorizes 4th class rates, minimum 20,000 lbs., as applicable on Live Poultry, carloads, Missouri River Points to East St. Louis and Chicago, and

Whereas, Present Western Trunk Line Tariff No. 183, effective March 1st, 1904, shows 4th class rates to be to East St. Louis 27 cts., to Chicago 32 cts., from Missouri River Points, therefore, with the view of equalizing rates via both gateways, be it

Resolved, That we recommend to the Central Freight Association the establishment of proportional rates on Live Poultry (originating at Missouri River Points), minimum weight as per Official Class'n. from East St. Louis, as follows:

To—
Boston, Mass., 76 cts.
New York, N. Y., 70 cts.
Philadelphia, Pa., 68 cts.
Baltimore, Md., 67 cts.

137 (76) Division of Rates Between Memphis, Tenn., and Eastern Cities Via Cairo, Thebes, Etc., and East St. Louis.

This subject last considered at meeting April 4-5, Proceedings No. 117, and reply made to Chairman C. F. A. that Info. No. 998-A applied on all Memphis business except Cotton.

At meeting today Chairman read letter May 19th,

file Info. 998-A, from Chairman C. F. A., requesting information as to why cotton was excepted any more than other business and was instructed to advise Chairman C. F. A. that Cotton was excepted for the reason that Joint Commitee Circular No. 1646 makes an exception only of cotton.

138. (125) Proportional Rates on Wall Plaster.

This subject last considered at meeting May 16th, Proceedings No. 123, and left in the hands of the Chairman to be taken up further with the Chief Inspector.

At meeting today Chairman read additional correspondence on the subject and it was

Moved, That the subject be laid over until A. G. F. A. Southern Railway is present.

139. Guarantee of Prepayment of Freight Charges on Vegetables on Part on Western Lines, Etc.

This subject brought up by letter from a member, which was read. Attention was called to C. F. A. Info. 4764, this Committee's Special Notice No. 1410, which covers the point in question and subject ordered stricken from the docket, as action on the part of this Committee unnecessary.

140. Letter from Chairman C. F. A. Requesting Information as to What Roads Are Protecting Rate of 50 Cts. Per 100 Lbs. C. L. on Asphaltum from California to Points East of the Indiana-Illinois State Line Instead of Demanding Percentage Proportion of 75 Ct. Rate.

This subject brought up by letter May 20th, file 9443-B, from Chairman C. F. A., which was taken up with the District Inspector with the view of ascertaining whether any of the traffic has been handled on that basis and received reply that records show only one shipment passed East St. Louis this year and that was billed at local rate 90 per cent of the 6th class as per C. F. A. Info. 5428, and it was

Moved, That the information be communicated to Chairman Central Freight Association.

141. *Grain and Grain Products Rates, East St. Louis to Central Freight Association Territory.*

This subject brought up by correspondence from Chairman Western Trunk Lines Committee calling attention to Grain and Grain Products rates as checked in at a meeting of representatives of Chicago Eastbound Roads, May 8th, and requested information regarding changes that would be made from East St. Louis, and it was

Moved, That a meeting of the Rate Clerks be called for tomorrow, Wednesday, 24th, to check and compare rates in effect from East St. Louis with those checked in from Chicago and transmitted with C. F. A. Advice Letter K-655½, May 13th, also Peoria and Pekin Freight Committee Rate Sheet No. A-A, making such recommendation as may be necessary for consideration at next meeting of the Committee.

142. *Absorption of Intermediary Switching at East St. Louis.*

This subject brought up by letters May 11th and 22nd, file A-7810 from the Chief Inspector, requesting information as to whether it is proper to absorb switching account East St. Louis Connecting Ry. on through shipments of Lumber and the Chairman was instructed to advise the Chief Inspector that it is the understanding and has been customary for receiving lines to absorb intermediate switching at East St. Louis.

There being no further business, on motion meeting adjourned.

R. M. Fraser, Chairman.

Meeting convened 10:30 a. m.

161. (151) Prepayment of Freight Charges on Range Horses.

This subject last considered at meeting June 6th, Proceedings No. 126, and laid over pending information from Chairman C. F. A.

At meeting today Chairman called attention to C. F. A. Info. No. 5926 "Prepayment of Freight Charges on Shipments of Range Horses," and after discussion, was instructed to call the District Inspector's attention to Info. Circular No. 5926, with the request that he see that the rule is enforced by all lines and subject tabled.

162. (152) *Printing Proceedings of Meetings of This Committee.*

This subject last considered at meeting June 6th, Pro-

ceedings No. 126, and continued on docket on account of replies not having been received from all members to Circular Letter No. 304.

At meeting today replies received were read and the subject tabled.

163. (*155*) *Application for Reduced Rate on Cotton Piece Goods from Mills West of Mississippi River vs. Southern Mills to Trunk Line Points.*

This subject last considered at meeting June 6th, Proceedings No. 126, and laid over for further information.

Mr. W. C. Stith, F. T. M., Mo. Pac. Ry., intended to be present at meeting today but found it impossible to come, therefore laid subject over until next meeting.

164. (*153*) *Division of Rates Between Memphis and Eastern Cities Via Ohio River Crossings.*

This subject last considered at meeting June 6th, Proceedings No. 126, and as instructed the Special Committee's Report was transmitted by letter June 7th, to Chairman C. F. A.

After meeting today letter June 12th from Chairman C. F. A. was read and after discussion the Chairman was instructed to advise Chairman C. F. A. that the report of the committee in letter June 7th, we think is strictly in accord with C. F. A. and Joint Committee Circulars, as promulgated. If Joint Committee Circulars No. 1700 and No. 1795 were not abrogated in so far as they amend Joint Committee Circular No. 1646 C. F. A. Info. No. 894-A amended by 897-A and abrogated by 998-A should not carry a notation to the effect that they are cancelled in their entirety but only so far as they refer to No. 1609, providing for divisions from Cairo, etc., to Trunk Line Points, via East St. Louis.

It is true that the Committee's reports made no allusion to Joint Committee Circular No. 1666, that, however simply announces that the general rule against compounding revenue is to be applied in connection with Joint Committee Circular No. 1646. This rule, however, has been very generally ignored and a number of

lines have openly announced their intention to not discriminate between their different connections and to accept traffic from all alike on the same terms.

In connection with the subject of Divisions between Memphis and Eastern Cities, it was suggested that the question of divisions on Lumber should be provided in same manner as promulgated in C. F. A. Info. No. 998-A and the proposition was referred to a sub-committee composed of Messrs. Walter Nichols (Chairman), P. W. Coyle and J. R. Peachy for consideration and report.

165. (156) Rate on Zinc Oxide.

This subject last considered at meeting June 6th, Proceedings No. 126, and laid over.

At meeting today Chairman read letter June 9th from A. G. F. A. B. & O. S. W. R. R. to the effect that B. & O. S. W. R. R. would not publish higher rates on Zinc Oxide than are current on Sublimed lead and it was

Recommended, To the Central Freight Ass'n. that in view of the position taken by one of the lines, member of this committee, we request authority for the publication of the Sublimed Lead Rates on Zinc Oxide to C. F. A. and Trunk Line Points.

166. (113) *Industrial Roads Switching at Granite City, Ill.*

Laid over until next meeting.

167. *Through Rates and Divisions on Melons from Points in Missouri and Arkansas to C. F. A. Territory.*

This subject brought up by letters June 13, file 465-B-R from G. F. A., Mo. Pac.-I. M. & So. Ry., and June 16th from G. F. A., St. L. & S. F. Ry., to the effect that the Missouri Pacific and Frisco Railways have reduced their rate 1.8 cts. per 100 lbs., from Melon Producing Points to Cairo, Gale, Thebes and East St. Louis, which will reduce the through rate 1.8 cts. per

100 lbs. less than the rates shown in C. F. A. Info. 5244, this Committee Special Notice No. 1485, it was

Recommended to the Central Freight Ass'n that Info. No. 5244 be cancelled and the following rates be authorized on Melons, C. L., minimum weight 25,000 lbs., from Mo. Pac. Ry. (I. M. & So.) and Frisco System Stations, as follows:

In dividing the foregoing rates the following proportions to be allowed the railroads south and west of Cairo, Gale, Thebes or East St. Louis, the balance of the through rates to accrue to the railroads east of Cairo, Gale, Thebes or East St. Louis.

To Cairo, Gale or Thebes, 7.2 cts. per 100 lbs.

To East St. Louis, 9.2 cts. per 100 lbs.

The above figures will allow the lines east of Cairo, Gale, Thebes or East St. Louis the same as they receive out of the through rates authorized in C. F. A. Info. No. 5244, the lines south or west of Cairo, Gale, Thebes or East St. Louis having reduced their rates 1.8 cts. per 100 lbs., to the above crossings.

Letter June 16, file H-12221, from G. F. A. St. L. S. W. R. R. to the effect that rates on melons, C. L. minimum weight 25,000 lbs., to points beyond Mississippi River crossings from producing points, will be made on combination of locals on the river crossings, viz.: From

stations on St. L. S. W. Ry. in Missouri (except St. Louis) to East St. Louis and Bixby 11 cts. To Cairo and Thebes 8cts. per 100 lbs. as per St. L. S. W. Joint tariff No. 3907 (I. C. C. 2271), effective June 20th, 1905.

168. *Rates and Divisions from American Carbon Co. on St. Louis & Belleville Electric Ry.*

Laid over until next meeting.

There being no further business meeting adjourned until Tuesday, June 27th, 10 a. m.

Meeting convened 10:30 a. m.

178. (170) *Cotton Piece Goods from Mills West of Mississippi River vs. Southern Mills to Trunk Line Points.*

This subject considered at meeting June 27th, as shown in proceedings No. 128.

At meeting to-day Mr. Stith was present to discuss the rate adjustment, but not being in a position to submit a definite proposition, at his request the subject was laid on the table.

179. (172) *Industrial Roads Switching at Granite City, Ill.*

As shown in proceedings No. 128, this subject was considered and laid over for investigation and report by G. F. A., C. P. & St. L. Ry.

G. F. A. Bushnell not being present at meeting to-day subject was laid over.

180. (177) *Rate on Low Grade Barytes, Ore, Potosi, Mo., to Eastern Cities.*

As shown in proceedings No. 128, June 27th, this subject referred to the Chief Inspector for information.

At meeting to-day communication giving the desired information was read and after consideration lines represented individually announced that it is deemed inexpedient to make any change in the present rating on this commodity.

181. (175) *Application for Change in Official Class'n, Regarding the Transportation of Beer in Bottles in Carriers.*

At meeting June 27th, proceedings No. 128, this subject referred to Chairman Official Class'n Committee for information.

At meeting to-day Chairman read communication giving the desired information and after discussion was instructed to refer the request to the Anheuser-Busch Brewing Ass'n for correction of Official Class'n

to provide for the acceptance of Beer, Ale or Porter in bottles, in carriers with pasteboard, instead of wooden covers, to the Official Class'n Committee with the recommendation that the Official Class'n be amended in line with the request, only so far as shipments in carload lots are concerned.

182. *Rate on Lumber from East St. Louis vs. Memphis to Eastern Cities.*

This subject brought up by correspondence from Sec'y St. Louis Traffic Bureau calling attention to the rates from East St. Louis as against rates from Memphis, etc.

After consideration of the subject the Chairman was individually instructed by lines represented to advise the applicant that the subject which he brings up had been one of much earnest consideration, but at the present time interested lines individually announce that they cannot see their way clear in taking action which would result in reduction of rates from East St. Louis.

Note.—The Chairman was also individually instructed to refer to letter of the Sec'y St. Louis Traffic Bureau to Chairman Tucker calling his attention to the menace the existence of the 29 cent rate Memphis to New York, etc., is to East St. Louis, with the request that he take such steps as may be necessary to have unauthorized proportional rates from Memphis to Eastern cities withdrawn.

183. *Shipping Receipts to Be Typewritten.*

C. F. A. Advice Letter No. K-788½ was submitted, but as action on the part of the Committee was not deemed necessary, subject was ordered stricken from the docket.

184 *Irregularities in Handling Traffic from the East to Western Points.*

This subject was brought up by letter June 24th,

file 5359, from Chairman C. F. A., which was read and after discussion the Chairman was instructed to reply to Chairman C. F. A. that as conditions at St. Louis are not the same as at Chicago, action corresponding to that of the Chicago Committee is unnecessary here because rates of Western lines applying from Depots of Eastern Lines at E. St. Louis and through rates are made on the East St. Louis combination.

185. (159) *Rates on Lumber, C. L., East St. Louis to Howard City and St. Louis, Michigan.*

At meeting June 6th, proceedings 126, this subject referred to C. F. A. for consideration. At meeting to-day Chairman called attention to Subject No. 6140, page 140 of C. F. A. June proceedings, showing action taken on above subject and it was decided that action as per C. F. A. June 14th proceedings subject 6140 will govern.

186. (179) *Industrial Roads Switching at Granite City, Illinois.*

At meeting July 11th, proceedings No. 129, this subject laid over account of absence of G. F. A., C. P. & St. L. Ry.

At meeting to-day Mr. Bushnell stated that as their General Manager had been away most of the time since June 27th meeting, he had been unable to bring the subject of reduction in switching allowance to his attention.

After discussion subject was ordered stricken from the docket.

187. (182) *Rates on Lumber from East St. Louis vs. Memphis to Eastern Cities.*

As shown in proceedings No. 129, July 11, this subject was referred to Chairman C. F. A. At meeting to-day letter 13th, file 10845-A, from Chairman Central Freight Ass'n, was read and subject ordered stricken from the docket.

188. (148) *Minimum Weights on Wall Plaster.*

At meeting to-day letter 14th, file Info. 5976, from Chairman C. F. A., was read calling attention to Special Rates on Wall Plaster, subject to minimum weight of 30,000 lbs., and requesting that minimum be made 40,000 lbs., and after discussion following action taken:

Recommended to the Central Freight Ass'n that effective Sept. 1st, the minimum weight on Wall Plaster, as shown in C. F. A. Info. 5976, be made 40,000 lbs.

189. (93) *Proportional Rate on Wheat from East St. Louis to C. F. A. Points.*

This subject was last considered at meeting April

18th, proceedings No. 119 brought up again by letter from Chairman C. F. A., which was read and after discussion the Chairman was instructed to advise Chairman C. F. A. that the proportional rate from East St. Louis to Toledo and Detroit now held by the direct lines, is 7 cts., which justifies the Vandalia and Big Four (the latter of which has not yet published less than 7½c) to quote 7 ct. rate and that inasmuch as under Joint Rate Committee agreement the East St. Louis rates are applied from Upper Mississippi River Crossings and pro-rated under Joint Committee Rules via Chicago and Peoria, we think it would be better to cancel the application of Joint Rate Committee divisions on grain to Central Freight Ass'n points and establish specific proportional rates from East St. Louis, Peoria, and Chicago in the manner established on Export and Trunk Line grain last spring which will prevent unnecessary loss of revenue on the part of the C. F. A. Roads on Trans-Mississippi River grain, destined to C. F. A. points and create better conditions than now exist.

190. (165) *Rates on Zinc Oxide.*

This subject last considered at meeting June 20th, proceedings No. 127, brought up again by letter from Chairman C. F. A., which was read and subject laid over until next meeting.

191. *Application for Carpenters' Mouldings to Be Included in List of Articles Taking Lumber Rates.*

This subject, brought up by letter from a shipper, which was read and after discussion following adopted:

Recommended, To the Central Freight Ass'n, that Carpenters' Moulding be included in the list of articles taking Lumber Rates to points in C. F. A. territory.

192. (159) *Rates on Live Poultry, C. L., from Mississippi River Points via East St. Louis vs. Chicago to Western Termini of Trunk Lines and East Thereof.*

As shown in proceedings No. 126, June 6th, this sub-

ject referred by Chairman Central Freight Ass'n to the Committtee on Relations with Western Roads.

At meeting to-day Chairman read correspondence from Chairman C. F. A. to the effect that Chairman of the Western Trunk Lines Committee advises that Western Lines are not agreeable to establish through tariffs on this traffic.

Chairman also stated that he had taken subject up with Chairman C. F. A. requesting that he submit result of his correspondence with Chairman Western Trunk Lines Committee to members by Advice Letter and again submit the proposition as per C. F. A. Advice Letter K-703, but had as yet received no reply.

In view of the above, action on the subject was deferred until next meeting.

193. (124) *Rules Governing Transit Grain.*

This subject last considered at meeting May 16th, proceedings No. 123.

At meeting to-day Chairman read letter from the Chief Inspector to the effect that Western Lines were opposed to the proposition and the subject was laid over on the table.

194. *Rates and Divisions on Import Sisal, C. L., Texas Ports via E. St. Louis to Xenia and Newark, O.*

This subject, brought up by letter from a member, which was read and after discussion was laid on the table.

195. *Wabash Switches in North St. Louis.*

This subject submitted to members by Circular Letter No. 313.

Question raised to-day by letter from a member as to whether it was the intention of the Wabash to include this extension in their regular tariff at the rates shown therein.

A. G. F. A. Wabash stated that their rates to Baden will be the same as to other points in the Switching Limits, viz.: 1 cent per 100 lbs., minimum $5.00 per car.

On motion meeting adjourned until Tuesday, July 25th, 10 a. m.

Meeting convened 10:30 a. m.

196. (190) Rates on Zinc Oxide.

At meeting July 18th, Proceedings No. 130, this subject laid over for investigation.

At meeting today it was stated that definite conclusion on the proposition had not been reached and the subject was again laid over until next meeting.

197. (192) Rates on Live Poultry, C. L., from Missouri River Points Via East St. Louis to Western Termini of the Trunk Lines and East Thereof.

This subject last considered at meeting July 18th,

Proceedings No. 130. As definite action on the proposition as per C. F. A. Advice Letter No. K-835, had not been received, further consideration was deferred.

198. *Application for Reduced Rate on Barytes Ore from Blackwell, Mo., East St. Louis to Eastern Cities.*

This subject brought up by letter from a member submitting correspondence from a shipper which was read and after general discussion lines represented individually announced that it was deemed inexpedient to make any change in the present rating on the Commodity.

199. (189) *Proportional Rate on Wheat from East St. Louis to Western Termini Points.*

This subject last considered at meeting April 18th, Proceedings No. 130, brought up again by telegrams and letters from Chairman C. F. A., which were read and roads represented individually announced their intention to make effective Aug. 21st rates on Wheat to Western Termini Points, 11½ cts. per 100 lbs., provided Upper Mississippi River Crossing Roads will do likewise. The Chairman to take the subject up with Chairman Central Freight Ass'n. with that end in view and advise members result by Circular Letter.

200. Minimum Carload Weight on Export Grain Products.

This subject submitted to members by Circular Letter No. 314, July 19th. Replies not having been received from all members subject was docketed for consideration today.

After due consideration, it was

Recommended, To the Central Freight Ass'n. the application of the Domestic Carload minimum, as per current Official Class'n. on Export Grain Products.

201. Rates on Sand, Klondike, Mo., to Terre Haute, Indiana.

This subject brought up by C. F. A. I. C. C. Advice

Letter No. 439, July 21st, item One (1), and after discussion subject laid over until next meeting.

202. (78) *Rates on Cotton Seed Meal, Etc., from Arkansas Points.*

This subject last considered at meeting April 5th, Proceedings No. 117, and Chairman instructed to take subject up with the Arkansas Freight Committee with the view of bringing about the publication of Through rates and divisions. Action of the C. F. A. and this Committee was transmitted to Chairman Arkansas Freight Committee by letter April 5th.

The subject was brought up again at meeting today by letter from a member which was read and after discussion following action taken:

Whereas, The Arkansas Lines have failed to provide through rates as contemplated when the matter was referred back to this Committee at meeting C. F. A., March 15-16, we reaffirm the preamble and resolution of March 7th, Proceedings No. 114, transmitted to Chairman C. F. A. by letter March 8th, file 5003, for submittal to interested lines by Advice Letter.

The Chairman requested leave of absence which was granted.

Meeting convened 10:30 a. m.

203. (196) Rates on Zinc Oxide.

As shown in Proceedings No. 131, Aug. 1st, this subject was under consideration and laid over for further investigation.

At meeting today the member having 23 ct. basis, E. St. Louis to New York, in effect stated that they had not altered their position, i. e., they were of the opinion that Zinc Oxide should be carried on the same basis of rates to Trunk Line Territory as Sublimed Lead, etc., and after discussion following recommendation to the C. F. A. was adopted.

Whereas, Zinc Oxide is a product of Zinc Ore, derived in the same manner as Sublimed Lead is derived from Lead Ore, and

Whereas, The general appearance of Zinc Oxide and the purposes for which it is used substantially the same as those of Sublimed Lead, Barytes, etc., and the value is less,

We Recommend, To the Central Freight Association that the current rates on Sublimed Lead be also authorized on Zinc Oxide from East St. Louis to C. F. A. and Trunk Line Territories. The objections to the Eastern Lines to this adjustment have been noted, but we consider that the rates in one direction are not the proper measure for rates in the opposite direction under all circumstances, and believe that the rates in each

direction shall be adjusted solely with reference to the commercial conditions which exist eastbound or westbound as the case may be.

Note.—The Gould Lines are making a strong effort to secure this business and will maintain their current rates regardless of any advance which may be made all rail, so that the withdrawal of the present eastbound rates as proposed by the Eastern Lines will not remedy the commercial conditions at the Eastern Seaboard, which are fixed by the rates available through Gulf Ports.

204. Rates on Anodes, Base Bullion, Blister Copper, Etc.

This subject brought up by letter Chairman C. F. A. which was submitted to members by Circular Letter No. 317, August 11th.

After discussion of the proposition at meeting today the subject was referred to a meeting of Rate Clerks, with instructions to line up tariffs in accordance with interpretation of Chairman, Central Freight Ass'n.

Note.—In connection with the above the Chairman to write Chairman C. F. A. and call his attention to the omission from Info. 1349-A of "Note" to the effect that Atlantic Seaboard rates should not be scaled back to interior points.

205. Rates on Zinc White Lead.

This subject brought up by letter from Chairman C. F. A., which was submitted to members by Circular Letter No. 318, Aug. 28th.

After discussion of the subject today, it was

Recommended, To the Central Freight Association that Zinc White Lead be included in the list of articles on which apply the special rates now in effect on Zinc Lead Flue Dust, as suggested by Chairman Central Freight Ass'n.

206. *Starch and Corn Feed in C. B. & Q. R. R. Tariff in List of Articles Entitled to Milling in Transit Rules.*

This subject brought up by letter Chairman C. F. A. calling attention to action by the Chicago Committee on above subject.

At meeting today after discussion some of the members were of the opinion that the T. St. L. & W. R. R. has divisions with the C. B. & Q. via East St. Louis and in view of the absence of the T. St. L. & W. representative, subject laid over until next meeting.

207. (197) *Proportional Rates on Live Poultry from Stations in Missouri, Kansas and Nebraska.*

This subject last considered at meeting Aug. 1st., Proceedings No. 131, brought up again by letter from Chairman C. F. A. which was submitted to members by Circlar Letter No. 321, and after discussion at meeting today subject was laid over until next meeting account absence of T. St. L. & W. R. R. representative.

208. (39) *Missouri Pacific Joint Percentage Sheet No. 698-C, Effective August 1, 1905.*

This subject last considered at meeting Feb. 14, Proceedings No. 111, brought up again by letter from a member which was submitted by Circular Letter No. 322.

After discussion today it was

Moved, That the subject be referred to the Rate Clerks with the view of establishing a uniform basis of divisions with the Missouri Pacific in accordance with existing authorities.

209. (111) *Rates on Burlap and Gunny Bags, C. L. and L. C. L. East St. Louis vs. New Orleans to C. F. A. Points.*

This subject last considered May 2nd, Proceedings No. 121, and referred to Chairman C. F. A. The Chairman stated that in view of the numerous requests re-

ceived as to disposition of the subject and seeming inability to secure action on the part of Southern Lines, he had placed the subject on the docket for the purpose of ascertaining whether members desired to take any action.

Recent correspondence on the subject was read and after discussion the Chairman was instructed to keep the subject off the docket until something definite is secured.

210. (202) *Rates on Cotton Seed Meal, Etc., Originating West of Mississippi River, Including Arkansas Points.*

This subject last considered at meeting Aug. 1st, Proceedings No. 131. At meeting today letters Aug. 29th and 30th, file 8582, from Chairman Central Freight Ass'n. were read and after discussion the following adopted:

Recommended, To the Central Freight Association that Lines east of East St. Louis be authorized to apply the proportion of the Cairo Rates on shipments of Cotton Seed Ashes, Cake, Hulls, Motes, Meal, etc., originating at points west of the Mississippi River billed locally to East St. Louis and then reconsigned to Eastern destinations or handled under through consignments to Eastern destinations.

211. *Tobacco, Leaf, Unmanufactured, in Bundles, Bales, Crates, Cases or Hogsheads.*

This subject brought up by letter from Chairman Official Class'n. Committee, requesting information as to whether there was any reason why the term "Unmanufactured" should continue to be applied to Leaf Tobacco.

After discussion the Chairman was instructed to advise Chairman Official Class'n Committee that this Committee does not know of any reason why the term "Unmanufactured" should still continue to be applied to Leaf Tobacco.

212. Rates and Divisions on Rice and Rice Products from New Orleans, Louisiana, to C. F. A. and Western Termini Published by Mo. Pac. Division Sheet 796.

This subject was brought up by letter from a member which was read and after discussion laid on the table, the opinion of some of the members being that this Committee had no jurisdiction over per cents between individual lines.

223. (149) Rates on Grain and Grain Products to C. F. A. Points.

This subject was last considered at meeting May 30th, proceedings No. 125. On request of a member the Rate Clerks made a re-check of the rates Aug. 29th and at meeting to-day their recommendation approved with the exception that the rates to Anderson, Kokomo, Marion, Muncie and Wabash, Ind., were made 8 cts. per 100 lbs., and the Chairman was instructed to submit to Central Freight Assn't for approval and promulgation, rates from East St. Louis to Basing Points as per minimum Basing Book No. 9 and amendment, as follows:

217. (208) *Missouri Pacific Joint Percentage Sheet No. 698-C, Effective August 1st,* 1905.

At meeting Sept. 5th, proceedings No. 132, this sub-

ject referred to Rate Clerks, who recommended at their meeting Sept. 8th, 1905, that action be deferred pending C. F. A. action on Advice Letter J-333, etc. At meeting to-day it was stated that the Special Committee having this and similar subjects under consideration did not, as expected, meet on Sept. 6th, and after discussion, it was

Moved, That the subject be laid over pending action of the Special Committee having matters of divisions with Southern Lines in charge.

218. (116) *Lumber, Etc., Potosi, Mo., via E. St. Louis to Eastern Cities.*

This subject last considered at meeting May 9th, proceedings No. 122. At meeting to-day Chairman read letter from Chairman C. F. A. to the effect that the T. St. L. & W. R. R. would not comply with the request to maintain authorized regulations and charge full local rates east of East St. Louis on the traffic, and it was

Moved, That the subject be tabled.

219. *Letter from Fidelity Transfer Co. Regarding Issue of Bills of Lading.*

This subject was brought up by letter from the above named company which was read and after discussion the Chairman was instructed to reply to the Fidelity Transfer Co. to the effect that the Committee had no jurisdiction in the case and refer them to the individual roads, members of this Committee.

220. (201) *Rate on Sand, Klondike, Mo., to Terre Haute, Ind.*

This subject last considered at meeting August 1st, proceedings No. 131, and laid over. At meeting to-day attention was called to the proceedings of a Conference Meeting of Chicago, St. Louis and Peoria lines held in C. F. A. rooms, Sept. 7th. 1905, on above subject at which time action was taken disposing of the subject, and it was

Moved, That the subject be tabled.

221. *Rates and Divisions on Citrus and Deciduous Fruits.*

This subject brought up by letter from Chairman C. F. A. which was submitted to members by Circular Letter No. 323 for their information.

244. (60) *Rates on Wool.*

At meeting March 7th, Proceedings No. 104, when this subject last considered it was referred to the Official Class'n. Committee for consideration. At meeting today Chairman read letter from Chairman Official Class'n. Committee to the effect that at a recent meeting the Committee did not see their way clear to make any change in the existing legislation and the subject was ordered tabled.

245. (242) *Rate on Export Flour to Points on the Coast of Maine East of Portland, Etc.*

This subject last considered at meeting Oct. 17, Proceedings No. 137, and laid over until definite reply received from Chairman C. F. A.

At meeting today letter from Chairman Central Freight Ass'n. was read and after discussion of the proposition it was individually announced that the terms and conditions of C. F. A. Info. 1473 series A covered by Special Notice No. 1629, be adhered to and enforced.

246. (229) *Proportional Rates on Live Poultry.*

This subject last considered at meeting Oct. 3rd, Proceedings 123, brought up again by letter from a member, which was submitted by Circular Letter 327. As replies had not been received from all, subject placed on docket and after discussion today subject was tabled. The Chairman was instructed to give the member the information asked for when he received replies from all the members.

247. (221) *Rates and Divisions on Citrus and Deciduous Fruits.*

This subject last considered at meeting Sept. 19th, Procedings No. 133, and tabled—brought up again by letter from Chairman C. F. A., which was submitted to members by Circular Letter No. 236, and after discussion at meeting today the subject was laid on the table.

248. *Chatts, C. L., East St. Louis to Terre Haute, Ind.*

This subject brought up by letter from a member making application for rate of 90 cts. per ton on Chatts, East St. Louis to Terre Haute, Ind., the member stating they were informed by a shipper that he thought he could move some of the business on that basis, which is 10 cts. higher than the Sand Rate.

After due consideration it was

Recommended, To the Central Freight Ass'n, that the rate of 90 cts. per ton, minimum weight, marked capacity of car, be established on Chatts, East St. Louis to Terre Haute, Ind.

249. *Rule 27 Official Classification Not Being Enforced.*

This subject last considered at meeting November 11th, 1904, proceedings No. 103, and referred to the Official Class'n Committee.

At meeting to-day letter from Chairman Official Class'n Committee was read to the effect that the Committee at a recent meeting did not see their way clear to make any change in rule in question and the subject was ordered tabled.

250. (238) *Proper Rating to Apply on Chicken Feed.*

This subject last considered at meeting Oct. 10th, proceedings No. 136, brought up again by letter from shippers requesting a hearing which was granted at meeting to-day and the various shippers were present and presented their arguments for a reduced rating, both verbally and in writing.

After discussion of the proposition it was decided that the matter be referred to the Official Class'n Committee for consideration.

251. *Rates and Divisions from and to Monroe and Shreveport, La., and Points in Cincinnati-Louisville Territory.*

Above subject brought up by letter from Chairman C. F. A. calling attention to through rates and percentages authorized by C. F. A. Information No. 2541, etc., and requested to know whether the Committee was willing to have the percentage arrangement so modified that locals will be the maximum allowed thereunder to the east or west of East St. Louis. After discussion the Chairman was instructed to advise Chairman Central Freight Ass'n that the Committee recommends that an amendment be issued to Info. No. 2541 providing for locals as maximum either east or west of East St. Louis.

252. (180) *Application for Change in Official Class'n Regarding the Transportation of Beer in Bottles in Carriers.*

At meeting July 11th, proceedings No. 120, when this subject was last considered, the subject was referred to the Official Class'n Committee. At meeting to-day letter from Chairman Official Class'n Committee was read to the effect that at recent meetings the Committee did not see their way clear to make any change in existing legislation and subject was laid on the table.

253. (243) *Rates on Cotton Seed Meal, Etc., Originating West of the Mississippi River, Including Arkansas Points.*

This subject last considered at meeting Oct. 17, proceedings No. 137, and laid over.

It was understood at last meeting when this subject was laid over that a member would draft a resolution to be submitted to the Committee. At meeting to-day the member stated that after consideration of the

proposition he had decided to withdraw his former motion and after further consideration of the subject today, following recommendation to the C. F. A. was adopted:

Recommended, To the Central Freight Ass'n, that the practice recently authorized as per C. F. A. Info. 1471, series A, and 6125, of accepting from East St. Louis to Eastern points the proportion of the Cairo, Gale or Thebes rates in connection with the local rate to East St. Louis on Cotton Seed Meal, Motes, Hulls, Cake and Ashes, etc., from points west of the Mississippi River be discontinued and that proportional rates be established by tariff from East St. Louis 1 cent per 100 lbs. less than from Cairo, Gale or Thebes; said proportional rates to be applied on through or reconsigned shipment.

Under this recommendation it will not be permissible to pro rate the rate as per C. F. A. Info. No. 998 and 1120, series A, or subsequent issues thereof which should be amended accordingly.

This recommendation, if adopted, will have the effect of cancelling Info. 1471, series A and 6125.

254. (142) *Absorption of Intermediate Switching at St. Louis and East St. Louis.*

This subject last considered at meeting May 23, proceedings No. 124, brought up again by letter from a member to the effect that they had reason to believe certain roads are not conforming to Circular Letter No. 308.

After discussion the subject was laid over until next meeting, it being understood that in the meantime members would investigate whether or not they were absorbing any switching contrary to Circular Letter 308.

255. *Day and Time for Regular Meeting of the Committee.*

The above subject was docketed with the view of having members decide what change, if any, would be

made in the day and time of meeting in order to, if possible, have all members present at the time named. After discussion it was decided to cancel action which provides 30 minutes for members to provide as shown in proceedings No. 104, Dec. 2nd., 1904, and it was

Resolved, That future meetings be held at the Committee Rooms, 314 Wainwright Building on Tuesday of each week at 10:00 o'clock a. m. sharp.

256. *Rates on Boxes or Caddies Plug Tobacco Carloads.*

This subject was brought up by letter from a member which was read and after discussion following action taken:

Whereas, Special Commodity rates have been established on Tobacco Boxes or Caddies from Louisville, Ky., to various points as per C. F. A. Info. Nos. 6112 and 1463, series A, and

Whereas, The same conditions obtain at this point. Be it

Recommended, To the Central Freight Ass'n, that rates be established on Boxes or Caddies for shipping Plug Tobacco minimum weight 20,000 lbs., rule 27 to apply as follows:

From East St. Louis, Ill., to Helmetta, N. J., 35 cts.; Jersey City, N. J., 35 cts.; Philadelphia, Pa., 33 cts., and Middletown, O., 15 cts., per 100 lbs.

257. (209) *Rates on Burlap and Gunny Bags, C. L. and L. C. L., East St. Louis vs. New Orleans to C. F. A. Points.*

This subject last considered at a meeting Sept. 5th, proceedings No. 132, brought up again by correspondence from members which was read and after discussion the Chairman was instructed to call a meeting of the rate clerks to check in rates from East St. Louis on Burlap and Gunny Bags recognizing New Orleans competition.

Note.—The rates checked in to be submitted to the general committee for approval.

258. *Use of Yellow Pine Lumber Rates and Divisions on Other Traffic. See M. & O. Tariff I-S* 4405 *and Division Sheet No.* 36.

Subject similar to above considered at meeting June 3rd and 20th, proceedings No. 90 and 98. At meeting to-day, Letter Oct. —, file 10777-D, from Chairman C. F. A. was read and Chairman was instructed to submit letter from Chairman C. F. A. to members by Circular Letter requesting them to prepare the necessary notice to the M. & O. R. R. (giving the date). The letters of the members to be sent to the Chairman, he to have all letters before dating and sending them to the members.

There being no further business, on motion, the meeting adjourned.

R. M. Fraser, Chairman.

The Chairman read correspondence regarding the subjects mentioned below and after due consideration resolutions were adopted as follows:

Minimum C. L. Weight on Scrap Iron Between Belleville and East St. Louis, Etc.

Resolved, That the individual roads agree that the Minimum C. L. weight on scrap iron be reduced to fifteen tons of 2240 lbs. per ton between Belleville and

East St. Louis effective on legal notice. The minimum C. L. weight on Rails, Old, to remain 20 tons of 2240 lbs per ton.

Rates on Iron Nail Plate and Scrap Steel Between Belleville, East St. Louis, etc., St. Louis.

After a general discussion on above subject it was decided that the tariff, which now reads: Nail Plate, Scrap Iron and Steel should be corrected to read: Nail Plate, Iron and Scrap Steel, 30,000 lbs. minimum 2½ cts. per 100 lbs.

Estimated Weight Per Barrel on Whisky Between Belleville, East St. Louis and St. Louis.

Resolved, That it is the understanding between the representatives of the three Belleville Roads that they will continue until Aug. 1st to transport Whisky, High-wines and Alcohol at an estimated weight of 400 lbs. per barrel, Belleville to East St. Louis and St. Louis, in the meantime they are to arrange for the weighing of said barrels and the subject to be further considered at the expiration of that time, as to whether or not the practice shall be continued.

Reduction in Minimum Weight on Nail Kegs Between Belleville and East St. Louis.

Resolved, That rate be made on kegs, Empty Nail, C. L. minimum 12,000 lbs., 5c per 100 lbs. between Belleville, East St. Louis and E. Carondelet.

Abrogating Freight Circular No. 23.

Resolved, That freight Circular No. 23 list of Track located industries, be abrogated on account of the completion of the new Belt Line at Belleville.

Note.—Joint Freight Tariff No. 12 has been issued effective June 28th.

There being no further business the meeting adjourned.

The conference was held to consider a change in the form of report compiled in this office. The change is deemed necessary in consequence of connecting tracks at Belleville, being completed, all business is thereby practically competitive and the information now shown on the Statements competitive and non-competitive traffic is not correct under the present conditions.

The Joint Agent submitted a form of report to take the place of the one in use. After consideration of the subject the blank submitted was approved by Messrs. Fitzgerald and Morris, Mr. Becker to advise later.

Meeting was called to consider and agree upon changes to be made in monthly Interchange Passenger Earnings Reports.

After a general discussion it was decided that the following columns, viz.:

"Less 33 1-3 per cent Oper'g Expenses," "Available Revenue," "Proportion," "Excess," "Deficit," and "Natural per cent," be eliminated from the Monthly Earnings Report, also that under heading "Amount sold at various stations," the amount shown to include the total earnings between Belleville, East St. Louis and St. Louis, instead of between Belleville and East St. Louis as heretofore, said changes to become effective Jan. 1st, 1901.

The Joint Agent was instructed to make such changes in the form of the Interchange Ticket Account Blanks, as he deemed necessary, to make his monthly reports conform to the changed conditions, and to have the necessary new blanks printed at once.

The Joint Agent called attention to the manner in which the different Auditors report interline tickets, in their monthly report, stating that from the information given it is impossible to properly identify and apportion these tickets in making up the monthly interchange statements, and it was

Resolved, That each member write their auditor requesting that beginning with the month of November, 1900, in making up their monthly Earnings Report to the Joint Agent of Interline Tickets issued at Belleville and of tickets issued by foreign lines reading to Belleville, they will make their reports show form and number of said tickets, in each case and also state amount of revenue accruing to lines between St. Louis and East St. Louis and Belleville, as the case may be. This to enable the Joint Agent to properly locate, identify and apportion tickets reported to him in interchange account.

R. M. Fraser, Chairman.

The first subject considered was the advisability of restricting the application of rates between Belleville and East St. Louis, etc., to the lines on which industries are located at Belleville.

A general discussion developed the fact that no agreement could be reached and the subject was dropped without any formal action being taken, the general understanding being that each road is at liberty to pay the cost of switching to and from industries on other roads, if they see proper to do so.

It was suggested that there should be a change in the manner of handling the special rate on wheat and corn, for milling and distilling purposes, at Belleville, and it was

Resolved, That freight circular No. 14, Feb. 15th, 1898, be cancelled effective April 10th, 1901.

It was also

Resolved, That in the protection of a rate to be applied on wheat and corn in carloads, minimum 30,000 lbs., for milling and distilling purposes, from East St. Louis to Belleville, Ill., the lines, members of this Bureau, agree to be governed by a minimum of one cent per 100 lbs., the same to be applied from their respective depots in East St. Louis and to be net to their respective lines, and be it further

Resolved, That in order to secure the benefit of the reduced rate on the grain, the product must be moved within 90 days of receipt of said grain, and claims must be supported by proper evidence of outbound tonnage to competitive points, which shall be equivalent to that brought in.

It not being deemed advisable to continue in effect the rate on Pig Iron, named in Joint Proportional Tariff No. 3, it was

Resolved, That Joint Proportional Tariff No. 3 effective Dec. 23rd, 1899, be reissued, eliminating therefrom the last paragraph regarding rate on Pig Iron, 34 cts. per ton, the New Tariff to be issued as a mimeograph, Joint Agent to send each of the three members one dozen copies.

Attention was called to the action at meeting of the Bureau Feb. 9th, 1898, regarding proportional rate on lumber East St. Louis to Belleville, when M. & O. R. R., and it was decided that the resolutions adopted at said meeting be cancelled, and it was

Resolved, That the lines, members of this Bureau, may accept, from East St. Louis, Ill, to Belleville, Ill., 2 cts. per 100 lbs. as their proportion in the division of the established through rate on lumber when coming from the Cotton Belt and Iron Mountain points in Arkansas and Missouri via Cairo and M. & O. The conference was asked for by the Joint Agent in order that there might be an understanding as to what tonnage should be reported by the Belleville agents and included in the statement of tonnage compiled therefrom and issued from this office. It was decided that in compiling statement for September the Joint Agent shall exclude tonnage as follows:

L. & N. R. R.—Brick from Ittners.

Ill. Cent. R. R.—Stone from Stolle Quarries; powder from and to Phoenix works.

Southern Ry.—Powder from and to Phoenix works.

It being understood that Messrs. Fitzgerald, Becker and Campbell will at once notify their agents Belleville to include in statement for October and subsequent month, only such tonnage as moves from or to Belleville proper and to or from East St. Louis or beyond.

A proposition to terminate the Belleville & St. Louis Traffic Bureau both as to the handling of freight and passenger matters was considered and it was understood that the representatives of the freight department would confer with the Passenger Representatives and other officials of their respective roads on the subject, advising conclusion later.

Office of the Terminal Railroad of St. Louis.
St. Louis, Missouri.

We, the undersigned, President of the Board of Directors, and Secretary, respectively, of the Terminal Railroad of St. Louis, a corporation organized and existing under the laws of the State of Missouri, hereby certify that at a meeting of the stockholders of said Terminal Railroad of St. Louis, held at the office of the company in the said City of St. Louis, on the 2nd day of August, A. D., 1882, the following resolution was adopted as appears from the official record of the proceedings of said meeting, by a unanimous vote of all

the stockholders present and represented by proxy. The said persons so present and represented by proxy, holding the larger amount in value of the capital stock of said company, that is to say, holding ( )——of the (2,500) twenty-five hundred shares, composing said capital stock, said meeting of said stockholders having been duly called, as by law required:

"Resolved, That the stockholders of this company hereby approve the proposition to increase the capital stock of the Terminal Railroad of St. Louis, from two hundred and fifty thousand ($250,000) dollars to five hundred thousand dollars ($500,000) the present capital being found insufficient, and hereby consent to and authorize said increase to be made and authorize and direct the steps required by law for that purpose to be taken."

And we further certify that at a meeting of the board of directors of said Terminal Railroad of St. Louis, duly called, and held also at its said office on the tenth (10th) day of August, A. D., 1882, a majority of said board being present, the following resolution was unanimously adopted:

"Resolved, That in accordance with the recommendation of the Board of Directors of this company, at its meeting held on the 1st day of June, A. D., 1882, and with the action of the stockholders at their meeting held on the 2nd day of August, A. D. 1882, sanctioning and authorizing the same, that the capital stock of the Terminal Railroad of St. Louis, be and the same is hereby increased, by the amount of two hundred and fifty thousand ($250,000) in addition to the present capital, making the entire capital of the company five hundred thousand dollars ($500,000)."

Whereupon, the capital stock of said company, to-wit, said Terminal Railroad of St. Louis, was increased to Five hundred thousand ($500,000) dollars, by said increase of two hundred and fifty thousand ($250,000) dollars.

All of which, as by law required, is hereby certified to the secretary of state of said state of Missouri, as witness our hands and the corporate seal of said company this 10th (tenth) day of August, A. D. 1882.

State of Illinois, Department (Seal) of State. Henry D. Dement, Secretary of State.

To All to Whom these Presents Shall Come, Greeting:

Whereas, a statement, duly signed and acknowledged, has been filed in the office of the Secretary of State, on the 26th day of April, A. D., 1886, for the organization of the St. Louis Merchants' Bridge Company under and in accordance with the provisions of "An Act Concerning Corporations," approved April 18, 1872, and in force July 1, 1872, and all acts amendatory thereof a copy of which statement is hereto attached:

And, Whereas, a License having been issued to S. W. Cobb, John R. Holmes, John M. Gilkeson and C. C. Rainwater as Commissioners to open books for subscription to the Capital Stock of said Company;

And, Whereas, the said Commissioners have, on the eleventh day of May, A. D., 1886, filed in the office of the Secretary of State a report of their proceedings under said License, a copy of which report is hereto attached;

Now, Therefore, I, Henry D. Dement, Secretary of State of the State of Illinois, by virtue of the powers

vested in me by law, do hereby certify that the said St. Louis Merchants' Bridge Company is a legally organized Corporation under the laws of this State.

In Testimony Whereof, I hereunto set my hand, and cause to be affixed the Great Seal of State.

Done at the City of Springfield this eleventh day of May in the year of our Lord, one thousand, eight hundred and eighty-six and of the Independence of the United States the one hundred and tenth.

Complainant's Exhibit "7" is in the words and figures following, to-wit:

At a meeting of the stockholders of the St. Louis Merchants' Bridge Company, held at its office in the town of Venice, State of Illinois, pursuant to a published notice as required by law, and also pursuant to a notice delivered personally to each of the stockholders of said Company, signed by a majority of its Directors, stating that the stockholders of said Company would meet at its office in Venice, Illinois, January 21st, 1889, for the following purposes:

1st. For the purpose of voting upon a proposition to increase the number of directors of said company from 7 to 9.

2nd. For the purpose of voting upon a proposition to increase the amount of the capital stock of said company from $500,000.00 to $2,000,000.00.

3rd. For the purpose of voting upon such other propositions as might come before said meeting: There were present all the stockholders of said company, and upon a ballot being taken upon the proposition to increase the number of directors of said company from 7 to 9 it was found that there were 5,000 votes, each vote representing one share of stock, in favor of said proposition and none against it, and upon a ballot being taken upon the proposition to increase the capital stock of said company from $500,000.00 to $2,000,000.00 it was found that there were 5,000 votes, each vote representing one share of stock, in favor of said proposition, and none against it.

It therefore appearing that more than two-thirds of said stock of said Company having voted in favor of the proposition to increase the number of directors from 7 to 9 and for increase of amount of capital stock from $500,000 to $2,000,000, it was accordingly ordered.

In Testimony Whereof the said corporation has caused this certificate to be signed by its president with its corporate seal affixed, attested by its Secretary, this 24th day of January, A. D. 1889.

We, the undersigned President of the Board of Directors and Secretary respectively of the Terminal Railroad of St. Louis, a corporation organized and existing under the laws of the State of Missouri, hereby certify

that at a meeting of the stockholders of said Terminal Railroad of St. Louis, held at the office of the company in the said city of St. Louis, on the 3rd day of March, A. D. 1885, the following resolution was adopted as appears from the official record of the proceedings of said meeting by a unanimous vote of all the stockholders present and represented by proxy, holding the larger amount in value of the capital stock of said company, that is to say, of the (5,000) five thousand shares composing said capital stock, said meeting of said stockholders having been duly called as by law required:

"Resolved, That the stockholders of this company hereby approve the proposition to increase the capital stock of the Terminal Railroad of St. Louis from ($500,000) five hundred thousand dollars to ($700,000) seven hundred thousand dollars, that is, to increase the same by ($200,000) two hundred thousand dollars, and hereby consent to and authorize said increase to be made, and authorize and direct the steps required by law for that purpose to be taken."

And we further certify that at a meeting of the Board of Directors of said Terminal Railroad of St. Louis duly called and held also at its said office on the 3rd day of March, A. D. 1885, a majority of said board being present, the following resolution was unanimously adopted:

"Resolved, That in accordance with the recommendation of the Board of Directors of this company at its meeting held on the 10th day of December, A. D. 1884, and with the action of the stockholders at their meeting held on the 3rd day of March, A. D. 1885, sanctioning and authorizing the same, that the capital stock of the Terminal Railroad of St. Louis, be and the same is hereby increased by the amount of two hundred thousand dollars ($200,000) in addition to the present capital stock making the entire capital of the company seven hundred thousand dollars ($700,000.)"

Whereupon the capital stock of said company, to-wit: said Terminal Railroad of St. Louis was increased to

seven hundred thousand dollars ($700,000) by said increase of two hundred thousand dollars ($200,000) all of which as by law required is hereby certified to the Secretary of State of said State of Missouri, as witness our hands and the corporate seal of said company this fourth (4th) day of March, A. D., 1885.

Notice—To the Stockholders of the Terminal Railroad of St. Louis.—Notice is hereby given that on Wednesday, the 24th day of July, in the year eighteen hundred and eight-nine, a special meeting of the stockholders of said company will be held at the general office of said company in the City of St. Louis, at nine (9) o'clock a. m., for the purpose of considering a resolution relative to the proposed consolidation of said Terminal Railroad of St. Louis and the Union Railway and Transit Company of St. Louis, and the proposed acceptance by said Terminal Railroad of St. Louis of article 2, chapter 21, of the Revised Statutes of Missouri.

A. H. Calef, Secretary.

George J. Gould, President.
St. Louis, May 20, 1889.
Filed July 25, 1889,

A. A. Lesueur,
Secretary of State.

This Agreement, Made this twenty-sixth (26th) day of July, in the year Eighteen Hundred and Eighty-nine, between the Union Railway & Transit Company of St. Louis, a railroad company duly created and organized under the laws of the State of Missouri, and

the Terminal Railroad of St. Louis, likewise a railroad company duly created and organized under the laws of the State of Missouri.

Bears Witness;

Whereas, Each of said companies is the owner of a completed railroad wholly constructed in the City of St. Louis, in the State of Missouri, and said railroads are so connected that they form, in the main, one continuous line of railroad running, in the main, in the same general direction, and

Whereas, It is believed that the interests of said companies respectively will be subserved and the business of said companies as common carriers with the public can be transacted with greater efficiency and economy if said companies shall become consolidated into one railroad company, as authorized and provided by the laws of the State of Missouri, therefore, it is agreed between the parties as follows:

1. The said Union Railway and Transit Company of St. Louis and the said Terminal Railroad of St. Louis shall be, and the same are hereby wholly consolidated into one railroad company of the State of Missouri.

2. The name of said consolidated company shall be "Terminal Railroad Association of St. Louis."

3. The total authorized capital stock of said consolidated company shall be Seven Million Dollars ($7,000,000), the same to consist of Seventy Thousand (70,000) shares of One Hundred Dollars ($100) each.

4. The stock of said consolidated company shall be issued to the extent that the same may be necessary, to the present holders of the capital stock of the Union Railway & Transit Company, and of the Terminal Railroad of St. Louis in lieu of and in exchange therefore, share for share.

5. The directors of said consolidated company shall be eight (8) in number, and the following are the names

and residences of the persons who shall constitute the first Board of Directors:

S. H. H. Clark, St. Louis, Mo.
D. S. H. Smith, St. Louis, Mo.

D. 1893, and for the last time on the 8th day of May, A. D. 1893, and every consecutive day between said dates, all of said publications being in the "Star-Sayings," a newspaper published in the City of St. Louis, State of Missouri, to-wit:

Notice is hereby given that a meeting of the stockholders of the St. Louis Merchants Bridge Terminal Railway Company will be held at the office of the company, room No. 62, Laclede Building, southwest corner of Fourth and Olive streets, in the City of St. Louis, on the 8th day of May, 1893, at 9 o'clock a. m., for the purpose of voting upon the proposition, then and there to be submitted, to amend the third paragraph of the articles of association of said railway company, by adding thereto the words "From the Union Depot now being constructed near Twentieth and Market Streets, in the City of St. Louis, to the northern city limits of the City of St. Louis near the Chain of Rocks; also from a point near where the line of said railway crosses North Market Street southwardly to Carr Street, in said City; also from a point or points near where the line of said railway crosses Ferry Street in said City, eastwardly across the Merchants Bridge into the State of Illinois; also from a point at or near Bulwer Avenue where the line of said railway crosses Pope Avenue, northwardly to a point at or near the intersection of Morin and Florissant Avenues in said city, the length of said railway being fifteen miles," so that said section when amended, shall read as follows:

Third: This corporation is organized for the purpose of constructing, maintaining and operating standard gauge railroad within the corporate limits of the City of St. Louis, State of Missouri, from the Union Depot now being constructed near Twentieth and Market Streets, in the City of St. Louis, to the northern city limits of the City of St. Louis near the Chain of Rocks; also from a point near where the line of said railway crosses North Market street southwardly to Carr street in said City; also from a point or points near where the line of said railway crosses Ferry street in said city, eastwardly across the Merchants Bridge into the State of Illinois; also from a point at or near Bulwer Avenue where the line of said railway

crosses Pope Avenue, northwardly to a point at or near the intersection of Morin and Florissant avenues in said city, the length of said railway being fifteen miles.

C. C. Rainwater,
President.

Jno. H. Overall, Secretary.

And in pursuance also of a like notice addressed to each shareholder at his usual place of residence, postage prepaid, and deposited at the post office at the City of St. Louis, Missouri, on the 25th day of April, 1893, stockholders representing a majority of all the shares of the capital stock of said St. Louis Merchants Bridge Terminal Railway Company, met at its office, room No. 62, Laclede Bldg., southwest corner of Fourth and Olive streets, in the City of St. Louis, Missouri, on the 8th day of May, 1893, at nine o'clock a. m. The meeting was organized by the election of C. C. Rainwater, one of the directors of said company, chairman, and selecting John H. Overall, secretary; the secretary read the proposition set forth in said published notice advertising the meeting, to amend the third paragraph of the articles of association, and on motion it was resolved that the vote of the stockholders on said proposition be taken by ballot; and thereupon the chairman appointed David W. Caruth and John Greenough (who are not directors of this company), shareholders' inspectors, and said Caruth and Greenough having been duly sworn as required by law, proceeded to receive and inspect the votes cast in person and by proxy, and for that purpose the polls were kept open until the hour of one o'clock p. m., of said day, at which hour they were closed, and the said inspectors, after inspecting and counting all the votes cast, reported that the whole number of votes cast was twenty-three thousand and twenty-five (23,025), all of which had been cast in favor of the proposition voted upon; and it thus appearing, the total number of shares of said corporation being 23,369, that the

stockholders holding the larger amount in value of the shares of stock had voted in favor of the proposition to amend the third paragraph of the articles of association, the chairman thereupon declared the proposition duly adopted.

State of Missouri: ss.

I, Alexander A. Lesueur, Secretary of State of the State of Missouri, hereby certify that the annexed pages contain a full, true and complete copy of the Agreement of the St. Louis Merchants Bridge Terminal Railway Company and the Terminal Railroad Association of St. Louis, filed November 7, 1893, as the same appears on file and of record, as the law directs, in this office.

In Testimony Whereof, I hereunto set my hand and affix the Great Seal of the State of Missouri. Done at office in the City of Jefferson, this 28th day of June, A. D. 1895.

(Seal.) The Great Seal of the State of Missouri.

A. A. Lesueur,
Secretary of State.

This Agreement made this seventeenth day of August, A. D. 1893, by and between the St. Louis Merchants Bridge Terminal Railway Company, a corporation organized and existing under the laws of the State of Missouri, hereinafter referred to as the Merchants Company, or party of the first part, and the Terminal Railroad Association of St. Louis, likewise a corporation organized and existing under the laws of said State, hereinafter referred to as the Terminal Association, or party of the second part, Bears Witness:

Whereas, said Merchants Company owns and operates a railroad in the City of St. Louis, Missouri, constructed and operated under its charter and the provisions of ordinances of said City of St. Louis, requiring it to permit any other railroad company, having connection with it, to run trains, locomotive engines and cars over its tracks, side tracks, switches, turnouts and turn tables, for such reasonable compensation as may be agreed upon; and,

Whereas, Said Terminal Association owns and operates a railroad within said City of St. Louis connecting with the railroad of said Merchants Company, and desires to run its trains, locomotive engines and cars over the tracks, side tracks, switches, turnouts and turn tables of said Merchants Company, and

Whereas, Said Terminal Association desires to aid said Merchants Company in the construction of its said railroad and the payment of liabilities incurred by it in such construction;

Now, Therefore, It is agreed by and between said Merchants Company and said Terminal Association, as follows, to-wit:

First: Said Merchants Company hereby grants to said Terminal Association the right of perpetual use of all tracks, sidetracks, switches, turnout and turntables, yards, depots and all other terminal facilities of what ever nature and kind now owned, or which may be hereafter owned, possessed, controlled or acquired by said Merchants Company in said City of St. Louis; such use so granted shall not exclude the use of said facilities by said Merchants Company.

Second: Said Terminal Association hereby accepts the said grant of such right of perpetual use of said terminal facilities and in payment and compensation therefore hereby guarantees the payment of all liabilities of said Merchants Company and further agrees to endorse, on or before September 1, 1893, or if not presented by said date, as soon thereafter as said bonds are presented, such guarantee of payment upon the three million five hundred thousand ($3,500,000) dollars of five per cent first mortgage bonds of said Merchants Company, bearing date October 1st, 1890, commencing with coupons due April 1st, 1894.

Third: It is further agreed between the parties hereto that all bills receivable, bonds, choses in action, and all other assets of whatsoever nature, kind and description, now belonging to or hereafter acquired

by said Merchants Company, shall be used in the discharge and payment of its present and future liabilities so far as such assets may be sufficient for that purpose; provided, however, that the bonds of said Merchants Company shall not be sold at less than ninety-five cents on the dollar and the bonds of the St. Louis Merchants Bridge Company shall not be sold at less than par, without the consent of said Terminal Association.

Fourth: Said Merchants Company hereby undertakes and agress to obtain extension, until January 1st, 1894, of all of its existing floating indebtedness, including bills payable, which cannot be liquidated by the use of its said bonds, earnings, choses in action and other assets.

Fifth: For the consideration aforesaid, said Terminal Association hereby subscribes for four thousand three hundred and eighty-four (4,384) shares of the capital stock of said Merchants Company, and said Merchants Company hereby sells, transfers, assigns and sets over, unto said Terminal Association said 4,384 shares of its capital stock, full paid and non-assessable; and the guarantee by said Terminal Association of payment of all the obligations of said Merchants Company, as hereinbefore provided for, which obligations include obligations incurred by said Merchants Company in the construction of its said railroad, and the payment thereof by said Terminal Association to the extent of the par value of said 4,384 shares of stock, in case said Merchants Company shall be unable to pay the same, shall be deemed full payment for said 4,384 shares of stock.

Sixth: It is further agreed said use by said Terminal Association of said terminal facilities of said Merchants Company shall not interfere with the use by said Merchants Company of said facilities; and in the event that the parties hereto cannot agree as to the manner of such use, all questions arising relative thereto shall be determined by arbitrators, one to be chosen by each party, and in the event the two arbi-

trators cannot agree, they shall select a third, whose decision in the matter shall be final.

Seventh: Said Merchants Company hereby covenants that its assets and liabilities are substantially as set forth in the statement and balance sheet thereof submitted by it to said Terminal Association, and said Terminal Association covenants that its assets and liabilities are substantially as set forth in the statement and balance sheet thereof submitted by it to said Merchants Company, which statements and balance sheet are subject however, to such changes in laibilities and assets as have transpired in the ordinary course of business. And for the breach of this covenant by either party the other may, at its option, rescind this contract.

It is hereby expressly declared by and between the parties hereto that all the preceeding covenants, agreements and stipulations shall be binding and enure to the benefit of said parties hereto, respectively, and their respective successors and assigns.

In Testimony Whereof, The said St. Louis Merchants Bridge Terminal Railway Company, party of the first part, has caused its corporate seal to be hereunto affixed, and these presents to be subscribed by its President and Secretary, on this 17th day of August, A. D. 1893, and the said Terminal Railroad Association of St. Louis has caused its corporate seal to be hereunto affixed, and these presents to be subscribed by its President and Secretary, the day and year last aforesaid.

State of Missouri: ss.

I, Alexander A. Lesueur, Secretary of State of the State of Missouri, hereby certify that the annexed pages contain a full, true and complete copy of the Lease of the St. Louis Terminal Railway Company to St. Louis Merchants Bridge Terminal Railway Company, filed July 14, 1893, as the same appears on file and on record, as the law directs, in this office.

In Testimony Whereof, I hereunto set my hand and affix the Great Seal of the State of Missouri. Done at

office in the City of Jefferson, this 28th day of June, A. D. 1895.

(Seal.) The Great Seal of the State of Missouri.

A. A. Lesueur,
Secretary of State.

This Agreement made and entered into this second day of January, A. D. Eighteen Hundred and Ninety-two, by and between the St. Louis Terminal Railway Company, party of the first part, and the St. Louis Merchants Bridge Terminal Railway Company, party of the second part, both said parties being corporations organized under the laws of the State of Missouri, having connected lines of road, Witnesseth, that

Whereas, The party of the first part is the owner of a certain line of railroad in the State of Missouri, between the point of connection of the tracks of the parties hereto at or near the intersection of Morin Avenue with Florissant Avenue, in the City of St. Louis, and the point of connection of the tracks of the party of the first part and the St. Louis and San Francisco Railway at a point near Arloe Station, and

Whereas, The party of the second part owns, controls and operates a railroad extending from a point near the Union Depot in the City of St. Louis to the bridge crossing the Mississippi River at a point in the City of St. Louis to the State of Illinois, opposite said city, known as the Merchants Bridge, and thence from said Merchants Bridge to the point of connection of the tracks of the parties hereto at or near the intersection of Morin Ave. with Florissant Avenue, in the City of St. Louis, at which last named point the line of railroad owned, controlled and operated by the party of the second part intersects, joins and connects with the line of railroad of the party of the first part;

Now, Therefore, The said St. Louis Terminal Railway Company, party of the first part, in consideration of the convenants and agreements herein contained, to be kept and performed by the St. Louis Merchants

Bridge Terminal Railway Company, party of the second part, has leased, demised and let, and by these presents does lease, demise and let, unto the said party of the second part, its successors and assigns, free from all liens and incumbrances of every kind whatsoever, except the mortgage hereinafter described, for the full term of forty (40) years from and after the date of this agreement, the line of the railroad of the party of the first part aforesaid, as the same now is or may be hereafter located, constructed, maintained, operated or acquired between the point of connection of the tracks of the parties hereto at or near the intersection of Morin Avenue with Florissant Avenue in the City of St. Louis to the point of connection of the party of the first part with the St. Louis and San Francisco Railway near Arloe Station, with all the real estate, right of way, double tracks and cross-overs, hereinafter provided to be purchased and constructed, together with the right, privilege and franchise of maintaining and operating said part of said railroad and regulating, fixing, collecting and receiving all freights, tolls and charges for use thereof and for the transportation of persons and property upon or over the same as the same now is or may be hereafter constructed, maintained or acquired, in accordance with the provisions of this contract; and

Whereas, The St. Louis Terminal Railway Company, party of the first part, for the purpose of obtaining the necessary funds with which to construct that part of its line of railroad hereinbefore described, and leased to the party of the second part, has agreed and it hereby further agrees and promises to make and issue its bonds in the sum of One Million, Five Hundred Thousand Dollars, in the denomination of one thousand dollars each, which bonds are to run for the period of forty (40) years from the first day of January, A. D. 1893, with right in the party of the first part to redeem any or all of said bonds after the period of twenty (20) years from the date thereof, and said bonds to bear interest at the rate of six per centum per annum, with

interest coupons attached, payable on the first days of July and January in each year, and to secure the payment of said bonds said St. Louis Terminal Railway Company, party of the first part, has further agreed, and hereby does agree, to execute a first mortgage or deed of trust upon so much of its railroad aforesaid as it hereby leases to said St. Louis Merchants Bridge Terminal Railway Company, party of the second part, with all the real estate, right of way, double-track and cross-overs as the same now are or may be hereafter constructed, maintained, operated or acquired, as hereinafter provided, together with all the rights, privileges and franchises thereto belonging.

And in consideration of the several promises, undertakings and agreements herein contained to be kept and performed by said St. Louis Merchants Bridge Terminal Railway Company, party of the second part, said St. Louis Terminal Railway Company, party of the first part, hereby covenants and agrees that it will, so soon as the bonds and mortgage aforesaid are executed, transfer and deliver said bonds to said St. Louis Merchants Bridge Terminal Railway Company, party of the second part, as the property of said party of the second part, and will cause to be assigned, transferred and delivered to such trustee as the party of the second part shall designate, in trust for the party of the second part, three hundred and thirty-three (333) full paid shares of the capital stock of the party of the first part, said shares to be part of those already subscribed for, and said St. Louis Terminal Railway Company, party of the first part, further covenants and agrees that no other or further shares of its capital stock shall be issued than those already subscribed for, to-wit: three hundred and fifty (350) shares.

And the party of the first part further agrees to and with said party of the second part, that it, the said party of the first part, will keep up its organization and renew its corporate existence as a railroad corporation, under the laws of the State of Missouri, during the whole time of this lease, and that it will, in its own

name and at the request and expense of said party of the second part, institute and prosecute all such suits and proceedings of every kind whatsoever, and do and perform all such acts and things as may be deemed necessary by said second party in order to secure the necessary right of way and depot grounds for the use of said railroad, or which may be deemed necessary by said second party in order to preserve and protect all of the rights of the party of the second part under this agreement.

And in consideration of the several promises, undertakings and agreements herein contained to be kept and performed by said party of the first part, the party of the second part hereby covenants and agrees to and with said party of the first part,

First—That it, said party of the second part, will guarantee the payment of the interest of said bonds amounting to the sum of One Million Five Hundred Thousand Dollars ($1,500,000), secured by mortgage or deed of trust, as aforesaid.

Second—That it, the said party of the second part, its successors and assigns, will, within the period of two (2) years from the date of this instrument, acquire and convey to the party of the first part, such real estate for right of way of said party of the first part, of width of not less than fifty feet, from the point of connection of the tracks of the parties hereto, at or near the intersection of Morin Avenue and Florissant Avenue, in the City of St. Louis, to the point of connection of the party of the first part with the St. Louis and San Francisco Railway, near Arloe Station, and construct the railroad of the party of the first part thereon, consisting of a first-class double track railway, standard gauge, as shall by said party of the second part be deemed necessary to form a continuous railroad from and to the points hereinbefore described.

Third—That it, the said party of the second part, its successors and assigns will after the completion of said road, as in the last paragraph required, and during the continuance of this lease, make such additions to the

property and construct such sidewalks and erect such stations as in the opinion of the party of the second part may be necessary or beneficial to the said property, the cost of which shall be repaid to the party of the second part by the party of the first part at the expiration of this lease, and for the further security for the payment of the same the party of the second part shall be entitled to the possession, use and enjoyment of said railroad until the same is paid; a statement of the amount of such expenditure to be furnished by the party of the second part to the party of the first part on the thirty-first day of December of each year during the continuance of this lease.

Fourth—That it, the said party of the second part, will out of the earnings and receipts of said railroad, or from its own funds, pay to the party of the first party, the sum of five hundred dollars per annum for the purpose of keeping up its organization, and will pay all taxes assessed against the party of the first part.

Fifth—This agreement is made with the written assent of more than a majority in interest of all the stockholders of said St. Louis Merchants' Bridge Terminal Railway Company, a certificate of which assent, signed by the secretary of said Company is on file in the office of the Secretary of State of the State of Missouri, and it is furthermore made with the written assent of more than a majority, in interest of all the Stockholders in said St. Louis Terminal Railway Company, a certificate of which assent, signed by the secretary of said company, is also on file in the office of the Secretary of State of the State of Missouri, and which said assent on the part of both the said St. Louis Merchants Bridge Terminal Railway Company and of said St. Louis Terminal Railway Company is of record in the books of each of said companies.

In Witness Whereof, the parties hereto have caused these presents to be signed by their respective presidents, and their corporate seals to be hereby affixed duly attest-

ed by their respective secretaries, the day and year first above written.

State of Missouri—Department (Seal) of State.

To all to Whom These Presents Shall Come:

I, Samuel B. Cook, Secretary of State of the State of Missouri, and Keeper of the Great Seal thereof, hereby certify that the annexed pages contain a full, true and complete copy of Articles of Association of the St. Louis Belt and Terminal Railway Company, and of the affidavit of three of its directors thereto annexed, filed March 4th, 1902, as the same appears on file and of record in this office.

(Seal) The Great Seal of the State of Missouri.

In Testimony Whereof, I hereunto set my hand and affixed the Great Seal of the State of Missouri. Done at the City of Jefferson, this 25th day of August A. D. 1903.

Sam B. Cook, Secretary of State

ARTICLES OF INCORPORATION.

Know all Men by These Presents:

That the undersigned do hereby associate themselves together by these articles of association for the purpose of constructing, maintaining and operating a standard gauge railroad for public use in the conveyance of persons and property, under the laws of the State of Missouri, and more particularly under the provisions of Article II, Chapter 12, of the Revised Statutes of Missouri, 1899, and acts amendatory thereof.

I.

The name of this company shall be St. Louis Belt and Terminal Railway Company.

II.

It shall continue as a body corporate for the period of one hundred (100) years.

III.

Said company is organized for the purpose of constructing, maintaining and operating a standard gauge railroad for public use in the conveyance of persons and property under the laws of the State of Missouri, with single or double track, from a point on or near the west bank of the Mississippi river in Carondelet township, in St. Louis County, Missouri, and running thence to a point on the right of way of the St. Louis and San Francisco Railroad Company at or near its intersection with the line dividing the City of St. Louis from the County of St. Louis, and thence to a point in Central township, in said county, west to Clayton court house, thence to a point at or near the west bank of the Mississippi river between the Chain of Rocks in said county and Eads bridge in the City of St. Louis, and also to construct, maintain and operate single or double track spurs, switches, side-tracks, branch lines and connections from points on its aforesaid main line to points within the City of St. Louis and in the aforesaid County of St. Louis, and to stations, warehouses, yards, depots and manufacturing establishments in said City or County, and to make connections with other railroads now or hereafter constructed in said city and county, for the purpose of providing complete and convenient terminal railway facilities, connections and accommodations in said city and county for all railroads now entering, or which may hereafter be constructed in said city or county, and all individuals and corporations doing business with said railroads.

IV.

The railroad to be constructed, maintained and operated by this company is to be twenty-one (21) miles in length.

V.

It is intended to construct said railroad in the City of St. Louis and County of St. Louis as aforesaid.

VI.

The capital stock of the company is three million dollars ($3,000,000.00), divided into thirty thousand (30,000) shares of the par value of one hundred dollars ($100) per share. Of said capital stock, stock to the amount of eight hundred thousand dollars ($800,000.00), being eight thousand (8,000) shares of the par value of one hundred dollars ($100) per share, is preferred stock, and the remainder of said stock, being stock to the amount of two million, two hundred thousand dollars ($2,200,000.00), or twenty-two thousand (22,000) shares of the par value of one hundred dollars ($100) each, is common stock. The holders of preferred stock shall be entitled to receive dividends thereon, if and when declared, up to, but not exceeding, four per cent in any year, before any dividends in that year shall be set apart or paid on the common stock, but such preferred dividends shall not be cumulative; and such dividends on the preferred stock may be paid annually, semi-annually or quarterly, as the Board of Directors shall in its discretion determine; after the payment of such dividends on the preferred stock, the holders of the common stock shall be entitled to receive all the net proceeds that may then be distributd as dividends, if and when declared.

The holders of said preferred stock shall not be entitled to vote at any meeting of the shareholders of the company for any purpose, held within thirty years from the date of its incorporation, and said preferred stock, or any part thereof, may at the option of the company, exercised by and through its Board of Directors, at any time, or from time to time, be called in and cancelled thereof. Upon the Board of Directors exercising said option, they shall cause to be published in some newspaper of general circulation in the City of St. Louis a notice to the holders of said preferred stock, designating the numbers of the certificates thereof, and the number of shares thereof to be called in, cancelled and paid as aforesaid, and after the publication of said

notice no further dividends shall be paid upon the certificates of said preferred stock called in for cancellation as aforesaid.

VII.

The business of this corporation shall be managed by a Board of Directors composed of nine persons, and the following are the names and places of residence of those agreed upon to manage the affairs of the company for the first year, and until others are chosen in their places, namely:

Name and Place of Residence.

Charles G. Warner, St. Louis, Missouri.
Russell Harding, St. Louis, Missouri.
Edwin G. Merriam, St. Louis, Missouri.
Benjamin L. Winchell, St. Louis, Missouri.

To all to whom these Presents shall come, Greeting:

I, James A. Rose, Secretary of State of the State of Illinois, do hereby certify that the following and hereto attached is a true copy of an act entitled "An Act to incorporate the Wiggins Ferry Company," approved February 11, 1853, the original of which is now on file and a matter of record in this office.

In Testimony Whereof, I hereto set my hand and cause to be affixed the great Seal of State. Done at the City of Springfield this 4th day of June, A. D. 1906.

An Act to Incorporate

THE WIGGINS FERRY COMPANY.

Whereas, by an Act of the Legislature approved on the second day of March, 1819, entitled "An Act to Authorize Samuel Wiggins to Establish a Ferry Upon the Waters of the Mississippi," the State of Illinois granted to Samuel Wiggins, his heirs and assigns the right to establish a ferry on the waters of the Mississippi near the town of Illinois in this State, and to run the same from lands at the said place that might belong to him: provided, that he should not use any boat or water craft, except such as should be propelled by steam, horses, oxen or other four-footed animals and provided that said Samuel Wiggins, his heirs or assigns should have the said ferry in actual operation within eighteen months from and after the passage of that Act and that no person except those who then had ferries established at that place should establish any ferry of the description aforesaid within one mile of the ferry established under that Act; and if any person should contrary to the provisions

of that Act run any boat or boats of the description aforesaid, he, she or they should forfeit any such boat, with the furniture and apparel, to the said Samuel Wiggins, his heirs and assigns, which might be attached and recovered before any court in this State having competent jurisdiction. And it is hereby provided and enacted that it should and might be lawful for the said Samuel Wiggins, his heirs and assigns, to demand and receive the same rates of ferriage as were then of right demandable at the ferry established nearest to the ferry authorized to be established by that Act, provided that no more should be charged for a wagon, cart or other carriage, if loaded than could be charged if empty and it was further thereby enacted that the ferry thereby established should be subject to the same taxes as were then or thereafter might be imposed on other ferries within this State and subject to the same regulations and forfeitures. And by another Act approved the sixth day of February, 1821, said Samuel Wiggins, his heirs and assigns, were authorized to remove said ferry on any land which might belong to him or them on said Mississippi river under the same privileges as were then prescribed by the Act first above mentioned and by another Act entitled "An Act to amend the several Acts therein named relative to the several Acts concerning the establishing and regulating ferries in this State it was provided as follows:

Sec. 1. Be it enacted by the People of the State of Illinois represented in the General Assembly, That so much of an Act entitled "An Act to authorize Samuel Wiggins to establish a ferry upon the waters of the Mississippi, approved March 2, 1819, as prohibits the establishing a ferry within one mile of the ferry established by that Act; and so much of the Act entitled "An Act to authorize Samuel Wiggins to make a turnpike road and for other purposes," approved February 6, 1821, as authorizes the said Wiggins to remove his ferry to any land belonging to him, under the same privileges that were conferred to him by the Act, entitled "An Act to authorize Samuel Wiggins to estab-

lish a ferry upon the waters of the Mississippi river," approved March 2, 1819, as relates to the prohibiting the establishing any ferry or the running boats within one mile of the ferry established by said last mentioned Act and so much of the Act entitled "An Act to amend an Act to provide for the establishment of ferries, toll bridges and turnpike roads, "approved February 12, 1827, amended January 22, 1829, as prohibits the establishing of any ferry on the waters of the Mississippi, Ohio, Illinois or Great Wabash rivers, within two miles of any such established ferry or toll bridge be and the same is hereby repealed, approved January 19, 1833. And whereas the said Samuel Wiggins did acquire lands on the Mississippi river and establish a ferry in accordance with the provisions of said Acts, and afterwards sold out his said lands and ferry franchise to other persons who and their representatives also bought other lands and also leased other lands near the first, and whereas by means of assignments of various interests in said lands and ferry franchises and of the death of some of the owners of undivided portions thereof and of the dissent and devises of their interests therein a number of persons, some of whom are minors, have become owners of said lands ferry franchise, and whereas, it has become desirable that the said lands and ferry landing may be improved by the building of wharves, dykes and levees, the laying out of streets and roads through a part of said lands, and the erection of houses for various purposes thereon, and establishment of a boat yard and building of docks and by other things of public utility, but by reason of the minority of some of the present owners thereof and of the uncertainty of life where so many are concerned, the present owners of said lands and ferry franchise cannot do these things and works.

Therefore, to remove their disability and because the object desired cannot be attained under the General Corporation Law.

Sec. 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly, as follows: That Andrew Christy, William C. Wiggins, Adam

L. Mills, Lewis V. Bogy, and Napolion B. Muliken and their associates, successors and assigns are hereby created a body corporate and politic by the name and style of "The Wiggins Ferry Company" and by that name shall have perpetual succession, and may sue and be sued, plead and be impleaded, defend and be defended in all courts and places, and may have and use a common seal, and the same renew and alter at pleasure, and the said company shall have full power to do the following acts: 1st, to acquire by purchase or otherwise and hold any lands or any interest in lands in fee simple or less estate in the counties of St. Clair and Madison, or either of them, and on or near the Mississippi river and not exceeding twelve hundred acres, and also other lands further from the Mississippi river for coal mines not exceeding three hundred acres; and also to purchase, hold, use and enjoy the ferry franchise heretofore granted to Samuel Wiggins, his heirs and assigns by the Act referred to in the preamble to this Act.

2nd. To construct a levee and other work calculated to improve the harbor and ferry lands, to construct a wharf on the Mississippi river and grade and pave the same or any part or all of said lands fronting on said river and after the same shall be graded and paved shall have the right to charge, collect and receive wharfage at such rates as may from time to time be fixed by the by-laws of said company not exceeding the rates of wharfage charged in St. Louis, Missouri, on boats vessels and rafts landing or lying at such wharf.

3rd. To build and to keep one or more wharf boats, to erect warehouses, stores and such other buildings as may be determined upon by said company and to establish a boat yard and erect all necessary shops, connected with boat building, and build and finish in all parts ferry and other boats, and to work the coal mines said company may hereafter purchase.

4th. To survey and lay off said lands or any part thereof into blocks, lots, streets and alleys, and grade and pave said streets and alleys or any part thereof and to lay off and dedicate to public use, grounds for mar-

ket places, schools, churches and parks and to sell lease and donate any part of said land in such manner and upon such terms as said company may deem proper and execute conveyances for the same, and to subscribe for, take and buy and hold and sell stocks in any railroad or plank or turnpike road company and issue bonds bearing such rate of interest and payable at such times and places as the company may think proper not exceeding one hundred thousnd dollars.

5th. To keep a ferry or ferries at and from any point or points on said lands across the Mississippi river to St. Louis in the State of Missouri, and to remove the same from place to place on said lands as necessity or convenience may require, and use boats or other crafts, propelled by steam heat or other power, and possess, use and enjoy all the rights, privileges, franchises and emoluments, recited in the preamble of this Act, as having been hertofore granted to the said Samuel Wiggins, his heirs and assigns on and from the lands to be purchased as herein provided for, and generally to do and perform all things in reference to the ownership, control, management, use and disposition of said ferry-franchise, ferry and lands and of the business carried on thereat, which a natural person might or could do.

Sec. 2. The capital stock of said company shall consist of one hundred thousand dollars, divided into shares of one hundred dollars each, and may be increased to one million dollars. The immediate government and direction of said company shall be vested in five directors and the persons hereby incorporated shall constitute the first board of directors and they shall distribute the stock in said company in such amounts to each as may be agreed among themseilves, and shall prescribe the mode of transferring the stock, and then cause an election to be held for directors not less than ten days, thereafter, and each stockholder shall be entitled to one vote for each share of stock held by him or them, in said company, and may vote by person or by proxy, and the directors so elected shall hold their offices for one year and until their successors are elected and organized by

the election of a president, and in like manner, annual elections of directors shall be held. And said directors, a majority of whom shall constitute a quorum to do business, shall elect one of their number to be the president of said company and shall have power to elect a secretary and treasurer and appoint such clerks, agents and servants as may be required to carry on the business of said company in all its various branches.

Sec. 3. The time of holding annual elections for directors shall be fixed by the by-laws to be passed by the directors, but a failure to hold an election at the time appointed shall not operate as a forfeiture of any of the privileges granted by this charter, but in such case the president and directors in office shall continue to exercise their official powers until successors shall be elected and organized, and in case of any vacancy in said board by death or otherwise the remaining directors shall fill said vacancy till the next election.

Sec. 4. The directors of said company shall have power to pass by-laws defining the duties and powers of the president, secretary and treasurer and of all employees of said company and also prescribing or changing the manner of transferring stock, and the manner of appointing proxies, and such other by-laws as they may deem expedient for the general management of their affairs not inconsistent with this charter and the laws of this State.

Sec. 5. All conveyances of land sold, leased or donoted by said company shall be executed by the president in his official capacity in pursuance of an order of the board of directors, and by affixing the seal of the corporation and attested by the secretary.

Sec. 6. The courts of chancery and of probate in this State having care or jurisdiction of the estate of any minor interested in said ferry franchise granted to said Samuel Wiggins, his heirs and assigns, as aforesaid, and the ferry carried on under that franchise and the lands acquired by the said Samuel Wiggins and by his assigns and their representatives as recited in the preamble to this Act, may, if in its judgment it is for the

interest of said minor, on application of the guardian of said minor, appoint in the State where said minor resides, notice having been given by publication in a newspaper published in the county where said application is made for four weeks successively, before such application, order his or her interest in said property including the ferry franchise, ferry boats and appurtenances used about said ferry lands, stocks and property of every kind held by the assignees or representatives of said Samuel Wiggins, to be sold either for money to the highest bidder or to said company for stock in said company at a rate to be approved by the court.

Sec. 7. This Act shall not be construed to interfere with any ferry now established by law; and is hereby declared to be a public Act, and shall take effect and be in force from and after its passage. Provided, that nothing in this Act contained shall be construed to create any private right so as to interfere with the powers with any existing municipal corporation or with the right of the Legislature at any time hereafter to create municipal corporations within the limits herein specified and to confer upon said corporations, all such powers of police, and also all such powers to open and extend streets, lanes and alleys, and to improve, manage and control the same, and also such powers to enter upon and condemn lands within the limits aforesaid for public wharves and to improve, control and fix the rates of wharfage for the same as may be usually or properly confided to a city corporation under the Constitution of Illinois.

Whenever a town or city shall be laid off and established on said land or on the adjacent and contiguous land it shall be lawful for the corporate authority of such town or city to own and possess the said wharves and landing, on paying to the proprietors thereof, hereby incorporated, the cost of the same, from and after which time the said wharves and landings, shall be dedicated to the use of such town or city, and said town or city shall have the right to establish and charge reasonable wharfage for the use of the same, provided the

same shall not exceed the wharfage dues charged and collected by the city of St. Louis.

The cost of the said wharves, landings, etc., shall be ascertained by petition filed with the county court of St. Clair county on notice to anyone of the persons named or corporators in this Act of at least five days before presenting the petition, and the said court shall on presenting said petition, appoint three disinterested persons who, after being sworn, before some judge or justice of the peace, faithfully and impartially to examine the premises, shall proceed to estimate the cost of said wharves and landings and make a written report of the same, to the said court, which shall be filed and recorded, in said court, and on payment of tender of the amount so assessed and found, the said wharves and landings and all estate in them shall be transferred to the said corporation petition as aforesaid, provided, however, that either party may appeal to the circuit court and to the supreme court, as in other cases.

No wharfage shall be allowed to be charged in any case until the said wharf or wharves or landings shall be properly and sufficiently graded and paved, provided that this Act shall not be construed to interfere with any of the powers, privileges or franchises heretofore granted and contained in an Act entitled "An Act to incorporate the Madison Ferry Company, approved February 3, 1840, and "An Act to amend an Act to incorporate the Madison Ferry Company," approved February 11, 1847, or either of them.

Complainant's Exhibit No. 31.

Terminal Railroad Association of St. Louis, Southern Railway Company, Illinois Central Railroad Company, The Chicago and Alton Railway Company, Chicago, Burlington and Quincy Railway Company and Missouri, Kansas and Texas Railway Company; and The Chicago and Alton Railroad Company and Chicago, Burlington and Quincy Railroad Company.

ADMISSION AGREEMENT OF NEW COMPANIES.

This agrement, made this sixteenth day of December, 1902, between the Terminal Railroad Association of St.

Louis (hereinafter called the Terminal Company), party of the first part; Southern Railway Co. (hereinafter called the Southern Company), Illinois Central R. R. Company (hereinafter called the Illinois Company), the Chicago & Alton R. R. Company (hereinafter called the Alton Company), Chicago, Burlington and Quincy Railway Company (hereinafter called the Burlington Company), and Missouri, Kansas and Texas Railway Company (hereinafter called the Kansas Company), and hereinafter designated collectively the New Companies, parties of the second part; The Chicago and Alton Railroad Company and Chicago, Burlington & Quincy Railroad Company, parties of the third part:

On the first day of October, 1889, a certain agreement was entered into between the Terminal Company, as first party and the Missouri Pacific Railway Company, St. Louis, Iron Mountain & Southern Railway Co., Wabash Railroad Company, Ohio and Mississippi Railway Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, and Louisville and Nashville Railroad Company, as second parties, a copy of which said agrement is hereto attached marked Exhibit A, and made a part hereof, with like force and effect, as if the same were herein fully set forth, and is hereinafter referred to as Exhibit A.

Since the execution of said agreement, Exhibit A, Baltimore and Ohio Southwestern Railroad Company (as successor of said Ohio and Mississippi Railway Company), St. Louis and San Francisco Railroad Company, St. Louis, Vandalia and Terre Haute Railroad Company, and the Chicago, Rock Island and Pacific Railway Company, have severally become and now are parties to said agreement, Exhibit A, as parties of the second part thereto.

The New Companies severally desire to become parties to said agreement, Exhibit A, their rights and obligations thereunder, however, to become effective only as and from the day of the date hereof.

The Terminal Company and all of the parties of the second part to said agreement, Exhibit A, are willing

and have consented that the New Companies shall, on the terms and conditions herein set forth, severally become parties to said agrement, Exhibit A.

Unanimous consent of all the directors of the Terminal Company, evidenced by the adoption of a resolution by its board of directors, has been given to the admission of the New Companies severally as parties of the second part to said agreement Exhibit A.

Now, Therefore, for a valuable consideration, it is agreed between the parties hereto as follows:

1. The Terminal Company, each and every of the stockholders and each and every of the directors thereof having thereto consented, in consideration of the obligations herein severally assumed by the New Companies does hereby agree to cause to be transferred and delivered to each of the New Companies two thousand fifty-eight (2,058) shares of the capital stock of the Terminal Company, said two thousand and fifty-eight (2,058) shares being the proportion of such stock now held severally by each of the parties of the second part to said agreement Exhibit A, and does hereby, on and from this date admit each of the New Companies severally to the joint use with the parties of the second part to said agrement Exhibit A of all the terminal facilities of the Terminal Company, in like manner and to like extent as if the New Companies had at this date executed said agreement Exhibit A as parties of the second part; it being understood, however, that such right is not transferrable to any extent, but is to remain as appurtenant to the respective railroads of the New Companies.

2. In consideration of said transfer and delivery of said stock, and of such admission thereby to membership as a proprietary line of the Terminal Company, each of the New Companies hereby severally assumes the obligations of said agreement Exhibit A with like force and effect as if it had on this date executed as party of the second part said agreement Exhibit A, and accepts the right of joint use herein granted by the Terminal Company, and hereby covenants and agrees that

it will forever make use of the terminal facilities of the Terminal Company for all passenger and freight traffic within its control, to and from St. Louis and destined to cross the Mississippi River at St. Louis, and to pay therefor as in said agreement Exhibit A provided.

3. It is hereby declared to be the intention of the parties hereto, and the purpose in the execution of this agreement, that each of the New Companies, as consideration for and upon acceptance of said stock and the execution of this agreement, shall be and does hereby become a party to said agreement Exhibit A with like force and effect as if it had executed the same as of October 1st, 1889, the date upon which said agreement was executed by the then parties thereto, save and except that said agreement shall become effective, be binding upon and inure to the benefit of each of the New Companies only as and from the day of the date of the execution and delivery hereof.

4. The stock of the Terminal Company to be issued as herein contemplated shall, in form and condition of issue, correspond in all respects with the certificates of stock heretofore severally issued to said parties of the second part to said agrement Exhibit A.

5. Upon the execution and delivery hereof, or so soon thereafter as can be conveniently done, two shares of said stock allotted to each of the New Companies shall be transferred to such party as it may designate as a director of the Terminal Company to represent its interests therein, and for the purpose only of qualifying said person as a director; and the remaining shares of said stock to be issued to the New Companies as herein contemplated, shall be transferred to them severally, and the Terminal Company shall cause the parties designated by the New Companies to be elected members of the board of directors of the Terminal Company.

6. The Alton Company is lessee of the railroad of The Chicago and Alton Railroad Company, and the Burling Company is lessee of the railroad of the Chicago, Burlington and Quincy Railroad Company. Each of said lessor companies hereby covenants and agrees that

it will forever make use of the terminal facilities of the Terminal Company for all passenger and freight traffic within its control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis and to pay therefor as in said agreement Exhibit A provided, and as proprietary companies of the Terminal Company may from time to time undertake or be required to pay; and in consideration of the grant by the Terminal Company of such right of use, each of said lessor companies does hereby assent to the execution and delivery of this agreement by its lessee company, and guarantees unto the Terminal Company the faithful performance and observance by its lessee company of the obligations herein and of the agreement, Exhibit A, on the part of its lessee company, and of all other obligations into which, as a proprietary company of the Terminal Company, its lessee may enter with the Terminal Company.

In Witness Whereof the parties hereto have caused this agreement to be executed by their proper officers, in seven or more parts, each part to be deemed an original, as of the day and year first above written.

Office of State Auditor.)

I, Wm. W. Wilder, State Auditor of the State of Missouri, hereby certify that the annexed pages contain a full, true and complete copy of resolutions adopted by the State Board of Equalization on April 20th, 1903, and the answers made to the interrogatories contained therein by the following named Railroad, Railway and Bridge Companies:

Terminal Railroad Association of St. Louis.
St. Louis Merchants Bridge Terminal Railway Company.
St. Louis Transfer Railway Company.
St. Louis Bridge Company.
St. Louis Merchants Bridge.
as the same appears on file in this office.

In Testimony Whereof, I hereunto set my hand and affix the Seal of the State Auditor of the State of Missouri, done at office in the City of Jefferson, this 12th day of November, A. D., 1906.

(Seal)

Wm. W. Wilder,
State Auditor.

Copy of Resolution Adopted by the State Board of Equalization, April 20, 1903.

"Resolved by the State Board of Equalization, That upon the dates mentioned in the resolution adopted by the Board on April 20th, 1903, the companies operating lines of steam, electric or cable railroads, wholly or partly within this state, will be expected to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making the return required by statute for purposes of taxation.
2. The name of all Branches, leased lines, lines controlled through ownership of stock, or lines operated under other arrangements.
3. The mileage of the entire road or system owned, used, leased or operated on June 1st, 1902.
4. The capital stock of the entire road or system, on June 1, 1902, and if capitalized separately, the capital stock of each particular line or branch, including the amount of common and the amount of preferred stock, and the terms of the latter.
5. The par value per share of the capital stock.
6. The market value per share of the capital stock on June 1st, 1902.
7. The amount of dividends paid on capital stock during the year 1902.
8. The amount of bonded indebtedness of the entire road or system on June 1st, 1902, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt per mile of the proportion in this State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issue of bonds on June 1st, 1902.

11. The total gross earnings of the entire road or system for year ending June 30, 1902, (as indicated on page 17 of the blank furnished by the Railroad and Warehouse Department of Missouri, for annual statement of last year).

12. The net earnings of the entire road or system for the year ending June 30, 1903, (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22, 23 of the blank form referred to above).

13. The gross earnings of each line or branch, in and out of the State ascertained as above for the year ending June 30, 1902.

14. The net earnings of each particular line or branch in and out of the State, ascertained above, for the year ending June 30, 1902.

15. The net earnings of each particular line or branch within the State of Missouri for year ending June 30, 1902, to be ascertained as indicated above.

16. The actual cash value of the entire road or system on June 1st, 1902.

17. The actual cash value of each particular line or branch thereof in the State of Missouri on June 1st, 1902.

It is to be expressly understood that these interrogatories in so far as they are applicable and serve to indicate the character of information desired by the board, shall be treated as applying to all bridges, express and telegraph companies.

TERMINAL RAILROAD ASSOCIATION OF ST. LOUIS.

1. Terminal Railroad Association of St. Louis.

2. St. Louis Bridge Company.
   Tunnel Railroad of St. Louis.

3. 3.31 miles.

4. Terminal Railroad Association of St. Louis. $1,441,200.00 issued.

5. $100.00.

6. The capital stock of this company has no value. The entire issued stock is owned in equal parts by six proprietary lines, the stock was issued to each of these lines without consideration other than an agreement by which each proprietary line agrees to use in perpetuity the properties of the Terminal Railroad Association, the Terminal Association agreement to so regulate its charges that its revenues shall equal fixed charges and operating expenses; hence, under the terms of this agreement there can be no net earnings by this Company over and above its fixed charges and operating expenses; and if in any year there is a surplus above operating expenses and fixed charges, such surplus is devoted to repairs and improvements.

7. None.

8. (a) $7,000,000.00 First Mortgage Terminal Bonds.
(b) $4,600,000.00 First Consolidated Terminal Bonds. First Terminal Mortgages cover the entire properties of the Terminal Association located in Missouri and Illinois, and as these properties consist of Terminals, it is impossible to apportion the bonded indebtedness on a mileage basis.

9. Entire system.

10. (a) 110.
(b) 110.

11. $2,545,394.74.

12. $1,595,313.59. This sum, however, does not represent net earnings. It represents the difference

between gross earnings and operating expenses, shown on pp. 22-23, of the form furnished by the Railroad and Warehouse Commission. From the net earnings, so ascertained should be deducted the fixed charges, that is interest on bonded indebtedness, taxes and rentals, and also the amount expended in betterments and repairs. The fixed charges, that is rentals and interest on bonded indebtedness for the year ended June 30, 1902, approximate $1,501,392.45, this would leave a balance of $93,921.14, and to this amount should be added miscellaneous earnings not included in gross earnings to $286,649.69, leaving a total surplus of $380,370.83. This entire surplus has been expended in construction.

13. The properties operated by this Company comprise, as above stated, its own terminals, the bridge and tunnel operated as an entirety, hence it is impossible to apportion the gross earnings as between the different properties.

14. For the same reason above given in answer to question 13, the net earnings cannot be apportioned.

15. Cannot be stated for reason given in answer to question 13.

16. It is impossible to estimate the value of the entire road or system, on June 1st, 1902, except on the following basis:

(a) Bonded Indebtedness:—

Bonds $11,600,000.00 at $110 market value	$12,760,000.00
(b) On the basis of net earnings as follows:	
Net earnings of entire road or system, year ending June 30, 1902..	380,570.83
Which capitalized at 5 per cent equals	7,611,416.00

Striking an average between the above values will give one-half of $20,371,416.00, or..... 10,185,708.00

Note.—The stock of this Company is of no value and therefore is eliminated.

17. Estimate of the value of that part of the road or system in the State of Missouri:

Bonded indebtedness, entire line. $11,600,000.00

From this should be deducted the following amounts, representing collateral securing the above, not subject to taxation by the State Board of Equalization in Missouri:

Value of local property in Missouri and assessed locally	$ 1,812,000.00
Railroad property in the State of Illinois	2,000,000.00
Bonds of the St. Louis Terminal Railway Co.	1,500,000.00
Stocks ended	1,113,400.00
	$ 6,425,400.00

Value of that part of the road in the State of Missouri subject to taxation by the State Board of Equalization in Missouri $5,714,600.00

Or, on a basis of net earnings prorated on a mileage basis, as follows:

Net earnings of entire road, year ended June 30, 1902, capitalized at 5 per cent (shown above) is..	$ 7,611,416.00
Net earnings per mile of road (3.51 miles)	2,168,494.00
Net earnings for the State of Missouri on mileage basis (.68 miles)	1,474,576.00

Striking an average between the above values, of one-half of $6,649,176.00 will give..... 3,324,588.00

Copy of Resolutions Adopted by the State Board of Equalization April 20, 1903.

"Resolved by the State Board of Equalization, That upon dates mentioned in the resolution adopted by the board on April 20, 1903, the companies operating lines of steam, electric or cable, railroads, wholly or partly within this state, will be expected to present to this Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making the return required by statute for purposes of taxation.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issue of bonds on June 1st, 1902.

11. The total gross earnings of the entire road or system for year ending June 30, 1902 (as indicated on page 17 of the blank furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year).

12. The net earnings of the entire road or system for the year ending June 30, 1902, (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above).

13. The gross earnings of each line or branch, in and out of the State, ascertained as above for the year ending June 30, 1902.

14. The net earnings of each particular line or branch in and out of the State, ascertained as above, for the year ending June 30, 1902.

15. The net earnings of each particular line or branch within the State of Missouri for year ending June 30, 1902, to be ascertained as indicated above.

16. The actual cash value of the entire road or system on June 1st, 1902.

17. The actual cash value of each particular line or branch thereof in the State of Missouri on June 1st, 1902.

It is to be expressly understood that these interrogatories in so far as they are applicable and serve to indicate the character of information desired by the Board, shall be treated as applying to all bridges, express and telegraph companies.

ST. LOUIS MERCHANTS BRIDGE TERMINAL RAILWAY COMPANY.

1. St. Louis Merchants Bridge Terminal Railway Company.

2. Madison, Illinois and St. Louis Railway Company
   St. Louis Merchants Bridge Company.

3. 10.24 miles.

4. $2,939,500.00 issued.

5. $100.00.

6. No value.

7. None.

8. $3,500,000.00 First Mortgage Bonds.
First Mortgage Terminal Bonds cover entire properties of the Merchants Terminal located in Missouri and Illinois, and as these properties consist of terminals, it is impossible to apportion the bonded indebtedness on a mileage basis.

9. Entire line.

10. 110.

11. $946,400.82.

12. Net earnings as ascertained in the manner suggested in question 12 are $457,126.96. Deducting from this fixed charge, rentals and taxes aggregating $366,377.88 will show a balance of surplus of $90,749.08.

13. The properties operated by this Company comprise its own terminals and bridge; operated as an entirety; hence, it is impossible to apportion the gross earnings as between the different properties.

14. Cannot apportion net earnings, for reason stated in answer to question 13.

15. Cannot be stated, for reason given in answer to question 13.

16. The actual cash value of the entire road cannot be definitely ascertained, but as a basis of approximate value, would suggest the following:
On basis of bonded indebtedness..$ 3,500,000.00
At $110.00 market value 3,850,000.00

	Or on a basis of net earnings, as follows:	
	Net earnings of entire road or system, year ending June 30, 1902..	90,749.08
	Which capitalized at 5 per cent is..	1,814,981.00
	Striking an average between the above values, will give one-half of $5,664,981.00, or.....	2,832,490.00
	Note.—The stock of this Company is of no value and is therefore eliminated.	
17.	Estimate of the value of that part of of the road or system in the State of Missouri:	
	Bonded indebtedness of the entire line	3,500,000.00
	From this should be deducted the following amounts, representing collateral securing the above bonds and not subject to taxation by the State Board of Equalization in Missouri:	
	Value of local property in Missouri and assessed locally.....	2,021,000.00
	Railroad property in Illinois....	500,000.00
	City Franchise tax	250,000.00
		$ 2,771,000.00
	Value of that part of the road in the State of Missouri subject to taxation by the State Board of Equalization	729,000.00
	Or on a basis of net earnings on a mileage basis as follows:	
	Net earnings of entire road, year ending June 30, 1902, capitalized at 5 per cent (as shown above) is	1,814,981.00

Net earnings per mile of road, (10.24 miles)	177,244.00
Net earnings for the State of Missouri on mileage basis (3.89) miles	689,479.00
Striking an average between the above values will give one-half of $1,418,479.00, or	709,239.00

Copy of Resolutions Adopted by the State Board of Equalization April 20, 1903.

"Resolved by the State Board of Equalization, That upon the dates mentioned in the resolution adopted by the Board on April 20th, 1903, the companies operating lines of steam, electric or cable railroads, wholly or partly within this state, will be expected to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making the return required by statute for purposes of taxation.

2. The names of all branches, leased lines controlled through ownership of stock, or lines operated under other arrangements.

3. The mileage of the entire road or system owned, used, leased or operated on June 1st, 1902.

4. The capital stock of the entire road or system, on June 1, 1902, and if capitalized separately, the capital stock of each particular line or branch, including the amount of common and the amount of preferred stock, and the terms of the latter.

5. The par value per share of the capital stock.

6. The market value per share of the capital stock on June 1st, 1902.

7. The amount of dividends paid on capital stock during the year 1902.

8. The amount of bonded indebtedness of the entire road or system on June 1st, 1902, showing in detail the amount of each series or issue of bonds. If

only a part of the road is in Missouri, the bonded debt per miles of the portion in this State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issue of bonds on June 1st, 1902.

11. The total gross earnings of the entire road or system for year ending June 30, 1902, (as indicated on page 17 of the blank furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year).

12. The net earnings of the entire road or system for the year ending June 30, 1902 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above).

13. The gross earnings of each line or branch, in and out of the State, ascertained as above for the year ending June 30, 1902.

14. The net earnings of each particular line or branch in and out of the state, ascertained as above, for the year ending June 30, 1902.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1902, to be ascertained as indicated above.

16. The actual cash value of the entire road or system on June 1st, 1902.

17. The actual cash value of each particular line or branch thereof in the State of Missouri on June 1st, 1902.

It is to be expressly understood that these interrogatories in so far as they are applicable and serve to indicate the character of information desired by the Board, shall be treated as applying to all bridges, express and telegraph companies.

St. Louis, June 15, 1903.

To the State Board of Equalization of Missouri:

The St. Louis Transfer Railway Company, herewith returns to the Board, the interrogatories required to

be answered by resolutions adopted by the Board on April 20, 1903, with its answers thereto, as follows:

1. The corporate name of the parent company making the return required by the Statute for the purposes of taxation.

Answer. St. Louis Transfer Railway Company

2. The names of all branches, leased lines, lines controlled through ownership of stock or lines operated under other arrangements.

Answer. None. No branches.

3. The mileage of the entire road or system, owned, used, leased or operated on June 1st, 1902.

Answer. 6-354-1000.

4. The capital stock of the entire road or system on June 1, 1902, and if capitalized separately, the capital stock of each particular line or branch including the amount of common and the amount of preferred stock and the terms of the latter.

Answer. $199,800.00.

5. The par value per share of the capital stock.

Answer. $100.00.

6. The market value per share, of the capital stock on June 1, 1902.

Answer. None; but is worth par and the last sales were made at that figure.

7. The amount of dividends paid on capital stock during the year 1902.

Answer. None; nor ever at any time.

8. The amount of the bonded indebtedness of the entire road or system on June 1st, 1902, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt, per mile, of the portion in this State.

Answer. No bonds. Other interest bearing indebtedness (note) $288,051.01.

9. The line or lines upon which each series is a lien.

Answer. None.

10. The market value of each series or issues of bonds on June 1st, 1902.

Answer. None; no bonds.

11. The total gross earnings of the entire road or system for the year ending June 30, 1902, (as indicated on p. 17 of the blank furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.

Answer. $163,363.63.

12. The net earnings of the entire road or system for the year ending June 30th, 1902, (deducting from the gross earnings as shown above any such items of expense as are specifically included on pp. 22-23 of the blank furnished by the Railroad and Warehouse Department of Missouri for annual statement of year ending June 30, 1902).

Answer. $38,026.03; but there should be deducted from this in order to get net revenue:

1st. Interest on interest-bearing current liabilities, (note) not otherwise provided for	$13,016.45
2nd. Rents paid for yard and team tracks in the city of St. Louis, Missouri	19,030.08
3rd. Taxes paid for year 1901	9,343.45
Total	$41,389.98
Thus leaving a deficit for the ending of June 30, 1902 of	$ 3,363.95

13. The gross earnings of each line or branch in or out of the state, ascertained as above for the year ending June 30, 1902.

Answer. None; no branches.

14. The net earnings of each particular line or branch in and out of the State, ascertained as above for the year ending June 30, 1902.

Answer. None; no branches.

15. The net earnings of each particular line or branch in and out of the State, ascertained as above for the year ending June 30, 1902, to be ascertained as indicated above.

Answer. None; no branches.

16. The actual cash value of the entire road or system on June 1st, 1902.

Answer. $199,800.00, being 100 per cent per share on its entire capital stock.

17. The actual cash value of each particular line or branch thereof, in the State of Missouri, on June 1st, 1902.

Answer. None; no branches.

Respectfully submitted,

St. Louis Tranfser Railway Co.,
By W. K. Kavanaugh,
President.

17. The actual cash value of such particular line or branch thereof in the State of Missouri on June 1st, 1902.

It is to be expressly understood that these interrogatories in so far as they are applicable and serve to indicate the character of information desired by the Board, shall be treated as applying to all bridges, express and telegraph companies.

ST. LOUIS MERCHANTS BRIDGE COMPANY.

1. St. Louis Merchants Bridge Company.
2. None.
3. 2.05 miles.
4. $1,500,000.00 issued.
5. $100.00.
6. None.
8. $2,000,000.00.
9. Bridge structure.
10. 110.
11. Property leased to Madison, Illinois & St. Louis Railway Co.
12. See answer to question 11.
13. No branches.
14. No branches.
15. No branches.

16. The Merchants Bridge can be reproduced now for the sum of $1,250,000.00, figuring the present cost of steel and stone in structure. As the Bridge is leased by the Madison, Illinois & St. Louis Railway Company and operated by the St. Louis Merchants Bridge Terminal Company on a basis of fixed charges and maintenance, its value can only be estimated on a basis of cost of reproduction, namely, $1,250,000.00. If, however, the value of the property is to be based on the bonded indebtedness and cost of reproduction the following basis could be applied:

Bonds, $2,000,000.00 at $110	$2,200,000.00
Cost of reproduction	1,250,000.00
	$3,450,000.00
The average of which would be that sum divided by two, or	1,725,000.00
Therefore, on the basis of reconstruction the value is	1,250,000.00
And on the basis of averaging the bonded indebtedness and the cost of reproduction is	1,725,000.00
And striking an average between the last two named values would give one-half of $2,975,000.00, or	1,487,500.00

17. As is shown in answer to question 16, the value of the entire bridge structure by the various methods of computation would average about $1,500,000.00 The value of that part of the structure in State of Missouri on a mileage basis is as follows:

Length of bridge	2.05 miles
Length of bridge in Missouri	.92 miles
Value of bridge structure per mile	$731,950.00
Value of bridge structure in Missouri, .92 miles	673,394.92
Or if 50 per cent of the value of the bridge is to be assessed in the State of Missouri, the value of that portion in the State of Missouri is one-half of $1,500,000.00, or	750,000.00

Office of State Auditor,

I, Wm. W. Wilder, State Auditor of the State of Missouri, hereby certify that the annexed pages contain a full, true and complete copy of resolution adopted by the State Board of Equalization on April 18th, 1904, and the answers made to the interrogatories contained therein by the following named Railroad, Railway and Bridge Companies:

Terminal Railroad Association of St. Louis.
St. Louis Merchants Bridge Terminal Railway Co.
St. Louis Transfer Railway Company.
St. Louis Bridge Company.
St. Louis Merchants Bridge Co.

as same appears on file in this office.

In Testimony Whereof, I hereunto set my hand and affix the Seal of the State Auditor of the State of Missouri. Done at office in the City of Jefferson, this 12th day of November, A. D., 1906.

(Seal). Wm. W. Wilder.
State Auditor.

Copy of Resolutions Adopted by the State Board of Equalization April 8, 1904.

"Resolved by the State Board of Equalization, That upon the dates mentioned in the resolution adopted by the Board on April 8, 1904, the companies operating lines of steam, electric or cable railroads, wholly or partially in this sate, will be expected to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making returns required by statute for purposes of taxation.

2. The name of all branches, leased lines, lines controlled through ownership of stock or lines operated under other arrangements.

3. The mileage of the road or system owned, used, leased, or operated on June 1, 1903.

4. The capital stock of the entire road or system, on June 1, 1903, and, if capitalized separately, the capital stock of each particular line or branch, including the amount of common, and the amount of preferred stock and the terms of the latter.

5. The par value per share of the capital stock, on June 1, 1903.

7. The amount of dividends paid on capital stock during the year 1903.

8. The amount of bonded indebtedness of the entire road or system on June 1, 1903, showing in detail the amount of each series or issue of bonds. If only a part of the read is in Missouri the bonded debt, per miles, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issue of bonds on June 30th, 1903.

11. The total gross earnings of the entire road or system for the year ending June 30, 1903, (as indicated on p. 17 of the blanks furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1903 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above).

13. The gross earnings of each line or branch in and out of the State, ascertained as above, for the year ending June 30, 1903.

14. The net earnings of each particular line or branch, in and out of the State, ascertained as above for the year ending June 30, 1903.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1903, to be ascertained as indicated above.

16. The actual cash value of the entire road system on June 1st, 1903.

17. The actual cash value of each particular line or branch thereof, in the State of Missouri on June 1st, 1903.

It is to be expressly understood that these interrogatories in so far as they are applicable and serve to indicate the character of information desired by the Board, shall be treated as applying to all bridge and telegraph companies.

TERMINAL RAILROAD ASSOCIATION OF ST. LOUIS.

1. Terminal Railroad Association of St. Louis.

2. St. Louis Bridge Company.
Tunnel Railroad of St. Louis.

3. 3.88 miles.

4. Terminal Railroad Association of St. Louis, $1,441,200.00 issued.

5. $100.00.

6. The capital stock of this Company has no value. The entire issued stock is owned in equal parts by six (6) proprietary lines, the stock was issued to each of these lines without consideration other than an agreement by which each proprietary line agrees to use in perpetuity the properties of the Terminal Railroad Association, the Terminal Association agreeing to so regulate its charges that its revenues shall equal fixed charges and operating expenses; hence under the terms of this agreement there can be no net earnings by this Company over and above its fixed charges and operating expenses; and if in any year there is a surplus above operating expenses and fixed charges, such surplus is devoted to repairs and improvements.

7. None.

9. (a) $7,000,000.00 First Mortgage Terminal bonds.
   (b) $5,000,000.00 First Consolidated Terminal bonds.
   (c) $13,000,000.00 General Mortgage Terminal bonds.

These bonds cover the entire properties of the Terminal Association located in Missouri and Illinois, and as these properties consist of terminals, it is impossible to apportion the bonded indebtedness on a mileage basis.

9. Entire system.

10. (a) 110.
    (b) 110.
    (c) Between 95 and 100.

11. $2,704,823.74.

12. $1,536,765.91. This sum, however, does not represent net earnings. It represents the difference between gross earnings and operating expenses shown on page 22 and 23 of the form furnished by the Railroad and Warehouse Commission. From the net earnings so ascertained should be deducted the fixed charges, that is, interest on bonded indebtedness, taxes and rentals, also the amount expended for betterments and repairs. The fixed charges, that is rentals and interest on bonded indebtedness for the year ended June 30, 1903, approximate $1,737,294.18. This would leave a deficit of $209,528.27, and this amount deducted from miscellaneous earnings, not included in the gross earnings, amounting to $308,712.24, would leave a net surplus of $108,103.97. This entire surplus has been expended in constructions.

13. The properties operated by this Company comprise, as above stated, its own terminals, the bridge and tunnel, operated as an entirety; hence it is impossible to apportion the gross earnings as between the different properties.

14. For the same reason above given in answer to question 13, the net earnings can not be apportioned.

15. Cannot be stated for reasons given in answer to question 13.

16. On a basis of net earnings, $5,409,198.50.

17. On a basis of net earnings, pro-rated on a mileage basis, $1,435,946.00.

Copy of Resolutions Adopted by the State Board of Equalization April 8, 1904.

"Resolved by the State Board of Equalization, That upon the dates mentioned in the resolution adopted by the Board on April 9, 1904, the companies operating lines of steam, electric or cable railroads, wholly or partially in this State, will be expected to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making return required by the Statute for purposes of taxation.

2. The name of all branches, leased lines, lines controlled through ownership of stock or lines operated under other arrangements.

3. The mileage of the entire road or system owned, used, leased, or operated on June 1st, 1903.

4. The capital stock of the entire road or system, on June 1, 1903, and, if capitalized separately, the capital stock of each particular line or branch, including the amount of common, and the amount of preferred stock and the terms of the latter.

5. The par value per share of the capital stock.

6. The market value per share of the capital stock on June 1, 1903.

7. The amount of dividends paid on capital stock during the year 1903.

8. The amount of bonded indebtedness of the entire road or system on June 1st, 1903, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri the bonded debt, per miles, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issue of bonds on June 30th, 1903.

11. The total gross earnings of the entire road or system for the year ending June 30, 1903, (as indicated on p. 17 of the blanks furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1903, (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above).

13. The gross earnings of each line or branch in and out of the State, ascertained as above, for the year ending June 30, 1903.

14. The net earnings of each particular line or branch, in and out of the State, ascertained as above for the year ending June 30, 1903.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1903, to be ascertained as indicated above.

16. The actual cash value of the entire road system on June 1st, 1903.

17. The actual cash value of each particular line or branch thereof, in the State of Missouri on June 1st, 1903.

It is to be expressly understood that these interrogatories in so far as they are applicable and serve to indicate the character of information desired by the Board, shall be treated as applying to all bridge and telegraph companies."

ST. LOUIS MERCHANTS BRIDGE TERMINAL RAILWAY COMPANY.

1. St. Louis Merchants Bridge Terminal Railway Company.

2. Madison, Illinois & St. Louis Railway Company.
St. Louis Merchants Bridge Company.

3. 13.79 miles.
4. $2,939,500.00 issued.
5. $100.00.
6. No value.
7. None.
8. $3,500,000.00 First Mortgage bonds. First Mortgage Terminal bonds cover entire properties of the Merchants Terminal located in Missouri and Illinois, and as these properties consist of terminals, it is impossible to apportion the bonded indebtedness on a mileage basis.
9. Entire line.
10. 110.
11. $1,041,371.59.
12. Net earnings as ascertained in the manner suggested in question 12 are $453,795.18. This sum, however, does not represent net earnings, it represents the difference between gross earnings and operating expenses as shown on pages 22-23 of form furnished by the Railroad and Warehouse Commission. The fixed charges, that is interest on bonded indebtedness, taxes and rentals, and also the amount expended in betterments and repairs, for the year ended June 30, 1903, approximate $502,212.74; therefore deducting the so-called net earnings from this amount would leave a deficit of $40,417.56. Therefore, for the year ended June 30, 1903, there were no net earnings but a deficit from operation.
13. The properties operated by this Company comprise its own terminals and the Bridge, operated as an entirety; hence it is impossible to apportion the gross earnings as between the different properties.
14. Cannot apportion net earnings, for reason stated in answer to question 13.
15. Cannot be stated, for reason given in answer to question 13.
16. As the result from operation for the year ended June 30, 1903, shows a deficit of $48,417.56 we cannot, of course, compute any value on the basis of net earnings, as in previous years.

17. Estimate of the value of that part of the road or system in the State of Missouri:

Bonded indebtedness of the entire line	$3,500,000.00
From this should be deducted the following amounts, representing collateral securing above bonds and not subject to taxation by the State Board of Equalization in Missouri:	
Value of local property in Missouri and assessed locally	$1,861,000.00
Railroad property in Illinois	500,000.00
City franchise tax	250,000.00
	$2,611,000.00
Value of that part of the road in the State of Missouri subject to taxation by the State Board of Equalization	$ 889,000.00

"Resolved by the State Board of Equalization, That upon the dates mentioned in the resolution adopted by the Board on April 8th, 1904, the companies operating lines of steam, electric or cable railroads, wholly or partially in this State, will be expected to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making returns required by statute for purposes of taxation.

2. The name of all branches, leased lines, lines controlled through ownership of stock or lines operated under other arrangements.

3. The mileage of the entire road or system owned, used, leased, or operated on June 1, 1903.

4. The capital stock of the entire road or system, on June 1, 1903, and, if capitalized separately, the capital stock of each particular line or branch, including the

amount of common and the amount of preferred stock and the terms of the latter.

5. The par value per share of the capital stock.

6. The market value per share of the capital stock, on June 1, 1903.

7. The amount of dividends paid on capital stock during the year 1903.

8. The amount of bonded indebtedness of the entire road or system of June 1, 1903, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri the bonded debt, per mile, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issue of bonds on June 30th, 1903.

11. The total gross earnings of the entire road or system for the year ending June 30, 1903 (as indicated on p. 17 of the blanks furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1903 (deducting from the gross earnings, as shown above, only such items of expenses as are specifically enumerated on pp. 22-23 of the blank form referred to above.

13. The gross earnings of each line or branch in and out of the State, ascertained as above, for the year ending June 30, 1903.

14. The net earnings of each particular line or branch, in and out of the State, ascertained as above for the year ending June 30th, 1903.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1903, to be ascertained as indicated above.

16. The actual cash value of the entire road or system on June 1, 1903.

17. The actual cash value of each particular line or branch thereof, in the State of Missouri on June 1st, 1903.

It is to be expressly understood that these interrogatories in so far as they are applicable and serve to indicate the character of information desired by the Board, shall be treated as applying to all bridge and telegraph companies."

May 5, 1904.

5. The par value per share of the capital stock.

6. The market value per share of the capital stock, on June 1, 1903.

7. The amount of dividends paid on capital stock during the year 1903.

8. The amount of bonded indebtedness of the entire road or system on June 1, 1903, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt, per miles, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issue of bonds on June 30th, 1903.

11. The total gross earnings of the entire road or system for the year ending June 30th, 1903 (as indicated on p. 17 of the blanks furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1903 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above.)

13. The gross earnings of each line or branch in and out of the State, ascertained as above, for the year ending June 30, 1903.

14. The net earnings of each particular line or branch, in and out of the State, ascertained as above for the year ending June 30, 1903.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30th, 1903, to be ascertained as indicated above.

16. The actual cash value of the entire system on June 1, 1903.

17. The actual cash value of each particular line or branch thereof, in the State of Missouri on June 1st, 1903.

It is to be expressly understood that these interrogatories in so far as they are applicable and serve to indicate the character of information desired by the Board, shall be treated as applying to all bridge and telegraph companies."

ST. LOUIS BRIDGE COMPANY.

1. St. Louis Bridge Company.
2. None.
3. 1.22 miles.
4. $5,490,000.00—$2,490,000.00 First Preferred; $3,000,000.00 Second Preferred; $2,500,000.00 Common —No Value.
5. $100.00.
6. No market quotations. No sales so far as known.
7 On First Preferred, $149,400.00; on Second Preferred, $90,000.00; on Common, None.
8. $5,000,000.00.
9. Bridge Structure.
10. 110.
11. Property leased to the Terminal Railroad Association of St. Louis and operated by it.
12. See answer to question 11.
13. No branches.
14. No branches.
15. No branches.
16. The St. Louis Bridge can be reproduced today for the sum of $2,650,000, figuring the present cost of steel and stone in the structure. As the Bridge is leased to the Terminal Railroad Association of St. Louis, and

operated by that Company, on a basis of fixed charges and maintenance, its value can only be estimated on the cost of reproduction, namely, $2,650,000.00.

If, however, the value of the property is to be based on the bonded indebtedness and the value of the Capital Stock, first and second preferred, on which dividends are guaranteed, and the cost of reproduction, the following basis could be applied:

Bonds, $5,000,000 at $110	$	5,500,000
First preferred stock, $2,490,000 at par		2,490,000
Second preferred stock, $3,000,000 at par		3,000,000
Total value of bonded indebtedness and Capital stock		10,990,000
Cost of reproduction		2,650,000
		$13,640,000
An average of which would be that sum divided by two or	$	6,820,000
Therefore on a basis of reconstruction the value of the property is	$2,650,000	
And on the basis of averaging the bonded indebtedness and the Capital Stock and the cost of reproduction is	$6,820,000	
Striking an average between the last two named values would give one-half of $9,470,000 or	$	4,735,000

As question No. 16 asked for the actual cash value of the property on June 1st, 1903, it would be absurd to use any figures except the estimated cost of reproduction, $2,650,000, which is in answer to that question.

17. As is shown in answer to question No. 16, the value of the entire Bridge structure is $2,650,000, therefore the value of that part of the structure in the State of Missouri on a mileage basis is as follows:

Length of Bridge, 1.22 miles.
Length of Bridge in Missouri, .37 miles.
Value of Bridge structure per mile, $2,172,131.

Value of Bridge structure in the State of Missouri, .37 miles, $803,688.47.

Or if 50 per cent of the total value of the Bridge is to be assessed in the State of Missouri, the value of that portion in the State of Missouri is one-half of $2,650,000, or $1,325,000.

Copy of Resolutions Adopted by the State Board of Equalization April 8th, 1904.

"Resolved by the State Board of Equalization, that upon the dates mentioned in the resolution adopted by the Board on April 8, 1904, the companies operating lines of steam, electric or cable railroads, wholly or partially in this State, will be expected to present to the Board in writing, answers to the following interrogatories, viz.:

9. The line or lines upon which each series is a lien.

10. The market value of each series or issues of bonds on June 30, 1903.

11. The total gross earnings of the entire road or system for the year ending June 30, 1903 (as indicated on page 17 of the blanks furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1903 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above.)

13. The gross earnings of each line or branch in and out of the State, ascertained as above, for the year ending June 30, 1903.

14. The net earnings of each particular line or branch, in and out of the state, ascertained as above for the year ending June 30, 1903.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1903, to be ascertained as indicated above.

16. The actual cash value of the entire road or system on June 1st, 1903.

17. The actual cash value of each particular line or branch thereof, in the State of Missouri on June 1st, 1903.

It is to be expressly understood that these interrogatories in so far as they are applicable and serve to indicate the character of information desired by the Board, shall be treated as applying to all bridge and telegraph companies."

ST. LOUIS MERCHANTS BRIDGE COMPANY.

1. St. Louis Merchants Bridge Company.
2. None.
3. 2.05 miles.
4. $1,500,000.00 issued.
5. $100.00.

6. None.
7. None.
8. $2,000,000.00.
9. Bridge Structure.
10. 110.
11. Property leased to Madison, Illinois & St. Louis Railway Company.
12. See answer to question 11.
13. No branches.
14. No branches.
15. No branches.
16. The Merchants Bridge can be reproduced now for the sum of $1,250,000.00 figuring the present cost of steel and stone in structure.

As the Bridge is leased by the Madison, Illinois & St. Louis Railway Company, and operated by the St. Louis Merchants Bridge Terminal Railway Company on a basis of fixed charges and maintenance, its value can only be estimated on a basis of cost of reproduction, namely $1,250,000.00.

If, however, the value of the property is to be based on the bonded indebtedness and cost of reproduction the following basis could be applied:

Bonds, $2,000,000.00 at $110.	$2,200,000.00	
Cost of reproduction	1,250,000.00	
	$3,450,000.00	
The average of which would be that sum divided by two, or		$1,725,000.00
Therefore, on the basis of reconstruction the value is..	1,250,000.00	
And on the basis of averaging the bonded indebtedness and the cost of reproduction is	1,725,000.00	
And striking an average between the last two named values would give one-half of $2,975,000.00, or		1,487,500.00

17. As shown in answer to question No. 16, the value of the entire bridge structure by the various methods of computation would average about, $1,500,000.00.

The value of that part of the structure in the State of Missouri on a mileage basis is as follows:

Length of Bridge .....2.05 miles
Length of Bridge in Missouri ..... .92 miles
Value of Bridge Structure, per mile.....$731,950.00
Value of Bridge structure in Missouri,
.92 miles $673,394.92

Or if 50 per cent of the value of the Bridge is to be assessed in the State of Missouri, the value of that portion in the State of Missouri is one-half of $1,500,000.00, or $750,000.00.
